

Physician Wife 1291

Chapter 1291: Forceful Intervention

Initially, Li Youran did not trust this boy and did not dare to meet him alone. All of a sudden, she trusted him completely.

With the boy's invitation, the two of them left the room at one o'clock to meet him at his suite. After they entered the room, the boy welcomed them enthusiastically and gave them water, but after drinking the water, they lost consciousness and went clueless about whatever happened next.

At this point, Li Youran and Xiang Liwen sobbed so hard that it was as though the sky was falling and the earth was sinking. Seeing how horribly they were crying, Nangong Nuannuan was convinced that the two of them would be in a terrible state tomorrow.

Therefore, Nuannuan said, "I've checked the surveillance cameras before coming here. When I came in, you weren't wearing anything. However, from the time you entered the room until the man left, only twelve minutes had passed. In other words, even though your clothes were taken off, he did not have the time to do anything to you."

Hearing Nuannuan's words, both of them were stunned for a moment before their sorrowful expressions eased up a little.

"All of you are just normal students. If the other party isn't targeting your bodies, then it has something to do with this competition. Someone doesn't want us to win, so they're looking for an opportunity to attack us from within. Since he took off your clothes, he might send you a message very soon. When that happens..."

As Nuannuan spoke, she turned on Li Youran's and Xiang Liwen's phones, a few unsightly pictures of her in erotic poses popped up on Li Youran's QQ.

When Li Youran and Xiang Liwen saw the unsightly pictures, they were stunned. Even though they had already guessed why the man took off their clothes but did not rape them, it did not stop them from feeling ashamed when they saw the embarrassing pictures.

Xiang Liwen punched Li Youran again and again. She screamed, "It's all your fault! It's all your fault! You ruined my life!"

Li Youran was scared out of her wits as well. She did not know what to do. She let Xiang Liwen hit her while she was too stunned to react.

[Hello, my beauties. Are you awake? If you're awake, reply me, please. ('ω-')]]

The person sent another message. He probably did not expect the two to have been found, so he spoke without restraint.

Nangong Nuannuan asked the general manager for a laptop. When she saw the chat history, she immediately passed the phone back to Li Youran. "Talk to him."

Li Youran looked at Nangong Nuannuan in a daze. She knew that she had gotten herself into big trouble. Not only had she harmed herself, but she had also harmed Xiang Liwen. Now, when talking to Nangong

Nuannuan, instead of showing any disdain or jealousy, she treated Nangong Nuannuan as her last straw to clutch at.

“Talk... Talk about what?”

“Talk to him, and make sure he stays online. I’ll find his location and a way to get to him. Then, I’ll retrieve all of the original copies of your pictures. Don’t you want to know why that person did this to you? Don’t you want to capture him?”

Li Youran and Xiang Liwen’s eyes lit up.

If Nangong Nuannuan could really find their enemy, retrieve the photo, and bring him to justice, not only would they not suffer any losses, they could even capture this disgusting man.

“You can find out where he is?”

“As long as you cooperate with me,” Nuannuan replied.

The two exasperated girl immediately reached a consensus with Nangong Nuannuan.

Li Youran picked up her phone and started to argue with the man. Meanwhile, Nangong Nuannuan inserted a cable into Li Youran’s phone, her fingers tapping furiously on the computer.

Chapter 1292: Compensation With Added Interests

Soon, Nangong Nuannuan found the location where the QQ account was operating from. It was actually—

Room 9999!

No wonder she did not notice anyone entering or leaving the building earlier. She had been wondering if this man was an employee of the Imperial Phoenix Group, but it turned out to be someone staying in the 9999 presidential suite!

Well, was he not staying right next door?

Seeing the grin that cracked across Nangong Nuannuan’s face, Li Youran asked pitifully, “Have... have you found anything?”

Nangong Nuannuan shut the laptop. “Got it.”

“Where is he? I want to sue him! I want the police to arrest him! I want him to die a horrible death!” Xiang Liwen roared anxiously.

“Of course we’ll catch him, but don’t you think it’s a pity to just catch him? This person has been trying to hook up with you since a month ago. He’s from Yamato, so how did he find out that you were going to participate in the tournament? Even if he did, how did he get your Weibo account? Someone you’re familiar with must be involved. Don’t you want to know who this person is?”

Li Youran and Xiang Liwen exchanged glances and nodded. “Yes, we’ll do whatever you want us to do.”

After that, Nangong Nuannuan taught them how to proceed.

At that moment, the person on the other side of the line sent another message.

[If you don't want your nudes to be leaked, do as I say.]

[What are you trying to do?]

When Li Youran sent the message, the other party sent a video call request.

Seeing this, Nangong Nuannuan stepped into a corner, the blindspot of the video.

The video call connected, and the other party's grinning face popped up on the screen.

When the man saw that Li Youran and Xiang Liwen were still in bed, he grinned and told them not to get angry. This was just a small matter. He even promised them that as long as they did what he asked them to do, not only would their pictures not be exposed, he would even give them one million in Z currency.

When Li Youran asked what the man wanted them to do, the man told them not to put in any effort and to break the rules of the competition as much as possible. For example, they could press the answering machine in advance when they fought for their turn, or they could answer wrongly after pressing on the button.

Li Youran and Xiang Liwen hesitated for a moment before agreeing.

Then, they specifically asked about the dark horse of the Camino team, Nangong Nuannuan.

"I heard your team has a woman with a photographic memory named Zhong Nuannuan. Is she really that amazing that she has a photographic memory?"

It was more than a photographic memory now. Nangong Nuannuan's memorization speed was not something a human should have.

However, both of them curled their lips at the same time, as if in tacit understanding. "She's just exposed to this for a longer time, so she can remember some things. I heard that she has a strong background. Perhaps she already saw those things in advance."

The other party thought so too. After all, photographic memory was too difficult to believe.

After that, the other party made one last request.

"Tell me when you return to your rooms later. Someone will bring you a box of drinks. You just need to share the drinks with your classmates."

"What's in the beverage? It's not poisonous, is it?" Li Youran asked as if she was facing a great enemy.

"Don't worry, it's just laxatives. However, our people will watch over you as you send these drinks to them. If you don't send them the drinks or say something to them in private, then... hehehe."

The video call ended. Li Youran and Xiang Liwen looked at Nangong Nuannuan with defeated expressions.

"What should we do? He asked us to distribute the drinks. Should we tell Teacher Guo?"

Chapter 1293: Provocation

“Don’t worry. With me around, they won’t have diarrhea. Put on your clothes and go back to your room first. If anyone asks, tell them that your phones were stolen the moment you left the hotel. Someone saw what happened and helped you chase after the robber. Later, you retrieved your phones while the police apprehended the robber.”

After they left, Nuannuan parted ways with Li Youran and Xiang Liwen.

Afterward, she reported the situation to Guo Zhennan in private. Guo Zhennan’s face was as dark as ink, and he immediately agreed to Nuannuan’s suggestion.

After all, he was the only one in the entire team who knew Zhong Nuannuan’s true identity.

She was the precious young miss of the Nangong family. It was not easy for him to finally bring glory to the country and the Nangong family. How could he let himself be destroyed so easily?

The only thing he wanted to do was to mourn for Young Master Kitano Satoshi. Provoking Miss Nangong was akin to asking to be tortured!

After Li Youran and Xiang Liwen returned to their room, they apologized to their classmates and explained the situation. Xia Anchen and Wang Geng, who knew what truly transpired, did not say anything, so they gathered everyone together again.

To prevent any accidents from happening, everyone revised from three to five in the afternoon before heading to the restaurant.

Dinner was a buffet. After spending the afternoon together, everyone had become much more familiar with Nuannuan. As they ate together, they saw Kitano Satoshi walk into the dining hall with nine people, heading in their direction.

Seeing this, Xia Anchen stood up first.

The group of boys from the Camino team also stood up to protect the five girls.

Nangong Nuannuan trolled Kitano Satoshi in the morning. It had taken him so long and so much money to get his mother to settle all media-related matters. The more he thought about it at home, the angrier he got. Therefore, someone gave him an idea to collect some interest before the Yamato team won tomorrow.

Kitano Satoshi glanced at the Camino team, whose members were all slightly shorter than the Yamato team on average, except Xia Anchen. Kitano Satoshi smiled and said, “I’m sorry about what happened today. I’m very sorry about it. There’s a saying from Camino, ‘Friendship comes first, competition comes second’. I hope you can forgive me, so how about I invite everyone to join our social gathering tonight?”

Xia Anchen also smiled. “There’s no need. As long as you don’t hold a grudge against us and try to trip us again, it’s fine. There’s no such thing as a social gathering. Even if you’re not angry anymore, we’re still angry. Moreover, we won’t see each other again after the competition, so socializing is just a waste of each other’s time.”

Kitano Satoshi, “...”

Members of the Yamato team, “...”

“Hehe, you sure have a bad temper. Don’t forget that I’m the one who has suffered today, not you guys.”

“That’s right. Thanks to our Nuannuan, we didn’t lose out today. If not, we would have suffered a huge loss. So, Young Master Kitano Satoshi, you should find someone else to socialize with. As for us, we’re not on the same path. I’m sorry.”

Xia Anchen gestured for him to leave.

Kitano Satoshi’s face darkened. He was very dissatisfied with the Camino team’s aloofness.

His sidekick said, “Actually, the social gathering is just a euphemism. We think that a student’s outstanding performance not only depends on their cultural talent but also their physical education talent. Although what we said today has indeed gone overboard, but—”

Chapter 1294: Accepting The Challenge

“It’s something that we all think. Although your country has strengthened its cultural education in recent years, I heard that there were many people with high-level scores but low-level skills. If you want to destroy this bad impression, then accept our challenge.”

“What challenge?”

The one who spoke was Nangong Nuannuan. She had always welcomed anyone who came to seek abuse, especially one that could give her ecstasy.

“It’s simple. Let’s have a basketball match, a soccer match, a golf match, or... a martial arts match that your country is so proud of. Let’s see who’s better. Do you dare to accept my challenge?”

Xia Anchen was about to reject the offer. After all, the purpose of their visit this time was to compete in the general knowledge competition. If they were to include sports competitions, it might not be beneficial for tomorrow’s competition if they were injured.

However, Nuannuan had already agreed before he could say anything.

“Sure. However, whether it’s a basketball match or a martial arts match, it’s too easy to get hurt. After all, your country’s Young Master Kitano is from the royal family. He’s so delicate. If we accidentally hurt him, that would be bad, wouldn’t it?”

Nuannuan’s words sent the Camino team into peals of laughter.

Kitano Satoshi had long abhorred Nangong Nuannuan. He did not expect that after messing with him, this woman would not panic while she continued to provoke him.

A bloodthirsty killing intent started to brew in Kitano Satoshi’s eyes, and a smile indeed appeared on his lips.

“Don’t worry, I’m different from the men in Camino. I’m very powerful!” Then, he winked at Nangong Nuannuan.

Hearing Kitano Satoshi's blatant teasing, a layer of darkness covered Xia Anchen's eyebrows. He sneered, "Words are useless. What if one of you gets hurt later, you start crying, and then, summon the media? Wouldn't we be dumbfounded?"

The expression on Kitano Satoshi's face darkened again. "Don't worry, we'll sign a contract with you. If we accidentally get injured in the competition, we'll take full responsibility. I just don't know if you have the guts to sign the same contract with me?"

"That depends on what you want to compete on."

"We have always paid a lot of sports in Yamato, so we'll be fine with whatever you choose."

Nangong Nuannuan smiled and said, "Our teacher forbids us from leaving the hotel. If you're willing, let's have a martial arts competition. How about it?"

"Okay!" Kitano Satoshi smiled smugly. "Then, let's meet at the C3 meeting room on the 59th floor at 8 pm!"

"Alright!"

Seeing Kitano Satoshi and the rest leave, everyone looked at Nangong Nuannuan concernedly.

"I think Kitano Satoshi is trying to get back at us. Nuannuan, you promised us to compete against him in martial arts. If he's good at martial arts, wouldn't we only get defeated?" Wang Geng was worried.

After all, he was not good at sports.

"Since Nuannuan has the guts to agree, she must have a way to make them lose their way."

It was Li Youran who spoke.

Ever since Nangong Nuannuan saved her this afternoon and agreed to help her bring that person to justice, Li Youran and Xiang Liwen no longer hated her. On the contrary, not only did they not hate her, but they also felt that whatever Nangong Nuannuan said was right.

Xia Anchen said, "I'd love to see how powerful Kitano Satoshi is."

Everyone's eyes lit up. "That's right, Young Master An is the young master of a second-tier wealthy family. Don't young masters like you have to learn self-defense since you were young?"

"Yeah, how could I have forgotten about that? Young Master An, how're your martial arts?"

Xia Anchen smiled. "In conclusion, there's no problem in beating them up."

Chapter 1295: The Beauty Is Out Of The Bath

Their family had hired a professional martial arts coach to train him since he was young. Now, his skills were comparable to a professional soldier from the special forces.

When the students heard this, they all beamed with joy.

In terms of martial arts, as long as one of them was strong enough to defeat the other party, they would definitely win.

Therefore, after discussing this matter, they decided not to tell Teacher Guo and the rest.

After dinner, everyone went back to their rooms and agreed to meet at the agreed venue at half-past seven in the evening.

After everyone returned to their rooms, Nuannuan returned to the presidential suite 8888.

Nuannuan pushed the door open and walked into the room, but there was no one inside.

Nuannuan walked towards the endless swimming pool in the outdoor solarium. She happened to see Big Brother Chi Yang finishing his final meter with breaststrokes. Leaning just one hand at the edge, he quickly flipped himself out of the pool and onto the deck.

The silvery water sprinkles glinted under the sunlight along with his graceful movement.

When the water droplets dissipated, Chi Yang's entire body was wet. Countless rivulets of water slid rapidly down his smooth skin. When the droplets rolled onto some of his unremovable scars, they lightly jumped and then dripped onto his muscular and strong thighs or the ground. Then, many more water droplets trickled down from his wet black hair before landing on his straight nose, handsome face, and sexy thin lips. After that, they quickly gathered on his firm chin before trickling down to his sexy Adam's apple, his broad chest, and his thin waist. Some of them even sank into his Adonis Belt...

She spent the entire afternoon with the innocent students—there was some wooing, some revenge, and some hotheadedness. Although this was no different from playing house for Nangong Nuannuan, she enjoyed being with her peers and experiencing their emotions too.

At long last, she finally managed to clear her mind and purify her thoughts. Even Nangong Nuannuan herself felt that she got along quite well with this group of students. After all, she was also a normal girl who was about to be eighteen years old.

Despite that, she was greeted with the alluring flesh the moment she entered.

As a normal 18-year-old girl, she would have been embarrassed or she might even shut her eyes when she saw such a forbidden scene.

However, when Nuannuan saw this scene of how the handsome man came out of his bath, she subconsciously widened her watery eyes even more, afraid that she would miss something.

For someone who could accurately find the video at the timestamp of 1.87-second with 136 screens and 32 times the speed—someone who could not even be bothered to change her gaze—how difficult would it be to make her instinctively widen those beautiful eyes?

Therefore, just like that, Nuannuan stared at the water droplets that stuck onto Big Brother Chi Yang's body in the sunlight. The water droplets on Big Brother Chi Yang's flesh gathered into a line and slid into his Adonis Belt. That beauty... made her want to splash water all over Big Brother Chi Yang.

This was way too sexy!

Looking at his wife whose gaze lingered on his body before finally settling on the lower part of his body, Chi Yang's permanently ice-cold face that could not melt for ten thousand years, seemed to have been cut open by an ancient hammer. The ice and snow instantly melted away, and in its place was a perfect and stunning smile.

Nuannuan, who could not help getting attracted anywhere, "..."

Chi Yang was very satisfied with his body's ability to make his cutely eccentric wife look dazed.

With water droplets all over his body evaporating bit by bit into the steam from the heater, he slowly walked toward her.

Chapter 1296: More Comfortable Than Da Bai

The perfect muscles on Chi Yang's body allowed him to create different lines even during a leisurely stroll. Each one of his exquisitely textured lines seemed to be God's most outstanding painting.

Finally, the man walked to Nuannuan. He did not care that his body was wet, and Nuannuan was still in her student uniform. He lowered his head and leaned it against Nuannuan's forehead, pressing his body against her clothes.

Their two hearts were tightly pressed together through a single layer of clothes.

One of them was a monster with an X rating, while the other was a student wearing her battle uniform.

The two who did not seem to belong next to each other no matter how others looked at them, were now leaning against each other in a relaxed posture. Even so, they looked so harmonious and perfect together.

"Are you hungry?" Chi Yang rasped.

"Yes." Nuannuan nodded senselessly. After nodding, she shook her head in a distraught manner. "I just finished eating."

"What should I do? I'm hungry."

Nuannuan could not help but reach out her sinful hand and gently stroke Chi Yang's perfect skin.

The muscles on his body were not the kind that developed in the gym. Instead, it was the kind that was natural and perfect, as if it had been tempered a thousand times. Tracing along the crevices of his skin... was even more comfortable than Da Bai.

(Da Bai, who got sacrificed in this comparison for no good reason, "...")

(Chi Yang, who got unknowingly compared to a pet, "...")

"Why haven't you eaten yet? I've asked the general manager to prepare dinner for you, haven't I?"

Nuannuan said absentmindedly as she carressed Big Brother Chi Yang's flesh.

Since she had been touching Chi Yang very tentatively and very delicately, her fingers left the most brutal form of sensation akin to abuse on Chi Yang's body.

The next moment, Chi Yang grabbed Nuannuan's hand fiercely.

"Little vixen, you only care about flirting. You don't care about extinguishing the fire, right? I told you I'm hungry, and you still choose to provoke me!"

Only then did Nuannuan come back to her senses and realize what Big Brother Chi Yang meant by "hungry".

However, she recalled her Five Misses who were about to be exhausted again, and she quickly changed the topic. "Big Brother Chi Yang, I asked you to monitor the room with four nines earlier. How's that going? Any progress?"

However, just as she finished her question, Chi Yang, who was holding her hand, had already moved her hand to his bulging package.

"It's so hungry. It feels so uncomfortable." Chi Yang did not answer Nuannuan's question. His voice was filled with grievance and longing.

With Chi Yang's gaze burning into hers, even if Nuannuan knew that it would be tough on her Five Misses, how could she bear to let this monster of hers suffer?

After a roomful of tenderness...

An hour later, Nuannuan looked at her Five Misses that nearly cramped up, and she could not help but feel her mouth twitch.

Even pulling the trigger during wars was not so tiring!

She was sure that if her period remained any longer, her finger-related skills would level up.

The satiated Chi Yang was like a demon that had absorbed the essence of the sun and moon and was currently glowing with radiance.

Chi Yang was convinced that there was not a more beautiful way for him to unlock such a unique skill in his wife.

Looking at his wife's resentful gaze, Chi Yang quickly massaged her.

While massaging, he let his wife watch television.

On the television screen, there was the person who seduced Li Youran and took indecent photos of her. There was also the person who exposed Li Youran's actual situation, the mastermind of the whole incident, and the beneficiary of it all.

The amount of time Nuannuan spent serving Chi Yang had been reciprocated by Chi Yang who also served her for a long time. He even attached a video that Nuannuan was interested in.

Chapter 1297: Heartless

After the massage, two hours had passed. It was already half-past seven at night. It was time for everyone to meet up.

Chi Yang discarded his wolfish form and tidied up Nuannuan's clothes and hair like a good stay-at-home dad. Only when Nuannuan looked perfectly normal did he open the door and send her out.

However, just as he walked out and closed the door, another door twenty meters away flung open.

It was Kitano Satoshi who came out.

The moment he saw Nuannuan, Kitano Satoshi was taken aback. After all, this was the presidential suite of the Emperor Phoenix Hotel. Although Emperor Phoenix Hotel was like any other five-star hotel, anything that was associated with the name "Emperor Phoenix" would prove to be several times better than something of the same level.

Take the presidential suite for example. Normally, a five-star hotel would cost 900 or less. However, Imperial Phoenix's presidential suite would cost at least ten thousand.

Meanwhile, Nangong Nuannuan was a participant. The Camino team had already arranged a room for her, but she walked out of Room 8888...

A knowing smile appeared on Kitano Satoshi's face as he said, "I thought Miss Zhong Nuannuan was the kind of woman who would be pure and innocent, but for the sake of money, you still get reduced to..."

He did not need to complete his sentence to know what he was hinting at.

He meant to say that Nangong Nuannuan was just a toy that slept with men for money.

Nangong Nuannuan did not get angry. She smiled at Kitano Satoshi and said, "I've also thought that Young Master Kitano is a noble royalty. You must have been so arrogant and cool outside because you're very strong. In the end, you still get reduced to..."

Even though Nuannuan did not say the words 'a woman's toy', anyone who was not an idiot could understand what she meant.

When Kitano Satoshi heard this, his face instantly darkened.

This woman's mouth was simply...

Kitano Satoshi's lackey could not stand it anymore and leap forward.

"How dare you? Who allowed you to talk to Kitano-kun like that? Our Kitano-kun is part of the Yamato royalty and the second son of the president of the OR Company. He can afford to book the presidential suite, can't he? You disgusting woman, how dare you insult Kitano-kun as a woman's toy? You've crossed a line there. Do you even know any etiquette?"

Nangong Nuannuan glanced at the woman whose eyes were burning red with anger. She was the more intelligent girl. However, she was not wearing the competition uniform allocated by the High School General Knowledge Competition. Instead, she was wearing a body-hugging suit that accentuated her figure. Her beautiful face was adorned with gorgeous makeup, and it was not an exaggeration to say that she was a stunner.

“Who do you think you are? What right do you have to talk to me? I didn’t even bother spitting out the words, ‘women’s toy’, so you’d better not talk to me. There are no cameras here, so you should just feed your so-called etiquette to the dogs.”

Since it was not a public event, Tyrannosaurus Rex Nuannuan no longer remembered what etiquette was.

“You...” The woman was almost angered to death. She did not expect this woman to be so vicious privately. She was not afraid that they would expose her.

Kitano Satoshi sneered. This was the first time someone treated him like a boypet. Thus, he explained seriously, “I assure you I’ve been having gatherings in this room every weekend. I’ve booked this place long-term. What about it? Are you interested? If you are, I can forgive you for your lack of manners on account of your beauty. Just serve me well in the future.”

“Long-term?” Nangong Nuannuan asked in surprise.

Chapter 1298: You No Longer Have A Booking

At this moment, Kitano Satoshi smiled.

He knew it. What kind of woman was he, Kitano Satoshi, interested in but unable to get? Initially, he thought that this woman came from a super powerful background, but who knew that she was just a country bumpkin. It was just a room worth ten thousand M currency a night, but she treated it like a palace.

“That’s right. It’s a long-term booking, so if you’re interested, you can come to visit my room.”

As Kitano Satoshi finished speaking, the faces of the three girls at the side turned ashen. Looking at Nangong Nuannuan’s beautiful face without any makeup on, they felt extremely jealous.

However, Nuannuan made a call instead and told the person on the other end, “Come up to the top floor.” Then, she hung up.

The general manager arrived quickly after receiving a call from his boss.

The general manager of Imperial Phoenix Hotel met Kitano Satoshi this morning, and it was still fresh in his memory. After all, he was the one who had given the surveillance footage to the Camino team.

However, Imperial Phoenix was the top tycoon in Sab after all. It was also backed by a powerful background that could not be fully explored. Imperial Phoenix was not a body that a member of the royal family and the second son of a concubine from a first-tier wealthy family could compare to.

Therefore, even after getting facesmacked by the general manager of Imperial Phoenix Hotel this morning, Kitano Satoshi had never thought of seeking trouble with Imperial Phoenix.

Or rather, with his status and background, he would never dare to cause trouble for Imperial Phoenix.

When the general manager of the Imperial Phoenix saw that the people who surrounded his boss were the same bunch of ignorant rascals, he felt like chasing them away.

The next moment, his wish came true.

Nuannuan's thin lips moved slightly. "After tonight, Imperial Phoenix will no longer receive Young Master Kitano. Room 9999 that he has booked for a long time will also be canceled. From today onward, Young Master Kitano is blacklisted by Imperial Phoenix Group. Remember, it's the entire Imperial Phoenix Group. You may relay my announcement."

"Yes!"

On the surface, the General Manager appeared to be fearful, but internally, he cursed Kitano Satoshi countless times.

This brat was simply fearless out of his ignorance! Did he think that he was kicking an iron plate every time? He had been kicking the nuclear bomb! If he was not careful, he would blow everyone up!

Meanwhile, Kitano Satoshi and his lackeys were also stunned.

He did not expect Nangong Nuannuan to call the general manager of the Imperial Phoenix Hotel down directly. Then, she ordered the general manager of the entire Imperial Phoenix Group chain hotel to blacklist him.

And that general manager actually agreed!

Who exactly was this woman?

Kitano Satoshi's eyes widened in disbelief.

Nangong Nuannuan, on the other hand, was still looking at Kitano Satoshi like he was a pet boy or a clown. She shrugged and said, "What should you do? Your private room 9999 is now gone."

Kitano Satoshi, "..."

His lackeys, "..."

Just then, Nuannuan's phone rang. It was Xia Anchen.

"I'll be right there. Give me a minute."

With that, Nangong Nuannuan acted like an empress. Under the fearful guidance of the general manager, she took the elevator on the top floor and went down.

Soon, the call from the Imperial Phoenix Hotel reached Kitano Satoshi.

Kitano Satoshi did not know who was calling him, so he picked up the call directly. However, he was instantly notified that Room 9999 would be taken back, and he would not be able to book it again.

Kitano Satoshi was so angry that his hands were shaking. He shouted to the person at the other end of the phone, "Don't forget that I gave you five hundred thousand M currency in advance. I gave you all the money. Are you kidding me by saying that you want to take your room back?"

Chapter 1299: Dug Up Their Ancestral Grave

The receptionist on the other end of the line said in a sweet yet aggrieved voice, "Young Master Kitano, I'm really sorry. This is an order from the higher-ups. I'm not sure about the details. We know that you

paid five hundred thousand M Dollar in advance, but you've already spent 27 weekends here. There is still 23 weekends' worth of money left. We double the compensation."

"I don't want money! I want to stay here!"

"I'm really sorry, Mr. Kitano. The order I've received from the higher-ups states that you can't stay here any longer! Please pack your things and check out before 10 tomorrow. For any complaints of dissatisfaction, you may proceed to sue us. Our staff will definitely follow you to court and cooperate with you to give you the compensation."

"F*ck!"

Kitano Satoshi shouted angrily and hung up.

By the time Kitano Satoshi and his team arrived at the meeting room, everything was already set up.

There was a small platform at the front, lined with a few chairs below.

Kitano Satoshi had already changed into a set of loose martial arts clothes. Xia Anchen did not bring a set of martial arts clothes with him, but he also wore loose clothes.

In addition to Kitano Satoshi, there were two other students from Yamato who were going to participate in the competition tomorrow. They, too, were dressed in their martial arts clothes. It was obvious that there were three students who could fight in the other party, while Xia Anchen was the only one from Camino.

When Kitano Satoshi and the others entered the room, they glared fiercely at Nangong Nuannuan, as if they wanted to eat her up. The students from the Camino team were confused.

"Nuannuan, did you dig up his ancestral grave?" Wang Geng could not help but ask.

"Not at all."

"Then, why do they hate you so much?"

Nuannuan paused for a second before replying in all seriousness, "That's probably because I'm very pretty and they're all amazed by my beauty."

Wang Geng, "..."

Even Xia Anchen, who was starting to feel nervous, felt the corners of his mouth twitching. His nervousness was gone.

How sure was she that it was the look of amazement on their faces?

Even though they were not in university yet, they had received nine years of compulsory education to know otherwise.

"How do you plan to compete?"

Xia Anchen asked Kitano Satoshi first.

Hearing this question, Kitano Satoshi withdrew his malicious gaze and said, "Whoever can fight will go onto the platform. We go one on one in the arena. Whoever is knocked off the arena loses. In addition, even if you're still standing on the platform, you can admit defeat. Of course, since we're all students, and we all have a general knowledge tournament tomorrow, nobody is allowed to beat someone to death or break their arms or legs. When attacking, it's best not to aim at their faces."

The students from Z Country heaved a sigh of relief when they heard that.

Initially, they were afraid that Young Master An would be severely injured, but since there must not be any deaths and his limbs would not be broken, he would not suffer injuries that were too severe.

"Okay." Xia Anchen agreed.

After all, he could not count on anyone else for this matter. Among the boys in Z Country's team, none of them learned martial arts except him. Therefore, his agreement carried the weight of his entire team.

Next, the R Country's team sent someone up first.

On Z Country's side, the students cheered Xia Anchen on.

"Young Master An, they have more people. If you realize that you can't beat them, admit defeat quickly. What's most important is that you aren't injured."

"That's right, this is not an official competition. All that matters is if we win against them in the official competition."

Xia Anchen nodded. "Don't worry, I won't let myself get hurt. After all, we have to torture them tomorrow."

Chapter 1300: Well Done

"Uh-huh." Everyone nodded.

Xia Anchen glanced at Nangong Nuannuan. "I'm going up."

Nuannuan nodded and said, "Be careful."

Hearing his goddess cheer him on, Xia Anchen's felt a boost to his strength to a whole new level. He nodded slightly and smiled. "Don't worry."

After Xia Anchen went on stage, the person opposite him smiled at him with contempt. "I'm the worst among us."

Xia Anchen responded, "Then, you should probably send the most powerful one right now so we won't waste time."

"The strongest among us is Kitano-kun, but he won't fight anyone simply unless you can defeat me and my friend."

"Since you're cannon fodder, you shouldn't say so much nonsense." Xia Anchen leaned forward and aimed his punch at his opponent's chest.

The opponent was not someone to be trifled with. He immediately dodged Xia Anchen's attack. However, Xia Anchen's move was just a feint. The real move that he put in a majority of his strength was right after his first move.

Therefore, the moment Xia Anchen's opponent revealed an opening, Xia Anchen kicked him in the stomach.

There was no mercy in this kick. It was sent out with the intention of kicking his opponent's intestines into a knot.

The opponent stumbled three steps backward before steadying himself. As soon as he steadied himself, a mouthful of white liquid flew out from his mouth, causing the Camino team to laugh.

After the man stabilized himself, he wiped the liquid from his lips and smiled at Xia Anchen. "Interesting."

Then, before he could finish speaking, he attacked Xia Anchen, wanting to catch him off guard. Seeing this, the students of the Camino team all cursed him for being shameless.

However, in the face of a powerful opponent, these moves were useless. Basically, Xia Anchen could disassemble every move of his within three moves and win by surprise within five moves.

Finally, after thirty moves, Xia Anchen seized the opportunity and gave the man's neck a knifehand strike. The man's face twisted in pain, and he fell unconscious.

The students of the Camino team stood up and applauded.

"Young Master An, well done."

"This is really great!"

Xia Anchen glanced at his classmates. Then, he turned to Kitano Satoshi, who was sitting opposite him with an austere face, and said, "Young Master Kitano, you can send out the second person. I hope the next person won't be as weak."

The malice in Kitano Satoshi's face was unmissable. He did not expect Xia Anchen to be such a good fighter. He thought he could send the worst one to end Xia Anchen, but the man ended up being taken care of instead. This made him very unhappy.

After signaling another member of the team, the person rushed onto the stage.

This person did not speak as much as the previous person, but his attacks were much fiercer than the previous one. Xia Anchen was obviously having a harder time fighting this person.

The two of them quickly exchanged more than ten moves, but they were still evenly matched. The students below the stage were worried as they clenched their fists tightly.

However, as the young master of a second-tier wealthy family in Camino, Xia Anchen had been kidnapped when he was young, so he paid great attention to actual combat experiences.

Even though the opponent looked like he was trained in martial arts and was quite professional, the moves he used were typically taught by the martial arts centers. Thus, he lacked actual combat experience.

Therefore, in the beginning, the two of them were evenly matched. Even if they were hit by a punch or a kick from the other party, they were passing moves back and forth, with each having their own merits.

However, as time passed, the skill gap between them became obvious.
