

Physician 9761

Chapter 9761

"Damn beast, stop him!"

Patriarch Yindan panicked, and immediately mobilized all the stone statue guards to attack and kill the little forbidden monster.

The little forbidden monster glared angrily, and with a whoosh, it spurted out the energy ball from its mouth.

The energy ball was filled with monster energy, and all kinds of monster energy burst into thunder and lightning, and after being sprayed out, it bombarded the stone statue guard in front, causing a shocking explosion.

boom!

The indescribably terrifying explosion erupted on the spot, and the berserk aura surged in all directions, tearing apart time and space, obliterating the law of the great way.

Those huge, majestic, and solid stone statue guards were as fragile as paper under the explosion of the energy ball of the little forbidden monster, and they were blown to pieces in an instant.

The air wave of the explosion swept out, and even the Luna Heavenly Palace shook violently, and the palace cracked, as if it was about to collapse.

"Puchi!"

Patriarch Yindan was severely impacted by the explosion, he vomited blood on the spot, and flew out in embarrassment.

The explosion woke him up. He seemed to have glimpsed the ancient secret scene, and murmured:

"In the beginning, the stream flowed from time immemorial, washing the gods and purifying the dust..."

"You are Wangchuan, the ancient god who can cross the Mengchuan River."

"No wonder, no wonder it's so powerful..."

The murmur fell, and the ancestor Yindan lay on his back, dying, his body was already bloody and his injuries were extremely serious.

The little forbidden demon didn't hear his self-talk clearly. Seeing the ancestor Yindan fell down, he immediately cheered and danced up and down in front of Ye Chen, excitedly saying: "Father, I defeated him!"

Ye Chen was surprised and delighted, he didn't expect the little forbidden monster to be so powerful.

Both he and Xu Tianlang were extremely afraid of the ancestor Yindan.

However, once the little forbidden demon made a move, it seemed that it didn't take much effort to blow up the ancestor Yindan and seriously injured him.

Such strength can be called terrifying.

You know, the little forbidden demon has only just been born, so it is so powerful.

In time, if he grows up, how terrifying will it be?

"But, father, I'm so tired. Is there anything to eat? Huh..."

The little forbidden demon looked a little dejected, it seemed that it was not easy for him to defeat the ancestor Yindan.

"What do you want to eat?"

Ye Chen asked with a smile.

"Father, I want to eat Yuanyu, or a delicious elixir."

The little forbidden demon looked at Ye Chen eagerly and said.

"take it."

Ye Chen thought for a while, then threw out a storage bag.

The storage bag contained at least one hundred thousand gold source jade.

"Thank you father!"

The little forbidden demon was overjoyed, took the storage bag, untied the mouth of the bag, hugged it in her arms, took out the golden source jades inside, chewed and ate them one by one, and took the golden source jades as candy and snacks up.

Seeing the appearance and speed of the little forbidden demon eating the source jade, Ye Chen twitched the corner of his mouth slightly.

This little guy is really a foodie through and through.

If you want to feed him, I'm afraid it will cost a lot.

Xu Yourong and Xu Tianlang were also full of admiration when they saw how powerful the little forbidden demon had defeated the ancestor Yindan.

"Brother Ye, you little forbidden monster, you are really invincible."

Xu Tianlang praised.

"Uncle praised you, why don't you thank uncle soon?"

Ye Chen smiled and said to the little forbidden demon.

"Thank you uncle."

The little forbidden demon was very polite and bowed to Xu Tianlang.

Seeing his actions like this, Ye Chen and Xu Tianlang both laughed.

In the cemetery of reincarnation, Emperor Xuanchen saw that the ancestor of Yindan had been defeated, so he said to Ye Chen:

"Tomb owner, this ancestor of Yin Dan is a elixir at the level of a heavenly emperor. You use him as a raw material to help me forge a physical body, and my soul can be entrusted."

Ye Chen nodded and looked at Patriarch Yindan.

The ancestor Yindan, who was seriously injured and dying, felt Ye Chen's gaze, and shuddered all over his body.

He knew he was going to die, but he didn't want to be used by Ye Chen, so he said fiercely:

"Lord of reincarnation, even if I blew myself up, I won't let you get any benefit from me!"

After all, Patriarch Yindan threw his heart out and wanted to blow himself up.

"I only want to blow myself up now, it's too late!"

Ye Chen smiled, strode out, and suppressed the ancestor of Yindan with his palm in the air, and the Taoist alchemy technique was displayed.

hum!

A blue divine light, carrying the Eight Diagrams Dao Yun, enveloped the Yindan Patriarch.

The patriarch Yindan let out an "ah", screamed, and lost control of his body immediately, and was completely manipulated by Ye Chen.

Ye Chen didn't show mercy at all, and urged the Taoist alchemy technique, quickly decomposing the body of the Yindan ancestor into primitive flesh and blood, and re-condensed and cast it.

Ye Chen wiped away all the remaining consciousness and will of the ancestor Yindan.

A new physical body gradually took shape under Ye Chen's hands.

Ye Chen added a lot of natural materials and earthly treasures to the physical body to enhance the aura of the physical body.

But this kind of improvement has a limited effect, and his resources are not enough.

The strength of the body refined from the flesh and blood of the ancestor Yindan alone is definitely not enough.

Ye Chen intends to let Emperor Xuanchen have a place to live for his soul.

Then, he went to collect the resources in the treasure to strengthen the body of Emperor Xuanchen, and he was done.

It takes a long time to refine the body like this.

Xuanchen Heavenly Emperor is a strong man in the Heavenly Emperor Realm, and it is no easy task to refine a physical body that can accommodate his soul.

Ye Chen activates Zhou Guang's bloodline and lays down a time barrier.

In this time enchantment, the flow rate of time is different from the outside world.

An hour has passed by the outside world, maybe Ye Chen has spent a hundred years.

Under Ye Chen's refinement, the rudimentary form of the physical body has already appeared. The face is blank and there are no facial features, which means that this body is empty inside, which can be used for human souls to inhabit.

Such a blank physical body, looking at the entire time and space, can be said to be a very precious existence.

Even Ye Chen spent a lot of energy and even consumed a lot of reincarnation blood energy to cast this physical body.

Moreover, the casting of the physical body is not over yet, and it is necessary to continue to cultivate and consolidate the aura.

Xu Tianlang, Xu Yourong, and the little forbidden demon were all looking at Ye Chen.

The little forbidden demon asked curiously: "Father, what are you doing?"

Ye Chen said with a smile: "I'm helping an old man to cast a physical body, and it will be ready soon."

Finally, after another period of tempering, the physical body was finally fully formed.

From the beginning to the end, both Xu Tianlang and Xu Yourong guarded Ye Chen's side, guarding against foreign enemies.

But fortunately, after a long time, the people outside have not found the existence of the fantasy space, and no one has come in to disturb it. It is a bit strangely lucky.

"Senior, this body has been cast, do you want to go in?"

Ye Chen mentally communicated with the cemetery of reincarnation and asked.

To be honest, this physical body is not strong enough. If Emperor Xuanchen's soul enters it, the strength may not increase but decrease.

Chapter 9762

Emperor Xuanchen was overjoyed, and said: "Of course, a ray of remnant soul, but a lonely ghost, fluttering, very uncomfortable, even if this body is weaker, at least it is a flesh and blood body, I feel at ease in my heart, hehe... .."

Compared with the light and ethereal posture of the soul, it must be a real body of flesh and blood.

"All right."

Ye Chen didn't talk nonsense at the moment, he pressed his palm on the fleshy body, and guided the soul of Emperor Xuanchen to it.

hum!

As soon as the divine soul of Emperor Xuanchen entered the physical body, the whole body suddenly burst into divine light, and the original blank face had an extra set of facial features, which were exactly the facial features of Emperor Xuanchen!

Emperor Xuanchen opened his eyes and sat up slowly.

Seeing this scene, Xu Yourong and Xu Tianlang were all horrified, not knowing what supernatural power Ye Chen had used.

At this time Emperor Xuanchen got up, and they also vaguely glimpsed the secret, knowing that the relationship between Emperor Xuanchen and Ye Chen must be very close.

"Owner of the tomb, good, good, I have recovered my physical body!"

Emperor Xuanchen moved his muscles and bones, and was very satisfied with this brand new body.

Ye Chen smiled wryly. In fact, this physical body is far from strong enough, not even comparable to his Qinglian avatar.

Next, he still needs to collect the treasures of heaven and earth in the treasure, so that he can have enough resources to help Emperor Xuanchen strengthen his physical body.

"Master of the tomb, let's go out to find Emperor Taihai and kill him, hehe, take his flesh and blood to strengthen my physical body, it's perfect."

Emperor Xuanchen sneered, his eyes full of murderous intent.

Today is also the time to liquidate all the grievances and hatreds of the past.

He originally planned to lure the Taihai Emperor in by relying on the remains of the Moon God Emperor.

However, the Emperor Taihai didn't show up for a long time, so he planned to go out and look for it.

As long as the Emperor Taihai is still in Tianyue Returning to the Valley, he will never be able to hide it from his eyes.

"Senior, can we beat the Emperor Taihai?"

Ye Chen frowned, he had just finished refining his body, and he wasted a lot of energy.

As for the little forbidden demon, Xu Tianlang, Xu Yourong and others, after fighting the ancestor Yindan, their vitality has not yet fully recovered.

As for Emperor Xuanchen, he has just recovered his physical body. This physical body is very weak, and he is definitely not the opponent of Emperor Taihai.

It would be very dangerous to face the Emperor Taihai directly.

"Hahaha, don't worry, I have a magic weapon that can trap the Emperor Taihai and kill him."

"Do you remember what I told you, the supreme artifact of the ancient star gate?"

Emperor Xuanchen smiled.

Ye Chen said: "Innate dragon escape pile?"

Xuanchen Tiandi said with a smile: "Yes, guess, who owns the innate dragon escape pile now?"

Ye Chen was shocked, and said: "Senior, is that magic weapon in your hands?"

"But, didn't you say that the Congenital Dunlong Stake was already destroyed by Emperor Bantian when it was just born, and turned into a waste product?"

Emperor Xuanchen said: "Hehe, I know a big man in Taoism, that big man snatched the congenital dragon escape pile that had been reduced to waste, and washed off the mottled stains on the magic weapon by means against the sky, making the magic weapon I regained some strength."

"Although the power of the magic weapon is far from being comparable to the supreme artifacts such as the Heavenly Demon Star Sea and the Ancient Heavenly Sin Sword, it also has a very powerful seal and shackle effect, which is enough to deal with the Taihai Heavenly Emperor."

"The Congenital Dragon Escape Stake is in the hands of that big man, but I can borrow part of my strength."

"If I were just a remnant soul, I couldn't borrow it, but now that I have a physical body, I can borrow it."

"You helped me restore my physical body this time. After this matter is over, I will introduce that big man to you."

In fact, Emperor Xuanchen said long ago that he knows a big man in the Taoist sect, and if the time is right, he can introduce him to Ye Chen.

However, Ye Chen didn't expect that that big man would actually hold the Xiantian Dunlong Stake, which is the supreme artifact of the ancient star gate.

And Xuanchen Heavenly Emperor can borrow the power of the innate dragon escape pile!

This is why he dared to seek revenge directly from Emperor Taihai.

"Let's go, go out and look for the Taihai Tiandi, where is he hiding, I just hope he hasn't run away, hehe..."

Emperor Xuanchen smiled, waved his hand, and wanted to take Ye Chen out of this fantasy space.

"Hahaha, Emperor Xuanchen, you don't need to go out, I'm right here!"

At this moment, a loud laugh came from above the sky.

A majestic aura of the Heavenly Emperor erupted from the void in an instant.

Crash, clatter, clatter.

Wisps of majestic spiritual energy turned into the sea, turned into stormy waves, and poured down.

Soon, the entire Luna Heavenly Palace was soaked in the vast ocean.

Seeing this scene, Xu Tianlang and Xu Yourong were both startled, and hastily guarded beside the ice coffin of the Moon God Emperor, looking up at the sky.

Ye Chen also looked at the sky, and saw a majestic figure slowly tearing apart the void and coming down, it was the Emperor Taihai.

At this time, the Heavenly Emperor of the Taihai Sea exploded with all his Heavenly Emperor Qi, and his momentum was huge, like the sea god in charge of the sea, extremely domineering.

Seeing the arrival of the Heavenly Emperor of the Great Sea, Ye Chen caught the secret, and immediately knew that the Emperor of the Great Sea had come a long time ago, but he had been hiding and did not come down.

Even when Ye Chen was helping Emperor Xuanchen to refine his body, Emperor Taihai didn't bother him.

It seems that the layout is too deep.

Chapter 9763

Because, Taihai Tiandi knew that after the physical body was refined, the soul of Xuanchen Tiandi was entrusted in that physical body, and his strength would be restricted instead, and instead of rising, he would fall.

In this way, it will be much easier for him to deal with Emperor Xuanchen.

If Emperor Xuanchen was still in Ye Chen's body, there was no limit to the power of his soul, and if he borrowed all his power to Ye Chen, it would be even more difficult and tricky to deal with.

In order for Ye Chen to refine the body smoothly, the Emperor Taihai even secretly helped to cover up the secrets and hide the coordinates of this fantasy space from outsiders.

"Lord of reincarnation, Emperor Xuanchen, today is your death day!"

The Emperor Taihai grinned grimly, waved his hand, and the waves swept across the sky. The monstrous sea water turned into a torrent, rushing towards Ye Chen and Emperor Xuanchen.

The timing of his shot was very good.

Ye Chen had just finished refining his body, so he wasted a lot of energy.

But the little forbidden demon, Xu Tianlang, Xu Yourong and others were exhausted in the battle with the ancestor Yindan, and their vitality has not yet recovered.

As for Emperor Xuanchen, he still hasn't even been able to adapt to this new body.

It can be said that the Taihai Tiandi has all the advantages, and when he makes a move, he will be killed by a shocking torrent, invincible to those who stand in his way.

"Father, be careful!"

The little forbidden demon's vitality has not yet recovered, but seeing that Ye Chen is in danger, her immature little hands hastily squeezed the seal formula, and set up a barrier of monster energy to block the oncoming torrent.

As soon as Emperor Xuanchen pointed out, the Dahuangchen Miezhi erupted, crushing the torrent of the sea, and said:

"Tiandi Taihai, don't think that you can be arrogant because you are stronger than me."

"You dare to let me return to my physical body, you are courting death!"

"Innate dragon-hunting pile, let's descend!"

Emperor Xuanchen uttered a chanting, to summon the power of the innate dragon escape pile to descend.

However, after his chanting call came out, the surroundings were quiet, without any abnormal energy fluctuations.

"Um?"

Seeing this, Emperor Xuanchen's face suddenly changed.

Taihai Tiandi laughed loudly and said: "You are not as strong as me, so you want to use foreign things?"

"This space has been blocked by me. It is absolutely impossible for you to summon any magic weapon."

"Hehe, and with your current strength, even if you have a heaven-defying artifact, how much power can you exert?"

"Damn it!"

Emperor Xuanchen sensed carefully and found that the space was blocked, his will could not be transmitted, and any means of summoning could not take effect.

"Give me all to die!"

"Sea God, answer me!"

Emperor Taihai opened his arms and chanted, a blue flame burst out from him.

Crash!

A wave of energy from the ancient ocean tumbled down from the sky. The mysterious power in the long river of ancient history was summoned by the Emperor Taihai, and behind him, condensed into an incomparably huge figure of the sea god.

Sea God is a very ancient, very ancient god, and also the original belief of Taihai Tiandi.

Even though he later converted to the Soul Emperor and became a believer in darkness, the belief in the Sea God was not lost.

The sea is inclusive, even if the followers of the Sea God worship other gods, the Sea God will not care, there is a greatness that is tolerant to all rivers and everything.

Even if it is evil and darkness, Seagod can accommodate it.

At this moment, the Taihai Tiandi summoned the power of the Seagod to come down.

His body merged with the Seagod's figure, and his appearance changed.

Rumble!

His height has been raised ten thousand zhang, showing a majestic, majestic, and domineering majesty.

His skin was a pure light blue, but his beard was gray, thousands of feet long, fluttering, his face was as cold as a sculpture, and his whole person was like an immortal statue.

tyrannical!

Incomparably tyrannical power!

After Taihai Tiandi summoned the power of the sea god, he became extremely tyrannical, and a huge trident appeared in his hand. The tip of the halberd was so sharp that it seemed to be able to pierce the sky.

Seeing such a ferocious power erupting from the Emperor Taihai, Ye Chen, Emperor Xuanchen, Xu Tianlang and others all gasped.

Taihai Tiandi clearly had the upper hand, but in order to slaughter the audience, he still broke out with all his strength, without any sign of underestimating the enemy.

"Oh, father, this man is so powerful, I...I can't beat him, woo..."

Seeing the appearance of Taihai Tiandi, the little forbidden demon was also frightened, sobbing.

Even if his vitality is not depleted, I am afraid it will be difficult to match the Emperor Taihai, not to mention that his vitality has not recovered yet.

Emperor Xuanchen shouted: "Help me gain time for a stick of incense, and I can forcefully summon the divine weapon to descend!"

After speaking, Emperor Xuanchen burned his blood, and a blood-colored light shot into the sky.

Although the Taihai Heavenly Emperor sealed off this space, if he forcibly summons it regardless of the cost, he can still summon the power of the innate dragon-breaking pile.

However, it will take time.

At least, he needs a stick of incense time.

"Hey, do you still want to struggle? Emperor Xuanchen, I will kill you first!"

The Taihai Heavenly Emperor grinned grimly, his whole body was pale blue, the sun was shining, and his gray beard, thousands of feet long, fluttered in the wind.

Click!

When he grasped the palm, the bones exploded, and the huge trident exploded towards Emperor Xuanchen.

His current body is as high as the sky and the earth, with a full ten thousand zhang. The weapon trident in his hand is also ten thousand zhang long.

Against his huge body and weapons, Emperor Xuanchen, Ye Chen and others are smaller than ants.

Chapter 9764

"Tianmo Castle, Yu!"

Ye Chen hurriedly summoned the Heavenly Demon Castle to protect Emperor Xuanchen and buy time.

Crash!

Mo Xi broke out.

In the void, a huge and majestic castle appeared, just above the head of Emperor Xuanchen.

boom!

Taihai Tiandi smashed down with his halberd, but it completely smashed the entire castle.

Even the Heavenly Demon Castle couldn't stop his blow.

"Puchi!"

The castle was shattered, and Ye Chen was implicated on the spot, vomiting blood.

Although the Heavenly Demon Castle will not be truly destroyed as long as the original aura is not destroyed, but Ye Chen couldn't bear such a heavy blow from the Taihai Emperor.

Taihai Tiandi is too powerful, he is a big man in the Tiandi Realm, and Ye Chen is naturally not able to compete.

"Roar!"

A wolf howl erupted.

Seeing that the situation was dangerous, Xu Tianlang immediately transformed into the true form of the two-tailed blood-fanged wolf. The terrifying aura of the tailed beast boiled, and his body changed into thousands of feet, and he rushed towards the Taihai Tiandi.

Now that his vitality has not fully recovered, it is absolutely impossible to defeat the Emperor Taihai.

However, if you want to delay the time for a stick of incense, there may be a chance to do it.

Click!

Xu Tianlang opened his bloody mouth, bit hard, and bit the arm of Emperor Taihai.

"Damn beast!"

Taihai Tiandi was furious, threw Xu Tianlang away, and swung his trident to stab him.

Xu Tianlang's qi was locked, and he couldn't dodge. His body was pierced, a transparent hole appeared, and blood rained out.

He bared his teeth and cracked his eyes, but he didn't flinch at all, and continued to rush towards the Taihai Tiandi.

One man and one wolf fight together.

Seeing this, Xu Yourong's delicate body trembled. Looking at Xu Tianlang's appearance, he was obviously not the opponent of the Taihai Emperor. If he continued to fight, he might be killed by the Taihai Emperor in less than a stick of incense time.

"Old ancestor of the Moon God, offended."

Xu Yourong gritted her teeth, looked back at the ice coffin, then forcefully opened the ice coffin, and pinched the formula with her fingers.

Inside the ice coffin, a bead flew out from the sandalwood mouth of the Moon God Emperor.

That bead, lingering with a layer of moonlight, is the natal magic weapon of the Moon God Emperor, called the Moon God Dzi Bead.

The Moon God Heavenly Emperor's body can be preserved to this day, thanks to this Moon God Dzi Bead.

After the Moon God Dzi Bead flew out, the luster of the skin of the Moon God Emperor's body became obviously darker.

If the dzi bead left the body for too long, her body would probably rot!

However, if Xu Yourong only borrowed the dzi bead for a short time and put it back in time, it wouldn't have much impact.

hum!

Xu Yourong activated the Dzi Bead, and the Moon God Dzi Bead rose up like a round of moon, shining in the sky, the moonlight fell on the skin of Emperor Taihai, and a biting cold air attacked and killed him.

Taihai Tiandi shivered, and under the influence of the Moon God Dzi Bead, his movements became a bit sluggish.

Xu Tianlang's pressure was greatly relieved, and he glanced at Xu Yourong gratefully.

"Hmph, what's the use of delaying time? It's just a dying struggle."

Heavenly Emperor Taihai let out a cold snort, naturally he knew that Xu Tianlang and Xu Yourong fought him so desperately to buy time for Heavenly Emperor Xuanchen.

If Emperor Xuanchen could summon the innate dragon escape pile, the situation might be reversed.

However, the Emperor Taihai didn't believe that a mere foreign magic weapon could reverse the overall situation.

However, he is very careful and will never let any chance of a comeback appear.

"Demon Eye of Destiny, open!"

Taihai Tiandi shouted angrily, his pupils suddenly turned into pitch black, and the dark demonic energy erupted, opening the magic eye of death.

He took refuge in the Soul Heaven Emperor and became a believer in darkness. He also practiced very skillfully the supernatural power of the Devil's Eye of Death.

At this moment, the Taihai Heavenly Emperor opened the Devil's Eye of Death, and in an instant, the breath of death roared out, and the light of the Moon God Dzi Bead became much dimmer.

As for Xu Tianlang, enveloped by the murderous aura of the Demon Eye of Destiny, he suddenly let out a muffled snort, a strange aura of death emerged from his hair, and his movements became much stiffer.

Seeing this scene, Ye Chen's expression darkened.

Judging from the situation in front of him, this time for burning incense cannot be delayed no matter what.

Ye Chen also mastered the Devil's Eye of Death, and it was one of his ultimate trump cards.

However, the difference in strength between him and Taihai Tiandi is too great, even if he activates the Devil's Eye of Death, it is impossible to hurt the other party.

"The star of the night, the cage of the night, block it for me!"

At a critical juncture, Ye Chen yelled violently, regardless of the consumption and cost, and used the power of the night star.

hum!

A dark light emerged from the sky and turned into a dark cage, quickly blocking the Emperor Taihai.

"Um?"

Taihai Tiandi was startled, and suddenly found that his eyes were pitch black, and his whole body was trapped by the cage of the dark night, and he couldn't see anything.

"Boy, do you still want to trap me? Break it for me!"

Taihai Tiandi quickly calmed down, knowing that Ye Chen had used the Black Night Star to trap him with dark power.

However, he is powerful, and this dark night cage can be broken with a snap of his fingers.

At that moment, Emperor Taihai waved his trident, trying to break the darkness in front of him.

"Little guy, block him!"

Ye Chen shouted at the little forbidden monster.

With his own strength, it is impossible to trap the Emperor Taihai, he needs the help of the little forbidden demon.

"Huh? Oh!"

The little demon was stunned for a moment, but her mind was very clear, she quickly reacted, and leaped up, her body turned into a majestic monster energy, filling the world and merging into Ye Chen's dark night cage.

With the blessing of monstrous demonic energy, the dark night cage summoned by Ye Chen immediately greatly enhanced its blocking power.

Taihai Tiandi swung his trident, and with one blow, he couldn't break through the darkness in front of him.

He was terrified, and hastily put his halberd in front of him, taking a defensive posture to prevent Xu Tianlang from taking the opportunity to attack.

"Boy, it's interesting."

"That little demon of yours is the reincarnation of the ancient Demon Emperor, right? It can actually trap me."

"Very good, very good, I wanted to give you a good time, but you managed to piss me off."

"When I get out of trouble, I will let you suffer the cruelest torture!"

Taihai Tiandi's face was distorted and ferocious. It was absolutely impossible to trap him with Ye Chen's words alone, but with the help of the little forbidden monster, the monstrous demonic aura erupted and trapped him for a short time.

boom!

The majestic Heavenly Emperor Qi erupted from Taihai Tiandi, impacting the surrounding darkness and demonic energy.

Under the collision of such Heavenly Emperor Qi, the layers of monster energy continued to collapse.

Ye Chen also received a huge shock, and his internal organs were in pain like being torn apart.

It is estimated that it will not be long before Taihai Tiandi will be able to break out of the trap.

"Senior, are you still okay?"

Ye Chen gritted his teeth, looked at Emperor Xuanchen, and felt that the time for a stick of incense was so long.

Time passed bit by bit, and finally, there was a loud explosion.

Chapter 9765

Taihai Tiandi's berserk Tiandi Qi, like a tide like the sea, successfully burst through the dark night cage, and all the demonic energy in the sky was washed away by him.

The body of the little forbidden demon manifested, and fell to the ground in a state of embarrassment. He spit out a mouthful of golden blood, and immediately froze. He whispered to Ye Chen:

"Father, I tried my best, oh..."

The dark night cage was broken, and Ye Chen was also very uncomfortable. He gave the little forbidden monster a comforting look, and then looked at the Xuanchen Emperor.

Thankfully, the time for a stick of incense has finally passed.

Emperor Xuanchen opened his eyes, his whole body was burning with energy and blood, and above his head, a golden light gushed out, and a magic weapon was summoned.

He did not hesitate to burn his own blood, and finally broke through the blockade of Emperor Taihai and summoned the artifact.

The artifact in the void is a yellow and clear pile with three golden circles on it and a golden lotus on the bottom. The whole body is full of auspicious energy, and the air of flying dragons is entangled, which is very spectacular.

"Tomb owner, thank you very much."

"Next, leave it to me."

Emperor Xuanchen smiled and thanked Ye Chen with confidence in his eyes.

"Is that the innate dragon escape pile?"

Ye Chen looked at the artifact in the void and was secretly surprised.

The artifact was hazy, obviously not the main body, but just a ray of energy manifested.

Ye Chen felt a huge coercion, and the artifact, the Innate Dragon Escape Stake, seemed to have a terrifying blocking force.

Ye Chen can be sure that if he is tied to the dragon escape stake and the three gold circles on the stake are buckled, he will definitely not be able to escape and can only be slaughtered.

At this time, the aura of the sea god on the Taihai Tiandi dissipated, and the person returned to his original shape, but the aura of the emperor erupted from his body was still very strong.

In the battle with Ye Chen and others just now, he didn't consume much aura.

Seeing the descending of the Congenital Dunlong Stake, the Taihai Heavenly Emperor laughed out loud in disdain:

"The supreme artifact of the ancient star gate, if the main body comes, I will indeed be afraid three points."

"However, Emperor Xuanchen, what you summoned is nothing more than a phantom of energy. With just a phantom of magic weapon, you want to turn defeat into victory, which is too whimsical!"

Amidst the loud laughter, Emperor Taihai raised his sword and slashed at Emperor Xuanchen across the sky.

The Heavenly Emperor Xuanchen did not panic, and used Xuanchen's Misty body technique to dodge, and then waved his hand, and the innate dragon-escaping pile fell to the ground, spewing out a thousand zhang rosy clouds, shining golden light.

"This innate dragon escape post was tempered by Ba Dao Cang Lei, the envoy of the Great Master himself, how dare you look down on it?"

"Hehe, let me show you the true power of this artifact."

"Escape the dragon and capture the immortal, lock the god and bind the demon, give it to me!"

Emperor Xuanchen sneered and sang in his mouth, and the dragon escape pile flew up, and the clouds were steaming and rosy in an instant, and the light was so bright that the sun could not be seen.

Ye Chen's eyes flickered, and when the light all over the sky dissipated, he saw an extremely astonishing scene.

I saw that the Taihai Heavenly Emperor, who was still extremely arrogant just now, was actually locked on the dragon escape pile at this moment.

There was a gold ring around his neck, and a gold ring on each of his feet. He was tightly locked on the Dragon Dungeon Stake, unable to move at all.

"How is this going?"

Taihai Tiandi was horrified, even he himself didn't know how he was locked on the Dunlong post.

He desperately wanted to struggle, but the more he struggled, the tighter the golden circle was tightened, his neck was tightened and he couldn't breathe, his face flushed suddenly, his eyes bulged, and he was almost suffocated.

"This is... the law of cause and effect?"

Taihai Tiandi's body trembled, vaguely guessing something.

"Yes, this is the law of karma!"

"The innate dragon escape post has a powerful law of cause and effect. As long as this artifact is sacrificed, it can lock the enemy. No matter how powerful the enemy is, once locked, they cannot escape the trap of the dragon escape post."

Xuanchen Tiandi laughed, he was born with the dragon-chasing pile, extremely powerful, and possessed the top-level law of cause and effect.

When this artifact is released, it will definitely be able to lock the enemy. Ordinary emperors cannot escape, unless it is a great existence in the late stage of the emperor realm, who has faintly surpassed the laws of the world and surpassed the law of cause and effect. Only then can it be possible to escape from the law of causality .

But obviously, the cultivation of Taihai Tiandi has not yet reached that level.

As soon as Xuanchen Tiandi released the innate dragon escape post, he was immediately hit and locked up.

Ye Chen's eyes widened, and he also looked at this scene in amazement.

This innate dragon-escaping pile really has the power of escaping dragons, capturing immortals, locking gods and binding demons, and even the Emperor Taihai can capture them instantly.

If this magic weapon can be completely forged, it will be comparable to divine artifacts such as the Heavenly Demon Star Sea and the Heavenly Emperor Golden Wheel.

It's just that, when this magic weapon was first created, it was defaced by Emperor Bantian. Although it has been re-purified by a certain Daoist figure, in terms of power, it must not be comparable to the Golden Wheel of the Emperor of Heaven. Sin ancient sword and other supreme artifacts.

Of course, it is more than enough to trap the Emperor Taihai.

Even, Emperor Xuanchen just summoned a phantom of the magic weapon, and he has already locked the Emperor Taihai, which shows the strength of the innate dragon-escaping pile.

"Emperor Taihai, how do you want to die?"

A trace of cruelty flashed in Xuanchen Tiandi's eyes, and he walked towards Taihai Tiandi step by step.

Taihai Tiandi's face was full of horror, his whole body was trembling, and he felt regretful in his heart.

If he had known earlier, he would not have given Emperor Xuanchen the chance to recover his body.

How could he have imagined that this innate dragon escape post would be so powerful that a phantom of a magic weapon could lock him to death.

Chapter 9766

"Emperor Xuanchen, I was wrong, we are brothers, we created Xuanhai Time and Space together back then."

"Yes, I used to be sorry for you, but that was just my momentary confusion, I knew I was wrong."

"From now on, Xuanhai Time and Space will be under your control. If you let me go, I will be your servant, how about it?"

Taihai Tiandi knew that he was going to die, so he begged bitterly, hoping that Xuanchen Tiandi would change his mind.

Emperor Xuanchen laughed loudly, and said: "You only admit your mistake now, it's already too late!"

After finishing speaking, Emperor Xuanchen raised his sword and stabbed it into the belly of Emperor Taihai.

When the severe pain came, the face of Taihai Tiandi was distorted, and at least half of the timeline was wiped out. Under the fear of death, he begged for mercy again, saying:

"Emperor Xuanchen, when I beg you..."

"I don't know how many epochs I have cultivated to the Heavenly Emperor Realm. This body... this body's cultivation level is not easy to come by..."

There was a sword stuck in his lower abdomen, and he was seriously injured. He kept panting heavily while speaking, and dripped cold sweat:

"At most... At most, I will also teach you the Sea God's orthodoxy."

"Your talent is much stronger than mine... If you can inherit the Sea God's lineage, you can reproduce the glory of ancient times."

Emperor Xuanchen said fiercely: "No need! I don't want anything, I just want your life!"

As he said that, he pulled out the long sword and stabbed it into the lower abdomen of Emperor Taihai again.

Taihai Tiandi convulsed all over his body, twitched and couldn't speak, and blood oozed from the corner of his mouth.

Ye Chen, the little forbidden demon, Xu Tianlang, Xu Yourong and others all watched this scene silently.

The Emperor Taihai had fallen to this point, so he deserved it.

"Lord Hun Tiandi, please... Please show your mercy and save your humble believers..."

Taihai Tiandi was seriously injured and dying, his consciousness gradually became blurred, and he began to chant in a low voice, actually wanting to summon Hun Tiandi.

Generally speaking, if a believer in darkness wants to summon the Soul Emperor, he needs to prepare a large number of sacrifices, or use his own life and blood as an offering, in order to be able to summon the Soul Emperor.

Taihai Tiandi naturally knew this well, but when he was about to die, he subconsciously hoped that Hun Tiandi would come and save his life.

Rumble!

His summoning sound fell, and unexpectedly, there was a rumbling thunder in the void.

Between the heaven and the earth, there was a strong wind and thunder, and the devilish energy was billowing. The ominous and dark atmosphere quickly permeated and exploded, as if some terrifying horror was about to descend.

"Father....."

The little forbidden demon was full of fear, and grabbed Ye Chen's hair.

Xu Tianlang over there also caught a strong terrifying aura, guarding Xu Yourong with a horizontal knife.

Xu Yourong put his hands on the ice coffin to protect the body of the Moon God Emperor.

"This is... the territory of the Moon God and Heavenly Emperor?"

"Let me think about it, ah, she seems to exist in my memory."

"She is not as beautiful as Meishen. I wanted her to be my cauldron, but unfortunately she refused."

"I told Huazu to kill her..."

"By the way, it's like this. This memory is so long ago that I almost forgot it."

"Heavenly Emperor Shenyuan, the great ruler, is so powerful that he can actually preserve her body until now."

"I don't know if she can use her body? I hope it's not too cold..."

...

A gloomy, hoarse, harsh, furry, and extremely unpleasant voice came from the void.

The voice was intermittent, like talking in a dream, or like the whispers of a lunatic.

What appeared with this voice was an extremely ugly person.

His body is distorted, his facial features are also distorted and crooked, his messy hair hangs loose, every pore in his body exudes dirty, foul smell, sticky things, his stomach is rotten, and there are countless worms wriggling inside, he can't explain it with words describe his ugliness.

Even the ugliest demon god in the world is as holy and beautiful as a fairy compared to this person.

An indescribably mysterious, gloomy, evil, ominous, sinful, and filthy aura emanated from this person.

If it was a martial artist with a weak Dao heart, as soon as he saw this person, he would scream and collapse on the spot.

This man turned out to be an ugly god!

"Ugly God!?"

Ye Chen's scalp was numb, he never expected that the ugly god would come.

The ugly person in front of him was slightly different from the ugly god Ye Chen had seen before, and had a more "human" shape, but they were all the same twisted and ugly, and there was nothing wrong with the stench.

This is the ugly god!

Taihai Tiandi was stunned, he was obviously summoning the Soul Emperor, but now he came down, but it was an extremely ugly god.

He had never seen such an ugly existence.

He was seriously injured and dying, and was very weak. When he saw the ugly god descending, witnessed the terrible appearance of the ugly god, and was hit by the strange devil energy, he screamed on the spot.

Taihai Tiandi's heart collapsed in an instant. He collapsed screaming, howling, crying, incontinence of feces and urine, and he didn't know where the strength came from. He shouted loudly:

"You are not Emperor Huntian! You are not my god!"

Ugly God showed a smile that was enough to make people have nightmares for life, looked at Emperor Taihai, and said: "I am a friend of Emperor Hun, if you summon him, I will come down for him, the same is true."

Taihai Tiandi looked into the ugly god's eyes and roared madly, "No, you are not my god!"

What kind of eyes are those?

The eyeballs reflected the mountain of corpses and the sea of blood, tens of thousands of white bones, countless maggots wriggling, crawling out of his eyeballs, and many indescribable strange things, forming a layer of blood-stained net-like things, covering it.

Anyone who sees the eyes of the ugly god will collapse, scream, roar, fall into nightmare and madness, and fall into boundless fear and despair.

"Oh, it looks like you've gone crazy."

The ugly god shook his head, raised his twisted fingers, and stroked lightly on his neck.

After this action, a bloody mouth immediately appeared on Taihai Tiandi's neck, and the blood splattered, as if someone had cut his throat with a knife, his eyes widened, and he died on the spot.

Seeing the death of Emperor Taihai, Ye Chen, Xu Tianlang, Emperor Xuanchen and others were all terrified and looked at the ugly god with numbness.

The ugly god looked around, and also looked at Ye Chen and the others.

"Lord of Reincarnation, we meet again."

"Actually, I wanted to kill you."

"But it's a pity that Emperor Huntian will be back soon, and I dare not offend him."

"Hey, your life should be left to Emperor Hun to reap it."

Ugly God smiled at Ye Chen, almost irritated Ye Chen to the point of breaking his heart, his chest was so stuffy that he wanted to vomit.

Finally, the Ugly God's eyes fell on the ice coffin of the Moon God Emperor, narrowing his eyes slightly, and said:

"I took this ice coffin away. I want the Moon God Emperor to be my cauldron. Do you have any objections?"

Chapter 9767

As he spoke, the Ugly God walked towards the ice coffin. With every step he took, countless dirty and sticky things flowed down, quickly polluting the ground of the Moon God's Heavenly Palace.

Xu Yourong was terrified, he absolutely didn't want to see the body of the Moon God Emperor fall into the control of the Ugly God.

But under the coercion of the ugly god, she couldn't stiffen, couldn't move, and couldn't even speak a word, and she was almost suffocated.

"What are you, an ugly monster! How dare you touch the remains of the Moon God Emperor?"

Xu Tianlang took a step forward and stared angrily at the ugly god.

The horror and magic power of the ugly god made him feel great pressure.

However, in order to protect Xu Yourong, he still stood up and suppressed all his fears.

Wisps of terrifying tailed animal aura emanated from his body, which also had an ominous aura, but it was not as strong as Ugly God.

"Oh? Tailed beast?"

"If it is a complete ten tails, then I may be afraid of three points."

"However, you are just a clone, and your strength is far behind mine."

"If you say I'm a monster, aren't you a monster yourself? Hehe..."

"I think it's not easy for you to cultivate, get out of the way, I won't kill you."

The ugly god said indifferently.

"Monster, die for me!"

Xu Tianlang was furious, shouted loudly, and with the little strength left, he slashed out suddenly.

His knife slashed fiercely on the shoulder of the ugly god.

There was a click.

The body of the ugly god was unscathed.

But Xu Tianlang's shoulder was cut with a deep wound, the bone can be seen deep.

His knife was clearly on the ugly god, but he was the one who was injured in the end.

"How is this going?"

The huge pain from his shoulder made Xu Tianlang completely stunned, and the knife in his hand fell to the ground with a bang because of the pain.

"Oh, I almost forgot to tell you that I won't get hurt."

"Anyone who wants to attack me, their tricks, will eventually attack themselves in turn."

"Using the way of the other, return it to the other body, this is the profound meaning of the Tianbei Tianni Shenmai."

"I have been in contact with the Tianbei before. Although I am not qualified to awaken the Heavenly God Vein, I have also successfully stolen a trace of the power of the Tianbei."

The ugly god smiled and said to Xu Tianlang, but his eyes fell on Ye Chen again.

Ye Chen was horrified, he didn't expect the ugly god to touch the Tianbei, and even stole a trace of the power of the Tianbei.

The energy background of the Tianbei is too deep. If the ugly god steals a little, he can use the way of the other, and return it to the other. He will be invincible and will never be injured.

If Ye Chen's cultivation base can be strengthened, he who is in charge of the Tianbei and has awakened the God of Heaven's Resistance, maybe he can be more terrifying than the Ugly God.

"I repeat, get out of the way."

The Ugly God said to Xu Tianlang again, with a hint of warning in his tone.

He looked at Xu Yourong again, and nodded lightly: "Well, you are the descendant of the Moon God and Heavenly Emperor? Your spiritual energy background is not bad, and your appearance and body are also very good. You take this ice coffin and go with me."

Xu Yourong was terrified, and stepped back in a panic.

She knew very well that once she fell into the hands of the ugly god, what a terrible end it would be.

Xu Tianlang frowned, his eyes were full of anger.

At this time, he already knew the strength of the ugly god, but he still didn't flinch at all, gnashing his teeth and saying:

"Monster, if you want to touch Miss Xu, it's wishful thinking!"

Ugly God had a strange expression on his face, stared at the other party, and said with a smile, "Why, what other means do you have to resist me?"

Xu Tianlang didn't speak, but his expression was full of determination. Suddenly he strode forward and hugged the ugly god's body tightly.

The body of the Ugly God was so filthy, foul-smelling, full of filthy and rotten things, and there were countless worms wriggling in the rotten stomach. Even a corpse that had rotted for thousands of years was much cleaner than his body.

However, Xu Tianlang hugged the ugly god's body tightly regardless of everything else.

And it seems to be preparing for something.

"Um!?"

Ugly God's face changed drastically, but he felt Xu Tianlang's body was expanding, and his inner breath was bulging and bursting.

That's a sign of self-destruction!

"Monster, let's die together!"

Xu Tianlang yelled suddenly, his body exploded with a bang.

He actually blew himself up and wanted to die with the ugly god.

After all, he is a tailed beast. If he blew himself up, the power he would explode would be enough to destroy the world and shatter the starry sky and universe. It was very terrifying and powerful.

Seeing Xu Tianlang blew himself up, countless flesh and blood fragments flew across, billowing dark tailed beast energy exploded, filling the world, shaking time and space.

The body of the Ugly God was torn to pieces on the spot when Xu Tianlang blew himself up.

What he came down was not the body, but the incarnation of a will energy.

Of course, this incarnation couldn't withstand Xu Tianlang's self-destruction impact.

The Ugly God was torn to pieces, and before his body was broken, he left a sentence with a surprised and wry smile:

"It's...unbelievable."

The legendary tailed beast is an extremely cruel, rebellious and selfish existence.

The Ugly God never expected that in order to protect Xu Yourong, Xu Tianlang was willing to sacrifice his life, blew himself up on the spot, and died with him.

The demise of this incarnation was also a very heavy blow to his body.

Isn't the tailed beast just an energy body? Also became a real person?

The ugly god has calculated thousands of times, but he didn't expect the tail beast to explode like this.

"Sirius!"

When Xu Yourong saw Xu Tianlang blew himself up to death, his body also trembled, and his face was shocked.

Chapter 9768

Xu Yourong initially rescued Xu Tianlang from the darkness and served as his lighthouse. In fact, he had selfish intentions, wanting to tame the tailed beast and strengthen the power of the family.

But later, after getting along for many days, she also regarded Xu Tianlang as a friend.

Seeing Xu Tianlang die for her now, I feel great sadness in my heart.

Seeing Xu Tianlang's death, Ye Chen was also stunned. He never expected that things would develop to this point.

He also regarded Xu Tianlang as a friend, and now seeing him blew himself up to death, his heart was extremely shocked.

In the next moment, something even more unexpected happened to Ye Chen.

After Xu Tianlang blew himself up, his aura turned into the original tailed animal energy, but these tailed animal energy gathered on Ye Chen and flowed into his body like a hundred rivers returning to the sea.

To be precise, it flowed into the blood dragon's body!

"Owner....."

The blood dragon emerged from Ye Chen's body, but the dragon's body was automatically absorbing the tailed beast energy around it, and gradually grew stronger.

The former blood dragon absorbed the energy of the half-tail. In essence, the blood dragon can also be regarded as a tailed beast.

Now, Xu Tianlang blew himself up, and the original energy breath belonging to Erwei was naturally absorbed by it, because the half-tail energy it possessed was from the same source as Xu Tianlang, and both came from Ten Tails.

Xu Yourong stared blankly at the scene, and murmured: "Is the Sirius still alive?"

Ye Chen hurriedly said: "Brother Sirius will not die, even if he dies, I will resurrect him."

"Miss Xu, you don't have to be too sad."

Xu Yourong smiled wryly, seeing that the blood dragon had absorbed Erwei's original energy essence, he probably guessed what was going on.

She shook her head lightly and said, "Lord of Reincarnation, thank you very much."

"This treasure hunt is over, right?"

"I should go too."

"I don't want other treasures."

"But the remains of the ancestor of the Moon God, I must take them away."

She gently caressed the ice coffin, in order to obtain this set of bones, she went through too many twists and turns.

Ye Chen nodded and said, "No problem, Miss Xu, the remains of your ancestors will naturally be taken away by you."

Rumble!

At this time, the surrounding space became distorted, but Xu Tianlang blew himself up just now, causing the law of this fantasy space to collapse and return directly to reality.

The entire Moon God Heavenly Palace appeared directly in Tianyue Guigu.

Xu Yourong heard countless excited voices coming from all directions.

Obviously, the coordinates of the Luna Heavenly Palace were exposed, and all causes and effects appeared. Many treasure hunters knew that the most precious treasures were actually the remains of the Luna Heavenly Emperor and the Luna Dzi Bead.

"People from outside are coming."

Ye Chen frowned, fighting repeatedly with the ancestor Yindan, Taihai Tiandi, Ugly God and others, now he and Xu Yourong, Xuanchen Tiandi, and the little forbidden demon are all very tired, and really don't want to fight again.

Emperor Xuanchen said: "Master of the tomb, my physical body has recovered, I will take Miss Xu to leave first."

Saying so, Xuanchen Tiandi put away the Xiantian Dunlong Stake, and also put away the corpse of Taihai Tiandi.

The corpse of Emperor Taihai still has a lot of Emperor Qi, if he absorbs and refines it, it will be enough to strengthen his body.

"Well, you guys go first, I'll finish off."

Ye Chen nodded and said, the blood dragon absorbed the energy of Erwei just now, and his strength has been greatly improved. With the blood dragon by his side, he is not afraid of being offended by ordinary warriors.

"Tomb owner, I plan to go back to the time and space of Xuanhai to take back what I have lost."

"If you are free, you can come to Xuanhai Time and Space to visit me."

Emperor Xuanchen said.

Xuanhai time and space is the world created by him and Taihai Tiandi together.

Now that Emperor Taihai is dead, he wants to return to that world to explain the truth to the believers.

"must!"

Ye Chen agreed.

Emperor Xuanchen said again: "Also, the Daoist figure I want to introduce to you is Badao Canglei, one of the two envoys of the sword."

Ye Chen narrowed his eyes slightly, and said, "The second envoy of swords and swords, Tyrant Dao Canglei?"

Xuanchen Tiandi said with a hint of mystery in his tone, "Yes, the second envoy of sword and sword is the envoy of the Great Ruler, and even the eighth patriarch of the Dao Sect must be courteous to them."

"The two envoys of the sword, one named Badao Canglei, and the other named Jianzi Xianchen, are very mysterious figures."

"Back then, Ba Dao Cang Lei failed to cultivate Wuxiang with a single blow. He went mad and was seriously injured. I saved his life."

"When you become a god in the future, you can go to Canglei Mountain to find him, and he will give you great opportunities and great fortune."

"However, you must wait for your cultivation to reach the Divine Dao Realm before going to see him. Otherwise, your cultivation is not enough, and you will not be able to bear the pressure of his territory, Canglei Mountain."

After listening to Xuanchen Tiandi's words, Ye Chen also clearly captured the coordinates of the Canglei Mountain. In the dark, he really felt a tyrannical coercion.

This coercion, with the esoteric meaning of the law of cause and effect, if a person below the Divine Dao Realm dared to approach Canglei Mountain, he would be slashed and killed by the thunderbolt all over the sky, and died on the spot.

"Okay, senior, I will go to Canglei Mountain when I become a god in the future."

Ye Chen nodded, Naba Dao Canglei is so mysterious, he also wants to pay a visit, if he can form a good relationship with the other party, he can also strengthen the power of the reincarnation camp.

Emperor Xuanchen finished his confession, and said: "Then, I will leave with Miss Xu first."

He tore a space rift and prepared to leave.

Before leaving, Xu Yourong handed Ye Chen a jade pendant and said, "Lord of Reincarnation, if you need anything in the future, you can use this jade pendant to contact me."

Chapter 9769

She knew that there were quite a few enemies in the reincarnation camp.

But this time, she was able to get the remains of the Moon God Emperor. Ye Chen made a huge effort, so she was naturally grateful. If the reincarnation camp needs her help in the future, she is willing to help.

"Um."

Ye Chen nodded slightly, took a look at the jade pendant, and saw the appearance of the Moon God and Heavenly Emperor engraved on the jade pendant, lifelike.

"Then I will take my leave first."

Xu Yourong bowed to Ye Chen with a bow, then took away the ice coffin, and left through the air with Emperor Xuanchen.

In fact, Ye Chen could leave at this time, but he didn't want to give up the many treasures and resources in Tianyue Guigu.

The little forbidden demon has a huge appetite. If he wants to support him, Ye Chen needs a lot of resources, a lot of treasures from heaven and earth.

And for his own daily practice, resources are also indispensable.

Rumble!

As the ice coffin of the Moon God Emperor was taken away, the entire Tianyue returned to the valley, as if it had lost its backbone, and the sound of laws collapsing could be heard everywhere.

The many treasures of Tianyue Guigu were originally blocked by a layer of restrictions, but now that the Moon God and Heavenly Emperor is gone, those restrictions will automatically dissipate, and it will become easier to obtain the treasures.

"Father, I'm sleepy."

The little forbidden demon yawned, and said lazily to Ye Chen.

The series of twists and turns really made him, who was just born, bear too much.

"Go back to sleep."

Ye Chen smiled, and took the little forbidden demon back to the reincarnation cemetery, letting him sleep and rest.

"Master, there seems to be a lot of golden source jade in the Moon God Heavenly Palace."

"There are also some stone statue guards, which are very powerful battle puppets."

The blood dragon's eyes were looking at the palace of the Moon God Heavenly Palace.

In that palace, there is a faint light of the golden source jade shining through, there must be a lot of treasures stored in it, and there are also powerful battle puppets.

"I'll collect it."

The blood dragon licked his lips, and immediately flew out of Ye Chen's body, flew into the hall, and began to collect the treasure.

The aura of the Moon God Heavenly Palace has been exposed, and warriors from outside will soon swarm over.

Soon, someone came, but it was a man with clear eyes, it was Han Yan.

"Brother!"

Han Yan flew over from the outside with strides, and when he saw Ye Chen's figure, he was overjoyed and called out.

"Brother Han, are you awake?"

Ye Chen was also overjoyed to see that Han Yan no longer had the aura of a sword demon.

"What awakening? Uh... By the way, I seemed to be a different person before, and even wanted to attack and hurt you."

Han Yan also vaguely recalled the scene of himself becoming a sword demon and killing wildly.

"Brother, I'm sorry."

With lingering fear and guilt, he apologized to Marven Ye.

"It's okay, just wake up."

Ye Chen smiled.

Han Yan frowned and said: "My second uncle said before that I was the reincarnation of a sword demon. Now it seems that I was indeed a sword demon in my previous life. I have recovered some memories."

"Brother, actually, you already knew about it, didn't you?"

In a daze, he felt that deep in his mind, some memory had revived and surged up like a cloud of smoke. It was not the memory of his current life, but the memory of his previous life. Many wonderful skills of swordsmanship that he had never learned all of a sudden surged up. heart.

Ye Chen fell silent, thought for a while, and said calmly: "Yes, I have seen the remnant soul of Emperor Yantian. He told me that in your previous life, you were indeed a murderous demon."

The sword demon at first was relatively simple, but later his mind became distorted, killing people everywhere to vent his anger.

"Emperor Yantian?"

Han Yan's heart twitched violently when he heard the word Yantiandi, as if he had been hit hard with a sledgehammer, causing a dull pain.

He vaguely glimpsed that this Yantian Emperor was the most cherished friend of his Sword Demon in his previous life.

The original Sword Demon, who drank blood like a savage, ate the corpses of ancient gods, and could only drink cold wine when he drank alcohol. It was Emperor Yantian who brought him flames and made him

Chapter 9770

"That ugly god seems to be from another world. He is not yet familiar with the laws of the main world. In the end, I was lucky enough to win him a move, but in fact his strength should be higher than mine."

Ye Chen knew that what Han Yan said, the ugly god was naturally the ugly god.

Han Yan continued: "After that, the Moon God Emperor and I went to find Emperor Yan's body and try to revive him."

"The Yantian Emperor at that time had been killed by the Nine Misfortunes Canglong. Before he died, he divided his body into six parts and handed them over to the descendants of the Yingzuo Family."

"Even, in order to avoid disaster, he issued the law of cause and effect, erasing all traces of his existence."

"In my mind, the memory about him is also constantly fading. I have to remind myself every day that I have a friend, his name is Emperor Yantian, who is also my lighthouse, so that I can keep the memory."

"I want to gather all his body parts and bring him back to life."

There was a hint of desolation and sadness in his voice, he was clearly talking about things from his previous life, but he also substituted himself into it.

Ye Chen said: "Brother Han, that's all happened in the previous life, so you don't have to be sad."

"Besides, the current Yantian Emperor has also rested, tired of fighting in the world, and he doesn't want to be resurrected."

"Resurrection may still be a kind of torture for him."

Ye Chen had met Emperor Yantian earlier, and Emperor Yantian made it very clear that he no longer wanted to be resurrected, and he was willing to hand over his body and moral lineage to Ye Chen to inherit.

Han Yan said: "Well, I know, brother, don't worry, I won't indulge anymore."

Even though he said that, Ye Chen saw tears in his eyes, and he knew that the events of the previous life had been deeply imprinted in his heart in this life, and he couldn't let it go.

Ye Chen asked: "By the way, who is the Nine Disaster Canglong you just mentioned?"

Han Yan said: "It is
