

## Physician Wife 1631

### Chapter 1631: Chaos

Although Nuannuan had not been gone for long, Chi Yang had been gone for two whole months. It had not been easy for him to return home with Nuannuan, as well as successfully complete his mission. Old Master Chi and Old Master Nangong were very happy to see them.

The two old men discussed it and decided to gather at the Nangong family's villa on the peninsula to celebrate Chi Yang's triumphant return.

"Grandpa, Grandpa Chi, First Uncle, Third Uncle, hello! Big Brother, Second Brother, Third Brother, Fourth Brother, Fifth Brother, Sixth Brother, hello!"

As Nuannuan and Chi Yang walked to the entrance, they saw Eldest Uncle and Third Uncle supporting Old Master Nangong and Old Master Chi. There was also a group of brothers waiting for them at the entrance of the villa.

Although there were many people she needed to greet, Nuannuan was so happy that she recited every single one of their names.

Seeing that Nuannuan and Chi Yang had returned, everyone was even happier and gathered around to ask how they were doing.

"Chi Yang, are you hurt?"

"Nuannuan, was Naboo dangerous? Are you hurt? Did Wei Du make things difficult for you?"

A group of people surrounded Chi Yang and Nuannuan and battered them with questions. Nuannuan and Chi Yang held hands and smiled as they told everyone about both the good news and the bad news.

"Grandpa, Grandpa Chi, have you both been well at home? Have you fallen sick while I was gone?"

The two elders were so happy at the concern from their granddaughter that they couldn't close their mouths. As long as Nuannuan and Chi Yang returned safely, they were happy. Even if they felt a little unwell, it would all be washed away by this joy.

The two elders quickly said that they were doing just fine.

"I'll check on your bodies later."

"You just came back. Have a good rest first." Old Master Nangong's heart ached for his granddaughter. He did not want her to get too tired.

"Grandpa, I'm not tired. I ate, slept, and ate some more every day there. Look, I've even gained weight."

When they heard that their granddaughter had gained weight, although they could not see these extra pounds, the two elders still laughed happily.

"Big Brother, have you recovered from your injuries yet?" After settling her two elders, Nangong Nuannuan looked at Nangong Jin.

'When she had left, Nangong Jin had already been discharged from the hospital but his injuries had not yet fully recovered. Nuannuan was also quite concerned about her brother.

Under the envious gazes of the other men, Nangong Jin smiled and replied, "Completely healed. Don't worry about me."

"That's good."

Nuannuan took a look around and curiously asked, "Why don't I see Lil Sun and Lil Ling'er?"

"They didn't now you guys came back. They're playing with Da Bai and Fatty on the mountain back there."

As soon as he finished speaking, Nuannuan saw a flightless fat white swan screaming as it fearfully hid from a large white lion.

Da Bai was behind him. He let out a playful howl before pouncing onto this swan's chubby bottom and opening his mouth to take a bite.

Da Bai did not look like he had any intention of actually eating it. However, Fatty did not know this and was so scared his duck feathers stood up on end. He flapped his wings with all his might and flew a little above the ground, evading Da Bai's pursuit.

Behind them, Lil Sun and Lil Ling'er shouted, "Da Bai, stop! Fatty is our good friend! We want to play with him!"

This scene of a duck flying away from a pouncing lion etched itself into the deepest parts of Nuannuan's mind.

## **Chapter 1632: Second Uncle Got Reprimanded**

Many years later, if Nuannuan was asked to recall the most heartwarming scene she had ever seen in her home, she would not hesitate to recount this tale.

Lil Sun, Lil Ling'er, and Da Bai noticed Nangong Nuannuan at almost the exact same time.

"Auntie!"

Roar!

The two little buns and the lion shouted nearly in unison. They called out to Nangong Nuannuan before running over.

'When the fat duck heard the lion behind it roaring, it was still flapping its chubby wings in a silly manner. From time to time, it would float a little bit above the ground. As its companions left, it let out a miserable cry and flew towards the direction of the house to find another friend to play with.

Second Aunt would definitely help it! It had to find her.

Nuannuan was amused by Fatty's silliness. The whole family looked at it. It was currently wearing a nanny's short skirt that Second Aunt had custom-made for it. It was screaming in pain, and they all laughed at it.

"Did you two little kids miss me?"

"yes!"

As Nuannuan asked this, she easily picked up the two little buns. They roared into her ears so loudly that Nuannuan's ears nearly began to ring.

"Lil Ling'er, we're going to do acupuncture again in the next two days. Are you afraid?"

Lil Ling'er shook her head obediently. "It doesn't hurt at all when Auntie performs acupuncture on me."

Nuannuan could not help but kiss the little girl's obedient face, making her giggle.

Lil Sun could not help but stretch out her neck and kiss Nuannuan's face back.

Da Bai immediately stood up upon seeing this. He placed one paw on Lil Ling'er and the other on Lil Sun before pouncing on Nuannuan and licking her face.

Seeing how popular Nuannuan was, everyone burst into laughter.

"Are Second Uncle Nangong and Second Uncle Chi inside?"

"They're cooking some delicious food for you," Nangong Shu replied.

Nuannuan and Chi Yang were escorted into the house.

Old Master Nangong, Old Master Chi, Nangong Shu, Nangong Jin, and Chi Yang went to the study to talk. Nuannuan went into the kitchen to chat to Second Uncle Nangong, Second Uncle Chi, First Aunt, Second Aunt, Third Aunt, and Sister-in-law Mu Chenxiang.

There were undoubtedly many servants in the Nangong family, but to make sure Nuannuan only ate the most delicious dishes, the servants were all assisting while Second Uncle Nangong and Second Uncle Chi cooked all the dishes.

'When she entered the kitchen, Nuannuan spared no effort in praising Second Uncle Nangong and Second Uncle Chi's culinary skills. She waited until they were happy before teasing them.

"Second Uncle, what did I tell you before I left?"

'When Chi Zeyao heard that, his head began to hurt. He quickly revealed his signature killer smile in an attempt to escape her joking reprimand.

"Theard that you and Chi Yang came back safely, so I was happy. That's why I was so busy. Everything today was done by the servants. I'm just cooking!"

Nuannuan glanced at her second uncle, who was a head taller than her, and said, "I already told you that your joints are still recovering. To prevent them from healing wrong, it's best you don't stand up. Look at you. If you keep standing like this, how much of an impact do you think it will have on your

joints...2”

Seeing that Nuannuan was about to start nagging at him, Second Uncle Nangong, who had initially been at odds with Second Uncle Chi over the dishes, looked to his new partner in crime for some help..

### **Chapter 1633: A Different Kind of Aunt**

‘When Second Uncle Nangong saw that Second Uncle Chi had been told off by Nuannuan, he quickly pushed his wheelchair over and said, “Your Second Uncle Chi has only been standing up for two minutes. He just stood up to prepare the sauce for the Roast Goose. If you don’t believe me, touch it! The seat

is still warm from under his butt!”

Nuannuan, “...”

What in the world!

She was a girl. How could she touch him?!

In the end, Nuannuan felt put out and left. Second Uncle Nangong looked at Second Uncle Chi and smiled at him before the two of them continued cooking.

Second Aunt-in-law looked at the handsome figures of the two men cooking in the kitchen and felt like a third wheel. Hence, she carried the pitiful Fatty out of the kitchen; Fatty was so shocked that it lost plenty of feathers on its bottom. She would only come in again if they needed help.

Aiden had already bought a house halfway up Peninsula. In the future, he, Selina, and Dan Qi would live there. Of course, if Feng Shengxuan and Bai Liyue wanted to come over, the large castle-like villa would definitely be able to accommodate them.

Since Nuannuan, Selina, and Dan Qi had returned, Feng Shengxuan, Bai Liyue, and Aiden naturally had to come over as well. Leng Qirui, who had been busy recently and had not had time for anyone, had also come over after hearing that Nuannuan and Selina had returned.

Leng Jinpeng did not get out much, but he followed his son over. He had just recently been transferred back to the Emperor District’s military base and had been busy. It had been a long time since he last saw his old commander.

‘When he heard that Chi Yang was in the study room with a few other commanders, he went over to say hello.

Nuannuan stayed outside with her brothers and played with Lil Sun and Lil Linger, telling them about the interesting things that had happened to her in Naboo.

As the two little buns listened to Nuannuan talk about the interesting things that had happened overseas and Phoenix Pavilion, their eyes lit up with anticipation.

“Auntie, the next time you go overseas, can you bring me along?” Lil Sun was so envious that his face was full of anticipation.

"Sure, as long as your parents agree to it."

"Auntie, Auntie, if Big Brother is going, I want to go too!" Lil Ling'er chimed in from the side.

"Aren't you afraid of the war happening over there?"

"No!" The two little buns said in unison.

"Okay! Then next time, Auntie will bring you along." Nuannuan agreed without thinking.

It was rare for the two buns to not just want to laze around at home. Nuannuan was not completely in her right mind, either. Not only did she not think there was anything wrong with bringing the two buns to war, she even thought it was a good thing! After all, was it not better to travel a thousand miles than read ten thousand books? She wanted them to see more of the world, lest they grow up to be fools.

Mu Chenxiang felt a headache coming on.

She had no doubt that Nuannuan was bluffing them.

However, seeing the sincerity on Nuannuan's face, as well as the anticipation on the twins' faces, Mu Chenxiang's heart was in her mouth.

She really did not know whether to laugh or cry at this suave sister-in-law of hers.

While the little kids were happy and distracted, Nuannuan coaxed Lil Ling'er to start her acupuncture.

"Nuannuan, that day, I brought Lil Ling'er to the hospital for a follow-up. The doctor said that her condition has stabilized quite a lot. If this continues, Lil Ling'er won't need to undergo surgery anymore." Mu Chenxiang was very happy about Lil Ling'er's recovery from her heart disease.

Nuannuan smiled at Mu Chenxiang. "Lil Ling'er is very obedient. She's recovering very well. If she can continue to control herself like this, she'll be able to postpone that surgery for many years. When she grows up and gets a stronger immune system, the surgery will be much safer to carry out."

## **Chapter 1634: Free Food**

"That's great! Thank you, Nuannuan."

Lil Ling'er's illness had always been a point of contention for Mu Chenxiang and her husband. Now that she had been able to recover a little bit, she felt very relieved.

"sister-in-law, you're too polite. We're family! Lil Ling'er is my niece."

Mu Chenxiang smiled and nodded. "Mhm."

"However, there's no way to cure her illness through acupuncture, so be careful not to let her suffer too much."

"I know." Mu Chenxiang nodded.

'When Nangong Nuannuan came back, she noticed that the atmosphere in the living room, which had initially been warm and harmonious, had turned cold because of a new arrival.

"What is it?"

When Nuannuan went out, she saw Feng Shengxuan occupying the sofa with a devilish look on his face. Even the few elder brothers of the Nangong family were unwilling to get too close to him and were sitting far away from him on the sofa.

Only Bai Liyue and Xiao Shenbin were sitting nearby him.

However, Feng Shengxuan was sitting on the sofa while Bai Liyue and Xiao Shenbin were sitting opposite him.

"Young Master Xiao!" Nangong Nuannuan greeted Xiao Shenbin warmly.

"sister-in-law!" Xiao Shenbin hurriedly stood up when he saw Nangong Nuannuan.

Nangong Nuannuan exchanged a few words with Young Master Xiao before looking at Feng Shengxuan with a wicked smile.

"Ah, Big Bro, who provoked you today? Why are you so unhappy?"

Feng Shengxuan glanced at Nuannuan with his exquisite and charming phoenix eyes. The corners of his lips lifted slightly, and he looked like an evil villain.

"Do you think I look unhappy?"

Nuannuan nodded. "Yes! Your face says 'I'm mad!'"

"It's not that I'm unhappy..." As he spoke, Feng Shengxuan glanced at Xiao Shenbin. Seeing how closely he was sitting next to Bai Liyue, he felt again like this was a big bad wolf getting ready to snatch this lovesick girl up.

"I just feel like it's inappropriate for her to bring an outsider to our house today. After all, it took Second Uncle Nangong and Second Uncle Chi a long time to prepare tonight's meal. Nuannuan, you know that Second Uncle Chi isn't in good health, it wasn't easy for him to make such delicious food, so how

can you allow him to work for some freeloader?"

Xiao Shenbin, "... Was it not just a free meal? Why did he feel like a villain here?"

Bai Liyue did not think that there was anything wrong with Xiao Shenbin following her, but after being brainwashed by Feng Shengxuan's words, she started feeling bad.

"What do you mean, freeloaders? Can you not be so harsh with your words? Tonight's supposed to be a nice family dinner tonight, but didn't I invite you too? Why can't Young Master Xiao attend, while you can?" Nuannuan was speechless.

"How can you put us on the same level? You and I are brother and sister, friends that would die for each other. Who is he? Bai Liyue, this man is just a boy toy you're having a rebound with! Did you really need to drag him along tonight?"

Xiao Shenbin had always treated everyone around Bai Liyue like a gentleman because he really liked her.

However, after hearing Feng Shengxuan say that he was just a boy toy, even if Young Master Xiao had a good temperament, his handsome face could not help but darken.

“He’s not a boy toy! He’s someone I want to date seriously and work toward marriage with.. Big Bro, please show him some respect!”

### **Chapter 1635: Very Compatible**

Bai Liyue’s words made Xiao Shenbin’s face, which had darkened, brighten up again. He looked at her with a gentle gaze.

During this period of time with her, even though he could clearly feel that her heart was not fully his, he liked her and she had accepted his advances. He was very satisfied. Now that he was hearing Bai Liyue say that she wanted to marry him, he felt on top of the world.

However, Feng Shengxuan’s current mood was completely different than Xiao Shenbin’s.

Upon hearing Bai Liyue’s words, for a moment, his heart almost stopped. This woman... How could she?!

However, that crazy rage only lasted for a moment. When he saw Nuannuan beside him, his rationality instantly returned.

“Is that so? So it’s marriage! Bai Liyue, I know that you’re really sad that I don’t like you, but you know me. If I like you, then I like you. If I don’t like you, then I won’t like you no matter what. It’s impossible for me to fall in love with you just because you’ve gone and found someone else. So if you’re trying to anger me, this move is useless!

“Also, you’re no longer a child. I hope you’ll take some responsibility for your own feelings and life. Don’t let just any Tom, Dick or Harry get involved with you.”

“Big Brother, don’t talk nonsense. Young Master Xiao is not some random guy. Young Master Xiao is Big Brother Chi Yang’s brother. He and Big Brother Chi Yang are just like you and me, siblings who would die for each other. Moreover, Young Master Xiao isn’t just the son of a first-rate aristocratic

family, he’s also the CEO of Eagle Eye Group. I think Young Master Xiao and Sister Yue are a good match.” Nuannuan butted in.

Firstly, she wanted to tell Feng Shengxuan that Xiao Shao was compatible with Bai Liyue in terms of social status and power. Secondly, she wanted to make it clear that she and Feng Shengxuan were just siblings. Thirdly, she wanted to make it clear to Feng Shengxuan that she approved of Bai Liyue and

Xiao Shenbin being together.

Feng Shengxuan was nearly angered to death by Nuannuan’s words. He glared at her and almost shouted at her.

However, he loved Nuannuan so much. He had watched this girl grow up, and he could not bear to part with her. Thus, he pushed down his angry roar, which was eventually swallowed up by a pit of sadness.

Nuannuan could not be beaten or reprimanded, and Bai Liyue and Xiao Shenbin looked like they agreed with her. Feng Shengxuan's heart felt heavier and heavier. In the end, he stood up and walked out.

Out of sight, out of mind.

"Brother!"

Nuannuan called out, and the five brothers beside her immediately turned their heads in unison.

"Help me keep Young Master Xiao company. I'm going to check on my Big Bro."

"Okay."

The five brothers of the Nangong family naturally followed their sister's request like it was an imperial edict. The few people who had been hiding by the sidelines just now began chatting with Xiao Shenbin after hearing Nuannuan's words, especially Nangong Yun and Nangong Zheng. As the two future

leaders of Imperial Palace Group, they immediately started chatting with him upon finding out that he was actually the CEO of the Eagle Eye Group.

Xiao Shenbin did not know whether to laugh or cry.

He and Ning Wenhao had listened to their boss, Chi Yang, and had always kept a low profile. No one knew that they were the founders of Eagle Eye Group. After hiding for so long, they had been sold out by their very own sister-in-law.

However, Eagle Eye Group had been wanting to collaborate with Imperial Palace Group, so Xiao Shenbin happily chatted with the young masters of the Nangong family..

### **Chapter 1636: Heart-stabbing**

Nuannuan found Feng Shengxuan, who was angry at her, and walked over to him, chuckling.

Feng Shengxuan glanced at her. Although half of his anger had dissipated, that inexplicable feeling in his heart still made him not want to bother with this little brat who was taking other people's sides.

Nuannuan knew that Feng Shengxuan was a cold-hearted person. He was very arrogant and cruel to outsiders. He was not a good person at all. However, he was someone who had protected her since she was young.

If anyone said he was bad, she could not agree.

"Big Bro, are you very angry?"

Feng Shengxuan did not even want to look at her this time.

He felt suffocated.

"You like Big Sis Yue, don't you"

“Who told you that?” Upon hearing this question, Feng Shengxuan acted like a cat whose tail had been stepped on. He immediately retorted, “Don’t you know who I like? You don’t accept me and even secretly found yourself a fiancé. Why are you doing this? Now that you’re happy, you’re trying to play matchmaker with me?”

Nuannuan felt a little helpless. “Big Sis Yue is the most important person to you. How can you refer to her so callously? Do you not care about anyone in this world?”

“Besides you, I don’t care about anyone else in this world! So, even if you can’t accept me, don’t casually say such words to me. It hurts my heart. I said before that you have the right to reject me, but I also have the right to like you.”

“know. I’m not here to simply say things to you. Big Bro, I don’t understand why you keep saying that you love me, and that you’ll only love me in this life. I just want to ask you a question.”

“What?”

“Do you get impulses when you see me?”

What?!

Feng Shengxuan looked at Nuannuan and scolded her sternly and gloomily, “Nangong Nuannuan, I think you’ve been led astray by Chi Yang!”

Nuannuan cradled her forehead, speechless. “No, we’re all adults now. Tell me, do you feel your primal urges at work when you see me?”

“shut up!” Feng Shengxuan had a humiliated expression on as he angrily said, “Don’t confuse my pure and beautiful feelings for you with Chi Yang’s despicable ones. I can tell you very honestly that I love you. Even if I can’t get you in this lifetime, I’m willing to silently protect you. Even if you just look at me like this and don’t do anything else for the rest of your life, I’ll still love you. I’m different from Chi Yang. My soul loves you, but Chi Yang...”

Feng Shengxuan’s expression flashed with disdain and sarcasm. “What he likes is your body. He’s a childish and dirty man. Nuannuan, just you wait and see. One day, when your face grows old, he’ll lose interest in you. And I’ll still be waiting for you here, loving you!”

Feng Shengxuan’s words were extremely emotional and sincere. Even he himself was moved by them.

Unexpectedly, when Nuannuan heard this, she could not help but burst out laughing.

Feng Shengxuan, “...”

Feng Shengxuan felt as if he had been stabbed ten thousand times in the chest by this heartless girl. He did not want to say anything else and turned to leave.

“Eh, wait, wait, wait!”

Nuannuan knew that she had gone too far. She hurriedly tugged at the corner of Feng Shengxuan’s shirt, refusing to let go.

Feng Shengxuan had always been helpless against Nuannuan. Facing Nuannuan, who refused to accept him, he felt like he had no choice..

### **Chapter 1637: Want to See?**

“Well, I’m not mocking you, Big Bro, I just feel sorry for you!”

Feng Shengxuan looked at Nuannuan, who quickly nodded, looking adorable.

However, who was Feng Shengxuan?

He had watched her grow up!

How could he not know if she was teasing him or actually feeling sorry for him?

He could not help but push Nuannuan’s forehead. “Could you be more careful with your words?”

Nuannuan’s head was pushed aside, but she still held onto the corner of Feng Shengxuan’s shirt and did not let go.

“Big Bro, I meant what I said just now. If you think I’m lying to you, think about it. When Wute Organization hunted Big Sis Yue down, how did you feel? Also, when Big Sis Yue came back and ignored you, how did you feel? And when Big Sis Yue brought Young Master Xiao over just now, how did you feel when you saw them sitting together and excluding you?”

Feng Shengxuan thought about it and felt that besides being mad, he had also felt crazy and murderous.

“When you found out that Big Sis Yue was being bullied, didn’t you destroy Wute Organization immediately? When you saw Big Sis Yue with another man, weren’t you so irritable you wanted to kill someone? Because you love her and care about her, you care so much about her showing off a man in front

of you. That’s why you were so angry.

“Big Bro, I didn’t mean to anger you. If you can face your feelings for Big Sis Yue and treat her well, I’ll definitely stand by your side. She’s wonderful. She deserves the best tender loving care by the man who loves her.

“Big Bro, you clearly like Big Sis Yue, so why can’t you face your own feelings? Why do you always think that you love me and not her? If you really love me that much, then when you found out I was going to Naboo, you should have tried your best to follow me, and not rage quit just because you found out

Big Sis Yue was dating someone.

“You don’t have impulses toward me, and you care about Big Sis Yue more than you care about me. Big Bro, did you know that in school, when boys with low EQ meet the girl they like, they won’t give her flowers or protect her from bullies. Instead, they become the bullies themselves! They pull her braids

and stuff, all to try to get the girl’s attention. So, Big Bro, the person you love is obviously Big Sis Yue! You’re like those schoolboys with low EQ!”

These words were overheard by Bai Liyue, who happened to pass by.

She had seen that Xiao Shenbin was getting along well with the young masters of the Nangong family, so she had come out to look for Feng Shengxuan. She wanted to have a chat with him and clear things up about Xiao Shenbin. As she walked over, she overheard what Nuannuan and Feng Shengxuan were talking about.

At this moment, Bai Liyue's heart, which had previously calmed down, suddenly jumped into her throat. Her mind was buzzing, and she was somewhat dazed by this sudden happiness.

'The person Feng Shengxuan loved... was her?

Even though she had already convinced herself to give up, at this moment, Bai Liyue's hands were still tightly clenched. She did not know that her nails were digging into her flesh.

Nuannuan's words made Feng Shengxuan fall silent for a long time. Just when Nuannuan thought that no matter what he did, even if he did not admit to her words, he would stop to think for a while, he suddenly spoke with a disdainful smile.

"How do you know I'm not having impulses? Should I take off my pants for you to have a look?"

Nuannuan, "

Bai Liyue, "..."

### **Chapter 1638: Because I Like You**

"Nuannuan, you know how much I love you. Even if you can't accept it, don't push me onto others.

What you said just now is the truth, I won't deny it. But I know best what kind of feelings I have for Bai Liyue. Contrary to what you said, the woman I love is you. It has always been you. That has never

changed. Back then, I didn't follow you and didn't fight with Chi Yang for you, it wasn't because I love Bai Liyue, and definitely not because I'm jealous.

"Bai Liyue has been with me since she was in her teens. I've always treated her like my subordinate, but I've slowly begun to see her as family. I've started to treat her like my own sister. Do you think I could stand by while the sister I painstakingly raised gets bullied by Wute Organization?

"Let's not talk about the time when Bai Liyue was injured and how I wanted to exterminate Wute Organization. If it weren't for me, wouldn't you have gone to exterminate them? I only did the same thing you would. She's my younger sister; a member of my family. I'll definitely not stand by and watch as

she gets bullied. Also, I've raised her as my younger sister for so long. How could I let these big-tailed wolves snatch her up? That Xiao Shenbin, do any of us really know him? He's just a young master from a wealthy family. He and Bai Liyue are not from the same world. That's why I stop her from

pursuing him. Do you understand?"

Hearing Feng Shengxuan's words, Bai Liyue silently retreated.

Yes, she should have known that Feng Shengxuan's recent abnormal behavior was because he thought of her as his younger sister. That was why he was so concerned about her finding a boyfriend.

There was no love or kindness. After spending so much time with him and loving him for so long, she had finally gotten something in return, had she not?

Such a cold-blooded man had actually treated her like his younger sister.

Although Bai Liyue was sad, her heart was not that empty.

"can tell you still love him and can't forget him. But it's okay, I can wait."

Suddenly, someone spoke from behind her. Bai Liyue turned around and saw Xiao Shenbin standing under the sunlight, smiling at her.

Feng Shengxuan was overbearing, rude, and stubborn, while Xiao Shenbin was refined, gentle and sunny.

Bai Liyue felt like she should let go of this dream. After all, this dream would never come true. Why should she be greedy?

Was there not a man waiting for her under the sunlight even though he knew she had someone else in her heart?

Bai Liyue looked at Xiao Shenbin, and Xiao Shenbin looked back at her with sincere eyes.

"That's not fair to you."

Xiao Shenbin smiled slightly. "There's no such thing as fairness in this world. People are born on different starting lines. Some people are born well-off, while others are talented and smart. Even if you study as much as someone else, everyone receives different results. Love is even more unfair.

"It doesn't mean that the more you give, the more love you'll receive. On the contrary... In love, the more you give, the more pain you feel. Just like you. You like him so much, but no matter how much of yourself you give, you'll never get the same in return."

"Since you already know the truth, why are you still pursuing me?"

Bai Liyue looked at Xiao Shenbin, her beautiful eyes looking starry.

"Because I like you. You're very attractive to me, so I'm willing to use all my energy to woo you and wait for you.."

## **Chapter 1639: Anatomy Model**

"If there comes a day where you can sincerely reciprocate my feelings, I'll be the happiest man in the world. Even if I never experience that, I won't lose out on anything, right?"

"aren't you still losing time and wasting your feelings?"

"I'm only giving you my time and feelings because I like you. It's a choice, not a loss."

Bai Liyue looked at Xiao Shenbin, dazed.

"That was right. Whether it was time she spent or the feelings she had for Feng Shengxuan, it was all voluntary. There was nothing to be sad about.

To be able to obtain Feng Shengxuan's love was up to pure luck. If she could not obtain it, she would not lose anything.

After all, she had been happy while she liked him.

Back then, as long as she could get close to him and see him every day, she would feel very happy.

Bai Liyue left after hearing that. She did not know that after she turned around and left, Nangong Nuannuan looked at Feng Shengxuan, who was speaking so arrogantly, and laughed out loud.

"What are you laughing at?" Feng Shengxuan asked unhappily.

"Strip, then!"

Feng Shengxuan, "???"

"Didn't you say you wanted to take off your pants for me to see? Take them off! If you dare to take them off, I'll have a look!"

Feng Shengxuan choked upon hearing Nuannuan's words.

"Nuannuan, you're a girl! How can a girl say such things so casually?"

"If you really love me and are a man, you shouldn't be lecturing me like this. You should've already taken off your pants and served face-smacks to me."

Feng Shengxuan was close to being angered to death by Nangong Nuannuan. He looked at this shameless girl exasperatedly and said, "I respect you!"

"Forget it! I have my X-ray vision. How could I not know if you're having impulses?"

"Nan. Gong. Nuan. Nuan!" Feng Shengxuan was about to die from anger. This was the first time he had called her by her full name. He was gnashing his teeth.

"Don't worry, I'm a doctor. Anyone in front of me is just an anatomy model. Big Bro, don't be so shocked."

"Then, she patted Feng Shengxuan's shoulder. "Sleep on it."

With that, she left.

Feng Shengxuan was left alone in the sun, completely petrified.

Regarding Nuannuan, he had indeed... never had such thoughts.

However, he knew it was love.

It must be love!

His love was nobler than that big-tailed wolf Chi Yang's love.

Thinking about how shameless Nuannuan's words had been, Feng Shengxuan was now convinced that she really had been led astray by Chi Yang.

She used to be an innocent girl, but now she could say such things so easily.

Feng Shengxuan thought about his feelings for Nuannuan and his feelings for Bai Liyue. He knew very well that he loved Nuannuan.

If one day Nuannuan was abandoned by Chi Yang, even if Feng Shengxuan knew that Chi Yang had already staked his claim on her, Feng Shengxuan would still not despise her. He would give her a warm home.

If Nuannuan needed his help, he would do anything to help her.

'That proved his love for Nuannuan.

What right did she have to say that he did not truly love her?

His love had long been elevated!

Besides, he was not a lustful person, to begin with. How could he possibly have such dirty thoughts toward Nuannuan when she was still clothed?

Anyway, he had tried to seduce Nuannuan once before. He had once taken off his clothes in front of Chi Yang to seduce her.

Who said he had no desire for Nuannuan?

Feng Shengxuan was conflicted. As he was working through his feelings, Bai Liyue and Xiao Shenbin confirmed their relationship as a couple..

### **Chapter 1640: Young Brother Leng**

Bai Liyue had a good impression of Young Master Xiao because of his elegance and magnanimity.

When Leng Qirui arrived at the Nangong family's residence, he immediately had the servants bring in the items from the car box by box.

Selina immediately went out to welcome her brother.

Selina giggled when she saw Leng Qirui.

"Young Brother Leng, I haven't seen you for a few days. Did you miss me?"

Leng Qirui's leg was almost healed, but he was still in a wheelchair.

He blushed when he saw Selina.

He found it strange. When he was in school, there had been many girls who liked him. He had also taken a fancy to some of them. Although he had never been in a relationship before, he should not have been some blushing maiden!

Seeing that Selina had grown more alluring in these few days, he could not help but curse her in his heart.

She walked over, as elegantly as a twisting snake. She was a snake spirit!

Seeing that Leng Qirui was staring at her in a daze, Selina bent down and looked at him. Her seductive eyes were like a sharp weapon that could stab and rip out one's soul. She asked, "I'm right in front of you, yet you're still daydreaming. Which little vixen are you thinking about now?"

Was there anyone more evil than her?

Leng Qirui retracted his daze and said, "I brought you a gift."

Selina could not help but twitch her eyes when she heard that there was a present for her. "Is it another calming oral solution?"

After all, ever since he gave her that gift, her Young Brother Leng had never given her another one.

Leng Qirui coughed a little embarrassedly. "No. Don't you like sour and sweet fruits? I recently opened an international shipping route, and I've brought back a batch of needle-leaf cherries from Continent M. I've heard that many international health supplements are made from these. They contain rich

vitamins, and are good for clearing your liver and eyes. It's good for the body too! I've sent some to the Nangong family, and I've already gotten someone to deliver yours. Your servant has already kept them."

"Young Brother Leng, you're the best!"

Leng Qirui blushed again.

He was dismayed.

'Why was he acting like a young boy who had just fallen in love? He and Selina used to get along so well, but after Selina admitted that she was his fiancée, he felt like something had changed between them.

He could not help but blush whenever he saw her.

Selina loved it when she saw her Brother Leng blushing and his ears turning red.

Although she had never been in a relationship before, she was naturally drawn to men. Whether it was past missions where she had had to seduce men before or her own hobbies, she was an expert at it.

She could tell that Leng Qirui had not liked her much at first, but after spending so much time together, he had fallen for her.

However, that was not enough.

What she wanted now was love.

The same kind of love between her Big Boss and her Bro-in-law.

During dinner, Nuannuan greeted Aiden. She had promised Big Brother Chi Yang's brothers from Eagle Special Forces that she would help them out at a party the following night..
