

Physician 9631

Chapter 9631

I think it was back then that Ren Feifei fell into the dark forest and left his mark on martial arts after going through the millennium.

In the dark forest, Pei Yuhan understood Ren Feifei's marks of martial arts, and also comprehended a lot, even beheaded the blood moon and slaughtered the sky, and cultivated to the point of seven blood moons.

The violent blood moon sword qi came, if it was an ordinary person, it would definitely not be able to resist it.

But Ye Chen is powerful, and he is also proficient in Blood Moon Tutian Zhan, so he can clearly see through the strength of Pei Yuhan's swordsmanship.

After a brief shock, Ye Chen immediately regained his composure, swung his sword and stabbed out, just hitting Pei Yuhan's weak spot, and the seven blood moons in the sky collapsed away.

"Puchi!"

Pei Yuhan suffered backlash, opened her mouth to spurt blood, retreated in embarrassment, and fell off the ring.

Her face was pale, knowing that she had lost, she was in a daze.

The audience was also in an uproar.

Because Pei Yuhan's blood moon swordsmanship just now was very domineering, but Ye Chen easily resolved it, the difference in strength between the two was visible to the naked eye.

From the beginning to the end, Ye Chen didn't use too much force, and easily defeated Pei Yuhan.

Chapter 9632

Because relying on the Sea Emperor's Great Sacrifice to burn the essence of flesh and blood, the essence of flesh and blood that was burned will not grow again, and it will cause irreversible and huge trauma to the body.

But at this moment, in order to fight back against Ye Chen, Huang Yangjun actually resorted to the Great Sacrifice of the Sea Emperor. The essence of flesh and blood was greatly sacrificed, and the whole body was withered, but the laws of the divine way erupted all over his body, like a galaxy falling down, like a god. Chain Descends, and it's pretty spectacular.

"Neptune's Furious Wave Strike!"

Immediately after Huang Yangjun ascended to the gods for a short time, he transformed into a trident halberd from his fantasy, and the halberd rolled the monstrous waves, the tsunami overturned, and it swept towards Ye Chen fiercely.

"Don't give up yet?"

Ye Chen looked indifferent and was not disturbed.

Even if Huang Yangjun was promoted to the first level of the Divine Dao Realm, in his eyes, he was nothing more than an ant-like existence.

"Xuanchen Immortal Scripture, Great Desolate Chen's Finger of Extermination!"

Ye Chen didn't rush, he pointed and killed.

With this pointing out, the sky and the earth suddenly paled, and the universe was in turmoil.

A gigantic finger emerged from the clouds in the high sky, carrying a thousand golden lights. Its power was so powerful that the auspicious clouds burst, the divine light billowed, disturbed the wind and clouds, and rumbled by itself, as if it could crush all dust and worlds.

When they saw Ye Chen use the Dahuangchen Miezhi, everyone in the audience was dumbfounded and gasped.

Because the Great Desolate Chen Finger is the most powerful martial art in the "Xuanchen Immortal Scripture", one must thoroughly comprehend the entire "Xuanchen Immortal Sutra" in order to master the wonderful method of the Great Desolate Chen Miter Finger.

Even in Xuanchen's faction, no one has been able to practice Great Desolate Chen's Miter Finger.

This finger has the supernatural power to destroy the world and subvert the universe, it is very domineering.

No one expected that Ye Chen could do it well.

Break the sky with one finger.

Huge and ancient fingers fell down like a pillar of heaven, making Huang Yangjun out of breath on the spot.

"This... the Great Desolate Chen Finger... This is impossible..."

Huang Yangjun was completely stunned. Under the coercion of Dahuangchen Miezhi, the laws of the divine way around him quickly collapsed, completely unable to stop the power of that finger.

In the depths of the Xuanhai Tiangong, the clouds and mists were surging, the energy was turbulent, and the sea was turbulent. It seemed that the Emperor Taihai, who lived in seclusion in the depths, also noticed Ye Chen's strength, and his mood became turbulent.

puff!

Pressing down with his giant fingers, Ye Chen crushed Huang Yangjun to death on the spot as if crushing an ant. The latter's body turned into meat paste and stuck to the ring.

Although the means of the Taihai school, combined with the laws of heaven and earth in Xuanhai time and space, may be able to revive Huang Yangjun in the future, but Ye Chen's Great Desolate Dust Extinguishing Finger is so powerful that even if Huang Yangjun can be resurrected, he is still a useless person.

The audience was silent.

The power of Ye Chen's Great Desolate Dust Extinguishing Finger directly shocked everyone and made everyone feel terrified.

Everyone felt chills on their backs and numbness in their scalps, as if they were about to be crushed to death by Ye Chen.

With the body of the fourth-level heaven of the immeasurable realm, Ye Chen is already very powerful to defeat the peak immortal emperor, but no one thought that he could also defeat the gods.

The Divine Dao Realm is a real god, and its combat power is much stronger than that of the Boundless Realm, but Ye Chen also kills in one move. The power behind this can only be described in terms of terror.

Ye Chen waited for a while, and seeing that no one had declared him the winner, he said to Zhao Jin:

"Director Zhao, am I the one who won?"

Zhao Jin woke up like a dream, hurriedly said: "Yes, yes, Chen Ye, you are really amazing!"

"I declare that you are the champion of this contest!"

After the words fell, the audience erupted into applause and cheers like a tsunami.

Ye Chen said: "Then, can you give me the order of the Dao?"

What he wants most is the Great Order.

After receiving the Dao Order, he planned to leave immediately and go to Shacheng.

Zhao Jin nodded again and again, and said: "Yes, yes, in addition to the Dao Order, you can also get the empowerment from the Lord Taihai Tiandi himself. I will take you to the Taihai Imperial Palace. You are so powerful, I think the Lord Taihai Tiandi wants to see you too." meet you."

When Ye Chen heard about the empowerment, he could vaguely grasp the dangerous secret, and he was on guard secretly, saying:

"Director Zhao, I don't think the empowerment is necessary. It's better to be down-to-earth in cultivation. I just want the Dao Order to win glory for Xuanchen's faction."

"As for the emperor's qi empowerment that day, I think it's better to reserve it for those in need."

When Zhao Jin heard that Ye Chen was going to refuse the empowerment, she was taken aback for a moment, and said in surprise: "Master Taihai Tiandi empowered himself, you don't even want it?"

Ye Chen said: "I just want the Dao Order."

Zhao Jin hesitated for a while, and said: "The Dao Token is in the hands of the Taihai Emperor. I will take you to the Taihai Imperial Palace, and he will give it to you. As for the empowerment of the emperor's

energy that day, if you don't want it, you can directly contact the Taihai Emperor. My lord, make it clear."

Ye Chen's heart shuddered when he heard that he was going to meet the Emperor Taihai.

In the cemetery of reincarnation, Emperor Xuanchen also caught the danger, and said in a deep voice: "Tomb owner, don't go, it's dangerous!"

Ye Chen nodded, and secretly said to Emperor Xuanchen: "Don't worry, senior, I will be careful."

At that moment, Ye Chen looked at Zhao Jin and said again:

"Director Zhao, Taihai Tiandi has lived in seclusion for many years, and the disciple dare not disturb him. The disciple only hopes to get the Dao Order, and he is satisfied."

Seeing that Ye Chen only wanted the Dao Order, but not the more precious Heavenly Emperor Qi empowerment, everyone in the audience was in a commotion. They didn't know what Ye Chen was planning.

Zhao Jin's face darkened, and said: "I can't be the master of this matter. In short, if you want the Dao Order, you must go with me to see Lord Taihai Tiandi in person."

Chapter 9633

"Before sunset today, you must give me an accurate answer."

"If you don't want to see Lord Taihai Tiandi, then don't want to see Dao Ling!"

Hearing Zhao Jin's stern words, a gloomy look crossed Ye Chen's brows.

The Dao Order is right in front of him, he naturally doesn't want to miss it, but it is too dangerous to go to see the Emperor Taihai.

He thought to himself that Taihai Tiandi probably knew about his reincarnation status, and there might be some conspiracy.

Zhong Xuanyong said in a deep voice: "Chen Ye, let's go back and talk about it."

Ye Chen nodded, seeing that the argument with Zhao Jin was fruitless, he had no choice but to follow Zhong Xuanyong back to the territory of Xuanchen's faction.

Zhong Xuanyong paced back and forth, hesitatingly said: "This matter is probably fraudulent, the Taihai faction may want to play some conspiracy, Lord of Reincarnation, what are your plans?"

Ye Chen pondered for a while, and asked: "Is the teleportation array to Shacheng open now?"

Zhong Xuanyong said: "The contest is over, the teleportation array should be open, the Blood Moon Emperor is waiting for you in Shacheng?"

The Blood Moon Emperor he was talking about was naturally Ren Feifei.

Ye Chen sighed, and said: "Yes, if I really can't get the Dao Order, I don't want to forget this opportunity, I will rush to Shacheng."

Although he was very reluctant, considering the danger behind him, Ye Chen still chose to give up.

Zhong Xuanyong was taken aback, and said: "How can this be done? The Dao Token is the certificate for participating in the competition. If you miss it, it will be easier said than done if you want to get it later?"

After a pause, Zhong Xuanyong pondered and said: "Well...how about I go to Shacheng first and ask the Blood Moon Emperor to come over. If he protects me, I won't be afraid of any conspiracy."

Ye Chen was stunned and said, "Is this okay?"

If there is Ren Feifei to protect him, then he is not afraid of anything, but he is afraid of the leakage of the secret.

Zhong Xuanyong said: "It's okay, I will hide the secret, and the method of the blood moon emperor is much better than mine, he must also have a way to hide the breath."

Hearing this, Ye Chen's heart was moved immediately.

He really didn't want to miss the Great Dao Order, and after thinking for a while, he said, "Okay, Protector Zhong, then please go to Shacheng and explain it to Senior Ren."

"If he is willing to come, it would be great."

"If it's not convenient for him to come, then I don't want any opportunities, and I will rush over to see him immediately."

Zhong Xuanyong said: "Okay."

After the discussion, Ye Chen stayed in the Xuanchen faction and waited. Zhong Xuanyong took the teleportation array to Shacheng and tried to invite Ren Feifei over.

Time passed bit by bit, Ye Chen waited for a noon, and waited for an afternoon, until the sun was going down, and Zhong Xuanyong finally came back.

Beside Zhong Xuanyong, followed a man in black robe. The man was wearing a bamboo hat, dressed like a gangster. The edge of the hat was pulled down deeply, covering his face, making it impossible to see his features clearly.

Ye Chen's heart was beating wildly as he stared at the man in the black robe and hat.

I saw the man gently lifted his hat, revealing a fair and handsome face with sword eyebrows and starry eyes, it was Ren Feihua.

"Senior Ren!"

Ye Chen finally saw Ren Feifei and was overjoyed.

He really couldn't remember how long it had been since he had seen Ren Feifei.

"Hush."

Ren Feifei made a silent gesture, as if he was afraid of leaking his breath.

Ye Chen's heart trembled, and he immediately restrained himself.

Zhong Xuanyong said: "Lord of Reincarnation, when I went to Shacheng, the Bloody Moon Emperor had already left. That day you were injured by the Bone Heavenly Emperor, and he went out to look for you. I finally contacted him through Sakyamuni Buddha. So it took a while."

Ye Chen said: "Is the Buddha also in Shacheng?"

Ren Feifei said: "Yes, but the Buddha is very low-key. No one knows that he is in Shacheng. After all, he is the patriarch of Buddhism and the supreme co-lord of Buddhist monks in the world. If outsiders know that he is in Shacheng, it may cause a shocking sensation. , there will be hundreds of millions of believers flocking to worship."

Ye Chen said: "Then I have to pay a visit to the Buddha."

Sakyamuni Buddha helped the reincarnation camp many times, and Ye Chen was naturally grateful.

Ren Feifei waved his hand and said, "Let's talk about it later, in fact, the Buddha also wants to see you and discuss something with you, but right now, it's more important to get the Taoist Order."

Ye Chen was a little excited, and said: "Senior Ren, then I am going to see the Emperor Taihai directly now?"

Ren Feifei said: "You go, I will protect you secretly, you take out the broken heart bell first."

Ye Chen let out an oh, and then sacrificed the broken heart bell.

This broken heart bell is what he used to communicate with Ren Feifei, but this bell has been set by Kazamameng with the law of cause and effect, so it can't be used yet.

Ren Feifei took the Broken Heart Bell and held it in his hand. Shen Xi broke the law of cause and effect on it, and laid down his own law of cause and effect, and then returned it to Ye Chen, saying:

"Okay, I have laid down a law of karma, as long as you are in danger, this bell will ring, and I will come to help you immediately."

"You can go to see the Emperor Taihai with peace of mind, not only the order of the Great Dao, but even the empowerment of the Emperor Qi, you can still accept it, and I will protect you well."

Ye Chen was overjoyed, and said: "Okay, Senior Ren, with your protection, I will feel at ease."

Now that Ren Feifei is here, Ye Chen is not afraid of any conspiracy by Emperor Taihai.

At this time, the sun was about to set, and the chief executive, Zhao Jin, came outside the palace of the Xuanchen Sect and asked loudly:

"Chen Ye, Lord Taihai Tiandi has summoned you to give you the Dao Order and the Empowerment of Heavenly Emperor Qi. Are you going or not?"

Ye Chen responded loudly: "Of course!"

Chapter 9634

He strode out of the palace and saw Zhao Jin in a daze. He obviously didn't expect Ye Chen to change his mind and agree so simply.

After a pause, he came back to his senses and said with a smile: "Very good, very good, Lord Taihai Tiandi admires you very much, come with me."

Ye Chen nodded, followed Zhao Jin, and left the Xuanchen Sect together.

Zhao Jin took him to the depths of the Xuanhai Tiangong. This is a forbidden area, an indescribable special space, where twisted stripes can be seen everywhere, and endless dark mist billows around, making one's hair stand on end.

Ye Chen followed Zhao Jin and walked forward in the forbidden space. After a while, he saw a large ocean of vitality appearing in the dark space, as blue as the sky.

In the blue ocean, stands a huge and majestic palace, full of auspiciousness and colorful clouds. It is the residence of the Taihai Emperor, the Taihai Imperial Palace.

"Go in, Lord Taihai Tiandi is waiting for you inside."

Zhao Jin said with a smile, pushing Ye Chen forward.

Ye Chen settled down, and strode into the imperial palace.

Inside the palace, there is another special space, with smoke and clouds floating, sea fog surging, not knowing the sky and the earth, all kinds of fantastic scenes are intertwined and passing by, fairy mountains, sacred mountains, seas, dust, birds, stars, sun and moon, forests, etc. , the clouds are at the

foot, the mountains are in the sky, there are palaces within palaces, the landscape is indescribably strange,

Ye Chen knew that in Wuwu time and space, there were all kinds of unconstrained fantasies, so even though the scene in front of him was strange, he didn't think it was strange.

In the endless sea mist, a man like a king, wearing a sea-blue imperial robe, stood with his hands behind his back. He must be the Emperor Taihai.

"Disciple Chen Ye has met the Emperor Taihai."

Ye Chen arched his hands and saluted the Taihai Emperor.

"When you see this emperor, don't you kneel?"

Taihai Tiandi uttered a solemn voice, like thunder and bells and drums, shocking people's souls.

If a person with a weaker Dao heart heard the voice of the Taihai Tiandi, he would probably kneel down on the spot, tremble, and worship and submit.

Ye Chen had a strong Taoist heart, he was not afraid of anything at first, but when he heard the voice of Emperor Taihai, he even felt his heart shake, and he had the urge to kneel down and surrender.

In the cemetery of reincarnation, Emperor Xuanchen shouted in a deep voice: "Quickly use Xuanchen to illusion your mind, it can resist mental shock."

There are three powerful supernatural powers in "Xuanchen Xianjing", and Xuanchen's illusion is one of them.

This supernatural power is a spiritual Taoism. After it is used, it can change one's Taoist heart into a fantasy concept, thereby avoiding all spiritual shocks.

Ye Chen's heart trembled, and he immediately activated Xuanchen's phantom heart, concealing his Dao heart as a fantasy, and instantly escaped the impact of Taihai Tiandi's voice, and came back to his senses.

Xuanchen Heavenly Emperor said: "Actually, your Martial Ancestor's Dao Mind is much stronger than my Xuan Chen's Illusionary Mind, but you have just come to No Time and Space, and you are not yet familiar with the transformation of reality and fantasy, as well as the transformation of the law of cause and effect, so it is very difficult. Block the majestic impact of Emperor Taihai."

The voice of Emperor Taihai just now actually contained the crushing of the law of fantasy and the law of causality, which caught Ye Chen by surprise.

Fortunately, Ye Chen finally blocked it by relying on Xuan Chen's illusion.

After he becomes familiar with the transformation of the law of truth and illusion, as well as the application of the law of cause and effect, he no longer needs to rely on Xuanchen's illusion, and can resist everything by relying on his own Martial Ancestor Dao Heart.

"Huh?"

Realizing that Ye Chen blocked his spiritual majesty, Emperor Taihai Tiandi made a surprised voice, turned around, stared at Ye Chen with a pair of sharp eyes, and looked up and down.

Ye Chen said neither humble nor overbearing: "The disciple is a member of the Xuanchen sect, and he only kneels down to the Xuanchen Emperor."

Emperor Taihai laughed and said: "Okay, very good, Emperor Xuanchen and I are brothers and sisters. Kneeling him is equivalent to kneeling me, there is no difference."

These words were spoken, in the cemetery of reincarnation, Emperor Xuanchen heard it, but sneered with disdain.

It's just that Taihai Tiandi is not qualified to pry into the cause and effect of the cemetery of reincarnation, and he doesn't know that there is a ray of Xuanchen Tiandi's remnant in Ye Chen's body.

"Congratulations, you have won the championship of this martial arts competition. This order belongs to you."

Taihai Tiandi sacrificed a token with a word "Tao" printed on it, surrounded by simple laws, which is the Dao Order issued by Taoist Sect.

When Ye Chen saw Dao Dao Ling, he was overjoyed and said, "Thank you for the reward from the Emperor of Heaven!"

Taihai Tiandi smiled slightly, but he didn't give the Dao Order directly to Ye Chen, but said:

"I will empower you first, and if you absorb my Heavenly Emperor Qi, you may be able to become a god in one step."

Ye Chen looked at the smile of Emperor Taihai, and thought of the murder of Emperor Xuanchen in the past, his heart was terrified, but he thought that he was protected by Ren Feifei behind him, and he was not afraid of everything, so he said:

"Okay, thank you, Lord Heavenly Emperor, for your blessing." He lowered his head.

The emperor of Taihai came down with a smile, holding the Dao Order in his left hand, and stretched out his right hand. The emperor's aura is permeating, the purple light is floating, and the purple aura is coming from the east in the void, like a galaxy falling down, thousands of auspicious auras are surging, dragons and phoenixes are auspicious, and the weather is very spectacular. .

"I will empower you now, I will say one sentence, and you will say one sentence."

"The fairy caresses my head, and the hair is tied for longevity."

Taihai Tiandi sang with a smile.

"The fairy caresses my head, and the hair is tied for longevity."

Ye Chen also recited it, presumably it was some kind of spell, with the mystery of the law of cause and effect, and there might be a conspiracy behind it, but he was not afraid, after all, he was guarded by Ren Feifei.

"The Dao is mixed with nature, and the soul moves and returns to one."

Taihai Tiandi continued to chant, and in his palm, wisps of Tiandi Qi rolled down like a waterfall, and the enlightenment poured into his body through the top of Ye Chen's head.

Under the infusion of Heavenly Emperor Qi from Taihai Tiandi, Ye Chen felt that his meridians were quickly filled with aura, and he felt refreshed and refreshed. intermediate.

"Read it, why don't you read it?"

Seeing that Ye Chen didn't chant the mantra with him, Taihai Tiandi urged him.

"yes."

Ye Chen came back to his senses, and then chanted: "The Dao is mixed with the sky, and the soul moves and returns to one."

As soon as this incantation was uttered, Ye Chen's whole body trembled, as if a strange thing had penetrated into his head.

This weird thing cannot be described in realistic words. It seems to be a memory, a ray of spirit, and a bug. In short, it is very uncomfortable.

Seeing the uncomfortable expression on Ye Chen's face, Taihai Tiandi was overjoyed and continued to read:

"Your body is my body, and my soul is immortal."

Hearing this spell, Ye Chen felt something was wrong no matter how stupid he was.

He didn't follow the chanting, but pushed away the hand of Emperor Taihai, took two steps back, took a deep breath, and said:

"My lord, enough is enough."

Chapter 9635

Just now, the empowerment of the Taihai Tiandi made Ye Chen's cultivation base rapidly improve, and he has reached the peak of the fourth heaven of the immeasurable realm.

The empowerment of the emperor's energy that day was very rich and abundant. If ordinary people accept it, they may be able to ascend to the gods directly, but Ye Chen's reincarnation blood has a strong foundation, and if he wants to ascend to the gods, it is naturally not enough to be satisfied with this little heavenly emperor's energy.

"What are you doing, the ceremony is not over yet!"

Taihai Tiandi was pushed away, his face changed from joy to gloomy, his eyes were full of fierceness, with a hint of murderous intent, which made people's hair stand on end.

The vast and magnificent Heavenly Emperor Qi on his body has also weakened a lot at this time, and his face is pale visible to the naked eye. It is obvious that he has just empowered Ye Chen, and his consumption is also very huge.

"No need, Lord Tiandi, my martial arts background is shallow, and it is already the limit to bear the empowerment of your Heavenly Emperor Qi. If I continue, I'm afraid I will explode and die."

Ye Chen said neither humble nor overbearing, it can be said that this day's imperial energy empowerment can be said to be a great opportunity, which directly allowed him to be promoted so much, and the benefits are huge.

But he knew that if he continued, there might be unforeseen disasters.

He had already guessed that the Emperor Taihai wanted to occupy his sea of consciousness through the way of the emperor's qi empowerment, and parasitize his own soul into his sea of consciousness, which is equivalent to seizing the house.

Even, Ye Chen can see the secret picture of the future. After the Taihai Tiandi occupies his body, he will use his body to participate in the competition and finally win the first place.

Among the tens of thousands of timelines in the future, the probability of this timeline happening is very small, but after all, it may happen, which is very dangerous.

Taihai Tiandi's face was distorted, as if he was about to grow fangs, his expression was horrifying, his voice became extremely sharp and fierce, and he said gloomily:

"Lord of reincarnation, what are you pretending, the soul sending ceremony is not over yet, let's continue!"

After all, Taihai Tiandi's palm was like lightning, and he grabbed Ye Chen's head.

When Ye Chen heard him call out his name, his face changed, and he hurriedly used Xuanchen Piaomiao Body to avoid his grasp, and said: "You really have a conspiracy, do you want to take me away?"

Taihai Tiandi also tore away all the camouflage, hehe sneered and said: "It's not to seize the house, but to parasitize my soul in your head."

"From now on, you are me, and I am you."

"Hey, it's really Lord Hun Tiandi's blessing, you actually came to my Xuanhai time and space, it's a gift from God!"

"The Devil's Eye of Destiny, suppress it for me!"

With a loud shout, an ancient pattern suddenly appeared in one of the pupils of Taihai Tiandi, showing the totem of the Devil's Eye of Death.

He has already converted to the Emperor of Soul, and he has also mastered the magic eyes of the dark souls, and he has at least reached the level of

Chapter 9636

"This... this is, the sound of the broken heart bell, you, you, you..."

Taihai Tiandi stared at the bell that appeared on Ye Chen's waist, his hair stood on end, and his eyes were full of horror.

Following the sound of the broken heart bell, the void of the world also became distorted.

The void was shattered, and ten blood moons emerged. A man in a black robe and a bamboo hat slowly came through the void.

The man moved gently, with sculpture-like palms, and gently took off the hat, revealing a handsome face that did not match his appearance, it was none other than Ren Feihua.

"When the broken heart bell rings, the heart breaks for those who hear it."

"Emperor Taihai, you are a follower of Emperor Soul, you should have heard of this legend, right?"

"Since you can hear the sound of the broken heart bell, why don't you die quickly?"

There was a cruel smile on the corner of Ren Feifei's mouth, and his gentle voice was extraordinarily majestic amidst the ringing of the Heartbreaking Bell.

Seeing Ren Feifei's figure, Taihai Tiandi couldn't keep calm, and screamed: "Ren Feifei, why are you here! When did you come?"

Doing the math: "Ah, Zhong Xuanyong called you here! That traitor!"

Ren Feifei said with a smile: "Actually, I wanted to kill you, but luckily for you, I have more important things to do now, hand over the order of the Dao, and I will spare you."

If Ren Feifei really used the killer, it would be enough to kill the Emperor Taihai.

But Taihai Tiandi, after all, is also a master of Tiandi, and occupies an absolute advantage in the time and space of Xuanhai.

If he killed someone, he would probably waste a lot of energy, and the gain would outweigh the loss.

Now that Ye Chen has received the empowerment of the Heavenly Emperor Qi, his cultivation base has improved a lot, and if he gets the Dao Token, he will be satisfied.

Taihai Tiandi shouted: "If you want my Dao Token, you can dream!"

He tightly grasped the Dao Ling in his palm, but he refused to hand it over.

Ren Feifei's eyes turned cold, and he said, "Whatever I want, I will take it myself, and you don't need to agree."

After the words fell, Ren Feifei suddenly drew his sword and slashed out, creating a bloody sword energy through the void.

Scoff!

The bloody sword qi slashed across, and precisely slashed on the left arm of Emperor Taihai.

"ah!"

Taihai Tiandi screamed, half of his left arm was cut off on the spot, and blood spattered.

The broken left arm turned into ashes in the air, and the Dao Token held in the left hand fell down.

Ren Feifei grabbed the Dao Ling with his palm in the air, showed a smile to Ye Chen, and said, "We have the things, let's go."

So he wanted to take Ye Chen away.

Taihai Tiandi was furious, and shouted: "Ren Feifei, my place, you can come and leave whenever you want, do you really think I don't exist?"

Half of his arm was cut off, the wound was filled with murderous aura, the law of cause and effect was strict, Ren Feifei's attack was extremely heavy, even if he could recover, he would definitely pay a heavy price.

What's more, Ren Feifei snatched the order of Dao Dao again, how could he let it go?

"Soul, soul, return from hell!"

The Emperor Taihai uttered a chant, and the dark soul energy in the void exploded, and a big pale hand came out of the air, grabbing at Ren Feifan.

This big hand was covered with the curse marks of death, and its aura was ferocious and terrifying, with the life fluctuations of Emperor Huntian.

This is a summoning technique that can summon the power of the Soul Emperor from the past time and space.

This hand is the hand of Emperor Hun!

When the palm of the Emperor Huntian was summoned, the sky and the earth were filled with a horrible death aura, that strong death aura was even more domineering than the Demon Eye of Death.

Taihai Tiandi has red hair all over his body, and he is extremely tainted with ominous energy. Obviously, he has paid a very heavy price for summoning the hand of Hun Tiandi.

Only the great figures at the level of the Emperor of Heaven are qualified to summon the power of the Emperor of Soul to descend.

In order to counter-kill Ren Feifei, the Emperor Taihai was obviously desperate.

The power of the palm of the Emperor Huntian is too terrifying, and the violent evil spirit even penetrated the Taihai Imperial Palace and spread to the entire Xuanhai time and space.

In the entire Xuanhai time and space, turbulent waves are everywhere, and the dark energy is surging like a tide. Hundreds of millions of living beings are shocked. They don't know what happened, they only think that the end is coming.

Ren Feifei's face darkened, and he said to Ye Chen: "Lend me the Nine Gods Record!"

Ye Chen snorted, and hurriedly sacrificed the Nine Gods Record and lent it to Ren Feifan.

After defeating Daode Tianzun, he obtained the remaining half volume of Nine Gods Record, which has been restored to its integrity.

This Nine Gods Record is essentially a group of energy bodies, which have been completely gathered at present, like a scroll of heavenly scriptures, covered with nine-color rainbow lights, representing the power of Jiushen Tianzhao, and each rainbow light can burst out The power of the Lord God.

Ye Chen's cultivation base is limited, and he can't exert all the power of the Nine Gods Record, but Ren Feifei is the Ninth Grade Emperor, and he can explode the power of the Nine Gods Record to the extreme.

"Nine gods return to one, Tianzhao is super god, coercing all worlds, breaking!"

Ren Feifei pinched a hand formula, and on the Nine Gods Record, the nine-colored rainbow light condensed together, and the combination of various totem runes faintly manifested a ten thousand zhang-high heaven and earth dharma.

This heaven and earth dharma looks like a sacred Buddha in appearance, exuding an aura that surpasses the aura of the ninth-rank emperor. It is the aura of the aura of the super-rank emperor in the legend.

Chaopin Heavenly Emperor, also known as Super God.

Ren Feifei activated the Nine Gods Record, bursting out with super divine power, and pushed out with a palm.

This palm pushes horizontally, like a heavenly emperor pushing the world's invincible, domineering to the extreme.

bang.

The palm of Emperor Huntian was smashed by Ren Feihua's palm on the spot, and the dark and demonic energy in the sky collapsed.

"Puchi!"

Taihai Tiandi was backlashed, vomited blood on the spot, and the timeline on his body kept going out. He looked at Ren Feifan in shock, and murmured:

"Ren Feifei, you... you are so invincible."

His heart was full of sadness, and he thought that when the power of Summoning the Soul Emperor descended, he could kill Ren Feifan.

But I didn't expect that Ren Feifei was so powerful that he could compete with the power of Emperor Huntian.

Ren Feifei sneered, and did not talk nonsense with Emperor Taihai, but took Ye Chen and left quickly.

Taihai Tiandi watched the two go away, but he was powerless to stop him, and his heart was in agony.

He also thought that the coming of the Lord of Reincarnation to the time and space of Xuanhai was a gift from God, and it was his great fortune.

But unexpectedly, this was actually a catastrophe for him!

If he only wanted to send his soul to seize ordinary people, he might be able to succeed, but those who wanted to seize Ye Chen were undoubtedly wishful thinking.

At this time, Ye Chen was led by Ren Feifan, not only directly out of the Taihai Imperial Palace, but also out of the Xuanhai time and space, and came to the outside world without a master.

Ren Feifan put the Dao Token into Ye Chen's hands, and returned the Nine Gods Record to him, saying: "Let's go to Shacheng first, the Buddha is still waiting."

Ye Chen was stunned, and said: "Senior Ren, shall we go directly?" He still wanted to say hello to Zhong Xuanyong and say goodbye, and then take the teleportation formation.

Chapter 9637

Ren Feifei said: "Yes, I made a move just now, and I have already touched the secret. It is very likely that someone will lock my breath, so I must leave as soon as possible."

In fact, he just had the chance to kill the Emperor Taihai, but he didn't kill them all, because he was afraid that the cause and effect would be too deeply involved and it would be difficult to escape.

Ye Chen nodded, thinking that when he came to Xuanhai Time and Space, a shocking riot was about to usher.

The Emperor Taihai, whom everyone respects, is actually a despicable villain, and he even secretly took refuge in Emperor Hun.

After this battle between Taihai Tiandi and Ren Feifan, the secret of his conspiracy cannot be hidden no matter what.

The believers who revered the Taihai Tiandi in the past will definitely have their faith collapsed.

In the reincarnation cemetery, Xuanchen Tiandi also had a premonition of Taihai Tiandi's fate, he sneered, and said: "Taihai Tiandi is his own fault, it is best for him to die."

"Tomb owner, after you resolve the cause and effect in front of you, please go to the dark abyss to save my real body."

Ye Chen said: "Senior, please don't worry, I remember everything."

Ren Feifei didn't know that in the cemetery of reincarnation, there was a remnant of Emperor Xuanchen.

Emperor Xuanchen didn't talk about the past, obviously he didn't want to involve Ren Feifei, so Ye Chen naturally didn't talk about it.

Ren Feifei tore through the void and said to Ye Chen, "Let's go."

Ye Chen nodded, and together with Ren Feifei, stepped into the void crack.

In fact, with Ren Feifei's means, even if he is separated by hundreds of millions of time and space, he can arrive in an instant, but in order to take care of Ye Chen, he deliberately slowed down the speed of space transmission, fearing that Ye Chen would not be able to bear it.

After a full hour, he took Ye Chen and landed near Shacheng through the air. The speed was much slower than the teleportation array, but it was much, much faster than Ye Chen driving alone, and he didn't have to worry about being attacked by monsters .

Anyone who wants to go to the sand city cannot directly descend into the sand city, but can only be teleported to the nearby area.

Ren Feifei put on the bamboo hat again, covered his face, restrained his breath, and led Ye Chen to Shacheng.

Ye Chen also restrained his breath, walked and chatted with Ren Feifei, and asked:

"By the way, Senior Ren, I want to fuse all the ten reincarnation monuments, but it's too difficult. Do you have a way to fuse them?"

Ye Chen was still thinking about the source body of reincarnation.

The source body of reincarnation is an existence comparable to the blood of reincarnation.

The blood of reincarnation governs the inside, and the source of reincarnation governs the outside. One is the internal blood, and the other is the external extraordinary physique.

Ye Chen wants to awaken the source body of reincarnation and further improve his own strength. His current cultivation base in the fourth-level heaven of the immeasurable realm is really not enough in Wuwu time and space.

"Do you want to merge with the reincarnation monument?"

"Is it for reincarnation source body?"

Ren Feifei calculated with his fingers and vaguely guessed something.

Ye Chen said: "Yes."

Ren Feifei pondered for a while, and said: "The ten reincarnation monuments have different attributes, and the last heavenly monument has much greater energy and power than the previous nine profound monuments. How can it be merged?"

"Hmm... direct fusion, no matter how I look at it, I don't think it's possible."

"Or, you can try using the Shenxuan chain."

Ye Chen was taken aback, and said, "Shenxuan chain?"

Ren Feifei said: "Yes, I once bid for the relic of the Moon God and Heavenly Emperor at the auction site in Shacheng, which is the Ten Mysterious Heavenly Formation that can make people ascend to heaven."

"The original owner of the Ten Profound Heavenly Formation is a descendant of the Moon God and Heavenly Emperor, named Xu Yourong, who is the second-tailed Xu Tianlang, whom you are entrusted to find."

Ye Chen let out an "ah" and said, "So it's her!"

He didn't expect that Xu Yourong was actually a descendant of the Moon God Emperor!

Ren Feifei said: "She said that she was short of money and needed a lot of gold source jade, so she took out the relics left by her ancestors for auction. I talked to her, and she said that after years of investigation, she knew that the treasures of the ancestors, the Moon God and Heavenly Emperor, were , there are countless treasures."

"There is a god among them, called Shenxuan Chain, which can connect all things."

"If you can get the Shenxuan chain, you may be able to connect all the ten reincarnation monuments, and the breath will be connected into a line, which is equivalent to fusion."

"However, I'm not sure whether this method can awaken the source body of reincarnation, but I can only guess that this method may be effective."

"You have a treasure map. If you can restore it, then the treasure of the Moon God and the Heavenly Emperor, and the Shenxuan chain are naturally in your pocket."

Ye Chen used Ren Feifei as a lighthouse, so as long as Ye Chen's experience was not deliberately concealed, Ren Feifei could deduce it. Naturally, he knew what happened to him in the Tiandan world, and he also knew that he had obtained the treasure map.

It's just that the treasure map of the Moon God and Heavenly Emperor is too worn out and covered with mist of secrets. Ye Chen is handing it to Xuelong for research and repair.

If it can be repaired successfully, then naturally the whereabouts of the treasure can be known.

"Shenxuan chain, connecting all things, and this kind of thing..."

As soon as Ye Chen's eyes lit up, he secretly urged the blood dragon to speed up the restoration of the treasure map.

If the Shenxuan chain is really effective, then it would be great.

Once the source body of reincarnation is awakened, Ye Chen is confident that it will be the top extraordinary source body in the heavens and myriad worlds.

Even if the Shenxuan chain is invalid, it is a great fortune for Ye Chen to be able to collect the treasure of the Moon God and Heavenly Emperor.

While chatting, the two soon came to Shacheng.

At the gate of Shacheng, there are Taoist guards who are responsible for maintaining order, but they do not charge any fees. No matter who they are, as long as they respect the rules of Daozong, they can enter Shacheng.

Chapter 9638

Ye Chen and Ren Feifei walked into the sand city together.

I saw that the streets of Shacheng are very bustling, full of people, and everyone has a calm and relaxed smile on their faces, because in Shacheng, there is absolutely no need to worry about your personal safety, and you don't need to worry about any danger.

However, Shacheng is not a place to stay for a long time, because here, one cannot absorb the aura of heaven and earth, and one cannot improve one's cultivation.

The dark background of no time and space is very strong and wears extremely severely. It is necessary to absorb the aura of heaven and earth to practice every day in order to resist the wear and tear of darkness.

If people are not nourished by spiritual energy for a long time, people will be ground into dry bones due to wear and tear.

Therefore, even though Shacheng is a safe zone, it cannot provide long-term refuge for people. Escape here for hundreds of years is considered the limit.

"Where's Wei Ying?"

Ye Chen entered Shacheng, trying to capture Wei Ying's breath, but found it was empty.

Ren Feifei said: "She was picked up by the Emperor's family."

Ye Chen said: "The Emperor's family?"

Ren Feifei said: "Yes, it was the Ice God's family in the past, and the master was Wutiandi, do you remember?"

Ye Chen said: "Of course I remember that the rise of the Heavenly Emperor's family is because they were illuminated by the Heavenly Emperor's destiny star."

Ren Feifei nodded and said: "That's true, that Emperor Wutian has been killed by Emperor Gu, you know that?"

Ye Chen said: "I know."

It was because of killing Wutiandi that Gutian could use Wutiandi's blood to cover up his secrets and avoid Ren Feifei's prying eyes, and finally almost killed Ye Chen with one blow.

Fortunately, Ye Chen was lucky and survived.

Ren Feifei said: "Emperor Gutian is also vicious, and Emperor Wutian is the nominal head teacher of the ancient star gate. Although after the end of the Domsday Era, Emperor Wutian's power has declined greatly and he has lost his ruling power, but after all It's crazy that Emperor Gu Tian dared to kill him because of righteousness."

"Although he hasn't completely eradicated him, and still retains some remnants of Emperor Wutian, to offend him as a minister is already risking the disgrace of the world."

"The Heavenly Emperor's family was furious and terrified. Originally, the Ice God Wu Linghua passed the authority of the Ice God to Wei Ying. They didn't agree with it."

"However, now that Emperor Gu has violated a taboo, they know how fierce Emperor Gu is, so they dare not trust him anymore, and are even willing to accept Wei Ying."

"Now the entire Heavenly Emperor family is willing to elect Wei Ying as the new Ice God, swear allegiance, and the coronation ceremony will be held soon."

Ye Chen's heart moved, and he said, "Wouldn't the Heavenly Emperor's family be included in my reincarnation camp?"

Ren Feifei shook his head and said, "No, they won't join the reincarnation camp. At most, they will cooperate with us and secretly deal with Emperor Gu."

"They also need our strength to deal with Emperor Gu, but that's all, they just use each other."

Ye Chen said happily: "That's enough, many friends, that's a good thing."

He thought that it would be much easier for him to have the Heavenly Emperor family to help him deal with the bone Heavenly Emperor.

Ren Feifei nodded and said, "I'll take you to see the Buddha first."

Ye Chen said: "Okay."

He followed Ren Feifei all the way to the remote area of Shacheng. This is a barren mountain. At the foot of the mountain there is a sign with words written in blood on it:

Those who enter the dark forbidden land will die!

Looking at this line of words, Ye Chen felt his scalp tingle slightly, and said, "Is the Buddha in this place?"

Ren Feifei said: "Yes, he is the supreme ancestor of Buddhism. If he is outside, he will definitely be discovered by Buddhist believers, attracting hundreds of millions of people to worship him, shocking the world."

"So, he lived in seclusion here."

"This is a forbidden place of darkness, which has already been eroded by darkness."

"Although Shacheng is a safe zone, it is also in danger of being eroded by darkness. There are several dark places in the city, all of which are forbidden places. You must not step in. Once you step in, you are in danger of perishing."

"Of course, the Buddha has a high level of cultivation, so he won't be easily hurt."

Ye Chen nodded, expressing his understanding, it turns out that Shacheng is also dangerous.

Shakyamuni Buddha lived in seclusion in a dark forbidden place, outsiders must have never thought of it.

"Let's go in."

Ren Feifei beckoned, and took Ye Chen into the dark forbidden area together.

hum!

On Ren Feifei, the golden wheel of the Emperor of Heaven diffused light, covering him and Ye Chen, providing shelter.

The two walked forward in the barren mountain, halfway up the mountain, and saw a ruined temple, covered with traces of mottled dust.

Ye Chen heard dreamlike murmurs coming out of the ruined temple, like an idiot's gibberish, curious, he strode into the ruined temple to have a look.

I saw a ragged, unkempt old man, shaped like a beggar, sitting next to a collapsed Buddha statue, holding a piece of paper, whispering endlessly, his eyes were extremely cloudy, full of obsession and obsession.

Seeing that the old man's appearance was exactly that of Sakyamuni Buddha, Ye Chen was shocked.

The Buddha, who used to be clean and holy, majestic and dignified, is now like a beggar, covered in sweat and smudges, his hair is messy, even a few teeth have fallen out, and his face has many more wrinkles than before. Every wrinkle is full of bitterness, vicissitudes and helplessness.

Only the piece of paper held by the Buddha is pure and holy, exuding the breath of the vast starry air. It is a page of the Taoist book "The Other Side of the Starry Sky", a page of the Taoist book that Ye Chen once lent to the Buddha.

In the past, the Buddha never intervened in the cause and effect of the world, but only indulged in the pursuit of the other side of the starry sky.

Chapter 9639

He was willing to form an alliance with the reincarnation camp because Ye Chen lent him a page of Starry Sky Dao book.

"Buddha!"

Ye Chen yelled, seeing the Buddha's decadent and foolish appearance, he thought it was because he was addicted to the Taoism of the stars.

"Oh, Lord of Reincarnation, Brother Ren, you are here."

Hearing Ye Chen's call, the Buddha raised his head, a gleam of brilliance appeared in his cloudy eyes, and he smiled, the obsession and ignorance on his face disappeared, revealing a trace of dignity.

Ren Feifei smiled wryly, and said, "Buddha, you have delved into the Taoism of the Starry Sky to the point where your obsession has become a demon."

The Buddha chuckled, waved his hands and said, "It doesn't matter, the devil is the Buddha, the Buddha is the devil, the source of the Dao is interlinked, if I can solve the mystery on the other side of the starry sky, I will become a devil, so what?"

After a pause, the Buddha looked at Ye Chen and said with a little hesitation: "Lord of Reincarnation, I actually want to discuss with you..."

Ye Chen hurriedly said: "Buddha, what do you want to discuss?"

The Buddha said: "Well... At the beginning I asked you to borrow the Starry Sky Dao Book, and said that I would return it to you after you ascended, but up to now, I have not found out the secret of this Dao Book."

"Why don't you just give me the Starry Sky Dao book, I, Sakyamuni, from now on, I will always form an alliance with the reincarnation camp, and regard you as the leader, how about it?"

Ye Chen was shocked in his heart. He never thought that the Buddha would make such a big concession in order to obtain the book of Taoism in the Xingkong, and he was even willing to submit to him forever.

Ye Chen would have readily agreed to such a good condition, but when he saw the Buddha's eyes full of obsession and obsession, he felt very upset, and said:

"Buddha, you are obsessed with the Taoism of the stars and the sky, and you are like a madman. I am afraid that I will harm you."

The Buddha laughed loudly, and said: "No, I admit that I was born with demonic obstacles, but my Buddha heart is supreme. When necessary, I can suppress demonic obstacles and help you wipe out all enemies in the heavens!"

After the words fell, the Buddha straightened his waist, sat up straight, clasped his hands together, and the muddy eyes disappeared, showing thousands of golden lights of Buddhism, the whole body was full of auspicious energy, and the rosy rays were shining, and the withered yellow and scattered hair on his head was all gone. When it fell, meat bumps appeared on the top of the head, which were "meat buns" that symbolized the highest wisdom of Buddhism.

His tattered clothes also turned into brilliant golden Buddhist robes, dragons and tigers entrenched, heavenly phoenixes cry, spirit ape roars, the scene is very spectacular.

In the blink of an eye, the Buddha returned from a decadent old man with the appearance of a beggar to the solemn and solemn appearance of the past, full of Buddha spirit.

Under the reflection of his ten thousand Buddha lights, even this ruined temple seemed to have turned into the highest Buddhist temple, shining brightly.

Ye Chen had to cover his eyes with the palm of his hand, so he couldn't look directly at the glory of the Buddha. It can be seen how majestic and magnificent the Buddha's aura is.

"Senior Ren, what do you think?"

Ye Chen looked at Ren Feifei, wondering if he should agree to the Buddha.

"Your grandfather is still sleeping, and the position of the Outer God Tianzun will soon be taken away by Patriarch Hongjun. Our reincarnation camp is just empty and needs the help of Buddha."

Ren Feifei said, the meaning is obvious, even if the Buddha has obsessions, he still needs to give him the Starry Sky Taoism Book. After all, the current reincarnation camp still needs the help of the Buddha.

Ye Chen's heart trembled, and he had a glimpse of a terrifying future. If he refused to give the book of Taoism to the Starry Sky, the Buddha would probably lose his mind and kill and rob by force regardless of the cost.

The Buddha was obsessed with the other side of the starry sky to the point of being insane.

"Hahaha, Brother Ren, that's it. I'll continue to work for your reincarnation camp, but this Xingkong Daoshu must belong to me completely."

Like a baby in his arms, the Buddha held the book of Taoism on the Starry Sky with great care and watched it with a smile.

Ye Chen and Ren Feifei looked at each other, both felt that the Buddha was too obsessed, and they were afraid of disaster in the future.

But no matter what, the current reincarnation camp cannot do without the Buddha.

This Xingkong Dao book must also be given to him to maintain the covenant between the two parties.

After a pause, the Buddha put away the Starry Sky Dao book, restrained his excited and obsessed expression, and returned to his calm and solemn appearance, and said to Ye Chen: "Are you and Brother Ren going to the Emperor's Heavenly Palace to wake up Elder Ye?"

Ye Chen said: "Exactly."

The Buddha pondered: "Old Ye was seriously injured and fell asleep. To wake him up, I'm afraid it will take a lot of resources and the price will be huge."

"I can give you one thing, which can help you wake up Ye Lao."

Ye Chen said: "Oh? What is it?"

With the help of the Buddha, it would be much easier to wake up Grandpa.

The Buddha said: "That thing is called the Dragon Ancestor's Tears, and it is a divine object from Taoism."

Ye Chen said: "Tears of the Dragon Ancestor?"

The Buddha said: "Yes, Longzu is one of the eight ancestors of Taoism."

"The Eight Patriarchs of Dao Sect are the top eight elders of the Dao Sect. Every elder has the ability to defy the sky."

"But the eight patriarchs of the Dao Sect are just people appointed by the Master of the Dao Sect. Without the gift of the Master of the Dao Sect, they are nothing."

"As for the master behind the Dao Sect, no one knows who it is, only that it is very mysterious. Anyone who wants to spy on the secret of the Dao Sect's master will suffer heinous punishment."

"That Dragon Ancestor just tried to pry into the secrets of the master of the Dao Sect, but he was punished by heaven, and his body, spirit and soul were all torn apart."

"This tear of the Dragon Ancestor is a tear he shed before he died, and that tear casts a figure, which is the figure of the ruler of Dao Sect."

"Before Long Zu died, he must have met the Master of Dao Sect."

"His tears, because of the figure of the ruler of the Taoist sect, contain monstrous energy and aura, which can be called a heaven-defying fetish. It is more than enough to wake up your grandfather, and it may even cure his snake venom. "

Back then, Ye Chen's grandfather, Ye Xieshen, wanted to go to the ancient star gate to rescue Martial Ancestor, but he was attacked by the Snake Heaven Emperor and bitten by a poisonous snake. , Not even qualified to be on the Heavenly Emperor Ranking.

After he was attacked by the Snake Heaven Emperor, the snake venom left behind has not been removed until now.

However, with the Dragon Ancestor's tears, it is possible to get rid of the snake's poison.

"This Dragon Ancestor's Tears is so powerful?"

Ye Chen was secretly shocked. After listening to the description of the Buddha, the tears of the Dragon Ancestor were simply earth-shattering fetishes.

The Buddha said: "Yes, the energy of the tear of the Dragon Ancestor does not come from the Dragon Ancestor, but from the projection of the master of the Dao Sect."

"The Master of Dao Sect is so terrifying. One of his projections has the power to crush the ninth-rank Heavenly Emperor. If the Dragon Ancestor's Tears are given to ordinary Heavenly Emperors and Gods, it is enough to burst people instantly."

"However, your grandfather is protected by the law of reincarnation, so he can bear it naturally."

"After taking the Dragon Ancestor's Tears, he will surely wake up and dissolve the snake venom in his body."

Chapter 9640

Ye Chen was overjoyed, but when he saw that the Buddha spoke in a hypnotic manner, he didn't take out the tears of the Dragon Ancestor for a long time. He felt a little uneasy, and asked, "Buddha, are the tears of the Dragon Ancestor in your hands?"

Hearing Ye Chen's question, the Buddha shook his head and said, "The tears of the Dragon Ancestor have already been taken to make wine by my brother, the Broken Eyebrow Patriarch."

Ye Chen said: "Huh?"

The Buddha smiled wryly, and said: "My brother, Patriarch Duanmei, used to be the head of the Channa Garden Chuangong Academy, but he was addicted to alcohol, violated the drinking commandment, and refused to change after repeated admonitions. I have expelled him from Buddhism."

"But I didn't expect that before he left, he actually stole my treasured Dragon Ancestor's Tears and used them to make wine."

"Such a precious fetish, he actually used it to make wine. He is so addicted to alcohol. It is really hopeless. I have already issued a Buddhist order to arrest and kill him and take back the tears of the Dragon Ancestor."

"Because of his fear, he hid in the sand city and dared not go out."

Ye Chen said: "That is to say, Patriarch Broken Eyebrow is in Shacheng?"

The Buddha nodded and said: "Yes, he has lived in the sand city for countless epochs, and his cultivation level of the emperor of heaven has fallen to the realm of gods due to the wear and tear of time and darkness."

"You go to see him and tell him that as long as he is willing to return the tears of the Dragon Ancestor, I can lift the Buddhist killing order and allow him to be free."

"Longzu's tears and other fetishes, even if he takes them to soak in wine, they will not wear out, they are enough to exert their original effect, and they are enough to heal your grandfather."

Ye Chen was a little speechless. He didn't expect there to be such a person in the world, who was so addicted to alcohol that he dared to steal something from the Buddha to make wine.

Tears of the Ancestor of the Dragon, such a fetish, is really wasteful to use it to make wine.

The Buddha bent his fingers a little, and a golden light shot into Ye Chen's eyebrows.

The specific coordinates of the Broken Eyebrow Patriarch also came into Ye Chen's mind.

The Buddha said again: "You'd better go find him tomorrow, after all, you just met me today, and you have my karmic aura on you, once you get close to my junior brother, he will definitely notice it in advance, and then run away, it will be difficult for you Find him again."

Although Shacheng is not too big, it is definitely not small. If a person wants to hide it and find it, it will not be easy.

Ye Chen said: "Yes!"

At that moment, he and Ren Feifei bid farewell to the Buddha, returned to the urban area of Shacheng, found an inn, and slept in a separate room that night.

During this day, Ye Chen first won the championship in the Xuanhai time and space, won the Taoist Order and the empowerment of the Heavenly Emperor Qi, then defeated the Taihai Heavenly Emperor, and returned to Shacheng to meet the Buddha. All kinds of twists and turns were thrilling, and now he can finally calm down and have a good time rest.

The background of darkness without time and space is too strong, after the twists and turns of the day, Ye Chen also felt extremely tired, and soon fell into a deep sleep.

After sleeping until midnight, Ye Chen suddenly felt a great danger.

Based on the warrior's intuition, even if he is sleeping, as long as there is danger approaching, he will be awakened immediately like a wild animal.

Ye Chen opened his eyes, woke up suddenly, sat up suddenly, and saw a person sitting on the window sill of the room.

It was a man with a knife on his waist. Under the light of the cold moon in Shacheng outside the window, his figure looked extraordinarily stern, like a sculpture of a rock.

"Erwei, it's you!"

When Ye Chen saw that man, he immediately recognized it, it was actually a two-tailed blood-fanged wolf.

"Call me Xu Sirius."

Erwei, no, to be precise, it should be called Xu Tianlang. After correcting Ye Chen's name, he still cares about his name very much.

"Well, Xu Tianlang, what are you doing here? Have you found Xu Yourong?"

Ye Chen asked, he had already completed Xu Tianlang's commission before, and successfully found Xu Yourong for him, in Shacheng.

"I found it, and I'm here to say thank you."

Xu Tianlang said lightly.

"Thank you, you can really scare people to death."

Ye Chen smiled, although he knew that Xu Tianlang had no malice, but he was a tailed beast after all, and the ominous aura in his blood was enough to make Ye Chen feel dangerous.

Xu Tianlang also had a rare smile, and said: "I'm going to leave tomorrow, I'm going to the Heavenly Alchemy Realm."

Hearing the words "Heavenly Pill Realm", Ye Chen's heart tightened suddenly, and he said, "What are you doing in the Heavenly Pill Realm?"

Xu Tianlang said: "Xu Yourong told me that she is actually a descendant of the Moon God Emperor, and she is looking for the treasures of her ancestors."

"She said that the treasure map of the Moon God Emperor's Treasure is in the Heavenly Pill Realm."

"I plan to kill all the people in the Tiandan world, and then help her get back the treasure map."

Ye Chen froze for a moment, speechless.

Xu Tianlang seemed to have caught something, his eyes suddenly turned cold, he stared at Ye Chen, the look in his eyes became as fierce as a wild wolf, and said: "Is the treasure map on you?"

Ye Chen smiled wryly, and said, "Yes, do you want to grab it?"

Xu Tianlang was stunned for a moment, then said silently: "I can't beat Ren Feifan."

He obviously knew that Ren Feifei was in the next room.

Moreover, even if there is no Ren Feifei, this is Shacheng, if you fight here, Ye Chen doesn't have to fight back, and the guards of Daozong will come immediately.

No matter how defiant Xu Tianlang was, he still couldn't compete with the power of Daozong.

Xu Tianlang's expression was very complicated. He just wanted to say goodbye to Ye Chen, and thank you by the way, but he didn't expect that the treasure map he wanted was on Ye Chen.

Ye Chen thought for a while, and said: "Or, you can discuss it with that girl Xu Yourong. In the future, when I go treasure hunting, we can form a companion together. After we get the treasure, we can discuss how to divide it."
