Chapter 9781

Ye Chen gave a "hmm" and said, "Yes, he is indeed the reincarnation of the Sword Demon."

Chu Qingsong let out an "ah" and said, "Is this true?"

Ye Chen nodded.

Chu Qingsong was terrified. He never expected that the Sword Demon who had a love-hate relationship with Emperor Yantian was reincarnated and even came here in person.

"This is troublesome. He broke into the Myriad Dao Sword Abyss, and it is impossible to come out again."

"The ten thousand dao sword abyss has an extremely strong murderous aura. For countless epochs, our Chu family has hunted down many demon gods and threw their corpses into it to amplify the evil aura of ten thousand dao sword abyss."

"Whoever enters this Myriad Dao Sword Abyss will die."

Chu Qingsong's face was extremely solemn. In his eyes, Han Yan was already a dead person.

Ye Chen's expression sank, and he sensed carefully. In the dark, he really felt Han Yan's breath, which seemed to be getting weaker and weaker.

"Is that Wan Dao Jianyuan? I want to go in and have a look, I can't watch my brother die in it!"

Ye Chen looked into the distance of the dungeon, and saw a huge black smoke column rising into the sky in the center of the dungeon.

The black smoke column is completely composed of demon energy, sword energy, murderous energy, hostile energy, and dark energy.

There is no doubt that that is where Wan Dao Jianyuan is.

The Chu family built this dungeon with Wandao Jianyuan as the core. They are indeed courageous. They dared to borrow the energy of Wandao Jianyuan to fight against the Nine Heavens Fulong Sect.

The aura of Ten Thousand Dao Sword Abyss is so terrifying and formidable, even Ye Chen feels horrified when he looks at it from a distance, and it is absolutely extremely difficult to use it to fight against foreign enemies.

It took the Chu family hundreds of millions of century yuan to successfully build this dungeon and use the energy of Wan Dao Jianyuan. It is conceivable how difficult it is behind it.

Chu Qingsong panicked immediately, and said: "Lord of Reincarnation, don't be impulsive. If you fall into the Thousand Dao Sword Abyss, I can't explain to your reincarnation camp."

Ye Chen said: "It's okay, my brother is inside, I can't just watch him have an accident!"

Chu Qingsong said: "Lord of Reincarnation, if you want to go in now, I'm afraid you won't be able to."

Ye Chen said: "Why?"

Chu Qingsong said: "The Ten Thousand Dao Sword Abyss has been temporarily blocked by Jianzi Xianchen, and no one can enter."

Ye Chen was very surprised, and said: "Sword Xianchen? Isn't that one of the two envoys of swords and swords of the Taoist sect?"

As far as Ye Chen knows, under the command of the Daoist master, there are two envoys of swords and swords, and Jianzi Xianchen is one of them.

Ye Chen did not expect that behind the dungeon of the Chu family, there would be the shadow of Jianzi Xianchen.

Chu Qingsong said: "Yes, that place is restricted by Jianzi Xianchen, and it is difficult for ordinary heavenly emperors to break through."

"That Han Yan, when he went crazy a few days ago, erupted with a terrifying aura, unexpectedly broke through the restriction and blockade of Jianzi Xianchen, and broke into the Thousand Dao Sword Abyss."

"But, Lord of Reincarnation, I think...it should be difficult for us to break through."

Ye Chen's face darkened, and he said, "Take me there first."

Chu Qingsong hesitated for a moment, but finally nodded, and led Ye Chen into the city.

Ye Chen stepped into the dungeon, and saw above the dungeon, there was a blue sky, the sun was shining, and the wind was blowing, the scenery was no different from the outside world.

Although this place is underground, there are many true gods in the Chu family. It is naturally not difficult to open up the sky underground and create the sun, moon and stars.

Ye Chen saw that the entire underground city was very lively, with the flow of people like weaving. Both sides of the street were full of stalls, restaurants, and teahouses. It was a bustling scene, much more lively than outside.

This is the real territory of the Chu family!

However, when Ye Chen looked around, there were almost no women in sight, only some immature girls, or very green girls.

Sure enough, all the females of the Chu family over the age of fourteen were sent to the Heavenly Moat Palace, so the number of females in the underground city was very small, and some of them were girls.

Chu Qingsong sighed sadly with sentimental eyes.

Ye Chen was also silent, and the two walked forward all the way, and soon came to the center of the dungeon.

There is a huge abyss here, like the entrance of a devil's hell, strong and sinister sword energy and demonic energy burst out, rushing straight to the sky, forming a straight column of smoke like wolf smoke, rumbling and extremely spectacular.

The abyss was surrounded by stone fences, and many elites were patrolling. When they saw Chu Qingsong coming, they all bowed to say hello.

"This is the Myriad Dao Sword Abyss?"

Ye Chen narrowed his eyes slightly, looking at the abyss ahead, and vaguely, over the entrance of the abyss, he saw a faint layer of golden crystal wall system, which was obviously a prohibition.

"Yes, Jianzi Xianchen has set up a restriction that no one can break."

Chu Qingsong said that even he couldn't break the restriction of Wan Dao Jianyuan. Han Yan was able to break the restriction and break in under the madness, which is simply shocking.

Ye Chen frowned, flicked his fingers, and shot out a burst of energy, hitting the forbidden crystal wall system at the entrance of the abyss.

Zheng!

The collision of strength and crystal wall system made a sound like gold and iron clashing.

With this collision, Ye Chen felt that the restriction was so strong that he couldn't break it at all.

"Why did Jianzi Xianchen set up restrictions?"

Ye Chen asked suspiciously.

Chu Qingsong sighed: "It's a long story. After our Chu family built the dungeon, we wanted to get rid of the control of the Heavenly Moat Palace, so we told them that we don't need their protection in the future, and they can no longer take my Chu family. A woman should be a cauldron."

"However, I never expected that Tianzhu Palace would strictly reject it, saying that their killers in Tianzhu Palace have used our Chu family's women as cauldrons for such a long time, and it is impossible to get rid of them all at once."

"Even if our Chu family wants to be self-reliant, at least we have to wait until Wan Shiyuan, so that their killers can get used to it slowly."

"Hehe, Wan Shiyuan, how could my Chu family endure such humiliation for so long?"

"A long time ago, I told them that my Chu family will build a dungeon, rely on themselves, and no longer rely on outsiders."

"They scoffed at it, thinking that our Chu family is incapable of building a dungeon."

"Now that the dungeon has been built, they are pushing the ground everywhere, refusing to give my Chu family a chance to stand on their own, and even threatening that if my Chu family dares to stand on its own, they will kill our entire Chu family regardless of the cost!"

Ye Chen's face trembled, and he said, "This Heavenly Moat Palace is a bit too domineering."

Chu Qingsong said: "Yes, this Heavenly Moat Palace is overbearing and hateful. It just wants to live forever and let my Chu family be their slave!"

"It's a pity that my Chu family has declined, and I dare not really tear myself apart with them."

"In the end, I asked Jianzi Xianchen to intervene."

Chapter 9782

Ye Chen was surprised, and said: "Senior, you can actually invite Jianzi Xianchen?"

Jianzi Xianchen is the emissary of the Great Ruler, and from a certain point of view, his status is even higher than that of the Eighth Patriarch of Taoism.

It is not easy to ask Jianzi Xianchen to come forward.

Chu Qingsong smiled wryly, and said: "It's not my face, alas, it's complicated, and you will naturally know it in the future."

"In short, Jianzi Xianchen came forward to mediate in the end. Under his mediation, my Chu family and Tianzhu Palace reached an agreement. Both sides will send three masters of the Divine Dao Realm. Two out of three games will decide the outcome."

"If the Heavenly Moat Palace wins, then my Chu family will continue to provide them with cauldrons, at least until the end of the century before we can get rid of their control."

"If my Chu family wins, I can be self-reliant, and I don't need to live like a slave in the future."

"Before the decisive battle is decided, Wan Dao Jianyuan is temporarily blocked."

"Today, two of the three decisive battles have been fought, and the two sides have won one and lost one.

Chapter 9783

Ye Chen's heart moved slightly, and he said, "Senior, let me represent your Chu family in the battle, and challenge that feathered flying mirror in Tianzhu Palace."

He thought that instead of letting the goddess fight, it would be better to fight by himself, and resolve the grievances with Tianzhu Palace as soon as possible, and also let Wandao Jianyuan open, and he can go to find Han Yan.

Han Yan was in the abyss of ten thousand swords, and he didn't know whether he was alive or dead. Ye Chen was very worried, and he didn't want anything to happen to him.

Moreover, Emperor Yantian's right leg is in the Myriad Swords Abyss. If all goes well, Ye Chen may be able to get that right leg.

Chu Qingsong shook his head and said: "No way, Lord of Reincarnation, you are not the opponent of the Featherman Flying Mirror. The Featherman Flying Mirror is an existence of the Ninth Heaven of the Divine Dao Realm."

Ye Chen smiled and said, "The Ninth Heaven of the Divine Dao Realm is not an invincible existence to me."

At present, Ye Chen's strength has reached the eighth heaven of the immeasurable realm. He is a quasi-immortal emperor. Although his superficial cultivation is mediocre, his real combat power can already fight against the existence of the ninth heaven of the divine realm.

Chu Qingsong still shook his head, and said: "Yuren Feijing was once a disciple of Emperor Jingtian. He mastered the magic mirror secret technique, and also mastered the unique secret technique of Tianchao Palace. He is by no means an idle person."

"His master, Emperor Jingtian, has specially studied the secret method against the law of reincarnation, and has successfully studied it."

"Your many reincarnation methods may not have the slightest effect in front of that feathered flying mirror, and may even hurt yourself."

"Specifically for me?"

Ye Chen frowned. Hearing what Chu Qingsong said, he caught a hint of danger in the dark, as if he saw his own body in the long river of time in the future, and was killed by his own reincarnation.

Chu Qingsong said: "By the way, Lord of Reincarnation, do you know how to make alchemy?"

Ye Chen said: "Well, what's the matter? I am a sixth-grade alchemist certified by the Tiandan Pagoda, and I do know a little secret method of alchemy."

Chu Qingsong was overjoyed and said: "That's good, I want to entrust you to help refine one hundred Tianyuan-level pills."

"Actually, I begged Qing Fuxue, the saint of Tiandan Pagoda, but she didn't agree, it seems that she was afraid of offending the Death God Order."

"It would be great if you would help."

Ye Chen asked strangely: "One hundred Tianyuan-level pills? Senior, what do you want to use them for?"

He had also heard from Qing Fuxue before that the Chu family wanted to refine elixir.

Chu Qingsong sighed: "There is a young genius in my Chu family, his name is Chu Feng, and he practices the sword of death."

"The sword of death is one of the five swords of the emperor of heaven, and it is also the most powerful existence among the five swords. If he can practice the sword of death, he may defeat the feathered flying mirror."

"Our Chu family intends to recommend Chu Feng to fight, but his sword of death has not yet been practiced, because that sword technique is too dark and deadly, and it is easy to backfire on itself, so it needs a lot of pills to assist."

"Lord of Reincarnation, if you can refine a hundred Tianyuan-level pills, you can help Chu Feng, let him fight, and you don't have to take risks."

He knew that Yuren Flying Mirror was powerful, and the supernatural powers were aimed at reincarnation. If Ye Chen went out to fight, it would definitely be a disaster.

Therefore, he still wanted the young talents of the Chu family to play.

Ye Chen's heart moved, and he said: "That Chu Feng, how strong is he, can he really defeat the people in Tianzhu Palace?"

Chu Qingsong clapped his hands and shouted loudly: "Chu Feng, the Lord of Reincarnation wants to see you, come quickly."

As soon as the words fell, a ray of divine light rushed up from Shenyun City, shot through the air, and soon landed in front of Ye Chen. It was a young man with clear eyes and full of vigor.

He was very happy to see Ye Chen, and immediately bowed to salute, saying: "Disciple Chu Feng, I have seen the Lord of Reincarnation."

Ye Chen looked at the young man in front of him, and found that the other party's cultivation had reached the eighth level of the Divine Dao Realm, and his Taoism background was very powerful, which was very disproportionate to his slightly immature appearance.

"At such a young age, you are already at the eighth level of the Divine Dao Realm? Amazing, amazing, worthy of being a genius."

Ye Chen admired, looking at Chu Feng's age, he may not even be a thousand years old, and the traces of time are very shallow. At this age, in Wuwu time and space, it can be said to exist like a rising sun. At this age, ordinary people may just step into the boundless world. territory.

Chu Feng said: "I'm ashamed, I dare not call myself a genius, and I must not compare with the Lord of Reincarnation."

"It was Master Xianchen, the sword son, who blessed good fortune, and the disciple has today's realm, but the disciple's aptitude is dull, and he still can't practice the sword of death."

The sword of death is the most powerful existence among the five decline swords of the emperor of heaven.

The Heavenly Emperor's Five Decay Sword is a swordsmanship spread from the other side of the starry sky. It is said that the five swords practiced swords can kill the Heavenly Emperor, which is very powerful.

Since ancient times, the only person who can practice all of the Heavenly Emperor's Five Fading Swords is Yuantiandi.

This Heavenly Emperor's Five Decay Swords are Destruction, Destruction, Decay, Decay, and Death.

Even Ye Chen has only practiced one of the swords of destruction so far.

Ye Chen suddenly realized that at such a young age, Chu Feng was already a strong man at the eighth level of the Divine Dao Realm, not by his own cultivation, but by the blessing of Jianzi Xianchen, which allowed him to ascend to the sky in one step.

It is conceivable how powerful Jianzi Xianchen in the second envoy of swords and swords of the Taoist sect is. He can elevate a young man less than a thousand years old to the eighth level of the Divine Dao Realm, and his aura is still so stable. It's incredible how strong the foundation is.

Chapter 9784

Chu Qingsong smiled and said: "Chu Feng, the Lord of Reincarnation is very skilled in alchemy, please beg him to help you refine the elixir and help you cultivate the sword of death."

Chu Feng was overjoyed, and immediately knelt on the ground, kowtowed to Ye Chen and said, "Lord of Reincarnation, please help me, my disciple's aptitude is dull, and he has to rely on the assistance of a hundred Tianyuan-level pills to cultivate the power of death." sword."

Ye Chen thought that Chu Feng had the blessing of the sword son Xianchen, if he could really practice the sword of death, he might be able to defeat the feathered flying mirror.

He nodded slightly and asked, "Have all the materials for alchemy been prepared?"

Chu Feng excitedly said: "Everything is ready!" He turned to look at Chu Qingsong.

Chu Qingsong smiled slightly, and immediately sacrificed a large amount of medicinal materials, as well as a huge medicinal cauldron, and handed Ye Chen a prescription, saying:

"The elixir that needs to be refined by the Lord of Reincarnation is called Vajra God Protector Alchemy. I wonder if you can refine it."

Ye Chen took the Danfang and browsed it.

This Vajra God Protector Pill is a Tianyuan grade pill, the refining process is quite cumbersome and requires a lot of precious medicinal materials, including Blood Emperor Grass, Chalcedony Mushroom, Qixia Lotus, Tianyuan Fruit, Xuanbing Flower, Meditation Lotus, etc. .

Among them, the most precious medicinal material is the meditation lotus, which is a kind of elixir that can fight against the evil spirit of darkness and stabilize the Dao heart, and it has its own Buddha light.

Ye Chen looked at the medicinal materials that Chu Qingsong took out, most of the medicinal materials needed for alchemy were there, and there were a lot of them, except for the tranquility lotus.

"Senior, is there something wrong with your medicine?"

Ye Chen frowned and asked.

Chu Qingsong sighed: "It is a very rare medicinal material that is missing the meditation lotus. It is usually born in Buddhist holy places, but with the advent of the Dharma era at the end of that year, many Buddhist holy places were severely damaged, and the meditation lotus was also extinct. Never see you again."

"However, even if the Meditation Lotus is missing, this Vajra God's Alchemy can still be refined. It's just that the effect is not so perfect, but it can still be used."

He pointed to the huge medicine cauldron again, and said: "This is the medicine cauldron used by Emperor Yantian, called Burning Heaven Swallowing Flame Cauldron. Refined, this medicine cauldron, you can take it away."

Ye Chen narrowed his eyes slightly, and looked at the medicine cauldron, and saw that there were many flame reliefs carved on the medicine cauldron, which revealed a trace of magnificence in the depth, and the inner wall of the medicine cauldron had its own flame formations. It releases raging fire, which is very suitable for alchemy.

"Lord of Reincarnation, I hope you can help me!"

Chu Feng kowtowed to Ye Chen again, if he could have a sufficient number of Vajra God Protector Pills, his Dao Heart would be protected enough to successfully cultivate the Sword of Death.

Ye Chen nodded slightly, and said, "Get up, let me try."

Chu Feng excitedly said: "Yes!"

He got up immediately and looked at Ye Chen with burning eyes.

Ye Chen looked calm, looked at the prescription carefully again, and picked up a bunch of medicinal materials, feeling familiar with the medicinal properties of the medicinal materials, as well as the connection between them.

Then, he let out a sigh of relief, and slowly threw the herbs into the medicine cauldron.

Teng!

Immediately afterwards, Ye Chen poured his own aura into the medicine cauldron, and the flame array on the inner wall of the medicine cauldron was activated at once, and blazing and pure flames gushed out, burning many medicinal materials in the medicine cauldron.

Those flames actually had a faint trace of the power of Heavenly Fire and Life Star!

It seems that when Emperor Yantian watched the fire and life star back then, he indeed received a lot of blessings.

This Burning Heaven Swallowing Flame Cauldron contains the energy of Heavenly Fire and Life Star, so it is really suitable for refining elixir.

Ye Chen performed the Taoist alchemy technique, activated the sky fire, and smelted the medicinal materials. The medicinal materials immediately melted into balls of spiritual liquid, and then gathered together. Under Ye Chen's intention, they gradually condensed into the appearance of pills .

Those elixirs are all shining with golden light, as if they have the power of divine protection.

The steps to refine the Vajra God's Guardian Pill are very cumbersome, but Ye Chen mastered the Taoist alchemy technique, simplified many steps, and quickly refined the prototype of the pill.

Of course, no matter how fast it is, it will take hundreds of years.

Ye Chen has set up a time barrier. He has practiced alchemy for hundreds of years, and the outside world has only passed a few hours.

Chu Qingsong narrowed his eyes and watched silently.

Chu Feng's eyes were full of burning eyes. Seeing the pill taking shape little by little, his expression became more and more excited, full of gratitude and admiration for Ye Chen.

"It's missing a taste of medicinal materials, and the quality of this elixir is a little bit worse after all."

Ye Chen stared at the pills in the medicine cauldron, there were about a hundred pills in number, but the appearance was not round and bright enough, which made him a little dissatisfied.

This is because one of the important medicinal materials, Meditation Lotus, which is used to refine the King Kong God Protector Pill, has become extinct.

If there is no meditation lotus, the refined Vajra God Alchemy will be discounted both in appearance and effect.

"Buddhism, Miaofa Lianhua, go!"

Ye Chen pointed at the flower, and a seven-color lotus platform emerged from his palm, and then flew into the medicine cauldron.

The lotus flower of the wonderful law is the scriptures of the Buddha.

Chapter 9785

Chu Feng and Chu Qingsong were also shocked and heartbroken.

In order to collect the medicinal materials for refining the Vajra God's Guardian Pill, the Chu family spent a lot of effort and energy. Now that the pill was about to be released, they were all destroyed by people, and there was no one left. They couldn't accept the fact in front of them.

"Ye Chen, long time no see."

A light laugh sounded.

I saw a beautiful woman in fluttering white clothes, descending from the distant sky, it was Ren Tiannv.

In Ren Tiannv's hands, she is gracefully holding the Ice Phoenix Heavenly Sword. The edge of the Ice Phoenix Heavenly Sword is much sharper than before. It is obvious that she has been specially tempered after stepping into Wuwu Time and Space.

Now this sword is already called a divine weapon, and it is extremely powerful in killing.

Just now, it was Tiannv's sword that destroyed Ye Chen's painstakingly refined elixir.

"Goddess, it's you!"

Ye Chen's face trembled, and he could no longer capture the slightest emotion in the eyes of the goddess.

In the past, the celestial girl had feelings for him, but at the beginning, when he fought the celestial girl, the celestial girl slashed her love to prove the Tao, and cut off all the threads of affection in her heart.

She no longer liked Ye Chen, so naturally there was no emotion in her eyes, she looked at Ye Chen as if she was looking at an ordinary person.

However, the cultivation base of the celestial girl has reached the middle stage of the divine way, and compared with the past, she has made great progress.

Obviously, she has also been vigorously cultivated in the Reaper's Cult.

"Ren Tiannv, you dare to destroy my elixir!?"

Chu Feng roared in grief and indignation, with bruised veins on his forehead, unable to keep calm, he immediately drew his sword out, stabbing Tiannv's heart fiercely.

The heavenly girl chuckled, and with a light wave of the Ice Phoenix Heavenly Sword, Chu Feng's sword was blocked, and with a light palm of her left hand, it hit Chu Feng's shoulder.

Click!

Chu Feng's shoulder bones shattered on the spot, and with a muffled grunt, the long sword fell to the ground under severe pain, and he knelt down in pain.

He is the existence of the eighth heaven of the Divine Dao Realm, but he couldn't survive a round in front of the goddess, which shows how powerful the goddess's real combat power is.

"Chu Feng, those pills are useless even if you eat them."

"This time, your Chu family is going to have a decisive battle with Tianzhu Palace. I will fight on your behalf. Don't bother you."

"Looking at your appearance, you can't even bear my palm. With such strength, you probably don't have the qualifications to fight, right?"

The celestial girl said with a light smile, with a hint of disdain in her tone.

Chu Feng was filled with anger and grief, but also felt ashamed.

That's right, he couldn't even catch the palm of the goddess, so how could he represent the Chu family in battle?

"Ren Tiannv, don't go too far!"

"We entrusted the Lord of Reincarnation, you have to destroy all the painstakingly refined elixir, and you must pay for it!"

Chu Qingsong shouted angrily.

The goddess smiled and said: "It's okay, just a little Tianyuan-level elixir, I, the Reaper's Cult, can afford it, and when the decisive battle is over, I have defeated Tianzhu Palace, obtained the divine body of Emperor Yantian, and I will pay ten times the amount of elixir to you." What about you?"

Seeing her posture, Ye Chen's heart sank, and he said, "Goddess, are you determined to submit to the Death Sect?"

With an indifferent smile on the corner of Tian Nu's mouth, she said: "It's not a surrender, it's just an alliance and cooperation. I need the resources of the Death God Cult to continue to practice and improve. In the process, I will also handle some things for the Death God Cult."

"Also, deal with some enemies, hehe..."

Ye Chen said with a smile: "It's a coincidence that you want to represent the Chu family. I also want to represent them. Besides, I should be more qualified than you."

"Because, after all, I am the descendant of Emperor Yantian."

After Ye Chen said these words, Chu Qingsong and Chu Feng were shocked.

Chu Qingsong has already warned that Yuren Feijing has strange supernatural powers and has special means to target Ye Chen. With Ye Chen's current strength, if he faces Yuren Feijing directly, he may be defeated or even fall.

However, Ye Chen didn't want to give up.

The elixir has been destroyed by the celestial girl, Chu Feng cannot practice the sword of death, and it is impossible to defeat Yuren Feijing.

Under such a situation, Ye Chen wanted to do it himself, and he must not let the goddess take advantage of it.

Tiannv destroyed the elixir obviously to cut off Chu Feng's hope of fighting so that she could fight, but Ye Chen would not let her do so.

"You want to rob me?"

Tiannv's eyes turned cold, and the smile on the corner of her mouth became serious.

Ye Chen said: "This is a matter for the Chu family, why not leave it to the Chu family to decide." He looked at Chu Qingsong.

Chu Qingsong hesitated immediately. Of course he didn't want Tiannv to fight, but he didn't want Ye Chen to take risks either.

The heavenly girl laughed and said, "Ye Chen, if you want to replace me, then defeat me first. I'm curious about the changes between the real world and you now."

"Let me see how much your strength has improved!"

As soon as the words fell, the goddess stabbed out with a fierce sword, pointing directly at Ye Chen's eyebrows.

In an instant, Ye Chen felt an extremely sharp sword energy roaring towards him.

The goddess whose cultivation has reached the mid-stage of the Divine Dao Realm is much stronger than before, her sword is like lightning, and her momentum is extremely fierce.

"Emperor Arm, open!"

Without the slightest hesitation, Ye Chen opened the arm of the Emperor of Heaven with his right hand, and a raging fire exploded on his arm, roaring like magma. The power on his arm also soared violently, and the Samsara Heavenly Sword emerged in the palm of his hand, and he slashed out.

The sword body of Samsara Heavenly Sword was filled with violent skyfire power, which crushed all the sword power of the goddess in an instant, and then slashed at the head of the goddess.

Chapter 9786

Today's Ye Chen no longer has the slightest relationship with Tiannv, so he is very decisive and fierce in killing.

"Very well, your strength has indeed improved much more than before."

"But, my strength is above you!"

"The rain is dead, falling!"

The goddess first blocked Ye Chen's sword with her sword, and then raised her head to the sky and uttered a chant. Immediately, the demonic energy billowed in the void, and the dark energy rioted, converging into drops of pitch-black, filthy, death-filled raindrops.

Countless bean-sized raindrops poured down from the sky, as if rotting corpses had turned into pitch-black rain of corpses, pouring down on Ye Chen.

This is the supernatural power of the Death God Cult, called "Heavenly Rain and Dead Stream", which can gather demonic energy and turn it into black rain, rotting bones and devouring souls, which is very terrifying.

"Dharma, see the void! Break it for me!"

Ye Chen was not in a hurry, holding a flower in his left hand to make a tactic, Buddha light emerged all over his body, and a huge phantom of a Bodhisattva appeared behind him, shining golden light.

The black rain that poured down made a hissing sound, and under the illumination of the Buddha's light, it turned into steam, which did not hurt Ye Chen.

A few drops of black rain escaped the light of the Buddha's light and fell on the ground, causing smoke to rise from the ground, and several potholes were corroded on the ground.

It is conceivable how terrifying the power of Tiannv's "Heavenly Rain and Death Flow" is. Thanks to Ye Chen's strength has improved a lot compared to before, and he has also practiced the scriptures of the Buddha's scriptures.

Chapter 9787

Even the celestial girl can't really control the energy of the Heavenly Demon Star Sea, but can only borrow part of the magic energy.

Even if she borrowed part of the magic energy, it was already a huge pressure for her, and she was likely to suffer backlash.

The face of the goddess was pale, obviously exhausted.

However, in order to defeat Ye Chen, she did not hesitate to summon the energy of the Heavenly Demon Star Sea.

Seeing this, Chu Qingsong and Chu Feng were shocked.

The evil spirit of the Demon Star Sea is so strong this day, if it really descends, it is likely to pollute the ground veins of God's Meteor City.

"Nintendo, that's enough!"

Chu Qingsong shouted violently, and waved his big hand, a mighty and domineering Shen Xi swept out, and immediately wiped out all the energy of the demon star sea summoned by the celestial girl.

He is the Patriarch of the Chu family, and his cultivation is obviously much higher than that of the Divine Dao Realm, and he can suppress the goddess.

It's just that he didn't dare to hurt the goddess, otherwise he would offend the Death Cult and the consequences would be serious.

The sky demon star sea dissipated, and the face of the goddess changed immediately, and said: "Chu Qingsong, what do you want to do?"

Chu Qingsong sighed and said, "My Chu family has already decided that the Lord of Reincarnation will represent us in the battle."

When the goddess heard these words, she said "Oh", and said with a sneer, "So, you want to reject the kindness of my Death Sect?"

Chu Qingsong gritted his teeth and said, "Ren Tiannv, what you want is only the divine body of Emperor Yantian. After the duel with Tianzhu Palace is over, I will allow you to enter the Myriad Dao Sword Abyss."

The celestial girl's eyes lighted up slightly, and she said, "Can I step into the Myriad Dao Sword Abyss even if I don't make an inch of merit? That is the forbidden area of your Chu family."

Chu Qingsong said: "Yes! But whether you can get the divine body of Emperor Yantian depends on your luck."

"If you are not lucky enough to get any opportunities, that is your own business, and has nothing to do with my Chu family."

He thought of Tiannv and Ye Chen, and both wanted to fight, so it would be better to choose Ye Chen.

If Tiannv was allowed to fight, and Tiannv won the Heavenly Moat Palace, then the Chu family would owe her a great favor, which he did not want to see.

Although the Featherman Feijing of Tianzhu Palace has the means to restrain reincarnation, at this juncture, Chu Qingsong doesn't care so much, and only hopes that Ye Chen can show his might, break through the restrictions, and defeat the foreign enemies.

Otherwise, the Chu family will be in danger.

The goddess was overjoyed, and said: "That's very good, but let me make it clear to you first, the feathered flying mirror in Tianzhu Palace has mastered the art of restraining reincarnation, if Ye Chen loses, your Chu family will continue to be slaves to Tianzhu Palace, then you can't blame me."

Chu Qingsong nodded and said: "I know, you just wait and watch the battle, regardless of success or failure, when the decisive battle is over, Wandao Jianyuan will be opened."

The goddess said: "Very good."

She looked at Ye Chen again, and said with a smile: "Ye Chen, don't worry, I won't kill you when you are defeated by Yuren Feijing. The woman leads out, hehe..."

"Because we once had a relationship, even if I kill you, I will let you and that woman die together."

Ye Chen's heart trembled, listening to Tiannv's words, he caught countless secrets.

The woman mentioned by the goddess is exactly Sun Yi!

Sun Yi was summoned by the God of Grass and came to Wuwu Time and Space, and was trapped in the Heavenly Demon Star Sea until today.

In the dark, Ye Chen glimpsed that the believers of the God of Grass in Wuwu Time and Space seem to have organized many rescues. After all, Sun Yi is the successor of the God of Grass in the future.

With the rescue of many believers of the God of Grass, the current Sun Yi is actually initially out of trouble, and can move freely inside the Heavenly Demon Star Sea.

However, she couldn't leave the Heavenly Demon Star Sea.

Because, beyond the Heavenly Demon Star Sea, is the Death God Cult.

As long as she dares to show her face, the Reaper Cult will kill her immediately.

Only by hiding in the Heavenly Demon Star Sea can she get real safety.

Sun Yi has gradually received the blessing of the God of Grass, and has gradually inherited the lineage of the God of Grass. She has mastered a very important fantasy concept.

This fantasy concept is The Forest Book!

Zilan, the first generation of grass god in the past, wanted to create a forest book. The forest book she conceived possessed the supreme power of the forest, allowing each tree to take root in the heavens and the world, and its roots spread to every corner, so as to control the world.

The power of the forest book is comparable to the ten-tailed beast, the reincarnation purana, the heart of light and other heaven-defying existences, and it is an existence that surpasses the supreme artifact.

In the early days of the grass god Zilan, she was in charge of the world tree and ruled the world. The world tree is actually the realization of the fantasy concept of the forest book.

Of course, the truly complete Forest Book has never been born, because this idea is too crazy to be realized.

However, the fantasy concept of Forest Book has become more and more possible to realize after the study of Zilan, the God of Grass, and Qingyan, the God of Grass.

Once the book of the forest is fully materialized and this artifact is created, it will be invincible.

If the God of Grass's orthodoxy is completely passed on to Sun Yi, she may integrate the will of the previous two generations of God of Grass and create Forest Book!

The Reaper's Cult obviously took a fancy to Sun Yi. They wanted to lure Sun Yi out, tear her apart, and deprive her of the fantasy concepts of the Forest Book from her mind.

Now Tiannv wants to capture Ye Chen back to the Death Cult, and use it as a bait to lure Sun Yi out.

In this way, this game of chess will come to life!

Chapter 9788

I have to say that this calculation is good, but there is a problem. The goddess thinks that Ye Chen will lose, and the goddess can do whatever she wants, but what if Ye Chen wins?

Ye Chen chuckled, and said: "I want to see Sun Yi, I can go to see Sun Yi myself, so I won't bother you."

Tiannv smiled and said, "Okay, I'll wait until you can defeat Yuren Feijing."

At that moment, the goddess didn't talk nonsense, she sent a flying sword message directly to Tianzhu Palace.

"I want to set the date of the decisive battle tomorrow, do you have any objections?"

Tiannv looked at Ye Chen, Chu Qingsong and others.

Ye Chen said: "It doesn't matter."

The goddess smiled and said, "That's good."

The decisive battle is scheduled for tomorrow. When the news spread, the entire Shenyun City was shaken. Unexpectedly, it was Ye Chen who represented the Chu family in the final battle.

This battle is related to the future fate of the Chu family!

...

At the same time, there is no time and space, the Zen garden.

Ren Feifei was sitting cross-legged on a strangely shaped boulder.

The boulder is covered with ancient dark lines, and the dark lines travel on the boulder, and even flow to Ren Feifei's skin.

But Ren Feifei's brows kept flashing with two rays of light.

The two forces seem to be at a stalemate, and the balance has not been broken for a long time.

The Buddha on the side looked a little dignified, and said: "After the Heavenly Sword Oath, I am afraid that the Lord of Reincarnation will not be in danger. You should also think about your own affairs."

Hearing this, Ren Feifei suddenly opened his eyes, and a blood moon flashed in his pupils, and said, "Buddha, there are too many uncontrollable factors mixed into this game of chess. The Temple of the Ruins, the Great Zhou Family, the Xiongba Family and even the Grand Master seem to be making arrangements."

"Do you think I can think about my own affairs now?"

The Buddha was silent.

He knew Ren Feifei's character too well. In Ren Feifei's eyes, Ye Chen's life was even more important than him.

Because Ye Chen carried the ideal world in Ren Feifei's heart, and also carried the key to victory in this game of chess.

Ren Feifei stood up, jumped down, came to the Buddha, and said: "Buddha, thank you for this yin-yang Buddha stone. Without it, I'm afraid my condition will be even worse."

The Buddha shook his head. He glanced at Ren Feifan, hesitated for a long time, and persuaded him: "The Yin-Yang Buddha Stone can't solve your fundamental problem, and the current Lord of Reincarnation is too weak. He still needs a long time to grow." After speaking, he pointed at the Yin-Yang Buddha Stone.

The Yin-Yang Buddha Stone seemed to have spirituality, surrounded by ancient scriptures, and finally turned into a bright golden light, which slowly dimmed.

If there are outsiders here at this moment, they will definitely feel that this so-called Yin-Yang Buddha Stone is just an ordinary stone.

"Emperor Blood Moon, if I'm not wrong, Ye Chen may have to face the feathered flying mirror in Tianzhu Palace next, and this move will be difficult."

"Of course I also believe that the Lord of Reincarnation can create miracles that we can't even accomplish, but Yuren Feijing is not easy to deal with, and those guys behind are even more difficult to deal with." already know the answer.

The corner of Ren Feifei's mouth drew an arc, confident and indifferent: "Have you heard of Yuren Feijing, but it is absolutely impossible for him to defeat Ye Chen."

"Although Ye Chen's strength is not enough to win the championship by participating in the Great Dao Competition, he has definitely gained a lot from this trip."

"And the Forbidden Demon, hehe, it's really interesting... I didn't want Xuan Yao and they left this unknown hole card for Ye Chen."

"Buddha, tell me, what will happen if those old guys know that Ye Chen holds the trump card of banning demons in his hand?"

The Buddha waved his sleeves and said, "Amitabha, you won't listen to what I say. You only have the Lord of Reincarnation in your eyes. Do you really want to be a martyr?"

Ren Feifei's expression remained calm, and even his brows were filled with absolute confidence: "If I die in martyrdom in the future, the eternal order will be reincarnated!"

The Buddha knew that it would be useless to talk too much, so he finally said: "In this case, give me a face, how about you go to a place to see in these two days?"

Ren Feifei asked, "Where?"

The Buddha said: "The dust of cause and effect."

A trace of surprise flashed in Ren Feifei's eyes, and he looked at the Buddha: "Some of your memories have recovered, your master..."

The Buddha shook his head: "I remember some, but it's not true. I only know that my master is a magnificent woman." After speaking, a Buddhist bead condensed from the Buddha's hand and flew to Ren Feifei's palm.

"This Buddhist bead will take you to the land of karma. Going there may make your condition better."

Feeling the cause and effect in the beads with two fingers, Ren Feifei suddenly said, "Thank you."

"Also, keep this matter a secret from me, and don't let that kid know."

The Buddha was quite helpless, shook his head, and disappeared from Ren Feifei's sight.

...

The screen turns.

Ye Chen naturally didn't know what happened between Ren Feifei and Buddha. At this moment, he returned to the ground and settled down in the Chu family's mansion, waiting for the decisive battle tomorrow.

Chu Feng came to Ye Chen's room and brought the Burning Heaven Swallowing Flame Cauldron and a jade slip for cultivation.

The word "Sword of Death" was engraved on the cultivation jade slip.

This is actually the cultivation method of the sword of death!

"This is....."

Ye Chen was slightly surprised.

Chu Feng said, "It's the sword of death in the Heavenly Emperor's Five Fading Swords. The patriarch asked me to send it over."

Chapter 9789

"Lord of Reincarnation, I'm stupid, I can't practice this sword of death, maybe you can."

He knew that Samsara was talented, and Ye Chen could possibly master the swordsmanship that he couldn't master.

Once he masters the sword of death, Ye Chen can win the decisive battle tomorrow.

Ye Chen was silent for a moment, took the jade slip and said, "Thank you."

Chu Feng gritted his teeth, as if there was something unspeakable, finally knelt down to Ye Chen, and said:

"Lord of Reincarnation, I actually have one more thing to ask you."

Seeing that Chu Feng spoke solemnly, with a trace of grief and anger in his voice, Ye Chen was taken aback, and said, "Get up first, what's the matter?" and helped him up.

Chu Feng said: "In fact, I have a younger sister, her name is Chu Bingyu, she was taken away by the Taoist left envoy Jianzi Xianchen when she was fourteen years old."

Ye Chen moved slightly in his heart, and said, "Your sister, fourteen years old? At this age, she should be taken away by Tianzhu Palace, right?"

According to the rules set by the Tianzhu Palace, all girls in the Chu family who have reached the age of fourteen must enter the Tianzhu Palace and serve as female slaves.

Chu Feng said: "Yes, but, she was taken by Jianzi Xianchen."

"Jianzi Xianchen said that my sister's blood is pure and it is a good material for making swords."

"That sword son, Xianchen, is going to forge a super-grade heavenly sword. He lacks a quenching material, so he took a fancy to my sister and wanted to throw her into the furnace to temper the super-grade heavenly sword."

"Of course Tianzhu Palace didn't dare to offend Jianzi Xianchen, so they sent my sister there."

"Jianzi Xianchen treats my sister very well, and uses all kinds of natural talents and earthly treasures on her, just to temper the sword with her."

"There was a dispute between my Chu family and Tianzhu Palace, and it was Jianzi Xianchen who came forward to mediate."

"Calculating the time, there is still one year at most, and the day of tempering the sword will come. At that time, my sister will be thrown into the oven, and will be wiped out!"

"She is my only relative, how can I bear to watch her die?"

"Lord of Reincarnation, you have a wide network of contacts and powerful authority. I only hope that you can tell Jianzi Xianchen not to sacrifice my sister. I am very grateful. I will do my best for you in my life!"

When Ye Chen heard Chu Feng's request, his heart was shocked.

It turned out that Jianzi Xianchen came forward to mediate the dispute between the Chu family and Tianzhu Palace because of his sister Chu Bingyu.

Before the super-grade Heavenly Sword was tempered successfully, Jianzi Xianchen would naturally give some care to the Chu family.

However, how easy is it to save someone under Jianzi Xianchen?

Even Ye Chen has never even seen Jianzi Xianchen's face.

Previously, Emperor Xuanchen said that the big man introduced to him was another emissary of Daozong, Tyrant Canglei, not Jianzi Xianchen.

"Well...it's not easy, and there's only one year left, so it's too urgent."

"I can't promise, but I will try my best."

Ye Chen thought for a while, then replied Chu Fengdao.

If he could meet Badao Canglei and invite him to come forward, he might be able to save Chu Feng's younger sister, Chu Bingyu.

But Emperor Xuanchen warned that if Ye Chen wants to see Ba Dao Cang Lei, he must at least reach the Divine Dao Realm, otherwise he will not be able to approach Ba Dao Cang Lei's territory at all, and will be crushed to death by the thunder pressure of Cang Lei Mountain.

And even if he saw Ba Dao Cang Lei, it was still unknown whether he could rescue Chu Bingyu.

Therefore, Ye Chen did not dare to assert, nor did he make any guarantees.

Perhaps, he could also ask Ren Feifan or Buddha to come forward.

However, the matter involved Jianzi Xianchen, the cause and effect were too great, even if Ren Feifei and Buddha were to come, they would not be willing to get involved in this matter easily.

Chu Feng heard that Ye Chen was willing to help, but he didn't say that he would succeed. He was mixed in his heart, and said, "Lord of Reincarnation, I'm counting on you!"

Ye Chen nodded and sent Chu Feng away.

He pinched his fingers and calculated, but found that the possibility of saving Chu Feng's sister was very low.

Jianzi Xianchen wanted to sharpen his sword, and he had spent a lot of natural and earthly treasures on Chu Bingyu, and he would never give up.

Chu Bingyu's ending was to be thrown into an oven and turned into materials for tempering swords.

This ending is already much better than sending her to the Heavenly Moat Palace and being humiliated.

After all, in the Chu family, all the young women of the same generation as her are in Tianzhu Palace, serving as female slaves, life is worse than death.

Shaking his head, Ye Chen stopped thinking about it, he could only say his best, but whether he could save Chu Bingyu in the end depends on his luck.

After calming down, Ye Chen sacrificed the jade slip of the sword of death, and his spiritual power penetrated into it.

boom!

When Ye Chen's spirit penetrated into the jade slip, he immediately felt a terrifying murderous aura rushing towards his head.

The profound meaning of this sword of death is very powerful. If it is cultivated to the peak level, it can even destroy the emperor of heaven!

The Heavenly Emperor's Five Fading Swords, each sword actually has the power to destroy the Heavenly Emperor, but it is very difficult to cultivate to the peak.

This sword of death is the most powerful existence among the five declining swords of the emperor of heaven, and it is also the most difficult to cultivate.

Ye Chen circulated the Dao Heart of the Martial Ancestor, first blocked the murderous impact of the sword of death, calmed down, and comprehended carefully.

The cultivation secret of the Sword of Death is quite profound and mysterious. After all, it is a sword technique spread from the other side of the starry sky.

Chapter 9790

However, Ye Chen was extremely talented, and after glancing at the secret of the sword of death, he quickly understood it.

However, comprehension is one thing, and wanting to display it is another.

"This sword of death is terrifying. I have to reach at least the realm of the immortal emperor to be able to use this sword."

Ye Chen was secretly surprised, now that he already has the strength of a quasi-immortal emperor, but his background in Taoism is still not enough to cast the sword of death.

If he uses it forcefully, the foundation of Taoism will be backlashed in an instant. He doesn't know if the enemy will die or not, but he must die first.

Only when he is promoted to the realm of Immortal Emperor, can Ye Chen be qualified to activate the sword of death.

If it were an ordinary person, it would probably be in the late stage of the Divine Dao Realm, and it would be difficult to use it.

For example, Chu Feng, who is already at the eighth level of the Divine Dao Realm, still has not mastered the sword of death, and needs to rely on pills for assistance.

It's a pity that all the pills that Ye Chen helped him refine were destroyed by the goddess.

Without the support of elixir, Chu Feng wants to control the sword of death, and he does not know how many more epochs he will have to practice hard.

Every time the decisive battle between the Chu family and Tianzhu Palace was delayed, the Chu family would suffer for an extra moment.

And if it takes too long, Ye Chen is also afraid that something will happen to Han Yan, he just wants to go to Wandao Jianyuan as soon as possible.

"It seems that tomorrow's decisive battle, this sword of death, is useless."

Ye Chen shook his head, and put away the jade slip of the sword of death.

He has many martial arts and supernatural powers, so he doesn't need to rely on the sword of death in tomorrow's decisive battle.

Time flies, quickly, overnight.
