

Physician Wife 1041

Chapter 1041: Daughter Of A Wealthy Family

After that, Zhong Kuijun and Nangong Yu got married, but Jiang Shuwan killed Nangong Yu out of jealousy. He wanted to sue Jiang Shuwan, but Jiang Shuwan threatened him with photos of their wedding.

“Dad, I really didn’t sign a marriage certificate with Jiang Shuwan. We just treated the villagers to a banquet. You have to believe me. Yu’er is the woman I love the most in my life. How could I—”

Before Zhong Kuijun could finish his sentence, the three men with severe sister-complex punched Zhong Kuijun in the nose, chest, and stomach respectively. Zhong Kuijun collapsed onto the bed and was stunned for a long time.

“W-why did you hit me... Do you think I won’t be sad after losing Yu’er? Yu’er is truly the one I love the most in my life...”

Before he could finish his sentence, Nuannuan’s three uncles rushed over angrily and started punching and kicking Zhong Kuijun. The comrades from the justice department of the military base looked down and pretended not to see anything.

When they were done, Old Master Nangong threw a stack of photos at Zhong Kuijun’s face and scattered them on the bed. Only then did Zhong Kuijun reach out to pick them up.

Even though it had been a long time, how could Zhong Kuijun forget the path he took toward success?

There was a photo that was taken when he raped Nangong Yu. After that, there was a photo of him talking to the nurse with Jiang Shuwan. After that, the nurse changed Nangong Yu’s IV drip and got fired. Then, there was evidence of him asking Nangong Yu for money before sending the money over to the nurse.

Zhong Kuijun, “...!!!”

Initially, he thought that even though he was guilty, he was still the legitimate son-in-law of the Nangong family. The Nangong family would still give him face and help him out on account that he was once Nangong Yu’s husband, right?

However, with the evidence of him causing Nangong Yu’s death laid out, how was he supposed to survive?

He would be sentenced to death for simply working with Jiang Shuwan in causing Nangong Yu’s death, let alone betraying the military base.

This time, Zhong Kuijun was completely flustered. He looked at Nangong Nuannuan pitifully and pleaded, “Nuannuan, please help Daddy! You’re already the granddaughter of the Nangong family now, and you’ve even changed your surname. From now on, you have all the money, power, and authority in the world. You’ve reached the pinnacle of your life. You don’t have a need to be calculative anymore, right? I’m your biological father, after all! Can you bear to see me being shot to death?”

Before Nangong Nuannuan could speak, Nangong Ze, who was crazily protective of his younger sister, failed to suppress himself and butted in.

“From now on, she has all the money, power, and authority in the world? Does this mean that our Nuannuan wasn’t given anything she wanted in the past? Oh, I’m not surprised. It seems like you’re left in the dark because you got arrested, right? When our Nuannuan returned to the Zhong family for her family’s sake, not only was she already the daughter of Duke Eton of Luntan, but she was also the chairman of Tianheng Holdings. For someone as materialistic as you, you should know Tianheng Holdings, right? Our Nuannuan has already established a first-tier wealthy family at the international level before the age of seventeen, and she is the Duke’s daughter. What could she possibly be conniving against you when she first returned? When our Nuannuan returned to the Zhong family, if you were able to remember the little bit of affection my aunt had for you back then, you wouldn’t have treated our Nuannuan like that! Zhong Kuijun, you were penny-wise and pounds-foolish. After committing all those crimes, how shameless can you be to claim that it’s your blood that flows in our Nuannuan?”

Chapter 1042: The Man Who Rose In Ranks Because Of The Woman He Married

“I’m sorry, for Nuannuan to be so noble, the blood flowing in her body belongs to us in the Nangong family. You... don’t come licking over here and we’ll stop dishing out face-smacks!”

Zhong Kuijun’s eyes bulged in disbelief.

“Wh... What? The... Chairman of Tianheng... Holdings?”

“Not only that, but our Nuannuan owns many other businesses. Even Duke Eton, the richest man in Luntan, said that the main reason he could earn so much money was all because of our Nuannuan!”

Zhong Kuijun, “...!!!”

In the past, he failed to cherish Nangong Yu, the daughter of the richest family in Camino, even though she was right in front of him. Eventually, he worked together with Jiang Shuwan to kill Nangong Yu just so they could obtain her massive inheritance that amounted to 2 billion.

In the past, his daughter once returned to their house with a pure heart, but he treated her badly and looked down on her because he thought she was a child who had returned from the farming district.

There was only regret left in Zhong Kuijun now.

Now that the young masters of a prestigious family and the head of a first-tier wealthy family stood before him so blatantly, Zhong Kuijun only started regretting not appreciating everything he had after the truth was out.

How great would it be if God gave him another chance to start over!

Zhong Kuijun looked at Zhong Nuannuan angrily and hissed maliciously, “Nuannuan, do you honestly think Chi Yang is sincere to you? Hehehe... You still don’t understand men well. Chi Yang is the same as me. We both come from poor families. He took a fancy to you probably because he already knew your identity. In addition, I gave you such good looks. Those are the only reasons he’s so devoted to you. Let me tell you, when he’s successful, he’ll definitely be the next me. So, I advise you to cut ties with him as soon as possible and find a man of equal social status. He’s not suitable for you at all.”

Zhong Kuijun was imprisoned mostly because of Chi Yang, so he hated Chi Yang with a vengeance.

Whenever he thought about how Chi Yang, who came from a poor background like himself, could become the grandson-in-law of the Nangong family while Zhong Kuijun was sentenced to death or life imprisonment, Zhong Kuijun was furious.

Therefore, he absolutely refused to see Chi Yang and Nuannuan together. He did not want to see them happy together. On what basis did he, his father-in-law, become a prisoner while the title of the Nangong family's son-in-law fell into Chi Yang's lap without having to do anything?

"Who told you we're the same? Who said I got together with Nuannuan because of her family background?"

He had no plans of coming in to see Zhong Kuijun. After all, even though this man was disgusting, he was still Nuannuan's biological father. However, never did he expect the disgusting man to sow discord between him and Nuannuan, even going to the extent of claiming that they were the same kind of person.

This forced Chi Yang to step forward.

The moment Chi Yang entered, the eyes of the young comrade from the justice department lit up.

In the past, he had always admired Captain Chi Yang. It was only after the spies in Jiang District were captured that he realized that the instructor of Jiang District's special forces was also the chief instructor to Hawk.

Hawk!!!!

That was the most elite among all special forces! It was Camino's proudest special forces.

As the chief instructor of Hawk, Chi Yang must be—a lieutenant general!

He was at the same level as their Commander-in-chief!

"Greetings, Commander!"

When he saw Chi Yang walk in, the staff from the justice department called him commander. Zhong Kuijun sneered and looked at Nuannuan. "See? He became a commander at the age of 26. Why do you think he got promoted so quickly? If the Nangong family didn't help him, do you think he could've become the Deputy Commander-in-chief of the military base at the age of 26, eh? Am I right, Major General?"

Chapter 1043: Regret

Old Master Chi followed Chi Yang into the room.

The young comrade had just found out that this was the legendary embodiment of military spirit, the only grand marshal in Camino! His rank was even slightly higher than Old General Nangong.

Seeing the grand general walk past him, the young comrade's voice went out of pitch. "Marshal!"

Zhong Kuijun was slightly taken aback when he saw Chi Yuancheng as he entered last.

Marshal?

There was only one living marshal in Camino, was there not?

That person seemed to be called Chi Yuancheng...

Chi!!!

Zhong Kuijun's eyes bulged suddenly, and his eyeballs almost popped out.

No... no way!

It could not be!

How could Chi Yang have anything to do with Chi Yuansheng?

Was he not from the countryside?

1

Under normal circumstances, Nangong Nuannuan would not even bother to explain. However, since Zhong Kuijun misunderstood her Big Brother Chi Yang, explaining was a must.

"Look at how big your eyes are. It seems like you already know Big Brother Chi Yang's identity. That's right. The person before you is Big Brother Chi Yang's grandfather. He's the only marshal in Camino. Once upon a time, Big Brother Chi Yang's grandfather was the person to who the president had entrusted with all the military power."

Zhong Kuijun, "...!!!"

"However, Big Brother Chi Yang didn't get to where he is today because of his family. Although Big Brother Chi Yang is only 26 years old, he has made countless contributions. All that talk about him being a major general isn't real because Big Brother Chi Yang is already a lieutenant general before he decided to come to weed out the moles in Jiang District. As a soldier, you should know Hawk, right? It's the special forces of the special forces in Camino—the strongest top-secret special forces too. All the soldiers in Camino's special forces have to pass Hawk's inspection if they want to graduate and advance. Meanwhile, Big Brother Chi Yang is Hawk's chief instructor.

"So, whatever you've said about how Big Brother Chi Yang likes me because I have the backing of the Nangong family doesn't exist either. Setting aside the fact that Big Brother Chi Yang comes from a powerful family, he also has many businesses under his name in addition to being Hawk's chief instructor. Therefore, he doesn't need to rely on the Nangong family.

"Therefore, it's enough for you to be the only disgusting person here. If trash like you line the streets of this world, it would be better to destroy humankind."

Chi Yang was Chi Yuansheng's grandson!

He was Hawk's chief instructor!

He was the grand marshal's grandson!

He was the equivalent of a mysterious prince in the military base who had become the youngest lieutenant general in the history of Camino!

Meanwhile, Zhong Kuijun nearly become the nation's father-in-law!

If only he had treated Nuannuan better when she came home!

No, if he held his ground when Jiang Shuwan approached him with photos and told him that they could inherit Pu Yu's wealth by killing her, Pu Yu would not have divorced him because of Jiang Shuwan. At that time, she was pregnant with Nuannuan too.

If that was the case, not only was he currently the son-in-law of the Nangong family, but he was also the biological father of the Duke's daughter. He could also be Chi Yang's father-in-law, the in-law to the grand marshal!

Meanwhile, all of this was ruined because of his greed over the 2 billion inheritance!

He regretted it so much!

At that moment, Zhong Kuijun burst into maniacal laughter. His face was filled with madness, and there were only regret and sorrow in his eyes.

After laughing for a while, he looked at Nangong Nuannuan. Suddenly, his eyes were filled with tenderness.

"Yu'er, it's me, Kuijun! Don't you remember me?"

Nangong Nuannuan, "..."

Chapter 1044: Insane

"Yu'er, why are you ignoring me? Did I do anything wrong? Yu'er, I already know your identity. I'll definitely treat you well. Can you not divorce me? Just give birth to the child in your stomach! I know that there's an outstanding girl in your stomach. Not only is she the granddaughter of the Nangong family, but she's also Chi Yang's fiancée! Do you know who Chi Yang is? He is the prince of the military world and a grand general to be!"

The Nangong family, "..."

This was probably the biggest punishment for evil people, right?

They wanted him to know that the ultimate goal that he had been striving for all his life could be easily obtained if he never harbored any ill thoughts in the first place.

If he did not covet the money all for himself and share it with Nangong Yu instead, KE would not have targeted him and blackmailed him. Meanwhile, no matter how much the Nangong family despised him today, he would still be the son-in-law of the Nangong family, Nangong Yu's husband, and Nangong Nuannuan's father.

If he had fulfilled his duty as a father back then—protecting Nuannuan, refusing the bone marrow transplant to Zhong Qianqian, not discarding Nuannuan after the bone marrow transplant, or treating

Nuannuan a little better after returning with a different identity on account that she was his daughter—he would not have come to this today.

Once upon a time, he would be able to touch this life if he did not do anything.

However, because of his greed and desire, he ended up as a prisoner today.

“Grandpa, let’s go.”

Nuannuan called out at Old Master Nangong and Old Master Chi, and the group left just like that.

“Yu’er! Yu’er! Don’t go! Don’t go! Yu’er, I know I’m wrong! I won’t let Jiang Shuwan kill you again! If you don’t like her, I’ll help you kill her instead, okay? If you think she bullied Nuannuan, I... I’ll kill her and Zhong Qianqian for you, okay? Yu’er, don’t go... Don’t go... Ah, Yu’er, don’t go...”

The iron door closed on him and Nuannuan had already walked far away. Yet, she could still hear Zhong Kuijun’s cries.

He had gone completely insane.

Nuannuan looked at Chi Yang. “Big Brother Chi Yang, how do they usually handle lunatics like him?”

“Someone will take his place in the military court. After the verdict is out, if it’s a death sentence, he’ll just be executed. If he’s sentenced to fixed-term imprisonment, he’ll be sent to the mental hospital for rehabilitation first. If he can’t recover, he’ll stay in the mental hospital for the rest of his life. If he recovers, he’ll continue to serve his sentence.”

Nangong Nuannuan nodded, indicating that she understood.

Zhong Kuijun deserved all the hate for killing her mother and nearly sent Nuannuan to her death as he tried to save Zhong Qianqian when she was young. Then, it was his negligence that allowed Jiang Shuwan to sell Nuannuan to a dangerous place like the base.

No matter how detestable Zhong Kuijun was, he was still her father. Even if she did not acknowledge him, the fact that they were related by blood was undeniable.

Therefore, Nuannuan decided to pull the curtain on Zhong Kuijun’s matter here.

As for Zhong Qianqian and Jiang Shuwan...

Did they think this was the worst outcome?

Nuannuan would use her next move to show them that the worst had yet to come. Things would only get worse from here on.

Since she returned to Jiang District, Nangong Nuannuan accompanied the old masters, Second Uncle Chi, and the Nangong family’s uncles and older brothers and brought them around. Chi Yang was still at his post and had to hand over his duties to the new deputy commanders-in-chief. Therefore, he could not leave in the afternoon.

Chapter 1045: In Her Dreams

At night, Nuannuan called Selina, Aiden, and Dan Qi to invite them for dinner. Since they were already part of Leng Qirui's family, Selina and Aiden must have invited Leng Qirui along too.

Old Master Chi and Chi Yang had always been close to Leng Jinpeng, meanwhile, Leng Jinpeng used to be Nangong Shu's subordinate. Therefore, as the commander-in-chief of Jiang District's military base, Uncle Leng naturally participated in this meetup.

As Chi Yang's right-hand man in Hawk Special Forces, Ning Wenhao had been sent out on a mission by Chi Yang because of something else some time ago. By the time he returned, all the work that needed to be done in Jiang District was already coming to an end. This dismayed Young Master Ning a lot.

Therefore, Chi Yang invited Ning Wenhao to this family gathering too.

After a lively meal, the Nangong family planned to stay in a hotel, but they could not turn down Selina's enthusiasm. Thus, they gave up on the idea and went to the villa on Left Bank.

Since the Nangong family was a large group, they could not accommodate everyone in the villa that Aiden and Selina stayed in although there were many empty rooms. Fortunately, Leng Jinpeng's villa was right in front of their villa, so Chi Yang, Nuannuan, Old Master Chi, Second Uncle, and Ning Wenhao stayed at Uncle Leng's house at night while the Nangong family stayed at Aiden's villa.

However, that was only during bedtime. Currently, they had just returned home after dinner. Old Master Nangong and Old Master Chi both expressed that they were still quite energetic and could still chat together.

It had been a long time since Old Master Chi had attended such a lively gathering, so he could not bear to leave. Nangong Nuannuan knew this and made some arrangements for a card game.

Once the car stopped, everyone walked happily to the door. Just as they were about to enter the door, they were instantly dismayed by the people who came rushing out.

The people who suddenly rushed out were none other than the matriarch of the Huang family, Gu Mingyan, and her two children, Huang Yuhang and Huang Yuhan.

"Yo, isn't this Elder Nangong? I didn't expect to see you here again!"

Gu Mingyan was dressed up beautifully today. It could be said that Gu Mingyan had contributed greatly to Selina's beauty.

However, Gu Mingyan's style was completely different from Selina's.

Since Selina had a European bloodline, her figure and facial features were more defined and exquisite than Gu Mingyan's. Therefore, Selina rocked a more sexy style, while Gu Mingyan styled herself like a demure and elegant wife from a rich family.

Gu Mingyan had a good figure too. She had ample breasts and perky buttocks. When such a woman walked among a group of middle-aged men, she was definitely an eye-catching existence.

She was probably used to her charm, so when facing so many big shots, she acted subconsciously the way she usually acted in front of middle-aged men.

Her words were directed at Old Master Nangong, but her eyes subtly blinked at Nangong Qin.

Why did she choose Nangong Qin instead of Nangong Shu or Nangong Zhao? That was because she knew that Nangong Shu was the grand general from the military base, and Nan Gongzhao was a big shot in politics. It would not be easy for them to have a divorce. In fact, it might become blackmail material to others. Therefore, only the magnate from the business world, Nangong Qin, was the person she really wanted to hook up with.

If Nangong Qin took a fancy to her, she could become the wife of a first-tier wealthy family. Even if Nangong Qin would not have a divorce for her, she had her ways to wrap her fingers firmly around Nangong Qin.

Chapter 1046: Send Him Flying

The people from the Nangong family watched Gu Mingyan performance in front of them coldly. Since she was a woman of the Huang family, the Nangong family must have investigated her long ago. However, they just could not understand how thick-skinned she was to actually show up here.

Therefore, even after Gu Mingyan finished speaking, the Nangong family members, with the Old Master Nangong in lead, ignored her.

Awkwardness crept up Gu Mingyan's cheek a little. She smiled and said to Nangong Qin, "Chairman Nangong, I've always admired you. Whenever there's an interview featuring you, I..."

Selina was utterly disgusted. She walked over to Gu Mingyan and blocked her view with her tall figure. She said to Nangong Qin, "Second Uncle, you'd better go in quickly. This woman is a shameless vixen. She will sleep with whoever is rich. Be careful because once she's taken a liking to you, she'll do anything to get into your bed and pester you."

"Elder Sis, we know that you have misunderstood Mommy, so Lil Sis and I are here to see you today. Actually, Mommy never wanted to abandon you, but your father was too angry back then. If Mommy didn't divorce our father, he wouldn't have kept you. Elder Sis, we really hope that you can return to our home. We are waiting for you. Come back, please?"

Huang Yuhang was 18 years old this year, and he looked like a very clean young man. Different from Huang Yuhan, Huang Yuhang was very tall, and he inherited most of his looks from Gu Mingyan. He shared some similar features to Selina. At this moment, he stood upright with a face full of anticipation. No one would want to hurt such a clean and likable child who knew his way around words.

The Nangong family was quite stunned. They were not aware that Gu Mingyan had such a relationship with Selina.

However, these two children from the Huang family...

The Nangong family brothers wanted to protect Selina so that she would not be affected by these words, but Selina had already walked over to Huang Yuhang's side seductively but somehow sloppily.

Although Huang Yuhang was already 178cm tall, he was nothing compared to Selina, who was 173cm tall and wearing a pair of heels that was 10cm tall.

Selina was like a beautiful snake that had latched onto an honest man. She inched closer and closer to Huang Yuhang.

Even though the person standing before him was his own sister, Huang Yuhang could not help but blush.

Although he looked obedient and clean, he often went to bars to fool around with women. Even so, Selina's aura was so overwhelmingly strong that he could hardly breathe in her presence.

This... was really his elder sister?

Finally, Huang Yuhang could not take it anymore and took a cowardly step back.

Selina sneered. "Do you know what happened to your mother the last time she came to me?"

Huang Yuhang felt like this voice seemed to have come from hell. He was so terrified that his mind went blank.

Of course, he knew what happened to his mother. Otherwise, he would not be the one who started the conversation this time.

Huang Yuhang revealed an innocent smile and then said sincerely, "Elder Sis, we're truly here for you. You..."

Before Huang Yuhang could finish, Selina kicked him.

Lifting her slender leg, she kicked Huang Yuhang's chest at a speed that was not visible to normal people, sending him flying.

He flew five meters away.

"Hang'er!"

Gu Mingyan's face turned pale. She screamed and rushed toward Huang Yuhang.

Chapter 1047: Lesson Learned

Gu Mingyan's shock was not an act.

In this life, her greatest asset was Huang Yuhang.

He was a smart, ambitious, and patient child. Therefore, to pave a bed of roses for Huang Yuhang, she had pampered Huang Yuhang from the start. She raised Huang Yuhang into becoming a stupid shrew.

However, Huang Yuhang was completely different from Huang Yuhang. At a glance, everyone could tell that he was a young master from a prestigious family.

So, how could she let anything happen to her son?

"Hang'er, how are you? Are you hurt anywhere? Tell Mommy."

Huang Yuhang struggled to get up, but Gu Mingyan screeched, "Don't sit up yet! Let Mommy check if your ribs are broken."

“Elder Sis, how could you do this? Do you know how happy Big Bro and I were when we heard Mommy tell us that we still have an older sister? Even if you hate Zhong Qianqian because of Big Sis Nuannuan, isn’t our Huang family a victim too? If we hadn’t been deceived by Zhong Qianqian back then, we wouldn’t have had such an unhappy experience with each other either. Elder Sis, can’t you take into account that we’re related by blood and talk to us nicely?”

Although Huang Yuhan was a shrew with a bird brain, Gu Mingyan had always made her remember one thing—never reveal her shrewish nature in front of people who were more powerful than her.

Therefore, even though Huang Yuhan was angry that her elder brother was being treated like this, she did not lose her cool as she did at the auction.

After all, Nuannuan’s six elder brothers from the Nangong family were there. Perhaps any of them might take a fancy at her?

Therefore, like a trembling little white flower in the wind, Huang Yuhan put on a pitiful front.

Selina was disgusted by Huang Yuhan’s attitude. She sneered and walked toward her.

“Didn’t I tell you to stay far away from me the next time you see me?”

Huang Yuhan looked at her elder brother who was still unable to sit up after receiving Selina’s kick. She screamed and ran away.

When Selina saw that Huang Yuhan had run away, she wanted to let her off easy. However, that disgusting Huang Yuhan actually ran over to Nangong Ze, who stood next to Nangong Nuannuan, and begged him with an anxious and pitiful expression on her face, “Big Bro Ze, save me, please! Help me persuade my sister!”

Selina, “...”

Nangong Ze, “...”

Everyone, “...”

“Do I know you? Why should I save you? Who do you think you are? What right do you have to ask me to save you? Are you pretty? With a face that looked like you grew up dipping your face in urine, how dare you have the nerve to hit on handsome men? I don’t even dare help you.”

“Pfft—”

Nangong Nuannuan, who stood at the side the whole time, could not help but burst out laughing.

Yep, that was the reason why she hated Nangong Ze so much.

In her previous life, Nangong Ze had always helped Zhong Qianqian. Even though he could not defeat her, he had always spoken harshly to her. His tongue was truly poisonous.

However, in this lifetime, the sharp-tongued Nangong Ze became someone on Nangong Nuannuan’s side. Seeing Huang Yuhan’s face transform from red to purple from his rebuttal, Nangong Nuannuan could not help but laugh without reservations.

A face dipped in urine...

She could not have described it better herself!

At the same time, Selina walked over and asserted herself before Huang Yuhuan. She was almost a head taller than Huang Yuhuan!

"It seems like you haven't learned the lesson that I taught you last time. Then, you have to learn your lesson this time."

After saying that, Selina did not care whether Huang Yuhuan was a weak little girl or otherwise and landed a full punch over at the urine-dipped face.

Huang Yuhuan could not even let out a scream before she flew several meters away and fainted from the pain.

Chapter 1048: How Awe-inspiring

Huang Yuhuan's face expanded suddenly, and the area around her eyes became swollen.

"Selina, what are you trying to do? How dare you treat your younger siblings like this? They just wanted to talk to you. What have they done wrong to deserve such a treatment?"

At this moment, Nangong Nuannuan walked out and sneered. "What are you trying to do? We should be the ones asking Mrs. Huang this question, right? This residential area is a high-end villa area in Jiang District after all. How could they let just any Jane and John Doe in now?"

While Nangong Nuannuan was speaking, the old property developer of the residential area cum CEO of property management rushed over with the management staff the moment they heard the news.

"Mr. Aiden, Mr. Leng, please accept my wholehearted apology. This lady said that she was Miss Selina's mother. Since she somehow resembles Miss Selina, I let her in. I didn't expect it to be a misunderstanding."

Aiden looked at the CEO in displeasure, scaring the man so much that his legs turned to jelly. "Check properly before you let them in next time."

"Yes, yes, yes!" The old CEO quickly nodded. "Then, I'll chase them out now!"

After saying that, the CEO walked to Gu Mingyan's side and shouted angrily, "Look at how much trouble you've brought us! Hurry up and leave! Seriously, how dare you come and acknowledge your kin just because you look like her? Don't you know about the existence of DNA tests?"

Gu Mingyan was so angry that she exploded. She shouted angrily, "How dare you? How dare you shout at me! Do you know who I am? I'm the wife to the head of a second-tier wealthy Huang family in Emperor District. Believe me when I tell you that I'll send your business into bankruptcy the second I leave this place! Huh?!"

When the CEO heard that, a wave of numbness rose to the back of his head and he was instantly dismayed.

He... was just an entrepreneur who had just made some progress and finally joined the ranks of the wealthy families in Jiang District! Although he developed quite far ahead in Jiang District, he was just a lowly ant compared to those giants in Emperor District.

The CEO looked at Aiden pitifully. Aiden said nothing, but Selina butted in.

“Yo, so impressive! A second-tier wealthy family! Then, do you dare to tell others that you’re a second-tier wealthy family that’s about to go bankrupt? Gu Mingyan, take your children and quickly get out of my sight. Don’t ever show up in front of me anymore. Don’t try to challenge my patience again. Otherwise, I’ll let you know the consequences of doing so.”

Selina was disgusted by the group of people who claimed to be her family.

After meeting her Big Boss’ family, Selina lost all desire to see her family. She was convinced that it was better for all of them to never cross paths in this lifetime.

However, when this group of people saw that she was on good terms with Big Boss and that Big Boss was the granddaughter of the Nangong family, they came to disgust Selina again. This truly reminded Selina of... the feeling of a fly crawling over good food.

However, after Gu Mingyan received the worst treatment the last time, it was clear that she did not learn from her lesson. Or rather, after that wedding banquet, the Huang family was walled up by their imminent demise, and they were plummeting.

They only approached Selina because they had no other choices.

On the other hand, since Selina was so close to the Nangong family, how could Gu Mingyan let go of this opportunity this easily?

“Selina, I know you’re upset when I broke up with your father and gave you to him, but I’ve missed you too! I’m a woman, and your grandfather forced me to marry someone else. What other choice did I have? Yet, have I ever hurt you? At least I’ve never hurt you as Jiang Shuwan did, have I?”

Chapter 1049: Let Me Go

“Selina, you have no idea. Ever since the wedding banquet, everyone who attended thought that our Huang family offended the Nangong family and they started to avoid us like the plague. The entire Huang family is now facing their demise. Our business partners would rather pay us the compensation all to make sure that they cut all ties with us.

“Even though your Uncle Huang has never interacted with you before, I’m still your biological mother after all. Hang’er and Han’er are your biological siblings. As a daughter and an elder sister, how can you stand by and do nothing?”

Then, Gu Mingyan shifted her gaze to Nangong Qin and pleaded earnestly, “Chairman Nangong, I’m not here today to cause anyone trouble. I only want to seek your help because I have no other choice. Previously, our Huang family has also been deceived by Zhong Qianqian and we’re the victims in this situation too. Can you please collaborate with the Huang family for Selina’s sake? This way, the rumors will naturally be eliminated.”

Nangong Qin looked at Nangong Nuannuan. This was a small matter. The Nangong family would still be earning money through the collaboration, so he did not mind. As long as Nuannuan was happy.

However, Nuannuan looked at Selina and said, "Selina, you make the decision. If you want the Nangong family to collaborate with them, just say the word. If you don't want to, then forget it."

When Gu Mingyan heard this, she immediately beamed. "Thank you, thank you Chairman Nangong, thank you Miss Nangong!"

"Thanks my ass. Have I agreed to your request? Gu Mingyan, as I said, don't try to challenge my patience. My patience is limited. Since you guys refuse to leave and think that you can force me to submit to your whims this way, you're gravely mistaken. Let me tell you, I, Selina, hate being threatened the most in my life. No matter what kind of threat it is, as long as you dare threaten me without giving me face, I'll let the person know the consequences of blocking my path.

"Now, I'm officially informing you that not only are you banned by the Nangong family, but I'll be the one to dish out your punishment. So, scram! If you don't scram, I'll continue to chuck you into the rubbish bin."

Gu Mingyan's face was filled with disbelief, and she could not help raising her voice a few pitches higher.

"Why?! Chairman Nangong has already agreed to collaborate with me. Why must you turn down the request? Selina, how could you do this to me? I'm your mother!"

"Really? Why am I unaware of that? You're my mother? Who said that? Can anyone prove it?"

"If you don't believe me, we can do a DNA test."

"DNA? Ha, why should I take the test with someone who has nothing to do with me? Are you pretty?"

Gu Mingyan, "..."

Suppressing the anger in her heart, she said, "Look at our faces! Are you saying that genetics is a lie?"

"Looks? You've met Jiang Shuwan before, right? Does she look like Nuannuan? That's why I'm saying that looks aren't reliable. Are you done talking?"

"Selina, even the Nangong family has agreed to collaborate with the Huang family. Why are you so stubborn? If you think that you lack motherly love, I can make up for it!"

However, Selina ignored her. She walked up to her and grabbed her collar.

"What are you doing?"

Nobody answered Gu Mingyan's question except for Selina, who dragged her forward like a garbage bag.

When they were about ten meters away from the trash bin, Selina pulled Gu Mingyan up.

"Argh! Curse! Selina, let me go! You rebellious girl, let me go!"

Chapter 1050: Thrown For The Second Time

Then, the people from the Nangong family and the Chi family saw Gu Mingyan being lifted by Selina and flipped around. In just two spins, Gu Mingyan had been straightened.

As Gu Mingyan screamed at the top of her lungs, she was thrown on a path of trajectory into the bin by Selina for the second time.

Aiden was already waiting for them at the trash bin. Selina only made her move after seeing the butler ordering the servants to clean up the trash from elsewhere else.

Now, Gu Mingyan had just been thrown into the trash can when piles of disgusting garbage poured over her head once more. Gu Mingyan was buried under the pile of garbage before her scream could escape her throat.

At Aiden's signal, someone closed the lid to the rubbish bin on the side of the road, locked it up, and reorientated it.

Selina turned to look at Huang Yuhang.

Huang Yuhang was stupefied. He did not expect Selina to not only disregard his mother's dignity, but also act so blatantly in front of the Nangong family. He was completely shaken.

"Elder Sis, I know you feel wronged. I can't help feeling the same for you after knowing about your existence. I really like you as an elder sister, you..."

Crack!

Selina twisted Huang Yuhang's chin.

"Don't call me that. Who's your elder sister? Do you think you're worthy of that?" Then, she dragged Huang Yuhang toward the trash bin.

Huang Yuhang had a black belt in taekwondo. He wanted to escape when he thought Selina was not paying attention. He might have been fast, but Selina was much faster than him. She hit his arms and legs, and Huang Yunhang instantly felt his strength escape him.

"You... you evil woman, what did you do to me?"

Huang Yuhang thought that he was permanently disabled, so he stopped calling her his elder sister.

"I've crippled you. We'll see if you still dare to approach me and call me your relative! Also, tell Gu Mingyan that she has already crossed my bottom line. So, from today onward, not only will the Huang family continue to be besieged from all sides, but they'll also be receiving revenge from me, Selina. Also, regarding the matter on all of you live streaming yourself eating poop, it's best if you bring it up on the agenda."

Bang!

With a loud bang, Huang Yuhang was thrown into the trash can.

Then, there was Huang Yuhang left.

After locking the three of them in different bins, Aiden ordered the servants to rain more foul-smelling trash onto them. Then, he got someone to take the trash bins away and send them to the garbage collection center.

After finishing up on her matters, Selina turned around and felt a little embarrassed when she saw the gazes of the Nangong family and the Chi family.

“To marry the young master of the Huang family, Gu Mingyan abandoned Selina and her father in the past. Later, her father contracted a terminal illness and brought Selina, who was only five years old, to Gu Mingyan, but she chased Selina out. After that, Selina bleakly watched her father breathed his last. Afraid that her father’s body would be taken away from her, she didn’t ask the neighbors for help. It was not until the neighbors smelled the stench through the door that they called the police. At that time, Selina had been starving for four days and was nearly breathing her last too. Finally, she was sent to an orphanage.”

After a brief silence, Nangong Ze could not help but curse.

“Serves that woman right!”

All of a sudden, everyone was convinced that Selina was still being too polite to Gu Mingyan.

Leng Qirui had long known that Gu Mingyan abandoned Selina when she was a child, but he had never expected Selina to have such a tragic past.
