Chapter 111: I Have An Apartment In The City

He reached out and caressed Zhong Nuannuan's soft hair. He spoke with a gentle tone that other people would never see, "I'm sorry, Nuannuan. There was a drill by the Department of Special Forces this week, so I couldn't come to visit you. However, the drill ended a few days ago. After finishing the report yesterday and attending the meeting this afternoon, my schedule will clear up.

But you're going back to school tomorrow, and you'll be staying in the dorm too. If you're free at night, I'll come to see you, okay?"

"It's fine. The military base is so far away from my school. It's a three-hour return trip."

"It's fine. I have an apartment in the city. It's not far away from your school. I can stay in the apartment at night and go back to the military base the next day."

"Really?" Zhong Nuannuan's eyes lit up.

Even though she felt bad for making Chi Yang run around like this, she still really wanted to see him.

"Okay."

Seeing Zhong Nuannuan so happy just because she could spend some time with him made Chi Yang's mood better.

"That's great! If that's the case, as long as you don't have any tasks from the military base, we'll be able to see each other every day!"

At the same time, Ning Wenhao who had been working for the whole week was sleeping in the dorm of the military base. He received a message.

"Before tomorrow night, buy me a fully-furnished apartment near Jia Yong. I'll send the list of items I need later."

"Damn it!"

He was stuffed with a mouthful of dog food even when he was sleeping. Ning Wenhao felt terrible.

Chi Yang brought Zhong Nuannuan to a secluded place to sit down.

"Are you tired?"

Zhong Nuannuan shook her head. "No."

Chi Yang knelt down and placed Zhong Nuannuan's legs on his. Then, he removed her shoes.

Looking at the red lines on her soft feet, Chi Yang frowned.

He did not have any experience in buying gifts for a girl. After buying the gown, he asked Venia to get him a pair of shoes to match. Who knew that Venia would get him a pair that was so tall.

“Do your feet hurt?”

“No.” It was just a small matter for Zhong Nuannuan.

However, it was like Chi Yang did not hear her. He started massaging her feet. He was feeling remorseful as he said, “I won’t get such tall heels for you next time.”

Looking at Chi Yang’s face in distress, Zhong Nuannuan felt a wave of sweetness crash against her heart. She leaned comfortably on the chair and reached out her hand to caress Chi Yang’s head.

His hair was black and coarse, just like his unyielding, tough guy image in the military base.

Chi Yang’s body tensed up from Zhong Nuannuan’s touches. After a few seconds, he relaxed and continued rubbing Zhong Nuannuan’s feet.

Zhong Nuannuan smiled. She knew that Chi Yang’s body was slowly getting used to her.

“Where did you hurt yourself?”

Chi Yang lifted his head. He did not understand her sudden question.

“You said that you had hurt your head back then. Where?”

“It penetrated my right temple, grazed my skull, and went out from the anterior skull.”

After looking closely, she did see a faint scar near his right temple.

When she touched the faint scar on his head, he felt a buzzing sensation course through his scalp. It went through his limbs and bones, causing his body to convulse slightly.

His scar had recovered well. If one was not paying attention, one would not even see it because of the way his hair grew.

However, Zhong Nuannuan could see it clearly. This kind of wound was dangerous. If it had been off by another millimeter, he would have died on the spot.

Chapter 112: Acupuncture

A bullet penetrating through the skull would cause pressure on the nerve of the brain.

In her previous life, Chi Yang’s eyes were always bloodshot. The vessels on the rim of his eyes would protrude. She had thought that it was because of his condition. Thinking about it now, it might have been because of the wound on his head.

“Does it still hurt?”

Zhong Nuannuan pitied him as she touched the scar that almost took his life.

While looking into her eyes, Chi Yang felt the sort of happiness that one could only get when your wife was concerned about your well-being. His stern and strict face blossomed into a smile. His black eyes that were looking at Zhong Nuannuan looked like they were being burnt by fire. His gaze was heated.

“No. It hasn’t hurt for a long while.”

Zhong Nuannuan leaned her body forward and reached out her hand to support the back of Chi Yang’s head. She used her free hand to massage her scar, exerting slight pressure.

Chi Yang felt a pleasant warmth spreading across his head. He started to feel more relaxed.

He looked at Zhong Nuannuan in surprise. This was better than any physiotherapy.

Was it his illusion or was it all in his head?

“There was an experienced doctor trained in Chinese medicine who saw that I was smart and had taken me in as his apprentice. He taught me a lot about Chinese medicine and acupuncture. That’s why I’m familiar with all the acupoints.”

She had noticed Chi Yang’s doubts and did not want to lie to Chi Yang, so she told him the details from her past life. She would let him get to know her more through their interactions.

Chi Yang nodded his head at her response while he continued to look at her lovingly. “Thank you. You’re doing a great job.”

“Does it feel nice?”

“Yeah, it feels very nice.”

“I’ll give you massages more often then.”

Chi Yang smiled. “Alright.”

The two of them sat in that quiet spot for a long time. Zhong Nuannuan’s legs rested on Chi Yang’s. Chi Yang rubbed her feet while she massaged Chi Yang’s head.

The sunlight was shining on them. The pale crystals embedded on Zhong Nuannuan’s gown and Chi Yang’s epaulet were glistening and shimmering under the sun.

It was a pleasant day indeed.

The guard who was stationed not too far away from them rubbed his eyes when he saw Chi Yang smiling so softly. He thought that he must have woken up on the wrong side of the bed. If not, how could he be seeing such a beautiful smile on the God of death’s face?

“Nuannuan, I’ve been looking for you. It turns out that you’re here.”

When she heard the voice, Zhong Nuannuan turned around and saw Ou Mingxi’s calculating but amorous eyes.

She really did not like this woman. Ou Mingxi had used her position as the daughter of the deputy governor for her own personal gains. In order to get Chi Yang, she had even created a lot of troubles for Zhong Nuannuan. She drugged her, framed her, set her up, attempted to assassinate her, and the list went on. She had used all kinds of despicable means to get rid of Zhong Nuannuan.

Zhong Nuannuan had wanted to end her during that time, but she relented for the sake of the Jiang Family.

Now that she had run into Ou Mingxi again, Zhong Nuannuan lifted the corners of her lips into a mocking smile.

“It’s Sis Ou. Is there anything I can help you with?”

Ou Mingxi smiled and asked instead of answering, “Can I sit here?”

Zhong Nuannuan smiled. “Of course.”

When Ou Mingxi sat down, Zhong Nuannuan asked again, “Is there anything I can help you with?”

Ou Mingxi was ignoring Zhong Nuannuan’s questions. In her eyes, a child who had just returned to her family after living in the countryside had no right to speak to her. She sat upright, looking as if she had just been promoted to a leadership position. She asked, “Nuannuan, aren’t you going to introduce Sis Ou to your companion here?”

Chapter 113: False Introduction

Zhong Nuannuan would answer any questions thrown at her. “This is my fiancée, Chi Yang. Chi Yang, this is Ou Mingxi, my second brother’s fiancée.”

Even though he despised the woman who was being so arrogant with Nuannuan, he knew his Nuannuan was someone who valued family ties. Thus, Chi Yang suppressed his anger and dug out the last drop of self-restraint he had left. He nodded at Ou Mingxi. That counted as his greeting to her.

However, Ou Mingxi’s face fell dark.

“Nuannuan, how could you falsely introduce me? When have I been your second brother’s fiancée? We’re not even boyfriend and girlfriend.”

She was here to get to know Chi Yang. It would be easy for her parents to work their magic on him. She just had to make herself known to Chi Yang. For an outstanding man like Chi Yang, only Ou Mingxi would be compatible with him.

She thought that Zhong Nuannuan would introduce her as the deputy governor’s daughter, but she had instead said that she was her brother’s fiancée.

She was obviously slandering her!

She had met Zhong Nuannuan twice before. However, she had always looked arrogant and cold. That was why Ou Mingxi had never talked with Zhong Nuannuan before. However, she knew that between Zhong Nuannuan and Zhong Qianqian, Zhong Qianqian was the b*tchy one while Zhong Nuannuan was the one who always suffered losses.

Now, however, Ou Mingxi realized that Zhong Nuannuan was the b*tchy one.

To make matters worse, her b*tchiness was indirect but at a higher level!

This was their first interaction, and she was already shot in the foot by her. It was not surprising that Zhong Qianqian had been defeated by her.

Zhong Nuannuan was surprised by Ou Mingxi's words. She let out a gasp. "But you two are living together! Plus, my second brother is always talking about you being his fiancée. Are you two not getting married?"

Ou Mingxi almost poured her wine on Zhong Nuannuan when she saw that Zhong Nuannuan was looking at her with her big, watery eyes. The corners of her eyes were lifted like a sly vixen. Even though she looked devious, she still retained a hint of innocence that was irresistible to men.

Despite her heavy makeup, one could still see how Ou Mingxi's face was turning from white to black and then to red.

"Who says that I am living with him?" Ou Mingxi asked while gritting her teeth.

"I saw you staying overnight at the Jiang family's house every time I went there. Is that not living together?"

"That's because every time you came to visit, it had rained. Auntie would ask me to stay the night because it was already so late. Jiang Hongyang and I had not even slept in the same room!" Ou Mingxi roared.

Damn it!

This Zhong Nuannuan was such a bearer of ill luck. Each time she went to visit the Jiang family, it would rain. She had only met Zhong Nuannuan twice, but on both occasions, she spent the night at the Jiang family's house. Now, this girl was saying that she was living with Jiang Hongyang. She was so angry that she almost vomited blood.

She was not interested in Jiang Hongyang at all. She was just treating him as her boy toy. There was no way she would have that kind of relationship with him!

This b*tch! How dare she slander her in front of Chi Yang. If Chi Yang were to misunderstand her, he would have reservations about her even if they ended up together in the future.

Damn it!

However, before Ou Mingxi could fly into a rage, Chi Yang was already fuming.

He lifted his head and peered at her. His aura was cold while his gaze pierced through Ou Mingxi as if it was made out of knives. Ou Mingxi was startled, and she backed away from fear.

"Miss Ou, are you looking for trouble?"

"I'm not! I'm not looking for trouble. Chi Yang..."

Ou Mingxi wanted to say something but was interrupted by Chi Yang. He said protectively "Since Miss Ou is not Jiang Hongyang's fiancée, then you have no relations to Nuannuan. Why are you pretending to be close to her? Why are you trying to sit at the same table as us while pretending to be a family

member? Nuannuan had already introduced you, but you're still making a fuss. If you're not looking for trouble, then why are you here?"

Chapter 114: Creating Trouble

Ou Mingxi: ...

Chi Yang looked at Zhong Nuannuan. "Is she your friend?"

Zhong Nuannuan shook her head. "No. I thought that she was my future sister-in-law, so that was why I had treated her like my sister."

"Since she's not your friend or relative, why are you still talking to her?"

Ou Mingxi: ...!!

Chi Yang helped Zhong Nuannuan put on her shoes before bringing her away with her hand in his.

Ou Mingxi was fuming as she stared at Chi Yang's retreating back view. At the same time, her heart was itching.

A man like Chi Yang was definitely a catch.

He was not only excellent in his career, but also in his way of conducting himself and handling affairs.

He was loyal to his woman and cold to others. He was polite with family and friends but cold to strangers. He was also heartless toward his enemies.

That was why her interest in Chi Yang increased even if she was fuming at this moment.

"Zhong Nuannuan!"

Chi Yang was leading Zhong Nuannuan away when someone called her.

After turning their heads, they saw that Jiang Hongyang and Jiang Hongyi were walking toward them with dark expressions on their faces.

Jiang Hongyang was in his 20s, so he could better control his temper. However, Jiang Hongyi was a brainless idiot. When he saw her, his expression was so malicious that he looked like he was going to skin her alive. He did not care that this was her banquet.

Her uncle, Jiang Hanlin, had three sons. The eldest was Jiang Hongye, the second son was Jiang Hongyang, and Jiang Hongyi was the youngest.

Jiang Hongye was a professor at Camino Medical Research Institute. He was also the pride and joy of the Jiang family. She rarely saw him, so she was not familiar with him. The second son, Jiang Hongyang, was being brought up as Jiang Hanlin's heir. Zhong Nuannuan was in the same school as the youngest son, Jiang Hongyi. However, he was in the undergraduate department while Zhong Qianqian and her were high school students.

Ever since she had returned to the house, Jiang Hongyang and Jiang Hongyi have been treating her like their enemy. The way they looked at her was like they were looking at a thief. It was as if they were afraid that she would steal from the Jiang family.

After peering at the two brothers, Zhong Nuannuan pretended like she had not seen them. She grabbed Chi Yang's hand and walked away.

"...!!" The Jiang brothers were in disbelief at Zhong Nuannuan's disregard.

Jiang Hongyi yelled, "Zhong Nuannuan! How dare you ignore me?"

He walked over to Zhong Nuannuan with a devilish face. When he was about to scold her, his vision was blocked by Chi Yang's body.

Chi Yang was 188cm tall while Jiang Hongyi was only 175cm.

When Chi Yang stood in front of him, Jiang Hongyi felt like the sun above his head was completely blocked by this man's body. What was left was a cold shadow.

Even top criminals would not be able to stand Chi Yang's icy cold aura, so how could Jiang Hongyi this weakling?

While facing Chi Yang, Jiang Hongyi's imposing manner weakened. He backed away in fear and stood next to Jiang Hongyang. With the support of his brother, he said courageously once again, "Chi Yang, go away. I want to speak to my sister."

"Oh, so I'm your sister. If one didn't know, they would think that I was your enemy," Zhong Nuannuan said.

"Zhong Nuannuan..."

Jiang Hongyi was enraged after hearing Zhong Nuannuan's words.

Before this, no matter how much he had scolded Zhong Nuannuan, she would only ignore him. However, this b*tch was lashing out at him today.

Was she disrespecting him because she now had Chi Yang's support?

Chapter 115: Idiot Brothers

Jiang Hongyi wanted to slap Zhong Nuannuan to death. However, how could he do it when Chi Yang was right there? He gritted his teeth so hard that they were about to break into pieces.

"Nuannuan, come here for a bit. We need to talk to you," Jiang Hongyang ordered Zhong Nuannuan, clearly displeased. After he said that, he turned around and left, expecting Zhong Nuannuan to follow after him.

"Hmph!" Jiang Hongyi scoffed and turned around to leave as well. He trailed behind his second brother.

Zhong Nuannuan looked at the two of them like they were idiots. She simply walked away while holding onto Chi Yang.

Jiang Hongyang and Jiang Hongyi walked to a secluded place and decided to talk to Nuannuan under the shade of a tree. All the while, they were having evil thoughts about what they were going to do to Zhong Nuannuan.

After letting their anger brew, Jiang Hongyang opened his mouth and said, “Nuannuan, tell you dad right now to...”

The brothers were startled after only saying half of what they had planned to say.

They finally realized that Zhong Nuannuan had not followed them over! Not only that, but she was even further away from them than before. She was greeting the guests while smiling like a flower in full blossom. She was completely ignoring the two of them.

Jiang Hongyang: ...

Jiang Hongyi: ...

“Bro, look at that b*tch. She’s absolutely unbridled.”

Jiang Hongyi felt that he had been fooled. He could not endure this anymore. Blood rushed to his head. He charged over to Zhong Nuannuan with a dark look on his face.

This time, Jiang Hongyi did not say anything. He sneaked up behind Zhong Nuannuan and reached out his hand.

If he did not act rough with this woman, she would only continue to act like a lowly b*tch.

Since she would not listen to him when he talked to her peacefully, then he could only forcefully pull her away.

Before his claws could touch Zhong Nuannuan’s hand, Chi Yang did a spin kick and sent him flying away.

“Ah!”

Jiang Hongyi screamed. He flew two meters away before landing on the floor.

The guests all turned their heads to the direction of where they heard his scream.

“Nuannuan, what happened?”

Jiang Hanlin had been arguing with Zhong Kuijun about his earnings being reduced by ten percent. He had hoped that Zhong Kuijun could take back his words. When he saw that his son was being bullied, he walked over immediately.

Zhong Kuijun followed closely behind him.

“Ah, Hongyi! What happened?”

“Mom, Chi Yang kicked me. I’m in so much pain!” Jiang Hongyi was shocked by Chi Yang’s evil aura. Jiang Hongyi’s eyes went red as he started crying in front of the guests.

“You’re a soldier. How can you hit other people? Do you think you can hit someone just because you’re a soldier? A soldier exists to protect the people. You’re the scum of the military base for hitting people whenever you wish!”

When Xie Congrong, Jiang Hanlin’s wife and the mother of the Jiang brothers, saw that her son had been hit, she started criticizing Chi Yang about virtues.

“Chi Yang was just protecting me. Who told him to yell at me for no reason? When I ignored him, he even came to hit me. Chi Yang only chased him away in order to protect me.

Plus, he’s being considerate since there are so many guests here. He only kicked him lightly. You can’t blame Chi Yang for this, right? If Chi Yang had used his full strength, Jiang Hongyi’s ribs would have been broken by now, or worse, he might have even died.”

Zhong Nuannuan was like a hen. When she heard someone criticizing her Chi Yang, she called them out like a fighter jet.

Chi Yang was a good man and soldier. She could not let the guests misunderstand him.

“You’re twisting words and forcing logic!” Xie Congrong was fuming. She never thought that Zhong Nuannuan who rarely spoke and was always cold would criticize them like that in front of the guests.

“I’m not. There are so many guests here. Everyone saw everything. Everyone, did you see Jiang Hongyi coming here and trying to attack me?”

Chapter 116: Slandering A Soldier

The guest did not know who Jiang Hongyi and Xie Congrong were, so they nodded their heads. Some even started describing the scene when Jiang Hongyi had attempted to attack Zhong Nuannuan.

“See, aunty. I’m not twisting words and forcing truths. Jiang Hongyi was the one who attacked me first. Should Chi Yang watch him beat me in front of everyone and not do anything so that he would be worthy of his role as a soldier?”

What? Aunty?

The guests came to their senses after being fooled by Zhong Nuannuan. The person on the ground who had just been kicked by Chi Yang was the young master of Cloud Group. The guests did not know that Zhong Kuijun was the true owner of Cloud Group. They wanted so badly to hide their faces so that Madam Jiang would not recognize them.

“Zhong Nuannuan, you have a sharp mouth. No matter what, he’s at fault because he was the one who attacked someone.”

“Chi Yang is an excellent soldier from the military base. He would never hurt someone for no reason. Madam, please don’t slander our excellent soldier.”

Leng Jinpeng and Qu Mingyi walked over. Qu Mingyi even proved Chi Yang’s innocence righteously.

“Enough! Stop talking! Look at how much you’ve spoiled him. He’s a man, but he even wanted to raise his hand on his own sister. He even started crying after being kicked. Do you trust that I’ll send him to the military base tomorrow and let Chi Yang train him?”

Jiang Hanlin was infuriated by his wife.

He had said so many nice words to persuade Zhong Kuijun to take back his order, but now his son had gotten into a brawl. Furthermore, his wife was screaming at Chi Yang instead of helping to mitigate the problem.

Did she not know Chi Yang was someone that Zhong Kuijun wanted to make connections with?

Did she not see that the commander-in-chief and the chief of staff of the military base were on Chi Yang's side?

Such a fool!

Jiang Hanlin was the authority figure in the Jiang family. After being yelled at by him, Xie Congrong was fuming, but she did not dare to talk back.

Jiang Hanlin looked at Jiang Hongyi and asked sternly, "What were you trying to do? Nuannuan is your sister. Why did you want to hit her?"

Jiang Hongyi did not utter out any words. He just glared at Zhong Nuannuan, eyes full of hatred. Chi Yang could not help but frown.

Jiang Hanlin looked at Jiang Hongyang. "Your brother is making a fuss. You're his brother, and you're just going to let it happen?"

Jiang Hongyang: ...

After seeing that both of his sons were not talking, Jiang Hanlin could guess why they had been looking for Zhong Nuannuan. Although he was displeased, he still had to comfort and coax Zhong Nuannuan with a smile on his face. "Nuannuan, your brothers have made a mistake. Please don't lower yourself to their level."

"Uncle, this is all Sis Ou's fault. She was so passionate when she wanted to sit next to me and Chi Yang. She even wanted me to introduce Chi Yang to her. When I told Chi Yang that she's the fiancée of my second brother, she started getting mad at me and said that she has no relations with second brother. Chi Yang brought me away after he saw that she was bullying me. After a while, second brother brought third brother here to argue with me. The funniest thing is that third brother wanted to hit me.

Second brother was the one who had been showing off his fiancée to me, so that was how I introduced her. What have I done wrong? Why does he want to hit me?"

Ou Mingxi who had only come here to watch the show was suddenly unjustly ridiculed. She almost went over to slap Zhong Nuannuan herself.

What did she have to do with Jiang Hongyang wanting to hit her?

Plus, people would now know that she, Ou Mingxi, was after Chi Yang after listening to Zhong Nuannuan's words.

Chapter 117: Dog-Eat-Dog

Zhong Nuannuan had already dragged Ou Mingxi's name through the mud without giving her any time to react.

"Sis Ou, thank God you're here. Just make things clear with my second brother. Even though I want my sister-in-law to be the daughter of the deputy governor, but as long as you don't admit it, I promise I won't mistake you as my relative anymore."

All the guests present widened their eyes at the shocking statement.

She was the daughter of the deputy governor!

This woman was after Chi Yang, so she wanted to get rid of Jiang Hongyang?

The guests were starting to make up stories in their heads.

Even though a fire was burning in Ou Mingxi's heart, she was still willing to express how she felt while playing along with Zhong Nuannuan. "Jiang Hongyang and I are only classmates. We're just friends. I have never agreed to be his girlfriend and neither have I agreed to an engagement. You're slandering me by saying that Jiang Hongyang and I are a couple. Miss Zhong, please don't destroy my reputation with your words."

Ou Mingxi was looking at Zhong Nuannuan, but her words were for Chi Yang to hear.

She, Ou Mingxi, was not Jiang Hongyang's girlfriend. She was also not his fiancée. Chi Yang's impression of her would definitely change.

Jiang Hongyang's face was so pale that it was almost transparent after being slapped in the face by Ou Mingxi's words. When she saw that, Zhong Nuannuan smirked. "Second brother, did you hear that? This has nothing to do with me. Miss Ou does not admit that she's in a relationship with you. You can't ask third brother to hit me."

Jiang Hongyang: ...!!!

Damn it. They had not gone to find her because of this. He had not even known that Zhong Nuannuan and Ou Mingxi were arguing.

"I'm embarrassed by this. I'll be leaving now. Farewell."

"Mingxi!" When he saw Ou Mingxi leaving, Jiang Hongyang called out to her and chased after her.

The rest of the members of the Jiang family were stunned.

They had been so proud thinking that their future daughter-in-law would be the daughter of the deputy governor of Jiang District. Even though Ou Mingxi did not admit to their relationship, she and Jiang Hongyang would always be seen together in social gatherings.

Their plans were all going down the drain after being intercepted by Zhong Nuannuan.

At that moment, the people in the Jiang family were all glaring at Zhong Nuannuan. Their gazes were venomous.

Zhong Nuannuan lifted her head and smiled at the guests. "It's just a minor inconvenience. It's all a misunderstanding. Please carry on."

The guests started walking away but continued to gossip.

"Zhong Nuannuan!"

Xie Congrong was furious. She growled while gritting her teeth.

Jiang Hanlin was standing at one side. His hands were balled into fists. He did not stop his wife from flying into a rage.

This was indeed too infuriating.

If they were to lose their future daughter-in-law, Ou Mingxi, they would suffer an immense loss.

They would not be able to handle that.

However, the cause of all their problems was enjoying seeing the angry looks on the faces of the Jiang family members. "Aunty, why are you screaming at me when Miss Ou is the one who does not see second brother as her fiancée? You were the ones showing off to me that she was your future daughter-in-law. I had just introduced her the same way you introduced her to me. Was I wrong to do that? What do I have to do with the fact that she's not recognizing second brother as her fiancée?"

Xie Congrong glared at Zhong Nuannuan. She would never be able to get rid of her anger even after slicing Zhong Nuannuan with a thousand knives.

"Are you hungry?" Chi Yang asked just in time.

1 "A little."

"Let's go eat something."

"Alright."

Chapter 118:

Zhong Nuannuan held Chi Yang's hand like an obedient child. When she saw Leng Jinpeng and Qu Mingyi, she asked with a grin, "Commander-in-chief, chief of staff, can we sit with you?"

"Of course." Qu Mingyi smiled and agreed.

The Jiang family did not even have the opportunity to express their anger. Instead, they could only watch as Zhong Nuannuan left with the commander-in-chief and chief of staff of the military base.

"Nuannuan, take care of the commander-in-chief and chief of staff for me."

"Alright, dad."

Zhong Kuijun was happy, but the Jiang family was in disbelief.

Not only were their earnings being reduced by ten percent, but their daughter-in-law who was capable of leading them to the summit of life was gone too.

“Kuijun, are you just going to let this happen?” Jiang Hanlin was furious. “Do you know how much damage Zhong Nuannuan has brought to the Jiang family just because of her ignorance?”

Zhong Kuijun was not happy. “Everyone saw what happened just now. Ou Mingxi has taken a fancy to Chi Yang.

“I don’t think you should blame Nuannuan for this. In fact, you should be praising her. If she can keep Chi Yang by her side, I can prosper in my career through Chi Yang. Naturally, the Zhong family and Cloud Group will also do better. You guys will also have better lives when that day comes.

“With Nuannuan by Chi Yang’s side, Ou Mingxi will not be able to achieve her goal. If she cannot find someone better, she’ll go back to Hongyang. Then, the Zhong family and Jiang family will attain both their goals. Isn’t that great?

“Or do you think that it’s better for Nuannuan to not slap some sense into Ou Mingxi? Should she just let Ou Mingxi chase after Chi Yang openly? If she succeeds, both our families will suffer losses. Do you really think that this would be better?”

Jiang Hanlin had always been overpowered by Zhong Kuijun. After listening to his explanation, he did not say anything. The Jiang family could only endure this.

After Zhong Nuannuan and Chi Yang took their food, they sat together with Leng Jinpeng and Qu Mingyi.

Leng Jinpeng looked at Chi Yang. Chi Yang’s face was stern, but his eyes were gentle. Leng Jinpeng smiled and made fun of Chi Yang. “Your significant other is really something else. She’s treasuring you so much.”

Chi Yang knew what the commander-in-chief meant. However, he wanted to hear him say it. “What do you mean, commander-in-chief?”

Leng Jinpeng was amused by Chi Yang’s childishness. However, he still played along. He said, “It means that in order to be with you, Nuannuan had just offended the entire Jiang family and also the daughter of the deputy governor. Her spirit in defending her partner without fearing authority figures proves that she’s a worthy future army wife.”

Zhong Nuannuan was so amused by what Leng Jinpeng said that she started laughing.

Looking at the smiling face of his wife, Chi Yang’s gaze was even softer now. He picked up a piece of meat and fed it to Zhong Nuannuan.

He noticed that his wife loved meat. She would eat a lot of meat every day. However, she would not get indigestion and did not grow fat.

Chi Yang wanted to fatten up his wife after looking at her waist that was so tiny. It looked like one could snap it in half effortlessly. That was why he kept on feeding her meat.

The commander-in-chief and chief of staff could only concentrate on eating their own food after being stuffed with a mouthful of dog food by Chi Yang's actions. They felt like there were thorns in their eyes.

"Commander-in-chief, your liver is not good. You can't be eating spicy and oily food." Zhong Nuannuan furrowed her brows after looking at Leng Jinpeng's diet. She could not help but advise him.

Leng Jinpeng was the favorite student of Chi Yang's grandfather. He was going to be promoted to the position of the general, but he had to decline because of his health. He left Emperor District to become a commander-in-chief in Jiang District.

Chapter 119: Keep One's Own Counsel

Even so, his body was still out of shape and he had been diagnosed with liver cancer a year later. The cancer cells had metastasis and he developed stomach cancer. He passed away about half a year later. When he died, he was only 44. She knew all this from her past life.

"You can tell what kind of sickness I have?" Leng Jinpeng and Qu Mingyi were shocked by Zhong Nuannuan's advice.

"An experienced doctor who was trained in Chinese medicine took a fancy to Nuannuan when she was younger and taught her a lot about Chinese medicine and acupuncture," Chi Yang answered.

"Is that so? Nuannuan is so young, but she's already keeping her own counsel. Have you ever thought about getting a degree in the medical school of the military base?"

"She wants to be an actress," Chi Yang answered for her again. "Our Nuannuan is so beautiful. She would definitely be the industry's best actress."

An actress?

Leng Jinpeng was shocked.

A person with Chi Yang's background would not want their wife to pursue this path, right?

Was Chi Yang really okay with his woman becoming an actress after that incident?

Leng Jinpeng could not help but take another look at Zhong Nuannuan again. His face did not look as well as before.

"I don't want to be an actress. I want to be a doctor."

Chi Yang was startled.

"Isn't being an actress your dream?"

Before this, he had asked Nuannuan whether she could give up her dream of being an actress to pursue other things. She could start a business or even stay at home. However, Nuannuan told him that being an actress was her dream.

In order to let her achieve her dream, he was willing to compromise. Now, she was saying that she wants to become a doctor instead.

"I'm still young. Isn't it normal to change your dream?" Zhong Nuannuan was grinning. It was like she was unaware of Chi Yang's glee and the fluctuating emotions in his heart.

"What made you change your dreams?" Leng Jinpeng asked while smiling.

"Of course it's Chi Yang!" Zhong Nuannuan said bluntly.

Chi Yang's body tensed up. He gazed at Zhong Nuannuan who was talking to the commander-in-chief.

"Oh? Did he convince you?"

"He did not convince me. He just told me that he would support my dream."

In her previous life, she had never gone to the army. It was always Chi Yang who had come to visit her on set during his days off. She had been so rebellious. He had even forcibly stopped the shooting by locking her up at home. As long as she had not been with Feng Shengxuan, he would not explode.

Thinking back, Chi Yang was already at his limit for tolerating her.

Zhong Nuannuan smiled gently. "When I wanted to be an actress, I didn't plan to accept him. After deciding to accept him, my dreams changed as well.

Before this, I heard that he had hurt his head and suffered from some sequelae. At that time, I thought that if I could be an amazing doctor, I could operate on him myself. If I work hard with my studies, I could definitely heal him no matter how severe his wounds are. That's why my dream is to be a doctor."

"Hahaha. Such ambition!" Leng Jinpeg praised.

What Zhong Nuannuan said undoubtedly sounded childish to Leng Jinpeng and Qu Mingyi. However, when Chi Yang heard those affectionate words, he felt like his soul was being sucked into a vortex.

His Nuannuan was practicing medicine for him.

She wanted to heal him and make him healthy again, so her dream changed into becoming a doctor.

Then, could it be said that another dream of hers was to remain by his side?

Chapter 120: Look Down On Someone

"Then you should go enroll yourself in Shu Medical University. The dean of Shu Medical University in Emperor District was my comrade-in-arms. If you wish for this, I can let you study there without taking the entrance exam," Leng Jinpeng decided on the spot.

As the main approver of the marriage report, Leng Jinpeng had investigated Zhong Nuannuan. He knew she would never get accepted into Shu Medical University in Emperor District with her results.

It was still alright if she was not an academic achiever. If her medical skills were not good enough, she could be the receptionist or the administrator in the military base's hospital. Or perhaps she could do nothing and just stay at home. As long as she's not an actress, he could justify himself to the old general.

Nevertheless, Zhong Nuannuan was unwilling to settle for this. "Commander in chief, you're looking down on me. Would you believe that I could pass the exam of Shu Medical Hospital in Emperor District with the highest mark even without you pulling strings for me?"

Leng Jinpeng was amused by Zhong Nuannuan's determination. He did not approve of this girl before. However, Chi Yang liked her and she was the only girl that he had ever fallen for. Thus, for the sake of the Chi Family bloodline, he could only compromise.

However, now, he was growing fonder of Zhong Nuannuan.

"I think I can be considered Chi Yang's uncle. If you can get yourself admitted to Shu Medical University with your results, Uncle Leng will give you a present. You can choose anything you like as long as I can afford it. What do you say?"

"It's fine." Zhong Nuannuan rejected without even batting an eyelid.

Leng Jinpeng raised an eyebrow. He did not expect someone to reject his present.

"We don't have to bet on something that I know that I can do. You said you're Chi Yang's uncle, so I won't take advantage of you. If you really want to give me something, just buy it as you see fit. I'll like anything you give me. so don't worry."

"Hahaha. Are you really that confident?" Leng Jinpeng was becoming even more fond of Zhong Nuannuan's personality.

"Uncle Leng, since you're Chi Yang's uncle, I won't be an outsider with you and will tell you honestly: my medical skills are amazing."

After noticing Leng Jinpeng's doubtfulness, Zhong Nuannuan said, "Uncle Leng, look at you. Your face is dark and gloomy. When you speak to me, I can see that there's a hint of purple at the tip of your tongue. Your face is dark and there's a copper tone to it. For other people who don't understand, they'd just think that it's normal to be so tan since you're soldiers. However, comparing your skin with Chi Yang, yours does not share the same luster nor elasticity as your skin is dry and coarse. It's grey and ashy around your eyes, and you have telangiectasia on your face.

"I don't need to read your pulse to know that you have severe stomach and liver diseases. I can tell only from your face. Your gastritis is severe and your liver is at the cirrhosis stage. Uncle Leng, am I right?"

Zhong Nuannuan's words shocked the three men. Even Chi Yang, who knew she had learned from a Chinese physician, was shocked.

This were the results Leng Jinpeng had gotten when he went for a follow up in the the military base hospital last week.

After taking medicine for half a year, his condition did not get better. The military base's hospital had asked him to stay in the hospital but Leng Jinpeng vehemently refused.

"I didn't tell her about you," Chi Yang said immediately when he saw Leng Jinpeng looking at him.

Until then, he only knew that his wife had learned Chinese medicine. However, he did not expect her to already reach this level.

After listening to Chi Yang, Leng Jinpeng and Qu Mingyi were even more surprised.

She could deduce his condition just by looking at him. How could this be explained by 'good medical skills'? This was a superb artistic achievement!
