

Physician 9651

Chapter 9651

"Master Yixian has obtained the true biography of Patriarch Mojin, and his feng shui skills are also very powerful. It is more than enough to call him an auspicious day. Please ask Mr. Chen Ye to stay in our chamber of commerce for one night. I will go to invite him right away. Master Yixian, he will arrive tomorrow."

Ye Chen heard that Jin Mancang said so mysteriously, and also wanted to meet that master Yixian, maybe he could catch more clues about Daozong from him, so he nodded and said, "Okay."

That night, Ye Chen stayed in the Misty Chamber of Commerce, refining the two fragments of the Heavenly Demon Castle by the way, his cultivation was nourished, and he was about to break through again.

Liu Yexi handed over the map of the dark abyss to Ye Chen.

Ye Chen looked at the map and calculated his future fate. He really felt that he was in great danger, and he might even make himself fall.

Emperor Xuanchen was right, if he went to the dark abyss, he would probably encounter Zhou Shangjian with four tails.

Also, once he stepped into the dark abyss, he would definitely alarm the Emperor Taihai.

If the Emperor Taihai came, Ye Chen would be in danger.

Even if Siwei and Taihai Tiandi were ignored, just the harsh environment of the dark abyss and the ominous dark evil spirit were enough to corrode a person's body and turn him into a pile of bones.

The next day, Jin Mancang brought Master Yixian, and the two met in the VIP room.

To Ye Chen's surprise, that Master Yixian was sitting on a wooden wheelchair, his face was sallow, lifeless, his eyes were haggard, his hair was messy, he looked like a dying person, and he didn't have the slightest demeanor .

Jin Mancang wanted to say something, but Master Yixian waved his hand and shouted in a deep voice: "You all get out, I will talk to this little friend alone."

"yes."

Jin Mancang was very respectful to that immortal master, and immediately turned around and left with Liu Yexi and a few followers.

In the VIP room, only Ye Chen and Master Yixian were left.

"hey-hey....."

When everyone was gone, Master Yixian stared at Ye Chen, his haggard and turbid eyes shone brightly at this moment, and his voice became sharp and clear, saying:

"Boy, I know you are the Lord of Reincarnation."

When Ye Chen heard this, he immediately became vigilant.

Master Yixian laughed and said: "Don't panic, I have no malicious intentions, and it's not that Misty Merchant will betray you, I figured it out myself."

"Ahem... I had an accident recently and suffered serious internal injuries. Yesterday Jin Mancang came to invite me, and he was taken aback. I insisted on coming."

"You want to go to the Dark Abyss and want to pick a good day. Let me tell you, there will be no good days in the past hundred years. The sun will not come out. There will be no light. The Dark Abyss will always be shrouded in darkness and ominousness. If you dare to go, you will be courting death."

Ye Chen's face darkened, and he said, "Since you know that there will be no good days, why are you here again?"

Master Yixian said: "It's nothing, I just want to make friends with you, hehe, it's a great fortune to be able to make friends with reincarnation."

After a pause, Master Yixian carefully took out a box and opened it: "This is my meeting gift for you."

Ye Chen took a look and saw that what was inside the box was a piece of black crystal, which was actually a fragment of the Omen Castle. He was surprised: "Omen Castle?"

Master Yixian smiled and said, "Yes, I also have a fragment of the Heavenly Demon Castle, and I'm giving it to you now."

"Including my fragment, you will have three pieces. The summoned Heavenly Demon Castle has absolutely strong defense, and it is estimated that it can block the erosion of the evil spirit of the dark abyss."

Ye Chen's eyes lit up, he must go to the dark abyss, with the protection of the Demon Castle, it is indeed much safer.

"This gift is too heavy, I can't accept it casually."

However, Ye Chen also knows that accepting a gift from Master Yixian will inevitably involve great karma, and it is not appropriate to get away.

Master Yixian said: "Take it, it's okay, just treat it as a friend, hehe..."

"In the future, if there is any struggle within the Taoist sect, please ask the Lord of Reincarnation to stand on the side of Patriarch Mojin."

Hearing Master Yixian's words, Ye Chen suddenly realized.

It turned out that he sent out the fragments of the Heavenly Demon Castle in order to win over Ye Chen and win a strong man for Patriarch Mojin.

It seems that there are also many battles within the Dao Sect. Ye Chen also caught clues at this time, guessing that Master Yixian was so seriously injured that it was probably caused by people inside the Dao Sect.

"I have to think about it."

Ye Chen didn't agree easily, after all, he didn't know the details of the Patriarch Mojin.

Master Yixian said: "Hey, it's best to answer me today."

Ye Chen left the VIP room in silence, went back to his room first, shook the Heartbreak Bell, communicated with Ren Feifei, and briefly explained what happened in the Misty Chamber of Commerce.

Ren Feifei heard that the ancestor Hongjun had bought the medicine, that Ye Chen wanted to go to the dark abyss, and that Master Yixian wanted to win him over, and many other twists and turns. After contemplating for a while, he responded:

"Promise him that Patriarch Mojin can make friends, and you may be useful to Patriarch Mojin when you explore the treasures of the Moon God and Heavenly Emperor in the future."

When Ye Chen heard that Ren Feifei was also willing to make friends with Patriarch Mojin, he was determined, so he went back to the VIP room, accepted the gift from Master Yixian, and said, "Master Yixian, we can make friends."

Master Yixian was overjoyed and said: "Okay, very good, my ancestor can make friends with Samsara, he must feel extremely honored!"

After a pause, Master Yixian said solemnly again: "It's just that the dark abyss is still too dangerous, Lord of Reincarnation, even if you have the protection of the Demon Castle, you must be extremely careful. Let's go, don't clash with the Dark Souls."

Ye Chen said: "Thank you Master Yixian for reminding me, I will pay attention."

After the discussion, both of them were overjoyed. Ye Chen actually wanted to heal Master Yixian's injury, but found that the injury was full of distorted laws of cause and effect, and his Taoist alchemy had no effect at all.

It seems that the person who injured Master Yixian must be an extremely powerful master.

Ye Chen got another fragment of the Heavenly Demon Castle and refined it, layers of divine light floated all over his body, his aura soared to the sky, and his cultivation base also successfully broke through, reaching the first level of the fifth-level heaven of the immeasurable realm.

"Very well, my cultivation is getting stronger and stronger."

Ye Chen was overjoyed, so he communicated with Ren Feifei through the broken heart bell, saying that he had established friendship with Master Yixian and Patriarch Mojin.

Next, Ye Chen was going to go to the dark abyss.

Ren Feifei said: "Very well, you go to the dark abyss, be careful yourself, it's not convenient for me to come forward."

"Of course, if you are really in danger of life and death, you can call my name, and I will come to help you."

As a protector, Ren Feifei naturally cared about Ye Chen's life and death.

Chapter 9652

He also had a premonition that Ye Chen would be very dangerous if he went to the dark abyss.

The harsh environment, the dark souls hidden behind, and the possible tailed beast, Taihai Tiandi, are all fatal existences.

However, Ren Feifei also knew that the more dangerous it was, the more he could hone his cultivation.

So, he didn't stop him, he would protect Ye Chen in secret.

As long as Ye Chen is in danger of life and death, there is no need to call his name, the heart-breaking bell will ring automatically, and he will immediately hear the sound and descend, sweeping everything away.

After a pause, Ren Feifei said again: "Of course, even if I protect the way for you, we have too many enemies, and I may not be able to protect them completely."

Ye Chen thought the same, Tuodi Tianzong, Ancient Star Gate, Death God Sect, etc., none of the high gods, god kings, and gods of the emperor are easy to mess with, so he asked: "Senior Ren, what do you have?" Intend?"

Ren Feifei said: "I plan to talk to people from the Ancient Star Sect, Death God Sect, and Tuodi Tianzong, and tell them not to try to kill you."

Ye Chen felt it was unbelievable, and said: "How is this possible, they can't wait to tear my body into pieces."

Ren Feifei smiled meaningfully, and said: "Their high-level forces are all great existences. They dominate in time and space, but they want to bully you, a person who has just ascended. Bullying the weak is too unreasonable. ."

"Hehe, but don't forget, I am also a great existence of the Ninth Rank Heavenly Emperor. If they dare to bully you, I will torture and kill the juniors in their camp. The two sides will continue to kill, and no one can seek benefits."

"So, I want to make an oath with them, agreeing that the high-level leaders of both camps must never bully the weak. If they want to deal with you, they must send out juniors with the same realm."

"This is how the strong fight against the strong, and the juniors fight against the juniors. Only then can there be real order. Otherwise, there will be chaos. They will oppress you as the strong, and I will torture and kill their juniors. Then everyone will only collapse."

Ye Chen's eyes lit up, the strong fight against the strong, and the younger generation fights the younger. This is a good way, which can greatly reduce his pressure.

It has to be said that Ren Feifei's move is indeed brilliant.

If Ye Chen didn't have to face big figures such as Emperor Gu, Supreme Apocalypse, and Ancient God Tuodi, but only had to face the junior figures in their camp, then he would have the confidence to sweep everything.

"Will they agree?"

Ye Chen asked worriedly again.

Ren Feifei said with a smile: "It's up to them not to agree, otherwise the two sides will kill each other, and only the jade and stone will end up dead together. You can rest assured."

"You can go to the dark abyss with peace of mind. You have to be fast. It's best to get everything done before the Taihai Tiandi perceives it."

Ye Chen said: "Yes!"

He knew that if he went to the dark abyss, he would definitely be noticed by the Emperor Taihai.

Because he wanted to save the real body of Emperor Xuanchen, and only he had this idea, he would touch the secret, and was finally discovered by Emperor Taihai.

However, the spread of secrets will take time.

If Ye Chen is fast enough, he can save the Emperor Xuanchen before the arrival of the Emperor Taihai.

At that moment, Ye Chen locked the coordinates of the dark abyss, and quickly broke through the air.

As for Ren Feifei, he was going to join forces with the Buddha to discuss the oath with the Ancient Star Sect, Death God Cult, Tuodi Tianzong and other forces.

Many hostile forces in the reincarnation camp sensed Ren Feihua's thoughts, and they were all shocked.

They did not expect that Ren Feifei would make such a move.

In an instant, people like Gu Tiandi, Tianqi Supreme, Zhou Mushen, Xiong Batian and others felt extremely difficult.

They have always wanted to bully the weak and suppress Ye Chen with their own powerful cultivation.

But unexpectedly, Ren Feihua made this move to establish an oath. From then on, these high-level figures like them can no longer make a move.

If you want to suppress Ye Chen, you can only send juniors to fight.

The real high-level is against the high-level, and the junior is against the junior.

If they refuse to agree, Ren Feifei and Buddha will also take action to torture and kill the juniors in their camp.

The situation suddenly became delicate, with turmoil brewing and undercurrents surging.

...

Three days later, Ye Chen shattered the void and finally came to the dark abyss.

Wu Wu time and space is very large, with Ye Chen's current strength, even if he can shatter the void and rush to a certain place, it often takes a long time.

In the past three days, on the road, he even encountered many dark monsters, some of which could even threaten his life.

Fortunately, he is already in charge of the Omen Castle, relying on the powerful defense of the Omen Castle, ordinary monsters cannot harm him.

The land where the dark abyss is located was once the territory of Emperor Yuan Tian, and it was a vast and prosperous country.

But later, this country was captured by the Soul Heaven Emperor and became the territory of the Dark Soul Clan.

The entire country was reduced to ruins, and in the center of the ruins was a huge entrance to the abyss, like the bloody mouth of an ancient giant beast, which was the entrance to the dark abyss.

Ye Chen walked on the ruins, and soon came to the entrance of the dark abyss.

He looked up at the sky, only to see that the sky was surrounded by layers of haze, with no trace of sunlight, the surrounding wind was billowing, and there were many remnants of evil spirits floating in the air. On the ruined land, there were dense bones and ghost fires Throbbing, ominous, creepy.

In the distance of the land is the outline of a huge forest.

Ye Chen caught the secret, and was stunned for a moment.

That forest is actually a dark forest!

Chapter 9653

It turns out that the dark abyss is not far from the dark forest. At the end of the earth is the legendary dark forest.

In that dark forest, the law of time is very special and can reverse the era.

Ren Feifei once fell into it and went through the millennium.

Also, that woman named Pei Yuhua also spent an era in the dark forest.

Looking at the outline of the dark forest in the distance, Ye Chen felt palpitations and a little creepy.

He reckoned that if he stepped into the dark forest, with the strength of the first-level Wuliangjing fifth-level heaven, he probably wouldn't be able to get out.

In that dark abyss, the ominous aura was very strong, and part of the dark aura actually flowed from the dark forest.

Ye Chen looked at the entrance of the dark abyss, and the hairs on his back stood on end, feeling a strong sense of danger.

This entrance seemed to be the mouth of a giant beast, waiting for him to jump in and die.

"Tianmo Castle, protect the body!"

Ye Chen gritted his teeth and immediately sacrificed the Demon Castle.

I saw a huge phantom of the castle emerging above Ye Chen's head, with demons entrenched on it, full of demonic aura, roaring of strange beasts, and the atmosphere was very ferocious.

Under the guardianship of the Heavenly Demon Castle, Ye Chen seemed to have also transformed into the Lord of the Heavenly Demon. His body was filled with demon energy and he turned into a black robe.

Immediately afterwards, the phantom of the Demon Castle merged with Ye Chen, printed on the black robe, and turned into a castle totem on the robe, which was quite magnificent.

Ye Chen wore this magic robe with a castle pattern on it, and jumped in directly along the entrance of the abyss.

As soon as he jumped into the abyss, Ye Chen felt the air flow in the space surge, the sky was spinning, the sound of ghosts crying and howling wolves kept coming from around, and there were ghosts and ghosts rushing to kill him.

Fortunately, he was protected by the robe of the Demon Castle, so those ghosts could not harm him.

After the airflow subsided, Ye Chen came back to his senses, opened his eyes, and found that he had officially entered the dark abyss.

Although this dark abyss is underground, it has its own space, and there is also the existence of the sky.

Ye Chen knows that there are all kinds of strange laws in the infinite time and space, so he doesn't think it is strange.

It's just that the sky in this abyss is much more hazy than the sky outside. The evil spirit forms dark clouds, and there are rumbling sounds in the clouds. From time to time, dark thunder and lightning are brewing and killing, and sometimes black acid rain will fall.

As soon as the acid rain fell on the ground, it sizzled and exploded into extremely strong corrosion. If Ye Chen hadn't been protected by the demon castle, his whole body would have been eroded into a pile of bones.

Ye Chen raised his eyes and looked around, seeing a gloomy and miasma-filled scene.

In the midst of the miasma, the cries of ghosts continued, and from time to time, strange and distorted monsters crawled out of the dim miasma. Their movements, which were originally slow, became swift and violent as soon as they saw Ye Chen, roaring and rushing towards him. come.

Ye Chen had been prepared for a long time, and sacrificed the reincarnation sword, the divine sword Yu Lei Yue cut open, and pieces of thunder and lightning sword energy wiped out all the monsters that came to kill.

"Be careful, I feel that there seems to be some kind of powerful dark demon clan here, not even weaker than ordinary tailed beasts."

In the cemetery of reincarnation, Emperor Xuanchen said in a deep voice.

"Dark demon race? Not weaker than tailed beasts?"

Ye Chen's heart trembled, it seemed that this dark abyss was much more dangerous than he had imagined.

Emperor Xuanchen said: "Rescue my real body as soon as possible, and then leave immediately, don't stay for long."

"yes!"

Ye Chen responded, took out the map given to him by Misty Merchant, and examined it carefully.

In the dark abyss, there is a dark altar, which is the place where the dark souls living here worship.

The real body of Emperor Xuanchen was sealed on the dark altar.

Near the Dark Altar is the tribal settlement of the Dark Soul Clan, with an unknown number of people.

As for the medicine that Ye Chen wanted, it was just behind the dark tribe, not far away.

Ye Chen thought for a moment, and he had an idea in his mind. He planned to sneak into the altar first, rescue Xuanchen Tiandizhen from behind, and then go to gather medicine and leave.

In the warehouse of the Dark Soul Tribe, there may be a storage of dragon snake orchid medicinal materials. In this case, Ye Chen doesn't even need to collect medicinal materials. He can use the Great Desolation Stealing Heaven Technique to steal some medicinal materials and he will be done.

As long as the Emperor Taihai doesn't bother him, Ye Chen is confident that everything will be done smoothly.

At the moment, Ye Chen restrained his breath, and ran towards the dark altar in the center of the abyss along the direction of the map.

After walking for a while, Ye Chen saw a team of about thirty people resting on the ground in the open space ahead.

They lit a bonfire to dispel the dark miasma, and they were grilling meat and drinking.

Among the teams, the division of labor is very clear, those who rest, those who guard, those who patrol, are well organized.

Ye Chen was stunned for a moment, he didn't expect to see someone in the dark abyss.

What surprised him even more was that in that team, he found a familiar figure.

It turned out to be Han Yan!

The reincarnation of the sword demon!

"Brother Han!"

When Ye Chen saw Han Yan, he couldn't help calling out. He and Han Yan were brothers.

Han Yan was grilling meat in front of the bonfire. Hearing Ye Chen's voice, he was stunned for a moment. He raised his head and saw Ye Chen, but didn't recognize him for a while.

Because, Ye Chen's breath was concealed, and his appearance was slightly changed.

However, the next moment, Han Yan caught Ye Chen's identity and was surprised and surprised, and shouted: "Brother!"

Chapter 9654

He dropped the barbecue in his hand, ran over excitedly, and shook hands with Ye Chen, both of them were overjoyed.

People in that team were very surprised to see the friendly appearance of the two.

"Brother Han, why are you here? Aren't you in the Ten Thousand Fire Realm?"

Ye Chen was secretly surprised, he didn't expect to meet Han Yan in the dark abyss.

He once helped Han Yan out of the siege, helped him get rid of the entanglement of the ancestor Twilight, and asked him to settle in the Ten Thousand Fire Realm.

Han Yan sighed, and said, "Oh, brother, you don't know that after I went to the Ten Thousand Fire Realm, my father sent someone to look for me."

"I don't want to go home. As soon as I go home, my father will force me to practice swords again. He is against the sky, and he has practiced the Wuxiang sword. Now he is known as the emperor of swords. It is unbelievable that he was promoted to the top three in the list of emperors." , flew into the sky all of a sudden, I didn't even dare to think about it."

"However, no matter how good he is, I just don't want to practice swords. I only like swordsmanship."

"I was forced to do nothing by him, so I left the Myriad Fire Realm and went out to wander alone, while honing my sword skills."

Han Yan's father, Emperor Daotian, had just risen recently. Because of practicing the Wuxiang sword in the sword god, he successfully climbed to the top and shocked the ages. The entire time and space was shaken. Everyone really felt that the sword god The domineering and powerful tactics can actually forcibly create a top-level emperor.

However, no matter how powerful the family's sword skills are, Han Yan just doesn't want to learn, he only likes to practice swords.

Ye Chen smiled. He didn't expect that even Emperor Daotian had reached the top, and Han Yan still had no intention of practicing the sword. He is indeed the reincarnation of the sword demon, obsessed with swordsmanship, and has reached the point where he is obsessed with it like a demon.

After a pause, Han Yan pulled Ye Chen to the bonfire and introduced to Ye Chen:

"Brother, let me introduce you. This is a disciple under Bingzu's command, Brother Chen Lie, he is a strong Daoist."

Beside the bonfire, a tall and straight man stood up and bowed his hands to Ye Chen: "I'm Chen Lie, nice to meet you."

Han Yan introduced again: "Brother Chen, this is the big man I told you about, hehe, it's my sworn brother Ye Chen, the current master of reincarnation."

When Ye Chen saw that Han Yan was careless and exposed his identity as soon as he met him, his expression changed immediately.

After Han Yan said something, he knew that he had made a slip of the tongue, and he let out an "uh" and was immediately embarrassed.

After Chen Lie knew Ye Chen's identity, he still had a calm expression just now. He bowed in awe and said, "It turns out that you are the Lord of Reincarnation. The ancestor often mentioned you to me, saying that you are a great and great existence. I'm sorry. sorry!"

After a pause, he looked at his words and saw that Ye Chen didn't seem to want to reveal his identity, so he immediately sacrificed a talisman, burned it in his hand, and said:

"Lord of reincarnation, my talisman can erase the secrets of heaven. Don't worry, your identity will not be revealed."

Ye Chen was a little relieved, nodded and said: "That's good, thank you, just call me Chen Ye."

"Are you... from Daozong?"

Ye Chen looked at Chen Lie, and saw that he and the other warriors in the team had the word "Tao" printed on their clothes, which was the unique emblem of the Taoist sect.

Chen Lie said: "Exactly, I am a disciple of the foreign sect of Dao Sect, practicing under the command of Bing Zu."

Han Yan interjected: "Brother, Bingzu is one of the eight ancestors of Daozong. He is the most proficient in the art of war and formation, and he is very powerful."

Ye Chen knew that the eight patriarchs of the Taoist sect were all great figures, so he bowed his hands to Chen Lie and said, "It turns out that they are the masters under the command of the ancestor of the army. Disrespect, disrespect."

He asked again: "How did you come to the dark abyss?"

Chen Lie said: "It's a sacrifice."

He pointed to a prison van at the rear of the team. The prison van was covered with a black cloth, and he didn't know what was inside.

Ye Chen could vaguely hear the sobbing of a woman in the prison car.

Chen Lie gestured with his eyes, and the left and right guards removed the black cloth from the prison car.

Ye Chen saw a young girl imprisoned in the prison car. She was slender and slender, her skin was a little pale, her facial features were picturesque, pitiful, pure and charming, with a haggard look on her head, and her black hair was like a waterfall, slightly messy. The clothes fell loose and hung down to the waist of Yingying's grasp.

The most noticeable thing is that there are a pair of dragon horns on the girl's head.

"This is... an offering?"

Ye Chen froze for a moment.

Chen Lie said: "Yes, her name is Long Xueyan, she is the granddaughter of Long Zu, when Long Zu rebelled against him, he tried to spy on the true face of the Grand Master, and committed a capital crime. The law should be punished."

"I was ordered by Bingzu to hunt down the descendants of Longzu. It wasn't until this month that I finally hunted down the last orphan of the Longzu family, and that was Long Xueyan."

"Bing Zu said that this Long Xueyan has escaped for many years and refused to subdue the law. Simply killing her can no longer atone for her sins. She needs to be sent to the dark soul clan. First, she will be offered to the soul clan. After being ravaged for a hundred days, she will be sent to the dark altar , tortured and executed slowly, so that she can barely wash away her crimes."

When Ye Chen heard such a cruel and tragic punishment, he was also instantly moved, and looked at Long Xueyan.

The girl was so pitiful, she also looked up at Ye Chen, her eyes were full of pity and pleading, as if she was expecting Ye Chen to save her.

Ye Chen frowned slightly, and said to Chen Lie, "Is this torture too much?"

Chen Lie sighed: "This is the meaning of the old man Bing Zu. Those of us who are disciples don't dare to disobey. We have already discussed with the dark soul clan here, and we will send him there today."

"They will take out some specialty medicinal materials as a reward."

Han Yan said: "Brother, I am the guard invited by Brother Chen, and I accompanied him there. What about you, what are you doing in the Dark Abyss?"

Ye Chen said: "I want to pick some herbs."

Chen Lie frowned, and said: "This is the territory of the Dark Soul Clan. Outsiders gather medicine here. It's almost like looking for death. Lun... Young Master Chen Ye, why don't you just follow us, what kind of medicine do you want? At that time, I will directly talk to the people of the Soul Clan."

Chen Lie is a disciple of Dao Sect, even the Dark Soul Clan would not dare to provoke him, the two sides have dealt fairly.

Chen Lie offered sacrifices, and the Dark Souls paid medicinal materials as a reward.

Ye Chen thought for a while, then said, "That's fine."

At the moment, Ye Chen is also resting in front of the campfire, eating meat, drinking, and recharging his energy.

Han Yan took some barbecue and drinks, handed them to the girl imprisoned in the prison car, and said, "Little girl, eat something and get ready to go."

"Actually, I think you are innocent, but your grandfather has committed too many crimes, and you have been implicated, so there is nothing to say."

Listening to Han Yan's words, the girl Long Xueyan finally couldn't bear it, and cried loudly, making everyone who heard it sad.

Chen Lie turned his head and couldn't bear to take a closer look. He had no choice but to follow orders.

Chapter 9655

After eating and drinking enough, Chen Lie waved his hands and asked the left and right guards to cover the prison car with black cloth again, saying, "Let's go!"

A group of people marched forward to the tribal territory of the Dark Soul Clan.

On the way, he was attacked by dark monsters from time to time. The closer to the territory of the soul clan, the stronger the monsters that emerged.

Ye Chen didn't even need to make a move. Chen Lie commanded his subordinates to form a formation. Although there were only about 30 people, the formation was strict and orderly. No one was killed or injured.

Ye Chen nodded secretly. From Chen Lie's method of arranging troops, he could know that the soldier ancestor behind him must be a powerful existence, and he should be very proficient in formations.

On the side of the Dark Soul Clan, no guards were sent to escort them, as if they wanted to test the strength of Chen Lie and his party.

Finally, the group came to the territory of the Soul Clan. It was a rather primitive and simple tribe. The houses were built with thatch, and there were various vessels made of human bones everywhere in the tribe.

The people living in the tribe wore primitive animal skin clothes, with bird feathers on their heads, and all kinds of strange dark curse marks printed on their skins. Everyone's eyes revealed a sense of primitive brutality and ferocity.

Near the tribal village, there is an empty field, on which stands the statue of Emperor Huntian.

Next to the statue of Emperor Huntian, there is a huge altar made of white bones, and there are torture pillars on the altar.

Ye Chen saw that there were several torture pillars with people tied up. Those people were unkempt and dying. Blood kept flowing from them and poured into the altar.

There was a person among them, although he was unkempt and couldn't see his face clearly, but Ye Chen caught it at a glance, that was the real body of Emperor Xuanchen!

Emperor Xuanchen was tied up on the altar and endured inhuman torture!

"Tomb owner, my real body is on it!"

In the cemetery of reincarnation, Emperor Xuanchen said in an extremely excited voice.

His real body was bound and sealed here, and he had endured too much torture and suffering.

Back then, the Emperor Taihai couldn't kill him completely, so he sent him to the Dark Soul Clan and made him suffer endlessly.

In fact, after so many years of torment, the Dark Soul Clan has completely disintegrated the foundation of Emperor Xuanchen, and can be killed directly.

However, the Dark Soul Clan did not use any killers. They obviously regarded Emperor Xuanchen as a laying hen, absorbing his Heavenly Emperor Qi and blood every day, and using it to worship the Heavenly Emperor Soul for a long time.

Such torture is more tragic than direct killing.

Now the real body of Emperor Xuanchen, it can be said that life is worse than death.

"Don't worry senior, I will definitely rescue your real body."

Ye Chen said secretly, but did not act rashly at this time.

Because the entire Dark Soul Clan is here, if he dares to act recklessly, he will be attacked by crowds, not only cannot save the real body of Emperor Xuanchen, he may also fall into it himself.

Therefore, Ye Chen planned to look for an opportunity before making a move.

Among the dark soul tribes, a burly man who looked like a leader was wearing all kinds of bone artifacts, his eyes were flickering, his eyes seemed to be engraved with death lines, his breath was very fierce, he strode out, laughing loudly, Said to Chen Lie:

"Master Chen, have you brought the sacrifice?"

Chen Lie said, "I brought it."

He asked the guards to tear off the black cloth from the prison cart.

Han Yan said to Ye Chen in a low voice: "This man is called Mo Luoxing, and he is cultivated to the ninth level of the Divine Dao Realm, which is about the same as me."

"But the strength of the people in the Dark Soul Clan can't be seen on the surface. They can summon the power of the Soul Emperor. Once the Soul Emperor comes, it will really crush everything. No one can beat it. It should not be underestimated."

Ye Chen nodded secretly, feeling confident.

With his current strength of the fifth heaven of the immeasurable realm, he can reverse the existence of the fourth and fifth heavens of the divine dao realm. If he uses many cards, it is not impossible to kill the existence of a stronger divine dao realm regardless of the cost.

However, according to what Han Yan said, this Moluo star can summon the power of Emperor Huntian, so it should not be underestimated.

It is precisely because of the protection of the Soul Emperor behind Mo Luoxing, no one dares to provoke this dark abyss, even if the highest combat power is only the ninth level of the Divine Dao Realm.

Chen Lie's cultivation level is almost at this level, and he has his back to the Taoist sect, so he has no fear in the face of Mo Luoxing.

And as the black cloth of the prison car was removed, Long Xueyan's pure and delicate appearance, slender and weak figure, were perfectly displayed in front of all the soul clan men.

When Mo Luoxing saw Long Xueyan, he exclaimed "Ah", his eyes were suddenly blazing like fire, staring straight at Long Xueyan's delicate body.

The men of the entire Dark Soul Clan also cried out in commotion, looking greedily at Long Xueyan's body.

For those races who live in darkness all year round, a delicate woman like Long Xueyan is simply an excellent delicacy.

"This human race practiced this, but it is very tender, and the body must be very moist, hahahaha..."

Mo Luoxing couldn't help laughing out loud, and the men of the entire Soul Clan also made no secret of their desire and laughed wildly.

Long Xueyan curled up in the prison car, shivering.

Mo Luoxing strode forward, reaching in with his furry palms, wanting to pinch her face.

Chen Lie raised his hand to stop him, and said in a deep voice, "Master Chief, why are you so impatient, you promised to give me the medicinal materials of Dao Sect..."

Mo Luoxing chuckled and said, "Sorry, Mr. Chen, I almost forgot, please come inside."

Chapter 9656

Resisting his inner desire, he invited Chen Lie, Ye Chen, and Han Yan to his residence. It was a huge stone house, which was extraordinarily grand compared to the simple thatched houses around.

The three of Ye Chen entered, while the rest of the Taoist disciples stood guard outside.

After the two parties sat down, Mo Luoxing clapped his hands and shouted: "Come on, take out everything!"

Then there were servants from left and right, carrying boxes of medicinal materials in, and in an instant, the whole room was filled with a refreshing medicinal fragrance.

The dark abyss is full of evil spirits all year round, but in the extreme darkness and ominous evil spirit, many special medicinal materials can be bred, which are not available in the outside world.

These medicinal materials were born from the darkness and unknown, yet they come out of the mud without being stained, and their medicinal properties are very good.

Ye Chen saw more than a dozen orchids in the boxes of medicinal materials. Under the scrutiny, he knew that it was the Dragon Snake Orchid he wanted, so he signaled to Chen Lie with his eyes.

Chen Lie nodded, accepted the medicinal materials, and gave all of the Dragon Snake Youlan to Ye Chen.

Ye Chen got the Dragon Snake Youlan, and his heart was relieved secretly, thinking that with these medicinal materials, he could refine the elixir for his grandfather and drive away the remaining poison.

Sitting on a big stone chair, Mo Luoxing laughed while drinking:

"Master Chen, everything is given to you. Is that chick mine?"

Chen Lie said: "Lord Chief, just enjoy it. My ancestor said that the criminal must be tortured and ravaged. She cannot be easily killed. She must be subjected to the cruelest humiliation in the world, so that her sins can be washed away."

Mo Luoxing laughed loudly, and said: "Master Chen, don't worry, no one is better at torturing people than my soul clan. You don't know, there was once a strong man named Xuanchen Tiandi, who was seriously injured. When he was sent to my soul clan, he was also very arrogant, but he was tortured until he lost his temper, and now he is still tied on the altar, and every day before I go to bed, I have to whip him a few times, hahaha..."

boom!

When Ye Chen heard Mo Luoxing's words, he couldn't hold back for a while, and slapped the table hard.

Mo Luoxing frowned, as if he had caught some trace of the secret, and looked at Ye Chen vigilantly.

Chen Lie hurriedly said: "Brother Chen Ye, don't be rude."

He apologized to Mo Luoxing: "My lord chief, I'm sorry, my subordinates don't know the rules, what an offense."

Mo Luoxing smiled, and said: "It's okay, people from the outside world think that our Soul Race is cruel and cruel, that's normal, hehe..."

"However, you are distinguished guests of the Dao Sect, and we, the Soul Clan, dare not offend you."

"If Mr. Chen is doing you a favor tonight, please stay overnight, and I will take care of you."

Chen Lie said: "Then interrupt."

Because in the infinite time and space, the dark background is strong, and the evil spirit is even more severe in this dark abyss, so the necessary order of eating, working and resting needs to be maintained.

Chen Lie wanted to rest for one night, and return to Daozong tomorrow.

That night, Ye Chen, Han Yan, and Chen Lie stayed in the tribe.

Long Xueyan has already been taken away. According to the rules of the Dark Soul Clan, she will be sent to Chief Mo Luoxing's room for his enjoyment at midnight when the evil aura is strongest tonight.

At night, the tribe quieted down, only a slight sob was heard.

Ye Chen was in the room, refining alchemy alone, refining those Dragon Snake Youlan medicinal materials into Dragon Snake Tianyou Pills, and when he heard the sobbing outside, he knew it was Long Xueyan's cry.

This cry made Ye Chen a little upset.

"Want to save someone?"

In the cemetery of reincarnation, Emperor Xuanchen asked with a smile.

Ye Chen was silent, he calculated the future, and saw that the safest way was to take advantage of Mo Luoxing to ravage Long Xueyan, and when his vigilance was relaxed, he would sneak into the altar and rescue the real body of Emperor Xuanchen.

But if he did this, Long Xueyan would be dead, even worse than death.

If Ye Chen was to die, he would feel very sorry.

After all, he was moved with compassion.

"Go save it if you want to save it, don't do things that make your heart regret."

"I believe in your strength. You can flatten everything here, save that dragon girl, and save my real body."

Emperor Xuanchen said.

Ye Chen gritted his teeth, made up his mind, and strode out of the room.

Outside the house, on the road of the tribal village, there are many soul warriors patrolling.

Ye Chen used to have a way to hide his body shape, that is the Mustard Seed Buddhism, which can turn the body into a mustard seed to avoid people's prying eyes.

But here, it is obviously not suitable for use, because the fluctuation of the Dharma will attract the attention of the soul warriors, and it is easier to be discovered.

Ye Chen quietly used the power of the star of the night to integrate his body with the night, and walked against the house wall without being noticed by the patrols.

Soon, Ye Chen came to the room where Long Xueyan was imprisoned.

Unexpectedly, Ye Chen saw the leader of the tribe, the chief Mo Luoxing, also came.

The so-called auspicious time of the Dark Souls has not yet arrived, he obviously couldn't hold back his desire, and planned to come directly to occupy Long Xueyan.

"The Chief..."

The two guards guarding the door wanted to persuade, but Mo Luoxing said impatiently: "Get out of the way!"

The two guards didn't dare to object, so they stepped aside.

Mo Luoxing strode into the room.

With a stride, Ye Chen, under the cover of the night star, hid in the shadow of Mo Luo star, and sneaked into the house together.

His night life star can be integrated with the darkness and used for sneaking and ambush, which is really perfect.

As long as he didn't take the initiative to reveal his murderous aura, Mo Luoxing would not have noticed him at all, let alone know that there was a person hidden in his shadow.

As soon as Ye Chen entered the room, he saw Long Xueyan curled up in the corner of the room with a pitiful and haggard face.

Mo Luoxing laughed, and there was no nonsense, so he tore off the clothes on his upper body, strode over, and said: "I heard that you are the granddaughter of the Dragon Ancestor, and you must have the blood of a super dragon. I don't know if you enjoy it, it will be What does it feel like, hahaha..."

The super dragon bloodline is one of the many powerful and heaven-defying bloodlines that have no time and space. People with such bloodlines may even have the opportunity to become super-grade emperors. The background is very profound.

Back then, the Dragon Ancestor was favored by the Dao Sect because he had the blood of a super dragon. He was invited to be the core senior elder and became one of the eight ancestors of the Dao Sect.

Mo Luoxing thought to himself, Long Xueyan is the granddaughter of Long Zu, and she must also have the blood of Chaolong. If she can be absorbed by him, it will be a great fortune.

Seeing Mo Luoxing approaching step by step, Long Xueyan's eyes were full of despair, and all thoughts were lost.

Mo Luoxing stretched out his big furry hand and grabbed Long Xueyan's body.

His eyes are full of endless desire, as if he has taken charge of everything now.

Chapter 9657

However, before his palm touched Long Xueyan's body, a sharp sword energy suddenly burst out, and with a sneer, a deep line of blood was drawn on his hand, bones were visible in the wound, and his hands were almost chopped off.

"Ahhh!"

Mo Luoxing was in severe pain and cried out.

The next moment, a strange scene appeared, he actually saw his own shadow, twisted violently, and then separated a figure.

That was Ye Chen.

However, Ye Chen was so fast that Mo Luoxing couldn't even see his face clearly.

As soon as Ye Chen appeared, he flew over immediately, hugged Long Xueyan, smashed the wall of the house with his palm, and flew away.

He didn't stay for long, because he knew that Mo Luoxing was a strong man in the ninth heaven of the Divine Dao Realm after all, and if he waited for him to react, a fierce battle would be inevitable.

He only wants to save people, and has no side effects.

"Who, who is it!"

Mo Luoxing was furious and horrified, he never expected that a person would suddenly rush out of his shadow.

The huge changes here have alarmed the warriors of the entire tribe. The dark soul tribe has no sayings about the old, the weak, women and children. A unique spell.

Chen Lie, Han Yan and the others also woke up from their sleep. They also led people out with weapons. They didn't know what happened, and they didn't expect Ye Chen to be so bold as to rescue Long Xueyan.

Ye Chen hugged Long Xueyan and fled out. Sensing the commotion around him, his heart sank.

If his Qinglian avatar is still there, maybe he can use the Qinglian avatar to relieve some of the pressure.

It's a pity that Qinglian's avatar has been destroyed and has not been recast yet. Facing the many soul warriors around him, Ye Chen suddenly felt tremendous pressure.

"Here, kill him!"

A martial artist from the soul race found Ye Chen and started drinking violently.

In an instant, the soul warriors of the entire tribe locked onto Ye Chen's aura and besieged and killed him brazenly.

Long Xueyan was held in Ye Chen's arms, flustered and didn't know what to do.

"Hei Ye Fate Star, open!"

Ye Chen remained calm in the face of danger, and he had already prepared a countermeasure in his heart, so he immediately activated the Black Night Star.

hum!

A pitch-black star, blooming with a flourishing magic light, filled with reincarnated golden light, rose from Ye Chen's head, soaring into the sky and hanging in the dark and abyssal sky.

As soon as the star of the night came out, the originally dark and dark abyss was completely shrouded in the extreme darkness.

In the extreme darkness, even the five senses of people become dull.

Those soul warriors just locked onto Ye Chen's breath, but lost their target in an instant.

In the darkness, they couldn't even see each other. Even if they lit the torches and activated the magic weapon, the light of those torches and the magic weapon were all suppressed by the overwhelming darkness. There was no light around, only the light in the sky. The star of the dark night can shine.

Behind the black night star, there is a faint star map, which is the star map of the seven stars of reincarnation.

Seeing the star of fate in the night and the star map of the seven stars of reincarnation, the entire dark soul clan was shocked.

Mo Luoxing shouted: "The lord of reincarnation, it's you! Where are you, get out!"

In the darkness, he couldn't catch Ye Chen's breath at all, and his heart was full of anger and horror. He never expected that the legendary Lord of Reincarnation had entered this dark abyss.

Han Yan and Chen Lie were both shocked, and only then did they realize that it was Ye Chen who made the move.

"Brother, you are crazy, offending the Dark Souls, it's not easy to get away..."

Han Yan murmured in a low voice, worried about Ye Chen, subconsciously pulled out his sword again.

Now that Ye Chen has already made a move, as a brother, he will naturally not sit idly by.

But in the darkness, he couldn't see where Ye Chen was.

Ye Chen was still holding Long Xueyan, this was his own darkness, he was naturally not affected by anything, he could clearly perceive everything, and he could also feel the strong heartbeat and gentle body temperature of the girl in his arms.

"Hey, are you okay?"

Ye Chen asked a question.

Long Xueyan woke up like a dream, wept with joy, and said: "I...I'm fine."

"Lord of Reincarnation, thank you for saving me. I... my grandfather once said that the Lord of Reincarnation values love and righteousness, and is worthy of entrustment. Sure enough... sure enough..."

In the end, her voice was like a dream, and her heart was like a dream, she couldn't believe that she was really out of trouble.

Ye Chen said "hmm" and said, "I'll take you away first, do you have cultivation?"

He saw Long Xueyan's aura, ups and downs, ups and downs, very strange, it seems to be very strong, but also seems to be very weak, it is difficult to judge.

This kind of person, in the infinite time and space, I am afraid it will be difficult to survive.

Long Xueyan said: "It should be... Yes, I have the blood of Chaolong, but... it is very unstable, because I have been running for my life since I was a child, and I have been avoiding the pursuit of Daozong, and I have no time to practice. "

Ye Chen understood, and said, "So that's how it is..."

He immediately took Long Xueyan, quickly left the tribal village and went outside.

"You keep walking in this direction. After you get out, well, you go to Qingyun Chamber of Commerce, report my name, and beg them to take you in. My name is Ye Chen."

Ye Chen took Long Xueyan's hand, poured a wisp of samsara energy into it, so that she could see things under the shroud of the night star, and then pointed her in a direction, which was the exit of the dark abyss.

Chapter 9658

Ye Chen couldn't keep her by his side all the time, because it was too dangerous here.

Even, Ye Chen felt that the Emperor Taihai should be coming soon, and he had to make a quick decision to save the real body of Emperor Xuanchen.

As for Long Xueyan after she leaves, he plans to settle her in the Qingyun Chamber of Commerce, which is the Chamber of Commerce under the command of Thunder God Tianzun Yin Suzhen. It is related to Ye Chen, but not too close. Many causes and effects.

Long Xueyan hesitated, she obviously didn't want to leave Ye Chen, and said timidly, "Do you want me to go alone?"

Ye Chen said: "Yes, I still have something to do here. My Dark Star can't last long. You have to leave immediately, otherwise you won't be able to get out."

He could feel that his aura was being consumed rapidly, and it was not an easy task to maintain the life star of the night.

Long Xueyan said: "Well! Then... I'm leaving, thank you, Lord of Reincarnation, I really don't know how to repay you."

Ye Chen smiled and said: "It's okay, I saved you, I didn't want anything in return, I just felt compassion for a moment, you go away."

Long Xueyan bit her red lips with her teeth, and said: "No, you saved me, I will definitely repay you, um... I have a magic weapon here, it is the only relic left by my grandfather, I will give it to you, Lord of Reincarnation."

After finishing speaking, Long Xueyan waved her hand and sacrificed a magic weapon. It was the size of a palm and looked like a pool. In the middle of the sky, there are vaguely floating the great scene of thousands of gods.

"This is....."

Ye Chen was surprised for a while, he could feel the magic weapon on the outside of the pool, the aura was so strong that it was about to break through the cover of his dark night star and spread the light to the outside world.

Long Xueyan said: "This is the Immortal Pond, one of the Ten Immortal Ponds, which can create gods."

Ye Chen said: "Building a pool of immortals? I seem to have heard of it..."

Long Xueyan said: "Well, Lord of Reincarnation, you have the treasure map of the Moon God and Heavenly Emperor on your body? In fact, the Moon God and Heavenly Emperor rose from the Immortal Pond."

She held the Immortal Pond in her hand, and through karma, she was able to catch clues to the treasure map of the Moon God and Heavenly Emperor on Ye Chen.

Ye Chen also caught the secret, and glimpsed the ancient picture from the Immortal Pond.

Back then, the Moon God Heavenly Emperor was a Forbidden God ascending, and it was very difficult to break through in his cultivation, and in the end he was still unable to step into the realm of the Heavenly Emperor Lord God.

She borrowed the Immortal Constructing Pond to destroy her soldiers first, let her own bones fall into the Immortal Constructing Pond, and then rose against the sky, broke out from the Immortal Pond, and finally broke through the restrictions and became the Lord God of the Heavenly Emperor.

This fairy pool can create gods, raise gods, and has various wonderful functions.

But Ye Chen felt carefully, and found that the aura of the Immortal Pool seemed to be defective, so he said, "Is this Immortal Pool defective?"

Long Xueyan said: "Yes, the Immortal Pond in my hand has only half the energy, and there is still half of the Immortal Pond, which was knocked down by the Great Master back then."

"My grandfather wanted to spy on the true face of the Great Master, and then use the Immortal Pool to imitate the Great Master..."

Ye Chen was terrified, and said: "Wait, what are you talking about, imitating... the Great Master?"

Long Xueyan said: "Yes, this is my grandpa's fantasy. He wanted to create a god and create another great master. This idea may be too crazy. When the great master found out, he was killed immediately.

It was also knocked down, and only half of the ones that passed to me are left, and the other half is missing."

Ye Chen was dumbfounded, and said: "It's not just crazy, it's just..."

He didn't know what to say, but he never expected that the Longzu back then had such terrifying ambitions, and wanted to create another great master. Is this really possible?

It can only be said that Wuwu Time and Space is indeed a crazy world, full of all kinds of unconstrained and amazing fantasies, many powerful people, and various ambitions, which can be said to break through the sky.

Long Xueyan said: "This Immortal Pool was tempered by my grandfather with the law fragments of the original world. The energy is much stronger than that of ordinary fairy pools. I can't control it. I will give it to you, Lord of Reincarnation. You Take it well."

She handed over the Immortal Pond to Ye Chen.

"The original world?"

Ye Chen's heart skipped a beat.

Long Xueyan said: "Yes, have you heard of the Chuangshi Qinglian? The original world is the world created by the Chuangshi Qinglian by propping up the chaos. Before Wuwu Time and Space was born, the original world was already exist, that is the heavens

Chapter 9659

Ye Chen got the Immortal Pond, and his thoughts moved slightly, and he was refined immediately. A stream of water vapor surrounded him, and he seemed to have received endless blessings. step level.

Then, Ye Chen dripped out a drop of samsara blood, mixed with the law of fantasy, and dropped it into the Immortal Pond.

"This is the moment of birth!"

"Qinglian clone, come out!"

Ye Chen chanted softly, and at the same time operated the Qinglian casting holy method, and saw a figure slowly born from the fairy pool.

That person, whose appearance is exactly the same as Ye Chen, only closed his eyes, like a puppet, without the existence of thoughts and spiritual consciousness, the blue light gushes out, and the aura floats. It is Qinglian's avatar.

"Very good, my Qinglian avatar has finally been recast."

Ye Chen was very pleasantly surprised, this immortal pool is really useful, and it can also help him cast Qinglian avatar.

This Qinglian avatar has a lot of aura, and it is estimated that it can have 70% of the power of Ye Chen's body, which is very powerful.

As a price, Ye Chen consumed a lot of samsara essence and blood, and his body was a little weak.

The aura of the Immortal Pond was quickly dimmed, and the energy was greatly consumed.

Such heaven and earth artifacts can recover automatically after the energy aura is consumed, but it takes time.

Now Ye Chen has consumed the energy of the Immortal Pond, if he wants to recover, he will probably have to wait for a while.

But Ye Chen is already very satisfied with being able to recast Qinglian's avatar, and he has more means to use in future battles.

Gathering his mind, Ye Chen put away the Qinglian avatar and quietly rushed to the dark altar next to the tribe.

At this time in the sky, the star of the night is still shining, surrounded by the darkness of the extreme night, the people of the dark soul clan can't see anything, and their senses have become extremely dull.

However, when Ye Chen rushed to the dark altar, he still saw strong soul clans guarding them closely.

Those strong soul clansmen also had extremely keen minds, knowing that Ye Chen might want to take advantage of the darkness to fish in troubled waters, so they prepared defenses in advance.

At the same time, a few strong soul clansmen had already walked up to the punishment post on the altar, holding their knives on the victim's neck. As long as there was any change, they would immediately raise their knives and kill the victim. No future troubles.

Ye Chen's heart tightened suddenly, and the real body of Emperor Xuanchen was also tied to a punishment post by iron chains. If there was a slight discrepancy, he would be killed.

With Ye Chen's current strength, it is not difficult to crush and kill the strong soul clan present, but he is afraid that he will startle the snake and implicate Emperor Xuanchen.

"Throne of Thorns, surrounded by thorns, go!"

Ye Chen calmed down, and quietly mobilized the power of the Throne of Thorns. The thorns stretched out from Ye Chen's feet like poisonous snakes, and gradually approached the many powerful soul clans in front of him.

Under the cover of the star of the night, those strong souls did not notice the changes around them.

"kill!"

Ye Chen's gaze was sharp suddenly, and with a clenched palm, thorns exploded instantly, wrapping around the bodies of many strong soul clansmen, and then tightened at the same time, like a boa constrictor strangling its prey.

"Ahhh!"

A series of shrill and tragic cries sounded in the dark night, and all the strong soul clans on the altar were all strangled to death by the thorns at the same time.

Ye Chen sweated secretly, killing everyone at the same time, this is a very high test for his supernatural power control, fortunately he did it.

However, just when Ye Chen wanted to save the real body of Emperor Xuanchen, the huge changes here also alarmed Mo Luoxing, the leader of the tribe.

"Boy, I found you!"

Taking advantage of the killing wave just now, Mo Luoxing immediately locked Ye Chen's breath in the darkness.

He was extremely furious, and he had already felt Ye Chen's intention, which was to save the real body of Emperor Xuanchen.

"You boy, you are so brave, you dare to act wildly in my territory!"

Mo Luoxing's body came violently, punched in the air, and blasted towards Ye Chen fiercely.

This punch was actually filled with violent fluctuations of monster energy.

The fluctuating monster energy made Ye Chen feel a little familiar.

It is very similar to Xuan Yao's evil spirit!

"What's going on, Xuan Yao's breath?"

Ye Chen was taken aback, unable to understand the joints behind his back.

Mo Luoxing's shocking demonic punch has already killed him.

Ye Chen had just strangled many soul clan powerhouses, and his aura hadn't eased yet. Facing Mo Luoxing's punch, he immediately fell into danger.

"Tomb owner, use my strength!"

In the cemetery of reincarnation, Emperor Xuanchen saw that the situation was not good, let out a loud shout, and immediately poured the energy of his own soul into Ye Chen's body frantically.

boom!

In an instant, Ye Chen's aura soared, even facing Mo Luoxing, who was in the ninth heaven of the Divine Dao Realm, he still had the power to fight.

"Heavenly Martyr Fist!"

In a crisis, Ye Chen's reaction was also extremely fast, and when he came back to his senses, he also punched out with one punch, as if destroying the world, with extraordinary domineering aura.

boom!

When the fists collided, Ye Chen's body remained motionless, while Mo Luoxing's body was shaken back more than ten steps, looking very embarrassed.

"Huh, is it the breath of Emperor Xuanchen?"

"You boy, so you are the descendant of Emperor Xuanchen?"

Mo Luoxing's face sank, and from Ye Chen's punch, he felt the powerful aura of Emperor Xuanchen in the past, and he was extremely afraid.

"You want to save the real body of Emperor Xuanchen? Hehe, I'm afraid you won't be able to do what you want."

Mo Luoxing smiled sinisterly again, and suddenly sacrificed a bone vessel with intertwined runes and gushing monster aura. It also had an aura similar to that of a mysterious monster, and it was struck away from the air.

The bone vessel was shaped like a bowl, but instead of hitting Ye Chen, it directly attacked the real body of Emperor Xuanchen.

Knowing Ye Chen's strength, Mo Luoxing wanted to kill the real body of Emperor Xuanchen first, destroying Ye Chen's Taoist heart, and then counterattack.

"not good!"

Ye Chen's face darkened, and in the midst of a crisis, he didn't have time to think about it, so he stepped forward and used his body to resist the bone tools of Mo Luoxing.

boom!

The bone tool hit Ye Chen hard, but to Ye Chen's surprise, he didn't feel much pain. The blood of the mysterious demon in his body helped him absorb most of the impact.

"Hey! You have the aura of a mysterious monster on your body!"

When Mo Luoxing saw this scene, he was shocked and looked at Ye Chen in disbelief.

"The dusk of the gods, wiped out by me!"

Ye Chen took advantage of Mo Luoxing's loss of consciousness, and immediately cast the twilight of the gods, a twilight glow, under the cover of the night star, silently enveloped Mo Luoxing's body.

At this time, Ye Chen had the help of Emperor Xuanchen, and his aura was very deep. The twilight of the gods displayed by Ye Chen was terrifying in power, enough to easily wipe out the existence of the divine way.

Even if Mo Luoxing is a strong player in the late stage of the Divine Dao Realm, it is difficult to fight against.

"ah!"

The twilight breath eroded, and Mo Luoxing screamed suddenly, his body was rapidly aging and decaying, his face was wrinkled, his teeth fell out, his appearance was haggard, and he was about to perish and die on the spot.

Chapter 9660

"Hehe, Moluoxing, why are you in such a mess?"

At this moment, a loud and huge voice came down from the void of the nine heavens.

I saw a divine light as blue as the sea, which actually tore through the night, causing Ye Chen's night stars to fall down in an instant.

A powerful, vast, and domineering figure appeared above the sky.

It is the Emperor Taihai who is in charge of Xuanhai Time and Space!

The appearance of the Taihai Tiandi, the powerful Tiandiqi, and his majesty over the universe, caused the star of the night to fall. Ye Chen was hit by a huge impact, and with a puff, he vomited blood on the spot, and his face was pale.

As the night star fell, the entire dark abyss was filled with the light of the Emperor Taihai, which was as blue as the sea and as vast as the sky.

Under the reflection of this great brilliance, the figure of Emperor Taihai appeared extremely fierce.

Moreover, his figure is not the main body, but a clone.

His body cannot easily leave the time and space of Xuanhai.

However, this avatar has a very strong flesh and blood aura. It is obviously created by Taihai Tiandi with life essence and blood.

Although it is a clone, but still surrounded by the aura of the Emperor of Heaven, the ray of light is overwhelming, which makes Ye Chen feel great pressure.

His twilight magic of the gods was also interrupted, and Mo Luoxing escaped from decay, his face turned pale, his eyes were slightly clouded, and he looked at Taihai Tiandi, saying:

"Emperor Taihai, why did you take so long to come?"

Taihai Tiandi chuckled and said, "The master of reincarnation is mere immeasurable realm, can't you deal with it?"

Mo Luoxing said: "It's a joke, what kind of person is the Lord of Reincarnation, if he was so easy to deal with, he would have died in the Pure Land world long ago."

Taihai Tiandi said: "Hehe, it seems that I still have to take action."

"Illusory sea enchantment, block it for me!"

As soon as the words fell, the Taihai Tiandi formed seals with his hands, and layers of blue light bloomed, turning into monstrous waves, covering the sky.

In an instant, the sky was covered by a layer of phantom sea clouds and mist, and the whole sky seemed to be an ocean, reflecting the phantom shadows of fairy mountains and islands. All traces of heavenly secrets and karmic weather in the dark abyss were isolated and completely blocked by this phantom sea.

Obviously, the Heavenly Emperor Taihai was afraid that the secret would leak and Ren Feifei would come, so he set up a ban in advance to cut off Ye Chen's escape.

After the blockade was laid, the Taihai Heavenly Emperor looked down at Ye Chen with an extremely cold aura, and said, "It turns out that the old thing Xuanchen Tiandi, his remnant soul, is in your body? Haha, very good, today I Just crush you, kid, and that old thing together, and give them all to die!"

Scoff!

With a pull of the Taihai Tiandi's palm, thousands of waves merged and turned into a blue mad knife, slashing down in the air.

This knife is Guihai's knife, as if gathering the aura of tens of thousands of seas, it is extremely domineering.

With Ye Chen's strength in the fifth heaven of the immeasurable realm, it is difficult to resist.

In a crisis, he borrowed the power of Emperor Xuanchen to activate the Heavenly Demon Castle.

hum!

The magic robe on Ye Chen's body erupted with bright magic light, and the totem of the ancient demon castle on it shone, and a huge and forbidding castle was transformed around him. With a bang, it forcibly blocked Taihai Tiandi's return to the sea.

"Huh?"

Seeing this, Emperor Taihai was also taken aback, staring fixedly at Ye Chen's robe.

"Heavenly Demon Castle? You actually have such a fetish. It belongs to Lord Huntiandi, and you are not worthy to be in charge."

"Law of Karma, bring it to me!"

Taihai Tiandi yelled, he had already converted to Hun Tiandi, and seeing Ye Chen occupying Hun Tiandi's Heavenly Demon Castle, he was surprised, but also jealous and angry, and immediately made a big move, sending out a law of cause and effect, wanting to force Capture Ye Chen's Heavenly Demon Castle for life and death.

"Xuan Chen's ethereal body!"

Ye Chen was not in a hurry, and borrowed the power of Xuanchen Tiandi to display the Xuanchen Piaomiao Body, which is the supreme supernatural power in "Xuanchen Immortal Scripture". It can even avoid the suppression of the law of causality.

In an instant, Ye Chen's body became illusory, directly avoiding the law of cause and effect of Emperor Taihai.

"Tianmo Castle, suppress it for me!"

In the next moment, Ye Chen flew up and smashed his palm, and the huge and majestic Sky Demon Castle, like an ancient giant beast, ruthlessly fell towards Taihai Tiandi Town.

This Heavenly Demon Castle is not only an artifact for self-defense, but also for suppressing enemies.

Moreover, this is the soul of the emperor, and it has a wonderful restraint effect on the followers of the emperor of the soul like the emperor of Taihai.

"not good!"

Taihai Tiandi's expression changed, and when he saw the town of Tianmo Castle fall, he felt that his hands and feet were stiff and it was difficult to move.

He knew that he was suppressed by the breath of Emperor Huntian.

A believer cannot disobey his god.

On the top of Tianmo Castle, there is the breath of Emperor Huntian.

"I am the Emperor of Heaven, dominating the heavens!"

In the midst of a crisis, the Heavenly Emperor Taihai suddenly uttered a chant, the golden Heavenly Emperor Qi erupted on his body, his body recovered, and with a palm blast, Ye Chen's Heavenly Demon Castle was blown away.

"Puchi!"

However, the Taihai Heavenly Emperor, who had been knocked into the Sky Demon Castle, vomited blood on the spot, as if he had received a backlash from somewhere.

He bombarded the Heavenly Demon Castle, which was equivalent to offending the Emperor Soul, so he naturally suffered a lot of backlash.

However, Ye Chen didn't feel well either.
