

Physician Wife 1211

Chapter 1211: Unmoved

"Big Bro, let me help you!"

Even though he had just finished vomiting, Chi Yang suppressed the rising bout of disgust in his heart and walked to Nuannuan's side. Then, he freed his wife's hand and put his arm over Feng Shengxuan to support him instead.

Feng Shengxuan, "...!!!"

Feng Shengxuan was so disgusted that he wanted to vomit again.

He quickly retracted his arm out from Chi Yang's grasp and said stubbornly, "Am I so weak that I can't walk on my own anymore?"

After saying that, he quickened his pace. He was afraid that Chi Yang would come to put his arms around him again and send him to the toilet for another three liters worth of bloody vomit.

The pain he felt in his stomach was too much. Feng Shengxuan could not afford to let Chi Yang torture him anymore.

However, when they went up to Feng Shengxuan's room on the second floor, they realized that the servants were cleaning it.

"This place is dusty, so why don't you come to our room? Coincidentally, I've been charging and cleaning your silver needles, and I haven't removed the power yet," Chi Yang said.

Feng Shengxuan failed to react to Chi Yang's counter, so he nodded in agreement.

Just like Chi Yang, Feng Shengxuan also had a serious obsession with cleanliness, but he was slightly better than Chi Yang.

Nuannuan glanced at her Big Brother Chi Yang and then at Feng Shengxuan. She realized that the two men shared many similarities.

When Feng Shengxuan arrived at the master bedroom where Chi Yang and Nuannuan stayed, the expression on his already pale handsome face turned grave.

This was because the bedroom window had not been opened yet, and the whole room was still emitting a sweetly tantalizing aura that had yet to dissipate.

Nuannuan smelled it too. Embarrassed, she quickly opened the window.

As for Chi Yang, he achieved his goal. Thus, he calmly closed the automatic screen in the middle of the room, preventing the peculiar atmosphere from reaching Feng Shengxuan's nose.

Feng Shengxuan was isolated by the screen in a separate living room.

Nuannuan brought the silver needles over and said, "Big Bro, just lie on the sofa."

"Okay."

Feng Shengxuan responded lazily and began to take off his clothes slowly in front of Chi Yang and Nuannuan. As the heater was turned up aptly, he only wore a set of silk pajamas. When he unbuttoned the buttons of his pajamas one by one, his fair and muscular chest was gradually revealed.

Perfect contours, fair skin, strong chest muscles, beautiful contours of his muscles...

It was a kind of soul-stirring beauty carved by an artist's meticulous hands.

Under his six-pack abs, his Apollo's belt was just slightly visible, blocked by his pants.

It could be said that it was super impressive for a patient to have such a wonderful body.

However, Nuannuan had already gotten used to Big Brother Chi Yang's superb figure. No matter how good Feng Shengxuan's figure was, Nuannuan remained unmoved.

Besides, women were family-oriented creatures. They were more likely to have sex with a man for love instead of loving a man for sex.

Just like in her previous life, when Nuannuan refused to accept Chi Yang no matter what—even when Chi Yang lived under the same roof as her; even when Chi Yang tried his best to seduce her with his body—Nuannuan remained unmoved.

Due to the repulsion she had for this person, her body subconsciously rejected him as well.

Therefore, no matter how good Feng Shengxuan's figure was, Nuannuan was unmoved.

The reason? There was no love between them!

Or rather, there was love, but it was not the love between a man and a woman, but the love of kinship.

"Lie down."

Seeing that Feng Shengxuan was done taking his time with his clothes, Nuannuan quickly got Feng Shengxuan to lie down because she was concerned for Chi Yang's tight schedule.

Feng Shengxuan's body stiffened for a moment when he saw Nuannuan's calm gaze, unstirred by what she saw.

Chapter 1212: You Will Definitely Get Better

Why was Nuannuan not amazed by Feng Shengxuan's figure?

This did not make sense!

Every time Bai Liyue saw Feng Shengxuan take off his clothes, she would automatically avoid meeting his eyes, and her cheeks would turn slightly red.

How could his Nuannuan be so expressionless?

Seeing that Feng Shengxuan did not move, Nuannuan was afraid that she would waste Chi Yang's time, so she eagerly reached out and pushed him.

Feng Shengxuan staggered before Nuannuan pushed him like a ruffian onto the sofa as though he was a submissive little bottom.

Behind him, Chi Yang's gaze darkened slightly, but his expression remained calm.

As for Feng Shengxuan, he took advantage of the fall and lay down gracefully on the sofa. His elegant eyes that slightly curved upward were akin to a pool of spring water that ran deep among the deepest mountains. His eyes were void of ripples, but they were emanating a profound depth that could swallow everything.

Even though Chi Yang was standing right next to Nuannuan, Feng Shengxuan still tried to seduce Nuannuan in front of her fiancé.

He wanted to see whether Chi Yang would be angry or choose to remain a Ninja Turtle.

However, any man with a bit of staunchness would get angry, right?

He was waiting for Chi Yang's outburst. If he got angry, it would make things difficult for Nuannuan. At that time, it would be hard for Nuannuan and Chi Yang to avoid conflict. When their conflict was about to escalate, Feng Shengxuan would try to sow discord between them. When their relationship had become stiff, he would add fuel to the fire and manipulate Chi Yang to go on some dangerous missions. Then, he would try to distract Chi Yang while carrying out his missions before getting shot to death. Meanwhile, Old Man Chi would die from hearing the bad news...

After his enemies died, Nuannuan would still be his while Feng Shengxuan would win this fight without confronting his enemies directly.

He silently praised himself for his wit.

Instantly, he felt that having stomach cancer was not bad at all.

However, in the next moment, Chi Yang, who had a storm brewing in his eyes, walked forward and intimately kissed Nuannuan on the cheek in front of Feng Shengxuan.

Nuannuan noticed Feng Shengxuan's attempt at provoking Chi Yang, but she tolerated him because he was sick.

However, this kind of tolerance was not unconditional. Therefore, after Big Brother Chi Yang kissed her, she beamed at Chi Yang as she reached out to hook her arms around Chi Yang's neck. Reciprocating Chi Yang's love, she planted a kiss on the corner of Chi Yang's lips.

Feng Shengxuan, "...” What was this sudden bout of chest pain!

With his wife's reassurance, Chi Yang's agitation was instantly soothed.

After successfully seeing the rising gravity in Feng Shengxuan's face, Chi Yang was awash with cheerfulness. He asked, "Nuannuan, Big Bro has already vomited blood. Isn't this terrible? How effective is your acupuncture on him? Does he need surgery?"

Feng Shengxuan looked at Chi Yang angrily.

This damned fox must be doing this on purpose, right?

He purposely brought up Feng Shengxuan's health conditions in front of Nuannuan to remind her not to like someone who was terminally ill. Otherwise, she would have no guarantee for a happy future, right?

Yet, so what? His Nuannuan was a miraculous physician. In her hands, there was no illness that she could not cure!

“With Nuannuan around, how would I...”

Just as he was about to say that with Nuannuan around, he would never end up going through something as tragic as surgery, Nuannuan’s sudden interception sent Feng Shengxuan swirling down the path of depression.

“Yes, he must.”

After saying that, Nuannuan looked at Feng Shengxuan and said, “Big Bro, I’ve always wanted to talk to you about this. Last night, when I performed acupuncture on you, I realized that your body is in a horrible condition. The only way for you to survive is to undergo surgery. But don’t worry, after your surgery, I’ll complement the treatment with my acupuncture and find a way to make you better.”

Chapter 1213: Surgery

Chi Yang chimed in, “That’s right, Big Bro. With Nuannuan around, there’s still hope for you. Don’t lose faith.”

Feng Shengxuan, “...”

When had he ever showed any indication that he lost faith?

He was the man who was determined to spend the rest of his life with Nuannuan!

Nuannuan nodded and went along with Chi Yang’s words. “I’ve already asked Grandpa to help you contact the best group of specialists in Z Country. You’ll only need to go through one surgery without ever needing to go through chemotherapy. I’ll use acupuncture to replace chemotherapy.”

When Feng Shengxuan heard that he was going for surgery, his temper exploded before Chi Yang did.

“I’m not going through surgery! You know how much I hate the smell of hospitals!”

Unlike Bai Liyue, Nuannuan would not budge at Feng Shengxuan’s temper outbursts. “Then, death will take you.”

Feng Shengxuan looked at Nuannuan in disbelief. He did not expect to hear such cold-blooded words from her.

At this moment, Feng Shengxuan was like a child who had been abandoned by his mother. One moment, he was bawling and throwing a tantrum, and the next, he was so quiet that it was unbelievable. One look and one could tell that he had been dealt a blow.

Seeing that he had become obedient, Nuannuan added, “However, if you undergo surgery, I can at least extend your lifespan by five years. After five years, surely I would’ve found a way to treat your illness. And don’t worry, I’ll accompany you throughout the surgery.”

After all, in her previous life, she would be able to see medium-sized cells in the upcoming five years. So as long as Feng Shengxuan was willing to undergo surgery, curing or extending his lifespan indefinitely was still a possibility.

He had often been given the whip before being handed a candy by Nuannuan in this manner. However, this was a sure hit with Feng Shengxuan.

Without the persistence and stubbornness from before, Feng Shengxuan was like a child that had been abandoned and then picked up again. "All right, then."

Feng Shengxuan had never refuted Nuannuan's words.

If it was something he could do, he would ensure that he achieved it. If it was something that he could not do... he would do it even if it meant creating more conditions.

Therefore, even if he absolutely abhorred the idea of going through surgery, even if he hated the feeling of putting his life in other people's hands, he would do anything that Nuannuan told him to.

Even if he might die, he would accept it as fate.

Nuannuan looked at Feng Shengxuan. She had half a mind that he would reject her outright. After all, this was a matter of life and death. She was shocked to hear him agree so readily before following up with an internal sigh.

How could she not know the feelings Feng Shengxuan had for her across two lifetimes?

However, she could only reciprocate his feelings with sisterly love. Other than that, there was nothing else. In her previous life, it had been like this even when Nuannuan was not tangled up in Chi Yang's love, and it would be the same in this lifetime too.

"It's good that you agreed. Come, let's start your acupuncture."

With his head wrapped around the idea of surgery, Feng Shengxuan lost all moods to play tricks. He could only lie there like an obedient patient and let Nuannuan insert needles into his body.

Chi Yang did not stay idle either. Initially, he stood behind Nuannuan and tried to glare at Feng Shengxuan to death from time to time.

Later, he saw that Nuannuan was no longer working with her needles. The needles that were inserted into Feng Shengxuan's body seemed to be consolidating. Chi Yang stood up and asked, "Is it about to end?"

"Yep, five more minutes," Nuannuan answered after checking her watch.

"Then, I'll go get changed first."

"Okay."

With that, Chi Yang stood up and walked in.

Seeing that Chi Yang went in, Feng Shengxuan finally opened his mouth unhappily...

Chapter 1214: Have You Seen My Shirt?

"You've never accepted me all this time because you like a man who looks like that? He's just a stoic man who looks like his face is paralyzed. What's so good about him? Not only is he a stoic, but he's also

a soldier. Before we go into how often he has to go on his missions, aren't you afraid that you'll become a widow one day when he doesn't come home from a mission?"

Hearing the word 'widow', there might have been no change in Nuannuan's facial features but the atmosphere around them turned sharply cold.

Feng Shengxuan only needed to take one look to know that his little princess Nuannuan was angry.

He cursed in his heart, but he did not dare to attempt putting more knives into Nuannuan's heart anymore. He quickly changed the topic. "Ah, why do I feel a slight pain in my chest? Quick, help me take a look."

Nuannuan was about to open her mouth to say something to clarify her stand so that he would give up, but when she saw how cowardly the man was and thought about his illness, her heart softened. She did not say anything, but she ignored the pain in his chest.

She could not be more sure whether he actually felt pain in his chest.

However, in the next moment, Feng Shengxuan lost his composure.

That was because Chi Yang reappeared.

Not just that, he was also naked from his waist up.

Nuannuan's eyes that were already dampened transformed into a sea of glimmering stars when she saw Chi Yang.

The stars in the sky were twinkling, and so was the sparkling light that reflected on the sea. Her beautiful eyes shone brightly with the flames of a thousand stars.

Looking at Nuannuan's uncontrollable expression, Feng Shengxuan's face was instantly twisted.

Even he had to admit that Chi Yang had a great figure.

Most importantly, Feng Shengxuan spent most of his time in a dark manor, but Chi Yang spent most of his time with his comrades under various harsh weather and conditions.

Therefore, Chi Yang's skin was the honeyed color of healthy skin while Feng Shengxuan's body was abnormally pale.

It was true that Feng Shengxuan worked out constantly. Although his body was pale, his muscles were healthy and strong.

However, not only was Chi Yang's skin glowing with a healthy honey-colored luster, those contours on his muscles... made him look like a lazy leopard. Although there was not much difference between his body and Chi Yang's, once he encountered food, his perfect muscles would instantly burst forth with his strongest power.

Feng Shengxuan had to admit that even as a man, he could not find any fault with Chi Yang's figure.

Feng Shengxuan noticed that Nuannuan's gaze was glued to Chi Yang ever since the cunning fox came out. Oh, what would Feng Shengxuan give just to rush up to Chi Yang and pluck out all of his fox fur!

No wonder Nuannuan loved him and doted on him so much that she could not leave him. This damned fox had used such a despicable method to trick Nuannuan into bed!

Shameless!

No honorable men would resort to such lowly methods!

Feng Shengxuan, who was cursing silently, had completely forgotten that he wanted to use an equally despicable method to seduce Nuannuan. Moreover, his method of choice was more refreshing.

“Nuannuan, have you seen my shirt?”

After Chi Yang was done basking in the death glare that Feng Shengxuan sent him—looking like he wanted to tear Chi Yang apart with his bare hands—Chi Yang interrupted his little girl’s wistful gaze. He was obviously in a good mood as he spoke casually. As he spoke, he continued to admire Feng Shengxuan’s man-eating gaze.

This fox-like Big Bro tried to use his body to seduce his Nuannuan.

Was his Nuannuan the kind of woman who would fall in love with any random man who took off his clothes?

Nuannuan recollected her thoughts and felt ashamed that she had been fooled by Big Brother Chi Yang’s acts of childishness.

Chapter 1215: Lick Her Wound

Most importantly, Nuannuan fell for Chi Yang’s tricks so foolishly.

Suddenly, she was overwhelmed by fatigue.

These two unbelievably strong men were clearly not childish, but when they lived together, one was more childish than the other.

About clothes...

Was it not Big Brother Chi Yang who was in charge of tidying up? Nuannuan was the one who had to ask Big Brother Chi Yang whenever she could not find her clothes!

However, in front of Feng Shengxuan, Nuannuan would never embarrass her man by exposing his lies.

Nuannuan got up. “I’ll find your shirt for you.”

Then, Feng Shengxuan was dumbfounded to realize that Nuannuan chucked him, the terminally sick patient, to find clothes for Chi Yang.

After passing through the door, Nuannuan was about to say something when Chi Yang bent down and kissed her on the lips.

Chi Yang only let go after giving her an intense kiss.

Although it was not long, the kiss sent Nuannuan’s world spinning.

“Big Brother Chi Yang...”

Even though it was just a kiss, Chi Yang's voice became slightly hoarse at that moment. He explained very simply, "Let me wash your eyes."

Nuannuan, "... " Why did he think kissing her would wash her eyes?

Could his explanation be any less mindful?

Then, Chi Yang opened up the cupboard and found a shirt to put on. He turned around and said shamelessly to Nuannuan, "Put it on me."

This was the first time Nuannuan had seen Big Brother Chi Yang acting like a child. Her heart started beating like a little drum. She walked up to him and reached out to pull his collar, preparing to button him up.

However, Big Brother Chi Yang reached out and wrapped her hands in his.

The next moment, Nuannuan felt Big Brother Chi Yang's warmth as his hands engulfed hers, guiding her hands onto his body until her fingers touched the now hot skin where his heart was.

The moment Nuannuan's hands came into contact with his skin, Chi Yang, who usually strictly suppressed himself, let out a moan.

Feng Shengxuan, who was lying outside with his stomach and lumbar spine covered in layers of needles, "...!!!"

Nuannuan was shocked by Chi Yang's unrestrained voice. She quickly retracted her tiny hands and looked at Chi Yang. She met his profound gaze that was so deep she felt like they could swallow her whole.

There was a hint of forbearance in his eyes, but a grin that said his scheme had succeeded was more prominent on his face.

Nuannuan, "... "

She had always thought that compared to Feng Shengxuan, Big Brother Chi Yang would be the austere and serious one—he would most likely be on the short end of the stick when Feng Shengxuan was around.

However, when the two of them finally met, Nuannuan realized that Big Brother Chi Yang was such a meanie inside.

Furthermore, to take down Feng Shengxuan, he could even do something like what happened at the airport. This made Nuannuan question her beliefs and whether there was a lower limit to a person's values.

When Nuannuan and Chi Yang reappeared once more, Chi Yang was already clad in his suave military uniform.

No matter how he looked at Chi Yang who was now dressed in his formal uniform, Feng Shengxuan was unnerved.

Looking at Nuannuan again, Feng Shengxuan was convinced that even with acupuncture, his stomach would still hurt.

That was because he noticed the red and swollen patch on the corner of Nuannuan's lips.

Damn this despicable wolf!

Was he a dog? How could he bear to bite his girl like that?

Feng Shengxuan's Adam's apple bobbed. He really wanted to lick Nuannuan's swollen lips to soothe her wound.

Last night, during the acupuncture session, Nuannuan took out all the needles and inserted them into the syringe to be disinfected via the electronic distilled water sterilization equipment.

"Big Bro, I'm done with your acupuncture. I've already told Second Uncle to supervise and remind you to take your medicine at noon and at night. You must listen to him. As for your surgery, there's nothing for you to worry about. I'll arrange it for you. So, Big Brother Chi Yang and I will leave first."

Feng Shengxuan helplessly watched as his girl followed Chi Yang and got into the car valiantly.

Chapter 1216: Tanning Himself

Like the rocky figure on Amah Rock that stared at the horizon, awaiting his beloved's return, Feng Shengxuan's eyes were glued onto Nuannuan and Chi Yang's leaving silhouette until they disappeared from his sight. Only then did Feng Shengxuan turn around bleakly.

As soon as he turned around, the first thing he saw was Chi Zeyao, who had been standing quietly behind him without making a sound. This gave Feng Shengxuan a fright.

Holy sh*t!

Was this cripple trying to scare him?

However, on the surface, Feng Shengxuan still displayed the basic etiquette befitting a guest.

He nodded slightly at Chi Zeyao, who nodded back at Feng Shengxuan before leaving quietly.

Seeing that the sun was quite bright today and that it hung huge in the sky, Feng Shengxuan thought about the solarium that Chi Zeyao made for the Chi family, so he headed there without a second doubt.

If Nuannuan liked men with Chi Yang's skin color, Feng Shengxuan decided to tan himself into that color too.

In the solarium, the old master and Chi Zeyao often came to bask in the sun. Therefore, Chi Zeyao spared no effort to make this place elegant and clean. Although there were many flowers in the solarium, Feng Shengxuan could only smell the faint fragrance of daffodils.

He did not know if it was because of the heater or the sun outside, but the entire sunlit room felt warm. Since there was no one here, Feng Shengxuan decided to take off his clothes and pants. He casually picked a book and lay down to take a sunbath.

He basked in the sun on the front, back, and side. His skin color on every part of his body must be even!

Feng Shengxuan read the interesting military-related book in his hands as he basked in the warm sun. For a moment there, he forgot that he was in Chi Yang's house and that there were others in this house. As he started to mistakenly think that he was at his own home, Feng Shengxuan let down his hair so much that he even took off his underwear.

After all, he could not give his entire body the honeyed look and leave that particular area looking pale!

After basking in the comfortable temperature in the room, he covered his face with the book and fell asleep.

Clang! A glass cup fell to the ground and shattered into pieces.

Feng Shengxuan's eyes opened instantly under the book. All of his senses kicked in and he was on maximum alert. If his enemies made any move, Feng Shengxuan would definitely be able to kill them immediately.

However, when Feng Shengxuan's drowsiness faded away, he realized that he was in the Chi residence. It would not be easy for those international mercenaries to sneak into Camino. Even if they entered Camino, they could not enter the Chi residence, which was filled with guards.

He sat up and looked at the dazed Grandpa Chi. Then, he saw Chi Zeyao, who rushed over after hearing the commotion, standing frozen with an equally stunned expression on his face. Feng Shengxuan asked unhappily, "What's wrong?"

After asking the question, Feng Shengxuan remembered a very serious detail.

This was the Chi residence, not his own manor.

Here, the people would not stop entering just because he forbade them from doing so.

Therefore, Feng Shengxuan felt embarrassed when he noticed that his little brother was also photosynthesizing in the sun. He subconsciously covered his genitals with the book.

Old Master Chi, "..."

Second Uncle Chi, "..."

The atmosphere was awkward.

Second Uncle adjusted his glasses and did not say a word. However, his gaze seemed to be able to pierce through his book from time to time.

Grandpa Chi was even more embarrassed.

Initially, he had come here with tea to read, but he saw Feng Shengxuan, who had taken off all his clothes and lay sprawled on the ground.

In a situation like this, he should have left, but he realized that this kid's second "brother" actually nodded at him.

Grandpa Chi almost had a heart attack and collapsed, so his hand slipped and the teacup shattered.

Chapter 1217: Tanning Botched

When the servant heard the noise, she came in from outside. She wanted to pick up the broken cup on the floor, only to see Feng Shengxuan cover his indescribable area with a book.

Feng Shengxuan's figure was so good in the eyes of ordinary people that even though this servant was already over 40 years old, she still could not stop herself from crying out when she saw Best Actor Feng's figure. She blushed.

This old lady loved bingeing drama shows and she had always been a fan of Feng Shengxuan. Now that she was old and had suddenly seen her idol's body figure, even the old lady could not help but feel a surge of energy that roared inside her.

Feng Shengxuan, "..."

He felt like he had been tainted!

"Aunt Li, you go out first. You can clean here later."

Chi Zeyao said a little unhappily.

"Yes." Aunt Li realized that she had overreacted, so she quickly left with a blushing face.

Old Master Chi really did not know what to say. It was Chi Zeyao who said calmly, "This is Z Country after all. If you want to sunbathe in the future, remember to wear your underpants. There are many servants at home."

Feng Shengxuan, "..."

Chi Zeyao could not help but add, "Being under the winter sun only helps with the absorption of calcium. It's cold in the north, so the sun won't tan you."

Feng Shengxuan, "...!!!"

Then, before Feng Shengxuan could say anything, Chi Zeyao gave the old master a hand. "Dad, I'll accompany you to the garden."

"No need. I just came back from the garden. Do you want to play chess in my study?"

"Okay."

Chi Zeyao was very filial. He would follow almost anything the old master said.

Watching the two—one old and one weak—leave, Feng Shengxuan suddenly hated this place.

It was probably written somewhere in his fates to not be compatible with this place.

It was clearly the enemy's home, but he had let his guard down so easily. Today's humiliation was nothing, but he suddenly felt like a frog in a pan with slowly rising fire.

After finding his underpants and clothes, Feng Shengxuan returned to his room gloomily.

He called his subordinate and vented his anger.

"Are you guys eating shit? Why haven't you found Bai Liyue yet?"

"King, it's not that we don't want to look for her, but we really can't find her. We can't even track her phone signal. King, I'm sorry, we're useless."

"Call me Big Bro. I'm outside."

Although he knew that the Chi family did not install any listening devices in his room or phone, Feng Shengxuan was still very cautious.

"Yes, Big Bro."

After hanging up, Feng Shengxuan's worry started to expand. Eventually, he gave in and gave Dan Qi a call.

"Luna is missing. Help me find her."

On the other end of the phone, it was not Dan Qi's voice that answered him. Instead, it was a woman who shouted loudly—

"Dao Mingshi, you pig head!"

Feng Shengxuan, "... What the hell?

"Dan Qi?"

"Hmm? Oh? Big Bro, what's the matter?"

Feng Shengxuan, "..."

After taking in a deep breath, Feng Shengxuan said, "Luna is missing. Help me locate her."

"But didn't Big Sis Nuannuan say Big Sis Luna didn't want to talk to you on purpose? If I help you find her, wouldn't I be betraying Big Sis and Big Sis Luna? I won't do it."

Feng Shengxuan, "..."

"Big Bro, Big Sis Luna will come back after she thinks it through. Don't worry. Even though she likes you, she's not the type to be narrow-minded. When she comes back, she'll definitely change her mindset and stop pestering you."

Chapter 1218: Delivery For You

"As for you... You shouldn't pester Big Sis Luna all the time too. After all, you don't have feelings for her, so you should avoid leading her on. Otherwise, what's the difference between you and a scumbag who keeps her around to receive the love she has for you while never promising her in return?"

Feng Shengxuan gritted his teeth and said, "Did you just call me a scumbag?"

That was indeed what Dan Qi thought, but for the sake of his teeny life, he continued explaining, "No, no, I'd never. I'm just making an analogy."

"It's not that I want Bai Liyue to come back. I can sense that something's wrong. I'm worried that something might have happened to her. Please help me check."

When he heard that something might happen to Bai Liyue, Dan Qi became solemn. "Okay, I'll find out immediately."

After hanging up, Feng Shengxuan looked out the window. Although the sun was shining brightly, it was void of the ability to nurture life with its warmth. Whether it was his heart or the flowers and trees outside, everything seemed bleak.

Bored, he continued to read for a while before falling asleep again.

After losing track of time, the voices downstairs woke Feng Shengxuan up. He got out of bed and glanced downstairs. There was a huge truck parked outside. The driver was anxiously explaining something to the guard. The guard had a serious look on his face and was completely unmoved. Only when Chi Zeyao went out in a wheelchair did a glint of humor flash across Feng Shengxuan's eyes. He looked at the window with wry interest.

"What's going on?" After Chi Zeyao went out, he looked at the guard. The guard then said, "Sir, this person said that he's from the post office and has delivered a lion over. He said that the item was sent from the old marshal's house."

Chi Zeyao's eyebrows twitched. "There's a lion inside?"

"Yes."

"Open it."

"Yes!"

The guard received the order and together with the trembling truck, they stripped off the truck's heavy cover before opening the truck door.

Roar!

Da Bai, who had been locked up for a long time, saw the car door open. Yet, when it realized that he was surrounded by unfamiliar faces, the lion was enraged. It opened its bloody mouth wide and let out a deafening roar at Chi Zeyao. The driver was so scared that he collapsed to the ground on his rear. The guards hurriedly formed a meat shield in front of Chi Zeyao and pointed their guns at Da Bai, looking like they were facing a formidable enemy.

The driver was scared out of his wits. Oh, my god! The lion's roar was simply too scary! Looking at the hatred in its eyes, it felt like the lion would munch on everyone here until no bones were left!

"Sir, this..." The guard looked at Chi Zeyao with a twisted expression, not knowing what to do.

Chi Zeyao, who was sitting in his wheelchair, looked at Da Bai expressionlessly. "Who's the recipient?"

The driver quickly passed the bill of parcel to Chi Zeyao. "Sir, this is the recipient's information."

Chi Zeyao received the bill, expecting the lion to be Feng Shengxuan's. Unexpectedly, he saw Nuannuan's name.

He narrowed his eyes and said, "Get someone to bring the lion down."

“Yes!”

After receiving the order, the guard immediately summoned a few others to lift the lion down.

The lion was especially heavy. Coupled with the reinforced metal cage, having four people to lift it was already a difficult task. Moreover, the lion was transported in a truck one where there was some distance from the truck to the ground.

It was a little too much to ask for a crane, so Chi Zeyao asked the guards to look for ladders.

When the fuming Da Bai saw that someone was about to lift it down the truck, it stopped throwing its temper tantrum and curled up inside the cage.

Seeing this, the guard mustered up the courage to put the poles through the chain. Together, the four of them lifted the cage.

Chapter 1219: Tricked

When Da Bai’s cage was first placed inside, the lock was installed on the inside. When the guards lifted the cage up, nobody noticed the invisible force that was twisting the lock.

The four guards had already brought Da Bai out of the car with special equipment and were descending the truck through the slope.

They were already halfway to the ground when the hand brake in the parked truck was suddenly released on its own, and the truck suddenly reversed.

It merely reversed a little—so little that the truck moved less than one meter backward.

However, the speed at which the truck retreated was extremely fast, catching the guards off guard while they were occupied with carrying Da Bai.

“Be careful!”

Chi Zeyao was the first to notice the moving truck.

Even though Chi Zeyao called out for the guards the second he saw the retreating truck, the guards did not notice anything wrong.

When danger arrived, everyone would first check if there was anything wrong with their own side before checking others. However, real danger was often found in those that were triggered suddenly, and the guards reacted too slowly.

“Argh—”

The suddenly retreating truck flipped the platform over.

The guards lost their balance and fell off the platform.

As the truck was not too far from the ground, everyone jumped down. Although all of them landed on their feet, they did not have the time to care about Da Bai.

As a result of that, Da Bai, who was obediently waiting to be released, suddenly fell from the truck.

The iron cage fell to the ground with a loud bang.

The car stopped retreating, but after the smash, the deformed cage instantly unlatched itself.

Roar!

Without allowing any time for a reaction, Da Bai, the beast that lay on its belly lazily in the cage, crashed onto the ground. The sudden fall twisted some of its toes, and one of its nails broke.

It was in so much pain that it was instantly agitated.

Da Bai had not seen his master nor the woman who had always fed him. In this unfamiliar environment, Da Bai's ferocious nature instantly exploded in full form.

Since the cage was broken too, Da Bai lunged out from the cage immediately.

Roar!

Da Bai was convinced that the guards who threw him to the ground were unforgivable.

The guards were scared out of their wits as they pulled out their guns to defend themselves.

Da Bai scanned them—

What the hell, these stupid humans! Not only did they throw Da Bai down and break its nails, they even want to kill it now?

Roar!

Da Bai was completely enraged, and he roared fiercely at the guards again.

Seeing that one of the guards was about to pull the trigger, Chi Zeyao shouted, "Don't shoot!"

His voice instantly caught Da Bai's attention. Da Bai turned around to look at Chi Zeyao, who was in a wheelchair, and roared at him again.

"Sit down!"

Chi Zeyao roared angrily. Meanwhile, Da Bai merely thought that this man was an idiot.

It was the king. What made the man think that it would sit just because he told it to? Who did the man think he was?

Roar!

Da Bai let loose an enraged roar before charging toward Chi Zeyao.

Meanwhile, Chi Zeyao nimbly turned his electric wheelchair in a different direction and dodged Da Bai's attack.

When the guards saw that the old marshal's son slash their current commander's second uncle was under attack, they raised their guns to shoot again. However, Chi Zeyao still saw through them and yelled at them to stop.

"Don't shoot!"

Since the old marshal's son had already spoken, none of the guards dared to open fire.

Chapter 1220: I Told You To Sit Down

Therefore, the guards could only stare nervously at Da Bai, who stood up gracefully after failing to land on its target and locked its gaze onto Chi Zeyao once more.

Chi Zeyao stared at Da Bai and ordered, "Sit down."

This was detestable to Da Bai. A cripple in a wheelchair dared to challenge him? However, after Chi Zeyao said "sit down" for the second time, Da Bai felt an indescribable pressure surge from above him.

Da Bai feared getting pressurized this way the most. Therefore, under Chi Zeyao's scrutiny, the initially arrogant and unyielding Da Bai gradually calmed down due to its fear of some unknown power. In the end, its frustration turned into dismay, and dismay into submission (defeat). Even though it was extremely indignant, it did not dare to be arrogant anymore.

He snorted a mouthful of foul air and slumped to the ground on its rear.

Whine...

As soon as his buttocks touched the ground, he felt a wave of icy coldness shooting up his spine through his buttocks. Da Bai, who had never been so aggrieved before, cried out and got to its feet again.

"I told you to sit down!" Chi Zeyao repeated.

Da Bai felt the pressure from the aura intensify, and it cowered before plopping down pitifully on the cold ground.

The weather in the north was about -20 degree-Celsius outside the city. Da Bai felt as if its eyes and nose were already starting to freeze. It wondered how many licks it would take to melt the ice.

The guards would not understand Da Bai's world. At this moment, their mouths were slightly agape as they looked at the old marshal's son with admiration.

It was rumored that this gentleman was a good-for-nothing, but they were convinced otherwise after interacting with him today! After all, none of them were able to intimidate the lion with their guns, but the old marshal's son managed to calm the raging lion down with just a few shouts.

"Da Bai!"

Seeing that Da Bai was unable to chomp down on Chi Zeyao and Chi Yuancheng and send them to an early death, a hint of lament flashed through Feng Shengxuan's eyes before he hurriedly walked down.

Old Master Chi remained at the door the whole time, ensuring that he kept a far distance from Da Bai.

It was not that he did not want to help Chi Zeyao, but just like what happened at that critical moment earlier, protecting himself and not becoming his son's burden was the best he could do for his family.

Seeing Feng Shengxuan come out, the old master's eyes darkened slightly but he greeted him with a smile, "Lil Xuan, you're awake?"

Lil Xuan...

Who allowed this old man to call him that?

However, Feng Shengxuan nodded and said politely, "That's right, Grandpa. Da Bai's roar woke me up, but I didn't expect Da Bai to escape its cage. Thankfully, Da Bai likes Second Uncle. Otherwise, based on what I know of this lion's temper, it'd tear people apart whenever it's angry."

Then, he walked towards Second Uncle Chi.

He pretended not to know anything and asked, "Second Uncle, how did Da Bai come out of its cage?"

Da Bai turned around to look at the Demon King. Realizing that the person who would help it was here, Da Bai got up from the ground immediately, wanting to show how much affection it had for Feng Shengxuan.

After all, it never had to suffer when it was still in the manor. Once it suffered, the Demon King would kill the servants that caused Da Bai any suffering.

Now, it wished that the Demon King would kill this man.

However, just as Da Bai's butt left the ground, Chi Zeyao's demonic voice traversed into its ears again.

"I told you to sit down!"

Da Bai had just stood up and was about to take a step forward with one of his paws. However, before he could even take a step forward, he was scared out of his wits by the sinister voice. It glanced pitifully at Feng Shengxuan before dejectedly withdrawing his paw.
