Chapter 181: Young Master Leng Flips Out

“Young Master Leng’s family is rich, so it might be possible that he’s lived in a foreign country before this. Don’t you think Zhong Nuannuan is the more shocking one? Is she really a child who has just returned from the farming district?”

“Perhaps the farming district is in Luntan. Hahaha...”

“She spoke Luntanese much better than Zhong Qianqian! It’s obvious that Zhong Qianqian speaks Camino-Luntan whenever she recites. It’s lame!”

Zhong Nuannuan glanced forward casually. Although Zhong Qianqian’s back was facing her at that moment, she could tell from the whitening finger that were clutching her pen that the latter was very angry.

Cold light shone across Zhong Nuannuan’s eyes. If she was not trying to force the hand of the “venomous snake” behind the scenes that Jiang Shuwan had partnered with, she would have taken action immediately after finding out that she and Jiang Shuwan were not blood related.

However, in order to ensure that she could live a long life together with Chi Yang, she decided to cast the long lines to catch a big fish (TN: Chinese idiom meaning to adopt a patient, long-term plan to secure a goal).

Having said that, during this austere period, it was not like she was going to allow Zhong Qianqian and Jiang Shuwan to live any better.

The after-class bell rang and Zhong Nuannuan was ready to put the blood sample in the women’s toilet. However, the moment she stood up, her path was blocked by Leng Qirui.

“What?”

Leng Qirui stared deeply at the stunning and beautiful face in front of him. After a few skipped heart beats and some palpitations, his fleeting heart rate finally steadied.

“For yesterday, thank you.” Leng Qirui whispered in a hushed voice that only the two of them could hear. “You can rest assured, if you want me to remain quiet, I will never tell another person of what happened that night.”

Seeing how pertinent Leng Qirui was being, Zhong Nuannuan nodded. “You’re welcome.”

After she finished her sentence, she left the classroom via the back door whilst under Leng Qirui’s stunned gaze.

“Hey, did you guys see that? Young Master Leng took the initiative to talk to Zhong Nuannuan.”

“I saw it, I saw Young Master Leng blushing as well.”

“Wow, could it be that Young Master Leng has a crush on Zhong Nuannuan?”

“It’s very possible! After all, Big Beauty Zhong is the school flower. Everyone has a eyes for beauty, so it is reasonable for Young Master Leng to like Zhong Nuannuan.”

“Wow, I didn’t expect Zhong Nuannuan, who offended Young Master Leng, to not only fail to receive any form of retaliation, but to even pique Young Master Leng’s interest. This is totally a big plot twist!”

At first, the classmates were still gossiping quietly, afraid that they would be heard by Leng Qirui, but there was one person in particular who was too excited, which led to Young Master Leng overhearing. Despite this, Young Master Leng did not hit him.

After that, the students tried to amplify their voices as they gossiped, some even said that Zhong Nuannuan was beautiful and Young Master Leng was handsome straightforwardly, and that the two were simply a perfect match. The Young Master Leng, who was always ruthless and famous for violence, could not help but curl up the sides of his lips when he heard this.

Only

With that, everyone became even more confident in their hypothesis.

He really did have a crush on Zhong Nuannuan!

Meanwhile, Zhong Qianqian was trembling in anger whilst Xue Miqi, likewise, boiled with rage. “Zhong Nuannuan, the damn vixen! She already has a fiancé herself and yet, she still shamelessly seduced Young Master Leng! Shameless! Wh*re !”

“Who are you calling a wh*re?”

“Argh—”

Suddenly, a cold voice came from behind. Zhong Qianqian, Xue Miqi, Wu Wenqian, and Li Shanshan turned their heads in unison, and after seeing the speaker, they could not help but scream.

Leng Qirui’s eyes were locked cruelly onto Xue Miqi at this moment.

Chapter 182: What Happened?

While the othe party was still in fear, he stretched out his hand and gripped Xue Miqi’s jaw without mercy. The pain was so great that she teared up.

The part that was pinched was the part where she had been injected the previous week.

“Speak, who were you calling a wh*re?”

Xue Miqi tried to break out of Leng Qirui’s grasp. Being held painfully like this was rendering her unable to talk!

Upon seeing that Xue Miqi could not stand it any longer and that her whole body was trembling, although Zhong Qianqian was afraid, she did not want to give up this opportunity to reaffirm her presence.

“Young Master Leng, Miqi didn’t do it on purpose. She had a little conflict with Nuannuan before this, so she was unhappy and said what she shouldn’t have said. Can you ignore whatever Miqi just said for my sake?”

Zhong Qianqian’s back was tensed and her chest was puffed out as her long straight hair matched her ankle-length white dress. It was obvious that she chose to follow the textbook pure-feminine style, which was the style that was most appealing to school boys.

Zhong Qianqian was very close to Leng Qirui, such that she could almost guarantee that he could smell the fragrance on her body!

This was her newly-purchased sweet maiden fragrance series. It had only just been launched.

Zhong Qianqian screamed wildly in her heart, hoping that Leng Qirui would look at her more. After all, despite Zhong Nuannuan having better looks, she was comparatively superior in every other field.

However, Leng Qirui suddenly took the Luntanese dictionary from Xue Miqi’s desk and slapped it across Zhong Qianqian’s face.

“ARGH—”

When this happened, Zhong Qianqian was still busy thinking about how to hook up with Leng Qirui. She would never have thought that Leng Qirui would suddenly hit someone.

Zhong Qianqian felt a sharp pain as her entire face went numb with pain. Immediately after this, Zhong Qianqian she felt dizzy and struggled to stand steadily, instead falling flat on the ground.

At this moment, Zhong Qianqian felt like the whole world had fallen silent.

Blood rushed out of her nose like a waterfall, and in an instant, her snow-white dress was dyed red with blood.

It took a long time for Zhong Qianqian to recover from her shock as her eyes filled with fear. This was the second time she had suffered violence at the hands of a man.

She felt that Leng Qirui was even more terrifying than Chi Yang.

At the very least, most of the time, Chi Yang had a dismissive attitude towards her. On the contrary, Leng Qirui was more like a firecracker who would explode once he was triggered.

Leng Qirui looked at Xue Miqi, who was already paralyzed from shock, and he warned her, “From now on, Zhong Nuannuan is under my protection. If anyone dares scold her, it means they are scolding me as well. If anyone dares make her feel uncomfortable, then they are looking for trouble with me too. Understood?”

Xue Miqi forgot how to even shed her tears and quickly nodded in panic.

“When she comes back later, the two of you will apologize to her.”

Only

"I am Nuannuan's biological sister, how could you hit me? You... you are too much!" Zhong Qianqian was crying while rubbing her nose with her hand. Upon seeing so much blood on her hand, she started crying harder.

"You defended her enemy despite being her sister. Is your brain not functioning, or are you the one who is causing all the trouble behind the scenes?"

Leng Qirui focused his attention onto Zhong Qianqian. When he looked at Zhong Qianqian, he saw glimpses of Ye Hai. This made the anger in his eyes burn stronger.

Zhong Qianqian's eyes flickered as she shouted at Leng Qirui. "It's not as if I was the one who scolded her! Why should I apologize to her?"

Right after she saying this, she got up from the ground and burst out of the building whilst crying.

Zhong Nuannuan had gone to the top of the building to get some some fresh air. As she heard the bell chime for the second lesson, she walked back to the classroom. As soon as she entered the classroom, the eyes of the entire class fell on her, their pupils glowing with excitement.

Zhong Nuannuan, 'What did she do?'

[My Sweet Physician Wife Calls The Shots](#)

Chapter 183: Young Master Leng Is Shy

"Zhong Nuannuan, I'm sorry, I shouldn't have scolded you, and shouldn't have said bad things behind your back, please forgive me. I will never say bad things behind your back in the future again."

Looking at her bruised face and Xue Miqi's red and swollen chin, Zhong Nuannuan was a little dumbfounded.

"She just said your bad things behind your back. I overheard it, so I taught her a lesson and made her apologize to you."

Leng Qirui, who was on the side, hurriedly explained obediently. His eyes as he stared at Zhong Nuannuan's were full of admiration; it seemed as if he was a totally different person from the school bully who had first walked toward her whilst acting cool and smug before asking her to get lose.

Zhong Nuannuan glanced at Leng Qirui, then fixed her gaze on Xue Miqi. Although Xue Miqi looked wronged, her eyes were full of a hatred that could never be hidden. Zhong Nuannuan smiled and asked, "Then do you dare to swear that the next time you say bad things about me, you will resign yourself to never marry a good man, and that even if you marry, you will only get to marry a scumbag. After marriage, you will be cheated on, abused, and finally die having lived a bad life? I will forgive you if you dare to make that oath."

Xue Miqi, "!!!"

Zhong Nuannuan sneered. "You don't dare to promise that, so f*ck off as far as you can. Don't you dare appear in front of me and don't let me hear those dirty words of yours. Otherwise, you will not get away with merely a deformed chin. Get out!"

Honestly speaking, at this moment, Xue Miqi was really frightened by Zhong Nuannuan's aura. She quickly returned to her seat and continued with the class, wrapping up her studies in disgrace.

Zhong Qianqian never came back to class after she first left to change her clothes. No one knew if she had gone back home. After class, even Xue Miqi applied for leave and left.

Thus, other than the incidents in the early morning and the first lesson, Zhong Nuannuan was free to spend a whole day memorizing the history textbook for the first year of high school.

After school, in the afternoon, Zhong Nuannuan was packing up her things when Leng Qirui approached her again.

"Zhong Nuannuan, are you free tonight? I want to treat you to dinner."

Glancing at Leng Qirui, Zhong Nuannuan refused while continuing to pack up. "Nope."

"The school evening's self-study session is not even mandatory, so what are you busy with?" Leng Qirui did not give up.

"I'm going to handle the procedures to move into the school dorms later."

"I will do it for you. After it's done, let's go have a meal together!"

The students were stunned as they looked at Leng Qirui, silently thinking to themselves that Young Master Leng was so full of "boyfriend power". When facing the girl he liked, his personality became super good!

Zhong Nuannuan stopped what she was doing, then looked at Leng Qirui and asked outspokenly, "Do you like me?"

Leng Qirui was stunned by Zhong Nuannuan's sudden question and his heart skipped uncontrollably again. For the first time in his life, Leng Qirui felt an emotion called anxiety.

"Ah... Young Master Leng's ears turned red."

"Oh, I never thought Young Master Leng could be so cute."

"My old man's pure girl heart!"

Only

...

Leng Qirui's ears turned redder after listening to the students' gossiping.

"I..." The moment he tried to express his feelings, Zhong Nuannuan had seen right through him.

"But I already have a fiancé, and all of our classmates are aware of this. Later, my fiancé will come to pick me up. I have made an appointment to have a meal with him."

Leng Qirui was dumbfounded.

After hearing the firm refusal, the students became slightly impressed with Zhong Nuannuan. At the same time, they also feeling heartache for the boy's broken heart.

He looked at Zhong Nuannuan in shock...

Chapter 184: Critical Hit

Leng Qirui could not believe the fact that Zhong Nuannuan already had a fiancé.

Girls constantly gossiped about the fact that they liked him. Normally, as long as his mood was slightly better and he put on a pleasant countenance, would those girls not rather abandon their boyfriends to pursue him?

Why was it that when he fancied a girl for the first time ever, this girl rejected him without any hesitation?

He was dumbstruck for a long time, but as he saw Zhong Nuannuan walking out of the classroom after packing up her belongings, Young Master Leng lost his temper and rushed out of the classroom, stopping in front of her.

"It's just an engagement, not marriage, what's the big deal?"

"Give me a chance, I'll start pursuing you from now on. I'm definitely more outstanding than him, and I guarantee that I'll treat you better than he does. If you give me a chance, I guarantee I can make you willingly dump your boyfriend before your marriage."

Putting aside family background, looks and masculine charms, Leng Qirui was very confident in himself. He firmly believed that he could defeat Zhong Nuannuan's fiancé. After all, this was the first girl that had captured his heart, and he was determined to get her!

"This is a young child who has been spoiled by his family!" As she looked at Leng Qirui's high-spirited tenacity, Zhong Nuannuan was reluctant to knock him down.

"Firstly, it's impossible for you to be more outstanding than my boyfriend." After all, a man who had already become a captain at 26 years old was completely incomparable to a student who was still in senior high school at the age of 18, not to mention that he held the penultimate place in class.

"Secondly, it's impossible for you to treat me better than my boyfriend does." After all, in her previous life, Chi Yang sacrificed his young life for her. It was not an exaggeration to say that he loved her with all his heart.

"Third, and most importantly, I love him, not you."

Critical hit!!!

When she saw Leng Qirui staring transfixed on the ground and looking beaten up by her words, Zhong Nuannuan stopped talking to him. She believed that he was a smart person, and would definitely come around.

If he was not a smart person, then there was nothing she could do about it anyway.

After all, she was not the Virgin Mary, and she could not go around ensuring that everybody lived the best life possible.

Hence, she turned around, and without any hint of affection toward her classmate, she determinedly walked to the Academic Affairs Office to complete her check in procedure.

After entering the Academic Affairs Office, she discovered that Chi Yang had already sent people to register for and decorate her dormitory the day before. Thus, when she arrived at the Academic Affairs Office, she only had to sign a letter to complete the procedure.

When she opened the door to the dormitory, three girls looked toward her at the same time.

“Zhong Nuannuan!”

When they saw the new person, the three girls happily greeted her enthusiastically.

Only

The events that happened today gave them a new perspective on Zhong Nuannuan. Compared to Zhong Qianqian, who was ill-hearted and two-faced, they were more willing to accept a domineering, icy goddess like Zhong Nuannuan.

When she saw her roommates welcoming her, Zhong Nuannuan smiled as well. “Hello everyone.”

The three girls who shared the same dormitory with her were called Mu Qingxuan, Gu Xiaoli and Yan Fangfang, who were all top students in her class. The last one, Yan Fangfang was the classmate who sat in the third row and whom had helped to wipe her table and chairs before inviting her to sit today*. As for the other two, Mu Qingxuan was the former was a deputy class monitor while Gu Xiaoli was a commissary in charge of literature and arts. Both of them sat in the first row.

Despite this, the person who had left a deeper impression on Zhong Nuannuan was Mu Qingxuan.

This was a student who kept a very low profile. Everyone only knew that her family was quite wealthy, but Mu Qingxuan had never mentioned what her family did for a living.

Two years later, she saw her at a banquet held by the aristocrats in Emperor District.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 185: No Advantage

Only then did she realize that her father used to be the governor of Jiang District, Qian District and Wan District, before eventually being transferred to Emperor District. If she considered everything chronological perspective, Mu Qingxuan was probably the daughter of the union state governor. In terms of identity and status, Mu Qingxuan and Leng Qirui were on the same level, with one family in

politics, and the other family in the military. It was just that Mu Qingxuan kept a much lower profile than Leng Qirui.

Yan Fangfang's family owned a clothing factory and had established their own clothing brand. Due to its good quality and cheap pricing, there were many buyers, and it was quite popular in Jiang District.

On the other hand, Gu Xiaoli was a scholarship student, but she was different from Wu Wenqian and Li Shanshan, who had already given up on studying and were only thinking of getting a rich husband.

She remembered that Gu Xiaoli was a dark horse during the gaokao in their class, and that she had gone to the military medical university in Emperor District. After she graduated with a master's degree, she became a very popular doctor in the military base.

We really didn't expect that you'd become our roommate. Our dormitory has only ever had three people since Year 1 Senior, but now we're finally complete."

"We welcome your entrance."

Mu Qingxuan and Gu Xiaoli greeted Zhong Nuannuan enthusiastically when they saw her walk in.

Yan Fangfang, who was standing aside, said with a smile, "I'm sleeping in the lower bunk here, if you don't want to sleep in the upper bunk, I can change places with you. I'm not picky."

After Zhong Nuannuan smiled and greeted the two of them, she said to Yan Fangfang whilst beaming, "Thank you, but there's no need for it, I'll sleep on the upper bunk, I'm not picky either."

Prior to this, Zhong Nuannuan had always been very cold. Apart from acknowledging Zhong Qianqian as her sister, she never bothered to interact with anyone, thus earning her the nickname 'Icy Flower'.

However, after some proper interaction, they came to know that this girl was actually not that cold after all! Besides, she gave off a very genuine impression, which was much better than Zhong Qianqian's deliberately faked image of a perfect goddess.

After this, Zhong Nuannuan brought in a big pile of books and put them on the bookshelves one by one. At the same time, the entire dormitory was quiet.

Looking at the shocked expressions of the three people, Zhong Nuannuan was puzzled. "What's wrong? Why are all of you looking at me like this?"

"Zhong Nuannuan, you're so strong! You managed to bring in so many books so effortlessly." Gu Xiaoli could not help but exclaim breathlessly.

"..." Zhong Nuannuan gave two dry laughs. "Well, didn't I grow up in the farming district? I usually have to do all kinds of chores, so it's only natural that I'm a bit stronger."

Gu Xiaoli was envious. "I have to work when I'm in my hometown as well, but I don't have as much energy as you! What kind of jobs did you mainly do in the fields?"

Only

Zhong Nuannuan froze, then let out two dry laughs, obviously unable to continue the topic of conversation.

When she saw that Zhong Nuannuan did not want to answer, Mu Qingxuan interrupted, "Today's your first day in the dormitory, so let's go out for a meal together tonight. I'll be the host."

"Qingxuan, you need to change your proposal to another day."

When she saw Yan Fangfang bursting with laughter, Mu Qingxuan raised an eyebrow. "Why?"

"Zhong Nuannuan is going out for a date with her boyfriend tonight. It's just pitiful that Young Master Leng was cast aside ruthlessly. Then again, Zhong Nuannuan, why won't you spare Young Master Leng a glance? In truth, apart from the fact that Young Master Leng is slightly shorter, slightly less handsome, less fit, less good-tempered and slightly more immature than your military boyfriend, his other traits are all not too bad."

Mu Qingxuan rolled her eyes. "Which part of him is better than director-general Chi then?"

Yan Fangfang was shocked! Why was it that when toying with the idea of the school hunk Leng facing Zhong Nuannuan, they could not identify even a single advantage of dating him?

[My Sweet Physician Wife Calls The Shots](#)

Chapter 186: Lurking

"I really can't make it today, I'll be busy and won't be able to return tonight."

When she saw her roommates' disappointed faces, Zhong Nuannuan said, "How about tomorrow then? I'll invite everyone for a meal together tomorrow night, and all of you can decide the venue."

"Sure!" Yan Fangfang was the first to agree.

Mu Qingxuan and Gu Xiaoli also readily agreed.

Mu Qingxuan felt slightly confused when she saw that all the books Zhong Nuannuan arranged on the bookshelf were new. "Zhong Nuannuan, why are you getting new books again? I remembered that you already received your new books for Year 1 and Year 2 Senior back when you transferred over here last semester."

"My mother threw all my books away."

Zhong Nuannuan said this indifferently, but the other three girls got angry.

"What? She threw them away?! Zhong Nuannuan, are you sure that she's your biological mother? I heard that she treats Zhong Qianqian much better than you!"

Gu Xiaoli grew up in Wan District. Her mother died early while her father remarried, and her stepmother did not treat her well at all. She had also gone through the tragic experience of having her books sold off by her stepmother when she was in junior high, and was forced to work in town to pay for her brother's studies. Therefore, when she heard Zhong Nuannuan's words, her intuition told her that Zhong Nuannuan was not her mother's biological daughter.

Zhong Nuannuan smiled gently. "I've done a DNA test with my father before."

"Then you have to do it again with your mother. How could a biological mother carry out such a despicable act?" Yan Fangfang fumed.

"Fangfang, don't worry about it. At first glance, Nuannuan seems to be a smart person with a mind of her own, she definitely knows what she needs to do. Besides, Nuannuan has a fiancé now, if her family doesn't treat her well, she can become an army dependent after she gets married."

Gu Xiaoli nodded. "Yes, Qingxuan is right, if your family bullies you in the future, you can just follow the army."

Subconsciously, the group of them had changed the way they addressed Zhong Nuannuan. This was the case with girls—once they shared a little secret with each other, they could immediately become buddies.

[Who can take your place? Take advantage of youth and love as passionately as you want/ My dearest, dearest love, the journey is long—let's be together...]

Zhong Nuannuan's cell phone rang. There was no need to look at the incoming caller ID, she already knew who was calling just by hearing the ringtone. A smile appeared on the corner of her lips, and she answered the phone quickly.

"Hello."

"Nuannuan, are you done with school?" A man's cello-like melodious voice came from the phone.

"Yes, I'm done with class, and I'm in the dormitory now. Have you already arrived?"

"I've been in a meeting all this while, and it's still not over yet, so I stepped out to tell you that I won't be able to come over and pick you up. The commander-in-chief sent someone over today and he has already arrived. I'll send you his phone number later, and you can just come here in his car. The meeting should be over by the time you arrive."

"Okay, sure. You should quickly go back to your meeting then."

"Nuannuan?"

Only

"Yes?"

"You're... not angry with me, right?"

When she heard Chi Yang's cautious question, and detected his nervousness at that moment, Zhong Nuannuan quickly replied, "Why would I be? Am I that small-minded? What's more, I'll be a military sister-in-law in the future. I can't be angry every time you're busy, right?"

As soon as he heard that his fiancée was not angry, Chi Yang's anxious heart finally relaxed, and he was so happy that even his voice became much softer. "Then you should get in the car after you're done with whatever you're doing, I'll wait for you to have dinner together."

"Okay."

What Zhong Nuannuan did not know was that as she was on the call with Chi Yang, Leng Qirui, who felt indignant because of Zhong Nuannuan's harsh words, was lurking in the reception room at the school entrance.

He wanted to see what kind of extraordinary person could make him seem worthless in comparison!

[My Sweet Physician Wife Calls The Shots](#)

Chapter 187: Dung Beetle

After she hung up, Zhong Nuannuan realized that all three pairs of eyes were staring at her.

"Are you not going for your date with director-general Chi anymore?"

"He's busy and unable to pick me up, so he got someone else to come over."

"He already found someone to pick you up, and he's still apologizing?!"

The three single dogs in the dormitory felt like they had been inexplicably stuffed with a mouthful of dog food.¹

"I'll head off now then, the person who's supposed to pick me up has already arrived. Besides, I'll be busy, and since I've already applied for leave from the school, I won't be returning to the dormitory tonight."

"We got it——" The three girls spoke in unison, with a gaze that seemed to say, 'You don't have to explain, we all understand'.

"Let's accompany you downstairs, since the few of us have to go for dinner anyway. By chance, we might also get to see whether the army brother who's coming to pick you up is handsome..." When Yan Fangfang thought of what might happen next, she could not help but laugh out loud happily.

The other two people in the dormitory looked at her speechlessly. Mu Qingxuan could not help but poke Yan Fangfang's head while tutting, "Shameless!"

"Sure, if you think he looks handsome, I'll help introduce him to you."

Thus, the four girls happily walked to the school entrance. After Zhong Nuannuan made a phone call, a tall, handsome man with elegant features got out of a military jeep.

"Wow! He's so handsome!"

The three girls could not help but exclaim when they saw the approaching person.

Zhong Nuannuan saw that red hearts were about to burst out of Yan Fangfang and Gu Xiaoli's eyes, and she was just about to ask whether they needed her help, when she saw someone rush out from the side and rain a flurry of blows on the soldier. Zhong Nuannuan was stunned by the two people who were instantly wrestling together in front of her. When it was clear that the person who rushed out was actually Leng Qirui, Yan Fangfang could not help but complain, "Nuannuan, could it be that Young Master Leng mistook this army brother for your boyfriend?"

Zhong Nuannuan felt that this was likely, and her facial expression instantly turned ugly. She rushed to the two men, and without a word, yanked Leng Qirui's collar and waistband. She exerted a bit of strength and——

“Bang!”

Leng Qirui was thrown aside, his body forming a parabola in the air before landing on the ground heavily.

“Leng Qirui, what are you doing you madman?”

Leng Qirui was so angry that his eyes were bloodshot, and his fists were tightly clenched. Slowly stressing each syllable, he asked, “This is your fiancé? This is the person whom you like?”

“That is none of your business! Have you gone mad?” Zhong Nuannuan was also boiling with anger at that moment.

Only

Fortunately, Chi Yang did not come to pick her up, otherwise, Chi Yang would have been hit by this rascal. Although he certainly could not beat him, the main point was that she was not Leng Qirui's girlfriend, so what right did he have to beat someone up?

Was this just because she did not accept his confession? He knew that her fiancé was going to pick her up, so he decided to stick around and beat him to death at first glance?

Leng Qirui was totally pissed off. Of all people, Zhong Nuannuan actually found Ye Hai to be her boyfriend! Did she know that he almost died yesterday because of this double-dealing, evil-hearted man?

“Zhong Nuannuan, are your eyes covered with feces? How can you fancy such a rotten person? This is such a waste of your big, watery eyes. Are you freaking blind?”

Holy sh*t!

He dared to call her blind!

“Even if my eyes are covered with feces, they're still better than your dung beetle-filled brain! Leng Qirui, who do you think you are? With your bad temper, if you didn't have your family backing you up, you'd have been beaten to death the second you step foot outside! I'm warning you, stay away from me in the future, if you interfere in my affairs again, I'll beat you up each time I see you! Idiot!”

Chapter 188: Broken-Hearted Young Master Leng

The type of people that Zhong Nuannuan hated the most were those like Leng Qirui, who had no skills, but acted headstrong all day.

Zhong Nuannuan felt very sorry when she looked the army brother, who had never returned a single blow since the start. She repeatedly apologized to the other party, but rather than getting angry, he escorted her into the car with a warm smile.

Ye Hai glanced at Leng Qirui, who was giving him a deadly stare, then sighed and turned to enter the car.

“Zhong Nuannuan, get out of the car! Get down! Otherwise, you’ll regret it!”

Without waiting for Zhong Nuannuan’s response, Leng Qirui got up from the ground and rushed forward, attempting to stop the car. However, in the next moment, the car suddenly started moving and sped off, spraying exhaust gas right into Leng Qirui’s face.

Unable to catch up with Zhong Nuannuan, Leng Qirui had nowhere to vent his stomach full of anger, and he started to punch the wall beside him repeatedly. After a while, his fists became bloodied.

“Oh my, Young Master Leng is so pitiful!”

“I feel so sorry for Young Master Leng. Goddess Zhong is so cruel!”

“I’ve never thought that Young Master Leng would turn out to be the clingy type.”

“Why won’t the passionate Young Master Leng come to like me instead? If Young Master Leng pursued me, I’d definitely love him well!”

“Shut up!” Leng Qirui, who was already brimming with anger, instantly exploded when he heard the comments of the boy-crazy students.

The students immediately fell quiet after being roared at by Leng Qirui, and they quickly dispersed.

Mu Qingxuan and her two other companions glanced at each other. They originally planned to go up and tell Leng Qirui that this person was not Zhong Nuannuan’s boyfriend, but after being roared at by Leng Qirui, they no longer dared to step forward.

Leng Qirui’s bloody fists hung low, and he covered the wound on his abdomen that had burst apart. Like a wounded lone wolf, he gradually faded out of sight...

After getting into the car, the more Zhong Nuannuan thought about it, the more she got the feeling that something was wrong.

Although Leng Qirui was very disappointed after he found out that she had a boyfriend earlier, at least his attitude was still positive. Even if he had been dealt a blow, he did not exactly go crazy, frenzied or deranged!

Moreover, she remembered Chi Yang saying that the person who was coming to pick her up was sent by Uncle Leng. Leng Qirui was Uncle Leng’s son, and he kept making out the other party to be rotten cargo...

“Leng Qirui knows you, right?”

The person driving in front, who had never spoken up until now, flashed a gentle smile. “Yes. I’m Lil Rui’s elder brother.”

Zhong Nuannuan was furious when she heard this.

'If you're his elder brother, why didn't you say so earlier!'

However, she thought again...'That's not right, isn't Leng Qirui an only son?'

"Are you a cousin from his paternal side, or maternal side?"

Ye Hai was slightly unhappy. To the public, he was the biological son of the commander-in-chief, and Leng Qirui's biological brother. Much to his dismay, it turned out that Chi Yang was a gossip and had told Zhong Nuannuan that his father only had one son, Leng Qirui.

Only

"My father is Leng Jinpeng, so Lil Rui is counted as my younger brother. Back then, my biological father sacrificed his life to save my father, and out of gratitude, my father adopted me and transferred my household registry under the Leng Family's name. Although I was not born under my father, I'm Lil Rui's elder brother."

Zhong Nuannuan nodded. "I see." No wonder after Leng Qirui's death in her previous life, she had heard that he was Leng Jinpeng's only son.

"My name is Ye Hai."

"Hello, my name is Zhong Nuannuan."

"You can call me Big Brother Ye in the future, can I call you Nuannuan? Big Brother Chi often mentions you in front of my father and I."

"As you please."

With just a few exchanges, Ye Hai and Zhong Nuannuan became familiar with each other. Along the way, Zhong Nuannuan listened to Ye Hai randomly talk about himself and Leng Jinpeng.

Chapter 189: Male Double-Dealer

"Do you have a bad relationship with Leng Qirui?"

Ye Hai laughed bitterly. "It's not bad, it's just that Lil Rui has some misunderstandings toward me. It's okay though, 18-year-old boys will be rebellious. I'm the elder brother, so I'll just let him be."

This sentence sounded normal at first, and people might even think that an elder brother like this was very heart-warming.

However, for Zhong Nuannuan, who had to deal with an ill-hearted double-dealer all day, this sentence was very problematic.

After listening to Ye Hai's words, people who did not understand the Leng Family would think that he was a mature and steady elder brother, and that Leng Qirui was an unreasonable younger brother with

a rotten temper. They would assume that he was simply a child that could not be put in any important positions.

The people around Leng Jinpeng were either rich or noble, and they were extremely powerful. If everyone were to develop such a perception toward the brothers over time, if there any opportunities or good fortunes were to spring up in the future that needed them to choose either one of the two brothers... Haha, the horror!

Zhong Nuannuan smiled, declining to comment on Ye Hai's words.

When he saw that Zhong Nuannuan did not speak, Ye Hai continued, "Don't worry about Lil Rui rambling earlier. Although his personality is slightly short-tempered, he doesn't have any malicious intent."

"Rest assured, Big Brother Ye, I won't worry about it."

Ye Hai thought that Zhong Nuannuan would fiercely complain about Leng Qirui. After all, he had just witnessed this girl's brutality with his own eyes. However, when he tried to bring it up, the other party just brushed it aside with a single sentence.

"If Lil Rui bullies you in class, let Big Brother Ye know and I will seek justice for you."

"Thank you Big Brother Ye, but you don't have to. Leng Qirui is quite a nice person, and he won't bully me."

Ye Hai did not say anything, and simply flashed a gentle smile. "That's good."

On the surface, Ye Hai looked like an amiable person who was easy to get along with. He talked to Zhong Nuannuan throughout the trip, without any traces of awkward silence and embarrassment that were normally common during a first meeting.

While Zhong Nuannuan was dealing with Ye Hai, she sent a text message to Leng Qirui.

Zhong Nuannuan: [You have grievances toward Ye Hai?]

Leng Qirui's reply came very quickly.

Leng Qirui: [Did he tell you this? Yes, I have grievances against him! Furthermore, it's a vendetta, a blood feud!]

Zhong Nuannuan: [No, he said that you're his good brother, no matter what you do, he'll accommodate you (smiley face)]

Leng Qirui: [...]

Leng Qirui: [Zhong Nuannuan, although I like you, if you're really together with him, I can't guarantee that I won't involve the innocent!]

Only

Zhong Nuannuan: [You and what army? (Laughing face)]

Leng Qirui: [...]

Leng Qirui did not send any more messages for a long time. Just as Zhong Nuannuan decided not to tease him any longer, his text message came in again.

Leng Qirui: [Zhong Nuannuan, apart from me liking you, you're also my savior, and I don't want to watch you being destroyed by a scumbag. Ye Hai is not what you see on the surface, he is a two-faced, extremely filthy and malicious person. I don't know why he'd fancy a person like you without any family background, but this person never does anything without a purpose, since he's pursuing you and letting you be his girlfriend, he definitely has an underlying motive. I hope that you can remove the scales from your eyes, even if you can't bear to break up with him now, at least keep an eye on him. Don't be made a fool without realizing it.]

As she read the long speech, Zhong Nuannuan's lips curled up. [Who told you that he's my boyfriend? Idiot!]

Leng Qirui: [...]

Leng Qirui: [...D*mmmit!!! Didn't you say that your boyfriend was going to pick you up at the entrance?]

Chapter 190: Stepmother

Zhong Nuannuan: [My boyfriend is a busy man, he can't come today because of a meeting, so he sent someone else! My boyfriend is a righteous man with an indomitable spirit! Ye Hai and him are as different as night and day. Therefore, you can calm down, and also give up while you're at it. We will only ever be friends. I like men who are the mature and reliable type.]

After a moment of silence, Leng Qirui sent another message.

Leng Qirui: [Zhong Nuannuan!!!!!!!!!!!!!!!]

Seeing so many exclamation marks, Zhong Nuannuan was just about to ask whether he had gone insane when she saw him send another text message: [Don't tell me that your boyfriend's name is Leng Jinpeng!!!!!!!!!!!]

Zhong Nuannuan: [...]

Leng Qirui: [Oh... my god!!! Zhong Nuannuan, are you serious? Do you know who Leng Jinpeng is?]

Zhong Nuannuan: [Your father]

Leng Qirui: [You know that he's my father, and you still dare to go after him?! Zhong Nuannuan, my father is not in good health, don't fool around with him! The two of you are incompatible, quickly break up!!!! ...By the way, is it possible that you've actually known of my identity since a long time ago, and you only saved me yesterday after recognizing me? You just want me to acknowledge you, and let me agree to you being with my father, right? Zhong Nuannuan, I don't accept this! I tell you, even if you saved my life, I won't accept you as my stepmother!!!]

Leng Qirui almost went crazy as he stared at the chat log. He could not help but smash the items in his room to smithereens.

Sh*t! The girl he liked suddenly turned into his stepmother. He could not accept this! He firmly refused to accept this!

After smashing the items, Leng Qirui rushed out of the door and roared at his butler, who had his arm in a sling, "Prepare the car, I want to go to the military base!"

Zhong Nuannuan did not know the situation on Leng Qirui's end, and could not help but burst out in laughter. She felt that Classmate Leng was really fun to play with.

"Are you chatting with Big Brother Chi?" Ye Hai looked for a conversation topic immediately after seeing Zhong Nuannuan laugh. "Big Brother Chi usually keeps a serious face all day long, but I really can't tell that he can actually get along so well with girls. By the way, does Big Brother Chi talk a lot when he's with you?"

"I'm not talking to him, I'm talking to a good friend."

Only

Ye Hai rubbed his nose, smiled sheepishly, then stopped talking.

At the same time, Zhong Nuannuan also started to type out her message reassuringly: [Classmate Leng, you're thinking too much. My fiancé's name is Chi Yang, so rest assured, I won't be your stepmother. Still... when you first thought that I was Ye Hai's girlfriend, you told me not to be with him because he was a very bad person. Yet, when you changed your mind and accused me of being your future stepmother, you told me not to go after your father because your father is not in good health. Leng Qirui, you actually care about your father a lot, so why don't you show it? Emotions can cause illnesses, but it can also cure them. If you can talk properly to your father and not make him angry, I'm pretty sure that half his illness will go away.]

Ye Hai's interruption, and the fact that Zhong Nuannuan's reply was slightly delayed, meant that Leng Qirui had already left by the time she sent out the message.

As for his cell phone, he had thrown it out of anger, and it had landed by the foot of the sofa in the study.

After waiting for a long time, Zhong Nuannuan still did not receive any reply from Leng Qirui. Therefore, she guessed that this person was probably angry at her, and did not worry about it any longer.

After entering the military base, the car continued driving for ten minutes before finally arriving at the special forces team.

The special forces team was in an exclusive area in the military base and was isolated from the ordinary soldiers.
