#### Chapter 1331: Into The Stomach

Seeing the disdain in Nangong Nuannuan's eyes, Kitano Satoshi sneered. "I can tell that this person beside you is quite skilled, right? I'm also aware that you're a good fighter. Therefore, if I've brought 20 ordinary fighters, they might not be able to do anything to you. However..."

Kitano Satoshi changed the topic and said, "The two men beside me are Rank-S mercenaries at an international level, and my uncle is the leader of the Wute Organization, Fujiwara I. Do you think you can escape Yamato alone?"

"Why not? Your uncle is far away. It's not like he gave you the entire Wute Organization."

"Oh, what about this, then?" The gangsters took out their guns and pointed them at Nangong Nuannuan.

"Young Master Kitano Satoshi, it's just a competition, and you were in the wrong first. Are you sure you want to kill me?"

"Hahahaha..." Kitano Satoshi was roaring uncontrollably in laughter.

"Zhong Nuannuan, you've sent me falling from the clouds into hell, and you still have the cheek to say something like that? Let me tell you, not only will I kill you, I'll also kill the man beside you and your friends in your car. Furthermore, I'll send someone to kill your family in Camino. Otherwise, I won't be able to quell the hatred in my heart!"

"Heh." Nangong Nuannuan sneered. "Kill my family? I think you've got to be capable of that first."

"Let me prove myself to you then!"

Kitano Satoshi then ordered the people around him, "I've changed my mind. Leave Zhong Nuannuan for me. I'm going to chop off her limbs and then let her watch as her friends and family die in front of me because of her ignorance."

"Yes, sir."

"What are you waiting for? Attack!"

As soon as he finished speaking, more than 20 black muzzles fired mercilessly at Nangong Nuannuan and Chi Yang.

However, the string of gunshots soon ended.

This was because all of the 20 men around Kitano Satoshi had their health bar emptied.

Thud!

After the first headless man fell, there was a series of thuds.

Even though it was not as loud as the sounds of gunshots, they sent sloppy and bloody splatters on the ground as they collapsed. The scene was definitely more grueling to watch than listening to the sound of gunshots.

Nangong Nuannuan and Chi Yang, who were standing opposite Kitano Satoshi seconds ago, had disappeared.

Kitano Satoshi was stunned.

Nangong Nuannuan and Chi Yang were already attacking the two international Rank-S mercenaries beside him.

One jumped onto one of the mercenaries. When Kitano Satoshi looked over, with a slight push of the hand, the S-rank mercenary's neck was flipped from the front to the back like an unfastened button.

The other one suffered a worse fate. The man punched the mercenary and his head got smashed into his stomach... Into his stomach... his stomach...

This was the first time he had seen such someone using such brutality to kill.

How hard must a person's fist be to smash someone's head into their stomach?

Kitano Satoshi's eyes widened in fear, and he was instantly thrown into disarray. Glancing frantically at the man and woman on his left and right, who were less than a meter away from him, he could not even afford to dodge now.

His legs were so numb that they no longer listened to him.

The people on his left had their heads cut off by some unknown weapon. All of their heads had been severed from their bodies.

On his right...

They were worse!

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1332: Reciprocation**

All of them had no heads since all of their heads had been blown off. No one knew what they had used...

Nangong Nuannuan walked to Kitano Satoshi's side and inched super close to him.

Seeing how close his wife was to her enemy stirred up a peculiar sense of cuteness that resembled a clingy little birdie. Chi Yang was displeased at the thought, and he instantly unleashed the oppressive aura from his body. How could Kitano Satoshi, who was already stiff with fear withstand such pressure? He fell to his knees with a thud.

Now, Nangong Nuannuan would have to peer down at Kitano Satoshi.

"I've already decided to let you off. Even so, I had already left, but you still insisted on chasing after me. You kept showing off the Wute Organization in front of me. Didn't your uncle tell you that the Wute Organization was basically wiped out already? Or did your uncle not know about this? The night before

yesterday, my companions and I had already found Wute Organization's headquarters located on the east side and wiped out everyone inside.

Kitano Satoshi's pupils constricted rapidly as he looked at Nangong Nuannuan in horror. He was so frightened that he could not even speak.

"If I'm akin to a god-level player in this game, I have no intentions to massacre someone who just loaded into the novice area like you. However, you keep finding fault with me and trying to kill my family."

"I... I... I was wrong..."

"Now you're telling me you're wrong. Do you think I'll let you off? I'm telling you this right now—I hate it the most when people threaten me with my family."

Seeing Kitano Satoshi's ashen face, Nangong Nuannuan was speechless too.

That was because she would never have killed so many people over such a small matter. It made her look bloodthirsty.

However, this Kitano Satoshi overstepped his boundaries. He actually threatened to kill her friends and family. Most importantly, if she were weaker than him today, he would have done something so cruel.

Kitano Satoshi looked at Nangong Nuannuan with a pair of pleading eyes. He was so scared that he could not even speak. He recalled that he mentioned wanting to massacre Nangong Nuannuan's entire family. He also wanted to chop off her limbs and make her watch her family and friends die before her death. Of course, he made his move.

He...

Was done for!

Eventually, whatever Kitano Satoshi claimed to do to Nangong Nuannuan, Nangong Nuannuan reciprocated.

She chopped off Kitano Satoshi's hands and feet, along with his tongue. However, he had been jabbed with needles, so he could not pass out. Furthermore, the acupoints of his major arteries had been sealed, preventing him from bleeding out too rapidly. Thus, he could only endure the immense pain from where his four limbs used to be and watch as Nangong Nuannuan and that terrifying man got into the bulletproof RV and drove off.

Fujiwara Shizuka, Kitano Satoshi's mother, realized that she could not contact her son. So, she called his bodyguards, but no one answered. To prevent anything from happening to her son, she immediately sent someone to track his location. An hour later, they dragged Kitano Satoshi with barely any life in him to the hospital.

Fujiwara Shizuka would never let the culprit get away scot-free. On their way to the hospital, Fujiwara Shizuka gritted her teeth and asked as her beautiful eyes burned with bloodshot anger, "Satoshi, who did this to you? Tell me, Mommy will avenge you!"

Kitano Satoshi opened his mouth, but only blood came out.

Blood nearly spewed out of Fujiwara Shizuka's beautiful eyes when she saw her son, who was supposed to inherit the Kitano family, now crippled.

Seeing that he could not speak, Fujiwara Shizuka swiped her cell phone screen on and tapped on Kitano Yo's photo. She asked, "Is it him?"

She thought so because Kitano Satoshi's biggest enemy was his half-brother from a different mother.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1333: Relations**

Although Kitano Yo's mother was easy to deal with, Kitano Yo was a chip off the old block—cunning, suspicious, and very vigilant. Therefore, Fujiwara Shizuka had yet to find an opportunity to mess with him after all these years.

Although Kitano Yo was the legitimate son of his father's primary wife, he did not have a powerful background such as the Fujiwara family. Therefore, he had always regarded Kitano Satoshi as a thorn in his side.

Fujiwara Shizuka was convinced that the only person who could harm Kitano Satoshi to this extent was Kitano Yo.

When Kitano Satoshi saw Kitano Yo's face, there was a flash of anger in his eyes. After all, this was the enemy he wanted to defeat the most.

Right now, however, he abhorred Nangong Nuannuan more than Kitano Yo.

This woman used only two days to destroy everything that he had meticulously planned.

Seeing Kitano Satoshi shake his head, Fujiwara Shizuka started another wave of searches on her phone again. Soon enough, the photo of Nangong Nuannuan taken during the high school general knowledge competition appeared on her phone screen.

"Is it this b\*tch?"

When Kitano Satoshi saw Nangong Nuannuan's photo, the fear that rose within his heart far exceeded his hatred. After all, this woman was the most terrifying person he had ever seen in his life. She was even more vicious and cruel than his uncle, Fujiwara I.

She was basically a human-shaped meat grinder. She was not human!

Right at this moment, the news started playing in Fujiwara Shizuka's RV. It was a joint statement issued by the royal family of Yamato and the Kitano family.

Kitano Satoshi's performance had severely tarnished the reputation of the royal family and the Kitano family. After holding a meeting with the royalty and nobilities and a meeting between the elders of the Kitano family, they unanimously agreed to remove Kitano Satoshi's name from their family. From the moment the announcement was made, Kitano Satoshi would no longer be a member of the royal family and the Kitano family would no longer recognize him as a descendant. Kitano Satoshi would never inherit any of the Kitano family's assets.

Kitano Satoshi's eyes widened as he stared at the news article with bleak eyes.

Regret, anger, and all of his negative emotions flooded out from him. He started to scream madly, but because his tongue was cut, he could not make any sound.

His entire life was ruined!

It was ruined by that woman called Zhong Nuannuan!

Fujiwara Shizuka was equally stunned as she stared at the news on the screen. A towering surge of anger rose in her heart. If only she could destroy the entire world right now!

"Are you satisfied now? I told you to keep a low profile when you're outside and don't get into fights with others. You don't have any enmity with Camino, so why must you provoke the Camino team? Is there something wrong with your brain? I went through so much to be pregnant with you, and I went through so much to raise you. I did everything I could to make sure that you can be included in the royal family's genealogy book as the mistress' son. Yet, because of your bad temper, everything is ruined now! Utterly ruined!"

Kitano Satoshi was already severely injured, and he had been agitated by the news. Now that his mother had mentioned what had happened, he immediately fainted amidst his overwhelming hatred and regret.

If he could do it all over again, he would never have provoked that creepy Zhong Nuannuan.

If he did not provoke her, would that keep him out of Zhong Nuannuan's sight forever? Would he win the competition like a ninja? This way, not only would he be able to bring glory to Yamato and the royal family, but he would also be able to inherit the Kitano family...

Kitano Satoshi only hoped that everything would return to normal when he woke up.

In Yamato, once a woman got married, she would be part of her husband's family and cut off from her maiden family's finances. In addition, the Wute Organization was originally Fujiwara I's main business, so even if Fujiwara Shizuka was Fujiwara's younger sister, she could not obtain much resources from Fujiwara I either.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1334: Grudge**

Previously, Fujiwara I gave Fujiwara Shizuka assistance on account of her usefulness. This way, the Wute Organization would be able to form a strong alliance with the Kitano family.

However, all thanks to Kitano Satoshi's mistakes and crippled state, Fujiwara I would never allocate more resources for Shizuka as before even though she was still backed by the Wute Organization.

The more she thought about it, the more fearful she became.

She could only push the fight with the Kitano family later. Now, she must go to her brother and stabilize her status in the family.

Fujiwara I had been living in a quiet courtyard house with his lover for the past few days. Although Shizuka was curious as to why he did not stay with the Wute Organization or in his own large villa equipped with hills and pools, she had never dared to ask much about this dignified brother of hers.

When she arrived at the door, she saw Fujiwara I getting ready to leave in a panic.

When she saw her elder brother, Fujiwara Shizuka immediately ran toward Fujiwara I.

"Elder Brother, someone crippled Lil Satoshi. You must avenge Lil Satoshi, please!"

Kitano Satoshi was Fujiwara I's nephew after all. Fujiwara I was stunned. "Crippled? What do you mean?"

Although he was still talking to Fujiwara Shizuka, Fujiwara I had not been idle either. He was already walking towards the helicopter on the helipad.

Fujiwara Shizuka hurriedly caught up with him and answered, "Are you aware that Lil Satoshi joined the high school general knowledge competition? There was a female student named Zhong Nuannuan in the knowledge competition. I don't know who she was. Before we talk about how she kept picking on our Lil Satoshi every time, but she chopped off all of Lil Satoshi's hands and legs before leaving the country. Moreover, she also killed all of the bodyguards you got for Lil Satoshi. Not to mention how cruel her death blows were. She managed to chop off everyone's heads with a sharp weapon. Meanwhile, half of them could not even locate their heads."

Fujiwara I, who was walking towards the helicopter, suddenly stopped and stared at Fujiwara Shizuka with his eyes wide open.

"What did you say? What name? Zhong Nuannuan?" Fujiwara I felt an impending sense of doom.

His Wute Organization had been completely wiped out overnight, and he had no idea.

The assignment that he received was to kill Bai Liyue, but the traps that he lay had been completely destroyed. Other than Queen, he could not think of anyone else who could do this without leaving any traces.

Therefore, when he found out that all the members of the Wute Organization were killed, he was so scared that he wanted to hide overseas for a few years.

At this moment, Fujiwara Shizuka actually mentioned Zhong Nuannuan...

Was that not Queen?"

Fujiwara Shizuka saw that her brother's eyes were wide open and thought that her brother also had a grudge against Zhong Nuannuan. Hence, she hurriedly nodded and said, "That's right, Brother. Could it be that you have a grudge against her too? Who exactly is this bitch? What background does she have?"

To be able to hold a grudge against the leader of the Wute Organization, this girl was definitely not an ordinary person. Fujiwara Shizuka had originally vowed to kill Zhong Nuannuan, but now she was somewhat bewildered.

The next moment, a slap landed mercilessly on Fujiwara Shizuka's face, sending her flying and sitting on the ground.

"Brother, why... why did you hit me?"

"How dare you offend her? How dare you come to me after you've offended her? I... I'm going to die because of you! Were you followed when you came? Hmm? Were you followed?"

Fujiwara I grabbed Fujiwara Shizuka's neck with a ferocious look.

"No... No..." Fujiwara Shizuka was already unable to breathe and her face was full of fear.

Fujiwara I snorted and threw Fujiwara Shizuka to the ground. He said with his eyes wide open—

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1335: Terminated**

"You fool. Even if you were followed, you wouldn't know."

After he said that, he abandoned all of the items that he intended to bring with him and shouted, "Go, leave quickly!"

Hearing Fujiwara's order, the subordinates from Wute Organization immediately issued an order to the helicopter. The propeller began to turn.

Seeing that Fujiwara was about to leave, how could Fujiwara Shizuka be willing to lose everything just like that? She hurriedly got up from the ground and chased after him.

As Fujiwara was carrying gold bars in his hand, he was moving at a much slower speed. Soon enough, Fujiwara Shizuka caught up with him very quickly.

"Elder Brother, where are you going? You can't leave me and Lil Satoshi alone! Lil Satoshi has already been destroyed. Without your help, he won't be able to get half of the Kitano family's inheritance. Then, he'll have nothing left in the future! The Kitano family just released a press conference, announcing that they are removing his name from the Kitano family. You must help him! If Lil Satoshi can get half of the Kitano family's inheritance, I... I'll give you 80% of our share, okay?"

If it was any other time, Fujiwara I would have definitely agreed. However, looking at Fujiwara Shizuka who stopped him, he sneered and said, "Hehe, let me be responsible and tell you this—if the Kitano family knows who that kid, Satoshi, has provoked, even if he weren't crippled now, they would cripple him and send him to that person themselves. Do you understand me? So, don't stop me. I don't have the guts to take your money."

Blood was completely drained from Fujiwara Shizuka's face. She asked in a daze, "Who's this Zhong Nuannuan? Why are you so afraid of her?"

"Queen of KE! The real chairman behind the Imperial Phoenix Group! The royal family of Luntan! The daughter of the Nangong family, a first-tier wealthy family in Camino!"

Every time Fujiwara exposed one of Nangong Nuannuan's identities, Fujiwara Shizuka's face would turn paler. By the time he finished speaking, Fujiwara Shizuka no longer had the strength to support herself and her knees gave way, slumping onto the ground.

"The two of you better take care of yourselves. I really can't help you this time. That female bigshot has discovered my Wute Organization too. The night before yesterday, she only brought a few people with her to destroy my entire Wute Organization. I'm going to run for my life now, and I won't be back for another three to five years, so you don't have to go around looking for me. Also, starting from this moment, our brother-sister relationship is unilaterally terminated. If Queen comes for you, on account that I've helped you so much in the past, don't defame me in front of her."

After saying that, Fujiwara I lifted his box of gold and walked toward the helicopter.

Suddenly, there was a loud explosion, and the entire helicopter burst into flames that shot up into the sky.

Fujiwara I was scared out of his wits and hurriedly retreated.

Behind them, a tall man was dressed in a custom-made suit with a black windbreaker draped on the outside. In the piercingly cold wind, the windbreaker fluttered alongside a sinfully handsome face that seemed gentle and harmless.

However, when Fujiwara I saw this person's face, he found himself unable to fight this person.

"King!"

When Fujiwara Shizuka saw Feng Shengxuan, she was also surprised. As an international superstar, almost everyone knew this troublesome character.

However, King...

Was that not KE's big boss?

Feng Shengxuan was the big boss of KE???

Earlier, she heard that Queen had betrayed KE, destroyed KE, and murdered King. Since King was still alive, then... Queen and King should be enemies now, right?

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1336: Bang**

Feng Shengxuan walked over from afar. Every step he took seemed to land on Fujiwara's heart, scaring him so much that he could not breathe.

Clearly, he had only targeted Bai Liyue because he had received KE's absolute order. However, looking at King right now, he sensed something was wrong.

Originally, Feng Shengxuan's gaze was also affixed to Fujiwara I, but he did not expect Fujiwara Shizuka to suddenly rush out from the side and kneel in front of him.

"King! You're King, right? I'm Fujiwara I's sister, Fujiwara Shizuka. My son, Kitano Satoshi, had his limbs severed by Queen. I know you have a grudge against Queen. Not only did she destroy your KE, but she also tried to kill you. I can provide you with Queen's information now. That way, you can take revenge!"

"Shut up!" Idiot!

Fujiwara I could not be more infuriated by Fujiwara Shizuka right now.

In this world, people do not fear God-like opponents, but pig-like teammates.

Fujiwara Shizuka's words successfully attracted Feng Shengxuan's attention.

Feng Shengxuan looked at Fujiwara Shizuka with a playful smirk. "You said... Queen hurt your son, so you want to avenge him?"

Fujiwara Shizuka could not figure out Feng Shengxuan's current temper, so she could only mutter softly, "I wouldn't dare. I only heard from my brother that Queen destroyed KE and tried to kill you, and I happen to know where Queen is now. If you need her information, I can provide you said information."

The smile on Feng Shengxuan's face became so brilliant that it sent tingles across Fujiwara Shizuka's scalp.

"Who told you about Queen?"

"It's my..." Although she did not utter the word, 'brother', Fujiwara Shizuka's hand was already pointing at Fujiwara I.

"It was Fujiwara I who told you. Then, can you guess why he'd choose not to tell me about Queen beforehand if he already knew?"

Fujiwara Shizuka looked at the man who was smiling very elegantly. She felt goosebumps all over her body.

Since the same question occurred in her mind when she answered that it was Fujiwara I who told her about Queen's identity, she did not finish her sentence.

His brother was very close to King. If his brother knew about Queen's identity, why did he not tell King about it?

Seeing Fujiwara Shizuka's expression change, Feng Shengxuan continued to explain patiently, "That's because he knows that Queen is my woman. So long as Queen wishes so, I can present her with KE on a silver platter with my own hands. So, when she wanted King's life, I gave King to her and let her kill him. As for me, I've always been the person closest to Queen. Understand?"

Fujiwara Shizuka, "..."

"This time, I accompanied her to participate in the high school student general knowledge competition. I heard that someone offended her, and I was just about to teach that person a lesson. Who would have thought that this person with his eyes growing at his bottom was your son?"

Fujiwara Shizuka already knew that she was in trouble. Her eyes were bleak in horror and she could not even gain control over her own tongue. She sat on the ground and shifted backward. She shook her

head and pleaded, "I... I was wrong... I was blind and couldn't recognize her greatness. I offended Queen, please... please be magnanimous..."

With a loud bang, Fujiwara Shizuka's head exploded before she could finish her sentence.

Putting the gun back into his bag, Feng Shengxuan finally turned around to look at the pale Fujiwara I and asked, "Haven't I told you to control your subordinates properly?"

After all, she was his younger sister. Now that she had died tragically in front of him, Fujiwara I was still very angry. No matter who her killer was, he would have killed the murderer. However, unfortunately, this person was King!

Fujiwara I suppressed the anger in his heart and forced a smile on his face—

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1337: Kill Order**

"Yes, yes, yes. I've failed to educate Shizuka and her son well. Kitano Satoshi actually provoked Queen. It's my fault. However, Queen has already punished Kitano Satoshi. Moreover, it seems that Queen isn't angry anymore. I heard that she has already left Yamato."

"That's good."

After hearing Feng Shengxuan's words, Fujiwara I's heart finally calmed down.

"So... you came here to blow up my plane just to tell me about Queen?"

"I didn't know that the person who offended Nuannuan was your younger sister's son."

Fujiwara I, "...!!!"

"I'm here to ask you a question."

Fujiwara I's heart, which finally calmed down, started palpitating again.

"Alright. I'll tell you everything I know."

"Do you know that Bai Liyue's mine?"

Boom!

Fujiwara I felt that the sky was collapsing in his world.

"Phoenix, let me explain. This matter..."

"Call me King!"

Fujiwara Wells originally wanted to worm his way into being friendly, but when he saw Feng Shengxuan's face that was wiped off of any traces of a smile, he was convinced that he had stepped into the gates of hell.

"King, I know that Bai Liyue has always been by your side, but... weren't you the one who ordered me to kill Bai Liyue? Otherwise, even if you gave me a hundred pairs of balls, I wouldn't dare to ask anyone from Wute to kill Bai Liyue!"

Feng Shengxuan narrowed his eyes. "My kill order? Where is it?"

Fujiwara I paused for a brief moment and realized that he had fallen into a trap. He braced himself and explained, "Although... although you didn't give the order personally, it was Ms. Viper who gave me the order. She's your trusted aide and is in charge of the entire KE. It's not wrong to say that she's closer to you than Queen is. Therefore, when Ms. Viper gave the kill order, I agreed without thinking.

"After all, there was once when Ms. Viper issued me a kill order directly. At that time... you didn't say anything either, sir!"

Seeing the color of Feng Shengxuan's complexion was getting worse and worse, Fujiwara I's legs had gone soft from fright. He knew that King would never accept this excuse, so he immediately tried to shift the blame away from him.

"At that time, I was sleeping and was in a daze. When I suddenly received Ms. Viper's call, I was also very confused and subconsciously agreed. Who knew that Ms. Viper actually... actually issued a kill order on Miss Bai without asking for your permission. It's simply... It's simply unacceptable that she disregarded your presence, King.

"King, you know that I listen to you the most. Although we're business partners, look at me. For your order, I didn't hesitate to sacrifice the entire Wute Organization! I've already suffered so many losses, but I won't ask for compensation from you anymore. Can... can you let me off this time? All the experts from Wute Organization have been wiped out, and the one who wiped out my Wute Organization was Queen. There's so much pain that I can't even describe them to you! As for Miss Bai, she must have just had a fright, right? "

"A fright?"

Thinking of the hideous wounds on Bai Liyue's body—and then recalling the evening gown that she wore in front of him, and how smooth and soft her skin was when she was his female partner—Feng Shengxuan felt an indescribable fire burning from the bottom of his heart. This fire rushed to the top of his head as though it wanted to destroy his rationality.

This was the first time Fujiwara I had seen Feng Shengxuan reveal such a hideous and terrifying expression. He was so frightened that he almost cried. He asked, "Could it be... Could it be that Miss Bai... unfortunately..."

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1338: Deserves To Die**

"Shut up!" Feng Shengxuan yelled at Fujiwara I to stop talking.

Whatever happened to Bai Liyue, including her death or whatsoever, Feng Shengxuan was the only person who could say it. How could others say that? No matter what, Bai Liyue was his subordinate.

"Yes, yes, yes, yes, sir!" Fujiwara I responded like a yelping dog and continued to explain himself.

"So, King, you really can't blame me for this. After all, Viper is your spokesperson, right?"

"My spokesperson? Hmm?"

Looking at the black hole-like void in Feng Shengxuan's eyes, Fujiwara I took two steps back subconsciously.

"Since she's my spokesperson, why are you running away with your family?"

"I... I'm not hecking running from you, okay? I heard that my Wute Organization was destroyed, and I thought that Queen was coming, so I ran for my life.

King, I already know that I was wrong when you've come to me personally, but this... this is a problem from inside KE. I've already paid for it with the entire Wute Organization. Isn't this enough? "

Feng Shengxuan looked at Fujiwara I and said, "Your Wute Organization was destroyed by me and Nuannuan. What do you think?"

Fujiwara I, "...!!!"

"F\*ck! F\*ck! F\*ck!!!" Fujiwara was so angry that he stomped his feet. "That vicious woman, Viper, has truly sent me to my death. Damn it!"

"She deserves to die," Feng Shengxuan agreed. But the next moment, he raised his gun and fired at Fujiwara I's head without hesitation.

Fujiwara I's expression was still frozen in shock. His eyes were wide open as he failed to understand why Feng Shengxuan would shoot him without any explanation.

"I don't care if you did it on purpose or not, but the damage to Bai Liyue has already been done. Also, since you exposed Nuannuan's identity, I can't let you live!"

Fujiwara I still wanted to explain that he did not leak the news on Queen. It was Fujiwara Shizuka who asked him to kill Zhong Nuannuan just now that he told her. He knew that Fujiwara Shizuka would not be able to survive long after offending Queen.

Even so, his mouth was wide open, but he could no longer make a sound.

This was to be expected when working with someone like King. He would not let you suffer, but loyalty was the only prerequisite.

If they were not loyal, they could only end up dead.

Seeing that their boss had been shot to death without any explanation, the members of Wute Organization started firing at Feng Shengxuan.

However, something shocking happened.

After the shots were fired, the bullets stopped one meter away from Feng Shengxuan! They stopped! They stopped!!!

They strangely stopped in midair before falling one after another.

In the next moment, Feng Shengxuan lifted the cannon on his left shoulder and fired at wherever there were people.

He had a cannon; they had guns. The man was invulnerable; they were made of flesh and blood.

How could they fight this battle?

After a few shots, the gangsters that followed Fujiwara I were all killed.

A helicopter landed in the middle of the place where Wute Organization once was. Feng Shengxuan boarded the helicopter with a grave face.

Over ten hours later, Feng Shengxuan arrived at a remote castle in Sab.

As he was too lazy to take the stairs, the helicopter slowly descended on the roof of the castle.

After recuperating for a while, Wen Wan had completely recuperated from her injuries.

"Big Brother Xuan, you're here?"

Wen Wan wore an elegant dress, like a pink butterfly fluttering toward Feng Shengxuan.

To be honest, Wen Nuan was very pretty, and she was the most eye-catching girl he had ever seen after Nuannuan and Bai Liye.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 1339: Purpose**

Furthermore, this woman had devoted herself to him from the start, and she knew exactly how to be the woman behind a successful man. Her temperament was much better than Bai Liye.

Such a woman should have been loved by everyone. However, Feng Shengxuan's heart was filled with disgust for this woman. It was as if he was born with this hatred.

So as Feng Shengxuan walked toward Wen Wan, and as Wen Wan ran toward Feng Shengxuan, Feng Shengxuan picked up the gun in his bag expressionlessly and opened fire at Wen Wan's heart.

Wen Wan stopped in her tracks and looked at the blood flowing out of her chest in disbelief.

Heart!

This was her heart!

If she was shot in the heart, she... she would die!

"Xuan'er, what in the world are you doing?"

Upon hearing the gunshot, Feng Tan immediately rushed out of his room, and the first thing he saw was Wen Wan's face getting paler and paler.

Blood seeped out from her chest, where her heart was, before it started gushing out like a waterfall.

"Are you crazy?!" Feng Tan shouted angrily. "Why did you kill her out of the blue?"

At this moment, Wen Wan was fearful as she feel her life slipping away. She could not believe that she, Viper, the person who was in direct control of KE was going to die... just like that?

"She knows very well why I killed her. Uncle, I've said it before. I'm KE's King. My authority is not to be challenged by anyone. However, your goddaughter is just one of KE's dogs and she went behind my back to issue a high-priority kill order to my men. What right does she think she has?"

"What?" Feng Tan was taken aback. "Who did she order your men to kill?"

"Bai Liyue, the person closest to me."

Feng Tan, "...!!!"

"Save me, Godfather... save me!"

Sensing that more and more blood was flowing out of her body, Wen Wan was on the verge of collapsing. She looked at Feng Tan pleadingly.

If she were to die, she would never have the chance to live again. However, she knew that her godfather definitely had a way for her to survive. Thus, even though Wen Wan had already collapsed to the ground, she did not lose hope. She looked at Feng Tan with a pleading expression.

However, Feng Tan only looked at her coldly and said, "Wan Wan, how many times have I told you? Xuan'er is the true master of KE, King of KE. You can't overstep your boundaries in anything you do, and you can't use King's power behind his back. Bai Liyue is a senior member of KE and is the daughter of the Bai family. Even if she's not favored by the Bai family, with her status in KE, she's not someone you can kill. Therefore, you've really crossed the line this time."

This time, even Feng Tan was convinced that Wen Wan had gone overboard.

Thus, Feng Tan, who had been slightly displeased earlier, completely disregarded Wen Wan's life and death at this moment. He said to Feng Shengxuan, "Xuan'er, this time, Wen Wan is indeed in the wrong. After you punished her the last time, I've lectured her plenty too, but she still hasn't learned her lesson. So, it's only right that you kill her. However, don't forget what your purpose in going to the Chi residence is. Don't throw away your duty as a son for the sake of love."

"Godfather, save... save... save me... I... know... I was wrong. Godfather, please... please..."

She grabbed onto the edge of Feng Tan's pants tightly, and her face had already turned green. However, Feng Tan merely stared at her coldly, completely unmoved.

#### **Chapter 1340: Rest In Peace**

Wen Wan's eyes widened in shock, and she was just about to say something. Unfortunately, she lost too much blood, and she collapsed to the ground lifelessly beside Feng Tan.

Feng Tan looked at the deceased Wen Wan before turning to Feng Shengxuan with a benevolent expression, and he said with a slightly resigned expression, "Has this helped vent your anger?"

Feng Shengxuan pursed his thin lips.

Even though this troublesome woman was dead, he still felt that something was wrong.

After all, this woman was just like him. She possessed a supernatural ability, and she also possessed a mastery of the strange venom-based technique that originated from the Tang Dynasty before the practice was lost. It could be said that she was an extremely important person to Feng Tan.

That was why Feng Shengxuan had come here today without saying a word. He had taken advantage of the fact that Feng Tan and Wen Wan were not on guard against him and ended her life with a single shot.

Facing the death of such a great general, Feng Tan remained as calm as ever. This made Feng Shengxuan feel that something was wrong.

Therefore, even though Feng Shengxuan was sure that Wen Wan was dead and there was no possibility of her surviving, he still squatted down and put his fingers to her carotid artery just to be safe.

After confirming that her carotid artery had stopped pulsing, Feng Shengxuan stood up and said to Feng Tan, "I don't believe that she's dead."

Feng Tan, "..."

"Unless you let me burn her body right now and watch it turn to ash."

"Sure," Feng Tan replied without any hesitation.

"Someone, bring Wen Wan's corpse down and burn it."

"Yes, sir."

The workers in the castle were about to leave with Wen Wan's corpse when Feng Shengxuan stopped them again.

"Wait, I want to see her body burn. I'll bring the body down."

With that, Feng Shengxuan, who had always been a clean freak, squatted down, held Wen Wan's hand, and dragged her body to the living room on the 18th floor.

There was a huge oven-like fireplace here. Due to Feng Tan's fear of the cold, the fireplace had been lit with charcoal since autumn.

Feng Shengxuan dragged Wen Wan to the front of the fireplace and threw the corpse in without a word.

Feng Tan took a deep breath and exhaled. "Xuan'er, this is where I live. Why are you burning a corpse here?"

Seeing that Feng Shengxuan was ignoring him, Feng Tan said, "Now that your anger has subsided, shouldn't you be doing what you should do? Previously, you were unable to get close to Chi Yang and the Chi family. Now that you're so close to them, when do you plan to make a move? You know that I don't have much time left. Let your Eldest Uncle witness you avenging your father before I go so that I can rest in peace in the netherworld."

"Don't worry, I won't forget my mission."

A gratified look appeared in Feng Tan's eyes as he nodded. "I hope that you'll do as you say. I've been waiting for this day for far too long."

"Rest well, I'm leaving."

Even though Feng Tan was the person who raised Feng Shengxuan, and he treated him very well ever since Feng Shengxuan's father was killed, Feng Shengxuan had never been able to get close to this uncle of his.

He could never shake off the feeling that there was something hidden behind Feng Tan's smile.

Even though his uncle had never done anything behind his back, he had never stopped feeling this way since he was young.

Today, Feng Shengxuan killed the person who was closest to Feng Tan. Logically speaking, Feng Shengxuan should at least stay behind to have a meal with Feng Tan.

However, Feng Shengxuan refused to stay any longer and left immediately after talking to Feng Tan.
