

## Physician Wife 1051

### Chapter 1051: Bottom

Imagine a five-year-old girl watching her father, her only family, die in front of her eyes after getting abandoned by her mother...

Leng Qirui recalled how Selina mentioned that she would be his future wife. Even though he never agreed to it, he still accepted that outcome internally.

He stared at Selina. He wanted to say that he would treat her well in the future, even though they were not of legal age to marry yet.

The words were about to leave his mouth, but he could not say them.

Leng Jinpeng held onto his son who could walk with only one leg, and a look of disappointment appeared on his face.

Leng Jinpeng could not understand Leng Qirui. Back when Leng Jinpeng courted Leng Qirui's mother, he was so skillful with his words. All the sweet nothings came to him so easily. How did his son become so cowardly?

Leng Jinpeng looked at Leng Qirui's hesitant expression as Leng Qirui swallowed his saliva nervously. Leng Jinpeng wished he could kick Leng Qirui into the pool next to him.

How embarrassing!

When Selina saw that Leng Qirui seemed to be struggling to say something, she giggled and sashayed to him like a beautiful snake.

"Young Brother Leng, what's with your expression? Do you have something to say to me?"

"Hurry up and confess!" Nangong Yi, who was already familiar with Leng Qirui, teased.

However, what Leng Qirui blurted out was—

"Who'd want to confess to her?"

The Nangong family, "..."

The Chi family, "..."

Leng Jinpeng, "... Heartache! What a pig!

If Selina was any typical girl, she would have felt humiliated and angry. After blurting out those words, Leng Qirui looked at Selina nervously too.

He just realized that he just said what he did not mean earlier.

Selina, on the other hand, did not mind at all. She giggled and said, "I like the face you make when you clearly like me but don't dare to say it. How cute!"

The Nangong family, "..."

The Chi family, "..."

Leng Jinpeng thought to himself, "...heartache! My son is a bottom!"

2

\*\*\*\*\*

Gu Mingyan went to find Selina with 80% confidence that things would work out in her favor although she had gotten into an argument with Selina the first time they met, leading to Selina throwing her into the trash can.

Yet... How should she put it? Selina was, after all, her daughter, and the flesh that had fallen out of her womb. Now that the Huang family and the Gu family were on the brink of their demise, she believed that Selina, as her daughter, had the obligation to help her mother survive.

1

Unexpectedly, she failed in Selina's hands even after the Nangong family agreed. Even Nangong Nuannuan agreed!

"This unfilial daughter! Unfilial daughter! Unfilial daughter! If I had known that she would treat me like an enemy, I should've strangled her to death the moment she was born! I... I shouldn't have given birth to her. When she was in my stomach, I should've aborted her!"

Gu Mingyan looked at her son and daughter who were in the same room as her, but their injuries were much more serious than hers. She was absolutely furious.

One of Huang Yuhang's ribs was broken, and he was still unconscious after surgery.

Huang Yuhan was a girl, but her face was fractured from the impact. Her retinas were damaged, and it would take her a month to recover.

Listening to Gu Mingyan's roar, Gu Mingyan's husband, Huang Tianyun, shouted impatiently, "Enough! Hang'er still needs rest even if you don't! What's the use of just shouting like this? Who asked you to give birth to that bastard child?"

1

Gu Mingyan knew that she was at fault.. Therefore, she did not dare to speak anymore after letting out a cold snort.

## **Chapter 1052: Respect For Mingzhe**

Gu Zhongcheng quickly tried to smooth things over. "Alright, alright, stop arguing. Fortunately, the Nangong family and Nangong Nuannuan don't have a grudge against us and have no intention of ending us. This can be considered the silver lining in all of this. The most important thing now is to get Selina's agreement in letting us sign a contract with the Nangong family. Then, show everyone how the Nangong family treats us."

Gu Mingyan had been sent to the hospital after she woke up. Now that she was awake, she was furious. After hearing Gu Zhongcheng's words, she suddenly remembered what Selina told her.

"There is a way. That wretched girl said that if we want her to remove her punishment, we have to make Zhong Qianqian fulfill her promise."

"What promise?" asked Gu Zhongcheng and Huang Tianyun in unison as their eyes lit up.

"Make Zhong Qianqian eat sh\*t during a live broadcast."

Gu Zhongcheng, "..."

Huang Tianyun, "..."

What a... refreshing request.

"This Zhong Qianqian is really a black sheep. She's the piece of rat feces that ruined our entire pot of soup!"

Huang Tianyun looked at Gu Mingzhe, who had been silent all this while. Ever since he found out that Zhong Nuannuan was the Nangong family's young miss, he had constantly been at a loss for words.

"Mingzhe, you were the one who started this, so you should be the one to clean up the mess. Now, the fate of the Huang family and the Gu family is in your hands. I don't care what method you use, but you must make Zhong Qianqian live-stream herself eating sh\*t tomorrow. Otherwise, you know the consequences."

The Gu family was where they were today all thanks to the Huang family. If Gu Mingzhe failed to handle this matter, the Huang family would immediately abandon the Gu family to protect themselves.

The Gu family, which was already an arrow at the end of its flight, might face true bankruptcy in less than a month.

Seeing that Gu Mingzhe did not speak, Gu Zhongcheng could not help feeling disappointed in him and shouted angrily, "Mingzhe, did you hear that?"

Gu Mingzhe looked at Gu Zhongcheng and Huang Tianyun indifferently and said, "Don't worry, the Gu and Huang family won't fall because I've already divorced Zhong Qianqian. I plan to pursue Nuannuan from tomorrow onward. That captain isn't worthy of her."

Huang Tianyun looked at Gu Mingzhe as if he was looking at a fool. He sneered and said, "Zhong Nuannuan's surname is using the surname Nangong now. Do you think she would be interested in a divorced second-hand man like you after she becoming the daughter of a first-tier wealthy family? More importantly, you've slept with Zhong Qianqian before and you were once her hated brother-in-law! Gu Mingzhe, wake up! I used to think that you were a reliable one. Look at what you've done to us."

Gu Zhongcheng sighed as well. "All of these should've been within our grasp, but who would've thought that something like this would happen? It's too annoying."

"You can't blame our Mingzhe for this! Who knew that the DNA test could go wrong? Also, Selina was the root of everything that happened to the Gu and Huang family. If it weren't for Selina, the Nangong

family would've already collaborated with us, and we wouldn't be like this. To put it bluntly, Nuannuan must have stopped fussing over us out of respect for our Mingzhe, but Selina insisted on it. Eventually, our Mingzhe ends up having to seek out Zhong Qianqian so that this can all be resolved."

Mrs. Gu immediately felt indignant for her son.

Huang Tianyun could not be bothered to argue with Qin Yun. After all, Selina was the one who instigated this matter.

### **Chapter 1053: Wandering The Streets**

Therefore, Huang Tianyun could only lower the frustration in his voice down a notch and say, "Mingzhe, go and see Zhong Qianqian today. No matter what method you use, let her live-stream herself eating sh\*t, understand?"

Zhong Qianqian's current situation could only be described as tragic.

After her miscarriage at the Gu residence, she fell unconscious. After regaining consciousness, her identity card, driver's license, bank card, and purse were all gone. She ran to the Gu family to get her purse, but before she could even enter the villa, the security guards had already chased her out.

Since she was penniless, she could only call Grandma Jiang and Xie Congrong. After all, the two of them were not arrested or anything, and the annual bonus from Cloud Group would still be transferred over to their cards.

However, when she called, Zhong Qianqian realized that these two selfish women had already blocked her number and cut off all communication.

The winter in Emperor District was extremely cold.

Since she stirred up a commotion and failed to pay for her surgery, the hospital kicked her out after she woke up.

It was only the first day, but Zhong Qianqian could not endure it anymore.

She was cold, tired, and hungry. Other than her set of clothes that were dirty from the inside out, she had nothing else.

She hid outside someone's house, next to the air conditioner compressor to warm herself up. When she thought of her once luxurious life and her parents who doted on her, she started sobbing.

She hated Nangong Nuannuan so much. She hated Nangong Nuannuan for being so heartless. She hated Nangong Nuannuan for chasing them to a corner by sending her parents to prison and made Zhong Qianqian as miserable as she was today. Now, she did not even have a place to stay.

At that moment, all she wanted was a house that could shelter her from the wind and rain. This was a basic necessity that the poor would ask for, but she did not even have that.

Of course, she regretted hating Nangong Nuannuan the most.

In truth, Nangong Nuannuan treated her quite well when she first returned home. She was so powerful and was even Duke Eton's daughter, but she gave way for Zhong Qianqian in everything and even went to jail in her stead.

Thinking about how Nangong Nuannuan changed so drastically after leaving prison, Zhong Qianqian finally understood why.

Nuannuan must have thought that she was doing Zhong Qianqian a favor by going to jail for her. Yet, Zhong Qianqian colluded with her mother to kill or cripple Nuannuan in prison.

Nuannuan was so resourceful, so she must have found out about this. That was why her personality had changed so drastically after coming out of prison.

Thinking about how Nangong Nuannuan was actually the chairman of Tianheng Holdings, Zhong Qianqian's intestines were chock-full of regret.

Zhong Qianqian recalled the time when she brought Nuannuan to Tianheng Holdings and bought her a discounted dress that cost only about 2000 bucks. She must have offended Nuannuan then, right?

Moreover, she provoked Chi Yang time and time again...

Zhong Qianqian suddenly recalled Nangong Nuannuan's warning to not provoke her. Otherwise, she would not be able to bear the consequences.

However, at that time, Zhong Qianqian thought that she had everything under control...

Unexpectedly, she did not just end up having everything go to waste, she even sacrificed everything she already owned.

Until this very moment, Zhong Qianqian still failed to realize that she was the one who had been robbing Nangong Nuannuan of her rights from the very beginning; that everything that Zhong Qianqian lost now was simply Nangong Nuannuan taking back what was hers in the first place.

She was so cold and hungry, and she had nowhere else to go. Finally, she met a minor businessman who was passing by.

However, his stomach was like that of a woman who had been pregnant for ten months. Zhong Qianqian was willing to bet that this person would not be able to see his feet if he stood up straight.

More importantly, he was shorter than her and probably older than Zhong Kuijun...

The man had obviously recognized her...

Chapter 1054: Eat Poop Tomorrow

Zhong Qianqian was aware that she was trending in all of the gossip and financial columns recently although she must have had an extremely negative image. The man was someone who had some money and had nothing to do with those so-called wealthy families. He merely drove an ordinary Cadillac too.

However, to Zhong Qianqian, having someone take her in was already a very good thing.

Meanwhile, the man obviously thought that it would be a waste not to take advantage of her, so he brought her to a small two-bedroom apartment.

Zhong Qianqian knew what she might face if she went along with the man, but she was already at her wits' end. Therefore, she planned to have a meal with this man and cheat some money out of him. Then, after escaping him, she would slowly think of a solution.

If things did not work out, she thought she would still go and beg Nangong Nuannuan to take her in on account of the fact that they were sisters related by blood.

1

Zhong Qianqian also decided that if Nangong Nuannuan took her in and treated her well, allowing her to become a young miss of the Nangong family too, then Zhong Qianqian would really take Nuannuan as her younger sister sincerely. She swore she would not play any tricks on Nuannuan anymore.

2

Zhong Qianqian's brain circuit had always operated in a peculiar way. When Zhong Kuijun and Jiang Shuwan were still around, it was still fine for her to use such a brain. However, now that she had nothing and nobody, one could only guess how horrible things would turn out for her with her illogical brain.

1

After she was brought to the man's house, the man pounced on her before she even had the chance to eat.

She had just undergone surgery and had yet to recover. Even though the man was shorter than her, he was very strong. After getting pinned down, she gave in and decided to just endure her disgust. At most, she would spend the night with him and take his money before leaving.

Who knew that this man was a pervert?

He tied her to the chair and did all sorts of things to her—gnawing, caning, and invading. Even until after Zhong Qianqian fainted from the pain, the man never truly touched her.

When she woke up the next day, she found herself tied to the bed. She was not wearing any clothes and her body was covered in wounds. She was in pain and hungry. However, the man had stuffed her mouth to prevent her from moving and crying for help.

Only after he returned and was satisfied with the abuse he inflicted on her did he give her a few bites.

After being locked up for several days, Zhong Qianqian could feel her last shred of hope leaving her. One night, an ax destroyed the door to the man's home.

A group of men in black suits rushed in, and the man was so scared that he fell to the floor naked, shivering.

Seeing the man who walked in last, Zhong Qianqian's tears leaked out.

It was Gu Mingzhe.

It was her Brother Mingzhe!

After being tortured for so long, the moment Zhong Qianqian saw Gu Mingzhe, she was convinced he was god reincarnated.

The moment Gu Mingzhe saw her, his eyes were filled with contempt, disgust, and disdain. Zhong Qianqian made up her mind that as long as Gu Mingzhe still wanted her, she was willing to be his mistress.

Gu Mingzhe asked someone to remove the thing in Zhong Qianqian's mouth. Zhong Qianqian immediately cried like a little white flower.

However, her voice was low and hoarse, and it was very unpleasant to hear. Coupled with the fact that her whole body was full of the weird man's scent, it disgusted Gu Mingzhe extremely.

Looking at this woman's current state and then thinking about his Nuannuan, Gu Mingzhe's heart was filled with exhilaration.

It was this disgusting woman who ruined his chances with Nuannuan. He would let her know that any woman who used him, Gu Mingzhe, would suffer!

1

However, at this moment...

"Do you want to leave this place?"

#### **Chapter 1055: Livestream**

"Yes! Yes, oh, please! Yes! Brother Mingzhe, avenge me! This man..."

Zhong Qianqian wanted to complain, but Gu Mingzhe was not going to listen to her.

"Right now, the Huang and Gu families are in a mess because of you. Our two wealthy families are in an unprecedented crisis because you took over Nuannuan's position. Selina said that as long as you're willing to live-stream yourself eating sh\*t, she'll let the Gu and Huang families off. So, I'm giving you a chance. Put on your clothes and live-stream from here. If the livestream is good, I'll take you away from here. However, if the livestream is bad, then you can stay here and 'have fun' with this man for the rest of your life!"

"Okay, I'll livestream! I'll livestream! I'll livestream!"

Zhong Qianqian agreed without hesitation.

Compared to eating sh\*t, she was more afraid of dying here.

Gu Mingzhe did not expect to be in such good luck. He thought that after getting treated like that, he would have to put more effort into making Zhong Qianqian eat sh\*t.

Thus, Gu Mingzhe warned her. "Zhong Qianqian, you have to know that this is a livestream. You can't go back on your word during the livestream. So if you go back on your word midway or cause any trouble

during the livestream, I'll leave immediately. Worse comes to worst, I'll just get someone who looks like you to do this."

"Brother Mingzhe, don't worry, I won't give you any trouble."

To get out of here, Zhong Qianqian decided to give this her all.

"Then, go make some, pick it up, and put it on a plate yourself."

Zhong Qianqian, "..."

"I... I don't feel like pooping right now."

Therefore, Gu Mingzhe looked at the shivering pervert and kicked him. He threatened, "Go make some poop, or you'll spend the rest of your life in prison!"

"Yes, yes, yes!"

The man was terrified. He had just agreed, but before he could stand up, he was so scared that... (this part had been harmonized[1].)

Gu Mingzhe was so disgusted he quickly ran out of the door. He got someone to watch Zhong Qianqian and asked her to turn on livestream mode after she was dressed.

When Zhong Qianqian set up her livestream account and informed the livestream community that she would be eating sh\*t half an hour later, Gu Mingzhe advertised this livestream using his main VIP account.

At the beginning of the advertisement, it was a recording of Zhong Qianqian insulting Selina's good looks back when she was in class. She claimed that no matter how pretty Selina was, she would forever be a mistress who relied on her body to get to where she was—someone too ashamed to be introduced in public. Meanwhile, Zhong Qianqian herself was the young lady-to-be of the Gu family.

After Zhong Qianqian angered Selina, Selina threatened to destroy the Gu family. However, Zhong Qianqian sneered and said, "Do it, I beg you. If you really have the ability to destroy the Gu family, I, Zhong Qianqian, will livestream myself eating sh\*t."

Next, the advertisement displayed Zhong Qianqian's room where her livestream would take place.

Although this incident was extremely vulgar, everyone was too curious to give this up!

The matter of who was the real rich daughter had already caused an uproar in Camino even though one could see Nangong Nuannuan's face. Even any videos previously posted with her face had been censored in a layer of mosaic.

However, Zhong Qianqian was famous!

In an era where the internet was becoming an indispensable presence in people's lives, Zhong Qianqian was already a household name.

Therefore, after Gu Mingzhe's advertisement and the countless gossip media outlets shared it at almost the same time, nearly eight million people flooded into the livestream room before the livestream even started. The number of viewers was still increasing.

Finally, it was time for the livestream. Zhong Qianqian had a bitter expression on her face. As she retched, she walked to the audience with a plate of smelly XX in her hands.

## **Chapter 1056: Pregnant**

Soon, the number of fans exceeded 20 million, then 25 million.

At that moment, Nangong Nuannuan's phone rang. It was Selina.

"What is it?"

"Big Boss, watch the livestream!"

Nuannuan had already returned to Emperor District. After performing acupuncture on Second Uncle, she was enjoying Second Uncle's repayment—Nangong Nuannuan, who was seated at a table covered in exquisite delicacies, was completely captivated by Second Uncle's cooking skills. For a moment, she was unable to react to what livestream it was.

"Forget it. I'll send it to you so that you don't have to search for it." Then, Selina hung up.

Nangong Nuannuan saw a link on her phone and clicked it without thinking.

The moment she opened it, she saw Zhong Qianqian vomiting while crying and eating at least half a kilogram of... poop!

Whoever made that pile of poop... It looked... indescribably disgusting.

"Urk—"

Finally, in the battle with Zhong Qianqian, Nuannuan's tricks rebounded onto herself and she lost to Zhong Qianqian for the first time.

Seeing Nuannuan happily eating at first before suddenly retching, Chi Zeyao was stunned.

Could it be that the food he made today did not suit Nuannuan's taste? At this thought, Chi Zeyao frowned slightly.

On the other hand, when the old master saw that drastic change from happily eating to suddenly vomiting, his eyes beamed with delight.

Whenever the two youngsters were together, they always caused such a big commotion. Even if they were wearing that thing, it would probably be removed eventually!

Could it be that Nuannuan...

The old master's eyes twinkled like the stars in the sky. Nuannuan felt her head ache. Could Grandpa be thinking about...

“Nuannuan, are you feeling unwell anywhere? Other than feeling nauseous, do you feel sleepy? Little Girl, have you been feeling waves of dizziness these past two days? Do you feel like eating sour or spicy food?”

Nuannuan, “...\_-||”

Seeing how Nuannuan’s face burned so brightly that it was about to fall off her head to cower behind her purse, Chi Zeyao kindly spoke for his niece-in-law, “Dad, Nuannuan isn’t even 18 yet. How could Chi Yang possibly get her pregnant? Also, Nuannuan is so adept in medicinal knowledge. If anything happens, she’ll definitely be the first to know.”

“Haven’t you heard of the saying that doctors don’t treat themselves? Nuannuan is still a young girl. How much can she know about this? After dinner, I’ll contact the hospital to do a detailed checkup on her.”

“No need, no need! There’s really no need for that!” Nangong Nuannuan quickly waved her hands.

“I insist, Nuannuan. For you to retch without reason like this, even if you’re not pregnant, there must be something wrong with your body. Grandpa promised Chi Yang to take good care of you. If something happens to your body and we fail to notice it, not only will Grandpa not be able to get over it, Grandpa has no way of explaining myself to Chi Yang either.”

Nuannuan had no choice but to tell him the truth. “Grandpa, I’m really fine, and my body is fine as well. I only retched because the video Selina showed me was too disgusting.”

However, the old master did not believe her.

It was not as if he had not seen Nuannuan kill people before. When this girl was in a murderous mode, her methods might even be more vicious than Chi Yang. He could not imagine what could make Nuannuan retch especially for a girl who could remain calm during a kill or when an explosion went off.

He did notice Nuannuan looking at her phone earlier, but because Nuannuan used an earpiece, the old master and Chi Zeyao did not know what was the content being played on her phone.

“If you don’t want to go to the hospital, you have to show Grandpa the video on your phone.”

Nuannuan, “...”

## **Chapter 1057: Trouble**

“Grandpa, let’s go to the hospital instead.”

Nuannuan would rather go to the hospital herself than let the old master get so disgusted that he had to go to the hospital.

After watching the video, Nuannuan could not eat anymore.

Especially the golden foie gras that Chi Zeyao made for Nuannuan. Occasionally, she could see droplets of oil that were still bubbling as the foie gras stained the white bread slice underneath...

Most importantly, he made the foie gras based on Nuannuan’s request and poured a layer of sticky, yellow sour plum sauce on it.

This thing was originally Nuannuan's favorite. Even without the sour plum sauce, Nuannuan would still be able to eat it happily even if it was covered with some homemade foie gras gravy. Furthermore, she could eat at least five of them at a single sitting.

However, when she suddenly raised her gaze, the first thing she saw was the several servings of foie gras placed in front of her. She could not hold it in anymore. She retched and rushed to the bathroom.

Livestream eating poop...

Initially, both Nuannuan and Selina wanted to watch Zhong Qianqian do so, but it turned out to be the biggest failure in their lifetime of punishing others.

While Nuannuan vomited in Emperor District, Selina vomited in Jiang District.

Sharing the same fate with them were more than 27 million fans in the country.

After returning from the hospital, Nuannuan could not help but call Selina, the troll.

"Hello, Big Boss," Selina greet Nuannuan weakly.

"I didn't ask you to stand up for me, but you insisted on doing so. Just this once, and it has taken you so much effort to turn it into reality. In the end, I don't even know if you're helping me punish Zhong Qianqian or helping her punish me.

Selina sobbed. "...Big Boss, stop telling me off, okay? I regret it so much. I have no regret stored in my intestines anymore. I vomited so much my intestines are about to come out of my mouth. This is the first time I feel so weak in my life!"

In Jiang District, Selina was sprawled out on the sofa like a dead dog. No, more accurately, she looked like a beautiful snake of a woman who nearly melted into the sofa like mud. On the other side, Young Master Leng supported his non-functional hand and leg on a crutch and served Selina a cup of water.

Just as Nuannuan and Selina were on the phone, Chi Yang called. At the same time, Leng Qirui's phone rang.

Nuannuan was about to hang up when she heard Leng Qirui shout, "What?!"

Nuannuan heard the urgency in his voice and asked, "What's wrong? What happened?"

"I don't know. He's still on the phone, but I think I can guess what happened. I think something happened to his grandparents."

A flash of darkness glinted over Nangong Nuannuan's eyes as she asked, "How's the situation?"

"They're injured in the head and are still unconscious."

"Let's stop here. Big Brother Chi Yang called me. I'm guessing he'll be telling me about this too."

"Okay."

After Nuannuan hung up, she immediately picked up Chi Yang's call. "Big Brother Chi Yang, are you going to tell me about the Leng family?"

"You already know?" Chi Yang was not surprised that Nuannuan was so well-informed.

"Yes, but I don't know the details. How are his grandparents now?"

"They're currently in a deep coma. The Commander-in-chief is planning to return to Emperor District tomorrow. He'll bring Lil Rui along."

"What about you?"

"The three new deputy commanders-in-chief aren't on the right track yet, so I have to stay in Jiang District."

"Okay, I understand. Big Brother Chi Yang, don't worry. I'll be good."

"Alright. When you're done participating in the competition at Yamato, I should be able to return to Emperor District and spend the Lunar New Year with you."

"Mhmm, I'll wait for you."

"Mhmm."

After the two of them hung up, the light in Nangong Nuannuan's eyes turned a shade darker.

#### **Chapter 1058: Too Insensible**

Nuannuan returned to her bedroom and flipped open her laptop. Her fingers flew across the keyboard and a series of incomprehensible numbers appeared on the screen.

The number of windows on the computer increased rapidly. Nuannuan turned on the second computer that Second Uncle prepared for her. Her fingers continued to fly across the keyboards, and the number of windows kept increasing.

Nuannuan activated her supernatural ability and quickly browsed through the windows as the austerity in her eyes grew more and more prominent. After five minutes, she silently closed all the windows on her computer screens.

The next day, when Nangong Nuannuan accompanied Grandpa and Second Uncle to the private hospital owned by the Nangong family, Leng Jinpeng was talking to a doctor while Leng Qirui was sitting on the sofa like an obnoxious young master.

Other than Leng Jinpeng and Leng Qirui, there was also a large group of people from the Leng family here. The atmosphere felt a little awkward.

As she was not familiar with these people, Nangong Nuannuan did not greet them.

Meanwhile, when those people noticed the lack of branded logos on Nuannuan's clothes, as well as Old Master Chi, who wore very ordinary clothes, their eyes were filled with disdain. They thought that these two were commoners who wanted to get close to the Leng family.

On the other hand, when Leng Qirui saw Nuannuan and Old Master Chi, he got to his feet with the help of his crutch even when one of his arms and legs were broken. The servants of the Leng family rushed forward to support him.

“Nice to see you, Grandpa Chi.”

Those who sat facing Old Master Chi and Nuannuan had no intention of welcoming them at all. When they saw the second-generation heir of the Leng family standing up personally, one of the women said, “Lil Rui, you’re still injured. Just sit down and talk. Why must you stand up?”

The voice was sharp and unkind, and it made anyone who heard her uncomfortable.

Nangong Nuannuan was about to retort, but Grandpa Chi patted her hands. Nuannuan swallowed the venom that she was about to spit out.

Leng Jinpeng, who was conversing with the doctor, also noticed the situation here. When he saw Grandpa Chi, he abruptly ended the conversation with the doctor and walked over. He gave Grandpa Chi a military salute. “Marshal!”

The Leng family, “...!!!”

After realizing that the old man who came in was no ordinary person, the people from the Leng family stood up one after another. Another woman who looked 70% similar to the woman who spoke sarcastically just now opened her mouth. “Big Brother, this is...”

Since Leng Jinpeng was not aware of the cold treatment the Leng family gave to Nuannuan and Old Master Chi just now, he said with great honor, “This is my teacher whom I’m greatly indebted to, Old Marshal Chi.”

The Leng family was shocked.

As a second-tier wealthy family with a military background, who had not heard of Old Master Chi Yuansheng?

Thus, everyone’s eyes lit up, while the woman who had spoken earlier lectured Leng Qirui instantly.

“Lil Rui, this is Old Marshal! Why didn’t you introduce him to us?” Then, he looked at Old Master Chi. “Old Marshal, Lil Rui is just being insensible by not introducing you to us and dragged us along in his insolence. I’m really sorry.”

As a person who stood for justice, Nangong Nuannuan glanced at Leng Qirui’s disdainful expression when she heard the woman’s words. Not caring if she was Uncle Leng’s relative, Nuannuan replied coolly, “You’re the insensible one, no? After all, Young Master Leng did stand up to greet Grandpa just now.”

After Nangong Nuannuan’s rebuke, the woman was embarrassed. Her face alternated between green and red as she felt humiliated by her own actions. Since she did not dare to rebut Nangong Nuannuan before knowing her identity, the woman merely smiled insincerely and replied.

## **Chapter 1059: Granduncle**

“We... We didn’t know that he’s the Old Marshal. If Leng Qirui introduced us, we wouldn’t be in such an awkward situation.”

"Oh, so you're saying that only the Old Marshal's arrival is worthy for you to get up and greet him? When other elders come, even if they're here to visit your family, you can ignore them, right?"

"No... Little girl, you're really..."

"That's enough!" Seeing that the woman was about to continue arguing with his granddaughter-in-law over this matter, the old master spoke up to interrupt her. After all, Old Master Chi was someone who would protect the innocent too. He only butted in when Nuannuan finished arguing with the woman, sending that woman into a daze that eventually transformed into a flying rage.

"Just a small matter."

When the woman heard that the old master thought it was just a small matter, she thought that the old master would not mind. A smile cracked open on her face and she looked at Nangong Nuannuan smugly.

Seeing that the woman had no intention of holding herself back, the old master looked at Nuannuan and added, "There's no need to argue with irrelevant people."

The sharp-tongued woman, "..."

Nangong Nuannuan looked at her with a smile that did not quite reach her eyes, angering the woman so much she nearly lost her ability to breathe. However, that also showed how close Nangong Nuannuan was with the Old Marshal. No matter how unhappy she was with the outcome, she did not dare to speak.

"Big Brother, this is..."

Looking at Nuannuan with an unreadable gaze, the other woman who resembled the woman who spoke earlier asked with a smile.

This woman called Leng Jinpeng 'Big Brother', and that gave Nangong Nuannuan the confirmation she needed on their identities.

This was Leng Jinpeng's eldest younger sister, Leng Jinjie. The other one was Leng Jinpeng's second younger sister, Leng Jinchen.

"Lil Leng, how are your parents' injuries?"

Just as Leng Jinpeng was about to introduce Nuannuan, Old Master Chi interjected. Leng Jinpeng ignored Leng Jinjie's question and replied, "They're still in a coma. There's no sign of them waking up. The doctor said that they suffered a severe blow to the head, which caused a large number of blood clots in their brains. That's why they can't wake up."

"Have you found out who did this?"

"No."

Then, there was silence.

"Old Marshal, Miss, have some hot water."

A handsome young man stood before Nangong Nuannuan. The fondness in his eyes was so dense it was shocking that he did not add “I have a crush on you” at the end of his sentence.

Eldest Aunt Leng Jinjie immediately introduced him. “Eldest Uncle, this is my son, Pei Jiaxiang. Jiaxiang, quick! Come and greet your granduncle!”

“Leng Jinjie!” Leng Jinpeng snapped.

However, his berating did not stop the man who brought Old Master Chi and Nangong Nuannuan water from approaching. Instead, he greeted Old Master Chi gently and humbly. “Hello, Granduncle.”

Nangong Nuannuan, “...”

She was overwhelmed by the thought that in her previous life, she was truly... unconcerned about Big Brother Chi Yang.

Firstly, after marrying Big Brother Chi Yang, she returned to the Chi family very few times. In six years, she could count the number of times she returned to the Chi residence with her ten fingers. Therefore, she understood nothing about Big Brother Chi Yang’s family at all.

She always thought that Old Master Chi and Second Uncle were the only relatives Big Brother Chi Yang had. Although she heard that Big Brother Chi Yang had other relatives, she thought that they were distant relatives—the kind that did not get along much.

So, what was with this ‘Uncle’? Moreover, why was it Uncle Leng’s younger sister who called Old Master Chi that?

Leng Jinjie’s mother was the Leng family’s Lady. If the Lady of the Leng family had Chi for her surname, Uncle Leng should also call Grandpa ‘Uncle’ too.

## **Chapter 1060: Loyalty**

It was obvious that Leng Jinjie was not the old master’s niece. Thus, that could only mean that her husband was the old man’s nephew.

Therefore, that meant Grandpa Chi’s younger sister married someone with the surname Pei.

Nuannuan decided to go back and study the Pei family. As for the rest of the details, she would ask Big Brother Chi Yang for them.

However, Nuannuan soon realized that Grandpa did not like his sister’s family at all. In fact, it could be said that they had a terrible relationship.

“Didn’t Pei Jicheng tell you that the Pei family and the Chi family have nothing to do with each other anymore? I don’t even know who you are. It’s not good for you to randomly acknowledge people as your relatives like this.”

What a face-smacking statement!

Grandpa was such a good person. For him to say such humiliating words, Nuannuan immediately gave the Pei family zero points. She also decided that if anything happened to the Pei family in the future, she would help Grandpa smack their faces.

Leng Jinjie felt a little embarrassed. "This is between you and my mother-in-law. This is a grudge between all of you in the older generation. It doesn't concern us, so why must you hold a grudge against us, Uncle?"

The old master and Leng Jinpeng could not bear to hear this anymore. Just as they were about to serve more face-smacking, Pei Jiaxiang persuaded his mother. "Mom, please stop talking. This matter was originally Grandma and Auntie's fault. They deserved not getting the Old Marshal's acknowledgment. Old Marshal, please don't get angry. Health is wealth. Thank you for coming to see my grandparents. Please take a seat!"

Old Master Chi glanced at Pei Jiaxiang. He was originally here to visit the sick, so he sat down.

Pei Jiaxiang immediately handed him a cup of hot water. "Old Marshal, have some water."

Although he hated this family to the core, as the saying went, one should not slap a smiling face. Old Master Chi suppressed the frustration in his heart.

"Please have some water!" Pei Jiaxiang brought the water to Nangong Nuannuan and smiled brightly with his eyes twinkling. "I'm afraid I still don't know how to address this miss!"

"This is my future granddaughter-in-law, Nuannuan."

"What?" Leng Jinjie was shocked.

Pei Jiaxiang, who stood there with a smile on his face, froze and narrowed his eyes.

"Why? Is there a problem?" Old Master Chi did not like Leng Jinjie at all. He just could not help but want to tell her off.

Leng Jinjie could tell that the old master was displeased. She smiled awkwardly. "Of course not. The future granddaughter-in-law that you've chosen will definitely be the most suitable for Chi Yang. I wonder which family this young lady is from?"

"I, Chi Yuancheng, will only choose the best granddaughter-in-law. Her family doesn't matter to me. To me, as long as Chi Yang likes her and she's loyal to the Chi family, that's enough." As he spoke, the old master emphasized the word 'loyalty'.

Nuannuan wondered if Grandpa's younger sister had betrayed him.

At the mention of Nuannuan, Old Master Chi's sharp gaze softened. Nuannuan also returned him a smile.

Leng Jinjie looked at Nuannuan sharply.

She was not even from a wealthy family, yet she coveted Chi Yang? How dare she dreamt of joining the Chi family as their granddaughter-in-law?

Dream on!

Pei Jiaxiang looked at Nuannuan, and the fervor in his eyes faded a little. Initially, he was determined to win at first and he was still determined to win her heart. However, he changed his perspective to seeing Nuannuan as a marriage candidate to a lover candidate.

It was true that the Chi family did not need their own granddaughter-in-law to be outstanding, but the same could not be applied to the Leng and Pei families.

If she wanted to become the granddaughter-in-law of the Leng family and the Pei family, she must be powerful and influential enough.
