

Physician 9661

Chapter 9661

The Heavenly Demon Castle was hit hard, and his viscera and blood also fluctuated for a while, and he almost vomited blood.

It has to be said that the power of the Taihai Tiandi is indeed strong, even if the main body does not come, this life essence and blood avatar is enough to suppress Ye Chen.

On the ground, seeing Ye Chen being injured, Mo Luoxing sneered, and said, "Boy, you are dead today!"

As soon as he took a step, he wanted to fly up and kill Ye Chen.

But at this time, a sharp sword light pierced through the air, abruptly cutting off the way forward of Moluoxing.

"Mo Luoxing, if you dare to hurt my elder brother, I will kill you!"

The one who made the move was Han Yan.

"Han Yan, do you dare to be an enemy of my soul clan?"

Mo Luoxing's eyes were full of anger, and he also recognized Han Yan, knowing that he was from the Tiandao family, the Han family.

The head of the Han family, the Celestial Emperor, has just risen against the sky not long ago, and has reached the top three in the list of heavenly emperors. He has infinite glory, but after all, he has just risen and his foundation is not yet solid. At this juncture, it is not a good thing to offend the Dark Soul Clan.

"Haha, why don't you dare?"

Han Yan looked fearless, swung his sword like a landscape of splashed ink, and slashed at Moluoxing with his head and face.

Mo Luoxing was terrified, and hastily pulled out a bone knife to resist, looked at Chen Lie again, and shouted: "Master Chen, your Taoist sect is also going to be an enemy of my soul clan?"

Chen Lie shook his head and said, "This matter has nothing to do with my Taoist sect. Han Yan is my follower. After today's transaction is over, he has nothing to do with me."

The implication is that he doesn't care about Han Yan's actions.

Han Yan made a move, and that had nothing to do with Daozong.

"you!"

Mo Luoxing was furious, lost his mind, and was slashed several times by Han Yanji, and his body was bloody immediately, and he was injured in severe pain.

Seeing that Han Yan held Mo Luoxing back for him, Ye Chen settled down a bit, thinking that at last he didn't make any mistakes.

"Sea-born dragons, the thunder falls thousands of feet, suppress it for me!"

At this time, the Heavenly Emperor of Taihai shouted violently, and shot again wildly. The Heavenly Emperor's Qi exploded, and the illusory sea above turned into thousands of dragons, roaring in the air. Each dragon held a huge golden thunder The ball is extremely domineering.

Rumble!

Those thousands of flood dragons, engulfed in the shocking thunder, swept towards Ye Chen fiercely.

Ye Chen's pupils contracted, and his breathing was suffocating.

"Tomb owner, take all my power!"

In the cemetery of reincarnation, Emperor Xuanchen felt the great danger, and immediately crazily burned his soul, and the majestic energy aura was also crazily poured into Ye Chen's body.

Click!

Ye Chen's bones exploded, his meridians protruded like a dragon, his strength increased sharply, and his whole body seemed to have endless aura.

"Xuanchen Immortal Scripture, Great Desolate Chen's Finger of Extermination!"

In the next moment, Ye Chen shot out with a single finger.

Earth-shattering.

A huge golden finger, full of divine light and domineering, fell down from the sky and sea, carrying the terrifying power of destroying all worlds, and ruthlessly crushed and killed the thousands of dragons.

This finger is the pinnacle of Xuanchen Heavenly Emperor's martial arts.

boom!

The huge and simple golden fingers were crushed down in the air, and the thousands of flood dragons, including the thunderstorms that filled the sky, were all crushed and turned into nothingness.

Even the entire land of the dark abyss was cracked from the center.

The lethality of this Great Desolate Dust Miter Finger can be called terrifying.

"Ahh, Emperor Xuanchen, you still have such a powerful power, is it true that the sky is endless for you?"

Seeing this, Emperor Taihai was deeply shocked and angry again.

His astonishing supernatural powers were broken by Ye Chen just by meeting him, and he was greatly shocked.

However, Ye Chen's condition is also quite bad.

The energy of Xuanchen Tiandi's soul was greatly consumed, and now he fell into absolute weakness, panting, lost his fighting power, and could no longer help Ye Chen.

Ye Chen felt that the energy in his dantian and meridians was rapidly fading away, and he felt a sense of emptiness and dizziness.

Whoosh!

At this time, there was a figure on the altar below, which suddenly flew up, and then with a claw-like palm, he sneered and tore off all the iron chains tied to Xuanchen Tiandi, and finally wanted to take Xuanchen with him. The Emperor of Heaven really left.

That figure was very distorted and weird, a bit like a human, and a bit like a huge upright marten, its eyes were full of sternness, and it exuded an ominous and terrifying aura. It was shrouded in layers of gray mist, and four furry tail.

Ye Chen saw it and exclaimed, "Four tails!?"

That distorted figure was obviously Four-Tails, and his aura was a little weak. It seemed that he had been severely injured. He didn't have the terrifying vision of a real peak-tailed beast, but the remaining energy should not be underestimated.

The first and fourth tails have been hidden until Ye Chen and Taihai Tiandi are both weak in the battle, and Mo Luoxing is entangled by Han Yan again, and he makes a sudden move.

The timing of this shot can be said to be mastered to the point of perfection.

Ye Chen, Emperor Taihai, Han Yan, Mo Luoxing and others, even if they saw him make a move to take away Emperor Xuanchen, they couldn't stop them.

"not good!"

"Master of the tomb, these four tails took away my real body and wanted to eat me!"

Emperor Xuanchen said angrily.

He has captured Four Tails' thoughts, just wanting to devour his real body.

No matter how badly damaged the body of a Heavenly Emperor is, the foundation of the Heavenly Emperor's Genesis Qi is still there. If it can be devoured and refined, it will be a great nourishment.

The four tails were captured by the Da Zhou family at the beginning, and they escaped later. It seems that they have suffered great injuries. Now they want to take away the real body of Emperor Xuanchen and swallow them directly to restore their vitality.

How terrifying is the energy of the tailed beast, if it is swallowed by the tailed beast, then the soul of Xuanchen Heavenly Emperor will also suffer from eternal torment from then on.

Ye Chen was terrified and wanted to stop it, but the breath in his body was still very empty and he couldn't stop it at all.

Four tails is carrying the real body of Emperor Xuanchen, and is about to escape.

But at this moment, Chen Lie, who had never made a move, suddenly drew his sword and slashed out.

With one knife, he slashed towards the four tails.

Four Tails was startled, did not expect Chen Lie to make a move, and hastily raised its claws to block.

"You Daozong, will you meddle in your own business?"

Siwei's voice was hoarse, and he questioned with anger, his eyes were full of flames of resentment.

Generally speaking, Daozong seldom intervenes in worldly affairs, never gets involved in cause and effect, and remains neutral in most matters.

But this time, Chen Lie, as a disciple of Dao Sect, made a move to stop Siwei.

Chen Lie didn't speak, but only glanced at Ye Chen, then withdrew his knife and stepped back.

The meaning in his eyes is obvious.

He used the sword to help Ye Chen because of his status as the Lord of Reincarnation.

However, he only slashed once, because Daozong has the rules of Daozong, so he can't go too far.

This knife is enough.

It is also his bottom line and principles.

Seeing Chen Lie withdrawing his saber, Siwei hastily fled away with the real body of Emperor Xuanchen.

Chapter 9662

But at this time, Ye Chen had already heaved a sigh of relief, waved his big hand, and a bright green light exploded.

"Throne of Thorns, Blockade of Thorns!"

Ye Chen mobilized the energy of the Throne of Thorns, and directly on the ground, clumps of thorns formed, forcibly blocking Siwei's way.

Siwei was besieged by clumps of thorns, and the skin of his body was also punctured by thorns, and gray-red blood flowed out, causing him to scream in pain, his face full of anger.

"Damn Lord of Reincarnation, I want to devour the body of the Emperor of Heaven, it's none of your business!"

Four tails was furious, and he sacrificed a Tailed Beast Knife, a will-o'-the-wisp exploded on the knife, and swung the knife to chop the surrounding thorns.

At this time, the Emperor Taihai also calmed down, smiled, and said to Ye Chen: "Boy, I think it's better to let that tailed beast devour the old guy's body, what are you doing?"

He grasped the palm of his hand, and the huge waves of the sky and the sea turned into a mad knife, slashing across the air towards Ye Chen.

Ye Chen's face darkened, he no longer had the help of Emperor Xuanchen, and it was very difficult to fight against Emperor Taihai, and if he wanted to save the body of Emperor Xuanchen, it would be even more difficult than ascending to the sky.

"It seems that they still want to force me to use my hole cards."

"Demon Eye of Destiny, open!"

Ye Chen gritted his teeth, and immediately opened the Devil's Eye regardless of the cost.

hum!

His left eye erupted with ten thousand layers of devilish energy in an instant, layers of death patterns emerged, and a monstrous terrifying aura spread. In the depths of his eyes, there was even the projection of the Emperor of Soul.

As soon as the Death Demon Eye opened, a shocking death aura erupted, and all the heavens and worlds, everything seemed to be about to die.

With a glance in Ye Chen's eyes, the saber energy from Taihai Tiandi piercing through the air was wiped out in an instant.

He raised his head to look at the sky, and the sky also died, and the blockade of the illusionary sea barrier disappeared instantly.

When his eyes looked at Taihai Tiandi, Taihai Tiandi was terrified, trembling violently, and screamed loudly:

"Devil's Eye! Why do you have Demon's Eye! This is not supernatural powers, these are real eyes! Legendary existence of Super Grade!"

Ordinary believers of Emperor Huntian have the magic eye of death-defying magic, but that is only supernatural power, and the ninth rank is the highest, not the real eye.

But what Ye Chen opened was not supernatural powers, but a real magic eye, a great existence beyond the ninth rank, which can be called a super rank.

The Taihai Tiandi never expected that Ye Chen actually possessed the Devil's Eye of Death.

Once this magic eye is opened, the world will die, the power is too terrifying.

If the body of the Taihai Emperor descends, of course he can contend. After all, Ye Chen's power has its limits.

But now, his avatar obviously couldn't bear it.

Zizizi!

The skin of Emperor Taihai was swept by Ye Chen's eyes, as if being scalded by boiling water, making a horrible sizzling sound, the whole body of the emperor's aura was wiped out, his body was severely injured instantly, and his skin burst into bleeding bubbles.

"The law of karma, I am immortal!"

Taihai Tiandi roared, and hurriedly exerted his last strength to send out a law of cause and effect, and layers of air walls appeared around him, forcibly blocking Ye Chen's crushing death from the magic eye of death.

His avatar was built with the essence and blood of his life, and even added a lot of timelines to it, so of course he didn't want to fall easily.

Ye Chen cast the Devil's Eye of Death, and had severely injured the Taihai Tiandi. If he wanted to kill him completely, he could do it, but he would have to pay a huge price.

Ye Chen felt severe pain in his left eye, and blood continued to flow out of the eye socket. The price for opening the Devil's Eye of Death was too great.

He put it away as soon as he saw it, and immediately put away the Devil's Eye of Death, and looked at the four tails below.

Siwei stood there blankly, his face full of astonishment and shock.

Just now Ye Chen opened the magic eye of death, the weather is too majestic, the extreme evil spirit of death, even surpassing the god of death, can kill the life and death of all things in the sky, even if he is a tailed beast, he is completely afraid.

Among the soul clan, all the soul clan members, Mo Luoxing, Han Yan, Chen Lie and others were all incomparably shocked, as if seeing the soul emperor in person.

Even now that Ye Chen put away his magic eyes, the terrifying evil spirit still makes people feel lingering fear.

"Scorching Sun Fate Star, open!"

Taking advantage of Siwei's loss of focus, Ye Chen immediately turned on the scorching sun star.

However, his body, which had just opened the magic eye, could no longer support the release of the scorching sun and life star.

He summoned Qinglian's avatar, and relied on Qinglian's avatar to activate the scorching sun life star.

Even so, his condition was not good.

Fortunately, Long Xueyan was rescued before, and Ye Chen re-cast Qinglian's avatar, which came in handy at this time.

The brilliance of the scorching sun and life star has a strong restraint effect on tailed beasts.

hum!

The brilliant and bright sun rose up, and countless dazzling sun rays ruthlessly shone towards Siwei's body.

"Ahh! Damn Lord of Reincarnation!"

Siwei screamed miserably on the spot. Under the scorching sun, his body was whistling and smoking, and his energy was constantly being evaporated.

"Let go of the physical body of Senior Xuanchen Heavenly Emperor, and get out of here immediately!"

Ye Chen said coldly, against the backdrop of the scorching sun above his head, Ye Chen at this moment is like the legendary sun god.

He is angry.

To him, Heavenly Emperor Xuanchen is also considered a master. He has promised Emperor Xuanchen, but how could he not keep his word.

This is his way, the current him, his eyes are full of burning wrath!

When Siwei heard Ye Chen's words, he sneered, with a rebellious face, and said sinisterly:

"What I can't get, you can't get it either!"

Chapter 9663

As the voice fell, the four-tailed claws suddenly came out, and with a snort, they tore the real body of Emperor Xuanchen into pieces, and blood and flesh splashed all over the sky.

If he wants to devour Emperor Xuanchen and refine his flesh and blood, he needs to prepare a lot, arrange formations and rituals, cleanse the body of Emperor Xuanchen, etc., but if he wants to destroy it directly, it is much simpler. His true body turned into a rain of blood and perished.

"Ah, my physical body..."

In the cemetery of reincarnation, Xuanchen Tiandi saw his real body destroyed, his expression changed drastically, and his eyes were horrified.

In Wuwu time and space, the physical body is extremely important. Without the physical body, there will be a remnant soul in the sky, and it is impossible to accumulate the foundation of luck, nor can it accumulate the Heavenly Emperor Qi, and many laws of the Heavenly Emperor cannot be used.

After losing his physical body, the remnant soul of Emperor Xuanchen, no matter how hard he practiced, would not be able to recover to his peak strength.

"Damn beast!"

Seeing this scene, Ye Chen was also extremely furious, frantically mobilizing the scorching sun and star, the violent scorching sun's brilliance evaporated the energy of Siwei's body.

Siwei was severely injured, but his expression was still ferocious and fierce.

According to the legend, tailed beasts are rebellious existences, which can be seen in Siwei.

He knew that destroying Xuanchen Heavenly Emperor's body would completely offend the reincarnation camp, so he did not hesitate.

"Lord of reincarnation, what's the use of being angry? We have formed a death feud today, hehe, but you want to kill me, it's not that easy. In the future, I will borrow the power of the Da Zhou family to play with you slowly."

Siwei laughed sinisterly, just as he tore apart the body of Emperor Xuanchen, the blood of Emperor Xuanchen was sprayed, which made Ye Chen's blazing sun and life star's light slightly covered.

Taking advantage of this opportunity, he immediately turned into a streak of gray light and fled away at top speed.

Ye Chen was furious, but he also knew that Emperor Xuanchen's physical body was destroyed, and Emperor Xuanchen was even more sad.

"Senior, I'm sorry, I couldn't save your real body."

Ye Chen said with great guilt.

"Oh, forget it, this is life."

Emperor Xuanchen said helplessly, and did not blame Ye Chen.

Because he also knew that Ye Chen had indeed tried his best.

Ye Chen gritted his teeth and said, "Fate? I don't believe in fate! Don't worry, I have created a fairy pool. As long as I have enough resources, I can help you create another body."

He had a vague glimpse of the future and knew that there is no unparalleled path. Although Xuanchen's body of the Emperor of Heaven has been destroyed, he has a pool of gods to create the body of the Emperor of Heaven, as long as there are enough materials.

"Recreating a physical body? Is this... possible? My real body is the Emperor of Heaven."

Emperor Xuanchen was stunned for a moment, if it was an ordinary body, it might be possible to refine and create it, but his body is the body of the Lord God, how can it be so easy to create?

"It's possible, as long as you give me enough materials!"

Ye Chen resolutely said that although he knew it was difficult, he would never give up.

Emperor Xuanchen was silent, and sighed: "Okay, I believe you, but you are in a very bad state, so let's leave here first."

Ye Chen nodded and looked around, only to see Taihai Tiandi and Mo Luoxing looking at him with extremely vigilant eyes, with deep shock and fear.

Ye Chen summoned the scorching sun and life star just now, that blazing brilliance was just the opposite of the evil spirit of the Devil's Eye.

The aura with completely rebellious attributes blended perfectly in Ye Chen.

Ye Chen is only in the Infinity Realm, and he is already so powerful. When he ascends to the gods in the future, he will definitely be invincible.

Zheng!

Mo Luoxing fought hard, knocked Han Yan back first, and shouted at Taihai Tiandi:

"Tiandi Taihai, the Lord of Reincarnation must be killed today, otherwise, when he ascends to the gods, you and I will die!"

Taihai Tiandi's eyes turned cold, flashed a trace of determination, and said in a deep voice: "Enshrine my flesh and blood, summon the power of Lord Huntiandi, and destroy reincarnation!"

After saying that, the body of the Taihai Tiandi suddenly disintegrated and turned into a rain of blood, fluttering and falling on the dark altar below.

He didn't hesitate to sacrifice his flesh and blood clone, and also summoned the power of Emperor Huntian to kill Ye Chen.

Ye Chen is too powerful, relying on his and Mo Luoxing's power alone, can no longer suppress him, so he can only invite the Emperor of Soul.

Moluo Xing chanted in a low voice, and the entire soul clan chanted too, and the sound of ancient and mysterious incantations flowed out of their mouths.

That dark altar received the sacrifice of the flesh and blood of the Taihai Heavenly Emperor, and under the chanting and prayers of the soul race believers, it erupted with dazzling brilliance. It was a dark magic ray, with a rolling evil spirit, and the terrifying majesty of a demonic monarch .

On Mo Luoxing's body, there were also layers of black mist, surging out, as if he had achieved communication and resonance with the soul emperor in the dark.

Under the cover of layers of black mist, he was full of evil spirits, and even Han Yan could no longer get close to his body.

Han Yan was shocked, and Chen Lie beside him, as well as many Taoist disciples, also looked horrified.

They saw that in the void, gradually emerged a simple, old, vicissitudes, and revealed the majesty of the supreme king, like a great figure that crushed the world, slowly emerged.

That is the figure of Emperor Huntian!

At this moment, Moluo Xing borrowed the flesh and blood of Emperor Taihai as a sacrifice to summon the power of Emperor Hun to descend.

The figure of Emperor Huntian appeared faintly, and the entire dark abyss, including the ruined land outside and the dark forest in the distance outside, all became turbulent, the universe shook, and the sky and the earth turned pale.

Chapter 9664

The ominous and dark evil aura of the dark abyss also became stronger than ever with the appearance of Emperor Huntian, making people breathless.

"Ahhh!"

There were two Taoist disciples with weaker cultivation bases, who couldn't bear the erosion of the evil spirit, and screamed on the spot. Their flesh and blood were completely corroded, reduced to a pile of bones, and collapsed to the ground.

Ye Chen originally wanted to leave, but when he saw Mo Luoxing, in order to kill him, he actually wanted to summon the power of Emperor Hun to descend, he was very shocked.

"Only you can call someone, I can't?"

"Senior Ren, come!"

Ye Chen's eyes were cold, of course he would not be so stupid as to try to use his own strength to fight against Emperor Huntian.

He sacrificed the broken heart bell, the bell swayed, and the crisp sound of the bell was heard, to summon Ren Feifan to come.

He would like to see how much power Mo Luo Xing can summon, and how it compares to Ren Feifei.

hum!

The figure of Emperor Huntian became clearer and clearer.

His old eyes opened, revealing the murderous aura of the Supreme Demon God.

However, Ye Chen's ringtone also spread far away, and received a distant response.

A bright and holy figure descended from the sky.

However, it was beyond Ye Chen's expectation.

The figure that descended was not Ren Feifan, but a woman with radiant divine light and incomparable holiness.

This woman is clean and beautiful. If there is one word to describe her, it would be "beauty".

The proportions of her facial features are so perfect, not the kind of enchanting and glamorous beauty, but dignified, beautiful, elegant, and holy beauty.

Ye Chen had never seen such a "beautiful" woman before.

Looking at the woman surrounded by divine light, he felt that this woman would never lose her temper, and her character must be as gentle and tolerant as her appearance, like a ball of holy light, without any irritating place.

Her figure and proportions are also so perfect, the plump place is very plump, and her chest is as broad as a virgin, making people want to fall into her arms and sleep peacefully after one glance.

Her waist is not the kind of delicate waist, but also as fit as a virgin, with proportions and lines like sculptures.

Ye Chen originally wanted to summon Ren Feifan, but he didn't expect to summon such a beautiful woman.

The beauty of this woman makes people unable to have any evil thoughts, only the idea of worship, like a child worshipping his mother.

This beautiful woman has gentle, kind, and compassionate eyes.

Ye Chen had seen this kind of compassionate look in Wu Yao's eyes.

This beautiful woman, with compassionate eyes, gently raised her hand, the soft palm was full of radiance, and gently waved towards the Emperor Hun, as if there was no power contained in it, like spring wind turning into rain.

But with this palm swing, Hun Tiandi's evil spirit, the figure like the supreme king, was instantly blown out, violently distorted and collapsed.

Emperor Huntian was stunned for a moment, looked at this beautiful woman, and muttered to himself, as if in a dream:

"Ah... Beauty God, you... you are back."

"I thought that after you created the Pure Land, you were already dead, so..."

woo woo woo...

The figure of Emperor Huntian disappeared with the air current.

That beautiful woman didn't say a word, her eyes were still compassionate and soft, her body gradually disappeared into the void, as if she had never appeared before.

Seeing this scene, Ye Chen, Mo Luoxing, Han Yan, Chen Lie and others were all stunned.

They were shocked not by the Emperor Hun, but by that beautiful woman.

That beautiful woman, Emperor Huntian called her the "God of Beauty", which is a concise and appropriate name.

She is called the Goddess of Beauty, and she is like a gathering of all the good things in the world. When people take a look at it, they will never forget it for a lifetime.

It was so shocking.

Before seeing the God of Beauty, Ye Chen, Mo Luoxing, Han Yan and others couldn't believe that there would be such a perfect woman in the world.

Everyone in the audience couldn't come back to their senses for a long time. It seemed that there was still a fragrance of God of beauty in the air. That fragrance, like the frankincense of the Virgin, cleansed people's hearts and souls, and dispelled all the hostility, killing, resentment, etc. in people's hearts. Wash it all off.

Bang, bang, bang.

Many soul warriors lost their fighting spirit in an instant, and the weapons in their hands fell to the ground.

After an unknown amount of time, Mo Luoxing groaned and fell to the ground, spitting out blood.

But Hun Tiandi collapsed, he was implicated by the backlash and was seriously injured on the spot.

When Ye Chen saw Mo Luoxing fell to the ground with serious injuries, he also came back to his senses, a glint of coldness flashed in his eyes.

Although I don't know, he obviously summoned Ren Feifan, but the one who descended in the end was the God of Beauty. What is the cause and effect behind this.

But Ye Chen knew the truth of cutting grass and roots.

Holding the sword, he strode towards Moluoxing with big strides, and swung the sword down: "Die to me!"

Frightened, Mo Luo Xing sacrificed a talisman, which burned in the air, and shouted:

"Wild Lion Iron Demon, come out!"

"Wild Lion Iron Demon, come out!"

As his words fell, the void distorted, and the monster energy exploded. The monstrous monster energy shook the universe, and a huge monster stepped out of the void with earth-shattering strides.

This monster looks like a lion, but its whole body is covered with iron-black scales. It has a strong evil spirit, and the evil spirit howls, forming a layer of monster mist, covering its body. Its eyes have double pupils, and the blood light floats. It is extremely strict. He was staring at Ye Chen indifferently.

Zheng!

Ye Chen slashed down with his sword, but he slashed at the ferocious lion and iron monster, making a sound like a sword clashing, but he failed to hurt the monster at all, but he was shocked, and his tiger's mouth went numb for a while.

There is no doubt that this crazy lion and iron demon is the dark monster clan hidden here that Emperor Xuanchen said before, and its bloodlines are comparable to those of tailed beasts!

"This monster..."

Ye Chen's eyes froze, and when he looked at the wild lion and iron demon, he felt the blood in his body slightly vibrating, as if there was some kind of cause and effect with this wild lion and iron demon.

"Wild Lion Iron Demon, kill him!"

Mo Luoxing yelled and directed the Wild Lion Iron Demon to attack, but his face was extremely solemn and cautious, as if he could not completely control the Wild Lion Iron Demon.

It was only at the last moment, when his life was threatened, that he had no choice but to summon the Wild Lion and Iron Demon.

Hearing Mo Luoxing's command, the wild lion iron demon's body was as cold and motionless as a sculpture. After a moment of dullness, he roared suddenly, and flew towards Ye Chen to kill him.

For a moment, Ye Chen felt suffocated.

This wild lion and iron demon is extremely terrifying and powerful. It is estimated that with the power of a god, it is more than enough to crush Ye Chen.

"Xuan Chen's ethereal body!"

Ye Chen hastily used his body skills to dodge dangerously.

"Roar!"

The wild lion and iron demon pursued wildly, and five sharp claws popped out from the palm, sharp as a sword, and slashed towards Ye Chen.

Chapter 9665

"Brother, be careful!"

Han Yan was horrified. He didn't expect Moluoxing to have such a means to summon such a powerful monster.

After the battle between Ye Chen and the Taihai Tiandi, his spiritual energy was consumed enormously, and he gradually felt unable to support himself in the face of the mad attack of the wild lion and iron demon.

"Sky Monument, come!"

"Heaven Against God Vein, open!"

In the midst of a crisis, Ye Chen yelled violently, and with the last ounce of strength in his body, he summoned the Tianbei.

Rumble!

The simple, huge, majestic, stern, heavenly tablet with the aura of supreme law descended from the void, and with a bang, it blocked the pounce of the claws of the wild lion and iron demon.

At the same time, Ye Chen also activated the Heaven Against God Vessel, activated the Heavenly Monument, and erupted a powerful force of reversal.

Under the counterattack of this reversal force, the claws of the wild lion and iron demon turned to attack his own head.

Puchi!

The wild lion and iron demon's claws stabbed upside down on its own face, popping out one of its eyes, causing severe pain, bleeding all over its face, and screaming loudly.

This is the effect of the Heavenly Against Divine Veins.

The Heaven-Defying Divine Vein contains the power to defy the sky, and it also has various advantages.

One of the wonderful points is that it can reverse the enemy's attack, and use the other's way to return it to the other body.

The wild lion and iron demon were seriously injured and screamed terribly. The severe pain made it even crazier. The realm of the upper god.

The aura of the high god is incomparably domineering.

The wild lion and iron demon roared, and that violent demonic aura, regardless of enemy or friend, did not distinguish between each other, like a rushing river, crazily smashing out.

The nearby soul warriors were crushed by the wild lion and iron demon's demonic energy, and immediately screamed and turned into fly ash.

The remaining soul warriors were also terrified, screaming and fleeing in all directions.

"not good!"

Seeing the crazy lion and iron demon going crazy, Mo Luoxing repeatedly made formulas and shouted:

"Come back to me!"

However, under the madness of the lion and iron demon, he did not obey the order of Mo Luoxing, and the berserk demonic aura even attacked and killed Mo Luoxing like a horse reeling.

"This bastard has gone crazy again!"

Mo Luoxing was so frightened that he hurriedly escaped in embarrassment, and then fled to the distance with the remaining soul warriors.

The entire territory of the Soul tribe, one after another, collapsed and turned into ruins under the impact of the demonic aura of the wild lion and iron demon.

Han Yan, Chen Lie and the others could not bear the impact of the demonic energy, so they retreated hastily.

Although Ye Chen was guarded by the stele, his own aura could not be sustained, and under the impact of the monster aura, he might not be able to last for long.

"Brother!"

Han Yan wanted to go to the rescue, but the demonic aura filled the audience, forming a monstrous sea of mist, blocking everything. He couldn't save him at all. He could only watch helplessly as Ye Chen was submerged in the monstrous mist of demonic aura.

Ye Chen was shrouded in layers of evil mist and felt suffocated.

At this time, the wild lion and iron demon also roared wildly, and came to kill Ye Chen again.

Its head and face were covered with blood, one eye was smashed, and the fragmented eyeball still remained in the eye socket, which looked very terrifying.

Ye Chen smelled the smell of blood, and felt hairy in his heart. At the critical moment of life and death, he sacrificed the blood of the mysterious demon spirit like a blessing to his soul.

The warm blood light floated in Ye Chen's palm.

The wild lion iron demon, seeing the bloody light of the mysterious monster, was stunned for a moment, he was still looking crazy just now, but now he became sluggish and dazed, and his culling action also stopped.

After standing in a daze for a long time, the wild lion and iron demon's eyes became much clearer, without the violence just now, it slowly spit out a human voice, and said to Ye Chen:

"Who are you, why do you have the blood of Master Xuan Yao?"

Ye Chen was overjoyed when he heard this crazy lion and iron demon spit out people's words, and it was indeed related to Xuan Yao, and said:

"I am the descendant of Xuan Yao, who are you?"

The wild lion and iron demon froze for a moment, then murmured: "So you are the Lord of Reincarnation, and who am I?"

It looked a little confused, and then seemed to recall something, its body was boiling with monster energy, and twisted for a while, it turned into a human form, a monster with a lion head and a human body, and its body was extraordinarily burly.

"I remembered, I am the bodyguard under Xuan Yao's seat, you can call me Iron Lion Guard."

"Back then, Master Xuan Yao was hunted by the ancient star gate and was forced to flee. Before leaving, he entrusted me with a black-patterned stone egg and told me to hatch it carefully."

"However, later I was accidentally involved in a big battle, and was knocked down here. I was unconscious, sometimes sober, and sometimes crazy."

"Mo Luoxing captured me and used many means to try to convert me to the Emperor Hun, but I did not obey. I still remember my mission. I am the Iron Lion Guard, and I am the guard under the seat of Xuan Yao. Not a believer in darkness."

Tie Shiwei's eyes gradually cleared up. Speaking of the past, it turned out that he was actually the bodyguard under Xuan Yao's seat. No wonder he had such a close causal connection with the blood of Xuan Yao in Ye Chen's body.

Ye Chen's heart moved slightly, and he said, "What kind of black-patterned stone eggs did Senior Xuan Yao ask you to hatch?"

Tie Shiwei said: "Yes, it is this stone egg."

As he spoke, he sacrificed a beast egg.

This beast egg has a strong animal spirit, but the surface is made of stone, covered with many ancient patterns, like some kind of mysterious totem, surrounded by layers of magic light, and there is a trace of mysterious forbidden law. It makes people feel creepy just by looking at it.

Ye Chen also felt inexplicable horror when he looked at this black-patterned stone egg.

Chapter 9666

The thing inside the stone egg seemed to be some kind of big monster, full of strong ominous air.

"Senior Xuan Yao asked you to hatch this stone egg, what is the purpose?"

Ye Chen asked quickly.

Tie Shiwei said: "I don't know, Master Xuan Yao just told me to hatch, but this stone egg is extremely difficult to hatch, and after I fell here, I was unconscious and often forgot about it."

"I have a hunch that if the existence in this stone egg does not hatch within three years, it will fall into a deep sleep and die forever."

"Ah, Lord of Reincarnation, my consciousness is about to fall into chaos again, you take this stone egg away, go, go!"

At the end, Tie Shiwei stuffed the stone egg into Ye Chen's hands, and then put his head in his hands, with a painful expression on his face, and his body gradually twisted, trying to change back to the appearance of a monster.

Once he turns back into a monster, he will lose his mind again and kill indiscriminately regardless of the enemy or himself.

"This is the Immortal Pond, you go in and rest first."

Ye Chen's face darkened, and he hurriedly summoned the fairy pool, said.

The Immortal Pool is one of the top ten fairy pools in Wuwu Time and Space, with a profound foundation, and Ye Chen estimates that it can be used to settle the Iron Lion Guard.

"Thanks."

Tie Shiwei's face twisted in pain, he crawled towards the Immortal Pond, and said to Ye Chen:

"Lord of reincarnation, remember, you must find a way to hatch this black-patterned stone egg, this is what Master Xuan Yao ordered."

Ye Chen said: "I see."

Hearing Ye Chen's promise, Iron Lion Guard was a little relieved, and entered the Immortal Creation Pond to sleep and rest.

As the Iron Lion Guard entered the Immortal Pond, the evil spirit that filled the surroundings also completely disappeared, and the world was completely cleared.

Ye Chen put away the Immortal Pond and the black-patterned stone eggs, and murmured in his heart, but he didn't know what Xuanyao wanted to hatch the black-patterned stone eggs for.

He tried to calculate the past and future cause and effect of the black-grained stone egg, but it was also elusive. The dark and ominous evil spirit was very strong. If he tried to calculate it forcefully, he might even be in danger of being backlashed.

"Brother!"

At this time, a voice brought Ye Chen back to his thoughts.

I saw Han Yan carrying a person, walking towards Ye Chen excitedly.

That person was Mo Luoxing, held by Han Yan in his hand, his face was pale, and his eyes were extremely desperate.

It turned out that just when the evil energy dissipated, Han Yan had already taken the opportunity to capture Mo Luoxing.

As for Mo Luoxing's subordinates, those dark soul warriors had already fled to nowhere.

thump.

Han Yan threw Mo Luoxing at Ye Chen's feet and said, "Brother, what should we do with this person?"

Moluo Xingdao's heart had collapsed, his body was trembling, and he repeatedly begged Ye Chen for mercy:

"Lord of reincarnation, spare your life, spare your life."

"As long as you are willing to let me go, I can offer you an artifact called the Titan Godship. According to legend, it is the Tianzhou battleship that the Titan used to ride."

"Back then, the Titan Colossus once came to this place on a Titan godship to visit Emperor Yuantian. He also kept that battleship as a gift for Emperor Yuantian."

"Later, Lord Huntian Emperor captured this place and confiscated the Titan Godship. That battleship has been passed down, and now it is in my hands."

The land above the dark abyss was once one of the territories of Emperor Yuantian, but it was captured and reduced to ruins.

The battle between Yuan Tiandi and Hun Tiandi distorted the law of time, and forcibly created a dark forest, which shows the terrifying strength of the two heavenly emperors.

The shocking battle of that year has been submerged by the dust of the years, and the traces of the secrets are faintly visible, but Mo Luoxing said that he has a spoil in his hand, even if what is left from that battle is the Titan Godship.

Ye Chen's thoughts moved slightly, the battleship that the Titan had been on was indeed an incredible existence.

The Titan is an ancient god, and the secret art of the Titan Constellation left by him is the first of the eight constellations, and its power is extremely terrifying.

The box that Mr. Huang handed over to Ye Chen before may contain the secret art books of the Titan Constellation, but Ye Chen has not been able to open it yet.

If he had access to more clues related to the Titans, he might have a chance to open the box.

Mo Luoxing said: "Lord of reincarnation, as long as you are in charge of the Titan Godship, it will be much more convenient to travel between time and space in the future. Even if it is separated by hundreds of millions of universes, it will arrive in an instant."

Hearing this, Ye Chen's heart was moved immediately.

Wu Wu time and space is very vast, even with the means of breaking the void, with Ye Chen's current strength, it is difficult to reach anywhere in an instant.

It would indeed be much more convenient if there was a powerful battleship, Tianzhou, to travel through space.

Han Yan also became interested and said, "What about the Titan Godship, take it out and have a look."

"Yes Yes Yes....."

Mo Luoxing hastily stretched out his palm, the palm of his hand was filled with light, and a phantom of a battleship emerged, huge and vast, and the battleship was full of ancient laws, showing a very heavy and majestic momentum.

Ye Chen narrowed his eyes slightly, and said: "Yes, this battleship is indeed a rare artifact, I want it."

Mo Luoxing was overjoyed and said, "Lord of Reincarnation, are you willing to spare my life?"

Ye Chen said: "No problem, I promise you to live."

Mo Luoxing was ecstatic, and immediately sent the Titan God Ship with both hands, saying: "Thank you, thank you Lord of Reincarnation for your kindness! You are really a great and good person."

Ye Chen accepted the Titan Godship with a smile, only felt that the battleship was extremely heavy, its energy background was very majestic, and it was extremely difficult to refine and manage it.

Even Mo Luoxing has been unable to refine and control it for so many years.

If he can control the Titan Godship, if he hides directly on the battleship, it will be difficult for the upper gods to hurt him, because the Titan Godship itself has a strong defense.

Ye Chen received the Titan Godship, and continued with a smile: "However, capital crimes are inevitable, but living crimes are inevitable." He winked at Han Yan.

Han Yan understood, smiled, and said: "Mo Luoxing, you have done a lot of evil, even if my elder brother spares you, you will have to pay some price."

"That's all, I'll cut off your arm and abolish your dantian cultivation base. You should behave yourself in the future!"

After finishing speaking, Han Yan swung his sword suddenly, and Qi Gen cut off Mo Luoxing's right arm, and then smashed his dantian with his palm, breaking his meridians, and making him a cripple.

"Ahhh!"

Mo Luoxing's arm was cut off, his meridians and dantian were abolished, and he was in excruciating pain, and suddenly he screamed terribly.

This time, he really would rather die than live.

His dantian was abolished and his meridians were severed. Even if he was alive, his end would be worse than death.

Wuwu time and space is filled with darkness, and it is absolutely impossible for a disabled person to block the erosion of darkness.

"Lord of reincarnation, you must die!"

Mo Luoxing clutched his broken arm, cursing in grief.

Before Ye Chen opened his mouth, Han Yan rushed to say: "Hey, Mo Luoxing, my elder brother spared your life, and you are not satisfied, do you really want me to kill you?"

Chapter 9668

Chen Lie nodded and said, "Well, Lord of Reincarnation, then I'll go back to the Dao Sect first, and take my leave."

At that moment, he took his subordinates, bid farewell to Ye Chen and left.

In fact, no one knows where the real mountain gate of Taoism is. It is the legendary place where the Great Master and his personal servants live and practice.

Only the Eighth Patriarch of Dao Sect occasionally saw it in fantasy dreams.

At present, the Taoist sect is in the mountain gate without time and space. It was established by the eight patriarchs of the Taoist sect, and it is not the real core of luck.

"Brother, it's time for me to go too. We'll see you in Daozong when the competition starts in the future!"

Han Yan bowed his hands to Ye Chen, and said goodbye and left.

After Ye Chen sent Han Yan away, he prepared to go back to the Huangtian Palace, hand over the detoxification pill to his grandfather, and ask about the black-patterned stone egg by the way.

The black-patterned stone egg is too mysterious, even a little weird. Ye Chen really wants to know what is inside the black-patterned stone egg, and why Xuan Yao insists on hatching it.

Jingle.

At this time, Ye Chen's broken heart bell hanging on his waist rang automatically.

With the sound of the broken heart bell, the void in front of Ye Chen was distorted for a while, and a golden emperor's aura emerged, and then he saw a handsome and tall figure coming through the air, it was Ren Feifei.

"Senior Ren!"

Seeing Ren Feifei, Ye Chen was filled with surprises and said:

"Senior Ren, why are you here? I wanted to summon you just now, but unexpectedly, I summoned a very beautiful woman."

Ren Feifei said, "Is that a beauty god?"

Ye Chen trembled in his heart, and said, "Yes! Senior Ren, do you know the God of Beauty? Then, what kind of God is he?"

The god of beauty is so powerful that he can even break the power of Emperor Huntian, which is incredible.

Ren Feifei said: "I suspect that she is the master of the Buddha."

Ye Chen was terrified, and said, "What did you say, Buddha's... master?"

He knew that the Buddha had a master who was also a woman.

Could it be that the Buddha's master was this beauty god?

Thinking about it carefully, Goddess of Beauty has the power to fight against Emperor Huntian, so he is indeed qualified to be the master of Buddha.

Ren Feifei said solemnly: "It's just a suspicion, I'm not sure, the secret is too elusive."

"Actually, I have known God of Beauty a long time ago."

While speaking, Ren Feifei looked at the dark forest far ahead.

Ye Chen's heart moved, and he said, "You knew it when you fell into the dark forest?"

Ren Feifei nodded and said: "Yes, when I was still in the real world, I fell into the dark forest and went through the millennium."

"In that millennium, I got to know the God of Beauty. When I first saw her, I saw her kneeling in front of a statue, weeping and prostrating. That statue is your statue. She is offering reincarnation."

Ye Chen's heart was shocked, and he said, "Is the God of Beauty kneeling down to worship me?"

Goddess of beauty, is such a beautiful woman a believer in reincarnation?

Thinking of the picture of her kneeling down to worship him, Ye Chen couldn't help feeling a little excited, and wanted to know what kind of desire there was in Meishen's heart, to kneel down and worship him, the lord of reincarnation.

Ren Feifei said: "Yes, the Goddess of Beauty is bowing down to you, and the sacrifice she enshrines is the Golden Wheel of the Emperor of Heaven."

Ye Chen was even more astonished: "Heavenly Emperor Golden Wheel?"

Ren Feifei said: "Yes, after she knew that I was the protector of reincarnation, she gave me the Heavenly Emperor Golden Wheel, but I couldn't fully grasp the Heavenly Emperor Golden Wheel."

"Because this artifact was originally built by the God of Beauty watching the scorching sun and fate star, and she is the main creator of the Heavenly Emperor's Golden Wheel."

"Only you, the Lord of Reincarnation, can completely control the Heavenly Emperor's Golden Wheel."

Ye Chen suddenly realized that the Golden Wheel of the Emperor of Heaven was mainly cast by the God of Beauty.

Ren Feifei's Heavenly Emperor Golden Wheel was also a gift from the God of Beauty.

hum!

As soon as Ren Feifei grasped the palm, the Golden Wheel of the Emperor of Heaven appeared in his palm, like a round of sun, extremely blazing, but compared with Ye Chen's scorching sun, it contained many more mysterious and ancient laws, surrounded by layers of Heavenly Emperor Qi.

Thinking about it, when God of Beauty was casting the Heavenly Emperor's Golden Wheel, he also consumed countless top-quality materials.

This Heavenly Emperor Golden Wheel is one of the four supreme artifacts of Wuwu Time and Space. If its power erupts at its peak, it can easily crush a ninth-rank Heavenly Emperor, which is extremely terrifying.

This kind of artifact can be said to be a great weapon for suppressing time and space and guarding races, and it is the highest artifact of the Sanshen lineage.

"I am going to pass on the Heavenly Emperor Golden Wheel to you."

Ren Feifei said.

"now?"

Ye Chen was stunned, the Heavenly Emperor Golden Wheel is the highest artifact, even a ninth-rank Heavenly Emperor like Ren Feifei, it is difficult to fully control it, let alone Ye Chen.

Ren Feifei said: "No, you are not strong enough now, at least, we have to wait until you become a god."

"You must at least have the strength of the Divine Dao Realm in order to initially control the Golden Wheel of the Emperor of Heaven."

"Your cultivation must be improved as soon as possible, otherwise it will be too late."

Ye Chen said: "Why is it too late?"

Ren Feifei said: "Because Chongyang real person."

"He is Sanshen Tianzun. Recently, he has been frantically summoning the power of the Heavenly Emperor's Golden Wheel, trying to take back this artifact."

"He is disobeying the will of the god of beauty. The god of beauty enshrined the golden wheel of the emperor of heaven to reincarnation, but he refused."

Ye Chen faintly felt that there was a great causal story between the God of Beauty, the Daoist Chongyang, the Buddha, and the Golden Wheel of the Heavenly Emperor, but it was difficult for him to see, so he asked, "Why does the God of Beauty enshrine me? What does she want?"

Ren Feifei was silent, and then sighed: "The cause and effect behind the God of Beauty is very complicated. It's useless to tell you now, but it will affect your Taoism."

Chapter 9669

"Also, Goddess of Beauty is hiding something from me. I suspect that she is the Buddha's master, but she never told me."

"This time the God of Beauty came, maybe she was afraid that I would not be able to make a move in time, so she helped you. She is your believer and is very loyal. Don't let her down. You must completely control the Golden Wheel of the Emperor of Heaven."

Ye Chen was dazed in a daze, never thinking that the God of Beauty would be his believer.

Ren Feifei said again: "In short, you should improve your strength as soon as possible. After you reach the level of the divine way, I will pass on the Golden Wheel of the Emperor of Heaven to you. You must be quick, otherwise this artifact will be taken back by Daoist Chongyang, and it will be troublesome." gone."

"If we can't control the Golden Wheel of the Emperor of Heaven, Beauty God will definitely be very disappointed. If she no longer believes in you, it will be a huge loss for our reincarnation camp!"

Ye Chen's heart trembled, he knew that the God of Beauty was his disciple, he could even fight against Emperor Huntian, and he might even be the master of Buddha.

Of course he didn't want to lose such a powerful existence.

"Senior Ren, don't worry, I will definitely find a way to improve my strength and become a god as soon as possible!"

Ye Chen also felt a sense of urgency. He must fully control the Golden Wheel of the Heavenly Emperor in order to conquer the heart of the God of Beauty.

After a pause, Ye Chen took out the black-patterned stone egg again, and asked Ren Feifei, "By the way, Senior Ren, do you know what this is?"

"Huh?"

Ren Feifei looked at the black-patterned stone egg and saw the ancient and dark patterns on it. He was slightly surprised, counted with his fingers, and said, "Is it something that Xuan Yao wants to hatch?"

Ye Chen said: "Yes, but I don't know what's inside, nor how to hatch."

Ren Feifei frowned, and said: "This stone egg is very mysterious, there may be something unknown inside, and it is closely related to the demon clan."

"Xuan Yao is in Wuwu Time and Space, you might as well go to Xuan Yao yourself and ask him to decipher it."

Ye Chen hurriedly asked: "Where is Senior Xuan Yao?"

Ren Feifei said: "I don't know exactly where it is. In Wuwu time and space, the demon clan forces have always been far away from the human race, but recently the Misty Chamber of Commerce is planning to hold an auction for the sacred objects of the demon clan."

"At that time, there will definitely be big figures from the monster clan going."

"You also go to the auction, try your luck, maybe you can find out the news about Xuan Yao."

Ye Chen was thoughtful, and said: "Auction, sacred objects of the monster race...Okay, I will pay attention to it."

Ren Feifei said: "The auction will be held in about five days. In the past few days, I am also planning to negotiate an oath with the ancient star gate, Tianxu Temple, Death God Cult and other forces, and agree that the high-level officials of both parties should not bully the weak. They want to deal with you, then send juniors of the same realm over, don't think about bullying the small with the big!"

Ye Chen asked strangely: "What kind of power is the Tianxu Temple?"

Ren Feifei said: "Oh, I almost forgot to tell you that the Dazhou family, the Xiongba family, and many senior officials of Tuodi Tianzong are all planning to fuse the ancient emperor Yuhuang and the ancient god Tuodi together."

Ye Chen was terrified: "Fusion?"

Ren Feifei said: "Yes, Ancient Emperor Yuhuang and Ancient God Tuodi, one is the present body and the other is the future body. If they are fused, they will definitely become extremely powerful."

"After their fusion, the consciousness of the ancient emperor Yu Huang is the main one. Hehe, Zhou Mushen wants to recreate the gods and reproduce the glory of sweeping the heavens and crushing the Nine Gods in the past."

"Today's Tuodi Tianzong has been renamed Tianxu Temple. Yuhuang Ancient Emperor is the master of Tianxu Temple. He and Tuodi Ancient God have already begun to merge, and it is estimated that they will succeed in the near future."

Ye Chen frowned and said, "Gudi Yuhuang, the palace master, why does he sound like a puppet?"

He felt that the Dazhou family, the Xiongba family, etc., who controlled everything behind them, were the real masters.

Especially the Patriarch of the Great Zhou Clan, Zhou Mushen, he was the one who created the ancient god Tuodi, ended the era of the Nine Gods, and established the supreme hegemony.

Zhou Mushen has always been very low-key, hiding behind the scenes, even in Wuwu time and space, most people only know the ancient god Tuodi, but don't know Zhou Mushen as the god-maker.

Now, Zhou Mushen wants to create a god again, merging the ancient emperor Yuhuang and the ancient god Tuodi together, it is really crazy.

There is no time and space, and there is never a shortage of madmen.

Ren Feifei said: "Hehe, with the temper of the ancient Emperor Yuhuang, he must not be willing to be a puppet. Let's wait and see the good show."

"I'll make an oath with the Tianxu Temple, the Ancient Star Sect, the Death God Sect, Hongjun Patriarch and other forces first, otherwise they will bully the small with the big ones, and it will be difficult for you to grow up."

Ye Chen still had doubts about this vow, and said, "Are they really willing to agree? Are they really willing to watch me grow up?"

A gloomy look flashed across Ren Feifei's eyes, and he said: "If you don't agree, you have to agree. They may not be able to torture and kill you, but I have absolute confidence that I can torture and kill the juniors in their camp."

"Before I was stained with blood and my Dao heart was dusted, the Buddha and I could slaughter all the younger generations in their camp."

"Don't forget, the ashes of the reincarnation book are in my hands, I can modify the past, and want to torture and kill a few juniors, it's a breeze."

Ren Feifei's expression became extremely ferocious, and when he clenched his palm, a gray planet rose into the sky.

This gray planet exudes a vast and boundless aura of reincarnation, but this aura of reincarnation is distorted, and the laws of time are reversed and disordered, which is extremely terrifying.

Ye Chen glanced at it, and felt hairy in his heart, and the hairs on his back stood on end.

He knew that this gray planet was actually a grain of ashes from the book of reincarnation.

The Lord of Reincarnation in that life of the tomb palace failed to create the Reincarnation Purana, but the fantasy of the Reincarnation Book was successful. A few ashes fell from the fantasy, and still has the power to change the timeline of the past.

If Ren Feifei modified the past at any cost, then it would be easier for him to torture and kill junior characters from other camps than to eat and drink, and no one could stop him.

After all, no one would have imagined that the things that have already happened can be changed, and life and death can be reversed, which can be called heaven defying.

Ye Chen swallowed his saliva, and said: "Senior Ren, then... this oath, I will leave it to you to preside over it."

Ren Feifei said: "Well, don't worry, you can practice with peace of mind, improve your strength as soon as possible, first find a way to find news about Xuan Yao, I want to meet him too."

Ye Chen said: "Yes!"

Five days later, the Misty Chamber of Commerce will hold an auction, and there will be an auction of Yaozu sacred objects.

At that time, the important figures in the Yaozu will inevitably appear.

Ye Chen may be able to find out about Xuanyao. If he can find Xuanyao, he can easily decipher the secret of the black-patterned stone egg, and add another strong member to the reincarnation camp.

At that moment, Ye Chen bid farewell to Ren Feifei. He returned to the Emperor's Heavenly Palace, and Ren Feifei returned to the Zen Garden, preparing to discuss with the Buddha and establish vows and restrictions with many hostile camps.

Chapter 9670

After returning to Shanghuang Tiangong, Ye Chen gave the detoxification elixir to his grandfather.

After Grandpa took the Dragon Snake Tianyou Pill, the remaining poison was cleared away.

Although his position as the outer god Tianzun has been taken away by the ancestor Hongjun, Ye Chen is naturally very happy to see his recovery.

Ye Chen was in the training room of the Shanghuang Tiangong, practicing breath adjustment with peace of mind, and was preparing to wait for the auction of the Misty Chamber of Commerce to start.

He first took out the Titan Godship and refined it with a drop of blood.

His reincarnation bloodline is very powerful, even with an artifact like the Titan Godship, he can easily establish contact.

However, it is one thing to contact and master it, and it is another thing to fully exert its power.

After refining the Titan Godship, Ye Chen's cultivation has been raised to the high level of the fifth heaven of the immeasurable realm.

With his current level of cultivation, he can use the Titan Godship to easily travel to all places in time and space, but it is not so easy to use the Titan Godship's defensive effect.

This Titan ship is engraved with layers of restrictions. If these restrictions are activated, they can form a tight protective layer. At the peak level, they can even resist the bombardment of ordinary emperors.

There are also some special prohibitions, which have powerful killing effects, and there are even some summoning-type prohibition arrays, which can summon some special puppets to guard the battleship, attack enemies and kill people.

"As expected of something left by the Titans, it's really amazing."

"It's a pity that my cultivation is limited, so I can only use it as a vehicle."

Ye Chen narrowed his eyes slightly, deeply feeling the power of the Titan Godship.

Although currently he can only regard the Titan Godship as a simple vehicle, he is already quite satisfied.

All kinds of magical functions of the Titan Godship, when he becomes stronger in the future, he will naturally be able to unravel them one by one.

Immediately afterwards, Ye Chen took out the black-patterned stone egg, tried to mobilize his own aura, poured it into it, and saw if it could hatch.

As a result, naturally, as Ye Chen expected, the black-patterned stone egg did not move at all.

"It seems that this black stone egg is not so easy to hatch."

Ye Chen shook his head, had no choice but to give up for the time being, and continued to adjust his breath and nourish his energy to consolidate his cultivation.

At this time, Ren Feifei also sent invitations, inviting many big figures from the Ancient Star Sect, Death God Cult, Tianxu Temple, Outer God Alliance, etc., to the Shenwu Time and Space Sky Knife Family to discuss the oath.

Like the Bone Emperor, Snake Emperor, Zhou Mushen, Xiongbatian, Hongjun Patriarch, Tianqi Supreme, etc., all the top gods in time and space were invited to the Tiandao family to discuss and negotiate.

The master of the Tiandao family, Han Yan's father, the Daotian emperor Han Shenji who had just ascended the throne not long ago, presided over the negotiations as a notary.

Many heavenly emperors and gods gathered together. This is a rare and rare scene in all time and space.

And this big scene, ordinary people are not qualified to witness it in person, even Ye Chen is not qualified.

Because, with so many Heavenly Emperor Gods gathered together, their Heavenly Emperor Qi, crushing time and space, is enough to cause the upper gods to explode instantly, and ordinary people can't get close at all. If they dare to get close, they will die.

Although the top emperors such as Ren Feifei and Gu Tiandi can freely retract their aura, they are all afraid that after their aura is restrained, they will be suppressed by the other party's aura, so when they meet, everyone will use their own aura, Blooming to the extreme, no one is willing to give in.

Ye Chen practiced for a day in the Heavenly Palace of the Supreme Emperor, and he also sensed the shocking changes in the outside world.

The Heavenly Emperor's Qi whistling, the myriad rays of light spread out, the neon colors rolled, and the golden light was mighty, reflecting the darkness of the infinite time and space like a fairyland, all the demons and monsters receded, and it was as if a supreme order had been born between the heavens and the earth, ruled by many heavenly emperors. order.

When Ren Feifei, Gu Tiandi, Zhou Mushen, Tianqi Supreme, Hongjun Patriarch and others were negotiating, all the battles subsided in the whole time and space. Kneeling down and surrendering, he didn't even dare to have the slightest thought of fighting.

Ye Chen was very surprised. The Heavenly Emperor's Heavenly Palace was separated from the Tiandao Family by an unknown number of universes, but the vast Heavenly Emperor Qi was still passed on, which made him feel palpitations.

"The Lord God of Heaven is really powerful, invincible, domineering, and vast. I don't know when I can reach this level."

Ye Chen was yearning for it in his heart. Although he didn't come to the negotiation site in person, so many discussions with the emperors had already touched the sky. Anyone can clearly perceive the scene of the negotiation.

Ren Feifei, Emperor Gu, Patriarch Hongjun and the others did not deliberately conceal that this negotiation was open.

The content of the negotiation is very simple, that is, all parties establish an oath. From then on, the high-level powerhouses are not allowed to take action at will and bully the juniors.

From then on, the battle between the various camps was the top against the top, the juniors against the juniors.

No matter whether it is Hongjun Patriarch, Zhou Mushen, Tianqi Supreme and others, they don't want to negotiate, and they don't want to watch Ye Chen sit up.

There are tens of thousands of obstacles for them to fight against Ye Chen by themselves. How can it be possible for the younger generation to counter Ye Chen's sharpness?

However, Ren Feifei's attitude was very firm, and it was okay to disagree, and from then on, the two sides would kill each other to see who could not hold on first.

Ren Feifei has the attitude of a martyr, and his sharp edge is extremely fierce. Once the negotiation fails, he will immediately activate the power of the reincarnation book, modify the past, and kill all the people in the opposing camp who are below the emperor and god!

As long as he risked his life regardless of the cost, he had the strength to do it.
