

Physician 9911

Chapter 9911

In mid-air, slowly emerged an old, majestic, distorted figure, dressed in black, extremely tall, with a perfect figure, long purple-black hair, fluttering without wind, and a pair of eyes, as if they could seduce one's soul, extremely powerful, The aura exuded is as high as the sun and the moon, as big as the sky and the earth, and the gods cannot resist it.

"Soul... Soul Emperor..."

As soon as Pei Yuhan saw this figure, her face was filled with horror, and her Dao heart almost collapsed.

The appearance of this figure is exactly the same as Soul Heaven Emperor!

"It's not Emperor Huntian, it's just an old man named Huang Guxi."

Ye Chen took two steps forward, stood in front of Pei Yuhan, and said calmly.

The old man suspended in mid-air, with a hazy body, is a remnant soul. Although he looks like the Emperor of the Soul, Ye Chen knows that he is not the Emperor of the Soul, but the Emperor of the Soul, Huang Guxi.

"Very good, very good, Lord of Reincarnation, you already know the truth."

"Of course I am not Emperor Huntian, I dare not presume to pretend to be Lord Huntian."

"However, I am the most loyal believer of Emperor Hun."

"Give you a chance..."

Hunzun Huang Guxi's eyes stared at Ye Chen indifferently, and his tone became serious:

"Dig out the Devil's Eye of Death that belongs to Lord Hun Tiandi and give it to me. I can spare you from death. You are not qualified to control that eye!"

He has already seen that Emperor Huntian has an eye, which has been fused by Ye Chen. It was originally enshrined to the ultimate god of death!

Ye Chen smiled and said, "Are you still willing to let me go?"

Soul Venerable Huang Guxi said coldly: "I don't want to talk nonsense

Chapter 9912

Ye Chen didn't panic, and immediately summoned the Heavenly Demon Castle, and the huge castle fell down, firmly protecting his and Pei Yuhan's bodies inside.

This Heavenly Demon Castle is heavy and majestic, and the soul respects Huang Guxi's phantom sword constellation, which can no longer attract Ye Chen.

"Tianmo Castle, you dare to get your hands on something belonging to Lord Hun Tiandi?"

Hun Zun Huang Guxi was furious, knowing that the Heavenly Demon Castle was the building where the Huntian Emperor once lived, but now it is under the control of Ye Chen. In his eyes, this is tantamount to blasphemy.

"Dark Soul Art, Soul Explosion!"

Soul Venerable Huang Guxi squeezed the formula with both hands, made a handprint, and then clapped out with both palms, a vast and fierce torrent of devil energy roared towards the castle of the demon.

This torrent of demon energy does not carry a brute force impact, but a terrifying breath that erodes people's hearts and distorts people's spirits. It is a spiritual law.

He knew that the Heavenly Demon Castle had a strong defense, and it would be difficult to break through it with a brute force attack. Only by using a mental attack could he have a chance to quickly defeat Ye Chen and Pei Yuhan.

There are two powerful auras coming from outside.

Hunzun Huang Guxi had a premonition that Ye Chen's helper was coming soon, and he had to make a quick decision.

hum!

The mental impact of the torrent of devilish energy roared over, attacking Ye Chen and Pei Yuhan.

In an instant, an illusion appeared in the minds of the two of them.

They seem to have seen the figure of Hun Tiandi, huge and huge, appearing in their minds, with sharp eyes, watching them with the attitude of a judge.

That judging gaze seemed to be able to penetrate everything. Pei Yuhan yelled "Ah" in extreme pain, and immediately fell to the ground with her head in her arms, her delicate body trembling.

"Martial Ancestor Dao Heart, open!"

Ye Chen also felt the impact of the phantom of the Soul Emperor, and his spirit was shaking, and he hurriedly opened the Martial Ancestor Dao Xin to protect himself.

"Kill them!"

Soul Venerable Huang Guxi yelled violently, while maintaining his mental shock, he issued an order.

After he gave out the order, thousands of demon souls around them screamed strangely, and immediately swarmed and exploded, baring their teeth and claws, rushing towards Ye Chen and Pei Yuhan unparalleled.

"Throne of thorns, bound by thorns!"

Ye Chen remained calm in the face of danger, and while enduring the mental shock, he burst out with the power of the Throne of Thorns.

In an instant, dark green thorny vines roared out with a strong murderous aura.

The many demon souls that came charging were bound and restrained by thorns and vines, and were tied in place all of a sudden, screaming and struggling, but they couldn't break through the trap in a short time.

"Is this... the power of the Throne of Thorns?"

"Why...how so familiar?"

Pei Yuhan was in a daze, and when she opened her eyes and saw the thorns, she was stunned for a moment.

From the spreading thorns, she seemed to see the shadow of a great throne.

That is the Throne of Thorns, filled with the majesty of darkness that dominates the world, as if it can suppress all living beings, it is the representative and symbol of supreme authority.

Pei Yuhan's delicate body trembled, and she slowly got up from the ground. An extremely strong impulse and desire surged in her heart.

The impulse to climb the throne of thorns, the desire to dominate the supreme!

Inexplicably, Pei Yuhan felt a terrifying power surge out from the depths of her dantian, deep in her memory.

Rumble!

Around Pei Yuhan's body, the airflow roared and roared, and wisps of dark devilish energy appeared.

The demonic aura was rolling in, and the demonic aura on her body was not weaker than that of the soul master Huang Guxi.

Seeing this scene, Ye Chen and Hunzun Huang Guxi were all taken aback.

Ye Chen was surprised to see that on Pei Yuhan's snow-white skin, lines that symbolized death appeared.

At this moment, she seemed to have become a believer of death.

In other words, she is the god of death itself!

Hum——

A huge death scythe emerged from behind Pei Yuhan, full of terrifying sharpness, like a soul capable of slaughtering all living beings.

"This is... the power of a witch, the power of a god of death!"

When Ye Chen saw this blood sickle, his heart was even more shocked. He knew that Pei Yuhan had awakened a trace of the power of a witch at this moment, which was very terrifying.

Scoff!

The death scythe burst out from behind her, and slashed directly at Hunzun Huang Guxi.

In front of Hunzun Huang Guxi, many dark demonic souls, under Pei Yuhan's death scythe, were cut off like paper, and turned into nothingness in an instant. Countless screams rang out, and the scene was very horrific.

"Reaper! This is Death's scythe! How is it possible!"

Soul Venerable Huang Guxi screamed, his face was full of shock, he never expected that Pei Yuhan could have such a violent blow.

"Heavenly Demon sacrifice, block it for me!"

Soul Venerable Huang Guxi shouted loudly, waved his palm, and the demon energy exploded, forming a black energy ball in the air, and the terrifying devouring power spread out.

All the demon souls in the audience were swallowed up, screaming again and again.

The black energy ball became even darker, as if it could drip ink.

boom!

At this time, Pei Yuhan's Death God Blood Scythe slashed through the air, and slashed fiercely on the energy ball.

The two collided and sent out a shocking explosion.

The energy ball shattered on the spot, emitting demonic energy.

But Pei Yuhan's Death God Blood Scythe, all the sharpness and power, were all dispelled, and they collapsed in twos.

Soul Venerable Huang Guxi breathed a sigh of relief. At the cost of sacrificing all the demon souls in the audience, he concluded a sky magic ball, which finally resolved Pei Yuhan's shocking blow.

As for Pei Yuhan, after bursting out with the Death God's Blood Scythe, she exhausted all her strength, fell limply to the ground, and passed out on the spot.

Chapter 9913

"This witch, you can't keep her."

"The god of death is the god of transgression. Only Lord Huntiandi is qualified to control and explain the concept of death."

"This witch, if she wants to steal the power of death, she must be killed!"

A sharp cold light flashed in Huang Guxi's eyes, and the palm of his hand whizzed out from the air, and a violent and tyrannical dark palm blasted towards Pei Yuhan, intending to kill her.

"Samsara Sun Palm, break!"

Ye Chen couldn't sit idly by, and immediately used the energy of the scorching sun and life star to gather on the palm of his hand. The palm burst into a shocking brilliance, the light was bright, and with a bang, he forcibly blocked Huang Guxi's palm.

However, the power of Hunzun Huang Guxi far surpassed Ye Chen.

Ye Chen could only feel the strength of his palm, which was extremely strong. Even though he had already used the energy of the scorching sun and life star, he still couldn't resist it. He was immediately shocked back a few steps, and his blood was surging, but fortunately he was not injured.

"Huh?"

Hunzun Huang Guxi was taken aback, but he didn't expect Ye Chen to be able to take his own palm.

Ye Chen made a decisive decision, immediately grabbed Pei Yuhan's body, and threw her into the heaven of reincarnation in his body.

His reincarnation heaven is no longer a fantasy, but a real kingdom of heaven, hidden in a pore of his cells.

With Ye Chen's current cultivation level, every pore can evolve into a cosmic starry sky. It is naturally easy to accommodate a mere Pei Yuhan.

"Brother!"

At this time, a voice sounded.

I saw a young man in commoner clothes flying over from a distance, it was Han Yan.

"Lord of Reincarnation, are you alright?"

Immediately afterwards, Qing Sugihiko also appeared, flying over with a sword in hand.

The two rushed over immediately after receiving Ye Chen's summons.

Qing Shanyan just saw that Ye Chen accepted Pei Yuhan, and the corner of his mouth couldn't help showing a slight smile, thinking that Ye Chen was finally willing to accept Pei Yuhan as the "cauldron".

Brush, brush.

Qing Shanyan and Han Yan soon came to Ye Chen's side, and the three stood together, facing the soul master Huang Guxi.

Captured by the secret, Qing Shanyan and Han Yan probably knew what happened here, as well as the identity of Hunzun Huang Guxi.

"It turns out that the so-called Phantom Sword Family is

Chapter 9914

Taking advantage of the distraction of the soul master Huang Guxi, Ye Chen has already summoned the Qinglian clone, walked around behind him, and used the Titan Star Fighting Fist, fierce and domineering, boundless, with bright starlight, if he wanted to penetrate the sky, he ruthlessly bombarded Huang Guxi on the back.

boom!

Huge fists banged and exploded.

Hunzun Huang Guxi's demon body was pierced with a big hole, his face turned pale instantly, and his whole body trembled.

Han Yan and Qing Shanyan were overjoyed to see Ye Chen hit by a punch, and immediately stepped forward with their swords, trying to kill him while the soul master Huang Guxi was injured.

However, at this moment, within the body of the soul lord Huang Guxi, traces of black as black magic energy flowed out, slowly repairing the big hole in his body, and forming a protective barrier around his body.

Both Han Yan and Qing Sugihiko were blocked by the protective barrier and could not approach.

Seeing this, Ye Chen's face darkened. If it was an ordinary person, if he forcibly received a blow from his Titan Star Dou Fist, he would probably only die.

But this Soul Venerable Huang Guxi has not fallen down after being severely injured, which shows the strength of his cultivation base.

"Hehehe, Lord of Reincarnation, you have successfully angered me."

"I wanted to make your death easier, but now, I want you to taste what real pain is!"

The Soul Master grinned grimly, the body of the Demon Soul was burning, wisps of terrifying demonic energy permeated the air, his eyes turned into jet-black double pupils, lines of death appeared, the demonic energy gathered on top of his head, and gradually turned into a dark world. Magic Sky.

"Heavenly Devil Soul Eater, Devil Rain Sky!"

Hun Zun's expression was extremely stern, and with the power of the burning demon soul, he displayed the supernatural power of the demon soul devourer, turning into a vast sky of demonic dao, covering Ye Chen, Han Yan, and Qingshan Yan.

Crash!

Drops of dark, cold, and strongly corrosive rainwater poured down crazily from above the demonic sky.

Rainwater full of corrosive demon energy fell on Ye Chen, Han Yan, and Qing Shanyan.

"This rain is so corrosive!"

Ye Chen's expression changed, and he could only feel the black rain of demonic ways erupting from the soul master, which wanted to rot the bones and eat the soul, which was very terrifying.

As soon as the rain fell on people's skin, it made a hissing sound.

Ye Chen felt the severe burning pain in his skin, and hurriedly mobilized his dantian aura to block it, but the erosive force of the magic rain was so violent that it could directly penetrate into the human skin and corrode the muscles, bones, and hearts.

Han Yan and Qing Shanyan were also very uncomfortable when they were attacked by the Soul Eater Demon Rain.

This is the real method of Hunzun Huang Guxi. Once the dark rain falls, the three of Ye Chen will be hard to resist, and the difference in strength is too great.

Unless, you can find that special weapon, Zhanhundao!

Under the capture of the secret, Ye Chen glimpsed that the only way to break the situation was the soul-killing knife.

As long as you get the Soul Slaying Knife, you will have a chance to kill Soul Venerable Huang Guxi.

Soul Slashing Knife, transformed from the teeth of Emperor Huntian, is a top-level magic weapon. It has a strong restraint and killing effect against dark souls.

Even Huang Guxi, the Soul Venerable, is hard to resist.

But now, Ye Chen didn't know where the soul-slaying knife was.

Moreover, the devil rain poured down in front of him, and it was difficult for him to break through under the cover of the devil rain.

"The stars have no phase, the primordial star vault, rise up!"

At this moment, Qing Sugihiko yelled violently, and the energy and blood all over his body were burned at no cost. Every pore, every acupuncture point burst out endless starlight.

Bits of starlight were shining, slowly above his head, supporting a vast star dome.

This star dome carries the power of the original law. Every star shining in the star dome has a very ancient, very distant mysterious atmosphere, and its momentum is vast and vast.

This is the great supernatural power in the Stars Wuxiang Gong, which evolves the original star dome, the original law blooms, and has the vast and endless starry sky power.

As soon as this piece of primordial starry sky rises, it will compete with the demonic sky of Soul Venerable Huang Guxi.

The two skyscrapers faced each other in the void, faintly about to collide.

The magic rain that filled the sky was evaporated immediately under the light of Qing Sugihiko's original star dome.

"It's ridiculous to be stubborn and overwhelmed."

A trace of coldness flashed across the eyes of Hun Zun Huang Guxi, and he looked at Qing Shanyan.

I saw that Qing Sugihiko's complexion was pale, bloodless, and his whole body was burning crazily.

Obviously, he also needs to pay a huge price to use this original star dome.

Soul Venerable Huang Guxi looked arrogant and indifferent, knowing that Qing Shanyan couldn't last long, he immediately urged the Demon Dao Tianqiong to suppress him, trying to crush him.

Qing Shanyan gritted his teeth and supported, and said to Ye Chen and Han Yan: "Master of Reincarnation, hurry up and call my master, or call Huang Zu over!"

He knew how powerful Hunzun Huang Guxi was, and he couldn't resist by himself alone, so he could only try his best to delay the time.

If you want to kill Hunzun Huang Guxi, you can only invite high-level figures from the Taoist sect to come.

Ye Chen and Han Yan looked at each other and nodded, knowing that the situation was serious, they immediately flew out.

"Want to run?"

Hun Zun Huang Guxi was furious, and split out a wisp of magic energy, which turned into two black magic arrows, and shot at Ye Chen and Han Yan.

chi chi!

However, Qing Sugihiko reacted very quickly, swung his sword and slashed out, and the waves of Shinto surged, and the two black magic arrows fell down.

After such a meal, Ye Chen and Han Yan had already fled out without a trace.

"Damn it!"

"The law of karma, block it for me!"

Seeing this, Soul Master Huang Guxi gritted his teeth and was furious, but he had no choice but to continue to burn the energy of his soul, activate the law of cause and effect, and lay down a layer of air wall to seal off the Youshen Devil's Nest, so as not to send out the distress signal from Ye Chen and Han Yan.

Ye Chen and Han Yan came to a safe cave in a hurry. They wanted to express their will and call the high-level Taoist sect, but they found that their will could not be transmitted.

The Nether God Demon Nest has been sealed off.

"Brother, it's not good, what kind of soul master, the strength is much more terrifying than we imagined! There is still room for blockade."

Han Yan was worried: "This is troublesome, unless we kill him, we won't be able to get out."

Seeing this, Ye Chen's face also sank, and he faintly felt that the Hun Zun is so powerful, not only his own power, but also the blessing of Hun Tiandi behind him.

Hun Zun Huang Guxi's faith is too pious and firm.

Such a devout dark believer is enough to be blessed by Emperor Huntian. It is undoubtedly extremely difficult for Ye Chen and others to contend.

"That old guy, it's not easy to kill, we are not opponents."

Ye Chen frowned, thought for a while, and said:

"Unless we can find the weapon called Soul Slayer."

Han Yan also caught a glimpse of the secret, and said, "Is it the Soul Slayer Knife? But, where is that knife hidden?"

Chapter 9915

He vaguely grasped that the Zhanhundao was in the Nether God Demon's Nest, but he couldn't lock the specific coordinates.

This knife is too secretive. Even Huang Guxi, the soul master, searched so much, but couldn't find the slightest trace.

Ye Chen said: "Let's look separately, search carefully, don't miss any corners, and pay attention to the fantasy space."

The soul-slaying knife is so secretive, it must not be hidden in the real world visible to the naked eye, it is mostly hidden in the fantasy space.

Han Yan's head suddenly became dizzy, the real world is limited, but the fantasy is unlimited.

Theoretically speaking, thousands of imaginary spaces can be laid out in this Nether God and Devil's Nest. If you want to find a knife in it, it is undoubtedly looking for a needle in a haystack, and the chances are slim.

"Okay, brother, let's look separately."

Han Yan is helpless, although he knows it is difficult, but now there is only this way.

Qing Sugihiko can't last long, he must find Zhanhundao as soon as possible and go back to save him, otherwise he will die.

Moreover, only by finding the Soul Slaying Knife and beheading the Soul Venerable Huang Guxi, Ye Chen and Han Yan, would it be possible to leave alive.

At that moment, Ye Chen and Han Yan began to search separately, only wanting to find the hidden Soul Slaying Knife.

Ye Chen operated the law of fantasy, and found many fantasy spaces from the ghost cave.

Most of these fantasy spaces are opened up by the monsters that breed here. These monsters hide in the fantasy space and practice silently in their lairs.

Ye Chen broke through a lot of fantasy spaces and killed many monsters, but he still couldn't find the Zhanhundao.

In the distance, Qing Sugihiko's extremely tragic screams have already been heard.

It is conceivable that the current Qing Shanyan must be suffering from the cruel torture of the soul master Huang Guxi. He is alone, so naturally he is not the opponent of the soul master.

Ye Chen gritted his teeth, knowing that any delay in time would bring more pain and danger to Qing Sugihiko.

However, the soul-slaying knife was hidden too deep, and Ye Chen searched for more than an hour, but he didn't find anything.

"Father, try this way."

Suddenly, the little forbidden demon jumped out of the cemetery of reincarnation, stood on Ye Chen's shoulder, and pointed him in a direction.

"Little guy, can you feel the aura of that Soul Slayer Knife?"

Ye Chen's heart moved and he asked.

The little forbidden demon shook his head, and said, "I'm not sure, it's just that there seems to be some special aura hidden in this direction."

Ye Chen nodded, and strode forward along the point of the little forbidden demon, passing through caves one after another, bypassing the battle place between Qing Shanyan and Hun Zun, and gradually came to the deepest part of Youshen Devil's Cave.

This is almost an underground world, with a crystal vein appearing in front of Ye Chen.

That ore vein is crystal clear, exuding strong energy fluctuations of Origin Qi.

"Is this the origin of the Nine Heavens Breathing Soil Crystal?"

Ye Chen looked at this crystal vein, and could feel the rich source energy emanating from the vein.

The spirit wave of the origin qi of Youshen Devil's Nest emanates from this Nine Heavens Breathing Soil Crystal Vein.

The Nine Heavens Breathing Soil Crystal is a special Dao Crystal, which is directly gathered from the highest Dao breath.

"Father, the energy of this vein is so pure, I want to eat it!"

The little forbidden demon licked his lips, looked at the crystal-clear ore veins, his eyes gleamed with gold, revealing great longing.

"This mineral vein is equivalent to a hen laying eggs. You can't eat it casually."

Ye Chen shook his head and said.

It is precisely because of the existence of the Nine Heavens' Breathing Soil Crystal that every thousand years in the Nether God's Devil's Nest, there will be a wave of origin qi, and the water will flow in a long stream.

If this ore vein is eaten up, the source energy aura will be cut off from then on, and it will be a huge loss for Daozong.

Ye Chen didn't want to offend Daozong, so naturally he couldn't let the little forbidden demon go.

If this vein is gone, Daozong will definitely find him to settle the score.

"All right."

The little forbidden demon lowered her head helplessly, looking at the gleaming Nine Heavens Breathing Clay Crystal, she was still drooling, and said unwillingly:

"Father, why don't we eat together? I eat half and you eat half."

"This Nine Heavens Breathing Clay Crystal is a very pure Dao Crystal. Father, if you eat it, you may be able to awaken the rock totem of your source body of reincarnation."

The source of reincarnation has the Nine Heavens Totem, and each totem has different attributes. Currently, Ye Chen has only opened one Wind Totem, and if he can absorb the essence of the Nine Heavens Breathing Soil Crystal, he may have a chance to awaken

Chapter 9916

However, because the source gas was absorbed by something as soon as it was sprayed out, and did not flow out, so Ye Chen has not encountered the source spirit explosion for so long since he came to Youshen Demon's Nest.

"There is a layer of fantasy space here!"

Ye Chen was keenly aware that above the outlet of the source vein, there were a series of fantasy laws intertwined.

These fantasy laws cannot be seen with the naked eye, and need to use the "mind's eye".

Ye Chen looked carefully, and saw a series of black fantasy rules intertwined like thin threads.

With a pull of his finger, a wind blade slashed out, cutting off all the fantasy laws, and the void was distorted, and a fantasy world slowly emerged.

This fantasy world is empty, nothing exists, not even ordinary monsters.

"Huh? What's going on here? Why is it empty?"

Ye Chen frowned, he thought that there would be something in this fantasy space, secretly absorbing the energy of Yuanmai.

But unexpectedly, this fantasy space is empty, there is nothing.

"No, father, this is a two-story fantasy space!"

The little forbidden demon said.

"Double-layer fantasy space?"

Ye Chen froze for a moment.

The little forbidden demon said: "Yes, the double-layer fantasy space is like a dream within a dream. There are dreams within dreams, and illusions within fantasy. Behind this space, there is another layer of space hidden!"

"Strange, who created this double-layer fantasy space? Logically speaking, since the end of the Dharma-ending Era, the laws of heaven and earth have been destroyed too much. In today's world, it is difficult to construct a double-layer fantasy space. "

The little forbidden demon was contemplating, and when he was thinking, wisps of monster energy rose from his body, as if some ancient power was awakening.

Ye Chen flicked his head lightly, and said: "Little guy, don't think about it, first help me get out another layer of fantasy space."

"Good father!"

The little forbidden demon came back to his senses, and immediately made a move. A light wave of monster energy burst out from his little finger, piercing through that layer of fantasy space with a whirring sound.

The fantasy space in the void shattered like a mirror, but after this layer of fantasy space was shattered, a new layer of fantasy space manifested.

This fantasy space is dark and dark, and there is a huge pool. That pool is actually a source pool, which is purely composed of pure source energy.

In that pool, there was a sharp war knife, surrounded by demon energy, whistling and whistling, and the dark runes on the knife were intertwined, quite magnificent.

The dark aura on the magic knife diffused, covering the clear source pool of spiritual energy with a thick layer of black energy, like some kind of magic pool in ancient legends, exuding a palpitating aura.

When Ye Chen saw the magic knife, his heart was shocked, he caught the secret, and knew in an instant that it was the Soul Slaying Knife, a weapon transformed from the teeth of Emperor Huntian!

The Soul Slashing Knife transformed from the teeth of Emperor Huntian can be called a top-level artifact.

Looking at it from a distance, Ye Chen could feel the terrible evil spirit of the soul-slaying knife, and his heart was shaking.

But what surprised Ye Chen the most was not the Zhanhundao.

In front of Zhanhundao, there was a young girl with snow-white skin, who was soaking in the pool.

The water in the pool is not deep, the girl sat cross-legged, her lower body was submerged in the water, but her upper body was uncovered and exposed, that snow-white and crystal clear body, against the black Soul Slayer Knife behind her, looked like suet As white as jade, she turned out to be a goddess.

"Ouch!"

The little forbidden demon exclaimed, seeing Tiannv's naked appearance, subconsciously covered her eyes.

The celestial maiden's clothes were piled up by the pool. She didn't know how long she had been soaking here.

Above her head, a golden pill was suspended, engraved with the totem of a sword weapon, and auspiciousness bloomed.

Most of the energy of the source energy overflowing from the source vein was absorbed by the goddess, and then transmitted to the golden sword pill.

Under the nourishment of strands of pure origin qi, the golden light that bloomed from that sword pill became more and more intense.

The celestial girl kept breathing and exhaling, mobilizing her qi and blood to nourish the sword pill.

That sword pill also had wisps of energy aura, which fed back to her.

Ye Chen looked at the sword pill, and vaguely captured the cause and effect of Jianzi Xianchen.

That thing should have been given to Tiannu by Jianzi Xianchen, and it is probably related to the plan to forge a super-grade heavenly sword.

The energy overflowing from the source veins was so abundant and powerful that even a celestial girl couldn't completely absorb it. The source energy she absorbed was all transferred into the golden sword pill.

"The heavenly girl is actually hiding here!"

"Could it be that she created this double-layer fantasy space?"

Ye Chen's heart sank, but when he took a closer look, he found that this fantasy space had very old traces, obviously it was not newly created, and it was not written by a goddess.

Then there is only one explanation left.

Ye Chen's eyes shot at the soul-killing knife.

If he guessed correctly, the double-layer fantasy space was opened up by the Zhanhundao.

This knife is transformed from the teeth of Emperor Huntian, and it has spirituality!

Buzz buzz!

The Zhanhundao trembled, as if it was really spiritual, knowing that he had been exposed.

The goddess also opened her eyes, and when she saw Ye Chen appearing, she was stunned, her expression turned cold, and she said:

"Ye Chen, why are you here?"

Ye Chen looked at Tiannv, then at Zhanhundao, and said with a smile, "Why can't I be here?"

Chapter 9917

The goddess snorted, and said, "I never thought you would discover this imaginary space."

She discovered the existence of this secret fantasy space because of something bestowed by Jianzi Xianchen, and she never thought that Ye Chen could also discover it.

You must know that this fantasy space is the hiding place of the Soul Slashing Knife. In the past years, even Huang Guxi, the Soul Master, could not find it with great pains.

"Are you absorbing the energy of Yuanmai? Forget it, I won't stop you."

"But, the magic knife behind you belongs to me!"

Ye Chen fixed his eyes and quickly made a judgment.

Today's goddess is Jianzi Xianchen's tempering sword material. She absorbs the source energy, which is naturally the meaning of Jianzi Xianchen. To strengthen the essence of her body, the success rate of tempering the sword will be improved in the future.

Ye Chen didn't want to offend Jianzi Xianchen, so he knew that the goddess was madly plundering the source energy, but he didn't stop him.

However, he had to get that Soul Slayer Knife.

This is the key to killing Huang Guxi and saving Qing Shanyan!

Moreover, regardless of this layer of cause and effect, the Soul Slashing Knife was transformed by the teeth of the Emperor Soul, if it can be controlled, it will definitely have great benefits, a great opportunity, and a great fortune.

At that moment, Ye Chen flew out, his palms were covered with a layer of scorching sun, and he grabbed the soul-killing knife.

He could feel that the dark devilish energy of the Soul Slashing Knife was extremely strong, and if he didn't protect it well and held it directly, he might suffer backlash.

"That's my chance, how dare you snatch it!"

The beautiful eyes of the celestial girl turned cold, and her face became extremely cold. With a shout, the golden sword pill suspended above her head burst into a thousand rays of light, falling like a river of stars, covering the entire pool, as if forming a forbidden barrier, intertwined with golden runes .

Ye Chen bumped into the golden rune boundary wall, and was immediately pushed back.

"God, what do you want to do?"

"I have already given you all the huge energy overflowing from the source, are you still not satisfied?"

"This knife, do you still want to snatch it from me?"

"I'll save face Jianzi Xianchen, I won't fight with you today, but if you bully people too much, don't blame me for being ruthless!"

With a "clang" sound, Ye Chen sacrificed the Samsara Heavenly Sword, and the Dao Sect's military casting technique exploded, and Taoist runes bloomed on the sword, like hollowing out, and the blade suddenly became extremely fierce.

With the blessing of Daozong's military casting technique, Ye Chen is confident that he can directly break through the barriers laid by the goddess.

Feeling the sharpness of Ye Chen's sword, Tiannv's face changed, and she was secretly shocked: "This guy, when did he learn the Dao Zong's military casting technique? This is quite a profound supernatural power."

Daozong's military casting technique is one of the core magical powers of Daozong. It can forge weapons, which is somewhat similar to Daozong's alchemy casting technique. When necessary, it can even cast alive enemies into weapons.

Of course, Ye Chen's current cultivation of Daozong's military casting technique is only

Chapter 9918

so perfect!

This knife, whether it is weight, lines, shape structure, the magic energy it exudes, or the law fluctuations that surround it, are all perfect. There is no trace of artificial creation. It is a creation of heaven and earth, perfect and great.

Ye Chen took a deep breath, frantically mobilizing the energy of the scorching sun and life star, trying to suppress the devilish energy of the Zhanhundao and subdue the sword.

"stop!"

Seeing this, the goddess' expression changed.

This knife is her only hope to communicate with Emperor Huntian, she can't miss it.

She is doomed, under Jianzi Xianchen's hands, the possibility of surviving is very low, she can only hope that she will be resurrected in the future.

Seeing Ye Chen pull out the Soul Slaying Knife, the goddess immediately flew out of the pool, waved her hand, put on her clothes first, and like Fairy Lingbo, sacrificed the Ice Phoenix Heavenly Sword, stepped on the water and swung the sword to stab Ye Chen .

"You are not my opponent yet."

Ye Chen's expression was fierce, without any hesitation, he immediately turned on the source body of reincarnation, and the wind exploded all over his body, and there was a buzzing sound on his forehead, and a blue totem of wind appeared.

He opened the source body of reincarnation, not only to suppress the goddess, but also to subdue the soul-killing knife.

boom!

Ye Chen swung the sword wildly with his right hand, and the hurricane of sword energy roared out, vast and violent.

The goddess snorted, and suddenly felt suffocated, unable to resist, she knew that Ye Chen was already invincible at the Divine Dao Realm, and unless she could break through to the Heavenly Source Realm, she would definitely not be Ye Chen's opponent.

Under Ye Chen's violent sword hurricane, Tiannv could only retreat in embarrassment.

But Ye Chen felt a sharp pain in the palm of his left hand holding the knife.

The protruding bone spurs of the Zhanhundao pierced into the skin, and the bone spurs contained a strong demonic evil spirit, and penetrated into Ye Chen's blood. Even though he had activated the source body of reincarnation, he still felt very troublesome.

"Jindan Jianwan, sword god, please give me strength!"

The celestial girl sang, swallowed the golden sword pill back into her body, and called the sword god for help.

The sword god she summoned was none other than Jianzi Xianchen.

In this world, there are not ten thousand people known as "Sword Gods", there are eight thousand.

among the heavens,

Chapter 9919

laugh!

The tip of the goddess' sword stabbed again, and Ye Chen wanted to lift the sword with his right hand to block it, but the severe pain from his left hand had too much impact, his whole body was sore from the pain, and his right hand couldn't lift the slightest strength, even the sword. .

"not good!"

Ye Chen was horrified, the tip of the goddess's sword was about to pierce his heart.

"Yes, I have committed the sin of arrogance!"

At this moment, Ye Chen finally understood what the little forbidden demon meant by the crime of arrogance.

Jianzi Xianchen's seven sins of swordsmanship, the sin of arrogance is the first of the seven deadly sins.

The goddess cast the sword of arrogance, which immediately affected Ye Chen's Taoist heart, and made him fall into the sin of arrogance. The whole person became extremely arrogant and underestimated the enemy.

Ye Chen's Taoist heart is already extremely stable, but it is still affected by the crime of arrogance.

It is conceivable how powerful the Seven Sins Sword Art is.

This is not the power of the goddess, it is the power of the sword fairy dust, it is the power of the world

Chapter 9920

"This is Daozong's mineral, if you swallow it privately, just wait to be punished by the master, and Jianzi Xianchen will not spare you."

The goddess looked at Ye Chen coldly. Now that Ye Chen has stepped into the realm of the immortal emperor and awakened the totem of the rock, she is no longer an opponent.

She wanted to snatch the Soul Slaying Knife from Ye Chen, but it was absolutely impossible, and she was going to sue Jianzi Xianchen in her heart, and Ye Chen must be punished.

Swallowing the origin of Daozong is no small crime.

Ye Chen's eyes narrowed slightly, and he wanted to stop the little forbidden monster, but seeing the little forbidden monster turn into a big monster with such a crazy appearance, he really didn't know how to stop it.

"I'll take my leave first, hehe."

The goddess didn't stay any longer, turned around and left.

Although Youshen Devil's Nest has been blocked by Hunzun Huang Guxi, but Tiannv has the blessing means of Jianzi Xianchen, so she can break through naturally.

"Brother!"

As soon as the celestial girl left, a young man flew over from the outside with his back feet.

It was Han Yan.

The breath of the soul-slaying knife, the battle between Ye Chen and the goddess, and the frenzied roar of the little forbidden monster alarmed Han Yan, and he rushed here.

"This big monster..."

Han Yan looked at the big monster, recognized the little forbidden monster, and was stunned. He didn't expect the little forbidden monster to be so crazy and devour the origin of Daozong.

Click click click!

The sound of pieces of Nine Heavens Breathing Soil Crystals shattering reached Ye Chen's ears, and Ye Chen could only smile wryly, thinking about how to deal with the aftermath.

It didn't take long for the entire Nine Heavens Breathing Soil crystal vein to be devoured by the little forbidden monster.

"Hi~"

It hiccupped again, and its body shrank back to the appearance of a little forbidden demon with a "poof", but it was obviously a few years older, its body was a circle bigger, and the demonic aura it exuded was also stronger.

"Father, I'm full and I want to sleep."

The little forbidden demon rubbed his swollen belly and yawned comfortably.

"Get back."

Ye Chen's face twitched, knowing that it would be useless to punish the little forbidden demon too much now.

The little forbidden demon stuck out her tongue, probably knowing that she had caused trouble, and hurried back to the cemetery of reincarnation, and went to sleep under the water.

Han Yan didn't pay much attention to the little forbidden demon's affairs, because his eyes were quickly absorbed by the soul-slaying knife on the ground.

"This knife..."

With kind eyes, Han Yan slowly picked up the knife.

But as soon as he picked up the knife, the soul-killing knife also resisted him, buzzing, and clicking again, and sharp and small bone spurs emerged from the handle, piercing his palm all at once.

"Ouch!"

Han Yan was caught off guard, and was injured by the soul-killing knife. When he let go of his palm, the blade fell to the ground again.

"Let me come."

"This is the Soul Slaying Knife, which is transformed by the teeth of Emperor Huntian, and ordinary people can't grasp it."

Ye Chen said calmly, and wanted to pick up the Soul Slayer Knife. Now that he has awakened the Totem of Rock, he can try to hold the knife again.

"No, brother, give it to me!"

Han Yan gritted his teeth, but was aroused to be competitive, and bent down to pick up the soul-killing knife.

This time, he was prepared, even though the knife handle had a protruding bony spur, which pierced the palm of his hand and caused excruciating pain, but he still gritted his teeth and held back.

"Damn it!"

"This knife is really murderous."

"Hmm... Let me think about it, my father seems to have taught me how to control a knife."

After all, Han Yan was born in the Tiandao family. Even though he was a primary school swordsman, under the influence of his elders, he has also been exposed to many skills related to controlling and practicing swords.

At the moment, Han Yan took a deep breath and tried to wrap his spiritual energy around the handle of the knife.

Zhanhundao let out a mournful cry, as if the will was suppressed, and the bone spur on the handle immediately shrank back.

"Great, big brother, I hold it!"

Han Yan was overwhelmed with surprises, and swung the soul-killing knife a few times. His movements were a bit rusty, not as flexible as dancing a sword, but it could be seen that he had successfully grasped the soul-killing knife and was not injured again.

"Then go and rescue Brother Qing Sugihiko, he can't hold it anymore."

Ye Chen felt that Qing Sugihiko's breath of life had become very weak, and he probably couldn't hold it anymore, so he had to rescue it as soon as possible.

Soul Venerable Huang Guxi is powerful, under normal circumstances, Ye Chen and Han Yan are naturally hard to match.

But now that Han Yan got the Soul Slaying Knife, the situation of the battle may be reversed.

"Well! Brother, let's go."

Han Yan also knew that the situation was dangerous, and immediately strode towards Qing Sugihiko's direction.

Ye Chen also flew all the way, the two moved quickly, and soon returned to the place where Qing Shanyan and Hunzun Huang Guxi fought.

This place has been turned into ruins, all the rocks have been blasted, and the ground is cracked.

Qing Sugihiko was dying, barely sitting cross-legged on the ground, surrounded by a layer of enchantment of stars, and there was an amulet-like thing around his waist, which was shining.

Obviously, these star formations were not released by his own strength, but his amulets, most of which were given to him by the elders of the Taoist sect for self-defense.

Hunzun Huang Guxi manifested a 100-foot-tall heaven and earth dharma, and was frantically bombarding the enchantment of stars, roaring:

"Get out! Do you think you can escape my attack by hiding in this tortoise shell? I want you to die, and you must die today!"

He struck down with one palm, causing the star-enchanted shield to shake and cracks appeared.

Qing Sugihiko in the enchantment shield, his face was already pale, and when he raised his eyes, he saw Ye Chen and Han Yan coming, and he was stunned for a moment, thinking that he was in a dream.
