### Chapter 9771

Ye Chen smiled and said, "Collect the treasures here first, then you won't be enchanted again, will you?"

Han Yan's heart trembled, he hesitated for a moment, and said: "As long as I am not stimulated, I will not be possessed."

"However, as long as I think about the things in my previous life, my emotions will easily lose control."

Before Han Yan turned into a sword demon, it was precisely because he saw the remains of the Moon God Emperor, awakened the memory of his previous life, and was emotionally stimulated, so it was difficult to control himself.

Ye Chen said: "Then don't think too much about it, I'll give you some elixir, if you are emotionally unstable, you can take this elixir, it can help you calm your mind."

With that said, Ye Chen performed the Taoist alchemy technique, mixed with the Buddhist law of seeing the void, and casted golden pills one by one.

These elixirs, with Buddha's light, are printed with the totem of Bodhisattva, which can help Han Yan stabilize his emotions.

Ye Chen put all the bodhisattva elixir into a small bottle and handed it to Han Yan.

Han Yan was overjoyed, accepted the pill, and said with a feeling: "Brother, you are so kind to me!"

Ye Chen smiled. The little forbidden demon in the cemetery of reincarnation was originally sleeping, but he seemed to smell the bodhisattva elixir, and woke up in a daze, shouting:

"Father, is there something delicious? Give me some, woo..."

Ye Chen didn't know whether to laugh or cry, and said, "No, go to sleep."

The little forbidden demon drooped its head, so it had no choice but to continue to sleep, holding the storage bag while sleeping, nibbling the golden source jade in the bag from time to time.

The corner of Ye Chen's mouth twitched, this little guy is really a foodie, it's not easy to feed him.

"Master, all the treasures have been collected."

At this moment, the blood dragon flew out from the main hall of the Moon God Heavenly Palace. The dragon's claws were held in vain, and a space was suspended above the claws. In that space, it was filled with resources such as gold source jade, concentrated minerals and medicinal materials.

Ye Chen was overjoyed and said, "Very good!"

With these resources, in the next period of time, he won't have to worry about the little forbidden monster being unable to support him.

Brush, brush, brush.

And at this time, many martial artists from outside also quickly flew over, came to the Moon God Heavenly Palace, and immediately surrounded the entire Moon God Heavenly Palace, three floors inside and three floors outside.

Many warriors, seeing the treasure Yuanyu in Xuelong's hand beside Ye Chen, all opened their eyes wide, salivating.

"Lord of Reincarnation, you took all the treasures? Let us share some."

"That's right, Lord of Reincarnation, you are a great person, you are bold and generous, if you can reward me with some treasures, we would be very grateful."

"With so much source jade, you can't swallow it all by yourself, right?"

The gold source jade collected by Ye Chen probably exceeded one million, which made the people present very envious.

Ye Chen smiled. The treasure here was obtained by him after countless twists and turns. He didn't have enough for himself, so how could it be distributed?

"Sorry, everyone, I don't even have enough of these treasure resources myself."

"The treasure outside also belongs to me, you can go, there is no opportunity for you here."

Ye Chen shook his head, and refused directly, his tone was very flat, but the meaning behind it was very domineering.

What he wanted was not only the treasures in the Moon God Heavenly Palace, but also the entire Tianyue Guigu. He wanted all the treasure resources.

Ye Chen spent a lot of painstaking efforts to investigate the treasure place of the Moon God and Heavenly Emperor.

These warriors wanted a piece of the pie for no reason, and Ye Chen would definitely not allow it.

Many warriors were in an uproar. Listening to Ye Chen's domineering words, they were also aroused, and the crowd was furious. Many people cursed and drew their swords with a fierce posture.

Although the reincarnation camp is strong, ordinary warriors are definitely unable to compete, but martial arts cultivation is to fight for one breath. Many people know that Ye Chen is strong, but they are still resentful and unwilling to do it.

Ye Chen said with a smile: "Do you want to do something? I advise you not to be impulsive."

While speaking, the blood dragon let out a deep roar, and slowly circled around Ye Chen.

The blood dragon that swallowed Erwei's energy had an extremely terrifying aura. The warriors present felt the ferocious aura of the blood dragon, and many of them trembled in fear and quickly calmed down.

Han Yan also pulled out his sword and stood in front of Ye Chen.

He knew that the current Ye Chen was in a rather weak state, if those warriors rushed forward, it would be a big trouble.

"Hahaha, the lord of reincarnation is really brave. What kind of skill is it to show off your power in front of a group of casual warriors?"

At this moment, a loud laugh sounded.

The blue sky suddenly became dark, and the totem of the constellation appeared in the dark night sky. The constellation appeared in human form, like a supreme king. It was the unique magic of the Zhou family, the emperor's constellation!

A figure like a young son of heaven, descending from the constellation of the emperor, with a four-tailed marten standing on his shoulders, is exactly Zhou Wuhuang.

Seemingly afraid of the power of the blood dragon, Zhou Wuhuang directly used the emperor's constellation magic.

At this moment, he has the majesty of the emperor, not weaker than the blood dragon.

"Zhou Wuhuang, you want to snatch the treasure from me?"

Ye Chen's eyes were slightly cold, staring at Zhou Wuhuang's figure.

"Where is the remains of the Moon God Emperor? Have you been taken away?"

Zhou Wuhuang came down, calculated with his fingers, and vaguely calculated that the bones of the Moon God and Heavenly Emperor were no longer there, and his expression changed immediately.

He doesn't care about this ordinary treasure, but the bones of the Moon God and Heavenly Emperor are extremely precious. Once obtained, he can obtain the Taoist lineage of the Moon God and Heavenly Emperor, which is of great benefit.

"Also, Erwei was swallowed by you too?"

Zhou Wuhuang looked at the blood dragon again, and clearly felt that there was a majestic tail beast aura in the blood dragon's body, which was very domineering.

"Zhou Wuhuang, the remains of the Moon God and Heavenly Emperor, and the energy of the Tailed Beast, don't expect to snatch them."

"There are still many treasures and resources in this piece of Tianyueguigu. I can share it with you to avoid unnecessary fights."

Ye Chen said lightly, he didn't want to make any more troubles.

During this treasure hunting trip, he gained a lot. He used the aura of Shenyuan Pool to hatch the forbidden demon stone eggs, and solved the Taihai Heavenly Emperor, helped Xuanchen Heavenly Emperor to reshape his body, and got the right arm of Yantian Emperor himself. With the Shenxuan

chain, successfully united with the reincarnation monument, and awakened the source body of reincarnation.

Up to now, Ye Chen is already very satisfied, and it doesn't matter if the remaining treasure resources are shared with Zhou Wuhuang.

Zhou Wuhuang laughed loudly and said, "What use are those ordinary treasures to me?"

"Lord of reincarnation, you give me this blood dragon as a gift, and I can leave right away and stop fighting with you."

His gaze was fixed on the blood dragon, full of covetousness.

The four-tailed purple cloud marten standing on his shoulders also screamed excitedly. As a tailed beast, it naturally wanted to devour the tailed beast.

Chapter 9772

If all the tailed beasts are fused together, then the ten tails can be re-formed, which will be a possible existence beyond the Ninth Grade Heavenly Emperor!

"Then there is no need to discuss it, Blood Dragon, prepare to do it."

Ye Chen snorted, not talking nonsense, clenched his fist, and with the help of the blood dragon's power, his whole body burst out with dragon power, which was unparalleled.

Han Yan gripped the hilt of the sword tightly and said, "Brother, I'll help you too."

Zhou Wuhuang's heart trembled, seeing Han Yan's current appearance, although he was only at the peak of the divine way, but once he went crazy, he would really kill everything indiscriminately, and there was nothing to stop him.

The scene where Han Yan went crazy before also made him deeply afraid.

"Xiong Bazhen, how long are you going to hide, why don't you get out quickly?"

Zhou Wuhuang took a step back and yelled towards the void above.

His cry fell, the sky trembled, and the devilish energy gushed out, opening a crack.

Crash!

From that crack, poisonous snakes poured down. Tens of thousands of poisonous snakes poured down like rain, covering the entire Luna Heavenly Palace, causing the warriors present to scream in horror.

Countless poisonous snakes squirmed, gradually forming a human figure, which was Xiongbazhen.

Before that, he was seriously injured by Ye Chen who had awakened the source body of reincarnation. Judging by his energetic appearance now, it is obvious that he has recovered a lot of vitality.

He still wanted to hide and wait for Zhou Wuhuang and Ye Chen to lose both, and then come out to take advantage of it, but unfortunately, he has already been discovered.

"Zhou Wuhuang, what are you arguing about? Let's join hands to suppress the Lord of Reincarnation first. If we get any treasures, we can go back to Tianxu Temple and divide them up."

Xiongba really shrugged his shoulders. He could tell that Ye Chen was quite weak and in a very bad condition. It was the right time for him and Zhou Wuhuang to attack.

He was very afraid of Ye Chen's reincarnation source body.

Ye Chen opened the source body of reincarnation before, and he and Zhou Wuhuang were severely injured without any effort. Both of them had many timelines cut off and suffered heavy losses.

But now it seems that Ye Chen is in such a state that he can no longer open the source body of reincarnation.

Just to deal with Xuelong and Han Yan, he has a lot of confidence in joining forces with Zhou Wuhuang.

Han Yan said loudly: "You want to hurt my elder brother, unless you are stepping over my dead body!"

After the words fell, he stopped talking nonsense, and swung his sword brazenly to fight out. The sword energy roared across the world, covering the surrounding fields, the divine way law broke out, and the violent sword force enveloped Zhou Wuhuang and Xiong Bazhen at the same time.

"Wu Sheng Jian Dao, Moon Chasing Sword!"

Han Yan's sword is as bright as a tide, with a fierce aura of extermination of life. This is the way of the sword that he has learned from observing the sword of the sword ancestor in the time and space of the blood knife evil ancestor.

This Wusheng swordsmanship can destroy the past timeline of a person and obliterate a person from the root, which is extremely powerful.

After awakening the memory of the sword demon in his previous life, Han Yan's swordsmanship has improved again. Although he is not possessed at the moment, the sword energy that erupts is also very fierce and sharp.

Both Zhou Wuhuang and Xiong Bazhen felt that their past timeline had a terrible sign of being wiped out.

If the timeline of the past is wiped out, it will inevitably involve the present, and they will die suddenly on the spot.

"This kid is very good at swordsmanship, and he is in danger of going mad, kill him first!"

Zhou Wuhuang shouted and looked at Xiong Bazhen. The two had a tacit understanding and immediately attacked Han Yan together.

The violent waves of Shinto burst out from the two of them, resisting the coercion of Han Yan's sword.

"One finger of the emperor!"

Zhou Wuhuang shot out with one finger, like a king suppressing the world, with domineering power, starlight bursting brightly, all kinds of energy aura and law coercion of the emperor's constellation gathered in his finger.

"Thousands of snakes and ten thousand poisons!"

Xiong Bazhen chanted, thousands of poisonous snakes were rolled up like a carpet, every poisonous snake spit out venom, and dirty and sticky things flowed from the snakes, and they rushed towards Han Yan madly.

Han Yan suddenly suffocated. It was still too difficult for him to fight against two.

Zhou Wuhuang's emperor pointed at him, and he had already killed him. He hurriedly raised his sword to block, but after such a block, Xiong Ba was really attacked by a poisonous snake, so he couldn't stop it.

"Brother Han, I'm here to help you!"

Seeing this, Ye Chen yelled violently, borrowing the power of the blood dragon, and violently slashed out with a Heavenly Martial Fist.

The shocking fist erupted, and the strong wind surged, immediately crushing the carpet of thousands of poisonous snakes that Xiongbazhen had made, and the rotten flesh and blood of countless poisonous snakes, mixed with highly poisonous liquid, splashed out.

The martial artists in the audience were in an uproar and retreated one after another.

"Brother, thank you!"

Han Yan was grateful in his heart, and held his sword against Zhou Wuhuang.

Ye Chen and Xiong Bazhen fought together, and for a while, the two sides were evenly matched, and no one could do anything to the other, and the fight was so dark.

Many warriors present were amazed at the fierce battle, and many warriors thought that taking advantage of Ye Chen and others' chaotic battle, it was a chance to seize the treasure.

The treasures of the Moon God Heavenly Palace have been taken away by Ye Chen, and they can't get a share, but there are still many treasure resources in Tianyue Guigu.

Those treasure resources are originally protected by prohibition, and ordinary warriors have to be very troublesome to get a little bit.

But now, with the remains of the Moon God and Heavenly Emperor being taken away, the restrictive laws of this world have collapsed, and there is no protection for those treasure resources.

Right now, there are quite a few warriors who want to go out to hunt for treasures, but at this moment, poisonous snakes crawled to their feet.

Extreme terror enveloped them.

Chapter 9773

"The treasures in this place all belong to my Tianxu Temple. I will kill anyone who dares to get their hands on it!"

Xiong Bazhen shouted angrily, and said: "You trash, get out of here immediately, or I will feed you to snakes!"

He is not as talkative as Ye Chen, if someone wants to get their hands on the treasure, he will kill someone.

Many warriors felt the fierce aura of Xiong Ba, and suddenly trembled with fear and dared not speak.

Compared with the brutal Xiong Bazhen, Ye Chen, who was domineering just now, seemed gentle and polite.

"Still leaving!"

Xiong Ba's true voice was like thunder, and with a thought, several warriors were killed by the poisonous snakes released by him, crawling onto them.

Seeing this, the rest of the people screamed in alarm and fled in all directions.

Ye Chen's heart moved, and he wanted to take advantage of Xiong Bazhen's distraction to attack.

However, he found that in his weak state, it was already very difficult to borrow the power of the blood dragon to fight against Xiongba Zhenzhen, and it was absolutely impossible for him to defeat the opponent with his troops at risk.

"Hehe, Lord of Reincarnation, I'm really sorry."

"You are in such a state, even if I win you, it will be a victory without force."

"That's all, I'll give you a happy one."

Seeing this, Xiong Bazhen also knew that Ye Chen was not in good condition, so he grinned grinningly, stretched out his arms, and twisted them strangely, transforming into thousands of poisonous snakes, all spouting and writhing, and madly pounced towards Ye Chen.

Ye Chen's face darkened. The blood dragon had just swallowed Erwei's energy and hadn't fully digested it. It was more than enough to deal with ordinary warriors, but it seemed a bit difficult to deal with Xiong Bazhen, a powerhouse at the peak of the divine way.

"Daozong alchemy technique, break it for me!"

Seeing tens of thousands of poisonous snakes coming to kill, Ye Chen performed the Taoist alchemy technique, and a group of blue-blue light of Dao Yun was released.

A miraculous scene appeared, the tens of thousands of poisonous snakes, under the impact of Taoist alchemy casting technique, suddenly turned into wisps of alchemy, chi chi, and their bodies evaporated on the spot.

"Um?"

Seeing this, Xiong Bazhen was very astonished, he didn't expect Ye Chen's supernatural power to change so mysteriously.

But when he saw that Ye Chen's face turned pale after performing Taoist alchemy, he knew that Ye Chen's condition was not good, and even if he had any supernatural powers, it would be difficult to continue.

"Hehe, Lord of Reincarnation, your supernatural powers are dazzling, much better than mine, but judging by your appearance, you won't last long, right?"

Xiongba really laughed, his arm returned to its original shape, and his palm was mixed with powerful poisonous air, pressing towards Ye Chen.

Ye Chen felt suffocated immediately, and used the blood dragon to resist.

"Brother!"

Seeing that the situation was not good, Han Yan wanted to go to help, but he was entangled by Zhou Wuhuang, but he couldn't separate himself.

And Zhou Wuhuang's strength is very strong, it's hard to say whether he can beat it himself.

In the midst of a crisis, Han Yan's heart surged with enthusiasm, thinking: "If I have the power of my previous life, if I want to kill the two of them, it will be like crushing two ants to death."

Right now, he wanted to be enchanted, but he thought that after becoming enchanted, there might be no distinction between enemies and friends, and even Ye Chen would be hurt, so he felt jealous.

In the blink of an eye, Han Yan sacrificed a elixir, which was the Bodhisattva elixir that Ye Chen had refined for him just now.

He put the elixir in his mouth first, and then thought about the past life.

All kinds of experiences in the previous life, endless killings, deep-rooted regrets flooded into his heart in an instant, and endless sadness and pain arose in his heart.

He emptied himself, allowing this intense emotion to spread and spread all over the sea of spiritual consciousness.

boom!

A violent hostility exploded from Han Yan in an instant.

This hostility is so ferocious, sharp, and terrifying. Only those who have truly killed hundreds of millions of creatures and the endless universe can produce such sharp hostility.

"Um?"

Zhou Wuhuang was stunned when he felt Han Yan's sudden explosion.

Then, when he looked into Han Yan's eyes, he saw endless killing intent and grief and anger. That breath seemed to wish to kill all the people in the world.

"No, this kid is going crazy again!"

Zhou Wuhuang was terrified and hurriedly retreated.

The moment he retreated, a sword light flashed past his eyes.

"Aw!"

Han Yan let out a beast-like roar, and drew out his sword wildly.

If Zhou Wuhuang had evaded slower just now, he would have died.

"Kill, kill, kill, kill!"

Han Yan roared loudly, with blue veins protruding from his forehead, he was completely insane, and he swung his sword to kill wildly, all the sword energy crossed the world, and he would die if he touched it.

Zhou Wuhuang was terrified, but fortunately he was prepared and dodged, otherwise, he must have died.

Puchi, puchi, puchi!

Xiong Bazhen, who was fighting with Ye Chen, was completely defenseless. Suddenly, several sword qi pierced through the air, beheading his body.

These sword qis are so sharp, fierce, killing and cutting down the sky, and the speed is unbelievably fast.

Even if Xiong Bazhen had noticed it, he still couldn't dodge it. He was cut by Han Yan's sword energy on the spot, his body was cut into several pieces, and all timelines were quickly wiped out.

His head was chopped off to the ground, with a look of astonishment frozen on his face, he murmured:

"He is... the Sword Demon..."

"By the way, Master... Master told me..."

Click!

Han Yan stepped forward, stomped on Xiong Bazhen's head, his eyes were full of fierceness, his mouth was like a wild beast, he yelled madly, and swung his sword to kill Ye Chen.

"Brother Han!"

Ye Chen was shocked when he saw Han Yan bewitched.

Chapter 9774

He used Xuan Chen's Piaomiao movement to avoid the sword energy that Han Yanbiao slashed just now, but now Han Yan swung his sword directly to kill him, but no matter what, he couldn't dodge it.

"Well?"

"Father, be careful!"

In the cemetery of reincarnation, the little forbidden demon, who had been sleeping soundly, seemed to feel that Ye Chen was in danger. He woke up immediately and saw Han Yan slashing towards him with a sword. He jumped out and stood in front of Ye Chen.

Puchi!

Han Yan's violent sword slashed at the little forbidden monster's body, almost cutting his body in half. The wound was extremely ferocious, and golden blood flowed out.

"Oh, father, it's so... so painful."

The little forbidden demon started to cry, the huge pain made him completely panic, he only felt that his vitality was constantly passing away, and he was rushing towards the end of death.

Seeing that Han Yan was so fierce, Zhou Wuhuang panicked with fright, turned around and fled into the void, and left quickly.

Han Yan severely wounded the little forbidden demon with a sword, and blood splashed on his face. He was stunned for a moment, and the hostility in his eyes quickly faded away, and he soon regained his sobriety.

grunt.

The Bodhisattva elixir that he had just held in his mouth had already melted, and he swallowed the liquid, and his mood suddenly calmed down, as if illuminated by Buddha's light.

He was able to wake up so quickly, in addition to the little forbidden demon's blood, which stimulated him, and his preparations in advance, Ye Chen's Bodhisattva elixir, also made him regain consciousness quickly.

"Brother..."

When Han Yan saw the seriously injured little forbidden demon, he panicked immediately, and the sword in his hand fell to the ground with a bang, knowing that he had caused trouble.

"Why are you obsessed?"

Ye Chen's face twitched, he knew that Han Yan just now had taken the initiative to become possessed.

"I...I see that you are in danger, so..."

Han Yan hesitated, he saw Ye Chen was in danger just now, so he couldn't help but get mad, and wanted to help Ye Chen clear the enemy.

Now that Xiong Bazhen was killed by him, and Zhou Wuhuang was also scared away, he succeeded.

But the little forbidden demon was injured by him, and her vitality was rapidly disappearing.

Ye Chen felt grief and indignation, and Han Yan also had good intentions, so what's the use of blaming him?

"Don't be crazy again in the future, you know?"

Ye Chen endured his emotions and said.

In fact, in the battle just now, although he fell into a disadvantage, it was not impossible to fight back.

He still has a lot of powerful hole cards, and he didn't use them, and he didn't need Han Yan to take the initiative to be so dangerous.

Han Yan in the enchanted state, although powerful in combat, is indistinguishable from friend and foe. This time the little forbidden demon was severely injured by him, which can be said to have caused a catastrophe.

"Father....."

The little forbidden demon was in pain, her tears kept streaming down, she was full of panic, fearing that if she died, she would never see Ye Chen again.

"Don't be afraid, I'm here."

Ye Chen hurriedly activated the Taoist alchemy technique, and at the price of hundreds of thousands of gold source jade, it turned into pure energy and poured it into the body of the little forbidden monster.

Under Ye Chen's treatment, the little forbidden demon's injury stopped bleeding, and his life was saved, but the injury was still too serious, and he didn't know how long it would take to recover.

"Have a good rest, little guy, and eat whatever you want."

Ye Chen settled the little forbidden demon in the cemetery of reincarnation, and gave him a lot of source jade and pills.

After Ye Chen's treatment, the little forbidden demon's injury was no longer so painful, and seeing a pile of source jade and pills beside her, she said pleasantly, "Thank you, father!"

Han Yan still felt guilty, and apologized again: "I'm sorry, brother, it's all my fault."

Ye Chen sighed, and said: "It's okay, you are doing it for my own good, but don't be so impulsive next time, with your current Dao Xin cultivation base, it is not enough to withstand the impact of being enchanted."

Han Yan said: "Yes, brother, I understand."

After a pause, he said again: "Then... big brother, where are we going next? I plan to go to the God Meteorite Valley to find the traces of my previous life and temper my Dao heart."

"Emperor Yantian's right leg is also in the God Meteor Valley. According to legend, that place is one of the territories of the Yingzuo Family."

"Brother, why don't we go to God's Meteorite Valley?"

The Sakurazuka family came from the other side of the starry sky.

Emperor Yantian is the leader of the Yingzuo family.

After his fall, the Sakurazuka family was divided into branches and scattered all over the world.

The God Meteorite Valley mentioned by Han Yan is exactly a territory of the Yingzuo family, which houses a part of Yantian Emperor's limbs, which is the right leg.

Ye Chen has already got the arms of Emperor Yantian, if he gets another leg, it will be one step closer to gathering the body of Emperor Yantian, and it can also stimulate the awakening of Tianhuo Mingxing.

After all, the orthodoxy practiced by the original Yantian Emperor was derived from the Tianhuo Mingxing. Collecting his body parts can greatly speed up the awakening of the Tianhuo Mingxing.

If he could awaken the Heavenly Fire Star, Ye Chen would be invincible in the Divine Dao Realm, and it would be easy for him to win the Dao Sect Grand Competition in the future.

Ye Chen's eyes narrowed slightly, and he also vaguely smelled a great opportunity.

If you go to the God Meteorite Valley, it is indeed possible to reap great opportunities and great fortune.

But behind this great opportunity, there must be danger lurking, and it is not so easy to take.

"There are too many twists and turns in the search for the treasure of the Moon God and Heavenly Emperor this time. I need to go back to the Emperor's Palace and rest for a while."

"If you want to go to God's Meteorite Valley, you can go first by yourself. If there is any danger, you can call my name. Even if I can't help you in person, I can send someone there."

Ye Chen said that after this treasure hunt is over, he plans to go back to Shanghuangtian Palace to rest.

As for the opportunity on the side of God's Meteorite Valley, it's not too late to look for it later.

Moreover, if it goes well, Han Yan may be able to bring back Emperor Yantian's right leg by himself, and Ye Chen doesn't need to come forward.

Han Yan narrowed his eyes and said happily, "Okay, brother, then I'll go there by myself first."

After the discussion, Ye Chen and Han Yan returned Tianyue to the valley, and collected all the remaining treasure resources. The gold source jade alone totaled three million.

As for other weapons and magic weapons, miraculous skills cheats, medicinal materials, etc., I don't know how much they are worth.

Ye Chen plans to sell some of these things, and the rest will be used by the disciples in the reincarnation camp to improve their strength.

This time, Ye Chen became rich suddenly, made a fortune, and it became much easier to support the little forbidden demon.

Han Yan didn't want anything, and gave everything to Ye Chen.

The current him, the ordinary treasures of heaven and earth, are of no use to him.

What he needs is something that can temper his Dao heart.

But to temper the Dao heart, what is often needed is not foreign objects, but one's own perception and experience.

He was going to go to the God Meteorite Valley to find the traces of his previous life and hone his Dao heart.

Only in this way can he help Ye Chen when Ye Chen needs it without being possessed.

After leaving Tianyue Guigu, Han Yan bid farewell to Ye Chen and went to God Meteorite Valley.

Chapter 9775

He has already captured the coordinates of that place clearly, he has been there in his previous life, and it is one of the territories of the Yingzuo family.

Ye Chen summoned the Titan Godship, and was also preparing to return to the Emperor's Heavenly Palace.

But at this moment, Ye Chen's hair stood on end, and the back of his neck was cold, as if someone had poured a basin of ice water over his head.

This is the intuition of murderousness and danger!

It seemed that the moment he captured the murderous aura, Ye Chen suffocated and his whole body became stiff.

Behind him, there was a figure that broke through the air.

This is an extremely thin man with a cold face and no emotion at all. He held a dagger in his hand, and the dagger stabbed straight at the back of Ye Chen's neck.

The dagger had a sharp edge, and its hair was blown and broken, but the body of the knife was covered with mottled and dirty marks, and there was even moss growing on it, as if it was worn by the years.

The timing of the man's sneak attack was just right.

At this time, Ye Chen's treasure hunt was over, and his mind was just relaxing.

And the people around Ye Chen, Han Yan, Xu Tianlang, Xu Yourong, Emperor Xuanchen, Little Forbidden Monster, etc., died, injured, and left.

Up to now, Ye Chenzhi is alone, although there is still a blood dragon in his body, but in the previous battle with Xiong Bazhen, the blood dragon's power was consumed a lot, and he couldn't help Ye Chen at this time.

Ye Chen's vitality was far from recovered, and now facing the assassination of the sneak attacker, he fell into a dead end.

Scoff!

The attacker's dagger pierced the back of Ye Chen's neck easily, severed the neck bone, and killed Ye Chen with one blow.

Ye Chen fell down, and there was no sound in an instant. The mottled and filthy traces on the dagger poured into his body like poison, and quickly spread and exploded.

His body was immediately filled with corpse spots, stains, moss, and all kinds of sticky and dirty things.

"Um?"

Seeing that Ye Chen had fallen down and died, the face of the sneak attacker changed.

Because, he found that after Ye Chen died, there was no abnormal fluctuation in the world.

The lord of reincarnation is a person of great luck. Once he falls, there will be a shocking explosion in the sky, and the luck of reincarnation will collapse in an instant. The laws of heaven and earth will fall into short-term chaos, and there will be a doomsday-like natural disaster weather Advent.

But now, the world is very calm, there is no collapse, and the luck of reincarnation is still strong and blazing.

The sneak attacker didn't know why this happened, but he knew that Ye Chen was definitely not dead yet.

His attack failed!

At the moment of failure, the sneak attacker was very decisive, and immediately turned around and tore through the void to escape, without staying in the slightest.

"It runs pretty fast."

After the attacker fled, a young man with an indifferent expression walked out of the void not far away. It was Ye Chen.

Ye Chen looked at "Ye Chen" who was lying on the ground, already covered with mottled and filthy breath, his brows suddenly frowned, and he muttered:

"It's a terrible filthy smell, even with the wear and tear of the years. It seems that the sneak attacker is the disciple of Emperor Bantian."

"It's really scheming and courageous, to be able to endure until this time."

"If I didn't have a Qinglian clone, I might have died."

The "Ye Chen" who fell on the ground is actually Ye Chen's Qinglian avatar.

After discovering that there was a surprise attack just now, Ye Chen immediately summoned Qinglian's avatar, changed his body, and let Qinglian's avatar bear the fatal blow on his behalf.

His body was transferred out, and he originally planned to use the Heaven Dou Massacre Sword, Zhishui Kendo, Demon Eye of Death and other hole cards to kill the attacker at any cost.

But I didn't expect that the sneak attacker was so vigilant, and he ran away as soon as he found out that the situation was wrong. He was more like a killer than a killer.

Ye Chen has already caught the secret, knowing that the other party is Emperor Bantian's disciple, and his name seems to be Ji Yi.

If Ji Yi can really kill him this time, then all his treasure resources, reincarnation orthodoxy, will belong to the other party.

The other party's temperament is terrifyingly calm and calm. Before Zhou Wuhuang and Xiongbazhen, they couldn't help but attack Ye Chen. He still didn't do it for a long time, and he hid it so deeply. If he didn't take the initiative to attack Ye Chen, Ye Chen didn't even notice it. his presence.

Emperor Xuanchen had reminded Ye Chen a long time ago, telling him to be careful of Emperor Bantian's disciples, they were really vicious.

From this Ji Yi's supernatural powers, Ye Chen can also see the power of Emperor Bantian's supernatural powers.

Those mottled and filthy supernatural powers are actually worn by the years.

Generally speaking, the wear and tear of time is the natural power of heaven and earth, but Emperor Bantian's supernatural power can steal the way of heaven and burst out the erosive power of time and age in the body of a human being. Indeed invincible.

Fortunately, Ye Chen had a lot of cards in his cards, and finally he didn't capsize in the gutter and was attacked and killed by that Ji Yi.

It's just that Qinglian's avatar was severely damaged, but it made Ye Chen feel distressed.

"I don't know if my Dao of Birth and Death in the Beginning can restore Qinglian's avatar."

Ye Chen muttered to himself, then withdrew Qinglian's avatar, boarded the Titan Godship, and returned to Shanghuang Tiangong.

The Titan Godship shattered the void at an extremely fast speed, and it didn't take long for it to return to the Emperor's Heavenly Palace.

Ye Chen took out part of the treasure and distributed it to the disciples in the Emperor's Heavenly Palace. Everyone was delighted and couldn't stop praising.

He took out an additional part of the treasure and sent someone to send it to the Tiandan sect in the Tiandan world and hand it over to Emperor Dan.

Because the treasure map of the Moon God Emperor's treasure was given to Ye Chen by Emperor Dan.

Ye Chen also promised that after finding the treasure, he would share part of it with the other party.

Chapter 9776

Although Emperor Dan said that it was only 10%, in the end Ye Chen gave 30% to fulfill the promise.

The cause and effect of the treasure of the Moon God and Heavenly Emperor is over here, and Ye Chen feels much more relaxed. The resources of this treasure are much richer than he imagined.

Not to mention anything else, just say that the Shenyuan Pool is enough for the little forbidden monster to hatch, and he has made a lot of money.

Ye Chen returned to the cultivation hall of the Emperor's Heavenly Palace, and rested for a day. The upper emperor's world was full of aura. After a day of recuperation, his spiritual energy had recovered a lot.

Ye Chen sacrificed the Qinglian avatar, looked at the mottled and filthy traces of the avatar, and silently displayed the way of birth and death in the beginning, a stream of brilliance like clear water flowed out from his palm and penetrated into the Qinglian avatar.

Under the infusion of the Dao of Birth and Extinction in the Beginning, the mottled filth on Qinglian's body melted away quickly like snow under the scorching sun.

"effective!"

Seeing this scene, Ye Chen was also very pleasantly surprised.

This Dao of birth and death in the beginning is the supernatural power of the sword ancestor, which Ye Chen realized from the sword of the sword ancestor. It has the power of the law of the original world. It can also dispel darkness.

Now, Ye Chen used the Dao of Birth and Extinction in the Beginning to apply it to Qinglian's avatar, and it went very smoothly, dispelling the filth from the avatar.

He consumed a little more source jade, and he completely repaired Qinglian's avatar without consuming many resources.

"Very good, very good. This Dao of Birth and Extinction in the Beginning is really powerful. It is worthy of being a supernatural power in the original world."

Ye Chen nodded, also full of curiosity about that original world, but unfortunately that world has been destroyed.

After Qinglian's avatar was repaired, Ye Chen continued to adjust his breath and recuperate. After four or five days like this, his vitality and state were completely restored, and his whole body was greatly refreshed.

It's just that his cultivation is still at the peak of the seventh heaven of the immeasurable realm, and he has not broken through.

The later in cultivation, the more difficult it is.

This time looking for the treasure of the Moon God Emperor, Ye Chen awakened the source body of reincarnation and got another arm of the Emperor of Heaven. Although his cultivation has improved, he has not broken through to the eighth heaven, and he is still a little bit short.

"It's a little bit of a breakthrough, it's just a little bit of an opportunity, what a pity!"

Ye Chen's heart was itching, and he just wanted to break through quickly.

Every time his cultivation breaks through a level, his strength will become stronger, and he will be able to better grasp the laws and laws of this world.

"Qing Fuxue, I need you, come down, I will wait for you in Shacheng."

After thinking about it, Ye Chen still couldn't help it, called Qing Fuxue's name, and then went to Shacheng to wait for her.

He has the Titan God Ship, which is very convenient to travel around. It is inconvenient to expose the Shanghuang Tiangong, so it is better to go to Shacheng to meet.

Ye Chen was waiting for Qing Fuxue in the Shacheng Tomb Palace.

Qing Fuxue came down after hearing his call.

She is still dressed in a moon-white dan robe, and a blue pleated skirt on her lower body. She has an elegant and graceful demeanor. She has been the saint of the Tiandan Pagoda for many years. She holds a high position and has her own graceful demeanor.

"Lord of reincarnation, why call?"

Qing Fuxue looked at Ye Chen with a smile.

"Cough...Miss Qingfu, I almost failed to make a breakthrough in my cultivation, and I may...need your help."

Ye Chen said in embarrassment.

Qing Fuxue giggled coquettishly, and said: "I understand, I understand."

As she spoke, she stepped forward, tiptoed lightly, wrapped her arms around Ye Chen's neck, brought her lips together, and they kissed together.

When the four lips met, Ye Chen felt a warm stream of elixir coming from Qing Fuxue's mouth and pouring into his body.

Qing Fuxue ate the Nine Origin Pill of Life Realm, but did not refine it. Instead, she stored the power of the medicine and prepared it for Ye Chen at any time.

She herself said that as long as Ye Chen needs it, she is willing to offer the power of medicine.

At this moment, Ye Chen almost failed to break through, so he had to call her here.

With this kiss, Ye Chen instantly got the help of the Nine Origin Pill of the Life Realm, and the barrier of cultivation was indeed broken, and the realm suddenly broke through from the seventh heaven of the immeasurable realm to the eighth heaven.

hum!

The vast samsara golden light shot up from Ye Chen's body, and the breakthrough atmosphere was quite strong, which shocked many people in Shacheng.

At this moment, Ye Chen has officially stepped into the ranks of quasi-immortal emperors. He is only one step away from the real realm of immortal emperors, and is getting closer and closer to the realm of gods.

"How does it feel?"

Qing Fuxue took a step back, looked at Ye Chen and asked with a smile.

"good."

Ye Chen also smiled, and asked again:

"By the way, what happened to the Blood Knife Evil Ancestor, how does the Master plan to punish him?"

The Blood Knife Evil Ancestor believed in darkness and converted to the Emperor of Soul. This matter has been confirmed. Ye Chen really wants to know his final outcome and end.

Because of Daozong's affairs, the heavenly secret is secret, and Ye Chen can't figure it out, so he can only ask Qing Fuxue.

Qing Fuxue said: "Is the Blood Knife Evil Ancestor? Hehe, this old fellow cried and knelt in front of the Grand Master to admit his mistakes, saying that he would change his mind and never believe in the darkness, and no longer believe in the Soul Emperor, begging the Grand Master not to kill him. "

"Patriarch Mojin, Patriarch Bing and others are determined to execute the blood knife evil ancestor."

"But in the end, the master still let him go. He didn't kill him. He just abolished his Daoist ancestor status and demoted him to an ordinary elder."

Ye Chen frowned and said, "Really? Then, apart from losing his status as the ancestor of the Taoist sect, the blood knife evil ancestor has no punishment? He is even an elder in the Taoist sect?"

Even if they are just ordinary elders, they are still powerful figures in the outside world, and no one dares to offend them.

At that time, Taihai Tiandi, for the sake of a Daozong elder, could betray Xuanchen Tiandi and split his life and death. It can be seen how important and tempting the position of Daozong elders is, although it is incomparable with the top ancestor-level elders , but powerful enough.

Ye Chen didn't expect that the Blood Knife Evil Ancestor made such a serious mistake, and he could continue to maintain the power of the elder after admitting his mistake. It's really inconceivable.

Qing Fuxue sighed: "Maybe the Great Ruler cherishes talents. After all, the Blood Saber Evil Ancestor is also very powerful, and I heard that this time, Emperor Dao Tian also secretly interceded."

"Emperor Daotian is really kind. The Blood Dao Xiezu wanted to kill him, and even his son. He still cared about brotherhood."

"Now that the Blood Knife Evil Ancestor has gone down, the Eighth Patriarch of Dao Sect has a seat vacant, and the Great Master finally promoted a man named Huang Zizai to come up."

"Hehe, this Huang Zizai seems to be very closely related to your reincarnation camp, right?"

At the end, Qing Fuxue looked at Ye Chen with great interest, and probably caught some causal connection, the new leader Huang Zizai seemed to have a very close relationship with Ye Chen.

Moreover, this person seems to be a taboo in the real world, and Ye Chen also came from reality, so there must be a lot of connection.

"Huang Zizai, Huang Lao?"

Chapter 9777

Ye Chen was stunned, he didn't expect that the person who replaced the Blood Knife Evil Ancestor would be Huang Lao.

Qing Fuxue said: "You really know each other! But, don't call him Huanglao now, you should call him Huangzu. He is already one of the eight ancestors of the Taoist sect. A big man, an equal existence."

"Not long ago, Huang Zu was summoned by the Great Master and became an ordinary elder of the Dao Sect."

"At that time, he was just an ordinary elder."

"But this time, he played the Nine-Twist Cave Xiao, successfully won the favor of the Great Master, and was directly promoted to the Zunzu, replacing the blood knife evil ancestor, and became one of the eight ancestors of the Dao Sect. It is really a fortune against heaven."

Ye Chen was stunned when he heard this, and said: "With Huang Lao's strength, it seems that he is not qualified to be the ancestor of the Taoist sect?"

Huang Lao was born with the blood of scattered gods. He once fled to the real world, and relying on his own blood and strength, he was invincible in the real world. He once dominated the era and was known as the taboo of all worlds.

But he can only dominate in the real world. In Wuwu time and space, his strength is far from enough.

It was completely beyond Ye Chen's expectation that he could become one of the eight patriarchs of Taoism.

Qing Fuxue said: "The Great Ruler wants to promote one person among all the ordinary elders and canonize him as the ancestor. He took out the Jiuqu Dongxiao, which is one of the top ten ancient artifacts. It is said that it was left by Emperor Qin ."

"That Emperor Qin was a great master in ancient times, and he was proficient in hundreds of musical instruments. Most of his musical instruments were destroyed in the doomsday disaster, and only one Jiuqu Dongxiao remained."

"The Great Master said that whoever can play the Nine-Twisted Cave Xiao can replace the Blood Saber Evil Ancestor and become the ancestor of the Dao Sect."

"Among all the elders, there is only Huang Zizai who can blow the sound, so he was promoted by the master."

"Don't worry, Daozong already existed before Wuwu Time and Space was born. I don't know how many epochs of luck and Taoism have accumulated. Even an ant can sit on the position of Daozong's ancestor. Climb to the sky in one step, get the blessings of the sky, and become a top powerhouse."

"The current Huang Zizai is already the ancestor of Huang. It won't be long before the Great Master will issue a famous post to announce the name of the ancestor to the world, so that all heavens will know the name of the ancestor of Huang."

"The ancestor Huang is really amazing. As far as I know, no one has ever been able to play the nine-curved flute left by Emperor Qin throughout the ages. To be able to play it, there must be something unique about him."

At the end, Qing Fuxue's tone was full of admiration, she obviously knew the difficulty of playing the Jiuqu Xiao.

Huang Zizai was able to play the nine-curved flute, and no one in the Taoist sect had any objection to his ascension to the position of ancestor.

When Ye Chen heard that Huang Lao ascended to heaven in one step and became one of the eight patriarchs of Taoism, he was also very yearning in his heart, and couldn't calm down for a long time.

From then on, Huang Lao is no longer Huang Lao, but Huang Zu!

Ye Chen reckoned that when the Taoist Grand Competition started, he would be able to see Huang Zu again.

However, up to now, Ye Chen has not obtained the Dao Order, and he is not even qualified to participate in the Dao Sect Grand Competition.

hum!

While thinking like this, there was something in Ye Chen's body, and there was a strange movement.

He took it out and saw that it was a green jade pendant.

This jade pendant was given to him by Mo Jin Patriarch.

Patriarch Mojin said that this jade pendant contains a clue of the Order of Wuzhu Dao.

When this jade pendant changes from green to black, and Ye Chen crushes it, he can know the specifics of that clue.

This time, Ye Chen could clearly see that the jade pendant in his hand was slowly changing from green to black!

"Hey, isn't this jade pendant given to you by the ancestor?"

Qing Fuxue also knew about the Wuzhu Dao Order, seeing that the jade pendant had completely turned into darkness, she said:

"Crush it. When you get the Dao Order, the Dao Zong Dao Competition will almost begin. Huang Zu is the chief referee of this competition. What he said should show Ren Feifei a little bit of color, so that you won't be reincarnated." Faction, easy to win the championship."

"Hehe, I hope that by then, you won't be made things difficult for him."

Ye Chen was stunned, and then smiled wryly. Unexpectedly, Huang Zu even became the chief referee of the Dao Zong Grand Competition. He thought that if he won the championship in the Dao Zong Da Competition, he had to pass Huang Zu first.

But no matter whether it is the old man Huang or the ancestor Huang, he must be on his side.

Shaking his head, Ye Chen calmed down his distracting thoughts, no matter what, he had to participate in this Dao Sect Grand Competition.

For Ye Chen, the ultimate reward of the Dao Sect Grand Competition, the Heavenly Emperor Shenyuan, is very attractive.

Imagine that the Heavenly Emperor Shenyuan obtained by the Moon God Heavenly Emperor, after refining by himself, the remaining divine source energy is used to soak the ice coffin, which can resist the wear and tear of hundreds of millions of years, and the last remaining aura makes Ye Chen Easily hatch the forbidden demon in the stone egg.

It is conceivable how abundant and powerful the energy of the Heavenly Emperor Divine Source is.

No one can refuse a complete, unowned, unworn, original Heavenly Emperor Divine Source.

At that moment, Ye Chen crushed the jade pendant that had turned black.

After the jade pendant was crushed, a breath of mystery surged into Ye Chen's heart.

In an instant, Ye Chen caught the clue of the Wuzhu Dao Token.

"The Masterless Dao Token, in the God Meteorite Valley?"

Ye Chen frowned, and the secret revealed that the Wuzhu Dao Token was actually in the God Meteor Valley.

He thought that he would be anywhere without time and space, but he never thought that it would appear there by such a coincidence.

That is the territory of the Yingzuo family, where Emperor Yantian's right leg is kept, and Han Yan has been there in his previous life.

Chapter 9778

Today's Han Yan has also gone to the God Meteorite Valley, and he wanted to invite Ye Chen to go with him before.

Ye Chen didn't expect that the ownerless Dao Token was also in the Valley of God's Meteorite.

Qing Fuxue shrugged, and said: "I don't know, if the clues indicate so, then it's okay for you to go."

After a pause, she hesitated and said, "However, God's Meteorite Valley, why does this place sound so familiar?"

"Ah, I remembered, that is the Chu family's territory."

"The Chu family once entrusted me to help them refine a hundred Tianyuan-level pills, but I didn't agree, because there seems to be some grievance between them and the Death God Cult, and I don't want to get involved."

"If you are in the Valley of God's Meteorite, you have to be careful about that Token of the Great Dao without a Master, because there may be the shadow of the Reaper's Order behind it."

She also knew that there was a deep conflict between the Reaper's Cult and Ye Chen.

Just because Ye Chen occupies the Throne of Thorns, he has completely offended the Reaper's Cult to death, and the Reaper's Cult took in the goddess, which also angered Ye Chen, and there is no possibility of reconciliation between the two parties.

"The Chu family? The Reaper's Cult?"

As far as Ye Chen knew, the God Meteorite Valley was the site of the Yingzuo family, and now there was another Chu family, and even the Death God Order.

The water seemed to be getting muddier this time around.

"Hehe, it seems that this unowned Dao Token is not easy to get."

Ye Chen smiled.

"Go or not, you decide for yourself, I won't interfere."

"It's just that looking at the heavens, there are fewer and fewer Great Dao Orders without a master. The Dao Sect Grand Competition will start soon. If you haven't obtained the Dao Order, you are not eligible to participate."

Qing Fuxue said solemnly.

"Go, of course."

Ye Chen said, in addition to Dao Dao Ling, there is also a right leg of Emperor Yantian in this place of God's Meteorite Valley, and there may even be an additional chance, Ye Chen naturally doesn't want to miss it.

Moreover, Han Yan is also there.

Ye Chen also wanted to see how well Han Yan's Dao Xin has been honed.

"I'll go first, Miss Qingfu."

Ye Chen locked onto the coordinates of God's Meteorite Valley and was ready to set off.

"Hey, wait a minute."

Qing Fuxue held Ye Chen back, and before Ye Chen could react, she kissed him again, and the abundant spiritual energy of the pill poured into Ye Chen's mouth.

"Stop kissing, kiss again, maybe I really don't treat you as a elixir, I want to eat you."

Ye Chen said with a smile, and touched Qing Fuxue's cheek.

"I can't wish for it. It is my blessing to be able to integrate into the blood of reincarnation."

Qing Fuxue said with a smile.

Ye Chen laughed loudly, without saying anything, summoned the Titan God Ship, boarded the ship and left.

The void shattered, and soon, Ye Chen came to the boundary of God's Meteorite Valley.

In front of me, there is a large area of steep mountains, steep mountains, thousands of peaks, thousands of peaks, red cliffs and strange rocks, full of miasma, monsters, monsters, ghosts, it is a place with an extremely harsh environment.

Just approaching this place, Ye Chen could feel a burst of ominous and terrifying aura roaring towards him.

In the poor mountains, evil waters, and monster-infested mountains, there is only one valley, which is a peaceful existence.

That valley, surrounded by huge stone peaks, is the God Meteorite Valley.

This God Meteorite Valley, located in the God Meteor Mountain Range, is like a piece of beautiful jade inlaid in a dark and chaotic world.

Although the environment of the God Meteor Mountain Range is very dangerous, the scenery in the God Meteor Valley is very beautiful. There are bamboos and flowing clouds, the sun is shining, the rain is dark, and there are many longevity deer, fairy foxes and beasts running around, communicating with the outside world. The scene of monsters running rampant in the mountains formed a sharp contrast.

Ye Chen drove the Titan Godship to arrive, but it alarmed many monsters in the Shenyun Mountain Range, and many monsters and beasts rushed up, wanting to attack Ye Chen.

Ye Chen's Titan Godship suffered a severe impact immediately, and the hull shook violently. He couldn't help frowning, and was about to draw out his sword to kill the monster.

At this time, there were streams of divine light rising from the Valley of the God Meteorite. They were Taoist priests wearing Taoist robes, holding various magic weapons, and the brilliance of the magic weapons was reflected, and they knocked down all the monsters that attacked Ye Chen.

Those Taoist priests came to salute Ye Chen, but they were quite polite. One of the Taoist priests said:

"My comrade, it's a pleasure to meet you. Are you lost? This is the God's Meteor Mountain Range, where monsters are rampant, but it's very dangerous. You should leave as soon as possible."

Ye Chen said: "No, Ye Chen, I want to visit your place. Are you from the Chu family?"

When everyone heard Ye Chen's name and caught the secret, they immediately knew Ye Chen's identity. They were surprised and admired, and said one after another:

"It turned out to be the legendary master of reincarnation. He has heard of his name for a long time, and it is a great honor to meet him today."

"The lord of reincarnation is here, and my Chu family is far away from welcoming me. I am really rude."

"My Chu family is actually the Yingzuka family. I changed my surname to Chu just to avoid disaster."

"The ancestor Yantian Emperor once entrusted Meng with a clear statement, saying that the Lord of Reincarnation, you are the savior of our Yingzuo world. If you come here today, our Chu family will be saved!"

When Ye Chen heard what everyone said, he suddenly realized.

It turned out that the Chu family was the Yingzuka family, and they changed their surnames just to avoid disaster.

Emperor Yantian also entrusted them with a dream about Ye Chen.

"So that's the case, then we are all friends, and things will be easy to handle."

Ye Chen felt a lot more relaxed: "I came here to find an unowned Dao Token. I don't know where the Dao Token is exactly?"

Chapter 9779

"Also, I wonder if you can give me the right leg left by Emperor Yantian back then? Since Emperor Yantian has dreamed about it, you must know that it is best for me to inherit Emperor Yantian's lineage."

"Don't worry, if I have the opportunity to go to the other side of the starry sky in the future, I will definitely bring you and let you return home."

Since Emperor Yantian entrusted him with a dream, Ye Chen didn't have any polite nonsense, and went straight to the point, explaining his needs.

He wanted the Dao Order, and he also wanted the right leg left by Emperor Yantian.

When the Taoist priests heard Ye Chen's words, they looked at each other, as if there was something unspeakable.

A Taoist sighed and said, "The master of reincarnation, the opportunity of the Lordless Dao Order, and the opportunity left by the ancestors of Emperor Yantian are not so easy to get. Alas, you come in first, let's talk slowly."

"In addition to you, there is also a guest in the Taoist temple, who is a member of the Death Religion, named Ren Tiannv."

"You...you should know each other, right?"

"You...do you want to meet the goddess first?"

Ye Chen was taken aback when he heard this, and said, "The goddess is here too?"

The Taoist said: "Yes, do you want to see me?"

His voice was a little hesitant, because he had also heard a little about the many grievances and hatreds between Ye Chen and Tiannv.

Ye Chen's expression suddenly became complicated. He never expected that Tiannv came to God's Meteorite Valley before him.

Could it be that the celestial maiden also wants to snatch the Masterless Dao Token?

It shouldn't be possible, because the Order of the Masterless Avenue is naturally very important to Ye Chen, but it is not worth mentioning to the Death Sect.

So, the goddess wants Emperor Yan's right leg? Or is there another conspiracy?

"It's gone for the time being. I vaguely noticed that there is a very complicated cause and effect behind your place, and there are many crises. Let me sort out the clues first."

The closer he got to the God Meteorite Valley, the more confused Ye Chen felt, the layers of cause and effect intertwined and intricate.

He had to sort out his thoughts first and figure out everything that happened here before he could decide whether to see the goddess or not.

"Yes, Lord of Reincarnation, everything is at your command."

The Taoist respectfully accepted his orders, and then led Ye Chen into the Valley of God's Meteorites.

Inside the God Meteorite Valley, there are many Taoist buildings. People from the Chu family dress up as Taoists, recite Taoist scriptures, establish order, and fight against the God Meteor Mountains outside, the ubiquitous darkness, monsters, miasma, unknown and so on.

As soon as Ye Chen stepped into the God Meteorite Valley, he really caught the breath of the goddess, and lived in a guest room. It seemed that he had been here for several days, as if he was going to discuss something with the Chu family.

As for Ye Chen's breath, Tiannv must have caught it too.

However, now Ye Chen has no intention of meeting, he must sort out the cause and effect first.

But the strange thing is that Ye Chen didn't catch Han Yan's breath.

Could it be that Han Yan hasn't come yet?

"Old man Chu Qingsong, see the Lord of Reincarnation!"

At this time, Chu Qingsong, the head of the Chu family, brought a few elders, and came over respectfully, bowing down to Ye Chen.

Ye Chen is the designated successor of Emperor Yantian, and he will inherit the orthodoxy of Emperor Yantian in the future, so they are naturally respectful.

"You don't have to be polite."

Ye Chen nodded.

Chu Qingsong and those elders stood up and stood with their hands down.

"I heard just now that the Masterless Dao Order and the limbs left by Emperor Yantian, these two opportunities are hard to get, aren't they?"

Ye Chen asked directly, this is the most important thing.

Chu Qingsong and those elders looked at each other, and then said:

"The Lordless Dao Order, in the body of a giant beast, if you want to get it, you need to hunt that giant beast first."

"Lord of Reincarnation, your cultivation is as high as the sky, so it is not a problem to kill that giant beast, but the problem is, that giant beast is very cunning, and its whereabouts are extremely hidden. It is not easy to find it."

When Ye Chen heard that there was a clear clue, he was overjoyed and said:

"Very good, as long as there are clues, I will find the giant beast."

After a pause, he asked again: "Then, what about the limbs left by Emperor Yantian? What's so embarrassing about this opportunity?"

Chu Qingsong frowned, sighed, as if he couldn't bear to look back, and said: "I'm ashamed, the limbs left by the ancestors of Emperor Yantian, under the coercion of the Nine Disasters Canglong, I have already thrown them into the Wandao Sword Abyss, it is a place of death, It is also the forbidden area of my Chu family, it is a piece of ruins left by the battle between Emperor Yantian and the sword demon, anyone who steps into it will only have a dead end."

Ye Chen was shocked when he heard Chu Qingsong mentioning the Nine Disasters Canglong, and was even forced to lose the limbs of Emperor Yantian, and said, "What's going on?"

Chu Qingsong said: "You must have heard of the name of the Nine Disasters Canglong, the Lord of Reincarnation, right?"

Ye Chen gave a "hmm" and said, "I know, he is the leader of the Nine Heavens Fulong Sect."

Chu Qingsong said: "Exactly, the ancestor Yantian Emperor gave his divided limbs, a right leg, to our ethnic group for safekeeping. We feel a heavy responsibility. In order to avoid outside insight, we even changed our surname. In order to hide the secret."

"But unfortunately, we were still found by the Nine Disasters Azure Dragon."

"With the strength of our ethnic group, we absolutely cannot compete with the Nine Heavens Fulong Sect led by the Nine Woes Canglong."

"You know, even the ancestor of Emperor Yantian died at the hands of the Nine Disasters Canglong. How can we possibly contend against the Nine Disasters Canglong?"

Ye Chen said: "Then how did you fight against it?"

The Chu family has been able to survive until now, and Emperor Yantian's right leg has not fallen into the hands of the Nine Heavens Fulong Sect. No matter what threats or hardships he encountered that year, he must have survived safely in the end.

Chu Qingsong said: "At that time, the ancestors of my Chu family relied on the power of the earth's veins, and each of them was desperate to resist the pressure of the Nine Woes Canglong."

"But as time went by, the strong men of the ancestors' generation were killed one after another, and the remaining people became more and more unable to support themselves."

"Later, we were already desperate, so we threw the limbs of Emperor Yantian's ancestors into the Myriad Dao Sword Abyss, thinking that even if the whole family was destroyed, we would not get any benefit from the Nine Heavens Fulong Sect."

"Nine Misfortunes Canglong is powerful. If he enters the Myriad Dao Sword Abyss, he will naturally be able to withstand the impact of the evil spirit of that piece of death and get the limbs of Emperor Yantian's ancestors, but he must pay a heavy price, and the gains outweigh the losses."

"We are ready to die with our family, but at this time, an envoy from Tianzhu Palace came and said that he is willing to help us."

Ye Chen's heart moved slightly, and he said: "Sky Palace? There is no time and space

Chapter 9780

"Because years of fighting have exhausted all the resources of our family, we have no money to pay any remuneration, and it is impossible to invite the killer of Tianzhu Palace."

"However, the messenger said, although we have no money, we have women."

"As long as the women of our Chu family are willing to serve as the furnace slaves of the Heavenly Moat Palace for their supplements, from generation to generation, they will be willing to help."

Ye Chen's heart was shocked. Hearing this, he couldn't bear to listen anymore.

Tears welled up in Chu Qingsong's eyes, with a look of grief and humiliation.

The elders around were also weeping silently.

Chu Qingsong went on to say: "Our whole clan discussed it, and finally decided to accept the conditions of Tianzhu Palace. All the women in the clan who are over 14 years old will be sent to Tianzhu Palace to serve as cauldrons."

"Sky Moat Palace sent many masters to block the attack of the Nine Heavens Fulong Sect for us, and also gave us a lot of cultivation resources, so that my Chu family can continue until now."

"But the price is too heavy."

"According to the calculation, the Nine Heavens Fulong Sect has been tens of thousands of years and has not launched an attack again, but in these tens of thousands of years, the girls of our Chu family will be sent to Tianzhu Palace in exchange for their protection."

Ye Chen frowned and said, "This is not always the solution."

Chu Qingsong said: "Yes, the price is too humiliating, and our Chu family has always wanted to change."

"A long, long time ago, so long ago that when the Nine Gods were just born, our Chu family was planning to change, and wanted to escape the control of Tianzhu Palace!"

"We set our sights on Wandao Jianyuan, which is the forbidden land of my Chu family, and it is also a terrible ruin of death. Under the ground, it used to be the place where Emperor Yantian's ancestors fought and killed sword demons. The murderous aura is extremely strong."

"For countless epochs, Myriad Dao Sword Abyss has been fused with the earth veins, and it has become more and more terrifying. If the energy of Myriad Dao Sword Abyss can be used, it will be enough to counteract the Nine Heavens Fulong Sect and Nine Calamities Canglong."

"We built a dungeon with Wandao Jianyuan as the core, and arranged tens of thousands of large formations to draw out the murderous aura of Wandao Jianyuan for protection."

"I forgot how many eras this dungeon was built."

"I only know that when the Nine Gods were just born, the dungeon began to be built. When the Nine Gods fell and the ancient god Tuo Di rose, until now, the dungeon has finally been initially completed."

"As long as we Chu family members move to the dungeon, we don't have to worry about the Nine Heavens Fulong Sect attacking."

When it came to the end, Chu Qingsong's tone was full of vicissitudes, and also the feeling of seeing the dawn.

After the dungeon is completed, the energy of Wan Dao Jianyuan can be used to stop the Nine Heavens Fulong Sect and the Nine Calamities Canglong.

In Wan Dao Jianyuan, apart from the endless murderous and deadly aura, there is also a right leg of Emperor Yantian. If all those energies can be mobilized, it will definitely be called a terrifying existence.

"Oh? So you also built an underground city?"

Ye Chen was quite surprised.

"Yes, this dungeon was built by my Chu family with countless blood and tears, countless bones, and countless years. It is our only hope to break away from the control of Tianchao Palace and fight against foreign enemies independently!"

"Lord of Reincarnation, shall I take you to visit?"

Chu Qingsong said.

"Also."

Ye Chen nodded.

At that moment, Chu Qingsong took Ye Chen along a teleportation array and teleported directly to the dungeon.

That dungeon, located at the bottom of the God Meteorite Valley, was built with Wan Dao Jianyuan as the core.

Ye Chen was teleported to the entrance of the dungeon. At the entrance stood a stone tablet with the words "God's Meteor City" engraved on it.

Standing in front of God's Meteor City, Ye Chen's heart was shocked.

Because he clearly caught a familiar causal breath.

That was Han Yan's breath!

Ye Chen hadn't noticed the slightest trace of Han Yan on the ground of God's Meteorite Valley before.

But now in the dungeon, Ye Chen discovered that Han Yan was actually here.

"My brother Han is here too?"

Ye Chen was very surprised.

"What?"

Chu Qingsong was stunned.

Ye Chen said: "I have a brother, his name is Han Yan, I can feel his breath, did he also come to the dungeon?"

This Shenyun City is the Chu family's underground territory, if outsiders break into it, they will definitely be able to find it.

Chu Qingsong frowned and said, "Han Yan? Let me think about it. A few days ago, a young man did come here, and he actually knew exactly where Wandao Jianyuan was, so he broke into the dungeon directly."

"That young man, who called himself Han Yan, said that he was the reincarnation of the sword demon, and he was going to Wandao Jianyuan, looking for traces of his previous life, and honing his Dao heart."

"My dungeon has just been built, so outsiders are naturally not allowed to step in casually, and he said that he is the reincarnation of the sword demon. I think it is a mystery, so I sent someone to stop him."

"But I didn't expect that he suddenly went crazy, his expression was mad, he yelled, and a terrifying murderous aura erupted from his body, it was like some demon reincarnated."

"We couldn't stop him. He finally broke into the Myriad Dao Sword Abyss. It is estimated that he will not be able to get out in this life. For countless epochs, no one has ever been able to get out of the Myriad Dao Sword Abyss alive."

"Lord of Reincarnation, is that man your brother?"

Chu Qingsong was very surprised, but he didn't expect that that crazy man would be Ye Chen's brother.

The brother of the key reincarnation master's trip may be more or less ominous.
