Chapter 9931

"But after coming to Daozong, all his privileges and enjoyments are gone. His daily necessities of life are extremely simple. In the past, singing, dancing, drinking and feasting, and beauties seeking pleasure were all forbidden by the Lord of Judgment. There is no such enjoyment in Tianxing Palace, not even a drink."

"He enjoyed himself in private, but was severely punished by the Lord of Judges."

The Lord of Judgment, Tianfa Luyue, is notoriously strict, her daily life is simple, without any enjoyment, all her energy is used to construct the perfect law in her heart, and she wants to create a perfect world governed by the law.

Before that perfect world was built, she refused any enjoyment, and she also refused to enjoy the enjoyment of her subordinates, because she was worried about wearing down her will.

When Ye Chen heard Di Ye's words, he couldn't help being a little stunned.

He knew that the law of the sky and the moon were unreasonable, but he didn't expect it to be so harsh.

Di Ye smiled wryly, "Uncle Han, I can't go to see Dongfang Shuo. There were Taoist disciples who wanted to visit him, but he killed them all."

"He has a lot of hatred for Daozong."

After a pause, Di Ye seemed to be afraid that Emperor Daotian would force him, so he cupped his hands and said:

"Uncle Han, I have something to do and I have to leave first, so take my leave."

After that, he immediately turned and left.

Emperor Daotian suddenly felt helpless, turned his eyes, but looked at Ye Chen, and said:

"By the way, Lord of Reincarnation, why don't you come forward and ask Dongfang Shuo to make a move?"

"You are the master of reincarnation, so he must give you face."

Ye Chen said: "I'm also a Taoist disciple, I'm afraid..."

Dao Tiandi waved his hand and said: "It's okay, you are just a registered disciple at the bottom, not an official disciple, and it doesn't count as breaking his rules if you go to see Dongfang Shuo."

"That old thing... Cough cough, that Dongfang Shuo's temper is too weird and withdrawn, I can't invite him, I have to ask you to come forward."

"As long as he is willing to do a divination, he will know Han Yan's whereabouts."

Ye Chen's heart moved slightly. He was also very worried about Han Yan's safety. If he could find out, it would be great.

Although this Dongfang Shuo has a weird temper, right now, he is the key to finding Han Yan.

Ye Chen thought for a while, and then said to Emperor Daotian: "Okay, senior, I will find a way to ask Dongfang Shuo to help."

Emperor Daotian was overjoyed and said: "Very well, Dongfang Shuo lives in seclusion in a place called Yaoling Mountain. You have to go find him quickly. I'm afraid he won't be bothered. If you want to move to another place, it will be troublesome." So he told Ye Chenyao the coordinates of Lingshan.

Seeing Emperor Daotian's appearance, Ye Chen knew that Emperor Daotian had "disturbed" Dongfang Shuo many times in the past few days.

"Yes, senior Dao Tiandi, I will set off immediately."

Ye Chen cupped his hands, and briefly calculated the good and bad in his heart, but was surprised to find that there seemed to be the aura of the ancient star gate on Yaoling Mountain.

"Are the people from the Ancient Star Gate also in Yaoling Mountain?"

Ye Chen frowned and asked.

Emperor Daotian said: "Dongfang Shuo is a top divination master. There are as many people who want to visit and ask him as crucian carp crossing the river. It is not unusual for the ancient star gate to be there."

"But in Yaoling Mountain, private fighting is prohibited, so you don't have to worry too much, even though it used to be."

Ye Chen said: "Yes."

I thought: "If that Dongfang Shuo's divination is really so clever, I have to ask him if I can win the championship this time."

Thinking in this way, Ye Chen bid farewell to Emperor Daotian, took the Titan ship, locked the coordinates of Yaoling Mountain, and left through the sky.

The void shattered, and soon, Ye Chen arrived near Yaoling Mountain.

Yaoling Mountain is located on top of a sea, and that sea is composed of tiny light spots, and those light spots are called "stars".

In Wuwu time and space, there are not many such seas of stars.

According to legend, the stars in the Sea of Stars may evolve into stars and rise from the ocean under the gestation of the aura of heaven and earth.

The stars evolved from stars are called "Tianzi Xing", which can give birth to various special minerals, medicinal materials, or give birth to some special spirit beasts.

The Son of Heaven Star is an important resource with huge strategic value, and all the sects are vying for it.

And the Sea of Stars is the ocean that bred the Son of Heaven, so naturally it was also scrambled by various forces.

Yaoling Mountain is located on the Sea of Stars, and Dongfang Shuo occupies the entire sea of stars by himself, which shows how powerful he is.

Ye Chen came to the outskirts of the Sea of Stars and saw the huge silhouette of Yaoling Mountain from a distance. As soon as the Titan God Ship was put away and landed, he was questioned by more than a dozen sea patrol guards.

"Stop, who is it? Come to my Yaoling Mountain, why?"

A group of patrolling guards surrounded Ye Chen, and someone asked.

Ye Chen arched his hands, and replied: "The inheritor of reincarnation, Ye Chen, I would like to see Master Dongfang Shuo, and I would like to ask everyone to help pass it on."

The guards were shocked and respectful, and they all bowed in return:

"It turns out to be the Lord of Reincarnation, Mr. Ye, long-awaited, long-awaited!"

Ye Chen nodded and said, "I want to see Master Dongfang Shuo, please help me."

All the guards looked at each other in blank dismay, all with embarrassment on their faces.

One person thought for a moment, and then said: "Master Ye, you have the karma of Dao Sect in you, so you must have joined the Dao Sect."

"The rules set by Master Dongfang, people of the Taoist sect are not allowed to step half a step into Yaoling Mountain, otherwise they will be killed without mercy. Please go back."

Ye Chen narrowed his eyes and said: "It's okay, I'm just a registered disciple, not a member of the Taoist sect, I just want to see Master Dongfang."

Chapter 9932

All the guards looked at each other, and the man still looked embarrassed, and said:

"Even so, you didn't come at the right time today."

Ye Chen said: "Is it because of the ancient star gate?"

He looked towards Yaoling Mountain, and could vaguely catch the breath of the ancient star gate.

Apparently, today, people from the Ancient Star Gate also visited Dongfang Shuo, and they were one step ahead of Ye Chen.

The guard said: "Yes, Li Chishi, the apprentice of the Ancient Xingmen Gutian Emperor, brought many gifts here today."

"Master Ye, you and the ancient star gate have a lot of grievances. If you go there now, you are likely to be made things difficult by that fierce red lion. There are many strong people around him."

Ye Chen said: "Li Chishi... the name sounds familiar."

He vaguely remembered that the name of this Li Chishi seemed to have been seen on the Shinto list.

The guard said: "That's right, that Li Chishi is the one who ranks in the Shinto list."

Chapter 9933

"Ah, Yao Ji..."

In the cemetery of reincarnation, the drug god of poisonous hands was also shocked after seeing Shenxue Yaoji.

"Senior, why is your junior sister here?"

Ye Chen asked in surprise.

Poison Hand Medicine God smiled wryly, and said: "Dongfang Shuo's divination technique is powerful, and he has divination opportunities for many strong people, and there are countless guardians around him. My junior sister must have received his favor, so I protect him."

Dongfang Shuo's strength itself is not strong, but there are countless guardians around him, and his connections are terrible. Except for the unkind judge of Daozong, no one dares to offend him.

Shen Xueyaoji, the wife of the God of Poisonous Hand Medicine, is one of the many guardians.

"Shenxue Yaoji, it's you!"

Li Chishi obviously also recognized Shenxue Yaoji, and looked at her with shock and anger.

Shenxue Yaoji said indifferently: "Master Dongfang doesn't want to see you, you can get out."

Li Chishi said in a deep voice: "I came here at the order of my master Gu Tiandi. You are that old guy Dongfang Shuo. Please weigh it carefully. If you offend my master, you are not joking."

Shenxue Yaoji shot a murderous look in her eyes, and said with a sneer: "What is the Emperor Gu, if you don't leave, I will kill you immediately!"

Feeling Shenxue Yaoji's icy murderous aura, Li Chishi couldn't help shivering, his Dao heart was almost defeated.

Shenxue Yaoji is the lord of the Wilderness of the Fool, her cultivation is as high as the sky, and in terms of seniority and strength, she is comparable to the Emperor Gutian.

Li Chishi didn't dare to fight anymore, and said: "Then... what about my gift?"

He brought many presents and wanted someone to give them to Dongfang Shuo, asking for an audience.

But now, all his people were thrown out by Shenxue Yaoji, and none of the gifts they sent back came back.

Shenxue Yaoji sneered and said: "You have disturbed Master Dongfang's purity, that little gift should be regarded as compensation, get out of here."

Li Chishi was furious, and said: "Shenxue Yaoji, don't bully me too much!"

Shenxue Yaoji smiled and said: "Why, you are not convinced?"

Li Chishi was shocked, but he didn't dare to fight with Shenxue Yaoji, and snorted: "Okay, very good, Shenxue Yaoji, you are amazing!"

"let's go!"

So he wanted to leave with his subordinates, and planned to go back to the ancient star gate to explain the reason to Emperor Gutian.

"Wait."

But suddenly, Shenxue Yaoji spoke again and stopped Li Chishi and the others.

Li Chishi said: "Why, do you still want us to be killed?"

Shenxue Yaoji smiled and said: "That's not true, I suddenly changed my mind."

She looked at Ye Chen with cold eyes, pointed at him and said:

"Li Chishi, help me kill the Lord of Reincarnation, and I can take you to see Master Dongfang."

Hearing this, Li Chishi was shocked.

Ye Chen was also taken aback, he didn't expect that Shenxue Yaoji would suddenly point the finger at him.

"You want me to kill the Lord of Reincarnation? It's not easy to kill."

Li Chishi's eyes turned, looking Ye Chen up and down, he could clearly feel the powerful aura contained in Ye Chen's body.

It is not an easy task for a warrior monk in the realm of the divine way to defeat Ye Chen.

Shenxue Yaoji smiled and said: "Even if you can't kill him, as long as you can seriously injure him, that's fine too. Hehe, it's not convenient for me to do it myself. If you do it for me, I won't treat you badly."

"I can bestow the blessing of Yaoling Mountain's leyelines on you."

After finishing speaking, Shenxue Yaoji moved her hands, and the entire Yaoling Mountain was filled with spiritual energy, Ruixia was turbulent, and all the great power of the laws of heaven and earth were bestowed on Li Chishi.

Li Chishi's body suddenly burst into light, and his momentum soared.

Feeling the expanding power in his body, Li Chishi couldn't help but licked his lips, and said with a hey smile:

"If that's the case, then I'd rather be respectful than obedient."

He knew that this was a rare opportunity.

If he was outside, he would not have any blessings, and it would be difficult to defeat Ye Chen.

But now, with the help of Shenxue Yaoji, he has received the blessing of Yaoling Mountain's land veins, and has an absolute advantage, and he has a huge chance of winning against Ye Chen.

Clang!

Li Chishi sacrificed his weapon, which was a mighty sword with a lion's head swallowing its mouth.

With a flick of his wrist, the knife in his hand burst into golden light, and the knife's whistle was clear, piercing through the sky.

Many martial artists from the Ancient Star Sect looked at each other and immediately surrounded Ye Chen.

Li Chishi raised his hand and said: "No need, don't break the Heavenly Sword Oath, I will fight this kid."

Among the people he brought, some were powerful masters who had surpassed the Divine Dao Realm, so they should not be dispatched easily, otherwise they would violate the Heavenly Sword Oath, and there would be endless troubles.

If he can rely on his own strength to defeat Ye Chen, then Ren Feifei can't fault him.

"Senior, do you really want to kill me that much?"

Ye Chen smiled, and looked at Shenxue Yaoji.

Shenxue Yaoji's beautiful eyes gathered murderous intent, she sneered and said: "You dare to confuse my daughter, if you don't kill you, how can you cut off her love?"

After a pause, he shouted: "Li Chishi, give me a hand!"

When Li Chishi heard Shenxue Yaoji's words, he immediately showed a sinister smile, and swung his knife towards Ye Chen.

"The fierce lion's evil spirit!"

A stream of red-golden energy erupted from his saber, roaring and shocking, and turned into the shape of a lion's head. The lion's roar exploded, intending to shatter people's eardrums.

Ye Chen's eyes were cold, and Dao Xin was unmoved, and he pulled out the Samsara Heavenly Sword.

Before he could make any moves, Li Chishi's knife had already slashed fiercely in front of him with a shocking fierce lion's aura.

Under the blessing of Yaoling Mountain's land veins, Li Chishi's sword is very fierce, as fast as thunder and lightning.

Chapter 9934

Ye Chen raised his sword to block, and with a bang, his sword was almost knocked flying.

"Boy, is this your strength?"

Li Chishi grinned. With the blessing of the earth's veins, he only felt his own fighting power, which was extremely ferocious. It turned from impossible to possible to destroy reincarnation.

The ground veins of Yaoling Mountain are full of Heavenly Emperor Qi and powerful energy. Apparently, there are many powerful people in the Heavenly Emperor's realm who wish to pray for this mountain, and some even sacrifice blood to worship Dongfang Shuo.

With the blessing of such earth veins, one can imagine the fierceness of Li Chishi's fighting power.

hum!

The golden knife buzzed, and Li Chishi turned his wrist, and then slashed wildly at Ye Chen's head.

Ye Chen was not flustered, knowing that Li Chishi had the right time and place, and if he wanted to fight, ordinary means would not work, he had to use his hole cards.

"Reincarnation source body, rock totem, open!"

With a loud shout, Ye Chen turned on the source body of reincarnation in an instant, violent energy exploded from the body, and a shining golden rock totem appeared on the back of his hand.

Then, a knife emerged from Ye Chen's left hand, and he held it tightly in his palm.

That knife was surrounded by demonic energy, exuding an ancient, ferocious, terrifying, and sharp evil spirit.

It is the soul-slaying knife transformed from the teeth of Emperor Huntian!

At this moment, facing Li Chishi, Ye Chen directly opened the source body of reincarnation and sacrificed the soul-slaying knife, which can be described as extremely decisive.

As soon as the Soul Slaying Knife came out, Ye Chen seemed to be transformed into the Emperor of Soul, with evil energy billowing all over his body, roaring evil energy, and even the pupils of his eyes turned into a dark color.

Yaoling Mountain, which was originally like a blessed land in a fairyland, made a lot of whimpering sounds immediately after Ye Chen sacrificed the soul-killing knife.

Both the sky and the mountain were shrouded in a layer of devilish energy.

"This is....."

Shenxue Yaoji looked at the knife in Ye Chen's hand and was completely shocked.

With her Dao Heart of the Heavenly Emperor Realm, she also felt horrified when she stared at the knife.

That knife can be called terrifying, as if it contains the supreme power of the devil, it suppresses all realms.

Ye Chen, who wields the soul-slaying knife, is fierce and invincible like the supreme ruler of the demonic way.

"What!"

Li Chishi was stunned, he felt so small under the reflection of Ye Chen's soul-slaying sword demonic energy.

"Heavenly Emperor Slays Soul!"

Ye Chen's sword was not fancy at all, some were just fierce and domineering, the sword was majestic, and the magic light was rolling, directly slashing the red lion.

Li Chishi was deeply terrified. Even with the blessing of Yaoling Mountain's land veins, he was like an ant in the face of Ye Chen's knife.

This knife, even a true god, cannot match it.

"Earth Mad Star, open!"

Li Chishi felt that life and death were in danger, he clenched his fists and roared, a huge star burst out from above his head with a burst of light.

This star, filled with violent and howling air currents, is exactly the earth mad star among the top ten earth evil stars.

As soon as the earth mad star came out, the fierce red lion's hair turned into golden yellow, fluttering like a lion's mane, and the muscles all over his body exploded.

Under the blessing of the earth mad star, he actually entered a state of madness, his eyes were red, and a phantom of a red mad lion appeared behind him.

This is the blessing effect of the earth mad star.

With the help of the ground mad star, Li Chishi can enter a state of berserk.

This kind of blessing is much more ferocious than the legendary source of war madness.

"Roar!"

Li Chishi, who had entered madness, let out a roar, his canthus shattered, and he slashed upwards like an open sky.

Ye Chen was not afraid in the slightest, and directly slashed down with the soul-killing knife.

Click!

An astonishing scene appeared. Ye Chen, who was holding Soul Slayer, was simply invincible.

With one slash, he actually cut off Li Chishi's knife on the spot.

The violent saber was suppressed, Li Chishi let out a "Puchi", spewed blood on the spot, with some internal organs, looking extremely embarrassed, and flew back in a hurry.

The earth-crazy stars above his head, crushed by the aura of Ye Chen's soul-slaying knife, exploded on the spot and turned into countless fine streamers of light.

Even though Li Chishi turned on the earth mad star and had the blessing of the Yaoling mountain range, he still existed like an ant in front of Ye Chen.

Ye Chen, who has activated the source body of reincarnation and holds Soul Slayer in his hand, is really too powerful, crushing the Divine Dao Realm is like crushing ants.

If you want to defeat him, unless it is a stronger player with higher strength.

"If you want to kill me, it seems that you are not qualified enough."

Ye Chen smiled, pointed the tip of the knife at Li Chishi, and a murderous look flashed in his eyes.

Li Chishi was terrified, and many strong men from the ancient star gate around him rushed over and surrounded him for protection, for fear that he would really be killed by Ye Chen.

Although the current Li Chishi is only in the Divine Dao Realm, he is the reincarnation of the earth mad star, has unlimited potential in the future, and is also a disciple that Emperor Gutian values very much, so he cannot lose his life here.

"Lord of Reincarnation, good, good, I underestimated you."

"No wonder my daughter is fascinated by you. You are indeed a rare genius."

Seeing that Ye Chen was breathing, Shenxue Yaoji defeated Li Chishi without any effort, and praised again and again, she had to admire it.

She can be sure that in the upcoming battle on the great road, unless there are special circumstances, few people will be Ye Chen's opponent.

If other contestants want to prevent Ye Chen from winning the championship, they must join forces.

If you fight alone, no matter who it is, in front of Ye Chen, you will be like an ant, vulnerable to a single blow.

As an immortal emperor, Ye Chen already has the invincible combat power to crush the divine realm, which can be called terrifying.

"Thank you senior for your compliment."

Ye Chen smiled, put away the Soul Slaying Knife, and looked at Shenxue Yaoji.

Shenxue Yaoji changed the subject and said:

"However, I don't like you. Your reincarnation world is a wrong world."

"The so-called law of reincarnation is the root of the pain of life and death in the world, and it is a cancer-like law that should be eliminated."

After a pause, she continued: "Or, you can think about it, cut yourself off from the path of reincarnation and switch to my camp, and I can marry my daughter to you."

She doesn't like the order of reincarnation, and can even be said to hate it.

However, she had a little appreciation for Ye Chen.

After all, the mere ninth level of the immeasurable realm has the means to crush the invincible god realm. Looking at the heavens, I am afraid that there is only Ye Chen alone. She also wants to recruit Ye Chen to her own hands.

Ye Chen said: "No need, I appreciate senior's kindness."

Shenxue Yaoji said: "There is no need to refuse in such a hurry, don't you like my daughter?"

Ye Chen smiled and shook his head without answering.

"Mother!"

At this time, only a female voice was heard, which came from Yaoling Mountain with a sense of embarrassment.

I saw a woman with snow-white skin, wearing a black dress and black dress, with bright eyes and bright teeth, walking down the mountain holding a black oil-paper umbrella.

Chapter 9935

It was Poison Gu Jialuo!

When Ye Chen saw Du Gu Jialuo, he was stunned for a moment. He didn't expect that she was also on Yaoling Mountain.

Poison Gu Jialuo stared at Ye Chen, her cheeks were slightly red, and she said to Shenxue Yaoji:

"Mother, Lord of Reincarnation and I are just ordinary friends, what nonsense are you talking about?"

After a pause, she said to Ye Chen again: "Lord of Reincarnation, Master Dongfang told you to come over."

Ye Chen said "Oh", and when he heard that Dongfang Shuo was willing to see him, he immediately lifted his spirits and walked forward.

Shenxue Yaoji said in a deep voice: "Lord of Reincarnation, let me ask you again, are you willing to take refuge in me?"

Ye Chen shook his head and said, "Senior, I will not give up on the way of reincarnation."

After finishing speaking, Ye Chen strode past Shenxue Yaoji and walked to Dugu Jialuo.

Poison Girl Jialuo was very embarrassed, and called out to Shenxue Yaoji: "Mother..."

Shenxue Yaoji snorted, and only looked at Ye Chen, with murderous intent in her eyes again.

"Lord of Reincarnation, please go up the mountain to gather together."

At this time, an old voice came from a fairy building halfway up Yaoling Mountain.

As soon as Ye Chen heard it, he knew it was Dongfang Shuo's voice.

Poison Gu Jialuo said softly: "Lord of Reincarnation, Master Dongfang has called you."

Ye Chen nodded, and said to Shenxue Yaoji: "Senior, let me take my leave first." He turned and went up the mountain.

Du Gujialuo called "Mother" again, but Shenxue Yaoji did not respond, she was very helpless, holding an umbrella to follow Ye Chen, and the two walked towards the fairy tower on the mountainside.

And after the two of them left, the murderous look in Shenxue Yaoji's eyes became even colder.

"This kid, you don't have to drink a toast."

Shenxue Yaoji gritted her teeth, flipped her palm over, took out a scroll, and threw it to Li Chishi behind her.

Li Chishi took the scroll, and saw that the scroll was dark and gloomy, with a trace of poisonous aura, he couldn't help being stunned.

Shenxue Yaoji said: "This is the formation scroll left to me by my husband Poisonous Hand Medicine God. Inside is engraved a Thousand Ants Bone Erosion Formation."

"As soon as this formation came out, tens of thousands of poisonous ants exploded, devouring flesh and eating bones, it was very powerful."

"You lie in ambush, set up a poison formation, and wait for the boy Lord of Reincarnation to come out, and then activate the formation to kill him!"

Li Chishi was defeated by Ye Chen just now, and he was already disheartened. Now when he got the scroll of poison formation from Shenxue Yaoji, his eyes lit up again.

However, he was concerned about Ye Chen's strength, and said, "Can a mere poison formation kill that kid?"

Shenxue Yaoji shouted: "How dare you underestimate my husband?"

"My husband, the God of Poisonous Hands and Medicine, was the one who ruled the heavens in the past,

Chapter 9936

Poison Gu Jialuo wanted to use some special poisons to completely suppress all aspects of his state to the Divine Dao Realm, so as to gain a chance to compete.

"Lord of Reincarnation, don't worry, I won't compete with you for the championship, as long as I get the top five rankings, I can get super god blood."

"Perhaps, we can still cooperate when the great battle begins."

Poison Gu Jialuo laughed.

Ye Chen smiled and said, "That's good."

The two of them walked forward while chatting, and soon came to the place where Dongfang Shuo was.

It was a pavilion straight into the sky, antique, auspicious, shrouded in mist, and the sound of silk and bamboo dancing came from it.

On both sides of the gate of the pavilion, there are powerful warriors guarding them. When they saw Ye Chen coming, they made an inviting gesture.

Ye Chen saw a large banquet in the pavilion, and many warrior monks were having a banquet. Jade pot delicacies, fairy fruits and vegetables, jade dew nectar, and the smell of fine wine and mash made people salivate.

On the main seat of the banquet, a Taoist priest wearing Taoist robes and with a goatee was smiling and enjoying drinks with guests from all walks of life, hugged by beauties in his arms, and many singers in the seat danced to the music of silk and bamboo, enjoying the prosperity of enjoyment.

That Taoist was Dongfang Shuo, and when he saw Ye Chen coming, he laughed loudly and said, "Lord of Reincarnation, please come in, please come in."

Ye Chen and Du Gu Jialuo went in and sat down on a jade table. A servant brought drinks and meat, all of which were carefully prepared delicacies.

"Master Dongfang, please."

Ye Chen raised his glass to salute Dongfang Shuo, and saw a man with a sword standing behind Dongfang Shuo.

The man with the sword looked very young, his aura was solemn and serious, his face was as quiet as a sculpture, and his eyes carried a hint of murderous indifference. He seemed to be Dongfang Shuo's guard or his disciple.

Ye Chen secretly took a few more glances, and felt that the man with the sword seemed to have some kind of curse on him. His cultivation had already reached the peak of the divine way, but it was because of the curse that he was still unable to break through.

Dongfang Shuo took a sip of the wine with a smile, and said, "Lord of Reincarnation, I have admired your name for a long time, let's have a good drink today!"

Ye Chen nodded, knowing the truth that haste makes waste, and he was not in a hurry to talk about divination, and only drank with Dongfang Shuo.

After drinking for three rounds, Dongfang Shuo sacrificed a jade slip and gave it to Ye Chen in public, and said with a smile:

"This is the Taoist casting technique

Chapter 9937

Ye Chen's eyes sank, and he looked at the man with the sword. He didn't expect that the other man's identity was so special that he was the reincarnation of the Heavenly Slayer.

Under the capture of the secret, Ye Chen knew that the Heavenly Killing Star was one of the nine Heavenly Gang Stars, and was born with a killing heart. The owners of the Heavenly Killing Star in the past were all gods of killing, extremely terrifying.

However, the current Heavenly Killing Star has dim light, has been cursed, and no longer has the demeanor of the former Killing God Heavenly Emperor.

But this Ye Qiu, to Ye Chen, is also a powerhouse that should not be underestimated. Even if he is cursed, the murderous aura of the Heavenly Killing Star is still strong, and his cultivation is at the peak of the Divine Dao Realm.

Of course, with Ye Chen's current strength, as long as he concentrates, he can crush anyone within the scope of the Divine Dao Realm.

"Ah, it's him!"

Suddenly, Ye Chen heard, in the cemetery of reincarnation, the God of Poisonous Hands and Medicine let out an exclamation, and he seemed to recognize Ye Qiu.

"Senior, what's the matter, do you know this Heavenly Killer?"

Ye Chen was very curious and asked.

The God of Poisonous Hands and Medicine kept his secret, shook his head, and didn't go into details, just said: "Master of the tomb, don't compare your luck with this Heavenly Killer."

"Otherwise, if your luck is broken by him, his curse will be passed on to you, which is very dangerous."

Ye Chen's heart trembled. Seeing the serious appearance of the poisonous hand and medicine god, this Ye Qiu was obviously not simple.

Dongfang Shuo said, "How about the Lord of Reincarnation? Do you dare to fight?"

Ye Chen's eyes flickered, secretly looking at "Heavenly Killer" Ye Qiu.

In terms of combat strength, he is not afraid at all.

He has no reason to be afraid when it comes to competing for luck.

Because of the luck of reincarnation, the heavens are the most majestic. He didn't believe that this Ye Qiu could beat him.

"Okay, Master Dongfang, then I will fight for luck with this Lord Heavenly Killing Star!"

Ye Chen nodded in agreement.

"very good!"

Dongfang Shuo was overjoyed and said to Ye Qiu, "Ye Qiu, I heard that the Lord of Reincarnation has invincible luck, so you should go and learn how powerful his luck is."

While speaking, Dongfang Shuo waved his hand and opened up a void arena in the hall.

Ye Qiu nodded and jumped onto the void arena.

Ye Chen didn't hesitate, and jumped onto the ring directly.

The guests in the hall looked at the two of them and pointed. They had seen many ordinary martial arts fights, but they rarely saw this fight of luck.

"Lord of Reincarnation, your strength is very strong, I can feel it."

"In a duel by force, I won't be able to survive ten moves under your command."

Ye Qiu looked at Ye Chen with a sharp look in his eyes, and spoke calmly and honestly:

"However, if it's luck in fighting, I may not lose."

Ye Chen smiled and said, "Okay, then come on."

After all, Ye Chen didn't talk nonsense, and took the lead in bursting out his luck.

Roar!

A golden dragon of luck, ten thousand feet long, burst out from Ye Chen's body, shining brightly, bursting with divine light, baring its teeth and claws, it was extremely spectacular, and rushed towards Ye Qiu.

Seeing this lucky golden dragon, all the guests were shocked and deeply shocked.

Judging from the luck golden dragon that Ye Chen exploded, the luck of reincarnation is really unpredictable and boundless.

"Heavenly Killing Star, open!"

Ye Qiu didn't panic, he shouted, and a star appeared above his head, shooting murderous aura, it was the Heavenly Killing Star.

His luck was completely concentrated on the Heavenly Slaughter Star, and he also turned into a golden dragon of luck, charged out, and fought with Ye Chen's golden dragon of luck.

Ye Chen's Luck Golden Dragon is a resplendent golden color, filled with the majestic momentum of reincarnation, a little turmoil, there will be countless epics, countless hymns of reincarnation, flowing out.

Ye Qiu's Luck Golden Dragon, however, had pitch-black pupils, and wisps of dark murderous mist lingered on the dragon scales, very forbidding.

When his golden dragon of luck and Ye Chen's golden dragon of luck fought together, the dark and murderous aura of his golden dragon of luck became stronger and stronger. In the end, the whole golden dragon turned into a black dragon.

A golden dragon and a black dragon fought fiercely on the void arena, and the airflow howled, the scene was very spectacular.

Ye Chen's face darkened, but he felt that Ye Qiu's lucky black dragon had a very sharp murderous aura, like a sharp knife, trying to penetrate all his defenses.

His luck golden dragon, in terms of aura and background, is of course stronger than Ye Qiu.

If the competition continues for a long time, Ye Chen will definitely win.

However, Ye Qiu is very smart and has no intention of fighting Ye Chen for a long time.

He wanted to turn his own luck into a sharp knife and penetrate Ye Chen to make a quick decision.

Scoff!

Ye Qiu's luck black dragon's claws became extremely sharp, and with a violent tear, it actually tore a hole in the body of Ye Chen's luck golden dragon, and a lot of golden light flowed out.

"Heavenly Killing Star Explosion, breaking reincarnation!"

Ye Qiu signed the Seal with both hands, and the Heavenly Slaughter Star above his head exploded completely, turning into strands of pure and terrifying murderous aura, which merged into his lucky black dragon.

The entire black dragon of luck became more formidable and terrifying, with sharp claws and teeth, roaring and shocking, and the dragon claws attacked, trying to tear Ye Chen's golden dragon of luck into pieces.

This golden dragon of luck is a symbol of Ye Chen's luck. Once it is torn apart, his luck background will be hit hard and the consequences will be serious.

"Samsara Seven Stars, get up!"

Ye Chen was not flustered, he had absolute confidence in his own strength.

In a crisis, Ye Chen turned on the seven stars of reincarnation, a pattern of stars shining in the void.

That is the totem of the Seven Stars of Reincarnation, among which the Fate of the Dragon, the Fate of the Sun, and the Fate of the Night have all been lit up, bursting out with monstrous brilliance.

Chapter 9938

Countless starlight gathered into Ye Chen's lucky golden dragon.

Under the infusion of the majestic starlight, the golden dragon of luck lost its dragon appearance in an instant, and turned into a pillar of starlight soaring into the sky, like a torrent.

"Samsara Star Dou Qi!"

Ye Chen yelled violently, and the Golden Dragon of Luck turned into Star Fighting Qi of Samsara, thousands of stars shone brightly, reflecting the sky, and all the guests were shocked.

Ye Qiu was also stunned. Against the backdrop of Ye Chen's reincarnation star fighting spirit, his luck black dragon was so tiny.

All the murderous aura, majesty, and fierceness are not worth mentioning under the supreme brilliance of reincarnation.

Rumble!

Ye Chen's samsara star fighting spirit crushed it, crushing Ye Qiu's luck black dragon into pieces on the spot, turning it into countless black fine streamers, which completely collapsed and dissipated.

"Puchi!"

After the Black Dragon of Luck collapsed and dissipated, Ye Qiu opened his mouth and spat out blood, his face pale.

"Ye Qiu!"

Dongfang Shuo stood up abruptly, unable to believe the scene in front of him.

Ye Chen defeated Ye Qiu with almost no effort.

Such a tyrannical posture, crushed by invincible luck, shocked everyone in the audience.

Ye Chen's fortune background is so majestic and profound, even the legendary Heavenly Killing Star, or even the cursed Heavenly Killing Star, cannot shake it in the slightest.

"Tomb owner, I underestimated you. Unexpectedly, your luck is so powerful that even the son of the jellyfish Dijī can be easily suppressed."

In the cemetery of reincarnation, the Poison Hand Medicine God was full of admiration and admiration.

The strength of Ye Chen's luck was far beyond his expectations.

"What jellyfish Empress?"

Ye Chen's heart moved slightly, and he caught a trace of strangeness in an instant.

The Poisonous Hand Medicine God's expression changed, and he hurriedly said: "It's nothing, it's nothing, tomb owner, there are some things that are not convenient for you to touch now."

Ye Chen was secretly careful when he saw the appearance of the poisonous hand and the drug god who kept secrets.

It seems that the jellyfish Empress is a great personage, and he silently memorized this name.

"Lord of Reincarnation, I lost, I admire you."

At this time, with a wry smile on Ye Qiu's face, he bowed to Ye Chen, convinced of his defeat.

He jumped off the ring, turned and left sadly.

There was a commotion among all the guests, but they didn't expect Ye Chen to be so fierce. In terms of strength of luck, Ye Chen is simply invincible.

"Master Dongfang, I have accepted."

Ye Chen came back to his senses, smiled and bowed to Dongfang Shuo.

He defeated the heavenly killer star Ye Qiu, so according to the agreement, Dongfang Shuo would count him in.

Dongfang Shuo's face trembled, he sighed, and said to Ye Chen, "Come with me." He turned and went inside.

Ye Chen was secretly happy, and followed Dongfang Shuo into the inner hall.

There was no one in the inner hall.

However, Dongfang Shuo seemed to be afraid of revealing the secret, so he tore open a space crack and brought Ye Chen in.

Behind the space crack is a dark space, with ghosts and ghosts floating everywhere, some unjust souls howling, and an ominous atmosphere billowing. In the center is a dilapidated altar, surrounded by many skulls.

When Ye Chen stepped into this space, he was taken aback. On the dark altar, he saw the totem of Emperor Huntian, and shouted vigilantly:

"Master Dongfang, are you a follower of Emperor Hun?"

Dongfang Shuo said with a smile: "Could it be that there is something related to the Emperor Hun, that is, the follower of the Emperor Hun?"

"Then you have the Devil's Eye of Death and the Soul Slaying Knife, aren't you the lackey of Emperor Hun?"

Ye Chen was silent for a while, but Dongfang Shuo had such a special dark space, which still surprised him.

Dongfang Shuo said: "This space is indeed related to the Emperor Huntian. It used to be an altar dedicated to the Emperor Huntian, but I am not a believer of the Emperor Huntian. It is inconvenient for me to tell you the cause and effect behind it."

"You still don't want to meddle in my affairs."

"Tell me, what do you want to divination."

Ye Chen collected himself and said, "Master Dongfang, I want to know the whereabouts of Han Yan."

Dongfang Shuo let out an "oh", quite surprised, and said with a smile, "It's rare for you to ask me for a divination, but you're just investigating someone else's whereabouts?"

"I thought you would ask me to divination some chance."

In Wu Wu time and space, many monks and warriors asked Dongfang Shuo to act. Most of them were looking for opportunities and good luck.

Like Ye Chen, it is very rare to find someone's whereabouts.

Ye Chen said: "Yes, I just want to know the whereabouts of Han Yan."

Dongfang Shuo said: "A few days ago, Emperor Daotian also sent someone to ask me, hehe, I didn't expect you to care so much about Emperor Daotian's son."

"Forget it, I will do a divination for you."

As he spoke, Dongfang Shuo strode up to the dark altar, and then sat cross-legged on the altar, offering a tortoise shell with copper coins in his hand, chanting words, shaking the tortoise shell, and began divination.

While he was divining, an astonishing scene appeared. Around the dark altar, many ghosts and ghosts screamed, turning into wisps of black smoke, and all the energy and aura gathered on the altar.

The entire altar erupted with a jet-black devilish energy, and the devilish energy gathered on Dongfang Shuo's body, but Dongfang Shuo's body was surrounded by golden fairy lights, intertwined with fairies and devils, very magnificent.

Ye Chen was secretly surprised, he couldn't understand Dongfang Shuo's divination methods at all, he just felt mysterious.

He just vaguely sensed that this Dongfang Shuo seemed to be stealing the power of Emperor Huntian before divination.

Chapter 9939

This is already serious blasphemy and offense!

After Dongfang Shuo finished chanting the incantation, the screams of many ghosts around fell down, as if some kind of mysterious sacrificial ceremony had finally stopped.

Dongfang Shuo opened his eyes, poured out the copper coins from the tortoise shell, arranged them on the altar, narrowed his eyes, and smiled again.

Ye Chen hurriedly said, "Master, what's the matter?"

Dongfang Shuo said calmly, "Don't worry, your sword demon friend, he will be fine."

Ye Chen said: "Then where is he?"

Dongfang Shuo said: "He is constantly avoiding. I can't determine his location, but I can tell you for sure that although he is in a dangerous situation now, he must have a great opportunity and a great fortune."

"He will reappear on the day of the great battle."

Ye Chen frowned and said, "Are you sure?"

Dongfang Shuo showed a dissatisfied expression, "Why, are you questioning me?"

"Old man, I have divination thousands of hexagrams in my life, and I have never missed it."

"The sword devil's energy is not exhausted, he will surely turn danger into good luck."

"If something happens to him, I can chop off my head and give it to you!"

Ye Chen listened to Dongfang Shuo's words, his tone was full of confidence, and his heart was a little more stable, and said: "In that case, thank you, Master."

Dongfang Shuo nodded and said, "Well, the divination is over, you can go out."

Ye Chen rarely had the opportunity to divination, so he naturally didn't want to leave so soon, and said:

"Master, I want to do another divination."

Dongfang Shuo said: "What else do you want? Let me tell you, you have already taken one hexagram, and if you take another hexagram, the price will be huge."

Ye Chen said: "I want to figure it out, what chance do I have of winning the championship when the Great Dao battle starts? What dangers will I encounter?"

With Ye Chen's current strength, it can be said that he is invincible in the divine realm.

If he fights alone, he will not be afraid of anyone.

But when the big battle begins, those geniuses will inevitably join forces to target him, and the situation he faces will never be easy.

Ye Chen really wanted to know, in such a situation, what chance he had of winning the championship, and what dangers he would encounter.

Dongfang Shuo's eyes sank, and he said, "You are the Lord of Reincarnation, and it is not easy to calculate your future."

Ye Chen said: "I also ask the master to do it. I don't know how much it will be paid?"

Dongfang Shuo pondered for a moment, looked at the distance of this dark space, pointed his finger to the distance, and said:

"It's not impossible for me to make a move."

"However, the reward I want is not some source jade material."

"There is a yin and yang magic formation over there, which is a formation left by a certain empress, which can continuously give birth to demon gods and monsters."

"But it's a pity that the formation has the law of cause and effect. As soon as all the demon gods and monsters are born, they will immediately sacrifice themselves, burn themselves, and worship the soul emperor. It's a pity that it can't be used by me."

"I want you to break the law of karma in the yin-yang formation, so that the demon gods and monsters born from that formation can be used by me."

"That's the reward I want."

Ye Chen narrowed his eyes slightly, looked into the distance, and said, "Do you want me to break the formation?"

Dongfang Shuo said: "It's not to destroy the formation, I just want you to break the law of cause and effect of that formation."

"The yin and yang formation can produce monsters in an endless stream. It is a large formation that can be called against the sky. Don't destroy it for me, or I will ask you to fill it with your life!"

At the end, Dongfang Shuo's tone also became severe, obviously he also attached great importance to the Yin-Yang Demon Formation.

What he wants is to break the law of cause and effect, so as to successfully control the formation, and control the monsters born from the formation, which is equivalent to obtaining endless resource wealth.

Ye Chen's face darkened, and he said, "Master, take me to see it first."

The yin and yang magic formation must be very important, even Dongfang Shuo himself can't break it, otherwise, there is no need to entrust Ye Chen.

Ye Chen didn't finish his sentence, he planned to take a look at the yin and yang formation before making a decision.

"Well, you come with me."

Dongfang Shuo got up from the altar, shaking his body a few times, as if it was wasted.

"Master, are you okay?"

Ye Chen was only worried that he would not be able to do divination

Chapter 9940

He thought that Ye Chen was the master of reincarnation, and maybe there was another way.

But now, looking at Ye Chen's appearance, it is obviously very difficult.

Ye Chen rolled his eyes and pondered for a long time, but he still couldn't see the solution. He was about to confess, but he heard the poisonous hands and medicine god say in the cemetery of reincarnation:

"Tomb owner, try using the soul-killing knife."

Ye Chen was taken aback, and said, "Soul Slayer?"

Poison Hand Yao Shen said: "Yes, you may be able to break the law of cause and effect in this formation if you attack with the Zhanhundao."

Ye Chen hurriedly asked: "Senior, do you know some secrets?"

"Who arranged this formation?"

"Is that the jellyfish Empress?"

Hearing Ye Chen's questioning, the God of Poisonous Medicine sighed, and said, "There are some things you will know sooner or later, now let's talk about it first."

Ye Chen saw that the God of Poisonous Hands and Medicine still refused to disclose it, and did not ask any further questions, so he said to Dongfang Shuo:

"Master, I can try to clear the formation, but I'm not sure if I can succeed."

Hearing this, Dongfang Shuo was overjoyed and said, "Okay, if you can succeed, I'll help you with divination right away, hehe..."

Ye Chen took a deep breath, calmed down, directly opened the source body of reincarnation, the totem of the rock exploded, and then sacrificed the soul-slaying knife, holding the knife in his hand, and strode into the yin-yang magic formation.

Dongfang Shuo also became nervous when he saw Ye Chen's appearance as if he was facing an enemy, and watched intently.

Ye Chen stepped into the yin and yang magic formation, and was immediately besieged by many monsters.

After the monsters were born in the formation, they did not sacrifice themselves immediately because of the intrusion of outsiders, but crazily rushed towards Ye Chen like sharks smelling blood.

"Heavenly Emperor Slays Soul!"

Ye Chen didn't panic, and swiped out the knife, the violent and devilish energy of the soul-slashing knife exploded, forming a wave that swept out.

A few monsters in front were killed by Ye Chen with a single blow, and the rest of the monsters screamed and fled in all directions, their eyes and pupils looked extremely terrified, looking at the soul-slaying knife in Ye Chen's hand.

The Soul Slashing Knife has the will fluctuations of the Emperor of Soul, and it has a powerful restraint effect against ordinary monsters.

When Ye Chen broke out with a knife, those monsters didn't dare to wreak havoc anymore.

Seeing this scene, Dongfang Shuo nodded secretly, admiring Ye Chen's methods.

Anyway, if it was him, he would definitely not be able to hold the Soul Zhanjian stably.

That knife, the demonic energy is too terrifying, Ye Chen is only able to wield it, which is a miracle.

After forcing back the monsters, Ye Chen calmed down, closed his eyes, and carefully grasped the various laws in the formation.

He captured many fantasy laws, creation laws, etc., as well as the extremely obscure law of cause and effect hidden behind.

The ray of law of cause and effect is like a ray of black flame that cannot be seen with the naked eye, but can only be seen with the eyes of the heart.

Whenever a monster is born, the black flame will burn, and the law of cause and effect will activate, urging the monster to sacrifice itself and enshrine the Soul Emperor.

The person who set up this formation must be an extremely loyal believer of Emperor Huntian.

Ye Chen couldn't see through the identity of the people behind the formation, but he could catch the flame of causality.

"Soul Slaying Knife, destroy it!"

Ye Chen suddenly opened his eyes, and the black flame of causality had emerged from his eyes.

He gripped the handle of the knife tightly and slashed towards the black flame.

Dongfang Shuo watched extremely nervously, and saw Ye Chen slash out with a knife, and with a sneer, he immediately extinguished the black flame like flowing clouds and flowing water.

The black flames collapsed, and the law of causality pervading the formation also disappeared.

Those monsters that were born seemed to have lost their backbone all of a sudden, like wandering ghosts, and began to wander around, no longer offering sacrifices to themselves, no longer sacrificing to the Soul Emperor.

This time, it became easy for Dongfang Shuo to capture and devour those monsters, which was equivalent to having endless resources to replenish.

"Hahaha, very good, very good."

Dongfang Shuo was overjoyed, his eyes flickered, and he said excitedly to Ye Chen:

"Lord of reincarnation, you are really powerful. You can even break the law of karma laid down by the jellyfish empress. That is an existence that even the emperor of heaven can't do anything about!"

Ye Chen was able to decipher the law of cause and effect, in fact, relying on Zhanhundao, not relying on brute force, but borrowing the will of Emperor Huntian.

"Jellyfish Empress? Who is she?"

When Ye Chen heard Dongfang Shuo mentioning the jellyfish Dijj, his heart was moved. In the dark, he seemed to see a beautiful woman.

That beautiful woman still has her charm, her posture is graceful, she is wearing a light black gauze dress, her figure is plump and attractive.

Then this figure was distorted in Ye Chen's mind, completely shattered, and finally reunited, and turned into Ji Lin's appearance, like an inheritance and a new life.

This scene was so bizarre, Ye Chen was astonished, and faintly felt that this Jellyfish Empress would have an inextricable relationship with his own reincarnation camp in the future.

Dongfang Shuo's expression darkened, he shook his head and said, "Jellyfish Empress, that is a taboo existence, you should stop inquiring about it."

"Lord of Reincarnation, I will do divination for you. You want to calculate the outcome of the Dao battle?"

Dongfang Shuo seemed to be afraid of Ye Chen's further questioning, so he immediately started divination.

He took out the tortoise shell and shook it lightly, the copper coins in the tortoise shell made a rattling sound.

In all directions, many ghosts screamed, one after another ghosts and demon gods, their bodies burned and turned into black smoke, and became sacrifices for Dongfang Shuo's divination.
