

Physician Wife 1251

Chapter 1251: Scheming Bastard

If it was not for Chi Yang, Nuannuan would return to the Nangong residence every day and live under the same roof as them. She would sweetly call them Big Brothers, or even if she did not call them Big Brothers, she could treat everyone like how Lil Ling'er treated Lil Sun. Although she was bossy and demanding, she could remain reliant on them.

It was a pity that their little princess was only 17 years old before this cunning, big-tailed wolf seduced her. They had agreed to return to the Nangong residence frequently, but how was this frequent? Basically, without their grandfather's summons, the little princess would stay in the Chi residence every day.

The group of brothers with a younger sister complex could not accept this.

Therefore, how could they refrain from giving Chi Yang an opening gambit now that their little princess was not around?

Although the group of scheming brothers surrounded Feng Shengxuan, they were not far from Chi Yang.

Therefore, every time Nuannuan walked out from the kitchen, she would see Big Brother Chi Yang sitting together with a group of imposing men. It was truly pleasing to the eye.

Feng Shengxuan recounted every story that had happened to Nuannuan since she was three years old with relish. Later on, the stories attracted the two elders too. They stopped playing chess and came to listen to Feng Shengxuan's stories.

Meanwhile, on Nuannuan's side, although she only managed to achieve the opposite of helping in the kitchen, both Second Uncle Chi and Second Uncle Nangong gladly accepted her participation. The aunts and sisters-in-law also welcomed Nuannuan with great pleasure, thinking that they could share in more workload at most.

However, soon after, the sound of a bomb exploding blasted from the kitchen.

Boom!

The eight men in the living room moved instantly. With Chi Yang and Feng Shengxuan leading the way, the six elder brothers ran toward the kitchen slower only by 0.1 seconds.

When the eight men rushed into the kitchen, they saw their Second Uncle, Nangong Qin, and Second Uncle, Chi Zeyao, each holding a pot lid. As their Second Aunt and Third Aunt were slightly further away, they were currently sitting on the ground and were not affected much. Nuannuan, on the other hand, had pushed her Eldest Aunt and Sister-in-law to the ground the moment the explosion happened.

"What's wrong?"

Feng Shengxuan pulled Eldest Aunt and Sister-in-law up without making a fuss, but Chi Yang had already reached out to hold Nuannuan's hand and pulled her up from the ground.

Nangong Jin helped his wife up while Nangong Li helped the mother of his children up.

Feng Shengxuan looked at Chi Yang who held Nuannuan in his hand and cursed internally, 'Scheming bastard.'

Nuannun looked extremely guilty. She looked at her Eldest Aunt and Sister-in-law who had fallen to the ground and asked, "First Aunt, Sis-in-law, are you okay?"

"We... We're fine! What happened?"

They only heard Chi Zeyao shout, "Be careful!" before Nuannuan swooped at them.

When they fell to the ground, they heard an explosion.

"Did someone plant a bomb in the kitchen?" Nuannuan's Sis-in-law, Mu Chenxiang had been through a lot with Nangong Jin. Although her face was pale, she was still very calm.

Hearing her sister-in-law's question, Nuannuan felt even more embarrassed.

Chi Yang looked at the beef that had been blasted all over the stove, and then at the pot that had been blown to smithereens. He instantly understood the reason, but his eyes dimmed ever so slightly.

Looking at Nuannuan, a smile flashed across his unreadable eyes. "Sis-in-law, it's not a bomb. The pot exploded."

Nuannuan also added sheepishly, "I'm sorry, Eldest Aunt, Sis-in-law."

A kind smile appeared on Chi Zeyao's gentle face. "It's fine. Thankfully, everyone's fine."

Chapter 1252: There Is A Double Agent

Feng Shengxuan looked at Chi Zeyao coldly and said with a protective expression, "What do you mean fine? It's obvious that someone means Nuannuan harm. Why would the pot explode for no reason and be so lethal too? It can't be your doing, right?"

"Big Bro, shut up!" All of a sudden, Nuannuan thought that it was a huge mistake to bring someone like Feng Shengxuan to the Chi and Nangong family!

"Why do you want me to shut up? Why would a pot explode for no reason otherwise? I knew it! Someone is trying to hurt you! Why can't I keep talking? There must be a double agent in this house."

Nuannuan, "..."

Truth be told, Nuannuan did not know why the pot would explode either. She dodged only because she sensed danger the second she opened the pot.

However... Hurt her??

How could someone who really wanted to harm her use a pot that had such a low explosive power to hurt her?

Just like Nuannuan, Feng Shengxuan had never cooked before. When he heard Nuannuan's words, he was convinced that someone in the family wanted to harm Nuannuan. Furthermore, he was immediately suspicious of Chi Zeyao.

Although this man was sick all over and looked like a useless man, he was currently the most dangerous person in the Nangong and Chi family. He could not shake off the feeling that there was something wrong with this man!

At this thought, Feng Shengxuan looked at Chi Zeyao darkly.

Seeing that Feng Shengxuan treated his Second Uncle as a 'double agent' that wanted to harm Nuannuan, Chi Yang could not help but explain, "This is a pressure cooker. Nuannuan didn't remove the cap before removing the lid, causing the pot to explode."

Nuannuan looked at Chi Yang, confused.

Just like Nuannuan, Feng Shengxuan knew nothing about the kitchen. Even so, that did not stop him from adding fuel to the fire and said, "What do you mean by removing the cap or what not? Are you kidding me? Are you ridiculing us thinking that we've never cooked before? Nuannuan merely opened the lid of the pot. How can there be a cap on the lid? Someone must have planted a bomb in the pot. Chi Yang, what intentions does your family have to Nuannuan? Why do you want to harm her?"

Chi Zeyao, who had been implicated for no reason, "..."

Chi Yang said, "Are you sure you've cooked before? Everyone knows that you can't open the lid to the pressure cooker easily. This is common knowledge to everyone who really cooks. If you want to open up the pot, you have to remove the cap and release the pressure inside. If you don't release the pressure before opening it up, once the air enters, the compressed pot will simply explode. This is similar to the principle behind a grenade. It's not because someone plated a bomb inside."

Nuannuan, "..."

Feng Shengxuan, "..."

In the past, when she watched television, she had always thought that having the female lead burning down the kitchen was an exaggeration. However, she was the one who blew up the kitchen today.

"Second Uncle, I'm sorry. I blew up your kitchen."

Everyone who did not understand why there would be an explosion in the kitchen now came back to their senses and burst out laughing.

It was at this time that Aiden, Selina, and Dan Qi arrived at the Nangong residence. Nuannuan found an excuse for herself and slipped out. It seemed the kitchen was not the place she was meant to be in.

Their companions had not seen Feng Shengxuan for a long time, and they missed him dearly. All thanks to their friendship with Nuannuan, Feng Shengxuan had always treated them very well. Therefore, when they knew that their Big Bro had stomach cancer, they were all sad. Before they could greet him, Feng Shengxuan grabbed Dan Qi and asked, "Have you found that woman, Bai Liyue?"

Dan Qi shook his head. "Not yet, but I've already activated my tracking devices. As soon as Big Sis Luna turns her phone on, I'll know where she is immediately."

Chapter 1253: Knocking On Death's Door

At the mention of Bai Liyue, all of Feng Shengxuan's good mood disappeared. He could not help but complain, "What a troublesome and stupid woman. What was all that about spending time alone? Isn't she just trying to make me worry about her after she disappears? Such a typical move by the second female lead."

Aiden, "..."

Selina, "..."

Dan Qi juttred in adorably, "So, Big Bro, you take yourself as the male lead?"

Nuannuan could not help but burst out laughing.

Feng Shengxuan, "...!!!"

"Nuannuan, how do you feel? Did you get scalded just now?" Chi Yang walked out and held Nuannuan's hand in front of Feng Shengxuan to check if her hand was injured.

At this moment, Dan Qi fearlessly approached Feng Shengxuan. "Look, this is the real male lead!"

Feng Shengxuan, "..."

Feng Shengxuan tolerated Dan Qi once or twice without launching an attack on him, but Dan Qi still did not know when to stop. He continued to add insult to Feng Shengxuan's injury. "Big Bro, the second male lead should go seek out his own happiness with a clear conscience. Otherwise, they usually end up dying miserable deaths. Don't go knocking on death's door!"

Chi Yang had always liked the sunny but shut-in Lil Dan Qi. Now that he heard such wonderful words coming out of his mouth, Chi Yang liked Dan Qi even more.

Feng Shengxuan finally snapped. He grabbed Dan Qi by the collar and pulled him into the courtyard like a little chick. "Come, come, come. It's been so long since we last met. Let me see if your skills have improved!"

At that, without waiting for Dan Qi to turn him down, Feng Shengxuan already swept a leg toward Dan Qi's lower body.

Dan Qi refused to show any weaknesses. After all, he was also a top-notch Rank-3S mercenary. In the face of such a difficult opponent—an opponent that was like his master—Dan Qi immediately stowed away his childish naivety, and his usually slightly confused gaze was replaced with a murderous one.

Other than Nuannuan, Feng Shengxuan was the most skilled among them. Even though he had stomach cancer, as long as his stomach-related diseases did not act up, he could still easily overpower Dan Qi.

Although Dan Qi was already extremely powerful, it was obvious that Feng Shengxuan managed to suppress Dan Qi in all directions without even using his full strength.

It was almost as if Feng Shengxuan already knew what moves Dan Qi was going for and what kind of fighting style he was executing. Every time Feng Shengxuan made a move, he could perfectly block Dan Qi's moves while countering him with a head-on blow.

Even though Dan Qi was also a Rank-3S mercenary, he failed to land any of his attacks when fighting Feng Shengxuan. Not only had he been intercepted time and time again, but Feng Shengxuan also managed to find the opening to attack while blocking Dan Qi's attacks.

Dan Qi faced restrictions everywhere, and he was disgruntled.

Why had he never noticed that Big Bro was this powerful when he trained with Big Bro in the past? How in the world did Feng Shengxuan keep overpowering Dan Qi everywhere even though Feng Shengxuan was sick now?

In less than 10 moves, Dan Qi lost the match because he could not dodge Feng Shengxuan's punch at the shoulder.

After all, if Feng Shengxuan had punched him in the throat, he would definitely have died. Therefore, he had lost this match.

"Uuuuuu!"

Dan Qi cried out pitifully and looked at Nangong Nuannuan. "Big Sis, it hurts!"

Nuannuan had also witnessed the power of that punch. She looked at Feng Shengxuan reproachfully. "He's not your enemy. Why did you hit him so ruthlessly?"

Then, Nuannuan walked to Dan Qi's side. "Come, sit over there. I'll perform acupuncture on you. I guarantee that it won't hurt after putting a hot towel over it tonight."

Chapter 1254: Do Not Bully The Weak

"He's an adult, not a child. Why are you being so protective over him?"

Seeing how well Nuannuan treated Dan Qi, Feng Shengxuan was unhappy.

It just so happened that he saw Chi Yang walking out. Thus, Feng Shengxuan goaded, "I heard that you're a very powerful top soldier from the special forces. Since you dared to seduce our Nuannuan, do you have the guts to spar with me?"

The Nangong brothers who were watching from the side had not had enough yet. Now that they heard Feng Shengxuan issuing a challenge to Chi Yang, they found it very relatable.

Feng Shengxuan's words to Chi Yang were exactly what they wanted to say to him. However, because Chi Yang was really too strong in terms of combat strength, they could not defeat him even if the six of them joined forces.

Therefore, when they saw Feng Shengxuan challenging Chi Yang, the six brothers looked at Chi Yang with burning eyes, waiting for him to take the challenge.

Eventually...

"I refuse!"

Feng Shengxuan's eyes were filled with anger that had nowhere to be vented.

“Chi Yang, are you a man or not? You don’t even dare to accept such a challenge. You’re even worse than Dan Qi!”

Dan Qi who was implicated for no reason raised his head and looked at the two people not far away.

Why did that sentence paint him as a weakling?

In the face of Feng Shengxuan’s provocation, Chi Yang’s face remained serious like it had been for the last tens of thousands of years. He said calmly, “I won’t fight with a terminally ill person, or else I’ll be suspected of bullying the weak.”

Feng Shengxuan, “...”

Feng Shengxuan’s understanding of Chi Yang had always been based on the impression that Chi Yang was serious and rigid. After interacting with Chi Yang and the Chi family for the past few days, he realized that this fellow was just like his second uncle—evil snakes!

Ever since he came to Camino, he had been at the mercy of this man many times. If he did not get his revenge, he would never be able to forgive himself!

“You don’t have to treat me like a patient. As long as my illness doesn’t act up, I can defeat ten of you at the same time.”

“Is that so?” Chi Yang was amiable, but his gaze said differently.

In an instant, the air between the two was filled with tension. Feng Shengxuan’s lips curled into a devilish smile. “Yeah, do you want to try?”

“Sure.”

Therefore, the two stood where they were and watched each other from three meters away. Neither of them made the first move.

When the Nangong brothers saw that Chi Yang and Feng Shengxuan were going to spar, a hint of interest appeared in their eyes. They were all eager to spar with Chi Yang and Feng Shengxuan.

When the two elders heard this, they quickly walked out as well. Old Master Chi could not help but say, “Lil Yang, Lil Xuan is not in good health. Take it easy.”

Chi Yang looked at his grandfather bitterly.

‘This is your grandson’s love rival. Why are you making it sound like he’s your real grandson?!’

Feng Shengxuan was obviously not someone to be trifled with. How dare his grandfather asked Chi Yang to go easy on Feng Shengxuan? Chi Yang might just end up crippled.

However, Chi Yang usually obeyed his grandfather’s instructions.

“Okay, don’t worry, Grandpa. I’ll definitely go easy on him.”

Even though he said that, he was thinking about how great it would be if he could beat this guy into a cripple. The kind of injuries that would send him in a wheelchair for at least 100 days!

Chi Yang and Feng Shengxuan made the first move at nearly the same time.

They exchanged only one punch, trying to test each other's strength.

Before the fist landed, both sides had hidden their true strength. Feng Shengxuan's punch was only slightly stronger than the one he had used on Dan Qi.

However, as Chi Yang's fist approached him, Feng Shengxuan felt a power that exceeded his expectations.

Chapter 1255: Be Careful

While Feng Shengxuan was caught off guard by his shock, he increased his strength too.

On the other side, Chi Yang also felt the sharp wind from around Feng Shengxuan's fist. He knew that Feng Shengxuan was serious. If he did not use more force, he would probably be crippled with one punch.

Therefore, when their fists collided, they used eighty percent of their strength.

Thump!

As though watching a fantasy-themed show, with the two of them as the center, a wave of air that seemed to have taken physical form charged out in the form of ripples.

"Be careful!"

Nangong Shu was the closest to Old Master Nangong, so he quickly pulled him in. The Nangong brothers, Old Master Chi, Second Uncle Chi, and Nuannuan and the others were still outside. They resisted when the waves of energy swept over them.

Among the six Nangong brothers, besides Nangong Jin who had resisted the powerful shock wave, the rest were all forced back a few steps by as their fists collided. They looked at Chi Yang and Feng Shengxuan in shock.

After all, even though they were not major generals like their Eldest Brother, the men of the Nangong family were thrown into Eagle for training after turning 16.

Even though they might not be as good as the professional top soldier in the special forces, just about any ordinary soldiers from the special forces usually could not defeat them.

However, when Chi Yang and Feng Shengxuan's fists met and exuded such wind, they were unable to withstand it and even retreated several steps.

This was simply...

It was definitely not because they were too weak, but because Chi Yang and Feng Shengxuan were not ordinary people!

Others might not know, but as Old Master Chi's best friend—Old Master Nangong's family, they knew that the reason the Chi family could control Eagle Special Forces for three generations was not only

because the president trusted them, but also because they had the absolute qualification to lead Eagle Special Forces.

This qualification was none other than possessing extraordinary strength.

This was also the reason why Old Master Chi had become the only grand marshal in Camino.

However, Feng Shengxuan was an award-winning actor and the chairman of Emperor Phoenix Group. Like Nuannuan, he might have had an unforgettable past, but how in the world did he withstand Chi Yang's power?

The Nangong brothers glanced at Old Master Chi, Second Uncle Chi, Nuannuan, and the others. Seeing that they were still standing upright and looked fine, cold sweat broke on their skin.

It seemed like there was a long way before they could protect their younger sister and become someone she could rely on. They would have to work harder!

The battle between Chi Yang and Feng Shengxuan ended immediately after their fists touch. Chi Yang glanced at everyone and after ensuring that everyone was fine, he looked at Feng Shengxuan.

"Not bad!" Feng Shengxuan smiled with a tinge of sexiness.

"You're doing fine too."

Almost as soon as Chi Yang finished speaking, Feng Shengxuan moved.

This time, when their fists met again, the force behind their punches had clearly decreased. This was because if they continued to fight like before, they might just end up using their full abilities.

However, every time they were about to attack each other, they would tacitly increase their strength. Aside from crippling their opponent, it would be sufficient if they could cripple their opponents.

However, the more they fought, the more shocked Feng Shengxuan became...

As a top Rank-3S mercenary, the reason why Feng Shengxuan defeated Dan Qi so easily was not only because he was the coach behind this bunch of brats and was familiar with their styles.

As a top-notch mercenary, their biggest taboo was having not enough alternative routes and strategies. Once their opponents figured out their strategy and captured them, they would still be severely injured even if they might have survived the ordeal.

Chapter 1256: Meeting One's Match

Hence, Aiden, Dan Qi, and the other top-notch mercenaries were well-versed in all kinds of approaches. The reason why they were able to stand out in KE was that they were unconventional and often took people by surprise.

However, all the surprise attacks were useless against Feng Shengxuan.

The reason he named himself King was not because he really cared about the title. It was because he and Nuannuan both had supernatural powers.

His supernatural ability was known as the Heavenly Emperor's Eyes. Activating his supernatural ability would not only make his strength many times stronger, but it would also allow him to move some objects with his mind from time to time. It would also allow him to see what the person he was looking at would do in the next second.

Therefore, if he wished so Feng Shengxuna could injure Dan Qi severely in one move.

It was not because Dan Qi was weak, but because Feng Shengxuan's eyes could see what Dan Qi would do next.

This supernatural ability that allowed him to see a person's next move and thus, control their life and death, he named it the Heavenly Emperor's Eyes.

Meanwhile, he was also interested in Nuannuan because the only thing he could not see through with his Heavenly Emperor's Eyes was Nuannuan. Initially, he could still see Nuannuan's next move, but as her power increased that propelled her speed to increase, he could only vaguely see her next move. However, he could not come up with a way to break her moves after knowing what she was going to do. He could only fight based on instinct.

However, Chi Yang...

He was not fast. Feng Shengxuan could clearly see Chi Yang's next move and analyze it. Then, he could instantly come up with the best way to deal with this opponent, but...

Initially, Feng Shengxuan could feel like he had the upper hand, seeing through Chi Yang's next move and restraining him. Later, he saw that Chi Yang's next move was to attack his head. As he got ready to protect his head and try to launch an attack at his lower body in the next opening, Chi Yang seemed to be able to see through him. Chi Yang dodged Feng Shengxuan's swipe and attacked his waist.

He saw Chi Yang attacking his waist. Just as he was about to dodge the waist attack and attack Chi Yang's face, Chi Yang, who was aiming for Feng Shengxuan's waist, fell backward and kicked his crotch horizontally, attempting to attack his man's important parts...

Therefore, the two of them fought faster and faster, but they were getting closer and closer to a deadlock. There were even a few times when Chi Yang almost hit him with his fists.

They had already exchanged blows earlier, and the weight of that punch was definitely not something his body could withstand.

The more Feng Shengxuan fought, the more shocked he became. After a quarter of an hour, after more than 100 moves, his stomach began to ache. He knew that if this continued, he would definitely lose.

However, how could Feng Shengxuan stand losing?

'Losing' was a word that did not belong to Feng Shengxuan's dictionary.

If he lost one day, it would be the day he died because he would not allow himself to be a loser.

That was why Feng Shengxuan rarely used the final function of the Heavenly Emperor's Eyes, which was also one of the more mentally taxing functions. When he saw that he was about to fall into a

disadvantageous position, invisible to others, a whirlpool suddenly appeared in Feng Shengxuan's dark eyes.

Chi Yang suddenly felt as if the air around him had been sucked out of him. His body instantly became lighter. If not for his solid foundation, he would have fallen to the ground when his fist landed on Feng Shengxuan's chest.

Chapter 1257: Battlefield

Just as Chi Yang lost his footing, Feng Shengxuan threw a punch at Chi Yang. Of course, he was aiming for Chi Yang's chiseled nose.

Feng Shengxuan was confident that with this punch, he could shatter Chi Yang's nose bridge.

By the time they removed all of his shattered bones to make a fake one, it would not look as good as the original. He refused to believe that his little girl who was obsessed with good looks would still like Chi Yang so much after seeing him so ugly.

Chi Zeyao's pupils narrowed, and his grip on the old man's shoulder tightened.

Subconsciously gripping his chest at the fight, the old master surprised Chi Zeyao by reaching out to pat Chi Zeyao's hand, telling him not to worry.

At the most critical moment, Chi Yang unleashed his supernatural ability to the maximum, then threw a punch at Feng Shengxuan's flying fist which was also coming at him at an increased momentum.

Pak!

Another dull thud!

Another ripple materialized and flew outward!

Chi Yang was sent flying by Feng Shengxuan's punch.

When he landed on the ground, Chi Yang propped himself up with one hand and landed safely on the ground with a backflip.

Feng Shengxuan, on the other hand, clearly did not realize that after he activated the Heavenly Emperor's Eyes and altered the gravity around him, Chi Yang had not just avoided the fall, but he countered Feng Shengxuan with such a powerful attack.

Meanwhile, Feng Shengxuan was sent staggering backward by this powerful attack. Then, somewhere behind his back and out of his sight, a decorative pebble on the ground suddenly rose and tripped Feng Shengxuan at his ankle. Aside from stumbling, the powerful impact also made him roll backward on the ground.

Although Feng Shengxuan also stood up immediately after rolling backward, Chi Yang did a backflip while he rolled on the ground. With this punch, it was obvious who had the upper hand.

"Oh, finally! There's someone here who can defeat Big Bro! Bro-in-law, you're amazing!"

Lil Dan Qi, who was in the middle of his acupuncture treatment, suddenly let out an excited cry.

In front of Feng Shengxuan, the older Aiden and Selina's sixth sense as top mercenaries stopped them from speaking nonsense in front of Feng Shengxuan. Only Dan Qi, who was abducted before he understood what was going on in this world and sent to KE when he was slightly younger than Nuannuan, remained ignorant. Since he had been hanging around Big Sis Nuannuan since he was young, Feng Shengxuan, the hidden ultimate Boss, had been taking care of him. Therefore, Dan Qi had never been afraid of Feng Shengxuan.

Seeing that his brother-in-law had actually helped him beat up Feng Shengxuan this time, he was so happy that he cheered.

Feng Shengxuan glared at Dan Qi, a traitor who helped outsiders, with a gaze that could kill.

However, Dan Qi had always been making it a point to challenge Feng Shengxuan's bottom line. Yet, for Nuannuan's sake, he had never been at the receiving end of Feng Shengxuan's malice. As a result, in Dan Qi's eyes, Feng Shengxuan was just a paper tiger who would always come at him as thunder but was in truth, a drizzle.

Nuannuan also smiled at Chi Yang. "Big Brother Chi Yang, you're amazing."

Feng Shengxuan, "..."

His stomach hurts.

Finally, Nuannuan felt a gaze that was so resentful that it could probably suffocate anyone. Finally, for once, Nuannuan chose to be kind. "Big Bro, you're great too. You can fight Big Brother Chi Yang even when you're sick."

After hearing Nuannuan's comforting words, the fuming Feng Shengxuan calmed down.

Following that, the atmosphere returned to normal.

The Nangong brothers were truly impressed by Chi Yang and Feng Shengxuan's combat skills as they applauded the two.

Chapter 1258: Getting Hunted Down

"Phoenix, you fight so well!"

"That's right, watching you fight is even more exciting than watching it on TV."

"What kind of training did you have to go through to be this good? Why can't I be as good as you?"

...

Other than Nangong Jin, the other brothers of the Nangong family could not tell that something was off. They simply looked up to Feng Shengxuan.

After all, Chi Yang was not an ordinary person. The fact that Feng Shengxuan was able to fight Chi Yang to a draw simply refreshed their understanding of combat strength.

Feng Shengxuan thought nobody would notice his supernatural ability. He glanced at Chi Yang and said, "If it wasn't for my sudden gastric pain, you would've lost."

Chi Yang was not angry. Facing Feng Shengxuan and those unfriendly brothers-in-law, Chi Yang stated with a serious face, "I already said I won't fight the sick and the weak, but you insisted."

Feng Shengxuan, "..."

Did Nuannuan find herself a nagging woman with a long tongue? How could this man spit venom all the time and know how to quarrel so well? Feng Shengxuan could not help feeling that he would forever be at a disadvantage if he tried to argue with Chi Yang!

However, Chi Yang was not done yet. He asked, "Big Bro, if you're not feeling well, you can go to the guest room and rest for a while. If you really can't take it anymore, I'll get Nuannuan to perform acupuncture on you."

Chi Yang's tone was one of concern for the sick or the differently-abled, and it made Feng Shengxuan extremely unhappy.

Luckily, Second Uncle Nangong summoned them to get ready for dinner. Only then did everyone return to the house.

Many people would be eating together today, but most of the food was made by Second Uncle Nangong and Second Uncle Chi.

Among the two, one was someone that Michelin wanted to hire as their executive head chef at a massive offer, while the other was the final disciple of an experienced chef in Camino.

Both of them were extremely skilled at cooking—a fact that gave Nuannuan, Selina, and the other foodies so much joy to know.

Although Second Uncle Nangong and Second Uncle Chi wanted to compete to see who would make the dishes that suited Nuannuan's taste better, they eventually realized that Nuannuan was truly a precious baby who was not picky about food. She liked almost every dish.

Just as everyone was happily eating—even Feng Shengxuan was delighted by the homely atmosphere and delicious food—the phone alarm went off in Dan Qi's lap.

Dan Qi, who was working his magic on the braised chicken feet, quickly spat them out. He wiped his hands and took out his phone. He tapped onto the location indicated by a red alert and his pupils narrowed slightly.

Feng Shengxuan had long heard the alarm in Dan Qi's lap. He remembered what Dan Qi had told him—The second Bai Liyue turned on her phone, he would know where Bai Liyue was. Looking at Dan Qi's constricted pupils, Feng Shengxuan could not help but ask a little irritably, "Is it that dumb woman, Bai Liyue? Did something happen to her?"

Dan Qi raised his head and said, "Big Bro, Big Sis Luna is at the eastern border of Yamato. I've checked and found that it's a tall mountain with a steep terrain. According to the satellite photos, it seems like Big Sis Luna is getting hunted down!"

Snap!

As his heart skipped a beat, Feng Shengxuan's chopsticks broke in his hand after losing control over his strength momentarily.

Almost as soon as Dan Qi finished speaking, Feng Shengxuan stood up, grabbed Dan Qi to his feet, and said, "Come, follow me to Yamato."

"I'll go too." As Nuannuan stood up, Aiden and Selina stood up as well.

They had always been friends who were willing to exchange their lives for each other. Now that Luna was in danger, they had all the reasons to rescue her.

Chapter 1259: Companionship

Feng Shengxuan glanced at Nuannuan and her companions, the look on his face turning grave as he nodded. "Okay."

Although he had ways to get rid of the group of people who targeted Bai Liyue, most of his people were still in Sab and trying to find a way to get here. They could not rush to Yamato so quickly.

"I'll go with you," said Chi Yang since he did not know what was going on with Bai Liyue.

"You have nothing to do with Bai Liyue. What's the point of you coming along?" Feng Shengxuan asked unhappily.

"I'll go help Nuannuan."

"With the few of us protecting her, why would she need you? Furthermore, you're the commander of Eagle Special Forces. As a lieutenant General of Camino, is it appropriate for you to sneak into Yamato?"

Although if he told Chi Yang to go to Yamato, he could then, find a way to report about Chi Yang's trespassing. The Chi family would definitely be troubled. However, Feng Shengxuan did not want Chi Yang to go with them.

This was between him and Nuannuan. Even if he could mess with Chi Yang, he would not do it.

"Big Brother Chi Yang, don't worry. The five of us will be fine. You have a special identity. If you come with me, it won't reflect on you or your grandfather well if someone finds out."

Chi Yang ruffled Nuannuan's hair. "If I need you to worry over such a small matter, there's no reason I can continue working at such a position in Eagle anymore."

After saying that, he even looked at Feng Shengxuan meaningfully. His message of "bring it on" could not be clearer.

On the side, Dan Qi also excitedly said, "Bro-in-law is even more powerful than Big Bro. If Bro-in-law joins us, he'll be able to save Big Sis Luna very quickly."

Initially, Feng Shengxuan would definitely not let Chi Yang join them if it was up to him. However, Bai Liyue's safety was the most important thing now. With one more person's help, they were most likely to be able to rescue Bai Liyue earlier. Therefore, eventually, he still agreed to Chi Yang's suggestion of following them.

Although the Nangong brothers also wanted to participate, they were ashamed to realize the gap between them and Nuannuan's companions. They could only remind Nuannuan to be careful over and over again.

Looking at her family constantly reminding her to be careful, Nuannuan felt a surge of warmth inside her heart.

Looking at the table full of unfinished food, she could only apologize, "Second Uncle Nangong, Second Uncle Chi, I'm sorry. You guys cooked for so long, but we can't finish all of the food."

"Lil Girl Nuan, what are you talking about? Do you still treat us as your closest kin?" Nangong Qin pretended to be unhappy and asked.

Chi Zeyao's face was as warm as jade. "Go do what you want. This is your home. You can choose to eat whenever you want."

Nangong Qin glanced at Chi Zeyao and felt that it was a pity that this fox had such a sickly body. Otherwise, a talented man such as him would be outstanding no matter what he did.

As the commander of Eagle, Chi Yang had his special authority. Nuannuan and the others took off in two helicopters and left for the military airport.

When the two helicopters left the Nangong residence, the fans who had flooded the entire Peninsula Villa areas screamed.

It was obvious that Best Actor Feng and his boyfriend were on the helicopter.

They had waited here for so long just to see Best Actor Feng and his boyfriend drive out. They really wanted to see Best Actor Feng's boyfriend!

Even if they did not get to see that handsome guy who exuded the domineering aura of a top, it would be great if they could see Best Actor Feng's silly but adorable face again!

Chapter 1260: Another Force

Unfortunately, Best Actor Feng chose to hide his love interest in the house and left with his friends on a helicopter, leaving his waiting fans in vain.

However, the more the event unfolded in this direction, the more everyone was interested in Best Actor Feng's gay CP.

In fact, everyone posted the side profile of Best Actor Feng's top boyfriend, along with his body figure, requesting enthusiastic netizens to help seek out the actor's boyfriend.

On the helicopter, Nuannuan called the person in charge of the training group and told him that she had to go to Yamato tonight because she had something on. Tomorrow morning, she would be waiting at the airport at the same time everyone was supposed to arrive.

In this training camp, Nuannuan was a special case. Additionally, the person in charge had high hopes for her, so he agreed without hesitation. At the same time, he instructed her to be careful when she was overseas and reminded her to show up at the airport tomorrow.

The helicopter stopped at the airport specially allocated for the military. Chi Yang had already arranged for a fighter jet to go directly to the border.

Bai Liyue hid in an extremely narrow gap between two rocks as she watched the explosions that erupted from time to time; her eyes were bleak.

After leaving the manor, she planned to go to Nuannuan directly. After all, Imperial Phoenix Group was already moved from Sab to Camino. Nuannuan had always been unreliable. If they let her manage the company, the company would definitely fall into chaos.

However, when Bai Liyue recalled that she had never lived for herself, she decided to be willful for once. She decided to have a trip to Yamato before heading to Camino. After that, she would only be one of Feng Shengxuan's subordinates and discard all feelings for him.

Who knew that as soon as she arrived at Yamato, she felt like she was being watched.

Since she was a top mercenary, she was confident that she was not that far off from Nuannuan. Furthermore, she was not in a good mood, to begin with. Therefore, as she ran into those with a death wish, she led these people to a remote area. It had been a long while since she had to stretch her murderous muscles.

The first group of people who approached her was nothing but cannon fodder. It did not take her much to kill them.

Before killing them, she asked them who their employer was.

Her intuition told her that the person who pursued her should be someone from KE Organization, just a separate group.

Even though Bai Liyue had only seen the woman once—from behind too—she could feel the woman's hostility seeping out at her.

Those people had no integrity either. It did not take them long to expose the person who hired them.

Therefore, according to the clues given by these people, Bai Liyue ran from the north of Yamato to the east.

Of course, she was not so stupid as to come here directly. Instead, she secretly surveyed the area for two days.

She realized that this was a settlement established by Wute Organization.

Bai Liyue heard that Wute Organization had always occupied the western region. Why did they come to the eastern region for no good reason?

Although Bai Liyue was Nuannuan's good friend slash sister, she had always been King's subordinate. From a young age, her family sent her over to act as Feng Shengxuan's right-hand woman, working with KE to gain benefits for her family.

Therefore, Bai Liyue knew a lot about KE.

However, as the days of fighting and killing stretched out, Bai Liyue started to tire of this kind of life. When Feng Shengxuan told her one day that Nuannuan was preparing to destroy KE and that he wanted to help Nuannuan destroy KE, Bai Liyue could not be happier.

Even if she would lose all hope after Feng Shengxuan got together with Nuannuan, Bai Liyue was willing to let go of her hatred and live happily for the rest of her life.

However, it was after KE was destroyed that she realized there was more to the real KE than meets the eye.

After KE's destruction, Bai Liyue was hit with a realization that there was another force behind KE that even Feng Shengxuan had no control over.
