

Physician Wife 1001

Chapter 1001: Shameless

“Did everyone see the words clearly?”

The words on the piece of paper were enlarged as Nangong Shu spoke.

At a glance, everyone recognized it to be a medical report from the hospital.

Acute lymphoblastic leukemia!

The patient—Zhong Qianqian.

Everyone, “...”

“Look at this one again.”

In the previous medical report, it was easy to notice the indicator that they successfully found a bone marrow match.

Successful bone marrow match, donor—

Zhong Nuannuan!

Nangong Shu continued angrily, “Since the donor is younger than 18 years old (2 and a half years old), the attending physician suggested that the bone marrow transplant should not be carried out. However, Jiang Shuwan, what did you do? Not only did you forcefully extract our Nuannuan’s bone marrow when she was two and a half years old, but you also want your daughter to replace her and enjoy a luxurious life? Do you think the Nangong family is a fool, or do you think that you’re competent enough to hide the truth from everyone?”

All the guests were in an uproar.

This Jiang Shuwan had previously accused Miss Nuannuan to be shameless without any bottom line. Then, what did all these make Jiang Shuwan now?

Even beasts and monsters would find it insulting to have Jiang Shuwan thrown among them!

Everyone loathed her.

That woman deserved to be hacked into pieces.

Watching the guests curse at Jiang Shuwan and Zhong Qianqian, even the reporters who usually could not differentiate right from wrong were filled with hatred, the knot in Nangong Shu’s heart finally unraveled.

When they found out what had happened to Nuannuan, they had no idea how much willpower it took them to stop themselves from ending Zhong Qianqian and Jiang Shuwan on the spot.

Cruel was not enough to describe their cruelty.

“Does everyone think that this is called cruel? Coincidentally, the entertainment tabloid media is here. I’m sure everyone hasn’t forgotten the video that Duke Eton released at the auction, right? This is it.”

Nangong Shu gave the order to play the video recording of Zhong Qianqian pushing Zhou Jinhui down the stairs, eventually causing his death. Nuannuan said that she would help Zhong Qianqian after that, followed by Zhong Qianqian pushing all responsibilities onto Nuannuan without a second thought.

Everyone nodded, indicating that they remembered.

Today’s guests were mostly here for Zhong Qianqian, the Nangong family’s granddaughter’s wedding. They had been following closely on everything that happened to Zhong Qianqian, so almost all the guests watched this video online.

When they saw the video, everyone was devastated for Zhong Qianqian. They felt that this girl was not worthy of being called the Nangong family’s little princess.

“Since everyone has seen this video, you should’ve known that back then, our Nuannuan was willing to take the blame for Zhong Qianqian so that she wouldn’t be caught. However, Zhong Qianqian, as the murderer, not only refused to be grateful, but she even frequently criticized her younger sister in front of her classmates. Her actions were very shameful.

“But that’s not it. Do you think Zhong Qianqian is the most vicious woman in the world? Let’s watch the next video. I can assure you that when it comes to Jiang Shuwan and her daughter, there’s no such thing as too vicious.”

A prison guard appeared on the screen.

Jiang Shuwan and Zhong Qianqian’s eyes enlarged in shock.

It was the prison guard who received Jiang Shuwan’s bribe after Nuannuan got arrested. This was before Chi Yang sent professionals over to care for Nuannuan.

At that moment, the prison guard was no longer wearing her police uniform and was dressed in prison clothing.

In the video, she was describing how Jiang Shuwan contacted her after Zhong Nuannuan was arrested in detail, including Jiang Shuwan’s instructions for her to kill Nuannuan.

Chapter 1002: Challenging The Bottomline Of Morality

However, the prison guard also explained that it was not easy to murder prisoners in prison and that she could only cripple Nuannuan at most. Therefore, Jiang Shuwan immediately followed up by saying that if she could not kill Nuannuan, crippling her was fine too. She even asked Prison Guard Wang how she could cripple Nuannuan.

Prison Guard Wang told her that there was a kind of short stump in the detention center that was used to punish criminals. They would handcuff the prisoner somewhere low enough that the prisoner would not be able to sit. The prisoner could only bend over or squat. After a long time, the prisoner would either have their waist broken or destroyed their knees.

Hearing that, Jiang Shuwan told Prison Guard Wang to repeat it a few times so that she could cripple Nuannuan. Best if Nuannuan's face got destroyed.

Prison Guard Wang did not only testified in the video herself, but also included the evidence—a recording of her conversation with Jiang Shuwan.

At this moment, everyone finally had a good grasp on how evil Jiang Shuwan was.

The way they looked at Zhong Qianqian and Jiang Shuwan was even more disgusting than looking at a pile of sh*t.

Even though the Nangong family had already seen the video and the evidence, they could barely hold their raging anger in, especially for this group of men who were so protective of their younger sister.

Even though the men were already in possession of strong auras, the cold madness in their auras was pouring out like a waterfall. The piercing coldness in their eyes told everyone that they would give anything in the world to flay Zhong Qianqian and Jiang Shuwan.

Even Old Master Nangong, who was wise and familiar with the ways of the world, managed to remain calm only because Nuannuan treated him with acupuncture before he left the house today, in addition to ample mental preparation. Otherwise, after seeing these things, he would definitely have another bout of heart attack from his anger.

Jiang Shuwan knew it was impossible for Qianqian to become the heiress of a first-tier wealthy family now.

Since it was impossible, there was no need for her to stay here and embarrass herself further.

Thinking of Nangong Yu's prescription, Jiang Shuwan was not as scared as she looked.

After all, they still had a way out.

Even if they could not become a wealthy family, they would not have to worry about food and clothing for the rest of their lives. They could enjoy life forever.

Jiang Shuwan stood up from the ground and pulled her face down. She no longer bothered to worry about those people from the Nangong family, reporters, and guests.

At most, she and Qianqian would just avoid all of them for the rest of their lives.

"What's the big deal? No matter how luxurious your life is, can you eat gold for every meal? With so much money left, we still have to spend them to buy coffins eventually anyway! If Gu Mingzhe didn't push Qianqian to the edge of the storm, we wouldn't want any part of this anyway! Bah!"

Jiang Shuwan patted Zhong Qianqian's dress as she argued, and tried to pull Qianqian up.

Zhong Qianqian's wedding dress was too long. She stood up and fell down again, twice.

Jiang Shuwan was in a hurry to take Zhong Qianqian away. Therefore, she took out a cutter from her bag and cut Zhong Qianqian's dress short.

Jiang Shuwan tore a 30-million wedding dress just like that.

Zhong Qianqian was freed from her dress prison.

Zhong Qianqian had long wanted to leave this place as soon as possible—not a minute here longer. Jiang Shuwan helped her up and they started to leave.

When the members of the Huang Family caught sight of this, they were angered to death.

After all, to make the wedding of the century happen, they spent 100 million on just two wedding gowns and another three gowns. In addition to the food catering, wedding venue, and security, as well as the private jet that would bring guests to a vacation island for a night's stay, they spent a total of 400 million.

They spent so much money for someone who turned out to be an impostor?

Chapter 1003: Did I Allow You To Leave?

How could the Huang family tolerate this?

“Stop right there!” Huang Yuhan was the most furious.

“B*tch Qian! You made me embarrass myself at that auction just because you wanted to cause trouble for Zhong Nuannuan. For your wedding, our Huang family even spent 400 million on you. Why? You’re just going to leave like that right now? Who gave you the guts? Let me tell you, if you don’t return this 400 million, don’t even think about walking out of this door today!”

Jiang Shuwan was a warrior among shrews. For her to be able to turn her defeat in the fight for Zhong Kuijun’s love into victory, and thus making him kill his most beloved woman willingly, she had her skills.

At this moment, Jiang Shuwan unleashed her aura in confidence. Aiming at Huang Yuhan who approached them to block their path toward escape, she brewed a mouthful of phlegm and spat it out on Huang Yuhan’s face.

Although Huang Yuhan was famous for being uncultured among second-tier socialites, she had never thought that one day she would be spat on by such a disgusting woman.

Jiang Shuwan was also angered today, so her phlegm smelled rather strongly. A mouthful of phlegm hung below her eyelids and flowed down her face. That triggered Miss Huang greatly.

The disgusting pile froze her on the spot.

When Huang Yuhan halted, Jiang Shuwan finally said, “Ha-ha! You want us to pay you 400 million? How dare you say that! If you didn’t wish to make a name for yourself through Qianqian, you wouldn’t have spent 400 million. We didn’t ask you to spend that money on us. You’re the one who wanted to top up the money in spite of yourself. What does the money that you spent have to do with us? Qianqian is a good girl, but Gu Mingzhe must come and ruin her life. Who are we supposed to reason with? You should be snickering away since we won’t seek a compensation fee of 200 billion for the loss of her youth. How dare you ask us to pay you back. In your case, even if you bring this to court, we’ll see if the court will make us pay for the wedding!”

“Argh—”

After Jiang Shuwan was done talking, Huang Yuhan recovered herself from the shock and sprinted to the bathroom with a scream.

This was too disgusting.

It was so disgusting that even a shrew like Huang Yuhan could not continue her argument.

Seeing Huang Yuhan running away, the Huang family and the Gu family were mad, but they could only glare at them. Jiang Shuwan sneered at the Gu family and held Zhong Qianqian up. Then, she exclaimed.

“Let’s go!”

Although the Huang family and the Gu family were furious, they could do nothing to Jiang Shuwan and Zhong Qianqian.

Facing this kind of small fry that they had no way of dealing with, they could only grit their teeth and swear that they would destroy Cloud Group utterly.

If that still failed to help vent their anger, they would hire someone to drive a car and crash into them.

However, there was nothing they could do to Jiang Shuwan and Zhong Qianqian right now.

However, just as Jiang Shuwan and Zhong Qianqian decided to leave, Old Master Nangong, who had been silent all this while, suddenly spoke.

“You used our Nuannuan’s bone marrow, but sold her to human traffickers. You made our Nuannuan take your daughter’s downfall, but also made the prison guard cripple our Nuannuan. You took over our Nuannuan’s life and insulted her in front of the guests. Did I allow you to leave?”

The old master had just recovered from a serious illness. Although his voice was not loud, it was filled with an irresistible authority. It made Jiang Shuwan and Zhong Qianqian’s legs feel like they were filled with lead—nailed to the spot.

Chapter 1004: Arrest

“Our Qianqian has already given Zhong Nuannuan back her position as the Young Miss of the Nangong family. What else do you want? Do you want to eat our Qianqian in front of all the media here? Even if the Commander of the military base is with you, we’re all people of Camino, aren’t we? Isn’t Camino a country governed by law? Why? Do you think you can arrest people just because you’re an officer? Do you think you can punish people as you please?”

Everyone was amused by Jiang Shuwan’s explanation.

Although the men of the Nangong family wanted to tear Jiang Shuwan apart, they clenched their fists tightly. Their thorough education and values stopped them from lunging at Jiang Shuwan. None of the six young masters, the little young master, or the little young miss said anything.

Nangong Shu spoke on behalf of the old master. “So, you do know that this is a country governed by law. Then, do you know that you forcibly extracted Nuannuan’s bone marrow 14 years ago and violated the law of child abuse? Do you know that you committed the crime of abandonment and human trafficking when you abandoned Nuannuan? Do you know that when Nuannuan took the blame for your

daughter, you could be sentenced for colluding with Prisoner Wang and attempting to murder Nuannuan?"

Nangong Shu could not take it anymore. He slammed the table and stood up. "If you don't know anything, then look at this final video, you murderer, Jiang, Shu, Wan!"

Another video played on the big screen.

The video was taken overseas. There was a police officer and a woman in her forties in the video. She looked haggard and withered. This person was none other than the nurse who changed Nangong Yu's medicine from one that could prevent excessive bleeding to one that could promote bleeding while she was giving birth to Nuannuan.

She testified how Jiang Shuwan found her and inquired about the ways to switch out the medicine. She also explained how she escaped abroad after receiving her payment. Ever since then, she had been living the shadows of guilt.

The guests were shocked again.

Jiang Shuwan deserved to die—she did not deserve to live a second longer.

"No! It's not me!"

Thinking that she might really have broken the law and was going to be sent to jail, Jiang Shuwan panicked. She pushed Zhong Qianqian away after yelling that it was not her, intending to escape on her own. Yet, the security guards stopped her.

It was hard to tell whether the high-class setup was purposely arranged by someone or there were truly people who could not suppress their anger.

After the security guards stopped Jiang Shuwan, someone threw a rotten egg at her that cracked loudly on her face.

It was truly a rotten egg. It smelled like an egg that had gone bad. When it hit her face...it was painful and smelly.

Someone threw a bucket of slop at Jiang Shuwan.

Another person threw another bucket of slop at Zhong Qianqian too.

The guests moved away in disgust.

Then, the mother and daughter turned into the epitome of ugliness under the gloating gazes of the crowd.

This was the Nangong family's hotel. The staff was also from the Nangong family, so everyone knew that the Nangong family was venting their anger.

However, everyone could not help feeling pitiful for the expensive Persian carpet to be destroyed in such a beautiful setting.

By the time the Nangong family was done torturing Jiang Shuwan and Zhong Qianqian to the point that they were barely breathing, they were no longer interested in this mother-daughter pair who had fallen into dire straits.

The police arrived at an impeccable timing.

“Ms. Jiang Shuwan, you’re suspected of murder, hiring murderers, human trafficking, child abuse, and other various crimes. Please come with us.”

Jiang Shuwan and Zhong Qianqian’s heads cracked and were knocked senseless by the shower of rotten eggs. Putting aside the pungent smell, their brains were now blank.

Chapter 1005: Mommy Knows She Is Wrong

However, Jiang Shuwan woke up the moment she felt the handcuffs on her wrists.

She shook her head violently as she struggled. “No, I don’t want to go to the police station. I don’t want to go!”

“You broke the law. We have conclusive evidence. This is no longer up to you. Let’s go.”

“Mr. Police Officer, I’m innocent. Those are fake evidence, it’s not real.”

“Whether they’re real or otherwise, someone will verify them at the police station. It’s not up to you to decide. Let’s go!”

This was someone that the Nangong family had a grudge against, so the police would never treat Jiang Shuwan nicely in front of so many generals. After all, they witnessed every single crime that Jiang Shuwan committed just now. She was too despicable.

Seeing how unwilling the police were to compromise, Jiang Shuwan finally realized that this was the Nangong family sending her to her death—she would not be able to see the light of day the moment she stepped inside.

At this moment, Jiang Shuwan finally knew how fear and regret truly felt like.

If she knew this would happen, she would have treated Zhong Nuannuan better after killing Nangong Yu.

If she did not sell Zhong Nuannuan to human traffickers, Zhong Nuannuan would not have returned with a tank full of skills to oppose her. She could have raised Zhong Nuannuan slowly and turned her into a sweet and innocent idiot, perhaps even making Nuannuan hand over her mother’s inheritance herself. After Nuannuan returned to the Nangong family, the Nangong family would be grateful to Jiang Shuwan on account of how well she treated Zhong Nuannuan all those years.

Why had it never occurred to her before?

Why could she not have tolerated Zhong Nuannuan back then?

“Nuannuan, please plead with your grandfather. Mommy knows she’s wrong now. I’ll treat you well in the future, okay? Please let your family...”

Jiang Shuwan was still talking, but Zhong Nuannuan could not bear to hear another syllable from her mouth. She walked to Jiang Shuwan, extracted a silver needle, and slammed it into her throat.

“Mommy? Don’t you think it’s disgusting to say that to me? Even if you don’t think so, I’ll feel disgusted. Jiang Shuwan, do you honestly think you can hide everything you do from the public forever. Enjoy your life in prison!”

Yes, she would definitely enjoy her prison life.

That was because locking Jiang Shuwan in prison was just the beginning of Zhong Nuannuan’s revenge.

No, it could not even count as her revenge.

This was the Nangong family’s revenge.

Her revenge had yet to come.

To the people who brought so much harm to her mother and her, she would drag them along to the deepest depths of hell even if Zhong Nuannuan had to die.

After experiencing the peak of their lives, she would let them simmer in the brutal experience of their ultimate downfall, and what it meant to wish to die!

Jiang Shuwan lost her ability to spout crap. She had no choice but to stare at Zhong Nuannuan with a pair of eyes full of madness, begging Zhong Nuannuan to forgive her as her stepmother.

Yet, how was it possible?

Zhong Qianqian returned to her senses too. Seeing that Jiang Shuwan was about to be taken away, she went to grab her.

“Mom! Mom—You’re not allowed to take my mom away! Who allowed you to take my mom away?”

However, the current Zhong Qianqian was nothing. Her words were insignificant, and no one paid any attention to her. With a push from the police, Zhong Qianqian was flung to the ground like a weak flower.

Seeing Jiang Shuwan being taken away, Zhong Qianqian burst into tears.

She knew that Zhong Nuannuan would not help her anymore, so she turned to look at Gu Mingzhe. She quickly crawled over on her knees, hugged Gu Mingzhe’s thigh, and cried, “Brother Mingzhe, save my mother! Save my mother! She’s innocent! She’s really innocent! The Nangong family is rich and powerful, they must’ve used fake evidence to avenge Zhong Nuannuan. My mother will definitely die if she goes to prison. Help my mother, please!”

Chapter 1006: Everlasting Love

Gu Mingzhe had only hatred left for Zhong Qianqian and her family the moment he found out that Zhong Nuannuan was the real little princess of the Nangong family.

Now, knowing how much suffering the woman he loved went through, Gu Mingzhe felt sad and heartbroken.

When he saw Zhong Qianqian was still thick-skinned enough to beg him, the anger in his heart merely rose, not subside. He kicked Zhong Qianqian in the chest, sending her flying over a meter away.

“Scram! Disgusting woman! Do you know that the woman I really love is Nuannuan? If you and that disgusting mother of yours hadn’t tempted me from the start, would I have fallen for such a disgusting and brainless idiot like you? Zhong Qianqian, let me tell you, the person I, Gu Mingzhe, love in this lifetime is Zhong Nuannuan. This is something that my whole family knows. Yet, you and that vicious mother of yours actually treated Nuannuan like that. Forget about saving your mother, based on my anger toward you, I’d help Nuannuan send your mother to prison even if the Nangong family hadn’t done that already.”

Then, Gu Mingzhe said to Zhong Nuannuan righteously, “Nuannuan, you know how I feel about you. Don’t worry, I’ll never side with Zhong Qianqian.”

This time, not only did Zhong Nuannuan laugh, even the guests snickered in spite of themselves.

This was...

Could he be any more shameless?

Gu Mingzhe knew that he would hear Zhong Nuannuan reject him.

However, the regretful Gu Mingzhe still wanted to fight for himself.

If Nuannuan reciprocated his love, then he would not only win the Nangong family, but also his love.

He had never fallen in love with any woman before. Zhong Nuannuan was the only woman that he wanted to love and care for before he had any power.

“Nuannuan, I know it’s a little late for me to say this now, but I believe you know how I feel about you. Even when I was together with Zhong Qianqian, I thought only of you. Also, I can show you my marriage contract with Zhong Qianqian. We only had an agreement to get married. The contract stated very clearly that I would help her hook up with the Nangong family and get them to get her out of jail. If she were to marry me, she could file for divorce only if she paid me 200 billion in compensation. I told her then that the person I loved was you, so I wouldn’t touch her.”

Everyone was stunned.

A marriage agreement?

Damn...

Was it true that Gu Mingzhe played such an elaborate game? It was only after he realized that Zhong Qianqian was the eldest daughter of the Nangong family that he decided to pursue Zhong Qianqian, instead of Zhong Nuannuan, the girl he liked.

If that was the case, everyone would really like to applaud his actions of abandoning a watermelon and went for sesame seeds instead.

No wonder he looked so convoluted right now.

However...

How could the little princess of the Nangong family fancy a lowly young master from a third-tier wealthy family like you?

Dream on!

Sure enough—

Zhong Nuannuan smiled.

“Brother-in-law, do you know why I insist on calling you Brother-in-law the first time you started dating Zhong Qianqian, even though I’m disgusted with Zhong Qianqian? That’s because I think there’s a saying that best describes you and Zhong Qianqian. How does it go again? Oh, right. A b*tch and a mutt make a good rut!”

Nuannuan’s words drew an explosion of laughter from the crowd.

Gu Mingzhe did not think that the woman he loved would say something so hurtful to him in public. His face turned deathly pale.

Everything was Zhong Qianqian’s fault.

Chapter 1007: Impressive

If Zhong Qianqian had not misled Gu Mingzhe from the start, Nuannuan’s impression of him would not have been as horrible.

“Zhong Nuannuan, it’s all your fault! Why must you exist in this world? Why must you fight me for everything? You steal my father, my fiancé, my life, and now you’re even trying to rob me of my husband. We have the same father, and we share the same blood. How deep is your hatred for me that you have to force me to die?”

“What’s wrong with you? Has your integrity been eaten by dogs? When did Miss Nuannuan snatch anything from you? You and your disgusting mother were the ones who tried to steal her life, weren’t you?”

“Hehe, come on. She doesn’t have any sense of morality, yet you’re still telling her this.”

“Get this straight. The miss of the Nangong family is your father’s first wife, okay? What do you mean ‘stealing your father’? If it weren’t for that damned mother of yours who caused the death of Miss Nangong, would you have a father? You’d just end up an illegitimate child!”

“It’s fine if you say that Miss Nuannuan stole your father, but you actually have the nerve to say that she stole your life? You have no sense of shame, fine. Yet, it seems like you want to lose more than your face. If your mother hadn’t killed Miss Nangong, would you have become the Miss of the Zhong family? If your mother hadn’t tried fighting to give you a better future, would she have made a deal with the human traffickers and sold Miss Nuannuan when she was three years old? If Miss Nuannuan hadn’t used her bone marrow to save you, would you still be standing here and criticizing her? If it wasn’t because you knew Miss Nuannuan was the real Miss of the Nangong family and wanted to take over her nest like a cuckoo bird, would you have brought shame to yourself?”

“This woman is crazy, isn’t she?”

"I think the Gu family is the crazy one. Even if this woman is the young miss of the Nangong family, it's impressive that Gu Mingzhe manages to withstand accepting her despite knowing how distorted her world views are!"

"The thing is, he has already taken advantage of such a disgusting woman, and now he is showing his love to Miss Nuannuan. It's so disgusting that I feel like puking."

"Truly, there's no such thing as the most disgusting—it's just downhill from here onward!"

...

The guests were disgusted by Zhong Qianqian and her daughter, along with the Gu family's shamelessness.

Even though they knew that it was unbecoming of them to insult these people like that, they could not hold back the suppressed disgust and anger at these immoral people.

As for Zhong Nuannuan, she had never bothered to fight for anything with Zhong Qianqian. After all, there was no point in being serious to a mad dog.

However, there was one thing that she must clarify.

"What do you mean I stole your fiancé? Zhong Qianqian, are you nuts? Big Brother Chi Yang liked me from the start, not you. You were the one who drugged Big Brother Chi Yang, and he ignored you even when he was under the drug's influence. Yet, you have the guts to accuse me of stealing your fiancé?"

Zhong Nuannuan looked at Nangong Renyi and said, "Grandpa, I feel that this woman is cuckoo in the head. Shouldn't we send her to the mental hospital for treatment?"

Everyone, "..."

It seemed like Miss Nuannuan was focused on something else altogether!

No matter what Zhong Qianqian said, Miss Nuannuan would not get angry. However, when it came to her fiancé, she raged immediately.

It seemed like... Miss Nuannuan truly cared for her fiancé!

Miss Nuannuan's fiancé was that captain in Jiang District, right?

What a lucky man to be adored by such an excellent woman.

Chapter 1008: You Cannot Abandon Me

Most people envied the 'Big Brother Chi Yang' that Nuannuan mentioned.

However, at the Nangong family's press conference today, there were many military and political big shots in the Nangong family's guest list. When they heard the phrase, 'Big Brother Chi Yang', the big shots who had been calm the entire time widened their eyes and looked at Zhong Nuannuan with increasing austerity.

Chi Yang...

Could it be?

No wonder he had not made many appearances recently. So, he had gone to Jiang District.

No wonder things got so lively in Jiang District recently.

In their military base, other than the Commander-in-chief, all the major generals had been arrested.

As expected of the God of Death himself.

Wherever he went, a bunch of people would fall.

So, Zhong Nuannuan was Chi Yang's fiancée?

However, at least half of the big shots present wanted to introduce their granddaughters or girls from their families to that man!

They had just been delaying it because they heard that the man kept a distance from women, and might turn out gay.

Then, was it true that he and Zhong Nuannuan were engaged?

The big shots decided to inform their children about this piece of important news when they returned.

Zhong Nuannuan did not know that she had poked a hornet's nest by calling him 'Big Brother Chi Yang'.

Then again, even if she knew, she was not afraid.

What was a hornet's nest to her?

She would not be afraid even if a group of jackals or tigers came baring their teeth at her!

Big Brother Chi Yang was hers. No one was allowed to snatch him from her!

She would chop off the hands of whoever dared to snatch him away!

Those hornets... would have their stinger pulled!

Zhong Qianqian gritted her teeth and glared at Zhong Nuannuan with hatred in her eyes. As she listened to the crowd's insults—humiliating and mocking her—waves of anger roared like a tsunami in her, yet she could not do anything to Zhong Nuannuan.

Arguing with Zhong Nuannuan? She could not win. Fighting Zhong Nuannuan? She could not win either. Family background? Zhong Nuannuan had a stronger background than her. Now, even her husband was on Zhong Nuannuan's side.

She... had really been forced into a corner by the slut, Zhong Nuannuan.

Zhong Qianqian's heart was already filled with hatred. For her to have already reached such great heights in her life, and now, she was made to become a nobody. Even if her family could still depend on the will that Nangong Yu left behind, Zhong Qianqian would not accept this fate.

Seeing that Zhong Nuannuan humiliated Gu Mingzhe, Zhong Qianqian crawled over like a dog.

"Brother Mingzhe, look at Zhong Nuannuan. She doesn't care about you at all. You..."

“Get lost!”

This time, before Zhong Qianqian could finish her sentence, Gu Mingzhe kicked her and sent her flying.

“Zhong Qianqian, we had a marriage agreement. Since the agreement is now null and void, and I can’t get the 200 billion, our marriage won’t happen. The wedding today is canceled. Excuse me, everyone.”

With that, Gu Mingzhe strode away.

“Brother Mingzhe! Brother Mingzhe! Wait for me! I’m your lawful wife, you can’t abandon me like this!”

Zhong Qianqian’s stomach hurt after receiving Gu Mingzhe’s kick, but she could not afford to pay it too much attention. She endured the pain and immediately followed after him.

“Zhong Qianqian, what are you doing? I’m telling you, you’re not allowed to pester my Mingzhe, you b*tch!”

Mrs. Gu hurriedly chased after her.

Mr. Gu was too embarrassed to stay any longer and left as well.

Zhong Nuannuan smirked as she watched the group of clowns leaving in their own dramatic ways.

Did they think that was all there was to this?

In their dreams.

To Zhong Qianqian, this was only the beginning.

Everyone would assume that the Huang family would leave the first second they could too.

Unexpectedly, after the Gu family left, Mrs. Huang, who was also Selina’s mother, Gu Mingyan, walked over to Zhong Nuannuan with a friendly smile on her face.

Chapter 1009: Scram

“Nuannuan, I only found out after watching the video that you’re also Duke Eton’s adopted daughter. Does that mean you’re sisters with Selina, then? I heard that you two are very close? I’m her...”

“Scram!”

Before Gu Mingyan could finish with ‘mother’, Zhong Nuannuan shut Gu Mingyan’s mouth.

Zhong Nuannuan, who was consistently calm and collected toward Jiang Shuwan and Zhong Qianqian, exploded at Gu Mingyan.

Zhong Nuannuan’s cold aura was like the edge of a sharp knife, choking the flattery that Gu Mingyan intended for Nuannuan in her throat. She was so scared that she did not dare to speak.

As for Nuannuan, she never thought of herself as anything lower than a queen. She could dish out retribution to many people, but rather, those people were as insignificant as ants in her mind. For people like Zhong Qianqian, Zhong Nuannuan thought that she was too disgusting, so she wanted their deaths to be slow and excruciating.

Meanwhile, for a mother like Gu Mingyan who abandoned her own child, Zhong Nuannuan felt that Gu Mingyan had no right to speak to her.

Although everyone did not understand why Zhong Nuannuan only lost her temper with Gu Mingyan, they assumed that it was Gu Mingyan and the Huang family's fault after the whole incident with Zhong Qianqian.

Gu Mingyan, who thought she could break through the chain of embarrassment from Zhong Nuannuan's side, no longer had the face to stay in this place where the big shots were. She left with her husband and son with a twisted expression, not even bothering about Huang Yuhan.

Nangong Qin, who had been silent all this while, said, "Everyone, we originally only invited a few old friends and media outlets today. We didn't expect so many witnesses and other media to come. Thank you for coming today to clear our Nuannuan's name."

Everyone, "..."

Surely what he said was true?

To hold a press conference on the day of Zhong Qianqian's wedding and wait for everyone to be present before displaying super powerful evidence, was this really unexpected?

"Nobody had lunch yet, right?"

At the thought of being able to get close to the Nangong family, everyone's dissatisfaction disappeared and they shook their heads happily.

No, no, of course not! Even if they had, they were willing to have another meal, not to mention that none of them ate.

"Earlier, I told the hotel to prepare lunch for everyone. The location is on the 23rd floor. However, there are two halls on the 23rd floor, and each of them is only half the size of the hall on the 22nd floor, so we'll have to ask everyone to tolerate eating in separate halls."

Everyone expressed that they did not mind.

"When the time comes, Commander-in-chief Chen and Commander-in-chief Xu from the military base will accompany you on both sides."

Everyone, "...???"

What did that mean?

Did he mean that they would not even eat after finally reunited with Zhong Nuannuan?

"Since today is the first day that we've acknowledged the return of our little princess, we can't possibly have a reunion meal so casually. Therefore, the Nangong family won't be joining you today. Everyone, have a good meal later."

They were eating at home...

It was obvious how much the Nangong family cared about Little Princess Nuannuan.

Everyone could understand why the Nangong family treated them to a meal without joining in. Therefore, they congratulated the Nangong family for finding their true little princess—their precious pearl would not stay covered under the dust forever.

Otherwise... if Zhong Qianqian really became the little princess of the Nangong family, the consequences would be dire.

“One more thing, although this is only a matter of our Nangong family, everyone has come today to bear witness for our Nangong family!”

Chapter 1010: Nangong Nuannuan

“Then, I wish for everyone to know one thing—from now on, our Nuannuan will no longer have Zhong as her surname. The Zhong family doesn’t deserve such a wonderful daughter such as our Nuannuan. From today onward, our Nuannuan will change her surname into Nuannuan. She is now Nangong Nuannuan.”

“Congratulations, Miss Nangong!”

“Congratulations, Miss Nangong!”

“Nangong Nuannuan sounds a hundred times better than Zhong Nuannuan!”

...

The guests started to suck up to the Nangong family shamelessly.

The Nangong family surrounded Zhong Nuannuan—no, Nangong Nuannuan—while she carried the two little buns with ease. Under the protection of the Nangong family men, she gradually faded out of everyone’s sight.

Walking out of the hotel, the Rolls-Royce Phantom transformed into a Mercedes-Benz minivan.

Although Nangong Nuannuan did not understand why they had to change the car, she still got in.

After settling into her seat, Old Master Nangong got into the car like it was the most normal thing to do. After that, the pair of twins insisted on sitting on Nangong Nuannuan’s lap.

Nangong Nuannuan had always liked this pair of twins, so she lifted them onto her lap without saying anything.

After that, the three uncles got into the car without asking too.

There were seven seats in the minivan—one driver, Nangong Nuannuan, Old Master Nangong, the three uncles, Lil Sun and Lil Ling’er. They exceeded the passenger limit in the minivan, but because Nangong Nuannuan had Lil Sun and Lil Ling’er on her lap, there was an extra seat.

Before Nangong Ze could get into the car, Nangong Jin blocked his brother with his body and found himself a good excuse.

“Go sit in the car behind. Xu’er and Ling’er are in this car.”

Nangong Ze nearly died from anger. He did not give in at all and walked straight to the back seat.

“You make it sound like with Nuannuan around, those people still dare to snatch the children like grabbing dolls on these streets. Stop making excuses. I’m sitting here.”

“Grandpa, how about... I squeeze with you?”

Nangong Yun narrowed his fox-like eyes in a cheeky smile at Old Master Nangong.

The old master knew what his precious grandchildren were thinking. He chuckled and squeezed in closer to Nuannuan.

Now, only Nangong Li, Nangong Zheng, and Nangong Yi remained.

Nangong Zheng chased the driver out without hesitation. “I’ll drive. Go sit in the car behind.”

Looking at the Rolls-Royce Phantom extended wheelbase behind him, the driver was rendered speechless.

The moment Nangong Zheng chased the driver away, Nangong Li had already run to the front passenger seat to squeeze in with his father, Nangong Shu.

Meanwhile, Nangong Yi pushed himself through the door and sat on the ground between Nangong Nuannuan and Old Master Nangong. He smiled at Nuannuan and said, “Nuannuan, you won’t mind if I sit here, will you?”

Nangong Nuannuan, “...!!!” The minivan was now chock-full of the Nangong men!

“Nuannuan, are you hungry?” Old Master Nangong asked impatiently as soon as they got into the car.

“I’m not hungry.” Nangong Nuannuan was still a little uncomfortable with her family’s enthusiasm.

The impression that her family had left on her in her previous life was simply too disgusting. Unknowingly, she had put up a wall of defense against them.

She could not bear turning down Nangong Xu and Nangong Ling’s requests. She could not stand the yearning look in Old Master Nangong’s eyes. She could not stand the pitiful looks in the eyes of her elder brothers that reminded her of pitiful stray hounds with big googly eyes. Thus, she agreed to return to the Nangong family. She even agreed to change her surname to Nangong because they were disgusted to see Zhong in her name...
