Chapter 971

The light of reincarnation is mo Ning'er's only dependence.

it is also the existence that she dares to confront each other as a divine idea.

But the use of the light of samsara is the price of energy based on Mo Ning'er.

At the moment, she is extremely weak.

The great power of the reincarnation cemetery does not mean that it is superior to the entire Kunlun virtual power system.

They have restrictions.

Limitation of power.

If you want to break through the limit, you can only use Ye Chen's body.

But if ye Chen's strength is not qualified, both sides will be hurt.

Mo Ning'er has surpassed her own strength to the greatest extent in the face of the powerful emperor of the blood spirit clan.

She took a gentle breath.

She could feel the remaining strong men coming.

No longer hesitating, the red figure instantly toward the direction of Ye Chen.

Just as she was about to leave, a sound of breaking the sky rang out, and a red arrow shot at her.

"Kill my blood spirit people, still want to go? Who gives you courage

A roar came, Mo Ning'er's face turned pale.

She and the old blood spirit clan stalemate for too long!

I didn't expect this group of people to come so soon!

Her hands pinched Jue, a wall of ice appeared behind her, protecting her.

I thought that the ice wall could block some points, but I didn't expect that the moment the ice wall and the arrow virtual shadow touched each other, they would be broken directly!

Not at all!

"Poof!"

The virtual shadow of arrow penetrates Mo Ning'er's body on the spot.

Almost seriously injured!

Her face was pale and her whole body was very weak.

She did not care what, eyebrow heart a ray of light flicker, instantly disappeared in place.

She knew very well that no matter what the cost, she must leave immediately, otherwise the consequences would be serious.

Just after Mo Ning'er disappeared, the existence of the five extremely terrible breath slowly fell down.

These five people are the remaining five members of the Xueling clan in Kunlun.

When they saw the blood and corpses on the ground, their eyes were full of cold.

The six of them have lived in the blood spirit secret place for a long time. They have been in peace all the time. However, they did not expect that on the first day when the secret place was opened, a companion fell down!

How can this not make them angry!

The old man with crane hair and childish face goes to the place where Mo Ning'er disappears, closes his eyes, and after a few seconds, he suddenly opens up.

The eyes are extremely serious.

"This man's breath is very familiar, as if from ancient times, is there a strong man from ancient times mixed into it?"

Another old man stepped forward and observed for a few minutes. He said to the old man, "it's not so simple. I've seen the corpse. The damage should come from a strong force. It seems that only our place can have this power, but I don't know why it appears here."

The old man nodded: "the red shadow should have escaped with a secret method. It was hit by my gloomy lethal arrow. It won't last too long. She can't run far. We'll look for it separately."

"What's more, it has something to do with the youth under the mysterious blood mist. We should also pay attention to it!"

"The situation is out of control now. What we have to do is nip all the threats in the cradle."

"Yes

The five figures dissipated in an instant.

.....

At the same time, in a cave.

The cave is covered by luxuriant weeds, and ye Chen also uses several arrays to cover it.

Blood essence as the lead, plus the power of God thunder.

It's hard for ordinary people to find out.

It's not so easy for the emperor to respect the strong.

As for Mo Ning'er, there is a samsara cemetery between them. It should be easy to find yourself.

Ye Chen put Mo Ning on the ground, thought, or feed a pill, the silver needle in the hand directly shot into the chest of Mo Ning.

His hand number was above Monin's pulse, and his expression changed slightly.

Moning's injury is more serious than he thought.

Not only the body was injured, but also there were two kinds of poisons in the body.

"Ling Tian, how did Miss Mo get hurt?"

Ye Chen asked.

Ye Lingtian thought for a moment, shook his head and said, "I don't know the specific things. At that time, many people died. When I recovered my mind, Miss Mo was injured. Those people won't fight. They are really beasts!"

"All right."

Ye Chen no longer hesitates, reaches out his hand, nine days Xuan Yang is determined to move, a trace of true Qi is wrapped around his fingertips.

Gently from Monin's chest to his abdomen.

"Um ~"

perhaps because of the pain, Monin made a soft voice.

Ye Chen is not distracted, and constantly extracts the body of moning with genuine Qi.

Five minutes later, a black liquid flowed out of Monin's fingertips, and his pale face became ruddy. Ye Chen exhaled a breath: "it's almost done at last."

"This blood spirit secret place is worse than I imagined. If I guess correctly, the strength of several strong blood spirit clan members in the blood spirit secret realm is not lower than that one. It is impossible for me to face emperor Zun state now!"

"Mo Ning'er, after all, is not a strong one in the reincarnation cemetery. According to Lin Qingxuan, Mo Ning'er is just an existence mixed into it, and he can't cope with it. At present, the only way is to use the power of blood for seven nights. "

"It's just blood seven nights. If you want to start, you have to go to that place first."

When ye Chen thought deeply, there was a footstep outside, and all held their breath.

Suddenly, a red figure stumbled in.

"Bang!"

Finally, it hit the hole.

Ye Chen saw the red figure and stood up fiercely. He held her with both hands: "Mo Ning'er, how are you doing?"

Mo Ning'er was pale and forced to sit up: "tomb owner, I killed an old man of Xueling clan, but there are still five left. Any of these five will pose a great threat to the tomb owner. Now..."

Words have not finished, Mo Ning'er's virtual shadow is getting weaker and weaker.

Ye Chen as like as two peas in the past.

"Damn it!"

Xiaohuang stood on Ye Chen's shoulder and frowned: "she used the light of reincarnation, which is undoubtedly looking for death, ah."

Ye Chen heard the voice and looked at Xiao Huang in a hurry: "Xiao Huang, do you have a way?"

Xiao Huang shakes her head: "there are so many ways. She is a deity. If the power of the mind disappears, she will dissipate between the heaven and the earth. This is the conservation of energy. Even if the ancient doctors are alive, I'm afraid they can't return to heaven."

Mo Ning'er reluctantly smiles: "the owner of the tomb, Ning'er was accidentally mixed into the reincarnation cemetery at the beginning. To know the owner of the tomb is the greatest honor in Ning'er's life."

She coughed a few times and reached out to see the black blood.

Ye Chen frowned anxiously. Just as she was about to say something, she continued to say:

"it's just that Ning'er can't accompany the tomb owner any more. She hopes that the tomb owner can continue to untie the things behind the samsara cemetery."

Chapter 972

"The energy and power of this blood spirit secret place is extremely suitable for the reincarnation cemetery. If the tomb owner finds several opportunities, his strength will definitely advance by leaps and bounds. Only when the strength is strong, can he have the strength to fight against the powerful people of the blood spirit clan and even higher level."

Mo Ning'er said, the shadow of the body is getting lighter and lighter.

Almost transparent.

Ye Chen has an indescribable feeling in his heart. He clenches his fist and smashes down the ground.

This feeling of powerlessness is too oppressive!

At this time, Mo Ning not far behind may be the toxin disappeared, and gradually opened her eyes. When she saw Mo Ning'er in the distance, her eyes widened and she exclaimed!

She had never seen anyone so similar!

It's almost the same as her!

Even the blood in her body seemed to boil because of this man.

It seems that I exist for this girl in red.

Ye Chen and others heard the sound and quickly looked back at moning.

But Xiao Huang felt something and said, "in fact, there is still a chance."

Mo Ning'er's eyes are also with a light, but also dead staring at Mo Ning!

There is a blood essence in moning's body, which is the key if she wants to survive.

Ye Chen feels what, ask small ecliptic: "do you have a way?"

Xiao Huang shakes his head: "this matter, should let these two people communicate, any choice is in their body."

The language falls, Mo Ning Er stands up, weak body toward Mo Ning but go.

Though he was afraid, moning stood up instinctively.

"Are you..."

Mo Ning'er did not have any nonsense: "you are me, I am you, you can understand that you are a part of me, your existence is for me."

"Now, I need your help. Either I dissipate, or let me enter your sea of knowledge. "

"I don't want to, but I have one thing to tell you. The Mo family made you born for me in ancient times. They wanted to get some information from you."

Moning's expression is very puzzled, but smart she quickly understood something.

From small to large, things that do not understand seem to be connected.

She thought of an old portrait.

She had always thought that the portrait was herself. Now, she was just the shadow of a girl in front of her.

"What can I get? Will I dissipate? "

Hesitating for a few seconds, these are two questions raised by Monin.

Mo Ning'er is more and more weak. She shakes her head: "you and I are one body. We enjoy the body and blood together. I can give you cultivation and strength, even from the memory of ancient times, so that you can make your own decisions on many things."

"Kunlun Xu stripped gorgeous coat, is dirty, you should feel, only powerful, can control everything, even Mo family."

"What's more, if you don't promise me, I will give you these. I have one condition. We must believe in one person, that is, the tomb owner."

Hearing Mo Ning'er's words, Mo Ning takes a look at Ye Chen, his eyes are wavering.

Ye Chen is kind to her, she absolutely can't refuse, and at present, she is injured, is the strength cannot keep up with.

If you don't choose the girl in front of her, she may not be able to walk out of the secret place of blood spirit alive.

So, in fact, she had no choice.

Hesitating for a few seconds, Monin tapped his head: "OK."

"I also have my requirements, I want to step into the realm of emperor."

Mo Ning'er sneered: "your requirements are too low. After you and I fit together, you will understand that cultivation is endless! What's the emperor's realm of honor? "

"Tomb owner, protect the Dharma for both of us

Ye Chen heard this sentence, nodded, two cold light flashing out.

It's Jiuyou sky killing spear and dragon chopping sword!

A sword and a gun are suspended around Ye Chen.

The breath on Ye Chen's body is also constantly erupting.

Xiaohuang also jumped down from ye Chen's shoulder, wrapped in lightning, guarding the hole.

Although ye Lingtian doesn't know what happened in front of him, he still offers weapons to protect Mo Ning'er and Mo Ning.

In the cave.

Mo Ning'er stretched out her hand, and her hands touched each other, and her palm overflowed with countless stars.

The light of stars surrounds Mo Ning'er's whole body.

The shadow disappeared.

The cave is full of stars.

"Monin, don't mean any resistance. Just relax and let me in."

Hearing this, Monin nodded, closed his eyes, and his eyelashes trembled!

All of a sudden, the light of countless stars was pouring towards Monin!

Seven orifices.

Pores.

Dantian.

It's full of stars. The blood of moning seems to be clearly visible, and the power of endless stars is like the bright stars shining on the cave.

Ten seconds later, the formation disappears.

There is only one figure left, which is moning.

Moning's long hair drifted away, and the strong wind started. The water vapor around him instantly formed ice crystals.

The whole cave is turned into an ice cave in the blink of an eye!

At the same time, the cultivation of moning began to climb!

Very fast!

"Reincarnation of life and death, separate as me, the destiny of heaven begins with the stars."

Monin's lips moved, as if chanting a spell.

Then, her rapidly climbing realm finally stopped!

Finally stay on the first floor of emperor Zun!

"Crash!"

Monin's eyes opened, a touch of red and cold flashing.

Her eyebrow heart is a fiery red mark, the clothes on her body also do not know why to turn into a fiery red.

Not only the transformation of strength, but also the transformation of temperament.

She even felt that she had ascended the throne.

Mo Ning's cold eyes fell on Ye Chen's body, killing intention convergence, red lips outline a radian.

The style is charming.

Monin knelt down on one knee and whispered, "I've seen the tomb owner."

Ye Chen was surprised for a few minutes, lost his mind for a moment, and asked, "what should I call you now?"

Moning smile, the whole body of ice disappeared, as if frozen thousands of miles, a night into spring.

"The tomb owner calls me moning. After all, my body is not here, and the owner of this body is moning. Now she controls everything in my mind. As for some martial arts in my memory, it still needs time to wake up."

"It will take about seven days. After seven days, if we face the strong people of the blood spirit clan, moning will not be in such a mess at least."

"After I go out, I will take control of the Mo family. The Han family treats the tomb owner like this. I should let them understand one thing! In ancient times, the status of the Han family was only for the Mo family to carry shoes! "

At this moment, Monin broke out with a strong momentum, just like a goddess coming.

Ye Chen looked at Mo Ning, just want to say what, but outside the cave is shaking up.

Even the shielding array set by Ye Chen seems to be unable to bear it, and it directly disintegrates.

Xiao Huang squints at the outside and says: "it seems that the vision of moning and Mo Ning'er combination has startled some existence."

Chapter 973

"Startled some existence?"

Ye Chen looked out of the hole, except for the sense of vibration, there was no shadow.

Is it the rest of the blood spirit clan strong come?

Xiao Huang broke out a strong thunder and lightning all over her body, and did not answer.

And Mo Ning also came to Ye Chen's side and said, "tomb owner, give me three minutes. At present, our two states have not yet fully integrated. I must use some techniques as the price to forcibly integrate martial arts memory, otherwise in the face of powerful existence, I still have no qualification."

After that, Mo Ning holds his breath and moves his legs.

A red light was spreading.

Ye Chen is always looking at the hole, and he can feel the vibration more and more intense.

"What on earth is it?"

Ten seconds later, a dark shadow suddenly appeared.

Seeing this dark shadow, ye Chen was stunned by everything in front of him even though he had seen a lot of the world.

This is a giant snake 100 meters high.

It's covered with a huge stone.

The key stone is shining with dim light.

From a distance, it seems to be straight to the sky.

Ye Chen looks at Xiao Huang beside her and finds that there is a strong sense of seriousness in her eyes.

Normally speaking, the blood of Xiaohuang's body comes from ancient times, and few of them can make it take such a serious attitude in terms of monsters.

In front of him, he could feel the danger of Xiaohuang in the face of this thing.

"Those blood spirit people in this place should not come for the time being, because this is the territory of this guy. If we don't solve this guy, it will be very difficult for us to go out."

"And I feel the ancient blood from this guy. There is definitely something wrong with the origin of this guy."

"If you subdue this beast, you can crush at least three emperors! Even in the secret place of blood spirit, those strong people of blood spirit family are not qualified to move you. "

When Xiao Huang talks, a cold light comes over.

It was the body of the giant snake.

Its eyes are very cold, and even make the virtual king of Ye Lingtian's body almost rigid.

It's almost frozen.

"A group of mole ants, this is the place of my Shizun. Do you know what it costs to break into this place! It's easy for me to kill you! "

"All kneel down and die!"

There was a threat from the sky.

The endless sound waves directly smash Ye Chen's array.

Without the array, ye Lingtian spits out a mouthful of blood directly, and his face is pale.

Even ye Chen also stepped back a few steps, as if the blood of the body was frozen.

Xiao Huang did not move and let out a deep roar.

Ye Chen took a look at the inside of moning, at the moment, moning may be affected, the expression is very ugly.

Since he promised to give moning a few minutes, he naturally wanted to do it. He pinched the formula with his fingers and forced a drop of blood essence again.

The blood essence is scattered, which condenses the aura of heaven and earth around, forming a blood color barrier.

There are faint signs of fragmentation in the blood color barrier.

It won't last long.

Looking at some people at the cave entrance, Shizun sneered: "it seems that you still don't understand what I mean. Well, your breath is pretty good. The energy of this blood spirit secret place can't let me break through. But if I swallow you, I can improve my cultivation."

Words fall, the stone statue is from the sky, the wind dancing, the body reflects a dazzling light.

The whole body of light is even like a blade, where it is touched, all of them are cracked, and the giant trees are smashed.

Xiao Huang took a look at Ye Chen and said, "this guy, you are absolutely not its opponent. It is just a destroying machine. I'll try to see if I can handle it. If I can limit the other party, you can do it again! At my command

"Good."

Ye Chen holds the sword of chopping dragon and Jiuyou sky killing spear in both hands.

I'm full of blood. I'm ready to go.

But Xiao Huang is to send out a burst of roar, toward the stone Zun rushed out.

"Your opponent is me. Although my current state is only evolving to the second level, I can't play the real power of ancient blood essence, but it's not so easy for you to move me!"

Xiao Huang, like a flash of lightning, suddenly appeared behind the stone statue.

Sharp claws directly across the stone statue's body, a crack directly generated.

Shi Zun obviously didn't expect Xiao Huang to speak, and his means were so uneven.

It quickly wake up, the body in the air twist, that is full of explosive force of the tail, hard to hit Xiaohuang!

Xiao Huang sneered: "your body is too big. It may be useful to deal with human beings or other fierce animals, but for me, this is your biggest shortcoming!" With that, Xiao Huang's blue pupil released the power of the fierce God thunder. With the help of God's thunder, it flew tens of meters high, and finally landed on the top of the stone statue.

"Although I don't know where your life gate is, if you lose your vision, it will be very painful!"

Hearing Xiao Huang's words, Shizun suddenly thought of something. He wanted to get rid of Xiao Huang, but found Xiao Huang on his head like Mount Tai.

At the same time, the sharp blade claw with the power of God thunder, directly stabbed the eyes of Shizun!

"Time!" With a sound, Shi Zun's eyes were instantly stained with blood.

Blood even spilled on Xiao Huang's body.

"Ah

Shi Zun roared angrily, and a strong anti shock force came from his body.

The soft tail is hard to hit his head.

Shizun wants to take Xiaohuang at all costs!

Xiao Huang wanted to destroy Shi Zun's other eye, but now it's obviously too late.

The wind devoured, it knows can not dodge, can only open the red pupil, a strange force spread in the body.

In the red pupil, it seems that there are ancient words flashing again and again.

"Ding!"

The tail of Shizun's destructive power was hanging in front of Xiao Huang, unable to move forward.

Of course, Xiao Huang's body is shaking.

The power released by his red pupil is based on his strength.

Now it has not evolved into the final form, obviously not qualified!

But all these actions, fell on the eyes of Shizun is completely scared.

It is enough to know how the power of the emperor is comparable to that of human beings!

General fierce beast is not qualified to resist!

But what is the situation now!

Such a small mole ant can resist this attack!

Even ye Chen was shocked. The picture in front of him was too shocking.

Xiaohuang's body is too small to shake such existence?

Just at this time, trembling Xiao Huang opened his mouth and said, "it's now, the center of his eyebrows!"

Ye Chen then eased the God, and did not talk nonsense. He held on to Jiuyou's sky killing gun, and stepped on it, and the whole person went to Shizun.

Chapter 974

He didn't dare to take it lightly, but he used Lin Qingxuan's three unique guns!

The air seemed to tear!

Jiuyou sky killing gun is like a snake dancing in your hand!

It also draws an ancient rune.

The spear breaks the rune!

The light completely erupts, devours the heaven and earth, such as volcanic eruption!

As if the flame burning, full of the whole world!

Ye Chen's gun intention spread, the power of destroying the withered and decaying crazily spreads!

The meaning of the spear turned into countless cold lights!

The momentum of terror suddenly soared, God thunder, immortal fire, two forces wrapped that turned into countless cold light gun meaning, toward the stone Zun's eyebrows shrouded.

Shi Zun obviously felt something wrong. He wanted to get rid of Xiao Huang, but it was too late!

The meaning of Jiuyou sky killing gun suddenly falls on the key of Shizun.

The scale covered by the dark stone broke open and made a hole.

Blood flowing, gradually stained the whole snake head of Shizun!

"Damn human, die for me!"

There was a roar from Shizun. The breath of his body suddenly released, and his body rose again.

Even like a mountain!

Powerful momentum is to fly out of small Huang Zhen!

Little yellow's red pupil appeared a trace of blood, the body turned in the air, and finally hit the ground hard!

A deep pit formed.

This blow, let Xiaohuang's body weak a lot, suddenly, he felt what, hurriedly to Ye Chen way: "be careful!"

But it's too late!

Shizun opens his ferocious mouth and rushes towards Ye Chen.

Ye Chen steps lightly, wants to leave, the violent power falls directly!

"Bang!"

It's all over the sky.

All his bones seemed to be broken by a force.

If he did not evade a few points, if he bears all the strength, he will surely die!

Under the hard resistance, ye Chen a mouthful of blood spurts out, the body is toward the rear retrogression.

It's obviously not.

Fortunately, the effect of body training is playing at this moment, and the body's injury is rapidly recovering.

Xiao Huang came to Ye Chen's side and stood on Ye Chen's shoulder. He continued: "this guy is like steel. It's very difficult to break open. Only the head can be seriously injured. But now, I destroy his eyes, completely infuriate this guy, and his body is more troublesome."

"How long will it take for Monin?"

Ye Chen looked at the cave and said, "two minutes."

Xiao Huang hesitated for a few seconds and said, "OK, but the rest of the things may depend on you. My body seems to be..."

Ye Chen's one Zheng, depends on oneself?

What do you mean?

Before Xiaohuang finished, ye Chen found that Xiaohuang closed his eyes and fell into his arms.

Even snoring!

Xiao Huang fell asleep again!

Sleeping trough!

How come the chain fell again at the critical moment!

Now, if you want him to resist alone, how can you stop him?

At this time, there was a cold roar above his head: "mole ant, die! Your partner can't help you either! Little human, dare to challenge my stone statue! Ridiculous

Shizun's eyes are cold. He is afraid of Xiaohuang's red pupil.

Now Xiaohuang's threat is lifted, facing Ye Chen, it has absolute qualification to dominate!

It wants to crush this humble human being thoroughly!

Shizun fell from the sky, this time did not hit Ye Chen, but drilled into the ground under his feet and disappeared.

After a few seconds, the ground vibrates, and everything under Ye Chen's feet is lifted. Shizun opens his mouth and wants to swallow Ye Chen!

"Get out of here!"

"Cut the dragon and ask the sky sword, come on!"

Without Xiaohuang, ye Chen could not have been waiting for death.

Sword and gun will be released at the same time!

The way of talisman, the divine thunder, the immortal fire, and even the evil Qi are all swept up!

The sword spirit is vertical and horizontal, the flame is surging!

The gun will devour, just like a magic dragon!

Ye Chen has never used these two magic weapons at the same time. Now, when he displays them, he instantly forms a thousand sword spirit and a sense of spear.

To the storm, like a stone.

Countless power crazy hit on the body of the stone statue, the surface of the stone broken a few minutes.

These forces are enough to make many monsters turn into a pool of blood, but in the face of stone Zun, they can't hurt at all!

Even Shi Zun was still hit by sword spirit and gun intention.

"It's good that this power can break out on a mole ant, but it's me that you are facing, humble guy. Die for me!"

The stone statue opened his mouth, and countless boulders came out. Even every boulder was ablaze.

It's like a meteorite!

Ye Chen's face changes slightly. Jiuyou sky killing gun draws an arc in the air, forming a red barrier.

The barrier was meant to block, but it broke on the spot.

Nine you kill the sky gun is also free of Ye Chen's palm, a flip, stable inserted in the ground.

The huge anti shock force makes Ye Chen's blood flow in his body!!

It's the worst.

Ye Chen fell on the ground, his face hard to see the extreme.

Shizun sneers, does not give ye Chen the chance to resist. He sends out a sound like tearing the air and goes to Ye Chen again.

"Ants, do you want to shake me with your strength?"

"Do you know how long I have lived here? When the secret place here was created, it was the beginning of my birth. I absorbed the blood spirit of this place from a small snake and integrated the body of rocks. How much did I pay?"

"Is this something you, such as nobody, can shake at will?"

"I don't know how many years I've survived here, but you humble mole ant has only absorbed the aura of 20 years. There is no difference between killing an ant and crushing an ant like this!"

With a roar of anger, Shizun appeared in front of Ye Chen. His scales full of stones even broke away from his body and turned into steel needles and shot at Ye Chen.

Dense and dense, it blocks out the sun.

"Humble human being, now you can feel despair. Your realm is too low, just enough to plug my teeth. I know the existence in the cave, so I can absorb it. When I solve you, I will level the cave again

At this moment, the stone statue seems to control everything.

It was born in this blood spirit secret place. It knows the rules here better than anyone else. Every move of it is in accordance with the rules of strength in the secret place.

Ye Chen looks at that dense and dense killing intention to sweep and open, does not care too much, strong endure the pain on the body!

He wanted to summon Jiuyou sky killing spear, but he had no chance. He could only ask the sky sword by cutting the dragon, and sacrifice ten thousand swords to the emperor!

Today's Ye Chen once again uses Chen Tianli's sword, which is amazing!

It's like a meteor shower.

The world is frozen.

The meaning of sword is a field of its own.

Innumerable sword ideas collided with Shizun's killing intention in an instant.

A huge roar rang through.

The dust splashed up and blocked out the sun.

Chapter 975

At the same time, ye Chen feels something. The dragon in his hand asks the sky sword to fly out.

Obviously, Jianlong asked Tianjian to fight for ye Chen.

Although Jiuyou sky killing spear is higher than the sword of chopping dragon and asking heaven, there is no weapon comparable to the sword of chopping dragon and asking heaven in terms of fitness and loyalty!

The sword flies into the dust and disappears!

Ye Chen wants to take back the sword of beheading the dragon.

Although the dragon sword is powerful, there is no right to resist in the face of such a huge beast!

There may even be an accident!

"Tear

The next moment, however, Shizun made a roar of anger.

Countless billows of air roll, the smoke and dust covering the line of sight disappear directly!

Ye Chen's vision is clear, that is to see the sword cut dragon ask the sky around the stone statue.

Each blow is with the strongest force on the body of the stone statue.

Only the sound of gold and iron!

But it didn't hurt at all.

One beast and one sword keep touching!

The provocation of the sword of beheading the dragon and asking the sky completely angered Shizun!

Shi Zun's body swings, and the evil spirit is like the momentum of the heaven devouring everything!

Finally, open your mouth and swallow the sword!

Ye Chen's face is not right, the only trace of contact also suddenly disappeared!

From Jiangcheng to Jiangnan Province, then to the capital city, and even now Kunlun Xu, it is like a companion to fight with him!

Now suddenly lost contact, ye Chen's mind is tight.

Looking at Ye Chen's appearance, Shizun sneered: "mole ant, you don't really think that a sword can have any influence on me. It's ridiculous!"

"Now even your sword has become my food. I don't know how I feel about it!"

As soon as the words fell, Shi Zun's smile became stiff.

He suddenly lowered his head, but found that there was a hole under his neck.

A small bloodstain came out.

Then, a sword flew directly out of the bloodstain!

"How could it be!"

Seeing this mark, Shizun could not imagine that such a humble human spirit sword could break its body.

It stares at the sky sword, but finds that there is a faint light on the sword.

Extremely weird.

"Is this the light of reincarnation?"

Ye Chen saw the dragon and asked the sky sword to fly out and breathe out a breath.

The light of reincarnation?

Naturally, he also noticed the light on the sword.

This is different from any force of Kunlun Xu.

If we really want to say that it is similar to the energy of the hundred tombstones in the samsara cemetery.

Is this so-called light of reincarnation related to the tomb of samsara.

After all, the sword of beheading the dragon has been lost in the samsara cemetery.

Ye Chen grabs five fingers and wants to take back the sword, but he finds that there is still no connection between them.

He noticed that the light of reincarnation on the sword gradually disappeared. The body of the sword was very dim, as if it had lost its vitality.

Ye Chen quickly runs the true Qi and exerts his strength on his feet.

The whole person strides is more than ten meters high!

Just wanted to hold the dragon and ask the sky sword, a strong wind came!

I saw the tail of Shizun first appeared in front of the sword. The tail rolled and countless boulders flew out, directly wrapping the sword!

It seems that the sword is sealed in a huge stone.

Shizun knew that there was no threat from the sword, so he swallowed it directly!

The next second, it is toward Ye Chen.

In its view, the capital of all the culprits is Ye Chen!

This boy will die!

Just as it approached Ye Chen rapidly, there appeared a light column in the cave.

An extremely strong breath flew into the sky.

Then a girl in red is suspended in the air!

Three minutes!

"Just a monster, dare to fight against the owner of the tomb, looking for death!"

Moning snorted coldly. It was like ice in the ten miles!

Snowflakes appear on the sky!

After that, Mo Ning's wrist shook, and a cold sword flew out of his palm, shooting towards Ye Chen!

Whoa!

The cold light flashed by, and the sword spirit swept across the world.

A touch of blood mist, it seems to dye the horizon of Wang Xia!

The stone statue was staggering.

This time, unprepared, he was attacked by a flying sword. The naked eye could see that the skin on the side of Shizun was completely torn apart.

A ferocious wound appears, red blood, such as a fountain gushing out!

"Roar..."

The huge pain, let this stone Zun send out a burst of sadness. It is naturally aware of the scarlet girl's horror, a deep glance at the girl in red, is ready to retreat.

If it had not been injured, it might still have the power to fight, but now it is impossible!

Mo Ning looked down at the stone Zun to go and sneered: "it's so easy to go! The wall of ice

Her slender fingers quickly pinched the formula, the ground vibrated, and the water droplets in the air were constantly gathering, forming ice walls in all directions!

Blocked the way of Shizun.

The ice wall is constantly gathering, hard to the stone Zun pressure.

Moning fell from the sky, and the ice sword in his hand seemed to turn into a hundred feet and split into the sky!

Now she is on the top of the emperor's respect. She has contact with hundreds of great powers in the samsara cemetery. Her understanding of martial arts is far beyond everything!

Except for those who are strong in the middle and later period of emperor Zun's realm, ordinary people want to shake it!

"Tear

In Shi Zun's frightened eyes, the sword will be cut directly on his tail!

The stone on the surface of the body is directly converted into powder.

Sword meaning extension, flesh and blood blur!

One tail was cut off!

Shizun uttered a wail. He could not care about everything any more. He opened his mouth and spit out a green spirit stone!

The spirit stone burst, and the violent energy swept toward Monin.

Mo Ning a Zheng, surprised way: "the thing of blood spirit clan? How could you have it! "

When moning lost his mind, the stone statue dragged its huge bloody tail into the ground!

Seeing that he was about to enter, ye Chen stepped out and grasped the body of Shizun with five fingers!

Also into the ground!

Cut dragon asked Sky Sword is still in Shi Zun's stomach, he can't let this guy leave easily!

"Tomb owner!"

Moning got rid of the blue light in front of him and landed on the ground, but found that there was nothing on the ground except a pool of blood!

The owner of the tomb and the injured stone statue have disappeared!

"Damn it!"

Mourning's red dress floated down the deep pit on the ground and finally came to the edge of a cliff.

She looked at almost ten thousand meters in the sky, her eyes were serious: "it seems that the monster Shizun brought the tomb owner to the cliff. There is an ancient array around the cliff. I am not familiar with it. If I break it, it will certainly hurt the owner."

"I can only wait here. The stone statue is so seriously injured that it is impossible to threaten the tomb owner. This may be an opportunity for the tomb owner to be in the blood spirit secret place."

Chapter 976

Under the cliff.

Ye Chen opened his eyes vaguely. He felt some pain in his head.

The bones all over the body seemed to fall apart.

He vaguely remembered that Shizun had fallen from the cliff and his body was sliding down the cliff.

If it was not for his physical training, the consequences would be unimaginable.

Ye Chen took a deep breath and felt the connection with the reincarnation cemetery.

Everything is still there.

Xiao Huang is also sleeping in the samsara cemetery.

Apart from the injury, it's not too bad.

"No, there's a dragon to ask the sky sword!"

Ye Chen Mou son shrinks, true gas moves, fierce stand up.

Then he remembered the purpose.

He didn't even take the pills and looked around at the strange surroundings.

The weeds are overgrown with aura.

Countless boulders are scattered around, with a trace of blood.

It must come from Shizun.

It's a pity that the stone statue has long been gone.

There is a long bloodstain on the ground. Shizun is seriously injured and should not go too far.

Ye Chen took out some pills from the samsara cemetery. He just wanted to take them, but Yu Guang noticed something and went in a direction.

He stopped quickly, his eyes were shocked, because in front of him was an acre of elixir field!

The spirit grass here is extremely rare, and it has a strong aura.

Can't even use spirit stone to measure value!

Once you use these herbs to refine pills, the effect is amazing!

The key is how these things can be found in such a desolate place.

Such a neat arrangement, not at all like wild, more like artificial!

As for the monster Shizun, it's impossible!

Is there anyone else under the cliff?

Ye Chen thought of only two possibilities, one is the ancestor of the Han family, the Han Yun who experienced the ancient war.

Another possibility is the old people of the blood spirit clan.

No matter who it is, ye Chen doesn't care.

He had no respect for the Han family and the blood spirit clan. If it was not for the powerful demand of the reincarnation cemetery, he would not have entered this ghost place.

No longer thinking about it, ye Chen began to carefully remove all these spiritual grasses and put them into the reincarnation cemetery.

He was sure that any of the herbs in front of him would be valuable if he dropped them into the auction of Kunlun Xu!

I found the treasure!

For ten minutes, ye Chen swept half of the herbs clean, and even prepared to take time to refine some ancient pills.

He is now a virtual level Dan division. If he combined with these herbs to refine ancient pills, he would have no harm to the future battle.

At the moment of Ye Chencai's craziness, there was a voice of ranting from behind!

"Who are you! Why steal my medicine! "

Ye Chen's body is completely stiff at this moment!

Steal?

Are these herbs owned?

The point is, this seems to be a girl's voice?

Is there anyone else living in this blood spirit secret place?

Sleeping trough!

Ye Chen turns around and sees a girl in yellow.

The girl looks seventeen or eighteen years old. Her eyes are smart, and she has a lively charm.

A pair of fibers pointed at him, white skin such as jade, reflecting the green wave, like transparent general.

The girl's Willow eyebrows are like the moon, and the two pools are like stars. Her nose is delicate as the moon, and her lips are full of cherry.

"I ask you, you are a man who is not shy. Why do you want to steal my herbs? If I didn't hear the news, you would have picked them up and handed them over quickly! If the master knows about it, don't want your head! "

Although the girl was threatening, she even heard some anger.

But ye Chen can feel the kindness and curiosity of the other party's words.

It's like facing another alien species.

"Did you hear me? And how did you get here? There has been no one here for many years, a thousand years? Or longer? "

The girl frowned, as if counting something.

Ye Chen put down his hand, just picked that part of the herbal medicine, arched his hand: "I'm really sorry, I thought it was natural growth here."

"If you offend, I'll pay for it."

The girl snorted coldly: "these things are all I have worked hard to grow. How can you compensate for all these things? How can I cook at night?"

Cooking?

Ye Chen almost spits out a mouthful of old blood.

These valuable herbs are used for cooking, which is too outrageous.

The key thing is that this kind of thing is not tasty, and some of them are even weird.

In order to determine the girl's identity, ye Chen still asked: "do not know your master's surname is Han?"

The girl seemed very simple and shook her head: "my master doesn't have this surname." "Blood spirit clan?" Ye Chen asked again.

When the girl heard the three words of Xueling clan, her original simple expression turned to killing. She drew out a thin sword in her hand and came directly to Ye Chen.

"Are you a villain of the blood spirit clan? If it wasn't for you, we wouldn't be stuck here forever. The master said, "if you see the blood spirit clan, you can either run or kill!"

Ye Chen looks at the girl's thin sword. Without any evasion, he opens his fingers and holds the sword directly.

Although he was injured, the girl's cultivation showed that there was no holy kingdom.

Seeing that the sword in her hand was grasped, the girl became angry. As soon as she wanted to do it, ye Chen released her hand and explained, "this girl, you misunderstand me. I am not from the blood spirit family. I am also a deadly enemy with the blood spirit family. It is forced by the blood spirit family to appear here."

The girl examined Ye Chen with suspicious eyes for a few seconds, and finally took back the sword: "it seems that the blood spirit clan is an old man. Your bones are only 20 years old, which is really impossible. Besides, you are a fan root. Those annoying guys will not accept you as an apprentice."

Ye Chen:

Ye Chen's heart is of course speechless, but at least determined one thing.

In addition to the Han ancestors and the blood spirit clan, there should be other people in this blood spirit secret place!

The girl in front of her should have no hostility, and even be a bit silly. Her EQ is relatively low. I'm afraid she hasn't contacted people for a long time.

The girl took a look at those herbs and urged, "I know you have storage space on you. Please give me the medicine back! Otherwise Or I'll tell the master to go! "

Ye Chen thought, his behavior is really stealing, but once the medicinal materials are pulled out, they lose their activity and can't be planted again.

The special nature of samsara cemetery is to store medicinal materials and keep them in the freshest state. If they are taken out, the value of these herbs will be greatly reduced.

Girls are used to finish the meal, do not know how to exchange things with the outside world?

Ye Chen no longer hesitated and said, "girl, I'd like to compensate you for some things. The medicinal materials have lost their activity, and it will be harmful to take them out. What's more, how about these herbs when I owe you one? You can let me do any three things in the future

With that, ye Chen took out some Chinese food.

Because of Ji Lin's request, almost a mountain was piled up in his samsara cemetery.

The girl looked at the food in front of her, frowned, a little wary, perhaps out of curiosity, picked up a bottle of drink.

"What is this?"

Ye Chen didn't know how to explain it for a moment. He could only say, "you can drink it. This is our specialty."

Chapter 977

The girl hesitated for a few seconds, because she didn't know how to open it. When she cut the thin sword, she broke the plastic bottle.

Then, take out a silver needle to test the poison. After confirming that there is no poison, he sipped it.

Soon, there was joy and excitement in the eyes, and a few drinks.

Staying here all year round, I eat herbs and herbs, and taste some Chinese things. It's natural to be surprised.

"That How is it refined? Is it the holy water that the master said

Ye Chen almost fell to the ground, do not know whether to cry or to laugh.

Because of the food, ye Chen is quite familiar with the girl.

"How much of this stuff do you have? You took my medicine. It's our food for months. It's not cost-effective."

Ye Chen knew that he had picked up a bargain, so he took out a big box for the girl.

The girl's breath seemed to be short, the finger lightly, the box is disappeared, obviously is the income storage space.

"In this case, you and I will not owe each other, and I do not need those herbs. After all, I am not only in this medicinal field, but you can go back where you come from. As for the three conditions, I am not rare, that's all."

The girl was afraid that ye Chen would change her mind, so she turned around and walked quickly towards the deep.

Ye Chen naturally can't let the other party leave. After all, this girl is the only person Ye Chen knows here.

If you want to find Shizun, you must have a clue!

"Girl, wait!"

As soon as ye Chen's words fell, the girl turned around and said in a rather hostile way: "do you want to change your mind! The master said that once the transaction is successful, you can't change your mind again, or it will violate the morality and morality of the Jianghu. "

Ye Chen shook his head and said directly, "this girl, my name is Ye Chen. I came here by accident. I'm not familiar with this place. What brought me here is a monster named Shizun. It is covered with huge stones, and the scales on its surface are all stones. Have you ever seen it

The girl breathed out her breath, and her eyebrows expanded. She said, "I know what you said. If you walk five thousand steps north, you can see a cave. That cave is the residence of the monster."

"It's just that the monster seems to have been hurt. When I came here, I saw that it was bleeding."

Ye Chen Mou son a Xi, also regardless of the girl, is to quickly walk toward the north.

For ye Chen, cutting the dragon and asking the sky sword is the key now.

"Hello, Hello, what are you going to do with that guy?"

"Shifu doesn't let me get close to that guy. I haven't dared to meet that guy for so many years. You'd better go straight to him?"

Ye Chen didn't pay any attention to it. The girl took a look at Ye Chen's back and thought for a few seconds, but she still followed up.

.....

Five minutes later, ye Chen saw the cave the girl said.

On the surface of the hole there are lines of boulders.

It seems to be from the ancient pattern.

The mouth of the cave is full of blood, and even there are roaring voices.

Ye Chen Mou son tiny MI, take out a few herbs just now, take down directly.

His whole body was covered with a ray of golden light, and his body recovered quickly.

Then, he took out the Jiuyou sky killer gun and went towards the depth of the cave!

"Who!"

A roar sounded, the darkness of the cave, a pair of cold eyes, straight Ye Chen.

It's Shizun!

Ye Chen feels his breath has quickened.

However, he could feel that Shi Zun's injury was extremely serious, and even moving was extravagant.

"Little beast, it's you. This is my cave. How did you find it?"

Stone Zun words have not finished, ye Chen in the hands of the nine you kill the sky gun is with a cold cold awn and the radian of God thunder.

The stone statue in a weak state tears out a hole in his body.

"You humble human, dare to hurt me! When I recover, I will beat you to pieces

The angry roar rang out again.

Ye Chen coldly hummed: "if I guess correctly, you are not qualified to resist now. The bloody airflow flowing on the surface of your body should be healing your body, but once damaged, I don't know what effect it will have. To be honest, I'm really curious."

When Shizun heard Ye Chen's words, a trace of fear appeared in his eyes: "what do you want? My blood and body are special. You can't kill me."

Ye Chen glanced around and said in a cold voice, "where is my sword?"

Shi zunbai glanced at Ye Chen. Unexpectedly, this guy chased down the cliff for a sword!

No madman!

He opened his mouth, and a piece of black rock was spitting out directly.

The rock is even more fragmented, and the dim sword of beheading the dragon appears directly in front of Ye Chen.

Ye Chen's eyes are happy, five fingers grasp, cut dragon asked Sky Sword is in the palm of the hand.

He could feel a faint connection. Although he found it, the sword was so damaged that it was impossible to use it in a short time. Fortunately, ye Chen is proficient in casting swords. As long as you give him enough materials, it is not too difficult to repair them.

"Now that you have your things, you can leave. If you want to kill me, you can try, but you want to know the price!"

Ye Chen will cut the dragon and ask the sky sword to put it away. He just wanted to speak, but a voice came from the reincarnation cemetery.

"There is a dark grid on the left! Open it

Ye Chen one Zheng, this is the sound of blood seven nights, he sees strange.

He walked to the left wall, knocked a few times, and found a dark grid.

Dark grid directly open, stone Zun's expression is completely ferocious, the heart seems to set off a storm!

"What are you going to do! How do you know this place! "

He wanted to rise up and fight, but found that he was not qualified at all.

Ye Chen did not pay attention to, stretched out his hand to grasp the things in the dark grid in the palm of his hand.

This is a crystal clear gourd with lines on its surface. It doesn't look like it's made by man. It gives Ye Chen a feeling of natural formation.

"What is this?" Ye Chen asked blood seven night road.

This time, blood seven nights is a quick answer.

"Boy, this is a good thing. It can not only repair your injury, but also be good for your cultivation! It is also called Shi Linghu, but these stone gourds have been bred by the essence of heaven and earth after thousands of years. This is the treasure of heaven and earth. No less than some powerful pills.

Such a stone Linghu, if found, will make people break their heads! "

"I can even say that the value of the stone gourd is more valuable than all the herbs you get out there!"

"If you don't believe it, you can open the gourd and have a drink, and you will understand what I say!"

Ye Chen doesn't know Shi Linghu, but he can't be wrong with his words.

He no longer hesitated, opened the lid of stone Linghu, just ready to drink, a beautiful shadow appeared in front of Ye Chen.

"You can't drink this stone Linghu! Never! "

Qianying grabs Shi Linghu, her eyes are extremely cold.

Chapter 978

Ye Chen looked at the girl in front of her and said in surprise, "how did you come?"

The key leaf Chen from beginning to end did not find each other in the side.

It's weird.

Ye Chen's real strength now is far more than the holy King's realm. However, the realm of a young girl is not high. As long as a girl is within 100 meters of Ye Chen, he can detect it.

But now it appears suddenly, the only possibility is that the girl has a hidden breath of treasure.

"You can't take it. The energy in it is too violent. The master said that those who are in a strong position are not necessarily qualified to take it, let alone you."

"My elder martial sister found this kind of thing in those years. She took it by accident. The master still failed to rescue her by all means. I don't want you to go this way."

The girl blinked, incomparably simple, even some serious expression.

Ye Chen knows that the other party has not lied, and he still has some affection for the girl. Unfortunately, this kind of person is only suitable for this blood spirit secret place.

Once out of the blood spirit secret state, those intrigues of Kunlun Xu are enough to kill the girl.

He did not reply to the girl, but asked to the seven night blood of the samsara Cemetery: "master, this thing is really so strong, can I take it?"

Blood seven night cold smile: "the general emperor Zun state clothing, certainly can't bear, but you, really can. And you can only take one mouthful. If you overdose, your body and blood can't bear it! "

"What's more, after taking it, you must immediately cover your whole body with the strength of your body to protect your mind. Otherwise, the heavenly king and Laozi will not be able to save you!"

Ye Chen has the blood seven night affirmative reply, is to look at the girl: "girl, you are kind-hearted, but I still want to try this thing! It has nothing to do with the girl even if she is killed by explosion! "

The girl looks at Ye Chen's affirmative eyes and knows that persuasion is useless.

What's more, she and this young man have just known each other. Other people's life and death have nothing to do with her.

Master also asked her many times, if you see other people, you must be careful.

As for kindness, it can only harm people.

"Whatever you want!"

The girl turned around, a little unhappy, her eyes fell on the injured stone Zun and scanned.

The guy the master told her to be on guard now has no ability to resist.

Shizun also noticed the girl, and he sneered: "little girl, it seems that you know a lot about Shi Linghu, but some people don't know. If the emperor has a strong position to swallow the liquid in it, he may not be sure to bear it. The boy who knows nothing about life and death is trying to absorb the energy in it! It's ridiculous

The girl turned a white eye at Shizun: "there is no need for you to speak here. If you are in your prime, I may be afraid of you. But now, you need at least a hundred years to recover. In this century, if you want to kill again, it is impossible. I think you should take care of yourself first!"

Shizun was stunned. He didn't expect that the other party could see the time needed for his recovery at a glance!

He suddenly noticed the smell of medicinal herbs on the girl. He suddenly thought of something and exclaimed: "you are from Holy Grass Valley! It can't be wrong! You smell as like as two peas! "

When the girl heard the three words of holy Grass Valley, her soft eyes turned to cold instantly!

After that, a ray of light came out of the five fingers, and a silver needle directly shot into the mouth of Shizun. The silver needle exploded in the mouth of Shizun, forming an ancient rune.

Seal it completely!

Shizun fell into silence. He wanted to make a sound but found it impossible!

The girl's hands were behind her, full of pride: "what I said just now is very clear. Although my strength can't kill you, I can still make you silent for a hundred years!"

Ye Chen, holding a stone Linghu, naturally noticed everything about the girl and Shizun. He found that he still underestimated the girl.

The silver needles that girls shoot out casually are not ordinary things.

It seems that the holy Grass Valley has some origins in the blood spirit secret place.

As for the master behind the girl, I'm afraid it's not a good stubble, or he won't let Shizun eat so shriveled.

The girl's eyes fell on Ye Chen again: "you are called Ye Chen, right? Since you really insist on trying, I will not stop you."

"For the sake of your trade with me, when you die, I will set up a monument for you, and I will make a home for you."

When the girl finished, she leaned against the wall, took out a leaf from the storage space, put it in her mouth, and closed her eyes, as if she would no longer interfere with anything.

Ye Chen also ignored, cross legged and sat, looked at the stone Linghu in the hand, directly opened.

A strong aura overflows from it instantly!

The whole cave seems to be surrounded by aura.

"This stone Linghu is also an opportunity for me to be in the blood spirit secret place. Whether it's against the Han family or the war with Mr. Jingshui a month later, my strength must be increased! This secret place of blood spirit must be my springboard

"If you want to pry out something about the reincarnation graveyard from the strong of the blood spirit clan, you have only strength!" The words fall, Ye Chen is to look up, directly will stone Linghu, a mouthful of gold liquid directly into the body.

Throughout the body.

Ye Chen thought there was still time for buffering, but he didn't expect that the moment the liquid penetrated into the body was like magma, and the whole body was heated.

Even Ye Chen couldn't breathe.

There was such a moment, as if trapped in death!

Ye Chen thought of the girl's admonition. The emperor could not bear it. What did he count!

Ye Chen's face was ferocious, and he groaned with pain.

He felt as if his body were in a burst state, ready to explode at any time!

The burning feeling in the body makes Ye Chen's casual clothes burn out directly.

The upper part of the body is directly bare, showing an almost perfect figure.

However, on his perfect figure, there were traces of magma tearing, shocking.

Not only that, but also on the face.

Magma traces, some like a Chinese competitive game in the role of fire man.

The girl relying on the cave heard Ye Chen's groan and opened her eyes. When she saw Ye Chen's pain, she shook her head helplessly: "this road is your own choice. Your situation is more serious than my elder martial sister. I guess it can't last a minute."

"Alas, it's a pity that when the food from the outside world is finished, it's estimated that I'll have to eat herbs again. I've really had enough."

"I thought I would have a chance to visit the outside world in the future. Now it seems that the only person I know from the outside world will also fall here. It's a pity."

The girl sighed and finally chose to close her eyes.

She doesn't like blood.

I don't like watching others die in front of me.

But stone Zun's eyes in the distance were disdainful. Of course, he couldn't speak, but in his heart he sneered!

"Foolish human beings, this kind of treasure existed in ancient times, but you humble creatures can devour and enjoy

Chapter 979

"I wanted to kill you again when I recovered. Now it seems that you have put yourself in a desperate situation with your own hands!"

"I don't know how to live or die!"

Ye Chen is looked down upon by all people, even if he himself!

He was so miserable that his body seemed to be controlled by the liquid in his body, and it was impossible to spit it out!

"Gather the strength of your whole body! Come on

At the moment when ye Chen's consciousness is about to be broken, a sound full of air explodes in his mind!

Blood seven nights!

Ye Chen just remembered what, in the elixir field, the aura overflowed the whole body, forming a barrier!

Not only that, but also the thunder in the body explodes directly!

Innumerable thunder and lightning surround the whole body, at this moment Ye Chen is thunder Dao Zhen Jun!

"Come out of the fire that never dies!"

Ye Chen a roar, his whole body is wrapped by fire.

Even, the fire that does not extinguish goes into Ye Chen's pores to resist the internal forces.

Ye Chen felt much better, at least sober.

A few minutes later, the girl on the side opened her eyes and found that the explosion in her imagination did not happen.

A pair of natural sight falls on her body.

Lightning, flame, true Qi, and even the power of body refining are all wrapped around Ye Chen.

Four different attributes of power actually appear in a young man.

The girl's eyes glared: "how can it be?"

Although she has little contact with people, her basic cultivation is clear.

Ye Chen on the body of these attributes of the original force are not general existence!

Thunder and lightning are divine thunder.

It's more of a flame than a flame.

"Who the hell is this guy? Is it better than the elder martial sister? "

Before the girl calmed down, ye Chen's body was filled with the sound of dragon chanting!

The next second, a blood dragon drill out of Ye Chen's body!

Blood dragon breaks through all shackles!

The cave just broke apart!

Countless boulders rolled down.

Then the blood dragon came to Ye Chen's side, pan Rao in Ye Chen's whole body, staring at the stone statue and the girl with cold eyes.

"Dragon master!"

This time, the girl really can't calm down!

If everything in front of her can be understood, but the blood dragon in her body reminds her of a sentence once said by her master.

"The Dragon King, the emperor of Kunlun, the nightmare of blood spirit, the way of reincarnation!"

These twelve words have been repeated by master for almost a thousand years.

She does not understand the meaning, but the master has repeatedly stressed that the reason why she does not leave the blood spirit secret place is to wait for the dragon!

Is it possible that the person mentioned by the master is Ye Chen?

The young girl may be because of the excitement, the chest ups and downs, magnificent.

She wants to ask Ye Chen, but she stops when she thinks of Ye Chen's state.

"If you really hold on to the present state, I will take you to see the master!"

The girl made up her mind.

At the moment, ye Chen is the stone spirit who tries his best to resist the violent power in his body.

His body has been cracked and even bleeding.

If it had not been for the stalemate between these forces and the blood dragon, he would have turned into a blood mist.

"Boy, the time is almost up, and the power of stone spirit will enter your knowledge sea. Next, it depends on your will. If you can't carry it down, it will be very dangerous."

"Chance and danger coexist. If you want to be strong, this is the only way. I just said you can bear it, but there is one thing I didn't make clear. Your chance of success is only one in a thousand!"

Ye Chen heard this sentence of blood seven nights, almost burst the vulgarity!

One in a thousand!

What's the difference between this and looking for death!

But the arrow on the string had to send, ye Chen already felt that the violent force seemed to rush into his knowledge sea.

It is a space of its own.

Time and space seem to stagnate at this moment.

In the dark, as if there is a strong will, at the moment to suppress Ye Chen.

That will, like a mountain, is vast and boundless.

Under that will, ye Chen only felt that he was just a drop in the ocean. He had an impulse to kneel down and worship.

He knew that this was the original strength of the stone spirit.

He kept the spirit and the sea, as if he had come to that space.

He was pale and almost bloodless.

All around only darkness, as if the abyss!

With endless pressure, ye Chen is about to collapse.

"I have to leave!"

Ye Chen's mind is extremely clear, just after the words fall, a group of blazing energy comes from the dark depths.

Shi Ling!

The terrible energy of Shiling seems to turn into a flame eye. Staring at Ye Chen in the dark.

This kind of feeling lets Ye Chen's hair stand on end, too uncomfortable.

"Holy land? What's the matter with the outside world? Even the garbage in the holy land can devour me? "

"Ridiculous!"

The eyes of the flame instantly turned into a red figure and looked down.

In the eyes is full of disdain, as if looking at mole ants!

He came to Ye Chen's body and gazed at Ye Chen.

"Why don't you kneel when you see me?"

Red figure mouth way.

Endless indifference.

Only a few words, let Ye Chen's mind as if burst, tear heart crack lung!

Ye Chen raised his head, looked at the red figure, and said with a smile, "why should I kneel down on you? You should be the existence in the stone Linghu. I will subdue you. As long as I can bear it, it will be enough. What's the big deal about the level of the realm?"

Ye Chen's words, let red figure Mou son tiny Mi: "interesting mole ant, just, do you think you can bear to live?"

"But your body is not broken. It seems that this is where you rely on. Unfortunately, the spirit is not the same. No matter how strong your body is, the spirit and the sea of knowledge are extremely fragile."

"If I want them to be broken, they must be broken!"

Red figure a roar, the pressure of the whole world seems to be all pressure on Ye Chen's body.

Ye Chen's body actually spreads crackling sound.

Not only that, ye Chen clearly found that his knowledge of the sea even appeared a crack!

Once broken, the sea will disappear!

If the spirit is severely damaged or destroyed, even if the body is not destroyed, he can only be a living dead person!

"Vulnerable mole ant, your body has defiled me. In this case, I will erase you! Let your flesh be my permanent vessel

Outside Ye Chen's mouth and nose exuded blood, and his body was constantly shaking.

The blood dragon sensed something wrong and roared angrily, but it had no effect.

The girl saw the blood oozing out of Ye Chen's seven orifices, her palms were full of sweat, and her eyes were full of worry.

"is it hard to wait for a dragon to become a bubble?"

"In other words, this guy named Ye Chen doesn't exist in the master's mouth?"

"Now ye Chen has stepped into the gate of hell with half a foot. Even if his body does not burst, he will surely die. It is a pity."

At the time of crisis, the spirit of Ye Chen in that space suddenly overflowed with a ray of light.

The light is more and more prosperous, is covering.

Chapter 980

Then, a warm current spread all over the body.

Ye Chen looked at the light on his body, and instantly thought of what!

Because the light is similar to that of Monin.

It's like the light of reincarnation!

It's about the samsara cemetery!

Warm current past, such as long drought rain, moisten Ye Chen's whole body.

That sense of collapse was banished.

Although still bear crushing, but at least, it is no threat of death.

The red figure naturally felt his own pressure and restrictions, as if destroyed, when the line of sight fell on the light of Ye Chen, his expression was extremely ferocious.

"This is The power of origin, how can he have the power of origin

"Even the emperor can't control it!"

"Who the hell are you?"

The power of origin?

Ye Chen frowned, just want to say what, but found the whole body covered by the light unexpectedly toward the red figure.

It seems like a pair of big hands, directly toward the red figure to grasp.

Colleagues, his whole body blood seems to start boiling.

Red figure aware of something wrong, quickly dissipated, is toward the depths of the dark escape.

Although its value is Liancheng, even powerful, but in the face of the power of the source, it does not have any qualifications ah!

"Boom!"

When the red figure dissipated, the big hands suddenly expanded, even more as if they penetrated the void, directly grasping all the dissipated back to the palm of the hand.

"Reincarnation Lord, but you wait for mole ants to shake!"

"It should be your honor to improve your accomplishments for the reincarnation master."

There is a voice coming from the void, and then the light of samsara is shrinking.

Even the red light directly formed a pill like existence.

Then, the light of reincarnation wrapped with pills, directly came to Ye Chen's body.

"Devour."

There was a sound in the void.

Ye Chen's spirit is a little surprised. This voice is not from the blood seven nights, nor is it like the great power from the reincarnation cemetery!

Incomparably strange!

But why should the other party help himself?

Also, how can the light of samsara have sound?

"Who are you?" Ye Chen asked.

The light of reincarnation stopped for a moment, and the mechanical voice said, "wait until you are qualified to fight those guys of the blood spirit clan. Now you don't deserve to see me."

"I am in your blood. You must be surprised by your blood and talent."

"The outside world says you are mortal root, but those mole ants never know how terrible your blood is!"

"Your blood is now in a dormant state. Once you wake up, Kunlun Xu or the one above is not qualified to shake it!"

"This stone spirit is a gift. I hope we can meet in ten years."

Ye Chen looked at the empty light in front of him, and set off waves in his heart. This was the first time he was so close to his blood!

The great Neng of samsara cemetery has said his blood and common roots, but every time it is up to the point!

At the moment, this voice is obviously above the rules of the samsara cemetery!

And his blood is very clear!

"Master, the outside world says that I am a mortal root and can't be detected. I don't know what's special about my blood. I don't know whether I can solve my doubts, even if it's just a simple answer."

The voice in the void hesitated for ten seconds.

Ten seconds of silence to Ye Chen is like a century.

In the end, a few words came out of the void.

"It begins with reincarnation and ends with reincarnation. This is the answer you want. If you really want a name, let's call it reincarnation blood. There is a big secret about the dormant blood vessels in your body."

"Do you really think the samsara cemetery will choose you for no reason? The existence of some people in the billions of stars is too small, even the earth is humble existence, but I didn't expect that you would exist in such a humble place."

"Well, there are some things I can't talk about. I'll leave the rest to you. Step into the emperor's realm as soon as possible. When you get there, you can see the real broad world."

Finish saying, the light of reincarnation disappears, and the red pill is taken by Ye Chen.

For a moment, the violent energy seemed to stop.

It seems to be covered by stars!

"What a powerful energy!"

Not waiting for ye Chen to think more, he suddenly changed his look.

At this moment, ye Chen feels his body seems to be torn. There is a powerful and incomparable energy, is rushing into his body, swimming in the seven meridians and eight meridians.

This energy is extremely domineering, as if to destroy their own body.

Within Dantian, the cyclone rolls!The vitality of the whole body turns into a torrent and rushes out from the elixir field and 36 acupoint orifices, like thousands of troops and horses, swallowing away towards the invading energy.

Ye Chen's body has turned into a battlefield.

This is where the two energies meet.

"Refine it for me!"

The situation is just a little relieved, ye Chen dare not have the slightest carelessness.

Take full control of your own energy and swallow it away towards the invading energy.

He can feel the breath of breakthrough in his body!

Ye Chen doesn't know exactly where this hegemonic energy comes from.

However, he was very clear that if he could refine this energy, his own benefits would be unimaginable.

A stream of energy rushed out from the field of elixir and finally gathered the elixir in the field.

All of the Danchen, every time the circulation of the true leaf! Every Sunday's operation, ye Chen's strength is improved a little.

"Well?"

Ye Chen found that he broke through several small realms easily!

And there's no stopping!

Still breaking through!

I'm afraid this breakthrough will bid farewell to the holy kingdom!

Ye Chen's sense of breakthrough is getting stronger and stronger, and the sky is full of thunder clouds.

The girl and the stone Zun naturally found the difference in Ye Chen's body.

The girl's expression seemed to solidify.

From the breakthrough breath, ye Chen obviously absorbed the energy inside!

How could it be!

This kid is just a king's land!

At the beginning, my elder martial sister could hardly bear the emperor's dignity. As a result, the boy really passed!

What the hell is this monster!

Shizun's expression is just like hell! His mission is to guard the stone gourd.

He knew more than anyone how terrible it was.

This is not only holy water, but also poison!

A single drop can destroy one's life!

But now, the boy not only took it, but also withstood the energy inside!

Shizun can't believe it!

His body is even shaking, his eyes are staring at Ye Chen!

He can clearly feel the rapid change of Ye Chen's cultivation!

He tried to stop it, but found it impossible! If we don't stop it now, we can't stop it in the future!
