

Physician Wife 1651

Chapter 1651: Killer Bunny

Even though he had not used his full strength, it was undeniable that he had used most of his strength. However, his usually gentle little rabbit had actually fought back so hard he had had to take a few steps back.

The special forces soldiers at the side opened their mouths so wide their jaws almost dropped to the floor.

Damn.

Had their Captain found a killer bunny for himself?

She had said that their Captain had taken her by force, and they had foolishly believed her.

With her power, she would have been able to break the bed. Stopping him would not have been an issue.

Chi Yang's high and mighty persona, which had shattered into pieces by Nuannuan's words, instantly revived.

Her strength had reached an unimaginable level.

Chi Yang realized he would not be able to subdue his little girl with even half of his strength, so he stepped it up a notch.

Nuannuan noticed that Chi Yang was putting more power into his attacks, gently holding her back. Hence, she immediately raised her superpower to its peak state, and her speed almost doubled.

Chi Yang realized he was unable to keep up with his wife's speed. To stop himself from getting hurt, he increased his strength again.

He could only use more force to stop Nuannuan's attack.

'When Nuannuan realized that she was unable to defeat Big Brother Chi Yang with her fastest speed and most accurate attacks, she quickly brought him into the pit. Then, she aimed and kicked a rock that weighed dozens of pounds.

The rock landed on the weakest part of the cobblestone and broke it. It was just like how when the angle and force were just right, one would be able to crack an egg with just a puff from the mouth.

Under the stunned gazes of the special forces soldiers, Nuannuan actually kicked the huge cobblestone piece that required a man's strength to move.

The veins on Chi Yang's forehead popped out in anger when he saw the cobblestone flying toward him.

This girl, who was usually afraid of him getting hurt, was actually punting a cobblestone at him while drunk?

Was this really his own wife?

Chi Yang raised his fist, and before everyone's stunned eyes, the huge cobblestone exploded.

The female staff of Imperial Phoenix Group had already hidden somewhere far away in fear at this point.

The Eagle Special Forces' special soldiers were recuperating as they shielded the female staff from the flying debris.

"Nuannuan, stop!"

Nuannuan was already so far gone. How could she hear Chi Yang's advice?

"No! Big Brother Chi Yang, practice with me!"

With that, Nuannuan kicked a bigger rock at him.

Chi Yang, "... Wife, what did you mean by practicing? Were you practicing how to murder your husband?

Chi Yang's face darkened, and with a bam, he smashed another rock that flew over.

However, just as he finished his punch, he realized that Nuannuan had kicked two rocks in succession.

'The first rock had been very big, so he had not been able to see the rock behind it. If he had not reacted fast enough and quickly moved to the side to block the attack, this second rock, which weighed at least ten kilograms, would have hit him directly in the face. His face would probably have sunken in.

Looking at his psychotic wife and his comrades, who looked like they had been through a world war, Chi Yang could only hurry to subdue Nuannuan. As long as he could catch her and stop her from using force, everything would be fine.

However, he realized how naive such an idea was when he actually tried carrying it out.

His wife's superpower was speed. His supernatural ability was controlling objects from a distance. It was impossible for him to use his supernatural ability in front of his comrades and the employees of Imperial Phoenix Group. Thus, it was almost impossible for him to catch up to his wife..

Chapter 1652: Little Golden Man

Every time Chi Yang was just about to catch up to Nuannuan, the girl would suddenly jump away, acting like she was doing her best to stay out of his clutches. If he stopped chasing her, she would stop moving too. If he chased her, she would begin to run away.

'When he stopped moving, she kicked cobblestones at him. When he moved, she ran away like a frightened rabbit again.

Chi Yang felt helpless. He had been through so many battles, but this was the most difficult one.

Finally, Chi Yang smashed almost all the pebbles on the ground with his bare hands. His fists turned red.

“Nuannuan, the cobblestones are all gone now. Can we stop playing? Grandpa is still waiting for us at home.”

Nuannuan giggled as she looked at Chi Yang, It was obvious she had not used up all of her primal energy yet.

Looking at the empty lawn and Chi Yang’s car beside her, Nuannuan’s eyes lit up. “There might not be any stones left, but there’s still a car.”

Chi Yang’s gaze suddenly shifted. “Nuannuan, you can’t!”

However, as he shouted that, Nuannuan had already thrown the car toward him.

To make her attack more effective, Nuannuan laughed and shouted, “Big Brother Chi Yang, watch out for the fireworks!”

As the car was thrown into the air, a small stone smashed into the fuel tank and brushed past the gasoline inside.

Sparks erupted from the friction between the rocks and gasoline.

Chi Yang, who had only wanted to dodge to the side, suddenly heard a huge explosion and was sent flying back with a boom.

He had no choice but to use his supernatural ability to protect himself. By the time he stabilized himself, his entire body had turned black.

Seeing that Nuannuan, this little devil, was about to destroy their car, Chi Yang shouted, “Nuannuan, if you continue like this, I won’t give you any more attention!”

Nuannuan, who had been just about to blow up a second car, already had both her hands ready. She had even lifted the car up already. However, when she heard Big Brother Chi Yang’s words, she was stunned. She obediently put the car down and looked at him helplessly.

Seeing that she had stopped with her car bombing mission, Chi Yang heaved a sigh of relief and hurried over to Nuannuan, hugging her.

Seeing their captain had finally used all his might to hold back the little white bunny, the special forces soldiers all let out a sigh of relief.

“Captain, I have something up. I’ll take my leave first.”

“Chairman, I still have to work tomorrow. I’ll take his car back.”

Nuannuan was being held tightly in Chi Yang’s arms, her entire body pliant. When she heard that the employees of Imperial Phoenix were saying goodbye to her, Nuannuan gave them her best smile, as if she had not just wanted to kill them.

“You’re leaving? Have a safe walk home! I’ll give you the little golden dragons tomorrow! Bye bye!”

The special forces soldiers looked at their sister-in-law with strange expressions on their faces.

It did not matter to them whether they got their little golden dragons or not. They felt that they had to award their sister-in-law a little golden man instead.

They could not understand how such a delicate, weak-looking, and slender girl could be so tough.

They could not afford to offend her!

Looking at their captain holding their sister-in-law tightly in his arms and nodding at them, telling them to leave quickly, the team members felt their hearts ache!

No wonder their captain could never sleep well. It had to be because of this “King Kong Barbie” of his.

“Bye bye!”

“Take your time!”

Nuannuan leaned comfortably into Big Brother Chi Yang’s arms and nodded at everyone with a smile. The special soldiers were all smiling, but inside, they were holding back the pain in their hearts as they waved goodbye to their sister-in-law..

Chapter 1653: You and Big Brother Xuan Are Gay

After everyone left, Nuannuan smiled and said to Chi Yang,

ig Brother Chi Yang, your soldiers are so cute!”

“Uh... as long as you’re in a good mood now.” Chi Yang felt a headache coming on. He looked into her eyes, which were as clear as a little girl’s, and said, “I’ll get someone to send us a new car.”

“Where are we going?” Nuannuan’s eyes lit up.

“Home.”

Nuannuan’s happy eyes instantly darkened.

“Huh? Go home?” She did not want to go home at all.

“Why? Don’t you miss Grandpa and Second Uncle?”

“But... I want to hang out with you.”

Initially, Chi Yang had been depressed about this mischievous little drunkard. However, looking at her pitiful and innocent eyes now, his heart instantly softened.

Looking at the Land Rover that had been blasted into mere husks of metal, Chi Yang said, “Look at this place. It’s already been destroyed. There aren’t even any more lights on, so the two of us can’t do anything, can we?”

Nuannuan nestled in Chi Yang’s arms. She wrapped her arms around his waist and looked around. It really was dark, but she was unwilling to leave. She pouted and said, “Alright.”

It was rare for him to see his little wife be obedient. Although she had caused so much trouble for him and had even vandalized the image of him his soldiers had, he still could not bear to be angry at her.

He gently kissed her, and she turned into a weak little cutie in his arms. Chi Yang said, "In that case, I'll call a car over now. Let's go home."

She shook her head vigorously.

"No, no! I don't want a car! Big Brother Chi Yang, let's go back ourselves."

Chi Yang, "..."

"Little Girl, this is the suburbs."

"I want to walk back through the suburbs!"

"Alright." Without even thinking, Chi Yang agreed to her unrealistic request.

Nuannuan had worn a pair of high heels for today, but after she kicked the cobblestones earlier, her heels had broken.

Chi Yang took a look at her. He could not bear to see her walking in her broken high heels, so he picked her up.

Nuannuan obediently nestled in his arms, even more docile than a rabbit. She wrapped her arms around his slender neck and looked at him with starry eyes.

With his wife staring at him like that, the depression she had given him earlier when she was drunk disappeared. There was only gentleness in Chi Yang's eyes now.

"Big Brother Chi Yang, I think that Iron Arm is gay. He was flirting with that fast guy! Don't think I didn't catch that."

Chi Yang, "..."

Chi Yang looked at the woman in his arms talking about two other men and said, "They're not gay. Don't make wild guesses."

"Big Brother Chi Yang."

"Yeah?"

"You and Big Brother Xuan are such good friends. Are the two of you hiding your homosexuality too?"

Chi Yang, "..."

Looking at his wife, Chi Yang scolded her seriously, "Nuannuan, since when have I gotten along well with Feng Shengxuan? And what's the big deal about being gay, anyway? If it wasn't for needing to get you out of the picture, would I have acted out that scene with him at the airport? Also, you've always called him Big Bro. Since when did you start calling him Big Brother Xuan?"

Chi Yang did not like this new nickname at all.

Nuannuan pouted in confusion. "I've always called him Big Brother Xuan! Big Brother Xuan and I have always been close!"

As she said that, she giggled at Chi Yang.

Chi Yang looked at the cute little girl in front of him with a grave expression. He lost his temper when he saw her soft body laying in his arms..

Chapter 1654: I Have Always Liked Big Brother Xuan

"What are you laughing at?"

"Big Brother Chi Yang, are you jealous because I like Big Brother Xuan and want to marry him?"

'When Chi Yang heard this, his initially gloomy face darkened into a raging storm.

Looking at his smiling Nuannuan, he felt uncomfortable.

This.

What was going on?

Chi Yang looked at her sternly.

"You like Feng Shengxuan?"

Nuannuan smiled. She was happy to see Big Brother Chi Yang angry.

"You want to marry him?"

Nuannuan was still smiling. She smiled even more happily after stealing another glance at him.

Chi Yang almost exploded in anger. He felt the anger in his chest rushing to his head.

He had no idea if Nuannuan was teasing him or telling him the truth with some Dutch courage.

In that instant, his mind went blank. His heart was broken into pieces by her harsh words.

Seeing that Nuannuan was still laughing without a care in the world, Chi Yang was so angry that he put her back down on the ground.

She staggered for a moment before regaining her balance. She frowned in displeasure at Big Brother Chi Yang's sudden dropping of her.

At first, walking had not seemed like a big deal to her, but after being picked up, Nuannuan did not want to walk anymore. She pitifully reached out her hand and looked at Chi Yang pleadingly. "I want a hug."

"If you want a hug, answer me clearly. Do you like me or your Big Brother Xuan?"

As he spoke, Chi Yang emphasized the words 'Big Brother Xuan', gritting his teeth.

He had never treated Feng Shengxuan as a rival in love in the past, especially after he realized that Feng Shengxuan just enjoyed shouting at Nuannuan. After all, Feng Shengxuan liked Bai Liyue. Chi Yang had never treated him as an enemy ever since. However, after Nuannuan had said what she had said

just now, Chi Yang thought he might have been wrong all along.

This rival in love was a more serious competitor than he could have ever imagined.

After all, one usually told the truth after drinking.

Thinking that Feng Shengxuan might actually hold Nuannuan's heart, Chi Yang felt as if his own heart had been sliced in twain by a knife.

Nuannuan had been thrown to the ground by Chi Yang earlier. She looked like a little girl who had done something wrong and was now sorry. She kept pressing her two pointer fingers together.

Looking at Big Brother Chi Yang's fierce face, Nuannuan was a little unhappy.

After pressing her fingers together for a long time, she finally extended her hand and said to Chi Yang, "Hug!"

Chi Yang held her warm hand with a dark expression, not letting her cling onto him.

Nuannuan had never seen Big Brother Chi Yang like this before. She blinked her big, watery eyes a few times before her mouth dropped and she burst into tears.

Chi Yang, "..."

He was a little dumbfounded.

Why did it feel like his wife had gone crazy?

Why did he feel so small and helpless?

"You said you liked Feng Shengxuan and wanted to marry him, yet I didn't even cry. So, why are you crying?"

This was the first time he had made his wife cry. Chi Yang's heart ached terribly.

Even though this girl was really too much, he could not help but quickly wipe her tears.

When Nuannuan saw that Chi Yang still cared about her, she quickly pounced on him and wrapped her arms around his waist. She could not figure out how to climb any higher up on him, so she reached out from behind and patted his butt.

"But I've always liked Big Brother Xuan. It was you who told me that he had a fiancée and that he liked her a lot. That was why I said I'd like Big Brother Chi Yang. You were very happy in the past, so why are you angry now? You're bad!"

Chi Yang, "..."

Was she serious?!

What in the world?

Chapter 1655 What Exactly Are You Saying?

“When did you tell me that you liked Feng Shengxuan? When did I say that Feng Shengxuan had a fiancée? And you mean... you only liked me because I said that he had a fiancée? If he hadn’t had one, you would’ve liked him?”

What the hell?

Chi Yang was furious.

If Feng Shengxuan was in front of him right now, Chi Yang would probably kill him to vent his anger.

Nuannuan thought about it before shamelessly nestling herself back into Chi Yang’s arms. “That was the past. Now, I only like Big Brother Chi Yang!”

Chi Yang, who was close to exploding, calmed down a little when he heard this.

However, he was still brooding over Nuannuan’s words.

“So... you used to like Feng Shengxuan?”

“Yes.” Nuannuan nodded honestly.

“He’s so unpredictable. What exactly do you like about him?”

“His looks!” Nuannuan answered honestly.

Chi Yang, “...” He felt like he had received a blow worth 10,000 HP.

“So you think I’m not as good-looking as him?”

“Yep!”

Chi Yang, “...”

Little Wife, were you trying to provoke your husband to death?

Chi Yang felt like his heart was no longer beating and he was dying.

“Why? If you liked Feng Shengxuan so much and he likes you, why did you start liking me? Is it because of that night?”

When he thought about Zhong Qianqian’s naked body in front of him, he remembered how he had been unable to bring himself to do anything. However, the moment he saw Nuannuan, he had not been able to hold it in any longer. He wanted her and did not care what she herself wanted. Remembering it made him feel bitter.

Did Nuannuan have no choice but to like him because of that night? Nuannuan looked at the angry Big Brother Chi Yang and giggled. “Because you watched me grow up, and you grew up with me. You spent more time with me than my own Mommy! And later on, I realized that Big Brother Chi Yang is actually more handsome than Big Brother Xuan! Also, Big Brother Xuan has a fiancée, and the person he likes is Sister Yue. Sister Yue and I are best friends, so I won’t fight with her over him! Big Brother Chi Yang, I only liked Brother Xuan when I was young and thought he was more handsome than you. After I grew

up, I felt like you were more handsome than him. Are you happy now? Are you happy now? Are you happy now?" Chi Yang, "...". After listening to her speech, Chi Yang realized something was wrong.

"When did I watch you grow up and grow up alongside you? Haven't I only known you for half a year?"

Nuannuan, "..."

"When did Feng Shengxuan and Bai Liyue get engaged? Since when did he like her? Hasn't he always denied liking her?"

Nuannuan, "..."

"Nuannuan, what are you talking about?"

Nuannuan, "...". After being questioned by Chi Yang, Nuannuan was at a loss. She thought for a long time before asking Chi Yang, "But didn't Mommy say that when I was in her stomach, you would tell me stories every day?"

Chi Yang wanted to say, 'I don't even know your mother!

Looking at Nuannuan's flushed face, he simply frowned and touched her forehead.

It was warm, but not feverish. Her forehead was also sweating. In the end, Chi Yang took everything Nuannuan had said as nonsense.

He was still depressed. As he thought about it, he realized that Feng Shengxuan had watched Nuannuan grow up, and he had liked Nuannuan so much in the past. If Nuannuan said the word, Chi Yang could be instantly replaced.

Chapter 1656 Slut!

He and Nuannuan had met each other through the Zhong Family. It had only been half a year since they met. He had never seen Nuannuan's mother, nor had he grown up with her.

Hence, even though what Nuannuan had said earlier sounded reasonable at first, it was all nonsense.

"Big Brother Chi Yang, hug!"

This drunk Nuannuan was especially like a little girl ignorant of worldly affairs, constantly asking for hugs. Chi Yang tried his best to control the veins on his forehead that were close to exploding and picked Nuannuan up again.

Nuannuan, who was now in Big Brother Chi Yang's arms, had a bright smile on her face.

However, even though Chi Yang was sure that Nuannuan was speaking nonsense, when she said that she liked Feng Shengxuan and thought that Feng Shengxuan was more handsome than Chi Yang, Chi Yang found it difficult to breathe.

Finally, they walked out of the suburbs. Chi Yang saw a taxi on the way to take them back, but Nuannuan refused to let him take it.

Chi Yang had no choice but to give up on the taxi and continue walking with Nuannuan.

Tonight's dinner had begun at 6 PM. Nuannuan had drunk until 8 PM.

By the time Chi Yang got home on foot, it was already two in the morning. He had walked for six hours.

Originally, he had planned to wait until Nuannuan fell asleep before hailing a taxi home. Who could have guessed that by the time he got home, Nuannuan would still be able to stare at him with her big, obsidian-like eyes? When they reached home, they were greeted by the sight of Feng Shengxuan. When he saw Feng Shengxuan, Chi Yang's entire body tensed up. He emitted a cold aura.

Feng Shengxuan had just seen Bai Liyue and Xiao Shenbin's public display of affection, and he was furious. He ran to the wine cellar, took the best bottle of red wine the Chi family had, and drank it all down.

He had just begun to start calming down a little when he saw Chi Yang carrying Nuannuan back.

muan

Smelling alcohol on Nuannuan, Feng Shengxuan frowned. "Where did you take Nuannuan in the middle of the night? Did she drink?"

Chi Yang stood at the door and looked coldly at Feng Shengxuan, who was wearing a silk sleeping robe that exposed a large portion of his chest. His belt was also loosely tied. In the past, he had not ever thought that Feng Shengxuan was good-looking, nor did he think that he had a good figure. However, ever since Nuannuan said that he was more good-looking than him, Chi Yang realized that Feng Shengxuan was actually quite a good-looking, seductive, evil, and uniquely charming man.

This knowledge made Chi Yang very unhappy, especially when he saw the way Feng Shengxuan was tilting his head. He was so angry he could not help but complain, "Who are you trying to seduce by wearing such sexy clothes at night? Slut!"

With that, he carried Nuannuan into the house.

Feng Shengxuan had just finished a bottle of red wine and had been about to sleep. Now, he was being lectured by Chi Yang over something trivial...

Why had he opened the door for this damned

man?

Not only had Chi Yang stolen his Nuannuan, but he had also scolded him!

Feng Shengxuan did not even bother to settle the score with Chi Yang, but Chi Yang went so far as to bring Nuannuan out for drinks... Nuannuan was a girl with extremely poor alcohol tolerance. Knowing her destructive power, every time she drank alcohol, a huge battle was bound to happen. Hence, Feng Shengxuan had always forbidden her from drinking alcohol.

Who knew that Chi Yang would bring his girl to drink?

Before Feng Shengxuan could have the chance to scold Chi Yang upon their return, Chi Yang had the gall to scold him first.

This was too much!

Nuannuan had not slept on the way home, but when Chi Yang carried her home and placed her back on her bed, her eyes closed almost immediately.

The next morning, when Nangong Nuannuan opened her eyes, she saw Big Brother Chi Yang looking at her thoughtfully.

Chapter 1657: Could You Fall In Love With Your Brother?

Nuannuan jumped in shock and caressed Chi Yang's dark eye circles. "Big Brother Chi Yang, did you have insomnia last night? Why do your dark circles look so bad?"

As Nuannuan asked the question, she carefully examined Chi Yang's nerves and the places where he had previously been injured.

Before this, after recuperating, Chi Yang's sleep and nervous system had seemed to be on the road to recovery. In addition to that, after his supernatural cells upgraded, the bloodstains on his blood vessels and meridians were all cleared. This had been very good for his nervous system. Nuannuan thought

that her Big Brother Chi Yang would at least be free of insomnia. She did not expect to see him with dark circles under his eyes this early in the morning. Even his eyes were bloodshot.

Chi Yang had stared at Nuannuan the entire night, unable to understand her words from last night.

If it had merely been a drunkard's ramblings, why had she brought up Feng Shengxuan and Bai Liyue? He felt like that bit had not been nonsense. He felt like Nuannuan was truly interested in Feng Shengxuan.

However, after thinking about it for an entire night, Chi Yang still could not come up with any logical explanation for it.

Chi Yang held her warm hand. "Little Girl, let me ask you a question."

"What question?"

"In your heart, do you like Feng Shengxuan or me more?"

Nuannuan felt uncomfortable all over. "Big Brother Chi Yang, you didn't sleep the whole night because you were thinking about this?"

"Answer me. Do you like Feng Shengxuan or me more?"

"Isn't that obvious? Do you still doubt my feelings for you?" Nuannuan looked at Big Brother Chi Yang in confusion. She was speechless. She did not understand why he could still ask her this same question from her previous life despite her good performance. Was he not being silly?

"want you to answer me!" Chi Yang refused to give up. He had already waited an entire night. Now, he had to get a definite answer to finally put him at ease.

"Of course I like you more. As for love, I love you more than just a little! Big Brother Chi Yang, you know I've always treated Feng Shengxuan as my elder brother. If I really liked him, I would have gotten together with him long ago. I wouldn't have abandoned him and returned to the Zhong Family."

Just as he thought!

However, Chi Yang still could not understand why Nuannuan had said those things while drunk. He continued to ask, "Then why don't you like him?"

Nuannuan blinked. She felt like this question was very difficult to answer.

"Feng Shengxuan is so handsome. He loves you so much and treats you so well. He's also very powerful and capable. If you ask me if there's anyone I admire, I'm afraid he's the only one. Why don't you like someone as great as him?"

Nuannuan thought about it for a long time before replying, "If you don't like someone, then you don't like them. There's no electricity, no spark. Why does there need to be so many reasons?"

"Then... Is it because you realized that Bai Liyue likes Feng Shengxuan that you told yourself not to like him? Is that why you deliberately stopped having feelings?"

Nuannuan moved closer to Chi Yang and narrowed her eyes. "Big Brother Chi Yang, are you serious?"

Chi Yang looked at Nuannuan seriously. His expression could not have been more serious.

Nuannuan surrendered. "Okay, okay, I'll tell you the truth. I... really have never liked Feng Shengxuan. Ever since I was young, I've treated him like my brother, my biological brother.. Big Brother Chi Yang, could you fall in love with your biological brother? No, right?"

Chapter 1658: Apology From the Shi Family

Chi Yang's face darkened.

What was she asking him? He was a man. How could he fall in love with his own brother?

However, Nuannuan's words made him feel better.

"Was Feng Shengxuan your fiance in the past?"

"Big Brother Chi Yang, are you really awake right now? How could he be my fiance? Aren't you my fiance?"

"Then is he engaged to Bai Liyue?" After all, this was what Nuannuan had said yesterday.

Nuannuan, "

"Since when was Big Brother engaged to Sister Yue? If there was an engagement, would Sister Yue love him as much as before yet not be able to get him? My Big Brother is actually a very trustworthy person. He will either completely turn down his family's request or completely fulfill it. Sister Yue was

sent by her family to be KE's subordinate and then ended up by my Big Brother's side. They aren't engaged."

Nuannuan had confirmed that Bai Liyue and Feng Shengxuan were not engaged. This made Chi Yang calm down a little.

However, none of this was enough to quell his worries.

“Then who looks better, me or Feng Shengxuan?”

Nuannuan looked at Chi Yang, She felt that Big Brother Chi Yang might have taken the wrong medicine today.

However, facing him and the serious expression on his face, she saw that he did not seem to be acting coquettishly with her. Nuannuan could only reply seriously, “Of course Big Brother Chi Yang is more handsome! If you weren’t more handsome, how could I like you so much? I also care about looks, okay?”

“Then did you ever think that Feng Shengxuan was very handsome?”

“Big Bro has always been very handsome! However, his handsomeness isn’t my cup of tea. What I like is Big Brother Chi Yang’s looks!”

Seeing Chi Yang’s stiff body finally relax, Nuannuan let out a breath.

“Big Brother Chi Yang, what’s wrong with you? Why are you asking so many strange questions?”

Chi Yang looked at Nuannuan with a disturbed expression. “You don’t remember?”

“Remember what?”

Chi Yang told her about what had happened at the dinner party yesterday.

After hearing this, Nuannuan felt uncomfortable. She kept shaking her head. “That’s definitely not me! I’m so obedient. How could I do such a thing? Also, how could I say such ridiculous things? I would never lie! Big Brother Chi Yang, you’re just trying to scare me because you know I have no memories of last night.”

Chi Yang, “...”

It seemed like this girl knew nothing.

Chi Yang did not say anything else. In any case, he would never let Nuannuan drink again.

As they were eating breakfast, Nuannuan’s cell phone rang.

“Hello, who is this?”

“Miss Nangong, I’m Shi Maode.”

“So it’s Chairman Shi. How come I didn’t know I had such a good relationship with your Shi family? You’ve been contacting me every few days.”

“Miss Nangong—oh no, I mean, Chairman Nangong—I’m really sorry. I didn’t know you were the real Chairman of Imperial Phoenix Group. The Shi family might have offended Chairman Nangong, Thus, today, I’m specially calling Chairman Nangong to apologize.”

Nangong Nuannuan smiled. “What do you mean, apologize?”

“When Shi Zhongcheng previously went to look for Wei Du, he happened to hear that Shi Weide from the family branch had been arrested for offending the Chairman of the Imperial Phoenix Group. However, because Shi Zhongcheng knew that Miss Nangong was the Chairman, he unintentionally implicated Miss Nangong while discussing benefits with Wei Du. This is the Shi family’s fault. I apologize to Miss Nangong on behalf of the family.”

Chapter 1659: Did Not Become a Vegetable

“The damage has already been done. Does Chairman Shi think this is enough? Why don’t I send someone to kill two people from your family and then apologize to you?”

Shi Maode’s eyes twitched. He knew that this woman would not be easy to talk to.

“I called today to tell you about this. Our Shi family is really sincerely apologizing. Chairman Nangong, if you have any requests, as long as it’s not too much, I will do my best to make up for this.”

“My request is very simple. As long as Director Shi is willing, he definitely can do it.”

“Chairman Nangong, please tell me what it is.”

“Previously, my sixth brother worked at your hospital and developed a drug alongside the third young master of the Shi family, Shi Zhonglei. Third Young Master Shi was eager for a quick success and allowed the side effects of the drug to overact. After my brother proposed it, not only did he not receive

any explicit orders from President Shi, but in the end, my brother, who had painstakingly researched the drug, had his results stolen. He was even slandered for being short-sighted and developing a drug with strong side effects, even though it was effective. Because of this, not only did my brother not

get a promotion, he even became infamous. Chairman Shi, even though you’re not a member of the hospital, you’re the eldest young master of the Shi family. You should be able to have the final say on this matter, right?”

Nangong Nuannuan’s words made Shi Maode fall silent for a moment before saying, “Chairman Nangong, I’m afraid there’s been a misunderstanding. Because at that time, that was indeed the medicine that Zhonglei developed. As for Nangong Ze...”

“Mr. Shi, I thought you sounded sincere over the phone. That’s why I offered you the conditions. If you can’t even fulfill a request as basic as this one, then there’s no need for us to continue.”

After saying that, Nuannuan was about to hang up when she was stopped by Shi Maode.

“Wait.”

“What else do you have to say, Mr. Shi?”

“Chairman Nangong, besides that request, is there anything else you want? I can hand Shi Weide and Shi Weili over to you, and you can do whatever you want with them.”

Nuannuan could not help but laugh. “If you hand them over to me, I’ll have to spend a lot of effort dealing with them. I’ll leave these doofuses for you to deal with. I only have one other request. If Chairman Shi finds it difficult, then you can forget this all.”

“How about this, Chairman Nangong? Zhonglei is my second brother’s son, so I can’t make decisions for him, but give me some time. I’ll discuss it with my family before giving you an answer. What do you think?”

“Sure, but my patience has never been too good, so I hope I’ll hear the results within two days. Otherwise, I’ll take it as you guys being insincere.”

“Alright, I understand.”

After hanging up, Nangong Nuannuan called Dan Qi.

“Lil Dan Qi, help me investigate what the Shi family has been up to recently.”

“Big Sis, what do you mean?”

“The Shi family’s attitude toward me is a little off. They’re so nice to me I feel like I’m talking to imposters. So, help me check on how their descendants are doing. Oh, and I put Shi Yalin in a vegetative state recently. Go and find out what happened to the Shi family after she became one.”

“Okay.”

About an hour later, a call came in from Dan Qi.

“Big Sis, Shi Yalin did not become a vegetable.”

“..” Nuannuan was silent for a moment. “That’s impossible. I did everything myself. I know my strength..”

Chapter 1660: Focus On Surveillance

“But Shi Yalin is really not in a vegetative state. She’s in the hospital now. You asked me to monitor the Shi family, but they were very wary of me and completely blocked all surveillance. If I try to break through, I’ll attract their attention. So, I immediately followed your instructions and played back some surveillance footage. In the end, I saw Shi Yalin appear on Jule Road that night.”

“Jule Road? When did this happen?”

“Because all satellite records were destroyed by the Shi family, I had no way of finding anything out about Shi Yalin. Fortunately, there was a broken surveillance camera there, and after I repaired it, I found footage of someone carrying Shi Yalin away at 1 am. She was still unconscious when she was

carried away, so she might have been in the vegetative state Sister mentioned then. Later, at 2 AM, Shi Yalin appeared on the surveillance videos again. The man was gone, and Shi Yalin returned alone.”

Nangong Nuannuan frowned.

She was the one who had crippled Shi Yalin, and there was no way she could have recovered. She was certain that there was a supernatural being in this world who could heal Shi Yalin, but the fact that Shi Yalin had recovered so quickly meant that Shi Yalin was being specifically watched over and helped.

"You said Shi Yalin is in the hospital now?"

"Yes. She followed the Shi family to the hospital the next day and never came back."

The Shi family had deleted most videos, but they had not been able to delete this one. Nuannuan knew that what Dan Qi had found was definitely accurate.

In other words, somewhere in a dark corner she did not know the location of, there was someone who had been paying attention to her and secretly going against her.

This reminded Nuannuan of King and Viper, who were still alive.

"Dan Qi."

"Big Sis, do you have any instructions for me?"

"Help me keep an eye on Shi Yalin. If she shows up again on the footage, tell me who she sees and what she does."

"Okay. Big Sis, do you think there's a problem with the experiment?"

"Yes." Nuannuan told Dan Qi about her suspicions.

"Now that you mention it, I also think the person helping her might be King. Big Sis, don't worry, I'll definitely keep an eye on her. As long as she appears, she definitely won't be able to escape my 360-degree surveillance."

"Okay."

After hanging up the phone, Nuannuan thought for a while and went to do her own things.

If it really was King or Viper, the other party had suffered such serious injuries. Even if they hated her to death and wanted to kill her, even if she could not find any traces of them for the time being, they would not really attack her.

After all, the only people who dared to lay their hands on her were fools intent on dying, Those who knew her well would never do such a thing.

Thus, Nuannuan had nothing to worry about.

A day later, Shi Maode called Nangong Nuannuan.

Nuannuan glanced at the caller ID and picked up the call. "Chairman Shi, do you have any good news for me?"

"Yes. After I spoke to Chairman Nangong on the phone yesterday, I went home to discuss things with Father and Second Brother. We will satisfy Chairman Nangong's request and give Sixth Young Master Nangong an explanation. While helping him clear his name, our Shi family will also apologize."

“Very good.” Nuannuan smiled.

“Then... Chairman Nangong won’t hold anything against us for what happened in Naboo anymore, right?”

Shi Maode’s attitude was very ingratiating.. After all, he had dared to provoke the Nangong family while being part of one of the top aristocratic families in Camino, the Shi family
