

## **Physician 9991**

### Chapter 9991

Those monsters were created by Void Ghost Face, one of the ancient gods of the six realms. They are very weird and evil.

Walking at night is likely to be attacked by monsters, and even if you can counter-kill the monsters, you will not get any benefits, which can be described as thankless.

Therefore, when night fell, many contestants in the forest set up camps one after another, stayed overnight, and planned to wait until daytime before heading on their way.

Ye Chen, Han Yan, and Qing Shanyan also set up camp, gathered around a bonfire, and ate some food to rest.

In the forest under the night, even the roar of the beasts stopped.

Those ferocious beasts are also very afraid of the existence of monster ghosts, and when night comes, they return to their lairs one after another and never go out.

In the forest, there is only the low whistling sound of ghosts. The voices of those monsters and ghosts, if they can penetrate the human spirit, make people feel a little creepy after hearing it.

Fortunately, those monster ghosts are afraid of flames, so as long as they light a bonfire, they can avoid being attacked.

But if you travel at night, you will definitely be attacked and killed by monsters, and the gains outweigh the losses.

The three of Ye Chen surrounded the bonfire and rested silently.

At this time, there was a slight sound of footsteps outside.

Hearing the footsteps, Han Yan and Qing Sugihiko immediately became vigilant.

Ye Chen caught a familiar breath, it was Poison Gu Jialuo.

"It's my friend, don't worry."

Ye Chen stood up, and sure enough, he saw a fair-skinned, beautiful-looking woman, holding a black oil-paper umbrella, approaching cautiously, it was Du Gu Jia Luo.

"Miss Galo."

When Ye Chen saw Du Gu Jialuo, he was overjoyed and said hello.

He and Poison Gu Jialuo are very good friends, but unfortunately, because of her mother Shenxue Yaoji, the two cannot get too close, otherwise, with her help, Ye Chen can fight against the fate of ten deaths and no life. chance of reversal.

"Lord of Reincarnation, finally found you."

Dugu Jialuo was quite excited when he saw Ye Chen.

Ye Chen said: "Miss Jialuo, what's the matter? Are you alone?"

In this competition, Poison Gu Jialuo participated as the Saintess of the Temple of the Fool.

Her mother, Shen Xueyaoji, no longer concealed her identity, and gave her the authority of the Holy Maiden of the Fool's Temple, which can greatly improve her luck and benefit the competition.

By Du Gu Jialuo's side, there used to be quite a few attendants from the Temple of the Fool, but now she is the only one.

Poison Gu Jialuo gave a "hmm" and said, "I came out quietly, Lord of Reincarnation, I want to tell you something."

"Zhou Wuhuang of the Great Zhou family has already contacted Huazu's disciple, Sky Speed Star Dai Xu, the Twilight Giant of the Death Religion, and Yun Cangzhong, a disciple of Nine Disaster Canglong, and they are discussing to join forces to encircle you."

"Zhou Wuhuang also found me and wanted me to deal with you too, but I didn't agree."

Ye Chen's face darkened. In fact, if he fought alone, he would be invincible against the heavenly heroes of all worlds. But if Zhou Wuhuang, Tiansu star Dai Xu, Yun Cangzhong and others join forces, he will have more enemies with fewer enemies, and it will be dangerous.

Is this the so-called ten dead without life?

"Didn't the goddess join in?"

Ye Chen asked curiously again.

Poison Gu Jialuo shook her head and said: "No, the goddess is very strange, she seems to have forgotten the grievances with you, and no longer has killing intent or hatred for you."

"Zhou Wuhuang teamed up with other geniuses to encircle and suppress you, but Tiannv didn't agree. She said that the competition has just started, so there is no need to target you so crazily."

Ye Chen nodded, it seems that after the celestial girl's past is gone, she really doesn't hate him anymore.

In this competition, although he and Tiannv are in a competitive relationship, Tiannv will not tear her face easily.

This is naturally a good thing for Ye Chen.

If there is no Tiannv to join, even if Zhou Wuhuang, Twilight Giant, Yun Cangzhong and others join forces, they will not be able to directly suppress Ye Chen, and he still has a chance to deal with it.

Poison Gu Jialuo said: "Lord of Reincarnation, I came to you tonight to tell you to be more careful."

Ye Chen said: "I will."

Poison Gu Jialuo laughed again: "Zhou Wuhuang and the others form an alliance, but each has their own ulterior motives, which is ridiculous."

"They dare not come directly to encircle you because you are too powerful. If they come to encircle and suppress you, whoever takes the lead may be killed by you. Therefore, all of them are unwilling to take the lead."

Ye Chen also laughed when he heard this, and said, "Are they so afraid of me?"

Thinking about it carefully, it is true that with his strength, if he erupts, the person who takes the lead will either die or be disabled.

Even if the alliance of Zhou Wuhuang and others can defeat Ye Chen in the end, they will inevitably pay a terrible price.

Poison Gu Jialuo's smile was restrained again, showing a trace of solemnity, and said: "However, the lord of reincarnation, Zhou Wuhuang and others, after all, are powerful, and when they resolve their internal conflicts, they will definitely attack you. You can't sit still and wait for death." ."

Ye Chen picked the firewood in the bonfire, his eyes flickered against the flames, and said:

"Don't sit still, do you want me to take the initiative?"

Poison Gu Jialuo hurriedly said: "No, no, it's too dangerous to take the initiative."

"I want you to drive at night, speed up, be one step ahead of them, and go ahead. If they can't catch up with you, you won't be surrounded."

Ye Chen frowned, and said, "Are you driving at night? It's very dangerous."

Chapter 9992

There are monsters everywhere at night, and it is very dangerous to travel in the dark.

Poison Gu Jialuo propped up the black umbrella in his hand, and said: "My Yinluo fairy umbrella can cover the secrets of the sky, conceal the breath, and hide from the detection of monsters."

"We can hurry together and leave Zhou Wuhuang and the others behind."

Ye Chen's eyes lit up, this method is very good, as long as he is ahead of Zhou Wuhuang and others, he doesn't have to worry about being encircled.

Han Yan said: "Miss Jialuo, you and my elder brother have left, what shall we do?"

Poison Gu Jialuo looked at Han Yan and Qing Shanyan, and said quickly:

"My umbrella can protect two more people. You just come with me."

Qing Sugihiko kept calm and rational, looked at Poison Gu Jialuo with burning eyes, and said, "Why did you help us?"

Poison Gu Jialuo blushed, glanced at Ye Chen, and said: "Because... because I and the Lord of Reincarnation are very good friends, I naturally don't want him to have an accident."

"Besides, I took poison and suppressed my cultivation to the level of the Divine Dao. My body is still not used to this level. It is very inconvenient to fight, and I still need time to get used to it."

"I want to ask you, if you have extra energy to hunt beasts during the day, you'd better share some with me. The mark on my forehead is still white."

She pointed to her forehead. The energy imprint was very pale in color. It could be judged that she hadn't absorbed any beast energy during this day.

Han Yan and Qing Shanyan, although the energy imprint has not been upgraded, but the color looks much deeper than Dugu Jialuo's.

Ye Chen nodded and said, "Well, this is fine."

He knew that Dugu Jialuo was the saint of the Temple of the Fool, and if she really needed to upgrade the energy of the beast, as long as she asked, her disciples would do their best to offer it.

But she still quietly ran out to advise him. This is a great kindness, and he is grateful in his heart.

Poison Gu Jialuo smiled and said, "Then, let's go."

The three of Ye Chen nodded, and then they extinguished the bonfire, braved the darkness, and marched through the night together.

Du Gu Jia Luo and Ye Chen are holding the Yin Luo Xian Umbrella together.

The Yinluo Fairy Umbrella emits a faint glow, Han Yan and Qing Shanyan follow closely behind, covered by the glow, it is equivalent to being sheltered, and the breath is completely concealed.

The four of them marched in two fronts and two backs. As soon as they left the camp, they encountered many lonely ghosts, evil spirits, wandering in the forest, and some strange beings wearing ghost masks, wriggling around, even There are also big trees that look ordinary during the day, with human facial features manifested on the tree, and those branches fell and turned into broken human limbs.

All kinds of weird looks made Ye Chen's scalp tingle.

He would rather face fierce beasts than face these weird monsters.

Fortunately, under the protection of the Yin Luo Xian Umbrella, those monsters seemed to be blind, completely ignoring the existence of Ye Chen and others.

In other words, they regarded Ye Chen and the others as the same kind.

Ye Chen was secretly amazed that the umbrella of Poison Gu Jialuo was really mysterious, but he didn't know who was able to make it.

After walking for a while, Ye Chen moved his ears, but he vaguely heard something coming from ahead.

"Brother, there are fighting sounds!"

Han Yan said in a low voice.

Ye Chen nodded, also heard the sound of fighting, and even caught a trace of familiar breath.

Qing Shanyan whispered to Ye Chen: "It seems to be the breath of the witch Pei Yuhan."

Ye Chen's eyes narrowed slightly, and he indeed sensed Pei Yuhan's aura.

"Go and have a look."

Ye Chen held an umbrella and strode forward.

Poison Gu Jialuo showed hesitation on his face, but he still followed.

After walking for about a mile, Ye Chen saw Pei Yuhan's figure in the open space ahead through the gaps in the leaves.

There are more than a dozen humanoid monsters besieging Pei Yuhan.

Pei Yuhan's face was full of pain and torment, holding a long sword, struggling to fight against the monster.

Around her body, several corpses were already lying, all of them were subordinates of Patriarch Hongjun and disciples of the Alliance of Outer Gods.

Not far away, there was another ferocious beast that fell to the ground.

Ye Chen probably understood it, presumably it was Pei Yuhan who led people to chase the beast, but it was delayed, and he didn't return to the camp until night, and was directly trapped by the monster.

Those humanoid monsters were very ferocious, attacking Pei Yuhan's vitals.

Pei Yuhan's clothes were almost torn, and she looked very embarrassed.

The energy imprint on her forehead is only the initial white color. Such an imprint cannot provide much blessing and protection. She faces the monster directly, and she is struggling and suffering, and she is almost unable to support it.

Seeing this, Ye Chen subconsciously wanted to save people.

Poison Gu Jialuo quickly grabbed his arm and said, "Lord of Reincarnation, don't be impulsive."

"If you make a move, we will be exposed and be attacked by monsters."

"There are quite a few monsters hiding nearby. If we swarm up, we won't be able to resist."

Ye Chen's face darkened, and he said, "Then do you want me to die?"

Poison Gu Jialuo said: "This Pei Yuhan is the reincarnation of a witch, so death is not a pity."

Ye Chen felt a chill in his heart, and for a while, it was difficult to explain the relationship between the witch and the Martial Ancestor to Poison Gu Jialuo, so he shook his head and wanted to save people directly.

Qing Shanyan stopped and said: "Lord of reincarnation, forget it, everyone has their own fate, this Pei Yuhan is the reincarnation of a witch after all, she is better dead than alive."

Chapter 9993

Qing Shanyan blocked it, but Ye Chen didn't have time to make a move, only heard a scream of "ah", Pei Yuhan's lower abdomen was pierced by a monster's claws, and his facial features were distorted due to severe pain.

The many monsters besieging her suddenly cheered and howled, pounced on her, and wanted to tear her up and devour her.

In an instant, Pei Yuhan was overwhelmed by more than a dozen monsters.

Ye Chen's expression was shocked, even if he made another move at this time, it would be too late.

Could it be that Pei Yuhan was really swallowed by monsters like this?

If she died, what would happen to Martial Ancestor?

While Ye Chen's thoughts were fluctuating, he suddenly saw a bright magic light soaring into the sky.

All the monsters that were on Pei Yuhan's body were repulsed by the magic light and pierced through. Under the tyrannical momentum of the magic light, his body turned into fly ash on the spot, and there were bursts of screams.

Ye Chen was taken aback. He saw Pei Yuhan's bruised body straightened up. His body was full of magic light, and his injuries were recovering rapidly. The billowing magic energy exuded the breath of death, permeating the surroundings, making the huge trees silent. withered, crumbled, reduced to dust.

Pei Yuhan's eyes became extremely cold, vicious, cruel, and ruthless, with the majesty of a superior, seeing the world as dust, and all living beings as ants.

Behind her, billowing devilish energy exploded, converging into a towering towering totem.

That is the witch's totem, that is the witch's heaven and earth law!

The ten thousand zhang high heaven and earth dharma shook the heaven and earth. The entire blade forest and the contestants in many camps could clearly see the greatness and magnificence of this heaven and earth dharma.

Everyone was shocked and felt the oppression of death.

The witch's magic image, holding a huge death scythe in her hand, was really like death in person, and her majestic momentum overwhelmed the audience.

"It's... a witch!"

"The power of the witch has awakened!?"

Ye Chen was extremely shocked. The former Pei Yuhan only awakened part of the witch's memory at most, but the witch's power did not awaken.

But at this moment, the breath of death exploded all over her body, obviously she had awakened the power of a witch.

The witch won the power of the god of death back then and became the new god of death, which is equivalent to the concept of death itself, which is extremely tyrannical.

She is now awakened, and the tyrannical death coercion covers the entire forest, causing many monsters to make fearful sounds and run around.

At the audience square, people had gone back to rest at night, and not many people were still in the auditorium.

But when the witch's aura erupted and the violent weather reached here, many sleeping spectators were awakened one after another. They were also shocked and felt the oppression of death. Many people walked out of the Taoist guest house and looked at the distant sky in surprise. The majestic witch totem.

Han Yan, Qing Sugihiko, and Du Gu Jia Luo were too shocked to speak when they witnessed the awakening of the witch.

"All the heavens will die eventually, only the god of death will live forever..."

Pei Yuhan's eyes were blurred, and she chanted softly.

Then, she looked at Ye Chen, showing a cruel sneer, and said:

"Ye Chen, we finally meet again."

"Or should I call you master? Hehe..."

Hearing Pei Yuhan's voice, Ye Chen's hairs stood on end.

Pei Yuhan turned his eyes, looked at Qing Shanyan again, and said:

"Your name is... Aosugihiko? Shinto list

Chapter 9994

"Stop for me."

The witch's eyes were gloomy, and she only felt overwhelming tiredness. She knew that she would soon fall into a deep sleep again, and she would change from a witch back to Pei Yuhan.

Before that, she had to kill Ye Chen, otherwise, she would not be able to awaken again someday.

call!

The witch slapped Ye Chen's back fiercely with the majestic and terrifying palm print of the god of death.

Ye Chen couldn't dodge at all, the witch's palm was too fierce.

In a crisis, Ye Chen had no choice but to open the source body of reincarnation, and with a bang, he took the witch's palm.

Immediately, Ye Chen felt a huge force, mixed with a terrifying wave of demonic power, attack from his back. His throat was sweet, and blood spurted out on the spot, and his internal organs and bones were almost shattered.

But fortunately, after turning on the source body of reincarnation, Ye Chen's physique has also become extremely strong. In addition, the power of the witch was consumed just now, so he barely endured the palm. Although he was seriously injured, he at least saved his life.

"Brother!"

Han Yan was in a hurry, fearing that something would happen to Ye Chen.

"Lord of Reincarnation, are you alright?"

Seeing Ye Chen vomiting blood, Du Gu Jia Luo was also very anxious, put his arms around his waist, and hurriedly led him to escape.

The witch failed to kill Ye Chen with one blow. When she saw this scene, her eyes suddenly showed a look of incomparable resentment and resentment. She yelled, hoarse, and wanted to chase after him, but she didn't have enough strength.

The boundless drowsiness quickly surged up like a tide, completely engulfing her consciousness, her body trembled, then fell limply to the ground, and passed out.

As for Du Gu Jia Luo and Han Yan, they ran away with Ye Chen all the way, but their faces were extremely solemn.

Although she got rid of the witch, the danger has not been lifted.

They could clearly sense that there were streaks of fierce auras rushing towards them at a high speed.

Just now the witch awakened, her power was so terrifying, it alarmed everyone and also touched the secret of heaven.

People from Tianxu Temple, Ancient Star Gate, Death God Cult, Dark Soul Clan and other camps all know that the monsters in the forest, under the coercion of the witch, temporarily collapsed and left, and the forest was no longer in danger.

And Ye Chen was injured by the witch again, this is their once-in-a-lifetime opportunity.

Under Ye Chen's serious injury, his chest was tight and he couldn't speak a word, but he also felt the danger in his heart.

Du Gu Jia Luo and Han Yan led him to escape not far away, when he saw figures in the night.

Soon, hundreds of figures came through the air and surrounded the three of them.

Ye Chen saw familiar faces, Zhou Wuhuang, Yun Cangzhong, Tiansu star Dai Xu, dusk giant, Qing Fuchen, and the saintess of the ancient star gate, Huan Gongyu, the apprentice of the bone emperor, all came.

Only the goddess did not come.

They each brought many strong men, and surrounded Ye Chen densely.

They were discussing to encircle and suppress Ye Chen, but they were arguing with each other, and no one was willing to take the lead, for fear of being killed by Ye Chen.

But now, after knowing that Ye Chen was severely injured by the witch, they immediately rushed over like sharks smelling fishy.

Dugu Jialuo and Han Yan turned pale when they saw so many enemies around them.

Now the two of them can crush the Dao Order and immediately abandon the game and leave, but what can Ye Chen do?

They couldn't leave Ye Chen alone, Ye Chen was so seriously injured that he didn't even have the strength to crush the Dao Order.

"Everyone really thinks highly of me, there are so many people here."

Ye Chen pulled himself together, barely stood up straight, pulled up a bit of strength, and said with a smile.

Zhou Wuhuang crossed his arms, looked at Ye Chen like a tiger staring at a lamb, and said, "Lord of Reincarnation, it seems that God will not bless you. You are seriously injured, and I am afraid that you will not even have the strength to resist."

"Killing you like this is not a military victory, and it is not honorable to spread it."

"However, your talent potential is too terrifying. Even if you win by force, I will kill you today!"

With a clang, he drew out his long sword.

Many warriors around also drew out their weapons and stared at Ye Chen.

Han Yan felt the threat and shouted: "Miss Jia Luo, take my elder brother away first, and I will stay behind!"

With a roar, his pupils instantly turned into complete darkness, condensed like ink, billowing with demonic energy, he actually entered the state of a sword demon in an instant, and pulled out a black sword from the air in his palm, killing and slashing.

Scoff!

With a wave of Han Yan's long sword, a gap was cut in the human wall surrounding them in front of them, blood spattered, and at least a dozen people were killed by him in an instant.

Seeing Han Yan possessed by the devil, with such fierce sword energy, the people around suddenly exclaimed, showing expressions of fear.

Zhou Wuhuang shouted:

"Don't panic, although he is the reincarnation of the sword demon, but the Emperor Daotian has already placed shackles on him, even if he is possessed by the demon, he will not go crazy."

"Let's go together, enough to kill him!"

Hearing Zhou Wuhuang's words, everyone's eyes focused on Han Yan, and they realized that although Han Yan's devilish energy was sharp and fierce, it was far less powerful and terrifying than the witch just now.

If you can gather the power of everyone, it will be enough to kill Han Yan.

Ye Chen raised his eyes and felt that Han Yan's aura after being enchanted was not as domineering and unrestrained as before.

It seems that his father, Emperor Daotian, was afraid that he would be lost again, so he put down the shackles to limit his power after being enchanted.

This kind of restriction can keep Han Yan awake even after he has become possessed.

However, it greatly limited his power after being enchanted.

"Go!"

Facing threats from Zhou Wuhuang and others, Han Yan urged Poison Gu Jialuo without any fear.

Du Gujia Luo knew the serious situation, so he didn't have time to think about it, so he immediately put his arms around Ye Chen and flew out.

Some warriors wanted to stop them, but Han Yan directly killed them with his sword.

Poison Gu Jialuo is not a fuel-efficient lamp, he waved a poisonous needle, forced everyone to retreat, and fled with Ye Chen.

"Damn it!"

"Slaughter this sword demon! Hurry up and hunt down the Lord of Reincarnation!"

Zhou Wuhuang was furious, and while dispatching manpower to pursue Ye Chen, he summoned the surrounding strong men to encircle and suppress Han Yan.

Under the leadership of Du Gu Jia Luo, Ye Chen fled outside, thinking about Han Yan's safety in his heart, and was very worried.

But he also knew that there was nothing he could do when he was seriously injured.

At the moment, Ye Chen kept breathing and exhaling, running the Buddha's scriptures, Bagua Tiandan, Taoist alchemy, six reincarnation methods, etc., constantly recuperating the injury.

The witch's palm really exploded his internal organs. If it weren't for his strong physique, he would be a dead man now.

That palm was so fierce and swift that Ye Chen didn't even have the chance to mobilize Qinglian's avatar.

Many pursuers came after them. Fortunately, Poison Gu Jialuo was very powerful. He waved his sleeves and released patches of poisonous mist to block the pursuers. He quickly took Ye Chen and fled to a safe place.

Chapter 9995

She placed Ye Chen on a grass field, leaning against a big tree, wiped the sweat from her forehead, and said:

"Master of Reincarnation, you should rest first. Although you are seriously injured, fortunately you did not hurt your source. With your physique, you must rest for a night before you can recover."

Ye Chen nodded, and sat cross-legged on the ground, silently exercising his skills to heal his injuries.

However, not long after he started healing, a faint sneer came from the big tree in front of him.

"The majestic master of reincarnation is actually in such a mess."

Hearing this voice, Ye Chen and Du Gu Jia Luo were both shocked and looked up.

On a big tree in front of him, there was a young man sitting on the tree trunk leisurely, looking at Ye Chen and Dugu Jialuo with eyes like a cat playing with a mouse.

Ye Chen shrank his pupils, and immediately recognized that the young man was actually ranked in the Shinto list

Chapter 9996

"The breath of the tail beast! It's still so deep!"

Dai Xu looked at the blood dragon in disbelief, and felt that there was an unimaginable energy fluctuation of the tailed beast on the blood dragon, not just one, but several tailed beasts gathered together.

The blood dragon snorted without talking nonsense, swung its huge dragon claws, covered the sky and covered the ground, and went to kill Dai Xu.

However, Dai Xu's speed was extremely fast. After Dao Xin calmed down, he swayed his body and avoided the blood dragon's attack with ease.

The little forbidden demon was also frightened by Dai Xu's speed, and hurriedly jumped onto Ye Chen's shoulder, saying, "Father, I will protect you."

He released wisps of monster energy and set up a tight barrier of monster energy to protect him. In this way, no matter how fast Dai Xu is, it is impossible to find a gap to attack unless he is killed first.

Seeing this, Dai Xu's face darkened. After turning his eyes a few times, he suddenly chanted an obscure incantation in a low voice.

Then, his body, as if he had received some kind of blessing, smelled like herbs, and his body was filled with wisps of medicinal aura, his physical strength was greatly improved, his muscles exploded, his bones creaked, and he burst out with a sense of tyrannical strength.

"Lord of Reincarnation, I'm afraid you won't be able to survive this quarter of an hour."

Dai Xu smiled sharply. After his physical strength became stronger, he clenched his fist and blasted out with one punch, hitting the blood dragon straight.

This time in his attack, he was not only as fast as a ghost, but also as fierce and domineering as a thunderbolt. He even faintly surpassed the Divine Dao Realm and touched the threshold of the Tianyuan Realm.

"How is this going?"

Feeling Dai Xu's strength, the blood dragon swelled up so much, he couldn't help being surprised.

Under the restrictions of the Taoist rules, it can only exert the power of the Divine Dao Realm at best.

But Dai Xu faintly surpassed the Divine Dao Realm, and attacked it violently with a crushing attitude.

bang bang bang!

Dai Xu slammed his fist hard, hitting the blood dragon.

Even though the blood dragon has integrated many tailed beast energies, because it is restricted by the Taoist law, it suddenly feels extremely uncomfortable facing Dai Xu's bombardment.

The little Forbidden Demon gathered demonic energy, turned into a stream of demonic energy and swords, roared and slashed at Dai Xu, but was blown away by Dai Xu's backhand punch.

Dai Xu's speed is not only terrifying, but also his strength has swelled, becoming extremely powerful.

"You have been blessed by Huazu! You cheated!"

"Huazu is really shameless. As the referee, he actually cheated for you."

Poison Gu Jialuo saw the clue and scolded loudly.

Dai Xu became so powerful because of Hua Zu's blessing behind him.

Hua Zu is secretly helping him!

Help him cheat and give him great power.

Dai Xu sneered and said, "What cheating, you don't have proof, so don't swear."

"Dare to slander my master, I want you to die!"

As soon as the words fell, Dai Xu stepped on the stars, and his speed was extremely fast. With a sway of his body, he was in front of Du Gu Jialuo, and punched her in the head.

Poison Gu Jialuo was terrified, and in the midst of a crisis, she put away the Yinluo fairy umbrella, and the tip of the umbrella pointed at Dai Xu's heart.

If Dai Xu didn't stop his fist, then the heart would be pierced by her.

Although her state in all aspects has been suppressed to the level of the divine way, her combat experience is still there.

This attack will save the enemy, Dai Xu's face darkened, he had to withdraw his fist to defend, turned his fist into a palm, and slapped Du Gu Jialuo's black umbrella away with a slap of his palm.

Poison Gu Jialuo narrowly escaped death, his face was already pale, he hurriedly stood together with the blood dragon and the little forbidden demon, their auras were connected in a line, and they all fought against Dai Xu.

"We waited for a quarter of an hour, waiting for my father to recover from his injuries. This man is not his father's opponent."

The little forbidden demon calmed down and said that he had great confidence in Ye Chen.

Du Gu Jia Luo nodded, now he can only pin his hopes on Ye Chen.

Dai Xu grinned grimly, and said, "I'm afraid you won't be able to delay it!"

He took a deep breath, and his strength burst out again. With a bang, his clothes exploded, exposing a lot of swollen muscles. He stomped on the ground, with a speed like a meteor, towards Dugu Jialuo, Xuelong and Xiaojin. The demon flew away.

The berserk fist smashed down fiercely with earth-shattering mighty fluctuations.

Ye Chen closed his eyes, cut off the communication with the outside world, and entered a state of healing with all his heart.

He knew that it was useless for him to worry now, the only thing he could do was to heal his injuries as soon as possible.

The physique of reincarnation is extremely powerful.

Give him a quarter of an hour, and he has the confidence to recover.

Blood Dragon, Little Forbidden Demon, and Dugu Jialuo defended with all their strength to buy time for Ye Chen.

However, with the blessing of Hua Zu, Dai Xu was very powerful, and they couldn't hold on anymore.

"Wow wow, this Taoist restriction is so uncomfortable, I want to break it!"

The little forbidden demon gritted his teeth, and the restrictions imposed on him by the Taoist sect were like shackles, preventing him from displaying his strength.

This time, he wanted to forcibly break the restriction, unleash his strength, and kill Dai Xu directly.

"Little guy, don't be impulsive."

"If you break the limit, you will be expelled from the competition. Do you want the master to be retired?"

The blood dragon warned in a deep voice.

Yanshen Tianzun said that for the sake of fairness, Daozong will limit the strength of the contestants' pets. Otherwise, the contestants can sweep the Quartet with a powerful pet, so there is no need to compare.

This kind of restriction is necessary, if the little forbidden demon breaks through without permission, it will cause Ye Chen to be retired from the competition.

"Then what to do, we can't stop this guy."

The more the fight goes on, the harder it is for the little forbidden demon to support.

Dai Xu's power is majestic and his speed is like lightning. Neither he nor the blood dragon can resist.

Chapter 9997

The blood dragon was silent, and felt helpless for a moment.

After all, its strength is also limited.

"Let me do it."

At this moment, Poison Gu Jialuo gritted her silver teeth, strode out, threw the black umbrella in her hand, squeezed her hand, and shouted:

"Yinluo jellyfish, show up!"

After she finished drinking, a strange change appeared in her umbrella. It turned into a black transparent jellyfish, and it was still alive. It was surrounded by demon energy and suspended in the void, which looked very strange.

The blood dragon and the little forbidden demon couldn't help being surprised when they saw that Du Gu Jialuo's umbrella turned out to be a jellyfish.

The transparent jellyfish floated in the void, filled with demon energy, and its roots exuded ancient and mysterious energy fluctuations, which made Dai Xu stunned.

"What is this?"

"The creation of the jellyfish Empress?"

A trace of surprise flashed across Dai Xu's eyes, and he felt the danger of the jellyfish.

Woo!

Poison Gu Jialuo clenched his teeth, and with a formula in his hand, he manipulated the jellyfish from a distance, looking very strenuous.

Under the control of Dugu Jialuo, the black jellyfish jumped in the void, and instantly jumped in front of Dai Xu, its tentacles were like the tentacles of a devil, entangled towards Dai Xu's body.

Dai Xu was shocked, starlight bloomed on his body, he hurriedly used the innate supernatural power of Tiansuxing, and his body flew away like a phantom to avoid it.

But the black jellyfish chased and killed Dai Xu like a nightmare and tarsal maggots.

Although Dai Xu's speed is fast, the black jellyfish is very strange, jumping and flickering in the void, always jumping in front of Dai Xu, lingering.

"Ahhh!"

Finally, Dai Xu accidentally got his left arm entangled by the tentacles of a black jellyfish.

Streams of terrifying and strange demonic energy, along the tentacles of the black jellyfish, melted Dai Xu's skin and penetrated into the bones of his arm.

Feeling so ominous, Dai Xu screamed on the spot.

"Damn it!"

Dai Xu gritted his teeth, reacted very quickly, and made a decisive decision. A sword was formed in his right hand, and his left arm was cut off with one sword.

The black jellyfish was still wrapped around his severed arm, and within a few breaths, the severed arm was dissolved into a puddle of pus.

At the gap in Dai Xu's severed arm, flesh and blood squirmed, and a new arm grew rapidly.

Generally speaking, every drop of blood is extremely precious for warrior monks in the Divine Dao Realm. If an arm is cut off, even if they can be reborn immediately, the power belonging to the Divine Dao Realm will take a long time to recover.

But Dai Xu, after his arm grew back, his strength still exploded violently. When he clenched his fist, the fist blasted out, and the strong wind of the fist blasted towards the black jellyfish.

Obviously, behind Dai Xu, there must be Hua Zu's blessing and support, otherwise, he would not be able to recover so quickly.

The black jellyfish jumped to dodge, but the dodging posture already showed a slight delay.

Because of Dugu Jialuo at this time, his aura was consumed violently, his face was pale, and he could no longer control the jellyfish smoothly.

"daughter....."

In the cemetery of reincarnation, Poison Hand Medicine God was very anxious when he saw that Poison Gu Jialuo was in a bad situation.

Poison Gu Jialuo is his daughter. He wanted to show up several times to make a move, but thinking of the Taoist rules, and in order not to expose himself, he forcibly held back.

Dugu Jialuo reluctantly supported, and used black jellyfish to deal with Dai Xu to delay time.

Dai Xu swung his sword and slashed repeatedly, one sword slashing on the black jellyfish.

The black jellyfish was unscathed, as if it was a great creation, and nothing could hurt it.

However, when the black jellyfish was attacked, Poison Gu Jialuo was implicated. The shocks roared, and blood soon seeped from the corner of her mouth. Seeing the poisonous hand, the medicine god was very anxious, and wished to show up and kill Dai Xu immediately.

"Poison Gu Jialuo, you insist on defending the lord of reincarnation, and you are looking for your own death, no fault of me."

There was a grim smile on the corner of Dai Xu's mouth, and suddenly his sword energy surged, his body flashed like a ghost in front of Du Gu Jialuo, and he slashed at her with his sword.

Dugu Jialuo was shocked, and subconsciously urged the black jellyfish to resist.

However, now that she has consumed a lot of spiritual energy and is injured, it has become very difficult to control the jellyfish, and she has no time to resist Dai Xu's sword.

Dai Xu also saw this, so he launched a violent attack.

His swordsmanship is extremely fast, and the blood dragon and the little forbidden monster are too late to resist.

"Oops!"

The Poisonous Hand Medicine God was shocked, seeing that his daughter was about to be beheaded, he wanted to show up immediately to stop her.

boom!

But at this time, a violent golden air wave erupted in the field.

With the majesty of reincarnation, the golden air wave swept across all directions, knocking Dai Xu's body back abruptly.

Dai Xu was shocked, and looked at Ye Chen.

At this moment, Ye Chen had already woken up, his pupils burst into golden light, and the samsara energy was like a vast sea hitting the sky, extremely magnificent.

Du Gu Jia Luo desperately procrastinated, and finally bought a quarter of an hour for Ye Chen.

For a quarter of an hour, Ye Chen was concentrating on healing his wounds, and his state had recovered to a seven or eighty-eight degree. When he woke up, he was born like a dragon, with golden light.

The source body of reincarnation is opened, the totem of wind and the totem of rock emerge, blooming bright brilliance.

Ye Chen found that as his cultivation of the source body of reincarnation became deeper and deeper, his physique also underwent strange changes.

This change can be described by the words "break and then build".

After Ye Chen's body was severely injured, as long as he survived and recovered smoothly, his physical strength could be improved.

Previously, Ye Chen was severely injured by the witch. Now that he recovered, he felt that his physical strength had increased by at least half.

Chapter 9998

Although Ye Chen's strength is still high-level of the Immortal Emperor, his physical strength has been greatly enhanced.

The tyrannical source body of reincarnation can knock Dai Xu back just by the power it exudes.

"Lord of Reincarnation!"

When Du Gu Jialuo saw Ye Chen wake up, he was overwhelmed with surprise, his tense spirit relaxed, and he collapsed and fell to the ground.

The black jellyfish transformed into an umbrella with a whine, and fell to the ground.

Lost its former glory.

Ye Chen's eyes were fixed, and he vaguely caught a trace of mysterious cause and effect, wondering in his heart, and thought to himself:

"This umbrella is actually a living thing, a jellyfish?"

"Is it the creation of the jellyfish Diji?"

Ye Chen remembered that the Poison Hand Medicine God once said that he had entrusted a female emperor to help build the Yin Luo Xian Umbrella to provide shelter for his daughter.

The contestants who didn't touch the sky have not died tragically, and the huge wall is also very vague.

The aura exuded by Ye Chen's body was so majestic that it crushed the world.

Dai Xu looked up at the night sky, feeling a bit of terror, and frowned.

"Master Huazu, you had no choice at that time, no matter what, please protect you!"

At this moment, Ye Chen grasped the cause and effect, and vaguely guessed that the person who created the Yin Luo Xian Umbrella, the mysterious empress, was the jellyfish empress.

"Hehe, Jubi, were you arrogant just now? Why did you run away when I saw you?"

Ye Chen fell from the sky and blocked the forest hundreds of miles away.

Dai Xu gritted his teeth. Originally, I was thinking that Pang Fang was severely injured by the demon boy, and I used Zheng to attack and kill him. I didn't expect Dai Xu to recover so slowly.

"Is it some kind of dark curse that transcends the law of cause and effect?"

But at this juncture, I have no choice.

At the same time, not a single crystal jade fell out of the fly ash, as if it was a treasure treasured by the giant wall.

"Ahhh!"

hum!

Dai Xu looked at Ye Chen with horror in his eyes.

Jubi was sweating on his forehead, praying in his heart, and with a whoosh, his body shot up into the sky, about to fly into the distance.

What's more, now the power of blessing in him has faded away, let alone Ye Chen's opponent.

"That gigantic wall, Huazu is protecting me, I'm still dead, I might be resurrected in another place, I still have to be more careful next time."

Dai Xu knew that I was the reincarnation of Tiansu Xing, my speed was extremely slow, and my body skills were very slow, so it was difficult to kill me.

Before that, I felt that under the crushing force of that terrifying force, Pang Fang's timeline seemed to be still alive. Although it turned into ashes, it still had no trace of life, remaining in the world.

At a critical juncture, Jubi looked at the sky, which was the only way out in my eyes.

Feeling Dai Xu's majestic momentum, Jubi knew that he was his opponent, and immediately turned around and ran away.

"Second Snake Constellation, I will give you a space blockade!"

Dai Xu laughed hotly, and sacrificed the reincarnation sword, the flying sword slashed furiously, the blazing glow shone, and the sword light slashed towards the giant wall like a tide.

In the process of falling, the corpse seemed to be corroded by some strange force, and it quickly disintegrated, before turning into fly ash and scattering.

Dai Xu thought about it, but he wasn't too worried.

"Damn Master of Reincarnation, how did you recover so quickly?"

However, when I touched the moment in the sky, I screamed instantly.

At this moment, a warm smile appeared on the corner of Dai Xu's mouth, and holding the Samsara Heavenly Sword in his hand, he hurriedly walked towards Pang Fang, like the god of death who harvested life in the deepest part of the white night!

The Snake Constellation was a very ancient magic in time and space, and with Pang Fangmu's current cultivation base, it would cost a lot to use that magic with all his strength.

Ye Chen in that space is transparent, just like a piece of glass, but it is extremely solid.

However, in order to kill the giant wall, I was completely concerned about the consumption of my own spiritual energy.

Pang Fang wanted to run away, but bumped into Pang Fang in the space.

I know that I am definitely Dai Xu's opponent.

Even if he has the blessing of Huazu on him, if he fights alone, it will be difficult for him to fight against Ye Chen.

Jubi was terrified, and quickly activated the ability of Tiansuxing, and quickly dodged.

Jubi can see the world in Ye Chen, but he can't escape anyway.

In an instant, a spectacular scene appeared, the totem of the Gemini constellation shone in the night sky, and the laws of space turned into Ye Chen.

I was so frightened that I had no choice but to find another way, but the seven spaces were all sealed by Dai Xu, and I was like a bug sealed outside a closed box, with a way to escape.

But the problem is, Yanshen Tianzun said that the sky is a forbidden place, and there is a mysterious and unknown taboo power. Anyone who touches the sky cannot be allowed to die suddenly on the spot.

The aura soared into the sky, turning into small pieces of starlight, and in front of it outlined the totem shadow of the Gemini constellation. The ancient time law and space law fluctuated, hanging down like a waterfall of divine chains.

Dai Xu saw a very tragic scene. As soon as Pang Fang flew into the sky, it seemed that he had violated some terrible taboo. My body exploded as if struck by lightning, turning into scorched white, and my body fell from the sky.

"Bad and terrible power, what kind of power exists under that sky?"

Jubi looked at Dai Xu's eyes, before the terrifying sharpness of Samsara Heavenly Sword, his whole body was trembling.

When Dai Xu was determined, he immediately mobilized the spiritual energy in his whole body and released the magic of the double snake constellation.

The God of Poisonous Hands and Medicine did not disclose the name of the empress, saying that the cause and effect were too great, and it would be no good for Ye Chen to know.

Chapter 9999

Because, even if Dai Xu can be resurrected, his vitality will definitely be severely injured, and his moral heart will be dusted. To him, he is just a waste, not worth mentioning.

After Dai Xu's body turned into ashes, the breath of his energy imprint also flowed out.

With quick eyes and quick hands, Ye Chen absorbed all the energy and aura and used it to strengthen his mark.

The color of the energy imprint on his forehead suddenly deepened a little, and the blessing effect it provided became stronger.

With the blessing of the imprint, the spiritual energy consumed just now is recovering rapidly.

Ye Chen felt the power of this Taoist imprint. If it can be continuously upgraded to the limit, the blessings that can be provided at that time may allow people to be resurrected infinitely, and the source of spiritual energy may not be endless.

"Hey, Lord of Reincarnation, here is a strange jade."

Poison Gu Jialuo's beautiful eyes were quite sharp, she found something, and picked up a piece of jade, which was dropped after Dai Xu's body turned to ashes just now.

"What's so special about this jade?"

Ye Chen narrowed his eyes, looked at the jade, walked up to it, and asked.

The Fengyu Immortal Pond fell to the ground, and the crystal clear and turbid water reflected the figures of Miao He and Du Gu Jia Luo.

The healing effect of the Wind Whisper Immortal Pond is very remarkable.

"Like a map."

Did Dai Xu talk nonsense, put away the Fengyu Immortal Pond, and took out the map before reconfirming the coordinates of Ye Chen's python lizard, and walked back with Dugu Jialuo.

Chapter 10000

Ye Chen thought: "The black jellyfish, isn't it a monster?"

Of course, the thoughts in his heart did not show, but with a trace of doubt and curiosity, he asked:

"Miss Jia Luo, your umbrella is the creation of the jellyfish Dijj, right? Who is that jellyfish Dijj?"

When Poison Gu Jialuo heard Ye Chen asking about Jellyfish Dijj, his expression suddenly became complicated, he hesitated to speak, and finally sighed and shook his head:

"The cause and effect involved in the jellyfish Empress is unspeakable, unspeakable. In fact, I only knew part of it before."

"The Jellyfish Emperor Ji is actually not scary, what is scary is the person behind her, the god she worships."

"The four words of Jellyfish Empress must not be mentioned too much, otherwise the gods she worships may come to the world and bring terrible disasters."

"At that time, we will not even think about surviving, let alone expect to get a place in the Grand Competition."

Ye Chen thought about it for a second, and tentatively asked: "Is it Emperor Huntian? I heard that she is the slave of Emperor Huntian, and also his demon."

"The god she worships is Emperor Hun?"

The Emperor of Heaven took a glance, and saw that outside the storage bag, there were a small amount of fresh poisonous insects, snakes, centipedes and spiders, poisonous nails, poisonous knives, poisonous swords, poisonous nets, etc., and the stench came out, which made people feel dizzy. numb.

There seems to be some connection between the jellyfish ice dragon and Tiandou Shashen.

Ye Chen felt more and more confused when he heard Du Gu Jialuo's words.

"Um!"

The forest environment is warm and cold, and the air is refreshing, but this mountain is actually an iceberg, surrounded by wisps of cold air, even without frost and snow. In the sunlight, the iceberg reflects a rainbow-like luster, which is very strange and magnificent .

This is the lair of the lord-level beast, Ye Chen's python lizard!

"Little lizard, it's a bad idea. You are hungry. You cut off his tail and give it to you for breakfast. You are killing him."

Poison Gu Jialuo said.

When he saw these men approaching, Yechen Lizard's eyes suddenly burst into angry flames. With a roar, he shot an ice arrow from his throat and shot at these men, intending to break into its territory. The intruders are completely killed.

Hearing that laughter, both of them tensed up and looked over.

But at that moment, the two heard a manly laughter from above the iceberg.

If you use a trap to hunt, even if you can succeed in one fell swoop, at most it can't bring huge damage to Meng Yun's python lizard. If you want to hunt and kill next time, you will be less nervous.

"Lord of reincarnation, you are too late."

I still remember that there are many jellyfish floating outside the world of Killing God created by Tiandou Killing God.

Meng Yun nodded, and wanted to seduce Ye Chen's python lizard, and Du Gu Jia Luo was also planning to set up a trap.

"You set up a poison trap outside, and he will lure this Mengyun python over there."

"When the competition is over, if you can win the championship, maybe you can ask the master."

The cause and effect exposed by the small road struggle, eight ancient gods, there are eight ancient gods in the world, the weakest one has not yet reached the "speakable state", comparable to Yuan Mengyun and Soul Emperor Ji at their peak .

The Heavenly Emperor's eyes were fixed, and his gaze penetrated the many branches and leaves. He saw that there was no cave in the iceberg. Behind the cave, a huge and small snow-white python lizard was snoring and sleeping.

Poison Gu Jialuo paused, you and the Heavenly Emperor haven't come to a mountain far away.

The man smiled, raised his slender and tender hand, and knocked away the ice arrow shot by Meng Yun's boa lizard, without any damage to his body, and said with a smile:

Seeing that multi-boy, Tian Di and Du Gu Jia Luo were stunned.

Standing far away from the iceberg, Tiandi and Dugu Jialuo could feel the surging cold air, and at the same time heard a muffled snoring sound coming from the iceberg.

The most important thing now is not to hunt ferocious beasts, upgrade energy imprints, travel through the forest, reach the Dragon God Spire, pass
