

Physician 9811

Chapter 9811

Ye Chen's eyes were fixed, and he had to say that Tiannv and Ye Fengxing were indeed powerful, they could break through his talisman puppet and directly assassinate them.

"Wings of Liberty, open!"

However, Ye Chen didn't panic, and immediately opened the Wings of Freedom. The storm rolled around him, blowing up the shocking lake water, and his body soared into the sky.

Scoff!

Tiannv and Ye Fengxing swung their swords to attack, but pierced the air and failed to hurt Ye Chen.

The faces of the two sank, and they looked up at the sky.

In the sky, Ye Chen stretched his wings of freedom. Under the sunlight, his figure was brilliant and holy, dazzling.

"The dusk of the gods, suppress it for me!"

The next moment, Ye Chen let out a violent shout, and a terrifying evening glow erupted from his body. A late, decaying, dim evening breath swept across the world immediately.

Above the sky, the weather of the Blood Wing Constellation that Ye Fengxing had just summoned was immediately eroded. It hit the lake, causing thousands of waves.

In Ye Chen's hands, the terrifying twilight breath gathered and turned into a huge twilight sword, which was thousands of feet long and shone with an ancient light.

Rumble!

With a wave of Ye Chen's hand, the huge Twilight Sword came down with a crushing and crushing pressure.

"not good!"

The celestial girl was shocked, she didn't expect Ye Chen to be so powerful, she hurriedly retracted her sword to defend, and released layers of laws of the Divine Dao Realm, turning into layers of barriers to protect herself.

Ye Fengxing was also terrified. He didn't expect Ye Chen to be so powerful. This twilight of the gods is a very terrifying magic, which is enough to erode the gods. Even if he is an existence at the peak of the divine way, he would not dare to touch it head-on.

At the moment, Ye Fengxing is also restraining his breath, surrounded by blood-colored bats around his body, planning to survive Ye Chen's move first, and then seek a counterattack.

Ye Chen's eruption of such a terrifying dusk killing naturally consumes a lot of spiritual energy. If he can't defeat the enemy in one go, he may be killed back.

As the huge Dusk Sword slashed down, many warriors from the Reaper's Cult and the Night Alliance fled in panic and panic. Those who couldn't escape were attacked and killed by the Dusk Sword. Their bodies collapsed on the spot, and their corpses turned into dry bones. They died miserably.

Tiannv and Ye Fengxing defended with all their strength, desperately resisting Ye Chen's onslaught.

Ye Chen knew that with this sword, he had to defeat the enemy, otherwise he would be counter-killed, so he took a deep breath and used the power of the reincarnation bloodline Tianlei Shenmai, and thunder and lightning exploded in the dusk, and the momentum was rolling.

Tiannv and Ye Fengxing were under even greater pressure, and the barriers of the laws of the divine way were broken, but they were almost unable to stop Ye Chen's attack.

Crash!

But at this moment, the Six-Eyed Ice Toad, which had been soaked in the lake and was seriously injured, opened its eyes, took a breath, jumped up, bit the Dao Ling suspended in mid-air, and swallowed it with a grunt. , and then the huge body fell into the water with a bang, and dived deep into the bottom of the lake.

It actually took advantage of Ye Chen's battle with Tiannv and Ye Fengxing to swallow the Dao Order again and wanted to escape.

Ye Chen was taken aback. What surprised him was not that the six-eyed ice toad swallowed the Dao Token, but that he caught a trace of familiar causal fluctuations when the six-eyed ice toad was active.

That was Cai Ruzhen's breath!

Cai Ruzhen seems to be in the stomach of the Liumu Ice Toad!

"This beast, has already devoured Cai Ruzhen?"

Ye Chen was terrified, he only thought that Cai Ruzhen had been swallowed by the six-eyed ice toad and became the food in its stomach.

Horrified and furious, Ye Chen's supernatural powers fluctuated, and the Sword of Dusk and many thunder and lightning phenomena faintly collapsed.

Both Tiannv and Ye Fengxing escaped from the enormous pressure, but when they saw the Six-eyed Ice Toad swallowing the Dao Order, they were a little stunned.

"Brother Han, hold them back!"

Ye Chen calculated carefully, but found that Cai Ruzhen didn't seem to be dead yet, and still had the breath of a living person. He just wanted to unravel the secret behind it, and immediately flew into the lake and chased the six-eyed ice toad.

Behind Cai Ruzhen, there are many threads of fate, even related to Sun Yi, Ye Chen never wants to miss it.

He dived into the water, chasing the six-eyed ice toad, Han Yan and Chu Feng. people.

Tiannv and Ye Fengxing looked at each other and wanted to chase and kill Ye Chen, but they were surrounded by Han Yan, Chu Feng and others, unable to escape for a while.

Ye Chen dived to the bottom of the lake, only feeling bitingly cold.

The body of the six-eyed ice toad emitted bursts of cold air, causing many ice flowers to appear in the lake.

Ye Chen chased after him, and soon got closer to the six-eyed ice toad.

The giant beast was seriously injured after all, so it didn't run away quickly, and was quickly caught up by Ye Chen.

The six-eyed ice toad seemed to feel the danger. It roared in a low voice, its body trembling, and released wisps of ice mist, freezing the lake water, creating a layer of ice barrier, trying to stop Ye Chen.

However, trying to stop Ye Chen with a mere layer of ice barrier is undoubtedly a dream.

Ye Chen's eyes were sharp, and with a slash of his sword, he cut through layers of ice, and strode to the six-eyed ice toad.

The six-eyed ice toad is as huge as a mountain, but in front of Ye Chen, it is naturally an ant-like existence, and it is impossible to compete.

Ye Chen swung his sword, and was about to slash at the six-eyed ice toad.

Chapter 9812

"Don't hurt it!"

Suddenly, a voice sounded suddenly, with a little dullness.

This sound actually came from the belly of the six-eyed ice toad.

"Lord of reincarnation, don't hurt it, this ice toad is my friend."

The voice called out with urgency.

The six-eyed ice toad had tears in its eyes, looking pitifully at Ye Chen.

Ye Chen was shocked when he heard that voice, and said, "Is it Miss Cai Ruzhen?"

The voice said: "It's me, Lord of Reincarnation, you...have you met my father?"

Ye Chen heard that Cai Ruzhen was still able to speak in the stomach of Liumu Bingchan, and guessing that her life was in danger, he felt a little relieved, and said, "Your father misses you very much, and asked me to come out to find you."

Cai Ruzhen said: "Really? That's really... well, come in first."

Her voice was melancholy, as if she had something serious on her mind, after she said this, the six-eyed ice toad crawled down and opened its mouth wide, as if inviting Ye Chen in.

Ye Chen hesitated.

Cai Ruzhen said: "Don't worry, the ice toad won't hurt you, and it doesn't have the qualifications to hurt you."

Ye Chen nodded, and stopped hesitating. He used his skills to protect his body, and then flew into the mouth of the six-eyed ice toad.

The six-eyed ice toad closed its huge mouth and swallowed Ye Chen with a grunt.

There was darkness in Ye Chen's eyes, but soon he saw the light, and he was swallowed into the belly of the six-eyed ice toad.

Inside the stomach of the six-eyed ice toad, there is actually a hole in the sky, forming a space of its own.

This space is like a tomb cave, with stone tables, stone benches, stone beds, etc. On top of the stone table, a solitary lamp is burning, and a young woman is sitting beside her, pounding and researching medicinal herbs.

There are many medicinal herbs and flowers piled up at her feet, all of which are very good in appearance, and the aroma of pounded medicine makes people feel refreshed.

"The little girl, Cai Ruzhen, has met the Lord of Reincarnation."

Seeing Ye Chen coming, the woman put down the medicine bowl and jade pestle in her hand, got up and saluted Ye Chen.

Ye Chen was stunned. He saw a photo of Huaxia hanging on the wall next to him. The person in that photo was exactly him.

Ye Chen has the impression that the key photo was taken by Sun Yi with Polaroid when he was in Dadu apartment.

Being able to see Huaxia's photo in this place, Ye Chen was greatly surprised, and said, "Where did you get this photo?"

Cai Ruzhen looked at Ye Chen, then at the photo, and said, "Is this kind of painting called a photo? It's really amazing."

Ye Chen hurriedly asked: "Where did you get the photo, and who gave it to you?"

Seeing Ye Chen's anxious appearance, Cai Ruzhen hurriedly said, "Lord of Reincarnation, please be safe and don't be impatient."

"Well... this photo was given to me by the future God of Grass, Miss Sun Yi."

"A few months ago, I met her. She was still trapped in the Heavenly Demon Star Sea and couldn't get out. She asked me to take this photo to find you, and wanted you to go and save her."

"But, alas... I can't take care of myself. Hua Zu's people are chasing and killing me, so I can only hide here and dare not show my face."

At the end, Cai Ruzhen looked helpless.

Ye Chen was shocked and said, "This photo was given to you by Sun Yi? Have you seen her before? What's going on here?"

"I heard from your father that you went to seek revenge on Hua Zu. I thought you were dead."

Cai Ruzhen smiled and said, "I don't die so easily."

"Thousands of years ago, I did leave Wan Dao Jianyuan and wanted to seek revenge from Hua Zu, but I'm not a fool. If I went directly there, I'm afraid I would be discovered by Hua Zu before I got close to him, and I would kill him with a single thought."

"I heard that the God of Grass faction has a deep grudge with the Flower Ancestor, so I went to find the descendants of the God of Grass and seek their help."

"After all, it is impossible for me to succeed in revenge by myself."

Ye Chen was quite surprised. Looking at Cai Ruzhen's appearance, he was not as reckless as Cai Yi said. He obviously had a plan. He asked, "Is there any grievance between Huazu and Grass God?"

Cai Ruzhen said: "Of course, Lord of Reincarnation, you have not been here for a long time, and you may not know the grievances between Flower Ancestor and Grass God."

"Hua Zu and the first God of Grass, Zi Lan, are both people who came out of the original world. I heard that the ruler of the original world, Qinglian Dao Zu, was very kind to the God of Grass. Hua Zu was very jealous. From the very beginning, he looked at The God of Grass is not pleasing to the eye."

"Furthermore, the God of Grass holds many seeds of rare medicinal herbs and spiritual materials. Huazu has always wanted them, but God of Grass refused to give them, so he held a grudge."

"Later, Jiushen Tianzhao wanted to choose a God of Grass and Trees, and the theocratic Flower Ancestor also wanted it, but in the end he was snatched away by the God of Grass, and he was even more angry and jealous."

"Nowadays, there is no time and space. The descendants of the believers of the God of Grass have always been suppressed by the Flower Ancestor. The God of Grass hates the Flower Ancestor very much."

Ye Chen suddenly said, "So that's how it is."

Only then did he know that the faction of Huazu and Grass God had such a deep grievance, which could even be traced back to the original era.

Cai Ruzhen continued: "With the help of the Grass God's faction, I successfully concealed the secrets of the sky, sneaked into Hua Zu's subordinates, and became a servant in his fairy grass garden, responsible for taking care of the flowers and plants."

"In this fairy grass garden, countless precious herbs are planted, which are the lifeblood of Huazu. He usually uses the essence of the herbs in the fairy grass garden for his daily cultivation."

"The people from the God of Grass entrusted me to find a way to destroy the Immortal Grass Garden. It would be much easier to cut off Hua Zu's lifeline first, and then deal with him, but it also represents risks..."

Chapter 9813

"Every herb in this fairy grass garden is protected by prohibition. I am low in status and strength, and it is not easy to destroy."

"Later, with the help of some special means, I successfully broke through many restrictions in the Immortal Grass Garden, destroyed a large number of precious herbs, and brought some herbs out."

Speaking of this, Cai Ruzhen was full of excitement, and looked at the many medicinal materials piled up at his feet.

These herbs were all brought out by her from the Immortal Grass Garden, and they are very precious.

Ye Chen was taken aback, and said: "What special means did you use to break through the restriction of the Immortal Grass Garden, and escaped alive? Huazu and his disciples must have far surpassed you."

He was very curious. Cai Ruzhen's cultivation was not at the level of the Divine Dao. It would undoubtedly be impossible to destroy Huazu's fairy grass garden and escape smoothly. He really wanted to know what method she used.

Cai Ruzhen hesitated to speak, but finally shook her head and said, "Oh, Lord of Reincarnation, it's inconvenient for me to say, and I can't, so please don't ask any more questions for now."

"After I escaped from the Immortal Grass Garden, Hua Zu was furious and sent people to chase and kill me."

"I ran away desperately, and the people from the God of Grass swore to protect me to the death. Many people died, alas..."

"Later, they took me to meet Sun Yi, the future God of Grass. I gave Mrs. Sun Yi some precious medicinal materials. She gave me your photo and asked me to look for you. I'm powerless."

"I originally wanted to escape back to Wan Dao Jianyuan, but I was afraid that my father would be involved, so I finally escaped into the belly of this six-eyed ice toad."

"Hehe, the ice toad was seriously injured before, and I cured it with herbs. It can be regarded as my pet and friend."

"It's just that I didn't expect that Daozong actually entrusted a piece of Dao Token without an owner in it recently."

Said, Cai Ruzhen flipped her hand, and a token appeared in her palm, which was the Dao Token that the Six-eyed Ice Toad swallowed just now.

When Ye Chen saw this token, his eyes immediately became hot.

"Lord of Reincarnation, you take the token, I just beg you to take me away, otherwise Bingchan and I will be killed by people outside."

Cai Ruzhen could clearly feel the breath of Tiannv and Ye Fengxing outside.

Without Ye Chen's protection, Liumu Bingchan would definitely be killed by Tiannv and Ye Fengxing, and she would die along with her.

Ye Chen took the Dao Token, and he breathed a sigh of relief. After many twists and turns, he finally got the Dao Token.

"Where do you want to go now, back to Wan Dao Jianyuan?"

Ye Chen asked, and while talking, he performed the Taoist alchemy technique, and bursts of spiritual light burst out, pouring into the six-eyed ice toad to heal its injuries.

Under Ye Chen's treatment, the six-eyed ice toad made a low-pitched cooing sound, recovered quickly from its injuries, and its eyes were full of gratitude.

Cai Ruzhen said: "I can't go back to Wandao Jianyuan even if Huazu doesn't die for a day, otherwise my father and the others will be implicated."

Ye Chen said: "How about going to my territory? I can provide you with shelter."

He thought that no matter how fierce Hua Zu was, it would be impossible for him to capture the territory of his reincarnation camp. As long as he brought Cai Ruzhen back to Shanghuang Tiangong, he would be completely safe.

Cai Ruzhen said: "No, I can't implicate you."

After a pause, she gritted her teeth and said, "If possible, I want you to take me to the time and space of the soul realm, that is

Chapter 9814

Cai Ruzhen sighed: "This is a helpless move. We can only wait for Master Sun Yi to inherit the authority of the God of Grass and restore the glory of the God of Grass before we can redeem the people of the God of Grass from the darkness."

After a pause, she said again: "Lord of Reincarnation, you can't go to the time and space of the soul realm, so can you send me out of here? There are all enemies outside, and I have said so much, the secret of heaven will definitely be exposed, Hua Zu probably has locked me I'm going to send people to hunt me down immediately."

She is single and weak, and by being alone, she is absolutely unable to leave this place.

Ye Chen's eyes flickered, calculating the danger behind him.

"I can give you this, maybe it will work for you."

Cai Ruzhen suddenly took out a small bottle. The bottle was made of colored glaze. It was translucent, and one could vaguely see the inside of the bottle, which contained a bottle of golden spiritual liquid.

"What's this?"

Ye Chen asked.

"This thing is called Jinqiongyu saliva. It is a universal antidote that can remove all poisons known to the main world. It is very mysterious. Take it."

Cai Ruzhen stuffed the small bottle into Ye Chen's hand.

Ye Chen was shocked, and said, "Universal antidote? And this kind of thing, where did you get it?"

Cai Ruzhen said: "It's the poisonous hand... cough... it was given to me by an expert. It's not convenient for me to say his name. I was able to break the restriction of the Immortal Grass Garden, and it was the expert who helped me, but I can't reveal who he is." Your identity, please forgive me."

When Ye Chen heard Cai Ruzhen's words, he was very surprised, but he didn't know what kind of expert was able to fight against Hua Zu, and even refined this outrageous medicinal liquid, which can release all toxins. Doesn't that mean, Can it also detoxify the poison on the strings of the Great Sage's Oblivion Qin?

Ye Chen pulled off the bottle cap, looked at the Jin Qiongyu saliva in the bottle, and felt pure and clear, with a deep aura.

This Jin Qiongyu saliva, I don't know how much heaven and earth treasures, how much blood of the emperor of heaven, it would take to refine it, it is extremely precious.

What's even more bizarre is that when Ye Chen was looking at the bottle of liquid medicine, there was a faint vibration from the cemetery of reincarnation, as if there was some causal resonance.

Feeling this scene, Ye Chen was even more surprised.

In the cemetery of reincarnation, Emperor Qin felt the shock of cause and effect, and his face was full of surprise.

"Senior, can you see through the cause and effect behind it?"

Ye Chen mentally communicated with the cemetery of reincarnation and asked.

Emperor Qin counted, but shook his head and said: "No, the context behind it is too complicated, I can't figure it out."

"However, this Jinqiongyu saliva is a good thing. It can dissolve the poison on my great sage's legacy piano and restore that ancient piano. You can't miss it!"

In the end, Emperor Qin's eyes were full of scorching heat. He was addicted to the piano and was a "music idiot". The most regrettable thing in his life was that all the musical instruments were destroyed by Hua Zu, which made him feel like a knife.

Now, Dasheng Yiyinqin has the hope of recovering, so he is naturally very excited and delighted.

"good!"

Ye Chen didn't talk nonsense, immediately accepted Jin Qiongyu's saliva, threw it into the cemetery of reincarnation, and handed it to Emperor Qin.

"Woo...Father, I want to drink, this...this is very good...I want to drink..."

At this time, the little forbidden demon seemed to smell the fragrance of Jin Qiongyu's saliva, and woke up faintly, with saliva dripping from the corner of his mouth, looking eagerly.

Emperor Qin's expression became solemn in an instant, and he said solemnly: "Little thing, I can't give this to you, you can go to sleep obediently."

While coaxing the little forbidden demon to sleep, Emperor Qin played a tune on the zither, and a burst of soft tunes filled the air.

After the little forbidden demon heard this, his body immediately wobbled, and he fell to the ground and fell asleep.

Even Ye Chen felt dizzy and drowsy when he heard the song. He shook his head violently, took a deep breath, and stabilized his Dao heart. Only then did he dispel the drowsiness. He was very surprised and asked:

"Senior, what is your song?"

Emperor Qin smiled and said: "This song is called "Dark Fragrance Floating Night", it is a lullaby, and it is also one of the top ten famous songs I created back then.

Chapter 9815

The corner of Ye Fengxing's mouth curled up into a cruel smile, and he immediately activated the Blood Wing Constellation, a phantom of a bloody bat exploded all over his body, swinging his sword like a soul devouring blood, with a sharp and sturdy momentum, pointing directly at Cai Ruzhen.

"Roar!"

Before Ye Chen and Cai Ruzhen could do anything, the six-eyed ice toad under their feet took a deep breath, sucked up all the surrounding lake water, and then roared, all the lake water turned into solid ice, and pieces of solid ice condensed into The icicles stretched past with a click.

Ye Fengxing swung his sword to kill him, smashing the icicle piece by piece, and the ice flowers splashed all over the place, but the power of his sword was also exhausted.

"Senior, give me the piano!"

Ye Chen yelled at Emperor Qin in his heart.

At this time, Emperor Qin had already completely dispelled the poison from the strings of the Great Sage's Oblivion Qin by using Jin Qiongyu's saliva.

The poison dissipated, and the whole Great Sage's Remaining Music Qin revealed dense spiritual energy. The strings seemed to be surrounded by fairy light, and the notes were floating in the air. It was as if ancient holy sounds were washed out, which was refreshing.

Emperor Qin heard Ye Chen's call, and immediately gave him the piano of the great sage's legacy.

brush!

Ye Chen got the piano of the Great Sage's Oblivion, held the piano in his arms, and gently plucked the strings.

Suddenly, a sharp musical note burst out like a sword, and the sound wave went straight to Ye Fengxing.

Ye Fengxing was hit by the sound waves, and he groaned on the spot, his face turned pale, and his Dao heart shook violently.

This Great Sage's Obscurity Qin is an ancient piano second only to the Nine Heavens Ring Peiqin, and it is a top-notch divine instrument in itself. Just a single pluck of the strings can disturb the mind of a human being, which is very powerful.

Ye Chen knew that if Ye Fengxing and Tiannv joined forces, he would be in a lot of trouble if he wanted to fight.

But if he can kill Ye Fengxing first, and then fight Tiannv, the situation will become easier.

The impact of this zither sound wave was beyond everyone's expectations. No matter if it was Tiannv, Ye Fengxing, or Cai Ruzhen, they didn't expect Ye Chen to use such a method.

They didn't even expect that a mere zither sound would have such a violent impact.

"The Great Sage's Oblivion Qin? Hasn't this instrument been destroyed by the poison?"

When Tiannv saw the guqin in Ye Chen's hand, her expression changed.

She recognized it, it was the Great Sage's Yinqin left by Qin Emperor Tianzun, she had also seen it in Wandao Jianyuan.

However, the Great Sage's Oblivion Qin has been polluted by poison, so she dare not touch it.

But she never expected that Ye Chen actually got this qin, and even dispelled the poison, re-displaying the power of this qin, like the arrival of the ancient great sage, the divine sound soaring to the sky, a single note can confuse human hearts, The end is ferocious.

"Ye Fengxing, die for me!"

Ye Chen looked ferocious, and taking advantage of Ye Fengxing's turmoil, he immediately punched him out.

"Titan Star Dou Fist!"

Veins protruded from Ye Chen's arm, bursting out with violent and ferocious power, piercing through the stars and shattering the universe, like a titan coming in person, the domineering power rushed out, and his fists ruthlessly smashed Xiang Yefengxing.

This was Ye Chen's most domineering blow, showing the ultimate martial arts power.

When this punch was used, the muscles in his arm were almost torn, he was cramping violently, and his blood was boiling.

Ye Fengxing was terrified, he couldn't organize a solid defense under the turmoil of his Dao heart, seeing Ye Chen's punch, he had to raise his palm, the spirit energy at the peak of the divine way state exploded completely, trying to block Ye Chen's punch.

If it was a punch from an ordinary martial artist, he would naturally be able to block it, but Ye Chen's fist pierced through the stars, so he was not able to block it.

boom!

Ye Chen punched Ye Fengxing's arm so hard that his bones burst.

The violent power rushed into Ye Fengxing's body, and he spurted blood on the spot, even carrying some internal organs, looking extremely embarrassed.

"Alliance leader!"

Many warriors of the Yemeng saw Ye Fengxing under Ye Chen's hands, but couldn't hold a single punch, they were all shocked, astonished, and terrified.

You know, Ye Fengxing is an existence at the peak of the Divine Dao Realm, and he is actually not as good as Ye Chen.

How terrifying is Ye Chen's real combat power?

"Go!"

Ye Fengxing vomited blood again and again, was seriously injured, and I don't know how many timelines were blown out, he was completely terrified, he greeted his warriors, and wanted to turn around and run away.

"Don't run away, just stay."

"Daozong alchemy technique, suppress it for me!"

Ye Chen's eyes were cold, without the slightest nonsense or hesitation, he strode out in a big stride, earth-shattering, the light of the Taoist alchemy technique exploded in his hand, and the divine light spread out.

Ye Fengxing and his warriors were shrouded in the divine light of the Taoist alchemy technique, and they screamed one by one, their bodies twisted. In the end, everyone was forged into pills, and Ye Chen Take it back into the palm of your hand.

Ye Chen was not polite either, he threw all the pills in his hand into his mouth, chewed them, and swallowed them.

boom!

A large amount of elixirs entered the body, which made Ye Chen's aura much stronger.

Previously in Wan Dao Jianyuan, using Zhishui Kendo, the source of the damaged spiritual energy was also repaired.

Ye Fengxing's life experience, all the battles, opportunities, feelings, excitement and regret, embarrassment and glory, fear and ferocity, all the pictures, went through Ye Chen's mind.

Ye Chen chewed Ye Fengxing's life, refined all his memories, but knew a lot of secrets in the deep realm.

In addition, Ye Fengxing's unique magic technique, the blood wing constellation of the eight constellations, all martial arts and magical methods, were all mastered and comprehended by Ye Chen.

Chapter 9816

"Blood Wing Constellation, yes, yes, this magic is mysterious."

"Fortunately, I shot quickly, otherwise, if this Ye Fengxing turned into a blood bat, I wouldn't be able to suppress him."

Ye Chen thought to himself, this Blood Wing Constellation has a unique change, that is, it can transform one's body into a blood bat, so as to avoid the enemy's attack from then on.

This change is very miraculous. Ye Fengxing once relied on this method to avoid the attacks of countless enemies.

But this time, Ye Chen first disturbed his Dao Heart, and then bombarded him with the Titan Star Dou Fist. He didn't react at all, and before he had time to transform into a bat, he was foiled by Ye Chen and finally refined into a elixir, which was tragic die.

Seeing Ye Fengxing turned into a elixir and swallowed by Ye Chen, Tiannv was terrified, her delicate body trembled, and her scalp went numb.

She also seemed to see her own destiny, that is, like Ye Fengxing, was cast into a elixir by Ye Chen and swallowed alive.

"Goddess, it's your turn."

A cruel smile appeared on the corner of Ye Chen's mouth, and there was a crash behind him, his blood was surging, and he spread out a pair of bat wings, which is the mystery in the blood wing constellation.

He spread out his blood wings, wrapped in a monstrous and ferocious aura, his body rushed out, and flew towards the celestial girl, stabbing her between the eyebrows with a sword.

"Reaper, answer me!"

"Omen Star Sea, darkness descends!"

Feeling the deadly threat, the goddess immediately looked up to the sky and chanted, her whole body was burning with energy and blood, her black hair was scattered, and dark rune totems appeared on her skin.

Under her call, the sky rumbled, and soon there was a terrible dark breath brewing, and then the sky rained corpses, broken limbs, broken eyeballs, and countless white bones , the rotting flesh and blood poured down like a torrential rain.

The entire pure lake soon became dark and filthy, and the lake became a Sea of Demon Stars.

She knew that Ye Chen was powerful, so she summoned the energy of the Heavenly Demon Star Sea on the spot.

Countless Heavenly Demon's death energy rolled and condensed behind her, turning into a terrifying totem thousands of feet high.

That is the totem of the god of death!

The snow-white figure of the celestial maiden and the dark Grim Reaper set off each other, making the picture look poignant and magnificent.

Ye Chen slashed down with a sword, but was easily blocked by the death god with a scythe.

A huge force came from the death scythe, which made Ye Chen's blood churn on the spot, and with a bang, he fell into the lake.

In other words, this lake is no longer a lake, but the Dead Sea, the Omen Star Sea, full of corpses and bones, full of filthy things.

All people will be polluted by filth, only the goddess, like a holy white lotus, hangs on the sea, free from dust.

"Brother!"

At this time, figures came rushing from afar, but they were Han Yan, Chu Feng and others.

They were all shocked when they saw Ye Chen being shot down by the goddess.

The sky is still raining corpses, rotten and dirty things, constantly eroding the human body, turning people into a puddle of mud.

The goddess breathed a sigh of relief, she felt that her vitality was rapidly passing away, but she was also very satisfied with being able to successfully summon the Omen Star Sea.

Relying on the energy of the Omen Star Sea, she has the confidence to suppress Ye Chen.

"The Lord of Reincarnation."

Cai Ruzhen was also panicked, hurriedly mobilized the six-eyed ice toad, and Ling Xu stepped on the water.

Han Yan and Chu Feng supported Ye Chen and jumped onto the six-eyed ice toad.

The six-eyed ice toad has slippery skin, and the rain pouring down from the dead bodies fell on its skin, just like rainwater falling on a lotus leaf, sliding down one after another without causing any erosion to it.

However, the six-eyed ice toad groaned in a low voice, as if it was very uncomfortable, if it was under the cover of the sky demon star sea, it would not be able to bear it.

Ye Chen took a deep breath and calmed down. Seeing that Tian Nu had summoned the Omen Star Sea, he knew that it was almost impossible to kill Tian Nu today.

"Walk!"

Ye Chen made a decisive decision, waved his hand to stop drinking, and immediately wanted to take people away.

He had already obtained the Dao Order, and killed Ye Fengxing again. He had gained enough from this trip, and there was no need to entangle with the goddess.

As for the enmity with the heavenly girl, it will not be too late to settle it slowly after the Daozong Contest begins.

"Bing Chan, let's go!"

Cai Ruzhen shouted and urged the six-eyed ice toad to leave.

The Six-Eyed Ice Toad uttered a cry, then turned around and leaped away.

"Stop!"

The goddess was furious, she didn't get the right leg of Emperor Yantian, didn't get the Dao Token, didn't get the Six-eyed Ice Toad, if Ye Chen was allowed to leave like this, and she went back empty-handed, how would she face the higher-ups of the Death God Cult?

Swipe!

The goddess waved her hand, and the totem of the god of death, which was thousands of feet tall behind her, also waved her hand, and the scythe of the god of death slashed out.

Scoff!

The terrifying sickle blade pierced through the void and made a sharp whistling sound, as if it wanted to kill Ye Chen and the others.

"Tianmo Castle, Yu!"

Ye Chen made a formula in his hand and immediately summoned the Demon Castle.

A huge castle appeared on the back of the six-eyed ice toad, enveloping Ye Chen, Cai Ruzhen, Han Yan, Chu Feng and others.

boom!

The goddess of death slashed at the castle fiercely, but failed to break through the castle.

The defense of Yechen Tianmo Castle is very strong, even if it is a goddess, it is impossible to destroy it with one blow.

"not good!"

The goddess' complexion suddenly changed.

After Ye Chen and others blocked her blow, they immediately rode the six-eyed ice toad and ran into the distance.

Chapter 9817

It seemed that he could escape, but at this time, the sky suddenly became dark, and stars appeared in the dark sky, and stars emerged one after another, outlining a pattern connected into a constellation.

This constellation looks like a flower with luxuriant petals, showing a great perfection and great grace.

From the constellation of flowers, dozens of silhouettes manifested, with a powerful aura overwhelming the sky, and a little bit of starlight fell, forming a constellation barrier, which actually sealed Ye Chen and others in the barrier.

Ye Chen wanted to break through the barrier, but bumped into a crystal wall system and couldn't break through.

"Manduo Constellation!?! Oh no, Huazu's people are here!"

When Cai Ruzhen saw the constellation in the sky, her pretty face suddenly changed.

The goddess narrowed her eyes slightly and looked towards the sky.

Dozens of figures under the constellations descended and surrounded Ye Chen and the others.

The first person is an indistinguishable male and female with a very elegant temperament. His skin is fairer than that of a woman. He has a pair of peach blossom eyes and the corner of his mouth has a smile that is not a smile.

He glanced at Cai Ruzhen, then at Ye Chen, then bowed to salute Ye Chen, and said in a gentle voice:

"Under the Xiahuazu's disciple, Xieyuhua, I have met the Lord of Reincarnation."

Ye Chen was puzzled and looked at Cai Ruzhen.

Cai Ruzhen yelled: "This sissy is Hua Zu's apprentice, and he is here to arrest me!"

Ye Chen's heart trembled, and he looked at the man, but he couldn't see through the man's cultivation, he must be very powerful.

The man named Jie Yuhua showed an elegant smile, looked at Cai Ruzhen and said, "Junior Sister Cai, you are taking advantage of Master's refinement of super-grade pills, colluding with Du Gu Jialuo, a disciple of the God of Poisonous Hand Medicine, to destroy Master's carefully crafted pills." You stole all the herbs you planted before you could destroy them, and even stole the lotus seeds of the Seven Treasures Meditation Lotus, which is a great sin."

"Hurry up and go back with me, kowtow to Master and confess your sins, Master may spare your life because of past affection."

Cai Ruzhen yelled: "That old bastard Moyuan Manduo is not my master! He killed Qin Emperor Tianzun, I am a descendant of Qin Emperor, and I will kill that old ghost!"

Xie Yuhua's expression changed, and she said, "Junior Sister, you have been with Dugu Jialuo all day long, and your Taoist heart has been poisoned and polluted by her, and you have fallen to this point. Come back with me quickly. Master borrowed the Seven Treasures Lotus Lantern, and it can still shine. Your Dao heart will restore your sobriety."

As he spoke, he winked, and dozens of monks around him immediately flew out like hawks, grabbing Cai Ruzhen with their palms.

Cai Ruzhen's face was pale, and she hurriedly hid behind Ye Chen and grabbed his arm.

Ye Chen's face darkened. When he heard the names of Poison Hand Medicine God and Poison Guy Jialuo just now, he clearly felt that strange turmoil appeared in the cemetery of reincarnation.

Then the God of Poisonous Hands and Medicine, Poison Gu Jialuo, is probably related to the cemetery of reincarnation!

Behind Cai Ruzhen, there must be clues of fate that he does not know, and he must not let Cai Ruzhen be taken away.

Seeing Xie Yuhua's subordinates, dozens of monks slaughtered, Ye Chen didn't have time to think about it, and he didn't care about the consumption of his body, so he suddenly opened the source body of reincarnation.

boom!

The majestic golden light of reincarnation exploded from Ye Chen's body, soaring into the sky, penetrating the sky.

His muscles exploded, filled with a sense of sculptural power, the storm roared around him, the hurricane rolled, and a wind totem appeared on his forehead.

The violent hurricane caused the bodies of the dozens of cultivators who came to kill them to be overturned, and they retreated in embarrassment and exclaimed.

Seeing this scene, Xie Yuhua's face suddenly changed, and she said coldly:

"Lord of reincarnation, what are you doing? My master, Huazu Tianzun, has no intention of being your enemy. Please don't interfere in this matter."

Ye Chen narrowed his eyes and said calmly: "Miss Cai is my friend, I can't let her go with you."

Xie Yuhua said: "She caused a catastrophe, she must go back with me today and confess her guilt, please don't make things difficult for me."

Ye Chen shook his head and said, "I don't care what mistakes she made, anyway, you can't take her away."

Xie Yuhua's eyes turned cold, and said: "Lord of Reincarnation, think clearly, if you dare to defend this sinful woman, you will be an enemy of Huazu Tianzun."

"No one in the world dares to be an enemy of Hua Zu."

Ye Chen looked indifferent, and said: "It doesn't matter, I have many enemies, and there is no shortage of Hua Zu."

After all, with a wave of Ye Chen's hand, a violent hurricane blasted out, and with a bang, it sealed off the constellation enchantment under the Xieyu flower cloth and completely crushed it.

Ye Chen just couldn't break through the blockade of this constellation enchantment, but now that he has opened the source body of reincarnation, his power explodes, and any blockage and restriction will explode with one blow, tyrannical and invincible.

After the blockade was broken, Ye Chen immediately covered Cai Ruzhen, Han Yan and others, and rode the six-eyed ice toad to a distant place.

"court death!"

Xie Yuhua, who had always been calm, was also offended at this time. She raised her eyebrows, and the stars in the sky shone, resonating with him.

"Mandala constellation, ten thousand flowers bloom, a sea of flowers for a funeral!"

Tens of thousands of starlights fell from the Mandala constellation in the sky, and each starlight turned into tiny petals, fluttering like a dream.

The road in front of Ye Chen and the others suddenly bloomed with thousands of flowers, like a brocade, blooming everywhere, turning into a vast sea of flowers.

They rushed into the sea of flowers, but felt countless petals rushing towards them like a sea tide, piling up layer upon layer, and instantly buried them.

"Oops, this is the supernatural power of the Mandala constellation! We are going to die in the sea of flowers!"

Chapter 9818

Cai Ruzhen yelled, her face full of anxiety and fear, the sea of flowers enveloped her eyes, the scene was dreamlike, colorful and magnificent, but she felt suffocated and couldn't breathe.

This is the supernatural power of Manduo constellation, Manduo constellation, one of the eight major constellations, is a magic technique created by Huazu Moyuan Manduo himself, very powerful.

There is a kind of flower known as the ancestor of all flowers, and that is Datura.

Mandala is a flower born in the original world. The petals are especially luxuriant, which symbolizes the great perfection and the great order.

Mandala Constellation magic can establish a perfect order inside and resist all darkness erosion, and summon a sea of flowers outside to submerge all enemies.

Now Ye Chen and the others were completely submerged and trapped by the sea of flowers summoned by Xie Yuhua, unable to escape.

Even if Ye Chen's source body of reincarnation exploded in a gust of wind, it couldn't blow away the sea of flowers stacked on top of each other.

Ye Chen's face darkened, and he was ready to use other tricks.

But at this moment, a roar exploded from beside him, the demon energy soared to the sky, and the sword light shone.

Scoff!

A jet of black magic sword energy sliced across the void, cutting through all the petals stacked around it.

The person who brought out the sword was actually Han Yan.

At this moment, Han Yan's hair is disheveled, his eyes are full of demonic energy, and his whole body is full of hostility, and he has entered a state of demonization.

After being enchanted, he broke through the sea of flowers with a single sword.

"Brother, you guys go first, I'll come back!"

Han Yan shouted at Ye Chen.

He has been enchanted many times, and has already mastered some tricks. Now that he has become enchanted, he has not completely lost his mind, and still retains a trace of sobriety.

Of course, this is because his demonization is not strong enough.

If he is completely demonized, he will not be able to maintain his sanity.

"Brother Han, don't be impulsive, wake up!"

Ye Chen was taken aback. He didn't expect Han Yan to be possessed again, and wanted to play the piano to wake him up.

Han Yan waved his hand, his body had shot out, and he swung his sword to chop Xie Yuhua straight.

Xie Yuhua was shocked. He didn't expect Han Yan to become so fierce suddenly. He crushed a jade talisman and said in a low voice:

"Sinners are powerful, please help the elders."

As he said that, he withdrew and retreated, using the Manduo constellation to set up an enchantment defense, and did not confront Han Yan head-on, defending and waiting for help.

Seeing this, Ye Chen turned his gaze, turned to Cai Ruzhen and said, "I'll see you off first."

After finishing speaking, Ye Chen didn't talk nonsense, and immediately took Cai Ruzhen and left here.

Soon, he sent Cai Ruzhen to a void in the outside world, and said: "Miss Cai, if you want to go to the time and space of the soul realm and seek the protection of the Grass God Sect, I'm afraid you have to go by yourself. I can't accompany you."

The time and space of the soul realm is the territory of the Nine Heavens Fulong Sect, and Ye Chen must not step into it easily, otherwise there will be danger of death.

He brought Cai Ruzhen here so that she would not be hunted down by Hua Zu, which was already the limit.

Han Yan is still fighting hard, Ye Chen can't ignore it.

At that moment, Ye Chen immediately turned his head and returned to the Shenyun Mountain Range to meet Han Yan.

Chu Feng and many Chu family members also bowed to Cai Ruzhen apologetically, then turned and followed Ye Chen back.

"Hey, Lord of Reincarnation!"

Cai Ruzhen was left alone, and suddenly panicked.

Ye Chen couldn't care less, and hurried back to the Shenyun Mountain Range, and saw a few elders coming down from the sky, presumably they were high-level experts under Hua Zu's command, and they were reinforcements called by Xie Yuhua.

Seeing those elders coming, Xie Yuhua was overjoyed.

Those elders were also the elders of the Dao Sect, and they were very powerful. They were all surprised to see Han Yan in the demonized state.

"Elders, kill him quickly!"

Xie Yuhua shouted.

Those elders nodded, exchanged glances with each other, and then shot at the same time, with radiant magical powers, and countless palm shadows covered the sky and covered the sky, attacking and killing Han Yan.

Han Yan was just beginning to be enchanted, not a posture of being completely enchanted. Facing the attack of those elders, he couldn't bear it immediately. His body was beaten by palm shadows, his bones burst, his muscles collapsed, he vomited blood, and fell into a state of embarrassment. fly out.

"Brother Han!"

Ye Chen was shocked and hurried over to catch Han Yan.

"Brother..."

Han Yan was still conscious, looked at Ye Chen with a wry smile on the corner of his mouth, and said, "Is it my trash, is it because I am too weak, or...can't beat them."

The Taoist elders were surprised again when they saw Ye Chen here.

At this time, the goddess also flew over and said loudly: "Elders, let's kill the Lord of Reincarnation first, be careful not to let him escape."

She knew that relying on her own strength alone, it was absolutely impossible to suppress and kill Ye Chen. Now that the Taoist elders came, it was a great opportunity to kill with a knife, how could she miss it.

The Taoist elders looked at each other, but they didn't dare to offend Ye Chen easily.

Standing behind Ye Chen was the Blood Moon Emperor—Ren Feifan!

Who would dare to bear the wrath of Ren Feifei?

An elder took a step forward, bowed his hands respectfully to Ye Chen and said, "The lord of reincarnation, where is that sinful girl Cai Ruzhen? She is the one named and wanted by Huazu Tianzun, please don't be deceived by her, and hand her over quickly." Leave it to me to deal with."

Ye Chen said: "I think there may be some misunderstanding about this matter. I will visit Huazu again another day, and I will make it clear. I will leave today."

As he said that, he cupped his hands and wanted to leave.

He knew that there was a blood feud between Cai Ruzhen and Huazu, and it was not a misunderstanding, but naturally he couldn't quarrel with these Taoist elders today, because he wanted to delay and run away.

Chapter 9819

But unexpectedly, those Taoist elders reacted very quickly and immediately surrounded Ye Chen to prevent him from leaving.

An elder said: "Lord of reincarnation, please don't embarrass us."

"If you refuse to hand over that sinful girl Cai Ruzhen, then I have no choice but to ask you to go back with us today and explain clearly in front of Huazu."

As he said that, two elders came over and grabbed Ye Chen's arm, trying to take him away.

Ye Chen's complexion changed drastically. If he saw Hua Zu in person, Emperor Qin's secret, no matter what, he couldn't hide it.

He was face to face with Hua Zu, and Hua Zu would definitely be able to sense that Emperor Qin's dead soul was in his body.

He wanted to leave, but the two Taoist elders, who were very powerful, immediately grabbed his arm, preventing him from moving.

"Don't touch my brother!"

Han Yan was furious and wanted to resist, but his hands were held by an elder of the Taoist sect again, unable to move.

Seeing that Ye Chen had been captured, the goddess said to Xie Yuhua, "Then I'll go see Huazu too."

She wanted to see Ye Chen's ending. If Huazu was willing to kill Ye Chen, that would be great, but she was afraid that Ye Chen would escape again.

Ye Chen was in a hurry, knowing that once he got to Hua Zu's territory, he would have no chance to escape.

At this time, in the cemetery of reincarnation, Emperor Qin also felt bad when he saw this scene, and there was a ray of anger and fighting intent in his eyes, and said:

"Tomb owner, there is no other way, use my power to kill him!"

After all, Emperor Qin let out a long roar, without any reservations, and poured all the energy of his soul into Ye Chen.

He knew that if he did so, his existence would definitely be exposed.

But at this juncture, I can't care so much.

Once Ye Chen was captured and taken to Hua Zu's territory, the consequences would be even more unimaginable.

boom!

Ye Chen's meridians were immediately filled with Emperor Qin's aura power, and the air flow exploded all over his body, and the violent Heavenly Emperor Qi gushed out, shaking the two Taoist elders who had grabbed him back.

"What!"

Seeing this scene, several Taoist elders present, as well as Xie Yuhua, Tiannv and others were all shocked.

They felt that at this moment, Ye Chen seemed to be a different person, his aura became extremely fierce and powerful, and the aura of the Emperor of Heaven was soaring and majestic.

"What a powerful force!"

Ye Chen clenched his fists and felt the majestic power in his body, which deeply shocked Emperor Qin's strength.

Even if there is only a wisp of remnant soul left, Emperor Qin's aura is extremely terrifying.

brush!

In Ye Chen's hand, a guqin appeared, which was the piano of the Great Sage's legacy.

Zheng!

Then, Ye Chen plucked the strings, and a sound like gold and iron resounded through the air.

Ye Chen held the guqin upright, his fingers lightly squeezed and slowly twisted, and played continuously on the strings. A sharp, refreshing, meteor-like melody flowed out from his fingers.

Xie Yuhua, Tiannv, and those Taoist elders, when they heard this song, hallucinations appeared in front of their eyes, as if they saw an ancient swordsman swinging his sword to assassinate them, the sword energy was like a shooting star.

No, it's not an illusion. In the void, there are one after another musical notes flying out like sword qi, sharp and fierce as if they want to destroy this world.

Xie Yuhua, Tiannv, and the elders of the Taoist sect hurriedly raised their swords to block, blocking the attacking notes.

Those notes cracked, but sharp sword energy exploded out. Even though the goddess and the others were fully focused on defense, they were still injured by the sword energy, and their brains and spirits were greatly deterred, as if ancient swordsmen were really fighting with them.

"The song of Longlou Xiange, "Swordsman Walking"! How could you do that!"

"Could it be that your majestic master of reincarnation is actually a follower of Longlou Xiange? Or a successor?"

The elders of the Taoist sect were horrified, and they recognized it immediately. The song Ye Chen is playing now is the famous song of Emperor Qin back then, called "Swordsman Xing".

Longlou Xiange is exactly the name of Emperor Qin.

Emperor Qin created countless tunes back then, among which ten were the most famous, known as the top ten famous tunes, and "Swordsman Walking" is one of the top ten famous tunes, in terms of power, it can be ranked first

Chapter 9820

I saw those Taoist elders, after opening this formation, their faces paled quickly, and the consumption was very high.

"Heavenly girl, Xie Yuhua, go and capture the Lord of Reincarnation!"

An elder shouted.

Ye Chen has been trapped and fell into the lonely state of "walking alone", which is a great time to capture him.

The elders had to maintain the formation and couldn't make a move.

Tiannv and Xie Yuhua were taken aback when they saw this, they didn't expect that in order to capture Ye Chen, the Taoist elders actually used such a forbidden formation.

At this juncture, they didn't dare to hesitate, and immediately flew out, raised their swords and slashed at Ye Chen, intending to cut off Ye Chen's hands and feet first, to cut off the possibility of his resistance.

"Don't hurt my brother!"

Han Yan was furious, he raised his sword and wanted to fight back, but his body was very weak and his head was buzzing.

After repeated obsessions, he consumed too much and was unable to fight anymore.

"Protect the Lord of Reincarnation!"

Chu Feng and the warriors of the Chu family raised their swords one after another, bravely standing in front of Ye Chen, defending him against the attacks of Tiannv and Xie Yuhua.

However, Tiannv and Xie Yuhua are powerful, but Chu Feng and others cannot stop them.

The celestial girl stimulated the energy of the Heavenly Demon Star Sea, and danced with the sword to Moxi, piercing Chu Feng's heart with just one sword strike.

Chu Feng was fatally injured and died suddenly on the spot. His body fell into the black lake. Before he died, he let out a mournful call from his throat: "Sister..."

"Nintendo, that's enough!"

When Ye Chen saw Chu Feng being killed by the goddess, his heart was shocked and he wanted to rush out, but he was trapped by the Taoist elders with a formation, but he couldn't escape.

The goddess looked indifferent, and after killing Chu Feng, she stabbed Han Yan with her sword.

She knew that it would be impossible to capture Ye Chen without killing all the people around Ye Chen first.

Han Yan was so weak that he could no longer resist, and was about to die under the sword of the goddess. At this time, there was an icicle that shot through the air, forcing the goddess back.

"Um?"

The goddess' face changed, but she saw a huge ice toad leaping towards it.

"Lord of Reincarnation, are you alright?"

On top of the ice toad, stood a woman, it was Cai Ruzhen.

It turned out that she was worried about Ye Chen's safety, but she refused to leave alone. After thinking about it, she knew that her life would be in danger, but she turned back.

Seeing that Cai Ruzhen dared to come back, Ye Chen was taken aback. Isn't this sending him to death?

"Catch this criminal!"

The Taoist elders shouted loudly.

Xie Yuhua wanted to capture Ye Chen, but when she saw Cai Ruzhen coming back, she immediately stabbed her with a sword.

Cai Ruzhen was terrified, knowing that he was not an opponent, turned his eyes, gritted his teeth, as if making up his mind, took out a green grass talisman from his arms, burned it in his hand, raised his arms to the sky, and called out with the most pious gesture :

"Grass God, please show your mercy."

This voice is like the pious call of believers. As soon as the call falls, the void will vibrate, and layers of emerald green light will bloom.

These emerald green rays of light, filled with majestic vitality, permeated the surroundings, and actually suppressed the energy of the Celestial Maiden and Demon Star Sea.

The sky had been raining corpses all the time, but when those emerald green lights appeared, all the rain of corpses stopped, the sky returned to a blue color, the black air on the ground was fading rapidly, vigorous vitality enveloped the four directions, and many flowers and plants Grow out, and even the dead are recovering.

For example, Chu Feng, who had died just now, was resurrected on the spot under the light of this emerald green light, and regained his vitality.

Ye Chen was very surprised, and saw a delicate, small and pure girl slowly emerging from the void.

The girl's skin is white, her eyes are clear, but she looks about seven or eight years old, her body is delicate and slender, she is the little grass god Qingyan.

Different from the past, on the head of the little grass god Qingyan, she wore a wreath, which was woven with purple orchids and green grass, with a blue gem inlaid in the middle.

Vigorous vitality, emerald green brilliance, Heavenly Emperor Shenxi, and ancient laws are constantly blooming from the little grass god Qingyan.

Her aura is much, much stronger than when she was in the real world.

In Wuwu time and space, after all, there are no restrictions. Even if the little grass god Qingyan is the weakest existence of the Nine Gods, she is much stronger than most of the gods.

"Grass God Tianzun!"

Seeing the arrival of the little grass god Qingyan, the goddess, Xie Yuhua, and the Taoist elders were all shocked.

"Forest, answer me."

Qingyan, the God of Grass put her hands together, and chanted softly in a childish and pious voice.

Rumble!

As soon as her singing sound fell, big trees were pulled out from the ground and quickly covered the surrounding area.

This place was originally a lake with a radius of thousands of miles, but the little grass god Qingyan sang, and countless towering trees appeared out of thin air, turning the lake into a forest.

Boom, boom, boom!

In this huge forest, there are trees that move, turning into giant tree guards, stepping heavily, waving their branches, and attacking the celestial girl, Xie Yuhua, Taoist elders and others.

The formation of the Taoist elders could no longer be maintained, so they could only draw out their weapons to deal with the attack of the giant tree guards.

Tiannu and Xieyuhua were also besieged by giant tree guards. They kept moving and dodging, stretched left and right, and looked a little embarrassed.

A giant tree guard came to Ye Chen's side in strides.

Ye Chen understood, and immediately flew to the tree.
