

## Physician 9901

### Chapter 9901

"Anyway, the Youshen Demon's Nest usually has a very strong dark aura, and ordinary people cannot approach it. In the depths of the Youshen's Demon's Nest, the extremely dark and dead place has bred a pure source."

"When this origin vein emerges with a wave of origin qi, the evil spirit in the Nether God's Devil's Nest will weaken, and then we can enter."

Ye Chen nodded, and waited at the entrance, waiting for the appearance of the origin qi aura.

After about half a day, a stream of white light appeared in the sky, flew towards it quickly, and landed in front of the entrance of the magic cave.

It was a girl dressed in white, her skin was jade-like and snow-white, translucent and bright, she was shining like a god, she was like a fairy, her eyes were bright and her teeth were bright, and she was surrounded by the aura of the ice phoenix. She turned out to be Ren Tiannv.

Seeing Ren Tiannv come, Ye Chen was taken aback.

Because he found that the goddess at this moment is actually much younger than before, her appearance is like a young cardamom girl, and her body essence and aura are far more than before.

"It seems that Jianzi Xianchen has fed her a lot of treasures."

Ye Chen thought in his heart, knowing that today's Jianzi Xianchen, in order to sharpen his sword, must be at all costs to cultivate a goddess.

"Ye Chen, we meet again."

The goddess looked at Ye Chen with her eyes, and said with a smile:

"You sent me to Jianzi Xianchen, but I got a blessing in disguise, ha ha."

"Jianzi Xianchen has given me countless resources, and my days under his command are much happier than those in the Death Cult."

Ye Chen said with a smile: "Do you think he gave you resources without any price?"

"When the day of tempering the sword begins, I'll see if you can still laugh when the time comes."

Listening to Ye Chen's words, Tiannv also had a chill on her face.

Indeed, she looks beautiful now, but it is a sign of death.

Whether it is Ye Chen or herself, they can see the picture of future destiny.

In less than a year at the most, Jianzi Xianchen began to temper the sword, and the goddess was about to be thrown into the oven and burned to death completely.

"I will reverse fate, just wait and see."

The celestial girl snorted, stopped talking, and strode into the Youshen Devil's Den.

The spirit wave of source qi has not yet appeared, and there is still a deep dark evil spirit lingering in the Nether God's cave, but the goddess seems to have a means of protection, she doesn't care, she directly enters it, and approaches the source vein first.

Ye Chen also wanted to follow in, but was stopped by Qing Sugiyen.

Qing Sugihiko said: "Lord of Reincarnation, don't be impulsive, even if she goes in first, it is impossible to completely absorb the aura of Origin Qi."

"If Yuanling Burst appears, she might still be killed, hehe..."

This Genesis Qi spirit tide, the Genesis Qi that emerges will be very strong, and may even cause an explosion.

Therefore, even if the celestial girl goes in first, she may not get any benefits.

Ye Chen settled down a bit, and continued to wait on the spot, planning to wait until the Genesis Qi spiritual wave really appeared, and then it would not be too late to go in.

After waiting for another half a day, Ye Chen saw that inside the Youshen Devil's Cave, the dark evil energy had faded a lot, and strands of pure source energy emerged, flowing like mist, which meant that the spiritual tide of source energy was about to erupt .

chi chi!

At this time, there was another rapid sound of breaking through the sky.

I saw two figures coming through the air, and one of them turned out to be Han Yan.

"Brother Han?"

Ye Chen was very surprised to see Han Yan coming.

Beside Han Yan, followed by a middle-aged man.

That middle-aged man had a handsome appearance and a burly figure. Although he had already concealed his aura, the sharp edge in his eyes could not be concealed no matter what.

When Ye Chen saw the middle-aged man's eyes, he seemed to feel the vastness of the universe and the majesty of the emperor of heaven, which was unparalleled.

That middle-aged man turned out to be a strong Heavenly Emperor!

"Sword Demon, Sword Emperor?"

Qing Sugiyen was shocked when he saw Han Yan and the middle-aged man.

"Brother!"

Han Yan and the middle-aged man landed. When he saw Ye Chen, his expression was a little excited, and he wanted to rush up to say hello, but when he looked at the middle-aged man beside him, he seemed to have some scruples. He smiled awkwardly and stood where he was.

"Brother Han, this is... your father?"

Seeing this, Ye Chen vaguely guessed something. Looking at the middle-aged man, the more he looked, the more he felt that the man was unfathomable, his breath was like an abyss and stars, great and vast, and he could keep pace with Ren Feifei.

"yes....."

Han Yan smiled awkwardly.

Qing Shanyan took a step forward, hurriedly bowed and saluted, and said to the middle-aged man: "Qing Shanyan, a disciple of Taoist sect, has met Senior Daotian Emperor."

This middle-aged man is none other than Han Yan's father, the head of the Tiandao family, and the Heavenly Sword Emperor Han Shenji!

Emperor Daotian nodded, and said to Qing Shanyan: "You don't need to be too polite, just say hello to the ancestors of the stars for me."

He looked at Ye Chen again, smiled gently, and said:

"Lord of Reincarnation, I have heard about you for a long time, thank you for taking care of the dog these days."

"The dog has an impulsive personality. If there is any offense, please bear with me."

Ye Chen said: "Don't dare, senior is joking."

Emperor Daotian looked at Han Yan and sighed: "It turns out that my ineffective son is actually the reincarnation of the sword demon. It's really unexpected."

"No wonder, he didn't like to practice swords since he was a child, he only likes to practice swords. It turns out that there are such reasons behind it."

"In that case, it's useless for me to force him."

"Now we, father and son, are reconciled, and I will not force him to learn knives in the future."

"Lord of Reincarnation, you and Gouzi are good friends, please take care of him in the future."

Chapter 9902

"If you have any difficulties, you can also tell me, my Tiandao family will stand by your reincarnation camp from now on."

It turned out that Han Yan was the reincarnation of the sword demon. After the karma spread out, Emperor Dao Tian also caught it. He immediately knew that Han Yan refused to practice swords since he was a child. .

After knowing this, he immediately found Han Yan, and the father and son settled their suspicions.

Han Yan was very embarrassed and said, "Father, stop talking."

Ye Chen was overjoyed in his heart, if the Tiandao family stood on the side of the reincarnation camp, then the power of his reincarnation camp would be greatly enhanced.

After all, Dao Tiandi Han Shenji, one of the top three figures on the Tiandi list, has already practiced the Wuxiang sword, and he can stand on equal footing with Sakyamuni Buddha and Hongjun Patriarch, which is very powerful.

"Senior, Brother Han, congratulations on your father and son reunion!"

Ye Chen smiled and congratulated.

Han Yan felt even more embarrassed, coughed dryly, and stood there, looking a bit cramped.

Emperor Daotian sacrificed a spar, handed it to Ye Chen, and said, "Lord of Reincarnation, this is a little meeting gift from me."

"This crystal contains some of my saber techniques, which may be useful to you."

Ye Chen said "oh", took the spar, and glanced at it mentally, and felt a majestic and vast saber intent.

In this crystal stone, there is actually the wonderful method of Wuxiang's sword, which is the understanding of Wuxiang's sword by Emperor Daotian.

"This crystal...so profound sword intent!"

"Thank you senior for the gift!"

Knowing the preciousness of this crystal, Ye Chen immediately cupped his hands to thank Emperor Daotian.

Emperor Daotian chuckled, and said to Qingshanyan: "Young Master Qingshan, I heard that there will be a surge of source energy in the Youshen Demon Cave. I want the dog to go in and absorb some. It should be the last time before the start of the grand battle. Hone."

"This is the order of the Great Master, please read it."

Emperor Dao Tian took out a handbook and handed it to Qing Shanyan.

The Youshen Devil's Nest is the territory of the Taoist sect, and everything is decided by Qing Shanyan. In fact, the old man Huang also told him not to let other people approach the Youshen Devil's Nest.

This is also for the game between Ye Chen and the goddess.

But the script of the Great Master is obviously much higher than that of Yu Qingsugiyen.

Qing Shanyan looked at the handwriting, and immediately said solemnly: "Since there is a handwriting from the great master, then I will definitely take care of Mr. Han."

He, Ye Chen, and Pei Yuhuan were secretly shocked.

This Heavenly Sword Emperor deserves to be one of the top three existences on the Heavenly Emperor List, and he can even get the hand letter from the Great Master.

Emperor Daotian looked at Youshen Devil's Nest, with a trace of solemnity in his eyes, and said:

"In this cave, there seem to be many ghosts and ghosts."

Qing Shanyan said: "The Youshen Devil's Cave is permeated with evil spirit all year round, and it is normal for any dark monsters to breed."

Emperor Daotian shook his head and said: "No, it's not a simple monster, it's a demon soul that turns into a person after death, and it's an existence with wisdom and spiritual consciousness."

Qing Sugiyen was stunned, and also remembered many legends, and said: "It may be the Taoist disciples who were killed when the source spirit exploded, and the people of the Dark Soul Clan turned into demon souls after death. I have also heard some Legend has it, but inside the Youshen Devil's Nest, there is a suppression formation arranged by my Taoist sect, so even if there are any demon souls, they can't wreak havoc."

Emperor Daotian smiled meaningfully, and said, "I'm afraid that those formations will no longer work."

"Hehe, anyway, be careful."

"Not only to beware of the demon soul, but also to guard against the reappearance of the source spirit explosion."

Qing Sugihiko said: "Yes, senior, we will be careful."

Emperor Daotian nodded, then asked Han Yan a few words, told him to be careful, then turned and left.

After Emperor Daotian left, Ye Chen quietly crushed the crystal in his hand and absorbed the profound meaning of the sword technique contained in it.

That is the esoteric meaning of Wuxiang's sword, magnificent, huge, deep, vast, without thinking and thoughts, invincible and domineering.

Ye Chen has been exposed to Wuxiang Yidao before, and although he is far from reaching the peak level, he has already laid a solid foundation.

Now, he received the profound meaning taught by Emperor Daotian, and he was immediately empowered, and his understanding of Wuxiang's sword has improved to a higher level.

"Brother, the spirit wave of origin qi has appeared!"

After comprehending for some time, Ye Chen's thoughts were pulled back by Han Yan's voice.

Ye Chen opened his eyes and saw that within the Youshen Demon's Cave, strands of pure Origin Qi had gathered into tidal waters, surging and churning away all the dark evil energy in the cave.

The originally dark and hideous Nether God's Devil's Nest suddenly turned into a smoky fairyland against the backdrop of a large amount of Genesis Qi.

The source qi is constantly emerging, and all kinds of weather are transformed in the void, such as fairy mountains and towers, dragons and phoenixes, auspicious clouds and colorful clouds, blue sky and clear rain, etc., the scene is very magnificent.

"Let's go in!"

Ye Chen looked at the source qi that was constantly emerging, and felt a little excited. If he could absorb all the aura of source qi inside, he would definitely be able to break through in cultivation.

At that moment, Ye Chen strode into the Youshen Devil's Cave, followed by Han Yan.

Qing Shanyan also took Pei Yuhan, followed in, and said to Ye Chen: "Lord of reincarnation, be careful of source spirit explosion."

Ye Chen nodded, expressing his understanding. When he entered the Youshen Devil's Cave, he immediately swallowed it like a long whale drinking water.

Following Ye Chen's breathing, a large amount of origin qi crazily entered his body along his nose.

When the majestic source energy entered his body, Ye Chen immediately felt his whole body full, and the aura in his dantian continued to increase, and he had already begun to impact the realm of the immortal emperor.

Chapter 9903

Immortal Emperor Realm is the last level of Infinite Realm.

Originally, if you want to step into this realm, you need a special opportunity to gain enlightenment.

However, if the source qi absorbed is strong enough, then there is no need to prove the Dao, and you can also forcibly break through.

Now the spirit wave of origin qi in Youshen Devil's Nest can meet Ye Chen's needs.

Youshen Devil's Nest is very large, one cave is connected to another cave, the overall structure is like a honeycomb, with roads extending in all directions.

Under Ye Chen's frenzied absorption, all the origin energy energy of the cave under his feet was absorbed by him.

Neither Han Yan nor Aosugihiko had time to absorb much.

"Brother, you are too ruthless, save some for me."

Han Yan said helplessly.

Ye Chen smiled and said, "Don't worry, there are more elsewhere."

This Youshen Devil's Nest is huge, and compared to it, human beings are as insignificant as a speck of dust.

There are probably tens of thousands of caves in the Youshen Devil's Nest with a honeycomb structure. Now that the spirit tide of Genesis Qi is emerging, each cave is filled with a large amount of Genesis Qi.

This is a once-in-a-millennium opportunity!

Qing Sugihiko said: "Master of Reincarnation, then we will act separately and absorb each other."

"However, this time the spirit wave of the source gas is much stronger than before, and it is likely to cause the source spirit to explode."

"If you notice any signs of an explosion, contact me immediately."

Qing Shanyan sacrificed three communication symbols and handed them to Ye Chen, Han Yan and Pei Yuhan respectively.

Ye Chen nodded, took the communication talisman, and went to another cave to absorb the source energy.

Qing Shanyan, Han Yan, and Pei Yuhan also acted separately.

Ye Chen came to a cave alone, breathed and swallowed, and directly used the Beiming Tuntian method to speed up the speed of absorption.

In the blink of an eye, he completely drained the spiritual tide of origin energy in another cave.

Ye Chen was about to go to the next place, but at this moment, he discovered that there was a formation engraved on the ground under his feet.

This formation, with some kind of suppressing power, is obviously what Qing Sugihiko said, the suppression formation specially arranged by Daozong, to suppress possible demonic souls and unknowns.

But now, Ye Chen discovered that the formation had broken.

Or to be precise, the ground cracked.

In the depths of Youshen Devil's Nest, there seemed to be some kind of powerful force that tore apart the earth, and even split apart many Taoist formations.

"Is it the power of Yuanmai?"

"Or some kind of weird existence?"

Ye Chen was secretly on guard in his heart. It seemed that this Nether God and Devil's Nest was not as simple as it seemed on the surface.

After calming down, Ye Chen continued to go to the next cave to absorb the source energy.

Absorbing crazily all the way, Ye Chen quickly absorbed the source energy energy of hundreds of caves, and he felt that the barrier of the Immortal Emperor Realm was about to be broken.

The immeasurable realm of the nine heavens, this realm is just around the corner!

"Very good, finally breaking through."

Ye Chen was pleasantly surprised. Now he went to the depths of Youshen Demon's Nest. He could feel that the deeper the place, the closer to the source vein, the more abundant and rich the energy of the source energy aura.

"The origin qi in this place is indeed strong. Tomb owner, you should absorb it as much as possible, lay a solid foundation of origin qi in your body, and then learn my poison technique, it will be much easier."

In the cemetery of reincarnation, Poisonous Hand Medicine God felt the abundant energy of origin energy here, and he was also amazed.

Ye Chen nodded, continued to go deeper, and came to a cave with an unusually strong aura of origin qi.

The source energy energy in this cave is condensed into a crystal-like colloidal existence, flowing slowly, and the energy is abundant, at least ten times stronger than the ordinary caves outside.

"Father, I want to absorb it too!"

In the cemetery of reincarnation, the little forbidden demon was salivating when he felt the abundant source energy.

"Little guy, don't worry, give me a breakthrough first."

Ye Chen grinned, the most important thing now is to let him break through his cultivation.

He must absorb all the source energy here into his body, and there is no excess for the little forbidden demon to absorb.

"All right."

The little forbidden demon curled her lips helplessly, still looking greedy.

Ye Chen settled down, sat down cross-legged, operated the Beiming Tuntian Method, and began to absorb the surrounding source energy.

The source of energy was continuously absorbed, and Ye Chen's spirit was refreshed, and his whole body was unprecedentedly refreshed.

"Father, it seems that something weird is approaching!"

But at this moment, the little forbidden demon suddenly screamed, as if he found something weird.

Ye Chen opened his eyes to look, but felt gusts of wind coming from all directions.

Then, he saw that there were human-shaped demon souls flying over the ground.

These many humanoid demon souls are all silent, their eyes are empty, and their expressions are frighteningly indifferent.

They came here every now and then, but they didn't directly attack Ye Chen, but strangely merged into the aura of origin energy in the cave.

Originally crystal-clear and pure source qi, because of the integration of these demon souls, suddenly turned gray and black, as if mixed with a lot of ashes.

Ye Chen was absorbing the origin qi, and these gray-black origin qi suddenly penetrated into his body.

"not good!"

Ye Chen's complexion changed, and he immediately stopped absorbing, but he still inhaled a lot of gray and black source qi.

As soon as these gray and black origin qi rushed into his body, strange energy exploded in Ye Chen's body in an instant.

In Ye Chen's mind, an illusion appeared, as if he had seen the scene of a ghost hell, thousands of demon souls were roaring mournfully.

The violent roar almost tore Ye Chen's spirit apart.

Chapter 9904

With a muffled snort, he immediately activated the Martial Ancestor's Dao Heart to stabilize his spirit.

But the roar of the countless demon souls continued.

Surrounded by countless demon souls churning, a figure like a demon emperor slowly piled up.

This figure like a demon emperor looked back at Ye Chen, and his eyes were actually the magic eyes of death.

Ye Chen was also extremely shocked by the demon emperor's facial features.

It turned out to be the Soul Emperor!

The Soul Emperor is about to be born!

If the will of Emperor Huntian was born in Ye Chen's mind, it would probably crush his soul.

"Wuxiang cut it, break it for me!"

Ye Chen screamed violently in his heart, and the martial ancestor's Taoist heart was turned to the extreme, and his spiritual will was condensed into a sword light, which slashed towards the figure of the Soul Emperor in the sea of consciousness.

The figure of Hun Tiandi has not yet formed.

Ye Chen Wuxiang swung his sword, powerful and domineering, earth-shattering, he killed the Emperor Hun Tian with a single blow, and also killed many demon souls.

His sea of consciousness regained clarity.

But this knife was equivalent to beheading his own soul. He only felt the pain of tearing his mind, and his head was about to split open.

Ye Chen opened his eyes, and a line of blood flowed out from both eyes, which was very hideous and terrifying.

"Why is the Emperor Soul here?"

Ye Chen gritted his teeth, deeply feeling the danger and strangeness.

The Taoist formation was broken, and the demon soul hidden in the depths of the Youshen Demon Cave really emerged.

But what shocked Ye Chen was that among these demon souls, there was actually the existence of the Emperor Hun.

Subconsciously, Ye Chen wanted to leave because it was too dangerous.

But the energy of the source qi aura is so abundant, he hasn't absorbed enough, and his cultivation has not yet broken through, so how can he leave willingly?

"Tomb owner, I will protect you, you continue to absorb the origin qi."

"The Emperor Huntian you saw just now should not be the Emperor Huntian, but just a disguise of a demon soul. Don't worry too much."

At this time, the God of Poisonous Hands and Medicine said.

His cognition is sharper than Ye Chen's, and he seems to see that the Soul Emperor who just appeared in Ye Chen's sea of consciousness is not a real existence, but a disguise.

"Yeah?"

Ye Chen was skeptical, but he was relieved a lot because the God of Poisonous Hands and Medicine promised to protect him.

"Senior, please trouble me."

Ye Chen settled down, circulated the energy of the reincarnation blood, adjusted the spirit that had just been damaged, and then continued to the next cave.

The aura of this cave is stronger than that of the cave just now. The origin qi contains the essence of purple grass, which is extremely abundant.

Ye Chen sat cross-legged to absorb it, while the God of Poisonous Hands and Medicine focused on guarding.

Wisps of source energy continuously entered Ye Chen's meridians, and he felt that the barrier of the Immortal Emperor Realm was about to be completely broken.

The highest state of immeasurable realm is within reach!

"Ah!"

At this moment, Ye Chen heard a scream of fear.

It was the voice of the witch Pei Yuhan, not far away.

Hearing this voice, Ye Chen frowned suddenly.

"The witch seems to be surrounded by ghosts."

The God of Poisonous Hands looked towards the direction of the sound, and vaguely caught a glimpse of something.

"She can't die now."

Ye Chen thought of Martial Ancestor, got up immediately, and walked towards the place where Pei Yuhan screamed.

After passing through several caves, Ye Chen came to a narrow cave, but felt dozens of demon souls struggling with faces, roaring lowly, besieging a woman frantically.

That woman was Pei Yuhan. Under the siege of many demon souls, she was terrified, and her eyes were full of fear, which was a bit unusual.

Logically speaking, Pei Yuhan is a strong person who can survive in the dark forest. Her Dao heart is very tenacious, and it is impossible for ordinary monsters to invade her.

Before that, her Dao heart was shaken and she was willing to be a slave because Ji Yi was a disciple of Emperor Bantian, and Mo Bantian's old tactics were very powerful in attacking and killing, and it was designed to erode people's Dao heart.

But now, it was really strange that these ordinary devil souls actually frightened her so much.

Under the siege of many demon souls, Pei Yuhan's clothes were almost ripped off, revealing large areas of snow-white skin, and her graceful figure was completely exposed.

"Emperor Soul, Emperor Soul!"

"Lord of reincarnation, save me, save me!"

Pei Yuhan muttered in her mouth, seeing Ye Chen coming, she yelled as if seeing a savior.

Ye Chen's heart shuddered when he heard her mentioning Emperor Huntian.

Could it be that Pei Yuhan was so afraid because of the influence of Emperor Hun?

"Dharma, see the void, break it for me!"

Ye Chen shouted loudly, and immediately displayed the supernatural powers in the Buddha's Sutra, the golden Buddha light burst, and a great figure of a Bodhisattva appeared in the cave, and the Buddha light shone.

Under the blazing Buddha's light, many demon souls besieging Pei Yuhan screamed and melted, hissing and disappearing into black smoke.

Pei Yuhan got out of trouble, her face was pale, and her delicate body was trembling.

"What's the matter, where is the Soul Emperor?"

Ye Chen strode over and asked forcefully.

Pei Yuhan clasped her knees with both hands, trembling all over, and said, "Just now...in my mind, he...he slapped me, it hurts, it hurts so much..."

Pei Yuhan's voice was extremely painful, she straightened her body, and saw a hideous black palm print on her heart.

This black palm print is filled with a strange and ominous atmosphere, surrounded by mist, and there seems to be a hideous and terrifying face totem in the palm print.

That is the face of Emperor Huntian!

"I... I'm going to die."

Pei Yuhan's delicate body trembled, not because of fear, but because of the black palm print on her heart, the dark and ominous evil spirit was constantly eroding her heart and lungs, and she felt her life breath was constantly passing away.

"Ah, it turned out to be the Demon Soul Eater!"

Seeing the black palm print, Poisonous Hand Medicine God seemed to recognize it, and was taken aback.

"What demon soul eater?"

Ye Chen asked, he tried to touch the black palm print on Pei Yuhan's heart, and he felt the dark evil energy contained in it, which was extremely strong, even like a poisonous snake, trying to bite back along his palm, and he was so startled that he quickly retracted his palm .

The poisonous hand medicine said: "That is the martial art created by Emperor Huntian. It is one of the thirty-three heavenly arts. Its lethality is extremely terrifying. It can devour human souls with a single palm strike."

Ye Chen said: "Thirty-three days of magic?"

"Is this Pei Yuhuan really hurt by Emperor Hun?"

"Heavenly Soul Emperor is here?"

Poisonous Hand Medicine God shook his head and said: "No, if Emperor Hun Tiandi takes action, even if it is a shallow will, it is not something you can bear."

"I guess, there should be descendants of Emperor Hun here, and their beliefs are very firm, they are extremely pious, and they can cultivate into the Demon Soul Eater."

"This Heavenly Demon Soul Eater is extremely powerful, and only the most steadfast believers in darkness, without any selfishness, can succeed in cultivation with the approval of the Soul Emperor."

Chapter 9905

"Even the leader of the Nine Heavens Fulong Sect, the Nine Disaster Canglong, he is not qualified to practice the Demon Soul Eater, because his beliefs have not yet reached the point of absolute purity and fanaticism, and he is not willing to abandon everything for the Emperor of Soul. He's still selfish."

When Ye Chen heard the words of Poison Hand Medicine God, his expression became serious, and he said: "It seems that the people behind this Youshen Devil's Cave are not simple."

Poisonous Hand Yao Shen said: "That's natural, are you going to treat this witch Pei Yuhuan now?"

Ye Chen thought for a while and said, "My Martial Patriarch Master seems to care about her life and death very much."

"At least for now, I can't let her die."

In fact, in Ye Chen's heart, he didn't care about Pei Yuhan's life or death, but he was afraid that Pei Yuhan's death would affect the stability of his martial ancestor master's Taoism.

At the moment, Ye Chen used the Bagua Tiandan technique, the Taoist alchemy technique, the Buddha's scriptures and other techniques, trying to heal Pei Yuhan's injury.

However, Pei Yuhan was injured by the Demon Soul Eater's hand, and the black palm print on his heart was ferocious and violent. Even Ye Chen's many healing techniques had no effect.

Seeing this, Ye Chen frowned, it seemed that it was more difficult than he imagined to treat Pei Yuhan.

The poisonous hand medicine god said: "If you want to heal the injuries caused by the demon soul eater, you must use poison to fight poison. You chew all the seven-heart snake orchid, rotting bone Youhua, ghost lamp grass, ecstasy fruit and ghost fungus into juice, and apply half of it externally. Give half of it to her orally, so that it can alleviate the erosion of the Demon Soul Eater and save her life."

Ye Chen listened to what the God of Poisonous Hands said, the seven-heart snake orchid, the rotting bone youhua, the ghost lamp grass, etc., are all poisonous materials recorded in the "Poisonous Herbs" and are extremely poisonous.

"Where can I find so many poisonous herbs?"

Let's not talk about the poisonous hand medicine god's method of fighting poison with poison, whether it is effective or not, Ye Chen doesn't know where to look for the poisonous herbs he mentioned.

The Poisonous Hand Medicine God said: "You don't need to look for it. Although these poisonous herbs are rare, I can directly create them through the magic of fantasy creation."

After a pause, the God of Poisonous Hands and Medicine said to the little forbidden demon who was taking a bath in the Fengyu Immortal Pond:

"Little guy, give me a drop of your blood."

The little forbidden demon panicked and said: "No, I'm afraid of pain."

After speaking, I wanted to dive into the water.

Poisonous Hand Medicine God smiled slightly, grabbed the little forbidden demon with his palm in the air, like an eagle catching a chick.

"Father, save me!"

The little forbidden demon yelled loudly, obviously very frightened.

After all, the God of Poisonous Hands and Medicine is a generation of God of Poison, and the poisonous aura emanating from his body makes people dare not get close to him.

Seeing this, Ye Chen was a little dumbfounded.

The God of Poisonous Hands stretched out his skinny hand, his nails were like sharp knives, with a ray of black glow, and stroked the little Forbidden Demon's arm.

A line of blood emerged.

The little forbidden demon actually didn't hurt, but under the deterrent of the poisonous hand medicine god's breath, he still screamed in fright.

The Poison Hand Medicine God took a few drops of the little forbidden demon's blood, threw him back into the Wind Whisper Immortal Pond, and murmured in the air, singing the spell of creation.

In the void, illusory pictures of poisonous herbs and medicinal materials emerged, which were the poisonous materials such as the seven-heart snake orchid, the rotten bone flower, and the ghost lamp grass.

Afterwards, those poisonous herbs and medicinal materials were infused with the energy of the Poisonous Hand and the God of Medicine, as well as the energy and blood of the little forbidden demon, and quickly changed from an illusory picture to a real existence, exuding a strange herbal smell.

The Poison Hand Medicine God performed this magic technique of imaginary creation smoothly.

In theory, as long as the resources are sufficient, you can rely on fantasy to create anything.

For example, Reincarnation Purana, Forest Book, Ten-tailed Beast, Bright Heart, etc., are all fantasy creations, some of which have already been realized, and some are just a fantasy concept.

There are also the Ancient Sin Sword of Heaven, the Star Sea of Heavenly Demon, the Golden Wheel of Heavenly Emperor, the Seal of Emperor Yan, etc., all of which were created by relying on fantasy.

Manpower is limited, and the power of gods is also limited. It is impossible to create too complicated things, but fantasy is endless.

Seven Heart Snake Orchid Grass, Rotten Bone Flower, Ghost Light Grass and other medicinal materials are enough to be forged with the current remaining cultivation of the Poison Hand Medicine God.

"Come on, here it is, take it."

"Chew it into juice, apply half of it externally and take the other half internally, it should be able to cure her. If I hadn't met me, she might be doomed today."

The God of Poisonous Hands and Medicine handed over all the medicinal materials created by Ye Chen.

"Okay, senior, thank you very much."

Ye Chen accepted the medicinal materials, and chewed each of them in his mouth first.

After chewing all the herbs, Ye Chen's mouth was filled with poisonous juice.

The energy of this venom is so terrifying, just holding it in Ye Chen's mouth, he felt that his whole mouth was going to rot, the highly poisonous smell hit his nose, straight to his soul, almost choking him to death, some venom along His throat penetrated into his stomach, and he only felt an indescribably bitter and rancid stench, and he almost vomited out.

Fortunately, Ye Chen practiced the Dao Heart Seed Magic Art, and he circulated the Dao Heart Seed Magic Art to absorb all the highly toxic smell from the poisonous juice and turn it into nutrients.

After the Dao Heart Planting Magic Art started to work, he felt that the poisonous juice in his mouth was no longer bitter, as if it had become the sweetest nectar in the world, and he wished to swallow it directly.

For those who have practiced the Dao Heart Seed Magic Art, any poisonous thing in the world is a delicious delicacy.

Chapter 9906

For thousands of years, the vast majority of people who practice the Dao Heart Seed Demon Art will find all kinds of poisons to devour them at all costs, eventually causing the toxins to precipitate, accumulate into evil barriers, and then explode and die in extreme pain.

Of course, Ye Chen has the blood of reincarnation, and he is not afraid of the negative effects of the Dao Heart Seed Magic Art.

He spit out half of the poison in his mouth, held it in his hand, and then slowly applied it to Pei Yuhan's heart.

"ah--"

The moment the poisonous juice was applied, Ye Chen heard an extremely sharp scream.

This scream was not made by Pei Yuhan, but it seemed to be the scream of Emperor Huntian, which came directly from the black palm print, which was very strange.

A miraculous scene also happened. After Ye Chen applied the poisonous juice, the black palm print on Pei Yuhan's heart immediately faded away.

Pei Yuhan groaned softly, and her face softened, not as painful as before.

"effective!"

Seeing this, Ye Chen secretly rejoiced, the poisonous hand and medicine god's method of fighting poison with poison really worked.

"The other half, give her orally."

The God of Poisonous Hands said quietly.

Ye Chen nodded, but seeing that Pei Yuhan was half asleep and half awake, looking weak, the half of the venom left in his mouth was difficult for her to take.

"Do everything possible to send it over, hurry up, it will be too late!"

The God of Poisonous Hands urged.

"Um!"

Ye Chen nodded, and before he had time to think about it, his eyes narrowed, his spiritual power gathered, and he sent a mouthful of poisonous juice into her mouth.

The poison flowed from Pei Yuhan's mouth into her body, and the black palm prints on her heart gradually faded away.

Pei Yuhan was half-drowned and half-awake, opened her eyes and saw Ye Chen's face, and felt the softness of those four lips touching, thinking that she was in a dream.

Ye Chen then used the Taoist alchemy technique to drive away the evil spirit remaining in Pei Yuhan's body. Her face became much ruddy, but the strange thing was that there was still a layer of darkness between her brows that lingered.

"Oops, oops, it's still too late."

"This Heavenly Demon Soul Eater is worthy of the Thirty-Three Heavens Divine Art, and its lethality is more violent than I imagined."

Seeing this, the Poisonous Hand Medicine God sighed, and said, "The baleful aura of the Devil Soul Eater that day has already eroded into the heart of this witch."

"Although she has no scars on the outside, her heart is shrouded in the evil spirit of the demon. Within a few days, the fire in her heart is extinguished, and it will be her death."

Ye Chen was taken aback, and said, "Then what should I do?"

Now the witch Pei Yuhan can't die, otherwise it will definitely affect the Dao heart of Martial Ancestor.

Poisonous Hand Medicine God pondered for a while, and said: "There is one last solution, I still have the infatuation Gu that I refined back then."

"This infatuation Gu can make people fall in love with themselves wholeheartedly."

"You must know that the word love is the most touching, and the most violent mood swings."

"As long as this witch has a loved one in her heart, it is equivalent to having a lighthouse, and the fire in her heart will never be extinguished. Even if she is eroded by the demon soul, she will not die."

Back then, in order to make Shenxue Yaoji change her mind, the Poison Hand Medicine God spent countless resources to refine the Infatuation Gu, but unfortunately, he was intercepted and killed by Huazu before he could use it.

The infatuation Gu, which he has sealed and kept until now, after years of wear and tear, the effect is definitely not as good as when it was at its peak, but it is more than enough to take effect on Pei Yuhan.

After all, the infatuation Gu refined by the Poisonous Hand Medicine God was aimed at the Charming God Xue Yaoji, who was a top expert in the Heavenly Emperor Realm.

That infatuation Gu can even charm the Dao Heart of a strong person in the Heavenly Emperor Realm, let alone Pei Yuhan.

Ye Chen was stunned, and said: "Then after the vomit, who will this witch fall in love with?"

Poison Hand Medicine God took out a wooden box, gently opened it, and saw a crystal-clear Gu worm in the box, shaped like a teardrop, wriggling slowly, he said:

"When I refined the infatuation voodoo, I set up a lot of laws of karma. After I cast the voodoo, the target will fall in love with the vomiter."

"Tomb owner, come and play a Gu."

"Put this Gu worm on her heart."

He wanted to give the box to Ye Chen.

Ye Chen waved his hands again and again, and said, "No, no, how can I do the Gu?"

"The status of a witch is too special. She is inextricably linked with my Martial Ancestor Master. I can't let her fall in love with me, otherwise the entanglement of grievances and resentments will be endless."

Poison Hand Yao Shen said: "Then I can't make a move, right?"

Ye Chen frowned, and of course it was inconvenient for the poisonous hand and medicine god to take action.

He thought for a while, looked at the little forbidden demon, and he had an idea in his heart, and said: "Little guy, come and play a Gu."

When the little forbidden demon heard this, he was stunned and said, "What? Father, are you... are you telling me to play a Gu?"

"This... what's going on with this infatuation voodoo? After using the voodoo, uh... this witch, will she like me?"

"Wow...she doesn't want to eat me, does she?"

As for the word love, the little forbidden demon is also ignorant, she doesn't quite understand the specific function of infatuation Gu, but she just vaguely feels something is wrong.

Ye Chen smiled, and said: "Don't panic, she won't eat you, do it quickly, otherwise it won't be easy to play Gu when she wakes up."

The little forbidden demon bit her finger and murmured: "I...I..."

The God of Poisonous Hands and Medicine took a look at him and said, "Little thing, go quickly!" Throwing the box to him.

## Chapter 9907

Holding the box in his small hands, he jumped out of the cemetery of reincarnation, took out the infatuation Gu worm from the box, and put it on Pei Yuhan's heart.

A miraculous scene appeared, the teardrop-like infatuated Gu worm melted away and penetrated into Pei Yuhan's skin.

After the little forbidden demon cast the Gu, she hurried back to the cemetery of reincarnation, as if she was afraid that Pei Yuhan would eat her when she woke up.

Pei Yuhan groaned, woke up faintly, looked around blankly, his eyes fell on Ye Chen, and saw his clothes were torn and his skin was exposed, his face flushed with shame, and he hurriedly transformed into a black dress, Draped on the body.

Ye Chen looked her up and down, and said, "Why, are you okay?"

Pei Yuhan said, "Yes... you saved me?"

Ye Chen nodded and said, "Well, do you feel any discomfort?"

Pei Yuhan was stunned, and touched her heart subconsciously. She always felt that deep in her heart, there seemed to be some emotions sprouting. When she looked at Ye Chen, she felt that Ye Chen's appearance was taller and more powerful than ever before.

"No... nothing uncomfortable, but the state of mind seems to be a little confused, probably due to the influence of Emperor Huntian's will, but it should be fine." Pei Yuhan said.

Seeing her like this, Ye Chen thought that since she didn't see the little forbidden monster, maybe the infatuation gu wouldn't kick in, which is a good thing.

"Well, Brother Qingshan said that he would give you as a cauldron, I don't need it anymore."

"However, if you don't mind in the future, you can stay in my reincarnation camp. I will protect you well, as long as you don't run around."

Ye Chen thought that Pei Yuhan was an important person and was closely related to Martial Ancestor, so it was best to stay by his side so that he could take the initiative.

Moreover, Pei Yuhan has not yet awakened the witch's memory. If she is properly trained, she may be able to embark on the right path, just like Han Yan. Even if the sword demon is reincarnated, she has not gone astray now.

Pei Yuhan said, "Yes."

Saying the word "yes", her delicate body trembled, a little stunned, as if she didn't expect that she would agree so quickly, but she felt that deep in her heart, there seemed to be some power pushing her, making her have a new understanding of the reincarnation camp. I felt an inexplicable attachment, wanting to surrender and seek refuge.

When Ye Chen heard her agree, he felt relieved, and said, "Okay, come with me, I will continue to absorb the spiritual tide of the source energy, and hit the Immortal Emperor Realm."

Pei Yuhan nodded lightly, stood up, thought for a while, but said:

"Lord of reincarnation, this place is very dangerous. If you want to continue absorbing the origin qi, you may be attacked by many dark demon souls."

Just now, Pei Yuhan was attacked by many dark demonic souls, and was even seriously injured by the "Soul Emperor", and was almost killed by the demon soul eater.

Ye Chen's face darkened, and he said: "Indeed, these demon souls are a bit tricky." He thought about the way to break the situation.

Pei Yuhan said: "In addition to the demon souls of the dark soul clan, there are also demon souls of the Taoist sect. Just now I met some remnant souls of the disciples of the Taoist sect. They were very hostile to me and shouted about witches and witches. I, I was very embarrassed to escape."

Ye Chen's heart trembled. He knew that in Youshen Demon's Nest, there had been an explosion of source spirits, which resulted in the tragic death of many Taoist disciples.

Now it seems that those Taoist disciples who died tragically did not completely die out, and there are still souls left behind.

Moreover, the remnant souls of the Taoist disciples seemed to be very keen, and they were able to detect the identity behind Pei Yuhan.

"Where are the remnants of those Taoist disciples? Take me to see them." Ye Chen said.

He really wanted to know who was the person hiding behind the scenes in Youshen Demon's Nest.

It was that strange existence whose appearance was exactly the same as that of Hun Tiandi.

If he doesn't find out the secret behind it, Ye Chen can't continue to absorb the source energy with peace of mind, otherwise he will be attacked by the demon soul and "Soul Emperor", and the consequences will be disastrous.

"In this direction, Lord of Reincarnation, do you want to meet them?"

"They seem to be trapped in a cave, imprisoned by chains, unable to escape, and very grumpy."

Pei Yuhan pointed in a direction with a serious tone.

"Well, I'll go and have a look, you lead the way."

Ye Chen vaguely deduced that the remnant souls of former Taoist disciples might be the key to breaking the situation.

Pei Yuhan was a little scared, but she still bit the bullet and led the way.

After a while, she brought Ye Chen to the entrance of a dark cave.

In this cave, there were bursts of sharp and shrill screams, almost piercing people's eardrums. It seemed like some kind of ghost hell inside, with blood and fire shining through.

"wait for me here."

Ye Chen settled down, let Pei Yuhan stay, and stepped into the cave carefully.

As soon as he entered the cave, Ye Chen saw an extremely terrifying scene.

In the cave, there are jagged rocks, harsh environment, no vegetation, and around the cave, there are many demon souls.

These demon souls are roaring and screaming, and from their bodies, blazing flames, cold frost, flashing thunder and lightning, etc., and even sword aura and sword aura emerge from the void from time to time, constantly Cut off their remnant souls and make them suffer.

Behind them, there are long chains of laws, black and intertwined with runes, imprisoning their souls, so that they can only jump around like crazy in the cave, rampage, yelling, However, he couldn't get out of the range of the cave.

## Chapter 9908

This cave is really like hell.

Ye Chen frowned, looking at the clothes and appearance of those demon souls, they were obviously disciples of the Taoist sect, but he didn't know why they suffered such cruel torture.

The arrival of Ye Chen made the dead souls of many Taoist disciples present screaming, and rushed towards Ye Chen frantically, as if they wanted to tear him up and devour him.

"Buddhism, illuminate the void!"

Ye Chen didn't rush, and immediately displayed the supernatural powers in the Buddha's scriptures. The golden light flashed all over his body, and the Buddha's light soared into the sky, and a phantom of a great Bodhisattva appeared behind him.

As soon as the Bodhisattva comes out, all demons will be eliminated.

Under the radiance of Ye Chen's Dharma, the many dead souls screamed and screamed, and couldn't get closer to Ye Chen.

Even Ye Chen's powerful Dharma radiance melted and disintegrated the law chains behind many dead souls.

It didn't take long for all the chains of laws to collapse, and many souls of the Taoist sect were liberated instead. Their emotions stabilized, as if they had finally escaped from the endless sea of suffering, and stared blankly at Ye Chen.

Ye Chen withdrew all the Buddha's light, looked around, and said calmly: "Everyone, are you okay?"

All the dead souls of the Taoist sect knelt down around Ye Chen with trembling bodies.

A Taoist disciple said: "Excuse me, is it the Lord of Reincarnation?"

Ye Chen said: "It's right here."

The Taoist disciple was immediately excited, and kowtowed to Ye Chen: "Thank you, Lord of Reincarnation, for saving me!"

All the Taoist disciples around also kowtowed in thanks.

Ye Chen narrowed his eyes and said, "Everyone, please stand up, I want to ask, who is the master behind this place?"

He was very curious, what kind of existence was that demon soul who had exactly the same appearance as Hun Tiandi.

The Taoist disciples got up and looked at each other, as if there was some taboo, they dared not speak.

It was as if there was a pair of eyes staring at them in the dark, and once they spoke, they must pay a great price.

"Don't panic, but it's okay to say."

Ye Chen summoned the Kingdom of Reincarnation, covering the entire audience, forming a layer of protection.

Many Taoist disciples got shelter, and their expressions relaxed a lot. One disciple said:

Chapter 9909

"Hun Zun Huang Guxi inherits a sliver of power from Hun Tiandi, and his appearance and appearance become exactly the same as Hun Tiandi, which is indistinguishable."

"It must be known that Emperor Huntian is the supernatural god of ancient times, and his appearance alone possesses a powerful and vast coercion."

"The Hunzun Huang Guxi has the appearance of the Huntian Emperor, and his strength can be imagined."

Ye Chen nodded, then it seems that the "Hun Tiandi" that he and Pei Yuhan had encountered before were all Hunzun Huang Guxi.

The disciple went on to say: "Back then, there was an aura of origin energy in the Nether God's Demon Cave, and many fellow disciples and I were here to absorb and cultivate."

"But unexpectedly, this spirit wave of origin qi is about to

Chapter 9910

He has also come into contact with the people of the Huanjian family before, and even beheaded them to harvest the magic of the Huanjian constellation.

It's just that he didn't expect that the phantom sword family was
