

Physician 9851

Chapter 9851

"Actually, my mother warned me not to be impulsive, but Hua Zu killed my father and used his bones to cast lamps. How can I bear it?"

Poison Gu Jialuo held an umbrella, with a slight melancholy arc on the corner of her mouth, she said with a smile.

Huazu is one of the eight patriarchs of the Taoist sect, and is extremely powerful. If she takes revenge rashly, it will be very dangerous.

However, she couldn't bear it, and in the end, through Cai Ruzhen, she destroyed Huazu's fairy grass garden and poisoned many of Huazu's subordinates.

This step left traces of cause and effect, which were eventually found out.

Jiang Yannan said: "Miss Jialuo, as far as we know, your mother seems to be the leader of the Fool's Wilderness in the legend, Shenxue Yaoji. I don't know if it is true."

Poison Girl Jia Luozhen nodded lightly, but did not hide anything, and said calmly: "It's true, she is my mother."

When Ye Chen heard this, his heart was shocked.

The Wilderness of the Fool is not a kind organization, and they have even had conflicts with the reincarnation camp.

He never expected that the leader of the Wilderness of the Fool is actually the mother of Poison Gu Jialuo!

Jiang Yannan nodded when he heard Poison Gu Jialuo's confession, and asked, "I don't know Miss Jialuo, what do you think of the fool's conception?"

Poison Girl Jialuo shook his head lightly, and said: "The fool's conception is too crazy and unreasonable. In the wilderness of the fool, there are actually very few people who really believe. Only my mother is a true believer. I want to persuade her Turning back, but it's no longer possible."

"My father and my mother broke up completely because of the belief of the fool."

Jiang Yannan said: "Miss Jia Luo, we came here this time to invite you out of the mountain, and you must know it."

"You have said so much, so it seems that you have agreed to come out of the mountain?"

Every word and deed of a person, every action, will leave traces in the world.

Poison Gu Jialuo has revealed so many secrets, so her existence is estimated to be exposed to the world soon.

After all, a poisonous world

Chapter 9852

Poison Gu Jialuo said: "As long as you try it, you will know, don't worry, I have no malicious intentions, and this Gu worm will definitely not hurt you."

Her clear eyes stared at Ye Chen with anticipation.

Looking at her eyes, Ye Chen knew that she was not malicious.

If she had malicious intentions, she would not be able to hide them face to face at such a close distance, and Ye Chen would definitely be able to catch them.

But now, Ye Chen didn't feel the malice of Du Gu Jialuo, but felt her heart beating faster, her breathing became short, and her fair face was slightly flushed.

"Okay, I'll try Gu for you, but you have to go to the Heavenly Demon Star Sea with us."

Ye Chen thought about it, and then agreed. Anyway, Poison Gu Jialuo didn't have any malicious intentions, so he wanted to see what's special about this Gu worm.

"No problem, you come with me."

Dugu Jialuo was overjoyed when she heard Ye Chen's agreement. Holding the Gu worm jar in one hand and a black paper umbrella in the other, she strode into the thatched hut, then turned her head to Jiang Yunnan and the others and said:

"No matter what sounds you hear later, don't worry about them, just pretend you didn't hear them, you know? Otherwise, I won't go to the Demon Star Sea with you."

Ye Chen was curious and followed him in.

Jiang Yunnan and the monks of the Grass God Sect were waiting outside the door, and they were also very curious. They didn't know what effect the Gu worm that Du Gu Jialuo wanted to test would have, and they had to specifically tell them that even if they heard any sound, , don't worry about it.

Poison Gu Jialuo waited for Ye Chen to come in, and then locked the door behind her back. In the hut, there were only her and Ye Chen. The dim light, the lonely man and the widow, made the atmosphere a bit charming.

"Do you have to hold an umbrella indoors?"

Ye Chen saw that Dugu Jialuo had entered the house, still holding an umbrella, which was a bit weird.

"Yes, this umbrella can protect me. If I don't have any protection, if I directly touch the outside world, even the air can kill me."

Du Gu Jia Luo said, his tone was very calm, as if he was telling other people's affairs.

She practiced poison kung fu all the year round, and the accumulation of toxin side effects has reached an extremely terrifying point. Her body has become extremely fragile, and even a dead leaf in autumn is much stronger than her body.

Without any protection, even the air can wear away her skin, and the sun can rot all her bones.

Ye Chen could also feel her fragility, but she seemed to be used to it, so he didn't say much, and said, "Then do you want to try Gu now?"

"Well, you help me hold the umbrella first, I'm a little nervous, because of this Gu, I too

Chapter 9853

Ye Chen's breathing became a little quicker, holding the umbrella with one hand, pressing Dugu Jialuo's fragrant shoulder with the other, pressing her against the wall, and leaning close to her.

His body immediately came into contact with Du Gu Jialuo's soft body at zero distance, and a burst of warmth and softness came from him, which made his whole body hot and hot.

Du Gu Jia Luo was surprised and happy, but also a little scared, said: "You... your heart is moving, isn't it?"

When Ye Chen heard Du Gu Jia Luo speak, he felt that her voice was extremely pleasant, and his heart became even hotter. He swallowed his saliva, and couldn't bear it any longer. He threw away the black umbrella in his hand, and put both hands on Du Gu Jia Luo's shoulders. About to kiss.

"ah!"

However, as soon as he dropped the black umbrella, Poison Gu Jialuo immediately screamed without the protection of the black umbrella.

This scream was so shrill, tragic, and painful. It was a hundred times sharper than the screams Ye Chen had heard before, as if it could tear people's eardrums and soul.

Jiang Yannan and the others outside the thatched cottage were also extremely surprised when they heard the scream, and wanted to rush in to see what happened.

However, thinking of Du Gu Jialuo's instruction just now, telling them not to pay attention to any sounds they heard, Jiang Yannan stopped in his tracks again, but he was very curious, not knowing what happened in the thatched hut.

When Du Gu Jialuo's skin touched the air, it was like a thin layer of frost and snow. When it touched the stove, it immediately sizzled, steamed and smoked.

The sunlight from outside the hut came in and shone on her body, her skin instantly cracked, revealing bloody flesh, and blood flowed out, her appearance became extremely tragic, and her screaming became even more terrifying.

Ye Chen's eardrums were almost pierced, and seeing Dugu Jialuo's tragic appearance again, he immediately came to his senses, fully awake, immediately grabbed the black umbrella on the ground, and propped it up for her again.

Dugu Jialuo was protected, and his state was immediately relieved. He gasped violently, his face was pale, and he was sweating profusely, as if he had escaped from death, he grabbed Ye Chen's arm.

Ye Chen quickly used the Taoist alchemy technique, mixed with the energy of Fengyu Xianchi, to heal her.

Her cracked skin slowly healed, but there was still a huge sense of horror on her face.

"sorry."

Ye Chen apologized, but he didn't expect that Du Gu Jia Luo's defense method was only a black umbrella.

She gave the black umbrella to herself, which was equivalent to giving her life, and she trusted him very much.

"It's okay, I just ignored it. If you take the infatuation Gu, you will definitely not be able to stay awake."

Poison Gu Jialuo looked Ye Chen up and down, saw that Ye Chen's eyes had regained clarity at this time, and asked, "You...are you awake?"

Ye Chen was naturally sober at this time, recalling how he looked just now, he was actually tempted by Poison Gu Jialuo, and even wanted to use force, so he couldn't help being very surprised, saying:

"The Gu worm you just gave me is called Infatuation Gu?"

Poison Gu Jialuo calmed down, and said: "Yes, that is the Gu researched by my father, Poison Hand Medicine God, which can make people fall in love with themselves, and fall in love with themselves with all their hearts."

Ye Chen was surprised: "There is such a Gu?"

Poison Girl Jia Luo showed a wry smile, and said with a bit of sadness: "My mother was obsessed with the legend of the fool back then, and she has reached the point of madness. She really wants to melt all the creatures of the heavens into one body, and cast them into some kind of fool."

"She created the Fool's Wilderness single-handedly, and abandoned my father and me. In order to save her, my father developed the infatuation Gu, and wanted to give her it, so that she would change her mind and stop thinking about the Fool."

"But unfortunately, this infatuation Gu, before my father used it, he was killed by Huazu."

"This infatuation Gu has been lost since then. It took me a lot of effort to re-research it, but I don't know how effective it is."

Ye Chen touched his heart, then looked at Dugu Jialuo, and after pondering for a while, said:

"It's not really appropriate for you to try Gu on me."

"Because I am the master of reincarnation, my blood is too special, your infatuation Gu has one effect on me, but it may have another effect on others."

Poison Gu Jialuo smiled and said: "You have been affected by the infatuation Gu just now, your Dao heart is in turmoil, and you still want to kiss me..."

Having said that, her cheeks flushed slightly.

"cough....."

Ye Chen coughed twice, feeling quite embarrassed.

Poison Girl Jia Luo continued: "You are all bewitched by the infatuation Gu, let alone my mother, as long as I plant the infatuation Gu on her body, she will definitely be able to get rid of the confusion of the Fool's Legend and turn around again!"

Back then, the god of poisonous hands and medicine, researched the infatuation Gu, just to change his mind for Xueyaoji, the mother god of Dugu Jialuo.

Now, Poison Gu Jialuo is going to inherit his father's will.

After all, the legend of the Fool's magic is too crazy, if it is a hypocrisy, that's fine, but Shenxue Yaoji really believes it, it is extremely crazy and terrifying.

"I wish you success."

Ye Chen said.

Poison Gu Jialuo took out a red pill, handed it to Ye Chen, and said: "This is the antidote for infatuation Gu. Although you have regained consciousness, there may still be residues of the Gu poison. This antidote can help you clear it up." poison."

"Thank you."

Ye Chen didn't even look at it, just took the pill and swallowed it.

Poison Gu Jialuo handed him the protective black umbrella and trusted him so much, so he naturally treated each other honestly.

After swallowing the antidote, Ye Chen returned the black umbrella to Du Gu Jia Luo.

Poison Gu Jialuo nodded lightly, and said quietly: "Then now, are we going to the Heavenly Demon Star Sea?"

Chapter 9854

Ye Chen said: "Of course, let's talk when we go out." He wanted to open the door and go out.

Poison Girl Jia Luo said: "Don't expose the infatuation Gu, I'm afraid that if my mother catches the secret, it will be very bad."

Ye Chen said: "I know."

He immediately opened the door, and went outside again with Du Gu Jia Luo.

He has excellent medical skills. Poison Gu Jialuo is holding an umbrella, and she can't see a trace of abnormality in her appearance. The tragic scene of her skin cracking and blood flowing just now did not leave any scars on her body.

Seeing the two of them coming out, Jiang Yannan asked, "How about it, Miss Jia Luo, would you like to go to the Heavenly Demon Star Sea with us?"

Jiang Yannan didn't even ask what was the reason for the shrill scream just now, but only asked Du Gu Jialuo's wishes.

Poison Gu Jialuo nodded and said: "Yes, you can make arrangements."

When Jiang Yannan heard that Du Gu Jia Luo agreed, he was immediately overjoyed, knowing that Ye Chen was responsible for all the credit, and it was Ye Chen who tried Gu with his body to impress Du Gu Jia Luo.

"Then let's go right away!"

Jiangyan South Road.

Du Gu Jia Luo said: "Don't worry, it's not too late to start tomorrow, Lord of Reincarnation, you first give me the Nine Souls Destiny Pill."

Her body is too fragile. The Nine Souls Chasing Life Pill can alleviate the many toxins accumulated in her body. In this way, she does not have to rely entirely on the protection of the black umbrella as before. Once she leaves the black umbrella, even the air can kill her.

"Yes, I almost forgot."

Ye Chen immediately handed over the Nine Souls Desperation Pill to Poison Gu Jialuo.

In the next day, Poison Gu Jialuo refined the Nine Souls Chasing Life Pill and obtained it

Chapter 9855

Ye Chen listened to Du Gu Jia Luo's explanation, and nodded half understanding.

After all, his cultivation level is a bit low. Even though his combat power is strong, he has not yet mastered the many mysteries of Wu Wu Wu Wu's cultivation system.

Jiang Yannan said: "Lord of Reincarnation, don't worry so much, anyway, we can't take away the Heavenly Demon Star Sea, as long as we can deliver the Grass God Crown to Master Sun Yi, it will be considered a success!"

Ye Chen nodded, expressing his understanding.

This time he came to Tianmo Xinghai, his goal was to hand over the crown of the God of Grass to Sun Yi.

The Reaper's Cult was heavily guarded, and it would be extremely difficult and almost impossible to take Sun Yi away directly.

The only way is for Sun Yi to inherit the lineage of the God of Grass, ascend to heaven and become a god, and rely on her own strength to break through the blockade of the Death God Sect.

Although the Heavenly Demon Star Sea is huge, it is filled with the will of the Death God Cult. As long as Sun Yi dares to take the lead, she will be locked up immediately.

Therefore, today's Sun Yi can only hide in the depths of the Heavenly Demon Star Sea, waiting for an opportunity.

"Then, let's go down, as long as we tear up this talisman, Lady Sun Yi will know where we are, and she will come to find us in person."

Jiang Yannan took out a green talisman, with grass and flowers painted on it, which was quite magnificent.

In the past, the Grass God faction had tried to rescue Sun Yi many times, and the two parties had already established contact, but it was a unilateral contact. The Grass God faction could only passively wait for Sun Yi to come to the door, and could not take the initiative to find Sun Yi.

Because the Reaper Cult is watching, if Sun Yi is exposed, the consequences will be disastrous.

Ye Chen was very excited and looking forward to seeing Sun Yi soon.

At that moment, Ye Chen, Du Gu Jia Luo, and a few monks from the Grass God Sect followed Jiang Yannan, flew down from the Titan Godship, and fell silently into the Sky Demon Star Sea.

With the cover of the hidden spirit pollen, Ye Chen and others will naturally not be exposed, nor will they touch the will of the Death Sect.

"Aren't you holding an umbrella?"

When Ye Chen saw that Dugu Jialuo had already put away the black umbrella when he landed, he asked.

"No, thank you for the elixir. My health has improved a lot. Even without an umbrella, I can last for two or three days."

Poison Gu Jialuo said with a smile that after taking the Nine Souls Zhuming Pill, her physical condition has improved a lot, and she is not as fragile as before.

Before, her body was so fragile that it couldn't even bear the air and sunlight, but now it is much better.

A group of people landed in the Omen Star Sea and dived directly into the sea water.

The sea water of the Demon Star Sea can be said to be the most filthy and filthy place in the world. Demon gods and monsters breed every moment, full of weirdness and ominousness.

Ye Chen and the others circulated spiritual energy to isolate the sea water and protect their bodies. Coupled with the protection of hidden spirit pollen, they didn't feel any discomfort.

As soon as he dived into the sea, Ye Chen caught the familiar breath of heaven and earth.

First, he caught the breath of the goddess.

Tiannv brought many disciples from the Reaper's Cult to search for Sun Yi's traces in the Sea of Demon Stars.

Last time in the God Meteorite Valley, she failed to get the Dao Token, nor did she get the right leg of Emperor Yantian.

In addition, Ye Chen also felt Han Yan's breath.

"Han Yan is here too?"

Ye Chen was taken aback, unexpectedly, Han Yan also came.

Finally, Ye Chen felt the breath of the fool's wilderness again.

Sure enough, the Wilderness of the Fool sent people to search for Sun Yi's trace.

It's just that Sun Yi was hiding somewhere, even Ye Chen couldn't sense her presence, she obviously covered her aura.

As for the aura of Ye Chen and the others, no one would be able to detect it. Dugu Jialuo's hidden spirit pollen has a very good concealment effect.

Jiang Yannan took Ye Chen and Dugu Jialuo to a deep sea area. There were no traces of bones on the bottom of the sea, and it looked very clean. Several simple houses were built with coral reefs and shells.

"This is a former stronghold of our Grass God Sect, let's go down."

Jiang Yannan took Ye Chen and Jia Luo down, sacrificed the green talisman, tore it up, and a green light flowed out, penetrating into the black sea water.

"Wait here. I have already sent out the secret signal. After Sun Yi captures it, she will come to us immediately."

Jiang Yannan looked into the distance and said.

"It's that simple? Just wait?"

Ye Chen's heart beat faster, he just wanted to see Sun Yi soon.

Jiang Yannan said: "Hey, we were lucky today, and we didn't even meet a demon monster. In the past, there were monsters and strange existences everywhere in the Demon Star Sea. Every time I contact Mrs. Sun Yi, I have to go through many twists and turns. , to meet."

"There are no monsters infested today, maybe Mrs. Sun Yi will be able to come very smoothly."

Hearing Jiang Yannan's words, Ye Chen and Du Gu Jialuo looked at each other, frowning, and felt that something was wrong.

Indeed, in a place as dark and chaotic as the Sky Demon Star Sea, there should be countless monsters raging, but after they sneaked in, they were not attacked by any monsters, and they didn't encounter any monsters, which is really weird.

Behind this seemingly calm, there must be danger hidden, not as simple as it appears on the surface.

"No, it's weird."

"There is not even a monster, there must be something strange behind it, don't you think this is like the eve of the storm, it is too quiet?"

Ye Chen said in a deep voice.

Chapter 9856

"It's really strange."

Poison Gu Jialuo's face was rather dignified. She had prepared a lot of poison and planned to use it to deal with monsters, but she never thought that she didn't even touch a single monster.

Jiang Yannan's smile also froze, and he also felt that the dangerous and chaotic Heavenly Demon Star Sea in the past seemed surprisingly calm today.

"It doesn't matter, as long as we can see Lady Sun Yi and give her the Crown of the God of Grass, we will be considered complete."

Jiang Yannan looked around, waiting for Sun Yi to arrive.

However, after waiting for a full two hours, Sun Yi's figure was still not there.

"What's going on, it's been so long, why hasn't Lord Sun Yi come?"

Jiang Yannan was a little anxious. Sun Yi must have arrived at this time in the past.

Another hour passed, and there was still no sign of Sun Yi, not even a trace of the secret, as if there was no Sun Yi in the entire Sky Demon Star Sea.

Ye Chen was originally full of hope and wanted to see Sun Yi, but he didn't expect to wait for such a long time, but there was no reply at all.

He also became a little anxious, afraid that something would happen to Sun Yi.

After thinking about it, Ye Chen took out a kit.

This is the last of the five tomb tips!

This last tip is of great value, and it is likely to give Ye Chen guidance when he is in danger in the future.

But now, he was anxious to see Sun Yi, and he didn't care so much, so he opened the last bag.

After the kit was opened, a note appeared inside, with the words "Double Snake Demon Mountain" written on it, and a coordinate.

"Twin Snake Demon Mountain? Could it be that Sun Yi is here?"

Ye Chen frowned, followed the hints in the kit, and after a little calculation, he found that the Snake Demon Mountain was at the bottom of the Heavenly Demon Star Sea, about a thousand miles away from here.

Could it be that Sun Yi is in the Devil's Mountain of Two Snakes?

"Lord of Reincarnation, what is this? Two Snake Demon Mountain?"

Jiang Yannan also saw the reminder of the kit, and was immediately very surprised.

"Sun Yi may be in the Devil's Mountain of Two Snakes, let's go find her."

Ye Chen stood up, and now that he was reminded of the kit, he wanted to set off.

But Jiang Yannan said: "No, Lord of Reincarnation, I have to wait for Sun Yi here, otherwise if she comes and sees no one, wouldn't it be bad?"

Ye Chen thought the same, and said: "Then you stay here, and I will go to the Twin Snake Demon Mountain."

Poison Gu Jialuo said: "I will go too."

She held up the black umbrella and followed behind Ye Chen.

At the moment, Jiang Yannan and the people from the Caoshen faction continued to wait in place.

Ye Chen and Du Gu Jia Luo set off for the Twin Snake Demon Mountain.

"Why are you holding an umbrella again?"

Seeing Du Gu Jia Luo holding up the umbrella, Ye Chen said casually.

Poison Gu Jialuo said: "I feel the danger."

"The Demon Mountain of Two Snakes is probably related to the legendary constellation of Two Snakes!"

Ye Chen said: "The double snake constellation?"

Poison Gu Jialuo said: "Yes, the constellation of double snakes is a magical technique of the thirty-three days, one of the eight constellations. It is said that its power is very powerful, but like the Titan constellation, it is difficult for ordinary people to control it, and it is also difficult for ordinary people to exert their true power. Its power is too high to cultivate, so it is not ranked high in the Thirty-Three Heavens Divine Art, but if it can be truly controlled, its destructive power is absolutely terrifying!"

Ye Chen was very surprised, and said, "What exactly is this double snake constellation?"

Poison Gu Jialuo had a mysterious look on his face, and said, "I've only heard some legends."

"It is said that the Gemini constellation was formed from two ancient snakes."

"Those two ancient snakes, one is the snake of time, which represents the mystery of time, and the other is the snake of space, which represents the power of the law of space."

"The snake of time and the snake of space, swallowing each other head to tail, is a perfect closed loop, constantly cyclically evolving, and can generate countless worlds of time and space. Today, all the supernatural powers related to time and space in the heavens flow from these two snakes of time and space. from."

"These two snakes are said to be the cornerstones of the original world, maintaining the stability of time and space."

"Later, I don't know who killed these two snakes of time and space, causing the cornerstone of the original world to collapse, and the whole world went to destruction."

"After the two snakes of time and space died, their spirits and wills turned into constellations, which are the constellations of twin snakes."

Ye Chen's eyes brightened slightly, and he said: "Then, if someone masters the constellation of Snakes, wouldn't he be able to control the supreme mystery of time and space? It even has an extremely terrifying effect in combat."

The space-time twin snakes represent the original law of time and space. If you can control the constellation of the twin snakes, there are indeed infinite benefits.

Ye Chen has the blood of Zhouguang and Taiyu in his body, and he has mastered a lot of the essence of time and space. If he can control the constellation of Snakes, his cultivation of time and space will definitely be improved to a higher level.

Du Gu Jialuo said: "Yes, but the twin snake constellation has long been lost, and no one in the world knows where it is located. Now it seems that the twin snake constellation seems to be hidden in the demon star sea!"

She looked forward, as if she wanted to pierce through the darkness of the Heavenly Demon Star Sea, and see clearly the mystery of the Demonic Snake Mountain.

She practiced Poison Art and was not very interested in the Gemini constellation.

But the place where the twin snakes and other supreme divine arts are born, there must be a shocking weather, and it is very likely that some special treasures of heaven and earth will be bred, which can be used to refine poison for her, or feed poisonous animals and insects.

Ye Chen thought to himself: "Could it be that Sun Yi went to the Two Snakes Demon Mountain to look for the Two Snakes constellation, so she failed to respond to the call of the Grass God Sect?"

Chapter 9857

Thinking like this, his mind became even more intense. He speeded up and flew towards the direction of the Two Snake Demon Mountain. The sea water was stirred up by his body and rattled.

Du Gu Jia Luo followed closely behind Ye Chen, and the two moved forward quickly. After about an hour, they arrived at the place mentioned by the kit, the Demon Mountain of Two Snakes.

What appeared in front of Ye Chen and Du Gu Jia Luo might indeed be a mountain, but they were not too sure.

Because, this mountain is full of demon gods and monsters.

Tens of thousands of demon gods and monsters, big and small, crazily surged on top of the Two Snake Demon Mountain, stacked on top of each other, as if something in the mountain was attracting them.

They desperately yearned to drill into the mountain, fighting and killing each other for this purpose, the fierce roar and the sound of fighting reached the ears of Ye Chen and Dugu Jialuo.

The dirty blood, torn bones and flesh of many monsters flew across this sea area, and the scene was very hideous.

"It turns out that all the monsters have come here, no wonder we didn't encounter them!"

The palm of Poison Gu Jialuo's umbrella trembled slightly, still

Chapter 9858

Chu Bingyu said: "Yes, my master said that if I want to survive, I need to find someone to take my place and go to the furnace to temper the sword. This person must be a person with pure blood and abundant spiritual energy."

"He told me that there was a person named Sun Yi who possessed the fantasy concept of the forest book and was more qualified to forge swords than me. He said that if I could find Sun Yi as a substitute, I wouldn't have to die."

When Ye Chen heard the words "replacing the dead ghost", he felt very harsh. He felt very uncomfortable, and said, "So you came to Tianmo Xinghai to arrest Sun Yi and be your dead ghost?"

Chu Bingyu panicked immediately, and said, "No, I...I don't want to hurt anyone."

"I heard from Brother Han that Sun Yi is your friend and the main god of the future Grass God Sect. How dare I hurt you?"

She glanced at Han Yan, obviously she knew about the relationship between Ye Chen and Sun Yi from Han Yan.

"It's just... It's just that Brother Lin insisted on me coming. He said that all women in the world can die, but I can't die."

As she spoke, she looked at Lin Zhenyue again, her cheeks blushed, she was very embarrassed and helpless, not knowing what to do,

This Lin Zhenyue is exactly Fu Zu's apprentice, and Ye Chen also saw his strength just now with his one-handed magic talisman explosion.

Ye Chen said with a smile: "It's a coincidence. I also think that all women in the world can die, but my woman cannot die."

Lin Zhenyue twitched his face and said, "Lord of Reincarnation, what do you mean!"

Han Yan came out in a hurry, stood between the two of them, and said to Ye Chen: "Brother, the master of Brother Lin Zhenyue Lin is the Fu Zu, one of the eight ancestors of Taoism, very powerful, don't hurt your temper. "

"I've sparred with him, but I can't even beat him."

When talking about Lin Zhenyue, Han Yan also had a hint of awe in his tone.

He is aggressive by nature and likes to fight with others. As long as others have the strength to defeat him, he admires them very much.

But this Lin Zhenyue could beat him, so he didn't dare to neglect his words.

Ye Chen looked at Lin Zhenyue, and saw that the other party's cultivation had reached the peak of the Divine Dao Realm, and he was obviously not weak, and his magical powers were by no means easy. He was indeed not an ordinary person, no wonder he was able to defeat Han Yan.

"Brother Han, why are you with them?"

Ye Chen frowned and asked.

Han Yan hurriedly said: "Brother, I was injured by the Seven Treasure Lotus Lantern in the time and space of the soul that day. Sister Suying cured me and told me that you left beforehand."

"I was afraid that there would be some sequelae, so I planned to go to Shacheng to buy some medicine for treatment, but I ran into Brother Lin..."

He looked at Lin Zhenyue: "At that time, he and sister Chu Bingyu were about to go out of the city. I saw that his cultivation seemed to be good, so I wanted to learn from each other and pestered him to fight with me."

"Hey, it's a sparring session. I was beaten and beaten. It's a bit embarrassing. Brother Lin's talisman cultivation is really amazing."

When Lin Zhenyue heard Han Yan's praise, a smile appeared on the corner of his mouth, quite complacent.

Han Yan is the reincarnation of the sword demon, this matter has been spread, and he knows it.

He is naturally very proud of being able to defeat the son of genius who was reincarnated from the former sword demon.

Han Yan went on to say: "It's not that I don't know each other without fighting. I only know that they want to go to the Demon Star Sea to search for Sun Yi, and they should take the place of the dead ghost."

"I was taken aback at the time. Sun Yi is your friend, big brother, and the main god of the future Grass God Sect. How can he be a dead ghost?"

"Even if you want to find a scapegoat, you should also find Ren Tiannv."

"I think Ren Tiannv's aptitude is also top-notch, enough to replace Chu Bingyu's younger sister to temper the sword. Brother, what do you think?"

Ye Chen's heart moved, and he said, "It would be great if I could catch Tiannv."

He had long wanted to get rid of Tiannv and eradicate future troubles. If he could really be caught now and let Tiannv be Chu Bingyu's scapegoat, it would be the best of both worlds, that would be the best ending.

Poison Gu Jialuo frowned slightly, and said, "I'm afraid it's not easy to catch the heavenly girl."

Lin Zhenyue also laughed, and said: "That's right, this is the territory of the Death God Cult. It's not so easy to catch the goddess!"

He looked at the Demon Mountain of Two Snakes, and there was a hint of sternness in his eyes: "It would be much easier to arrest Sun Yi, she is here, I feel it very much!"

Chu Bingyu hurriedly said: "Brother Lin, forget it, don't hurt others, this is my fate." The voice was bitter.

Lin Zhenyue gritted his teeth and said, "No, sister Bingyu, you won't die. I'll arrest Sun Yi and let her be your scapegoat, so you don't have to die."

From his appearance, it was obvious that he was in love with Chu Bingyu, and couldn't bear to see her die, so he wanted to use Sun Yi as a substitute for the dead ghost.

"you dare?"

Ye Chen's eyes turned cold, and he immediately stopped in front of Lin Zhenyue. He couldn't watch Sun Yi have an accident.

Lin Zhenyue snorted and said: "Lord of Reincarnation, you have countless women in your harem, and this one is not bad. As long as you hand over this Sun Yi to me, we will be friends from now on."

"My master is the talisman ancestor of the Eighth Patriarch of the Dao Sect, and his cultivation is supernatural. Let's have a good relationship today. When the Dao Sect Grand Competition starts, I can ask Master to take care of you and help you win the championship."

"If not, then don't blame me for being rude!"

He spoke softly and hard, and as soon as he finished speaking, layers of talismans appeared around him, the energy aura exploded, and the divine light flickered, as if Ye Chen dared to say "no", he would immediately attack.

Ye Chen said coldly: "Are you threatening me?"

Chapter 9859

The atmosphere suddenly became cold, Dugu Jialuo held an umbrella and stood beside Ye Chen. As long as there was a conflict, she would definitely help Ye Chen unconditionally.

Han Yan wanted to smooth things over, but seeing how Ye Chen and Lin Zhenyue were at war, he didn't know what to say.

Chu Bingyu was at a loss and didn't know what to do.

Of course she didn't want to hurt Sun Yi, but she couldn't stop Lin Zhenyue.

hum!

Just at the moment when the swords were on the verge of breaking out, a huge buzzing sound came from the Two Snake Demon Mountain.

I saw a starlight breaking through the mountain and soaring into the sky. The starlight opened up the filthy demonic sea water and created a cosmic void. In that void, stars floated one after another, connecting each other to form a wonderful picture of constellations. .

This constellation picture is like two snakes, swallowing each other head to tail, forming a slowly rotating ring, and the mystery of the ancient law of space and time is permeated.

Seeing the weather, Lin Zhenyue's expression darkened, and he said, "The Twin Snake constellation will be born soon, such a big weather will definitely attract people from the Reaper's Cult and the Fool's Wilderness."

"Lord of Reincarnation, whether you are willing or not today, I must take Sun Yi away!"

When Ye Chen heard him talk about the Wilderness of the Fool, he thought to himself that Lin Zhenyue did have something, and he even knew about the Wilderness of the Fool.

"Those who want to touch me, kill me first!"

Ye Chen didn't talk nonsense, he held his sword in his hand, and with the scorching sun rising behind him, he was ready to strike.

Ho ho ho!

At this time, with the imminent birth of the Twin Snakes constellation, monsters from all directions flocked towards the Twin Snakes Demon Mountain. The monsters stacked on top of the mountain also crazily drilled into the mountain, but they seemed to be blocked by an invisible barrier.

"Heaven Explosion Talisman, break it for me!"

Lin Zhenyue shouted loudly, and sacrificed thousands of talismans. On each talisman, there was a huge "explosion" character printed on it. It was a special heavenly explosion talisman made by the ancestors of the talisman, which had a very powerful explosive force.

He sacrificed thousands of talismans, but instead of attacking Ye Chen, he blasted towards the Snake Demon Mountain.

Boom boom boom!

A series of talismans bombarded the past fiercely, like huge bombs exploding, the air waves were violent, and broken stones mixed with blood rain flew around.

The whole mountain was shaken by the blast, a huge hole appeared on the mountain, and many monsters stacked on the mountain were blown to blood and flesh by Lin Zhenyue, the scene was very spectacular.

Many monsters roared wildly along the opening of the hole and got in.

Ye Chen's face changed. With so many monsters, wouldn't it be bad if they attacked Sun Yi?

"Lord of Reincarnation, your woman is about to be eaten by monsters, I will go in and save her now, don't thank me."

The corner of Lin Zhenyue's mouth curled up into a cruel smile, and with a single step, he flew towards the gap in the hole.

"Get out of here!"

Ye Chen yelled violently, urging the scorching sun and life star, the violent sun essence, scorching sun flames, crazily poured into the sword body, and then slashed out with a sword against the sky, the scorching sun sword light pierced through the filthy demon sea water, straight Cut to Lin Zhenyue.

"Mountain talisman, order!"

Lin Zhenyue took his time and sacrificed a few talismans with mountain totems painted on them, and turned into huge mountain peaks in the air, revolving around himself.

boom!

Ye Chen's sun sword light slashed over, but was blocked by those mountains, unable to hurt Lin Zhenyue's body.

"Thunder and Fire Explosion Talisman, go!"

The next moment, Lin Zhenyue launched a counterattack, and the three heavenly explosion symbols were in the shape of a character, and exploded towards Ye Chen.

These three Heaven Explosion Talismans are much more ferocious than ordinary Sky Explosion Talismans, with the aura of thunder and sky fire, very ferocious.

"Reincarnation source body, open!"

Ye Chen was really angry in his heart, and he had no reservations at this moment, and immediately opened the source body of reincarnation, and a blue wind color totem appeared on his forehead.

boom!

As soon as the source of reincarnation was opened, a violent hurricane exploded from Ye Chen's body, rolling the sea water and tearing apart the laws.

Lin Zhenyue shot the Thunderbolt Talisman, and it was crushed by the hurricane around Ye Chen.

call out!

A pair of brilliant wings of freedom emerged from Ye Chen's back. Under the infusion of the source of reincarnation, these wings of freedom were extremely violent. When Ye Chen's wings fluttered, people flew in front of Lin Zhenyue. Slash down with a sword.

Lin Zhenyue's pupils shrank. He didn't expect Ye Chen to become so powerful after opening the source body of reincarnation, which made him, a warrior at the peak of the divine way, feel a huge threat.

Seeing that Ye Chen was already close, Lin Zhenyue sacrificed a few more Thunder Fire Sky Explosion Talismans. At such a close distance, these Sky Explosion Talismans would definitely hit Ye Chen.

bang bang bang!

The few thunder and fire explosion talismans exploded in front of Ye Chen, but the scene of flying flesh and blood that Lin Zhenyue imagined did not appear.

At the moment of the explosion, Ye Chen's body turned into bloody bats strangely, avoiding the bombardment of the explosion.

Then, behind Lin Zhenyue, the bloody bats regrouped into Ye Chen's figure.

"Blood Wing Constellation? How is it possible!"

Lin Zhenyue's expression changed drastically. Just now, Ye Chen's supernatural power in the form of a bat is exactly the blood wing constellation among the eight constellations. He was originally the leader of the night alliance and ranked in the Shinto

Chapter 9860

This was unexpected, and Lin Zhenyue didn't react at all.

Ye Chen's eyes were indifferent, and he slashed down with the sword in his hand without hesitation.

Scoff!

Lin Zhenyue's body was bleeding, and he fell from the air in an extremely embarrassing situation, and fell heavily on the bottom of the sea.

"Brother is amazing!"

When Han Yan saw this scene, he was amazed and shocked. It was only a few days since Ye Chen's magic channel method was obviously advanced, and even Lin Zhenyue could defeat it.

You know, Lin Zhenyue is a disciple of Fu Zu, and his cultivation base is very powerful, and Han Yan can't beat him at all.

After shooting down Lin Zhenyue, Ye Chen quickly flew towards the Twin Snake Demon Mountain.

"cough....."

After falling in embarrassment, Lin Zhenyue coughed up a mouthful of dirty blood.

"Brother Lin, are you okay?"

Chu Bingyu hurried over.

Lin Zhenyue gritted his teeth, got up from the ground, and said, "I'm fine."

He sacrificed a few healing talismans, forcibly suppressed the injury, and another talisman appeared in his hand, gathered into a talisman sword, and wanted to chase and kill Ye Chen.

In front of Chu Bingyu, he was not willing to admit defeat.

Chi Chi Chi!

But at this time, there were a few fine flying needles piercing through the sea water and shooting towards Lin Zhenyue.

Lin Zhenyue's face changed, and he immediately swung the talisman sword to resist, and looked at Poison Gu Jialuo who was standing beside him.

"who are you!"

Lin Zhenyue shouted loudly.

Those few highly poisonous flying needles just now were sent by Poison Gu Jialuo. Lin Zhenyue couldn't see her identity at all, and could vaguely catch a few clues of the sky, but they were very superficial and subtle, and it was impossible to deduce the hidden truth behind her. The details of cause and effect.

"You are not qualified to know my identity, stand here and don't move around."

"I will not kill you for the face of Fu Zu."

"However, if you insist on being an enemy of reincarnation, I will make you feel the cruelest pain in the world."

Poison Gu Jialuo was holding a black umbrella, her voice was indifferent, and she naturally exuded a majesty that was not in the world, extremely cold.

Seeing her like this, Lin Zhenyue, Chu Bingyu, and Han Yan all felt chills in their hearts and felt a sense of terror.

Lin Zhenyue didn't dare to move anymore, because he knew that this woman was not joking, if he dared to act rashly, she would immediately kill her.

Although he is a disciple of Fu Zu, if he is killed, Fu Zu will definitely avenge him, but even if he can get revenge, it is impossible for him to be resurrected.

Poison Gu Jialuo has the means to completely kill him!

Ye Chen looked back at Poison Gu Jialuo gratefully, he knew that Poison Gu Jialuo couldn't make a move easily.

Because as long as she makes a move, she will affect the secret and reveal her identity.

When the time comes, Hua Zu will capture her existence, and she will be doomed!

But now, in order to protect him, Poison Gu Jialuo looks desperate.

With Poison Gujialuo in charge, Lin Zhenyue didn't dare to make trouble anymore, so Ye Chen wanted to follow the hole and enter the Double Snake Demon Mountain.

But at this time, the accident happened again, and I saw a group of monsters suddenly rushing towards Ye Chen.

These culled monsters moved strangely, with some stiffness, like puppets.

Ye Chen even saw that there were thin lines of aura on those monsters, as if someone was manipulating them behind the scenes.

"The way of the wind, kill with a thousand blades!"

Ye Chen used the power of the source body of reincarnation, the totem of wind on his forehead bloomed with blue light, and the sword in his hand danced with wind blades, cutting and killing all the monsters that came to him.

But in the next moment, more monsters were controlled by others, like puppets, and they frantically slaughtered again.

Seeing this scene, Poison Gu Jialuo seemed to have sensed something, and shouted:

"Mu Tianzhou, stop and get out!"

After the sound fell, all the monsters that rushed towards Ye Chen froze in mid-air, and then fell down.

A figure came out from behind the Twin Snake Demon Mountain.

It was a very weird man. His body was not that of a living person, but a puppet-like body. He swayed as he walked, his joints creaked, and only his eyes were alive with flesh and blood. The rest of his body, as if cast from wood and iron.

In his hand, there were still thin lines of spiritual energy, and it was he who was controlling the monster to attack Ye Chen just now.

Poison Gu Jialuo obviously knew him.

"Yes, yes, Miss, don't be angry."

The weird man like a puppet said to Poison Gu Jialuo angrily, and spread his hands again:

"When did you get together with the Lord of Reincarnation, didn't you tell Empress Yaoji?"

After a pause, he looked at the Twin Snake Demon Mountain again: "It's a surprise that the Heavenly Demon Star Sea actually hides the secret technique of the Twin Snake Constellation."

"Besides, that woman Sun Yi seems to be in the mountains too? Hehe, God is helping me."

"Miss, this Sun Yi is the one that Empress Yao Ji likes. I was ordered to take her back and take her back as material for casting fools."

Poison Gu Jialuo said coldly: "Mu Tianzhou, it's none of your business here, let's go!"

Lin Zhenyue at the side looked at Mu Tianzhou, then at Poison Girl Jia Luo, took a breath, and said, "Are you the eldest lady of the Fool's Wilderness? Shenxue Yaoji is your mother?"

"When did Shenxue Yaoji actually have a daughter?"

Poison Gu Jialuo gritted her teeth and said, "Shut up, it's none of your business!"

Mu Tianzhou said: "Miss, Empress Yaoji misses you very much. She said that if I meet you, she will bring you back to the Temple of the Fool. Hehe, then you can come with me."

As he said that, Mu Tianzhou took out a piece of jade pendant and crushed it in his hands, a spiritual light emerged and turned into a phantom of a magic weapon.

It was a golden stake with a dragon-shaped totem engraved on it. There were three golden hoops on the stake.

Ye Chen was taken aback when he saw this innate dragon escape post.

The Congenital Dunlong Stake was once a supreme artifact created by the ancient star gate, but was later polluted by Emperor Bantian, and finally fell into the hands of Badao Canglei. The magic weapon has the power to escape dragons and capture immortals, lock gods and bind demons.

When Ye Chen saw that Mu Tianzhou was able to use the magic weapon phantom of the innate dragon escape pile, he thought to himself, could it be that Shen Xueyaoji, the lord of the Fool's Wilderness, has a relationship with the Tyrannical Sword Canglei?

Seeing Mu Tianzhou activating the Xiantian Dragon-Escape Stake, a powerful force of cause and effect erupted, and Du Gu Jialuo was locked on the Xiantian Dragon-Escape Stake on the spot.

The three gold rings on the stake clasped her neck and feet respectively, making her unable to move, and the black umbrella in her hand fell to the ground.

"Well....."

As soon as the black umbrella fell, Poison Gu Jialuo showed a hint of pain.

After taking Ye Chen's Nine Souls Chasing Life Pill, although her body is not that fragile, the demonic energy near the Snake Demon Mountain is particularly strong, without the protection of the black umbrella, she is very uncomfortable.
