

Physician Wife 1141

Chapter 1141: Too Infuriating

"Nangong, it's your turn."

Old Master Nangong's face turned one shade darker, and he slammed the chess piece onto the chessboard.

"Heh, what's the meaning of that? We've just started and we don't even know who's going to win yet. Even if I win, you shouldn't throw the chess piece!"

Thinking of his little docile bunny-like granddaughter, Old Master Nangong's eyes gleamed red with anger. He sneered at Old Master Chi, "Old Man Chi, don't think I don't know what you and your conniving second son are planning!"

The conniving Second Brother, who sat in his wheelchair, looked at Old Master Nangong in confusion. "..."

Did he do anything wrong?

All he did was brew the old man a pot of tea and made him some pastries!

Could it be that all the bad guys nowadays, like him, knew how to cook?

"What are you talking about?"

"Don't you dare ask even though you already know the answer!" Old Master Nangong was about to die from anger. He barked rudely, "Our Nuannuan is only 17 years old. Does that big-tailed wolf of a grandson of yours have a conscience? Old Chi, I've given you enough face since you're my granddaughter's in-laws and I can tell that Nuannuan really likes Chi Yang. I don't want my newly-acknowledged granddaughter to think badly of us, so I've given in to your wishes."

"Otherwise, do you think we'd let our precious granddaughter, who we just accepted back to the family, live in her future husband's house before they're official? Even if there's a marriage report from the military base, the organization is the only one that has agreed to this marriage. They aren't married yet. Even if we go back on our word, no one will dare say anything."

"However, after finally locating my long-lost granddaughter, we haven't even had the chance to pamper her properly yet, and she's already staying at your place every day. You guys... you guys should at least take care of our Nuannuan's body! She's only 17 years old, and she's still a young girl! Don't you think you've crossed a line here?"

Old Master Nangong had never appeared so embarrassed before Old Master Chi before. After all, they had been friends for so many years.

However, no matter how close they were, they could not stand the fact that their most precious family member had married into the Chi family.

The Nangong family was humble and magnanimous as they did not want to make Nuannuan unhappy. Therefore, they told Nuannuan that there were too few people in the Chi family. Since she and Chi Yang

were about to get married anyway and she had already stayed in the Chi residence, she should still return to the Chi residence.

However... they did not mean it.

Ever since Nuannuan returned to the Nangong family, the men in the Nangong family wished they could keep her in the Nangong residence for the rest of her life and never let those pig trotters get close to her.

However, they knew it was impossible.

Therefore, they could only send Nuannuan back to the Chi family with the blood of pain dripping from their hearts.

However, understanding that Nuannuan and Chi Yang were deeply in love, they had probably done everything they should and should not. However, assuming was one thing, but having the truth so blatantly presented in front of him was a different thing.

Old Master Nangong had been sitting there for 20 minutes but Nuannuan and Chi Yang had not come down yet. How could Old Master Nangong not know what the two of them were doing upstairs?

This was too infuriating.

Old Master Nangong's words made Old Master Chi feel a little embarrassed and guilty.

As a well-respected old general and the only grand marshal in Camino—even the president had to address him respectfully as Uncle. However, now that he had been the target of Old Master Nangong's criticism, Old Master Chi could only grin as his skin color competed with his teeth in terms of paleness.

"Nangong, look at how angry you are. Who said that Nuannuan and Chi Yang are doing something inappropriate for children upstairs? These two kids went on a mission yesterday and have just returned!"

Chapter 1142: Argument

"Nuannuan didn't wash up last night, so she went up to shower and change. Where were you thinking?"

"Bah!"

Old Master Nangong looked at Old Master Chi, who lied through his teeth without stuttering, and spat at him.

"How thick-skinned can you be? Just look at how old you are! Can't you place your thick skin on your face, please?"

Old Master Chi, "... Oh, ho, ho. How infuriating! Normally, Old Master Chi would have spat at this damned old man back at his face. However, for the sake of his grandson and his adorable future great-grandson today, Old Master Chi must hold himself back!

Old Master Chi made up his mind and laughed out loud. “Old Man Nangong, what are you talking about? You’re making me feel like we’re the villain here. Based on my personality, my second son’s character, and Chi Yang’s character, would Nuannuan ever suffer in our house?”

Old Master Nangong’s eyes widened, and he huffed angrily, “Your family of wolves has probably taken full advantage of our Nuannuan, how dare you let her suffer after that? Old Man Chi, I’m warning you. If you dare to cause our Nuannuan any form of suffering, believe me when I say I’ll blow up your house with my twenty-year-old grenade!”

Old Master Chi rolled his eyes.. “Is a grenade kept for twenty years still usable? Don’t try to trick me.”

Seeing that Old Master Nangong was about to flip out and start a fight, Old Master Chi had no doubt that this damned old man would roll up his sleeves and start a fight with him in the coming second. He immediately straightened up and replied in a serious tone, “I assure you, you have nothing to worry about for Nuannuan to be at our house. I treat her like my own granddaughter. I treat Nuannuan better than how I treat Chi Yang! Mainly, that’s because Nuannuan is sweet and docile. Everyone loves her! Anyone with the right mind will never think of bullying such a cute girl, right? Old Man Nangong, we haven’t given her enough love!”

“Love her? If you love her, how can you stand letting her do it with a man before she’s 18 years old? If you love her, how can you not be considerate toward her body? Old Man Chi, I set aside the pain of letting Nuannuan live here because I pity you. After all, your grandson spends most of his time in the special forces and there’s a patient at home too. However, if this is what you’re doing, don’t doubt my words when I say that I’ll ask Nuannuan to leave immediately!”

Old Master Chi started to get displeased. Nuannuan was already his granddaughter-in-law, so why must she leave just because Old Man Nangong asked her to? How could he say that?

Seeing that the two elders were about to break out into a fight, the ‘conniving’ Second Brother sitting in the wheelchair finally spoke up.

“Uncle Nangong, be at ease for Nuannuan to be in the Chi family. You and Dad were once soldiers, so you’ve always followed the military rules. Since Nuannuan and Chi Yang have already received the military base’s approval, even if they don’t have their marriage certificate yet, they’re already as close as they can be.

“Nuannuan is Chi Yang’s wife, the only lady in the entire Chi family. We’ll love and cherish her as much as we love Chi Yang.

“Although Nuannuan isn’t 18 years old yet, she’s about to turn 18, isn’t she? Nuannuan is an independent and opinionated girl. If you stop her, she’ll listen to you out of filial piety but you’ll never know what she’s really thinking internally.

“Thus, Uncle Nangong, you should just let it go and give Nuannuan the control over her sweet life. The Nangong family is her maternal family. As her closest family, your frequent visits here and eating with her will help you express your care and concern for her. This is the best way to get along with everyone.”

Chapter 1143: The Chi Family’s Fox

“You and my dad have been friends for decades. Nuannuan and Chi Yang’s union will only be the bridge that deepens your friendship, won’t it?”

“Moreover—forgive me for saying something that you might not want to hear, Uncle Nangong—even if Nuannuan and Chi Yang might have done everything, isn’t that only normal between a husband and wife?”

Old Master Nangong was about to be fooled by Chi Zeyao’s glib tongue, but when he heard the last part, he nearly lost it again. Chi Zeyao immediately added, “Uncle Nangong, you’re the same age as my father. You’re 78 this year, right? Although you’re luckier than my father and have many children and grandchildren, as well as two adorable great-grandchildren, don’t you want to see a third great-grandchild?”

As expected, the moment these words came out, Old Master Nangong’s fury disappeared immediately.

A smile flashed across Chi Zeyao’s eyes as he continued, “Think about how beautiful Nuannuan is and how handsome Chi Yang is. I believe that if they give birth to a child, the child will definitely grow up to be very good-looking. Don’t you want to see your little great-grandson cuddling in your arms and calling you Grandpa?”

Old Master Nangong’s eyes lit up when he heard Chi Zeyao’s words.

If Nangong Jin could give birth to such adorable children as Lil Sun and Lil Ling’er, Nuannuan would definitely give birth to cuter children.

Oh, no. No, that could not do. Just thinking about it made him drool.

If only Nuannuan could give birth to a bundle of joy tomorrow!

It was no wonder that Old Master Nangong despised Nangong Jin in this matter. The Nangong family really only cared about girls.

After all, the Nangong family had never lacked men.

Hold on...

Something was wrong here!

He was still in the midst of criticizing the Chi family for being shameless a second ago. Why was he suddenly joining them?

Old Master Nangong realized that the Chi family’s conniving second son led his thoughts astray. He glared and yelled at him, “Chi the Second, don’t think that I’ll forgive you and your father just because you said that. You’re in cahoots with each other and you’ve deceived our good girl.”

Chi Zeyao’s smile was as warm as jade, but a hint of cheekiness dashed across his normally unobtrusive face.

“Yes, yes, yes. Dad and I are in the wrong. We should reflect on our mistakes and treat Nuannuan better in the future. Uncle Nangong, do you want Nuannuan and Chi Yang to have a son or daughter in the future?”

“A daughter, of course! You know that the Nangong family values girls the most.”

After saying that, he thought of something and said to Old Master Chi, “Old Master Chi, let’s get the ugly things out of the way first. Our Nangong Nuannuan has been with your Chi Yang even though she’s only 17 years old. Our Nangong family has just found our granddaughter and this person has already been taken away by your Chi family. If they have a child in the future, if it’s a daughter, she must have the Nangong name!”

Old Master Chi looked troubled.

“Old Man Nangong, I can’t agree to your request so simply. We’ll have to see how many children Nuannuan has! You should know that our Chi family has very few descendants. For me to finally have great-grandchildren, it doesn’t matter if they’re a great-grandson or a great-granddaughter, we’ll love them all!”

“So, what you’re saying is that none of Nuannuan’s children can take the surname of her mother, who goes through the trouble of giving birth?”

Old Master Chi panicked when he heard that.

“Hey, listen to you here. How can you be like this? Don’t all children follow their father’s name? Your Nangong family has so many descendants... Must you really fight with me over this? You’re being unscrupulous in getting what you want!”

Chapter 1144: Being Unscrupulous

“What do you mean by I’m being unscrupulous? How can you say that? Get this straight. The child will come from our Nuannuan’s womb. Why can’t the child follow her surname?”

Chi Zeyao, “...!!!”

Why did it feel like the two old masters could fight about everything?

He could not imagine how these two bad-tempered men could have been friends for decades.

The argument between the two elders got worse that Chi Zeyao was sure that they were about to break out into a fight. Chi Zeyao could have attempted to stop them, but he chose to wheel himself away silently instead.

He went away to make more tea. They could drink the tea later after Nuannuan and Chi Yang came down.

As for the two elders, since they had been arguing for decades and were still so close to each other, perhaps they would stop arguing when Nuannuan finally came down.

As expected, before Nuannuan and Chi Yang came down and Chi Zeyao came out with a pot of tea, the two elders were already playing chess with smiles on their faces.

“What do you think their third child should be called?”

“Think about what we should call the first and the second one first.”

“Oh, ho, ho! You sly old fox. Since when did you set up a trap here?”

“Ahahahaha, I knew you wouldn’t see it. You still want to fight me with your incompetence?”

“Hehe, I’m the incompetent one? Fine, fine, fine. Take these few pieces away. I’ll tell you who’s the incompetent one here.”

...

Finally, when Chi Yang and Nuannuan came downstairs, it was almost one in the afternoon.

Since Old Master Chi and Second Uncle did not summon them for lunch, the two youngsters came down to see what was going on. In the end, they found out that Old Master Nangong was in the house.

“Grandpa, why are you here?”

When Old Master Nangong saw his granddaughter, he was extremely excited.

“Nuannuan, you’re finally down! I heard from Grandpa Chi that you’ve been helping Chi Yang in Eagle for the past few days?”

“Yes, that’s because the people that Big Brother Chi Yang wants to capture are also the people that I’m looking for. Thus, we joined hands.”

“Oh! That’s great, that’s great! I know that my Nangong family’s daughter is definitely the best! You certainly didn’t rest much yesterday. You’ve come down so early... Does that mean you’re done resting?”

Nuannuan was pleasantly surprised by her grandfather’s pampering the moment she came down. She felt a little flattered.

After all...

She had already acknowledged the Nangong family as her own, so she should return frequently. However, she did not seem to have returned to the Nangong family at all.

Old Master Nangong lived in the same residential compound, but she had never been there before.

That was why when she saw her grandfather today, she realized that she already had a family. It would not be proper if she kept staying out.

However, Old Master Nangong had no intention of blaming her at all as he showered her with questions that asked only of her wellbeing. This made Nuannuan feel guilty.

“Grandpa, I had a good rest last night. It’s just that the facilities aren’t all great in the special forces, so I came back to wash up. I’m sorry, I’ve been a little busy recently and I haven’t been visiting. I’ll find time to come home often after this.”

Tears welled up in Old Master Nangong’s eyes.

That was all he wanted to hear!

His Nuannuan never had any real family since she was young, thus it was understandable that she did not have a strong sense of kinship.

However, when she met Chi Yang and the Chi family, who treated her well, she habitually treated them as her family.

His granddaughter was excellent in everything, except the fact that she was too pitiful.

“Of course! Of course! When you’re coming back, call your grandpa or uncle in advance. You can go anywhere you want. Grandpa has prepared a bedroom for you, okay?”

Chapter 1145: The Best Actor Appears

“Okay. Thank you, Grandpa. I’ll call you before I come back.”

“Okay. When you come back, tell me what you want to eat too. Even if your Second Uncle Nangong isn’t around, Grandpa’s cooking is not any worse too!”

“Sure.”

After that, the two in-laws, Chi Zeyao, Chi Yang, and Nuannuan sat down for a blissful meal.

During the meal, Chi Yang talked about Feng Shengxuan and told everyone that Feng Shengxuan was Nuannuan’s Big Brother. However, he now had stomach cancer and his cancer had already reached mid-stage.

Old Master Chi and Old Master Nangong sighed.. How pitiful it must be to suffer from such an illness when he was still so young.

Then, they were informed that Nuannuan’s Big Brother took good care of Nuannuan after she was abducted and raised at the ‘orphanage’. Therefore, they raised both hands in agreement to receive her elder brother in the Chi residence.

Old Master Nangong even volunteered to bring Feng Shengxuan to the Nangong family mansion, which was located next door to the Chi residence. He further explained that since Feng Shengxuan took care of Nangong Nuannuan on behalf of the Nangong family for so many years, that made him a benefactor to the Nangong family. Therefore, now that he was sick, it should be the Nangong family to shoulder this problem. They should not trouble their in-laws for this.

However, how could Old Master Chi agree to that?

If they really let Nuannuan’s Big Brother go to the Nangong family mansion, Nuannuan would probably return to her maternal home every day.

Although... it was worth nothing that her maternal home was not that far away either. It would only take them around ten minutes on foot to reach because they were located within the same residential compound after all.

However, that had a different significance on its own. After all, Nuannuan was already Old Chi’s granddaughter-in-law. How could she stay in the Nangong family every day?

A little booklet from The Civil Affairs Department meant nothing—what was important was the approval from the organization they belonged to. Once they received the organization's approval, even Old Master Nangong acknowledged the Chi family as his in-laws. It was likely that only the two old comrades who lived their entire lives in the military base could do such a thing.

As for Nuannuan, it did not matter to her. To her, the Nangong family was nothing but the family that she accepted later. The family that she first acknowledged was the Chi family, and she would treat them like her own.

Yes, although this kind of conviction somewhat pricked the Nangong family's heart, there was nothing wrong with it.

"Nangong, as you can see, although our house isn't as big as your second son's mansion, it's still the same size as the Nangong family mansion. There are too many empty rooms on our second and third floors. It won't be a problem to house another seven or eight Big Brothers if need be, what more just one.

"Besides, Zeyao's health has been deteriorating recently. Nuannuan spends an hour every day treating him. If we separate these two patients, won't that simply take up a lot more of Nuannuan's time?"

Old Master Chi could tell that Old Master Nangong feared nothing in the world—he could ignore everyone in this world except his granddaughter, to whom he was willing to give his all.

Therefore, the moment Old Master Chi brought up Nuannuan, Grandfather Nangong immediately surrendered.

"Then, I'll be responsible for delivering meals every day!"

Chi Zeyao smiled. "Uncle Nangong, there's no need to trouble yourself. I've already taught many of our servants. They can cook for us. If you don't mind, Uncle Nangong, feel free to come over and eat with us every day."

Old Master Nangong's eyes lit up.

Honestly, all he wanted was to see his granddaughter. He would be happy with any reason at all to come over.

The next day, when Feng Shengxuan's group of 'bodyguards' appeared at the airport, it caused a huge commotion.

Not only was Feng Shengxuan the chairman of the Imperial Phoenix Group, but he was also the biggest star in Imperial Phoenix Film Industry, the famed Chinese Oscar-winning Best Actor...

Chapter 1146: Heartthrob

Although nobody understood why the Best Actor had suddenly announced his retreat from showbiz after getting obtaining his Oscar, his female fans were always the most tolerant of a good-looking and rich man like him. All of them were so big-hearted that they could probably each hold a ship or an airship carrier in their hearts.

Not only was Best Actor Feng the most handsome national idol, but he was also one of the top three richest men in the world, making him the most valuable bachelor in the world! His votes overshoot the number two by too much!

It was nothing more than a retreat. After all, he did not need to depend on making movies for a living. He was from an ultimate wealthy family at the international level in the first place and filming was just his hobby.

He never expected to win Best Actor in the Oscars so easily. Now that he was at the pinnacle of his career in showbiz, there was nothing else for him to fool around with.

Although Feng Shengxuan was from Camino, his nationality was that of Sab. After retreating from showbiz, he lived abroad all year round, giving his fans and the entertainment media in the country nothing to gossip about. Now that they finally received news of Best Actor Feng returning to the country, everyone was extremely excited.

“Ah—Phoenix!”

Someone screamed. The scattered crowd immediately swarmed toward the exit. The entire exit number three was blocked by a dense crowd that a fly that got caught in them would not be able to fly out.

Thousands of people blocked the exit, shouting “Phoenix!” endlessly. Some even screamed, “My Xuan!”, “Heartthrob”!

Looking at the large army of people, Chi Yang could not help but feel lines taking form on his forehead somewhere far away.

He glanced at his wife, who wore a pair of sunglasses that covered half of her face, a baseball cap, and a large down jacket. He could barely recognize her figure. He finally understood why his usually high-profile wife suddenly kept such a low profile.

At this moment, Chi Yang regretted not listening to his wife and put on a pair of sunglasses instead.

When his wife asked him to wear sunglasses, he thought that if he did, no one would be able to tell who was more handsome.

Although Feng Shengxuan won Best Actor, Chi Yang refused to believe that Feng Shengxuan was more handsome than himself. If Chi Yang followed Feng Shengxuan’s path and joined the showbiz instead of being a soldier in the special forces, perhaps it would not be Feng Shengxuan who won the Oscars for Best Actor.

Therefore, to ensure that his wife could see the difference between her husband and this wild man, Chi Yang purposely did not wear sunglasses.

Furthermore, he did not wear his eye-catching military uniform today. Instead, he wore a suit and a long black coat.

Even though the outfit gave him a low profile, it was a tailored piece that cost millions.

Chi Yang had a great figure, to begin with. When he wore such a low-profile yet luxurious outfit, it was not an exaggeration to say that he was the perfect coat hanger.

Even if he was just standing in an inconspicuous corner, some of Feng Shengxuan's fans would pass by and secretly take photos of him.

Looking at his wife's smile that did not quite reach her eyes, Chi Yang felt awkwardness climbing up the back of his ears.

Just as he was being dragged down by Feng Shengxuan and was feeling dismayed, Nuannuan suddenly moved closer to Chi Yang and covered his face with her hands.

"What's wrong?"

Chi Yang was confused. He thought that Nuannuan was just cold, so he reached out his hand to cover hers.

In the next second, Nuannuan blurted out, "My boyfriend is too handsome. Everyone's looking at you. I don't want them to look."

This sentence sent Chi Yang's heart bursting with joy. Even though Nuannuan nearly distorted his face with her hands, the gentle light that shone from his eyes still attracted the lovesick screams of those female fans as they passed by.

Chapter 1147: It Is All Your Fault

Those girls nearly mistook Chi Yang for Phoenix!

At exit number three, after fans and media swarmed over and blocked the exit, they realized that Phoenix was not even out at all. It was only his bodyguards who had come out first.

However, Phoenix's bodyguards were all tall and handsome. As expected of the Best Actor.

Therefore, when Feng Shengxuan inconspicuously walked out of exit number one with a hand over his stomach, the first thing he saw was his girl snuggling intimately against his enemy.

Her girl smiled like a blooming flower, and his enemy was engulfed in the warmth that melted his usual coldness. There was a tender smile in his eyes as he said something to the girl Feng Shengxuan labeled as his.

Damn that Chi Yang!

Shameless!

He knew it.. Feng Shengxuan had always wondered how a stoic man manage to move his girl? As it turned out, Chi Yang used the most despicable method—seduction!

What a shameless fox!

As soon as Feng Shengxuan walked out, Chi Yang sensed Feng Shengxuan's presence.

Even though he had purposely minimized his obtrusiveness, when it came to his enemies, even if they were only his love rivals, his impression of them would be at least ten times more powerful than usual.

Therefore, when Feng Shengxuan saw Chi Yang and Nuannuan, Chi Yang smiled and held Nuannuan's face in his palms. At the same time, he covered her ears and blocked her eyes, so that he was the only one left inside her world.

Nuannuan felt as if her head was wrapped up in Big Brother Chi Yang's huge hands. It was as if Big Brother Chi Yang was the only person in her world. Moreover, her Big Brother Chi Yang was usually too awkward in expressing himself in public, especially when there were so many people around. He would not do anything that was too intimate with Nuannuan. However, at this moment, he held her head gently with his hands and leaned down to press his forehead against hers.

His refreshing breath tickled her nose and face.

"What did you say? Boyfriend? I'm just your boyfriend?"

"Fiancé." Nuannuan beamed at him and, very humbly and tentatively, amended herself.

"Husband!" Chi Yang corrected her once more.

"In our military base, once we've obtained approval from our organization, we're already a real married couple. Furthermore, we've been living together for a long time. We've done everything, including what we should and shouldn't. Why do you still call me your fiancé?"

"That's because we're not married yet!" Nuannuan blinked slyly.

"It's all your fault! If it's not because you're not 18 yet, would we still be unmarried? You can't deny our relationship because of your mistake!"

Hearing Big Brother Chi Yang's utterly unreasonable words, Nuannuan could not help thinking how cute he was. Therefore, she did not realize that Big Brother Chi Yang was actually putting on a show for someone else. Chi Yang wanted to anger the person until his stomach cancer took a turn for the worse. That way, the man would no longer have the energy to compete for Chi Yang's wife.

"Alright, alright, I got it. Many people are watching!"

Sensing the increasing number of cameras around them, Nuannuan quickly gave in.

Even though Nuannuan was fully armed with her disguise and nobody could see her face clearly, whatever little bit of her face that was exposed was enough to mesmerize the people around them.

The most important key here was Chi Yang.

Like his name, Chi Yang was a presence that glowed brightly like the sun. Even if he was not a celebrity, he would attract attention no matter where he went.

At this moment, the two of them snuggled against each other in an adoring manner, triggering squeals of joy from the surrounding passersby.

On the other hand, some of the fans started to listen in their conversation intently...

Chapter 1148: No Comment

Hearing the cries of surprise, they thought that Feng Shengxuan was here. After that one person who started screaming first, everyone started rushing over.

Seeing a swarm of people rushing over, Chi Yang frowned and quickly shielded his wife in his arms, putting on an expression that was as unforgiving as the sign that said 'Restricted area: employees only'.

When the fans saw that they got the wrong person, they were about to look disappointed before they noticed how handsome Chi Yang was and his sculpted figure. All of a sudden, everyone was infatuated.

"Young Brother, you're so handsome!"

"Young Brother, are you a celebrity? You should become a celebrity if you're this handsome! We'll definitely be your fans!"

"Stop calling him 'Young Brother'! If you call him that again, his little lady will be unhappy!"

A few fans standing at the front were laughing and teasing the handsome Chi Yang when a scream came from behind.

"Ah—"

"Phoenix!"

"Ah—My Xuan!"

"Aaaaaaahhh—"

One person screamed, and everyone followed suit.

Instantly, exit number one got completely blocked up.

Poor Feng Shengxuan. To avoid this group of passionate fans, he leaked out the misinformation that he would be using exit number three after descending his flight, but exit number one was the real deal. Moreover, to ensure that there would not be a huge commotion, he sent away all of his subordinates. In the end...

He had already exited, but when he saw Chi Yang acting like a hooligan to Nuannuan, he was too stunned to move. He missed out on the golden opportunity to leave.

Now that he passed the security checkpoint, there was no way Feng Shengxuan could act like a bigshot and retreat inside. Therefore, he could only stand helplessly as his fans came at him from all directions like an airtight vacuum pack.

"Ah—Feng Shengxuan, I love you!"

"I love you too!"

"Phoenix, can I take a picture with you?"

"Phoenix, we're from your fan club. Can you take a photo with us first?"

"Hello, Phoenix. I'm a reporter from Entertainment Records. Are you here to promote a new movie?"

“Phoenix, you suddenly announced your retreat eight months ago, and now you’re back in the country. Are you planning to stay in the country for a long time? Not only are you the Best Actor and boss of Imperial Phoenix Film Industry, but you’re also the boss of Imperial Phoenix Group. If you come back, will the focus of your business shift to the country?”

Feng Shengxuan was speechless as he felt his air getting sucked out by countless heads and microphones.

At that moment, the pain from his stomach started to get unbearable. Even though the three years he spent acting was the happiest time of his life, the same kind of happiness left him when Nuannuan left.

Therefore, looking at so many entertainment reporters and fans, Feng Shengxuan did not feel anything special at all.

Thinking about how Chi Yang had kissed his Nuannuan, Feng Shengxuan felt like his heart was burning.

His heart was burning with the flames of jealousy.

The huge cabbage that he had been growing and caring for 14 years had finally ripened. Before he could even make himself touch the cabbage, it had already been eaten by a pig trotter. What a horrible feeling that was.

Coupled with the frustration from his stomachache, Feng Shengxuan said impatiently, “I’ve already retreated from the entertainment scene. Don’t call me Best Actor anymore. Everything else is my personal, so I have no comment.”

It was not an understatement to say that Feng Shengxuan was being rude to the media and his fans.

However, would this attitude dampen the enthusiasm of the reporters and his fans?

Obviously not!

That was because back when Feng Shengxuan threw himself into the film industry, he became a legend.

At that time, he was still a newbie. On the first day of his debut, he dragged out all the celebrities under Imperial Phoenix Film Industry as the welcoming of him joining the film industry.

Chapter 1149: The Willful Best Actor

From the first day he stepped into the film industry, he, the king of all newbies, stood above all the best actors and actresses. He was a bug in the entire film industry.

As Imperial Phoenix Film Industry was too rich, it merely took them half a year to soar after their registration.

In the past half a year, Imperial Phoenix swept across all the movie companies in Sab like an unstoppable storm, poaching all of their best actors and actresses that they had high hopes for, along with their first, second, third... and eighteenth-tier celebrities.

Those who were unwilling to hand over their celebrities or those who were unwilling to switch over to Imperial Phoenix Film Industry would either end up in various lawsuits or have their dark history

exposed. Not only would they not be able to maintain their popularity, but they would also spiral down the path of failure.

That half a year was the darkest half a year in the film industry.

It could be said that no media or company in the industry dared to challenge Imperial Phoenix Film Industry.

Everyone knew that the boss of Imperial Phoenix Film Industry had unfathomable political and economic power.

Therefore, when the boss of Imperial Phoenix Film Industry leaped out and presented himself in the public as a newbie who wanted to join the entertainment industry, all the bigshots in Sab's entertainment industry respectfully paved a path for him to become an Oscar-winning actor.

This newbie boss was very domineering and willful the moment he debuted.

However, there was nothing they could do about it. He was too handsome, had a powerful background, and was too rich. Not only did the media from Sab scared to report anything negative when he ran amok with his temper. This fear was further extended to the media in some of the third world countries too.

The reason was usually that the bigshots in those countries would not allow media companies from their countries to report anything negative about Feng Shengxuan.

From Sab to other countries, from the political, business, and all the way to the entertainment world, no one dared to report on this Best Actor Feng's bad temper. Over time, it developed into the massive patience that the media and fans currently reserved for him.

In addition, this Best Actor was truly good at acting. He looked good in every movie he starred in. Not only did his good looks enable him to look good even when frying chicken, but his physical prowess was not to be belittled. No matter how difficult a move was, he never used a stunt double. Therefore, in his first year in the entertainment industry, he won an Oscar. In the second year, the same repeated. In the third year, when everyone thought that it would still be him, he suddenly announced his withdrawal.

Feng Shengxuan's withdrawal caused the entertainment industry to lose a weirdo of the overlord-level. At the same time, it also lost an eye-catching actor with superb acting skills.

He was like a legend that rose and fell so beautifully. What he brought to everyone was the darkness after the brilliance and the chasm that no one could surpass.

Movie fans and media reporters all over the world knew of Best Actor Feng's vicious tongue and arrogance. Hence, no one took his words to heart. Those media reporters who could not read the current atmosphere kept pushing their way toward Feng Shengxuan, trying to force him to say something.

After all, such opportunities were too rare.

Previously, Feng Shengxuan worked in Sab. Other than filming, he rarely came to Camino. Therefore, the reporters in Camino had never experienced how scary this Best Actor Feng was. Not only did they keep squeezing in front of Feng Shengxuan when he was clearly displeased, but they even trespassed on the

boundaries for safe interviewing just to get their microphones right in front of him the second he spoke...

Chapter 1150: Get Lost

Three microphones touched Feng Shengxuan's mouth, face, and head nearly at the same time.

Feng Shengxuan, "...!!!"

Finally, Best Actor Feng opened his mouth and asked one of the media companies, "Which media company did you say you were from?"

The reporter was a woman, and she was the prettiest in their company. The woman thought that Best Actor Feng had taken a fancy to someone like her, and was trembling in happiness.

"I'm a reporter from New Net Entertainment. My name is Guo Xiaoxuan."

Feng Shengxuan held his stomach and shifted his gaze to the other two reporters who touched him. "What about you two?"

Those two were men, so they could not share the same fantasies as the female reporter. After all, Feng Shengxuan was the big boss of the largest film company in Sab, and most importantly, Imperial Phoenix Film Industry was the tip of the iceberg within his business empire. Such a bigshot would have seen all kinds of beautiful women, would he not? How could he fall for a mere gossip reporter?

When the two reporters recalled how they actually got into physical contact with Best Actor Feng and the way Best Actor Feng handled things, their faces turned pale with fright. They quickly squeezed backward to give Feng Shengxuan a small space, then looked at him warily.

Feng Shengxuan glanced at the large words on their microphones and read, "Entertainment Records, Gossip Alliance!"

After saying that, he glanced at the female reporter who was still looking at him lovingly and continued, "And you, New Net Entertainment. All three of you will no longer exist tomorrow."

The reporters from the three media outlets turned pale with fright.

This was especially so for the female reporter. One moment, she was blushing shyly, but she turned as pale as a corpse in the next second.

"Get lost!"

Feng Shengxuan did not hold himself back anymore.

He had never been polite to the media in Sab. What made anyone think he would start being scared in Camino?

The reporters were already frightened by Feng Shengxuan's words. They retreated one after another, apologizing as they retreated.

The other media outlets were so scared that they did not dare to say anything, but the cameras were still snapping furiously. After all, this was news—a delicious chunk of gossip material!

However, as more and more fans started to swarm over behind them, the reporters found their paths completely blocked. Thus, the reporters at the front could only manage to take a few steps back before stopping.

“Phoenix, you’ve been covering your stomach since you came out. Are you feeling unwell? I bought a bottle of warm milk. Do you want to drink it?”

A fan who had been paying attention to her idol’s every word and action could not help but ask when she realized that he had one hand on his stomach the whole time.

Feng Shengxuan glanced at her and replied, “No need.”

That fan was so happy that she was about to go crazy. She hurriedly shouted toward the back, “Everyone, make way, make way for Phoenix. He’s not feeling well, make way!”

When the fans heard that their idol was not feeling well, they quickly retreated. On the other hand, the media at the back failed to get a good position at first and got squeezed out to the back by Phoenix’s swarm of fans, unable to advance. Now that nearly all his fans had retreated, the said media did not hesitate to take the opportunity to rush forward.

As his fans were retreating, the people behind them charged forward savagely. The fans were definitely not as strong as the media reporters. If the two collided, it would easily cause a stampede.

Suddenly, Feng Shengxuan took a few steps toward the group of reporters who were rushing over and glanced at them.

They closed in on the gap between them and Best Actor Feng. Little did they expect that they would suddenly lose their balance. Thus, a group of reporters from the gossip column fell flat on their faces as they bumped into the wave of retreating fans!
