

Physician Wife 1991

Chapter 1991: My Proof Will Come in a Week

These few people speaking up seriously provoked Mrs. Sze. She angrily said, "I don't care what you think. I've already made a decision on this matter. Anyway, I've already accepted Mr. Li's betrothal gift, and I definitely won't return the money. Even if you don't want to marry him, you'll have to! You don't have the final say in our family!"

"Actually, it's fine if you don't want to marry him," Sze Junyan suddenly said. He stood up and walked over to Nangong Nuannuan. He glanced at Chi Yang, who had kept his arm around Nuannuan's waist like a bracelet around a wrist ever since they first sat down in the room. "If you don't want to marry him, I'll get married instead. I like this Nuannuan. Since she's your friend, help me persuade her to marry me. If you do, you won't have to marry anyone after all," said Sze Junyan.

Mr. Li of Rongxing Company was displeased when he heard that. He puffed out his big belly and said, "Well, your mother accepted my betrothal gift and promised to compensate me fivefold if she went back on her word. So, will you be responsible for paying the one million yuan she owes me now?"

Sze Junyan's expression soured when he heard that. He immediately changed his tune and said, "Since you and Nuannuan such good friends, this is actually perfect. You marry Mr. Li, and Nuannuan marries me. In the future, when you come back to your family home, you'll have a friend to accompany you."

When Hu Han heard that, she stood up and said to Sze Lingyun, "Sister Yunyun, Mr. Li is my father's boss. Introduce this Big Brother Chi to me and make sure I become his girlfriend, and in the future, we'll be even closer than before."

Chi Yang, "..."

Nangong Nuannuan, "..."

Wu Pingting could not take it anymore. She was completely furious. She pointed at each and every one of the hypocrites in the room and scolded, "Shut up! All of you, shut your filthy mouths! You're Mr. Li of Rongxing Company, right?"

Mr. Li looked at Wu Pingting. Actually, this girl was pretty good-looking. If Sze Lingyun was really unwilling to marry him, he would not mind having Wu Pingting instead. Therefore, even though he knew that she was angry, he was still in a good mood.

"Yes, I am. Pingting, do you have something to say to me? If you're willing to take Sze Lingyun's place and marry me, I could forget about that one million yuan penalty."

Wu Pingting laughed in anger and sneered. "You want me to marry you? I'm afraid you wouldn't dare to. I'm the daughter of the richest family in Sea District, the Wu family. Are you sure you're qualified to marry me?"

"What?"

Wu Pingting's words shocked everyone in the room. They all stood up from their chairs.

“What? Are you people deaf? Nuannuan and Big Brother Chi are rich beyond belief too. Talking about five houses... Even if you offered 50,000 houses, Nuannuan wouldn’t give you a second look.”

Then, she looked at Mr. Li of Rongxing Company and said, “Li, I remember the name of your company. Aren’t you brilliant? So, you can make more than 10 million a year? I bet you think you’re so great. Let’s see how you feel in a week’s time.”

Please reading on Myb o x no ve l. com

With his big belly still jutting out, Mr. Li, who had been in a good mood for the last few hours, now grew displeased.

“Little girl, I, Li Qiongan, cannot be frightened by others! You say that you’re the eldest daughter of the Wu family, the richest family in Sea District, but what proof do you have of that?”

Wu Pingting sneered. “I don’t need proof. My proof will come in a week’s time, after I deal with you. You’re nothing more than a mere ant relying on others. I can make your lousy company go bankrupt tomorrow!”

“This...” Li Qiongan looked at Mrs. Sze and trailed off.

Chapter 1992: V-Neck Collar

“What’s going on? Is what she’s saying true?”

Sze Lingyun’s mother was also shocked and uncertain. She rushed over and gave Sze Lingyun a slap across the face.

She was not expecting her mother to suddenly hit her, so the slap landed squarely on her face.

“You’re a curse upon his family! Are you trying to anger me to death? To get out of marrying Mr. Li, you actually went to the richest family in Sea District! You brat! You ingrate! I really raised you for no reward! Sze Lingyun, I’m warning you. I don’t care who your friend is. If you dare to do anything bad to Mr. Li, I... I will die in front of you! And I’ll go to your school to die there! I want to show everyone in your school how an unfilial daughter like you drove her own mother to death!”

“Enough!”

When he saw his wife stand up, Chi Yang also stood up and let out a stern growl.

In an instant, the room that had been extremely noisy just a moment ago instantly went so silent that one would be able to hear a pin drop.

Once Chi Yang activated his aura, the pressure made everyone in the room cover their ears to ease the pain.

Sze Junyan, who was feeling Chi Yang’s powerful aura for the second time today, was so frightened by this man that his legs suddenly went weak. He fell to the ground.

He looked at Chi Yang in a daze, not understanding how this man in front of him could make his legs go soft with just a simple word.

Seeing Chi Yang getting closer and closer to Sze Junyan, Mrs. Sze was so scared that her voice cracked. However, her legs seemed to be nailed to the ground, unable to move.

“What are you doing?” Mrs. Sze looked at Chi Yang, who was standing in front of Sze Junyan now. She was so scared that her eyes were about to burst out of their sockets.

Chi Yang looked down at Sze Junyan and said, “Sze Lingyun told me about you. I’m Li Jingyan’s commanding officer, so you should know that I’m also a soldier myself.”

Chi Yang pointed at Nangong Nuannuan and said, “She’s my fiancée, so please keep your mouth clean. Let me hear one more filthy word from you, and from tonight onward, you’ll be sleeping in the detention center.”

Even though Sze Junyan was afraid, he still asked, “What... What crime are you going to accuse me of?”

Please reading on Myb o x no ve l. com

“I’m accusing you of offending a military marriage, which is against the law. I’ll hire the best lawyer I can find and make you go to jail for a long time.”

Sze Junyan, “...!!!”

“Do you want to go to jail?” asked Chi Yang.

Sze Junyan was really frightened now. He quickly shook his head like a rattle-drum.

“If you don’t, then shut your mouth.”

After being intimidated by Chi Yang’s imposing behavior, Sze Junyan tightly shut his mouth. And behind his lips, he tightly clenched his teeth too.

Chi Yang looked at Hu Han again. As Chi Yang’s aura strengthened with every step he took toward her, Hu Han grew so frightened she instinctively began to retreat. Hu Han’s father, who was Sze Lingyun’s uncle, Hu Jie, struggled to block Chi Yang’s approach. Chi Yang’s aura pressed on him until his knees buckled and he fell to the ground.

“You like me?”

Chi Yang’s interrogation made Hu Han so scared she almost cried. It was so strange to her that the man who had looked so good just now, the man she had wanted so much, could suddenly become so terrifying.

Even though she still thought that the man in front of her was handsome, very handsome—maybe even the most handsome man she had ever seen—in the face of Chi Yang’s pressure, she was so scared she did not dare to say anything. She could only widen her eyes. Her entire body cowered like a small yellow flower in the wind.

In her attempt to seduce Chi Yang, she had pulled her V-neck collar low. She had not had the chance to pull it back up yet, so half of her bra was still exposed.

Chapter 1993: Mercilessly Destroyed This Little Flower

??

Seeing that Hu Han was not about to reply, Chi Yang mercilessly destroyed this little flower. “But I don’t like you back! Even though I’ve got nothing against ugly women, I’m disgusted by short and ugly women who use their breasts to try to seduce men. To me, a woman like you is no different from a public toilet. So don’t say such disgusting words anymore. If you dare say another word, you and your cousin can both go to prison and make a new life together!”

“You... What right do you have to threaten us? W-we’re good citizens. I-I’m Sze Lingyun’s mother, you...”

“Shut up!” Chi Yang looked at Mrs. Sze. His one look scared her so much that her mouth instantly froze.

“I’ll deal with you later.”

Once Chi Yang revealed this side of himself, the previously noisy family went completely silent. No one dared to say a word.

Just as silence descended upon the household, sirens suddenly began to blare from outside. It was the sound of police cars driving into this remote village on the outskirts of the city.

The sirens got closer and closer... until they stopped outside the Sze family home.

Mrs. Sze and Mr. Sze looked at each other. They saw bewilderment and confusion in each other’s eyes.

The Sze family lived somewhere very remote. Not only did their visitors have to enter their area from a very remote village road at a junction between the city and the suburbs, but they would also have to drive for several minutes before they could reach the Sze family home. Behind their house was farmland, which was impossible to get through. They lived at a dead end of sorts.

Police cars...

Why were they stopping at the house?

As Mrs. Sze and Mr. Sze exchanged glances, a large group of police officers rushed in.

Seeing Chi Yang, the leader was about to begin questioning him, but Chi Yang handed him his officer’s badge.

This officer’s badge only revealed that he was a high-ranking officer at the Eagle Special Forces. It was vague about Chi Yang’s identity and rank. However, it was still enough to make all the policemen respect him.

“Hello, sir!”

Please reading on Myb o x no ve l. com

The leader of the policemen saluted Chi Yang with a standard military salute.

Seeing their leader saluting Chi Yang and calling him ‘sir’, the policemen behind him followed and saluted Chi Yang one after another.

When the people in the room saw this group of policemen treating Chi Yang so respectfully, they were instantly scared out of their wits.

“Sir, may I ask which one of these people is the murder suspect?”

Chi Yang looked at the boss of Rongxing Company, Li Qiongan, and said, “Him.”

With that single word, the policemen swarmed over and pressed Li Qiongan, who desperately resisted, to the ground.

“Don’t move!”

“If you resist, you’ll be tried for assaulting a police officer. That’ll add a few more years to your jail time!”

The police were very brutal. A few people pressed down on Li Qiongan’s body, making him cry out loudly.

“What right do you have to arrest me? I didn’t break the law! It was my subordinate who introduced me to her friend. Her family members too! I didn’t rape her! I didn’t force her to do anything! Her parents agreed, and she’s an adult too. I didn’t do anything! I even gave her parents a 200,000 yuan betrothal gift. If you want to arrest someone, go arrest her parents. What right do you have to arrest me?!”

“Shut up! We have our reasons for arresting you! Save your explanation for the police station.”

“What reason could there be? This is just bullying! My betrothal gifts have been accounted for by my company’s finance department. Even if you want to arrest me, you should follow the law. Or else my family will definitely file a lawsuit against you!”

Chapter 1994: Ended Up Offending the Wu Family

??

After saying that, Li Qiongan looked at the stunned Sze parents. They were so frightened that they did not even dare to breathe too loudly in front of the police officers. They said angrily, “They were the ones who wanted to marry their daughter off to me so badly. They took the initiative to arrange the marriage! I didn’t snatch her away. Why should I be arrested? Why should I be arrested?!”

Li Qiongan was already arrested by the police at this point. Chi Yang looked at him and said expressionlessly, “I’m arresting you not because you’re trying to marry Sze Lingyun, but because you have a connection to a murder case that took place yesterday. Yesterday, Sze Lingyun was attacked by two truck drivers on her way home. The truck drivers were cooperating with the driver of the taxi that Sze Lingyun was in. All three of them were working together and planning to kill Sze Lingyun on the highway. Upon investigation, we learned that the two truck drivers were gamblers who had been working for their transportation company to pay off their huge debts. Your son paid off their debts not long ago. And the taxi driver, whose daughter had uremia, did not have the money to treat her. Your son also paid for her medical expenses. So, I have good reason to suspect that you’re related to this attempted murder. Whether you want to marry Sze Lingyun or kill her, go to the police station and tell them. I’m only responsible for proving that you’re related to this murder.”

Li Qiongan stared at Chi Yang with his eyes wide open. It was as if he was listening to a fairytale. His face was full of disbelief.

Wu Pingting sneered and said, "Tsk tsk, I was saying that I would bankrupt your Rongxing Company tomorrow, but it looks like there's no need for that now. You and your son are both connected to a murder case. Who knows if you'll be able to worm your way out of this one? This is karma! Sze Lingyun is a 20-year-old girl who's so beautiful and such a talented student. Why should she marry a greasy old man like you? Even if she wanted to marry an uncle, he would definitely be a tall, handsome, and well-built elite of an uncle! Someone like you isn't even fit to kiss her feet!

"Also, I followed Sister Sze here for a few days to stand up for her! Szesze is the eldest daughter of our Wu family now that my grandfather's taken her in as his goddaughter. Do you think a greasy-faced man in his 40s or 50s with an annual income of ten million is qualified to marry the eldest daughter of the Wu family? Looking at your arrogant face just now, I couldn't get a word in edgewise. If you really dare to try to marry my Sister Sze, the Wu family will make sure that your time in Sea District comes to an end!"

Li Qiongan had been arguing with Chi Yang just a moment ago. However, after hearing Wu Pingting's words, his entire body lost all its previous vigor and vitality.

He would never have thought that an unfavored daughter from a village on the city outskirts was the godgranddaughter of the Wu family of Sea District. He had only wanted to find a young and beautiful successor. How had he ended up offending the Wu family?

"Let's go!"

Li Qiongan was pushed by the police behind him. He staggered forward and fell to the ground.

When the police heard that this man had made an enemy of the Wu family, they gave him even less face. They reached out, grabbed Li Qiongan's handcuffed hands from behind his back, and rudely pulled him up.

Li Qiongan let out a painful roar. He had a diet full of oily food, rarely exercised, and already had serious shoulder and neck problems. This move dislocated his left arm.

Seeing Li Qiongan's clearly dislocated arm falling off his shoulder while his hands were still handcuffed, Mrs. Sze could not help but scream out in fear.

Chapter 1995: We Are the Victims Here

Li Qiongan was in so much pain that it pushed all the fear out of him. He struggled with all his might and said, "I-I didn't do anything to Sze Lingyun! I want to marry her! I've already given her family her betrothal gift. Why would I try to kill her? It wasn't me! It wasn't me!"

"It seems like you weren't the one who wanted to kill Sze Lingyun, but your son. But the money he used was taken from your Rongxing Company's books, so even if this matter has nothing to do with you, your subordinate, Hu Jie, just said that you're Rongxing's boss. You have the final say in whatever goes on at your company. So you might be involved in this attempted murder case. And even if you have nothing to do with it, you're still responsible for the inadequate supervision that led to this. That can't be ignored. So, dear Mr. Li, you'd better make a trip down to the police station! Or... can a yearly deposit of 10 million get you a good lawyer?"

Nangong Nuannuan did not speak too slowly or quickly. She was full of smiles, but her words were extremely harsh and akin to a slap across the face.

“No! This has nothing to do with me! I don’t want to marry Sze Lingyun! I don’t want the money either! Let me go! Let me go! I have a serious heart condition. I’ll die if I go to the police station! I want to apply for medical exemption!”

Wu Pingting was speechless, “You haven’t even been arrested yet and you already want to apply for medical exemption? Why are you so reckless? If you’re in such poor health, why didn’t you go to the hospital earlier? Instead, you traveled to the outskirts of the city to chase a pretty girl. Are you planning to make her a widow?”

Amidst his cries of surprise, his pleas for mercy, and Wu Pingting’s taunting, Li Qiongan was dragged to the car by a few policemen.

However, even after he was taken away, the leading police officer did not leave.

“Sir, is there anything else we can do for you?”

Chi Yang glanced at Mrs. Sze, Mr. Sze, and the room full of selfish and brainless people in front of him. Everyone in the room could not help but shiver.

Mrs. Sze was bold. She raised her neck and said, “Sze Lingyun is my daughter. How could I hire a murderer to kill her? You can look into how much money our family has! Anyway, there’s no way I could ever kill my daughter. Even if I hated her, our family doesn’t have the money! Even if you’re the police, you can’t arrest someone for no reason, right?”

“Yeah! We’re the victims here. My sister only wanted to find a husband for her daughter. We introduced Mr. Li to Yunyun because we wanted her to have a better and brighter future. How is it illegal to introduce her to a man?” Sze Lingyun’s aunt spoke with fear and trepidation.

Nangong Nuannuan looked at the room full of people and smiled slightly. She then looked at Sze Lingyun and asked, “Senior Sister, did you get the things? If you didn’t, you can go and get them now.”

Sze Lingyun nodded. “I’ve got them.”

.....

“All of them?”

Sze Lingyun nodded. “Yes, including my aunt and my two cousins.”

“That’s good.”

As soon as Nangong Nuannuan finished speaking, Chi Yang looked at the leading policeman and said, “Take all these people away.”

“Yes, sir!” The policeman saluted him without another word. Then, he ordered the policemen beside him, “You guys, take them out.”

“Yes!”

The Sze family and the Hu family were all left stunned.

Sze Junyan, who usually abused his power to bully people, was so scared that his legs turned to jelly when he heard that the police were going to take them all away. He sat down on the ground and did not even dare to breathe.

Chapter 1996: For Your Own Good

All Sze Junyan could do was look at Chi Yang, who was giving orders to the policemen now, with a terrified expression. He did not dare to shift his gaze even a little bit. He was afraid that if his gaze accidentally landed on Nangong Nuannuan, it would attract Chi Yang's displeasure and bring him even greater disaster.

He finally saw that Chi Yang had a strong background. Otherwise, this policeman would not have saluted him immediately after seeing Chi Yang's officer's badge and even listened to his every word.

Sze Junyan, who had been so stuck-up because his family had been going to get at least five houses, was now like a bug trapped in a gutter, not daring to say a word. He had gone to school, so he knew that as long as he had not committed a crime, he would not be in any trouble. He had not conspired with Mr. Li to send someone to kill his sister, so even if he had to go to the police station, he would cooperate with the investigation and avoid jail time.

Therefore, when the police came to take him away, Sze Junyan, who Nangong Nuannuan thought would fight back the hardest, was actually the most obedient and calmest.

On the other hand, Sze Lingyun's mother was the kind of scoundrel who often threw caution to the wind. Even when facing the police, she still had the courage to resist.

"What right do you have to arrest us? We're good citizens!"

"Yes, we are! Aren't you going a little too far?" Mr. Sze was also frightened by the police. He did his best to retaliate.

"I want to go home! Mom, Dad, I want to go home! I don't want to go to jail!" Hu Han and Hu Yin, the two sisters, cried and hugged each other tightly. They did not want the police to take them away.

When their mother saw this, she looked pleadingly at Sze Lingyun and asked, "Yunyun, look... Aren't we doing this for your own good? Your Mom said that your house was going to be demolished. If you can marry someone before she signs the demolition agreement, you'll have one more person on your household registry to share the compensation with. One more person means one more house, so your marriage definitely has to happen! After we knew that you had to marry, we wanted to introduce you to Mr. Li. Yunyun, we really think that he's a very successful man. He'll give you a good future. That's why we decided to introduce him to your mother. Your mother was extremely satisfied with him. We didn't know that he wanted to harm you! You have to believe us!"

"I believe you!"

Sze Lingyun's words made a surprised smile bloom on each of her family members' faces.

Mrs. Sze was about to ask Sze Lingyun to tell Chi Yang to revoke his orders to the policemen before Sze Lingyun said, "You were definitely not involved in the attempted murder case. After all, you want me to

get married. If I do marry, my brother gets another house, and I get to marry that greasy man in his 40s. No matter how he treats me, as our introducer, you'll be able to squeeze a lot of money out of him. I'm not a person to you at all, just a tool to use whenever convenient."

"You wretched girl! Can't you see that we're doing this for your own good?! We..."

.....

"Bah!"

The police officer did not care how old Mrs. Sze was. After all, this woman was not his mother, and he knew that she was a bad person. He said, "You scum! Trying to sell your own daughter off! Trying to marry your beautiful daughter off to a 40-year-old man so you can get another house. And you still have the face to scold her? What's the difference between this and human trafficking? Trust me, I'll make sure you go to jail for a long, long time."

Chapter 1997: What Test?

After the policeman said that, Mrs. Sze did not dare to speak anymore. She only glared at Sze Lingyun, hinting at her to quickly put in a good word to get the family out of this mess.

Sze Lingyun's father also begged her. "Yunyun, we're your father, mother, and biological brother! Even if you're not willing to marry that Mr. Li, now that he's been arrested, you won't have to anymore. Now, do you have the heart to watch your family get arrested?"

"Cousin, cousin, save me!"

"Cousin, I don't want to go to jail!"

The leading policeman looked at Chi Yang and said, "Don't worry, sir. When we get to the police station, we'll definitely investigate them thoroughly and see if they have anything to do with this case. We'll definitely serve this young lady her rightful justice."

"I asked you to arrest them not because they have anything to do with this case but because this girl's fiance is an officer of the Eagle Special Forces. She's a military wife. Her parents, brother, and relatives tried to break up this military marriage in order to get an extra house and some money. You know that military marriages are protected by the law. As her fiance's commanding officer, I have the right to ask you to help me detain these people and educate them."

"Yes." When the police officer looked around the room full of people, the look of disdain on his face deepened.

When the Sze and Hu family heard that they were only going to the police station to be 'educated', they all heaved a sigh of relief.

Mrs. Sze looked at Sze Lingyun with even more hatred now. She said angrily, "Are you satisfied now? Are you happy that you've been able to torment your family and send us to the police station? You ingrate! We really raised you for nothing! But you heard him! We're just going to get a lecture at the police station. When I get out, Sze Lingyun, just you wait. If you don't let your brother get that house, I'll ruin your reputation at school."

The police officer frowned and suggested angrily, "Sir, should I really only educate these people?"

Chi Yang glanced at Mrs. Sze, making her shrink her neck back. He then said, "Just try to teach them how things are done first. Don't be in a hurry to let them go."

"Why shouldn't they let us go? We're just going to get a lecture from them. We didn't break the law. Why are you asking the police to detain us and not let us go?"

Mrs. Shi's mouth was very sharp. The moment Chi Yang stepped back, she would pounce forward again.

.....

Nangong Nuannuan stood beside Chi Yang and held his hand. Her entire body leaned against his side as she said in a furious tone, "I won't let you go so easily because people like you need to go to the police station more often and learn more about the law. But... I think you need more than just a verbal lesson.

"I've gotten Senior Sister to collect hair samples from all of you. After we leave, we'll accompany her to do a DNA test. You know what a DNA test is, right?"

"W-what test? I've never heard of such a thing. What does this test have to do with us?"

Sze Lingyun noticed that when Nangong Nuannuan mentioned 'DNA', a strange look crossed her mother's eyes. She had done her best to remain calm amid the violent shock, but it had not been good enough.

Even though she was saying she did not know what was going on and she did not understand, the fear and shock in her eyes betrayed her completely.

Nangong Nuannuan's mouth had always been poisonous.

Chapter 1998: Cat Playing With a Mouse

Looking at Mrs. Sze's terrified expression... Nuannuan looked like a cat playing with a mouse. "You're really bad at lying! You say that you don't understand at all and that this has nothing to do with you, but the fear in your eyes and face say it all."

Looking at Mrs. Sze doing her best to prevent her face from distorting, Nangong Nuannuan's smile grew even more beautiful, "It's not just you. Your sister and your brother-in-law look like they've been caught red-handed too. Zhou Menglu, why don't you tell me if my Senior Sister is really your child? If you tell me the truth and tell me who Senior Sister's real parents are, I might be able to reduce your prison sentence by a few years."

Nangong Nuannuan's words scared Mrs. Sze so much that she could barely stop herself from shouting out the answer. She wanted to, but she knew she could not. Even if the woman in front of her could give her a few years off of prison, her family would definitely not let her off the hook.

She could not say it, she definitely could not say it! If she did, she would be finished.

Her son would also be finished!

Their family home was about to be demolished, and they were supposed to split the houses they were getting as compensation. Even if she could not get five houses, she was going to get at least four.

Moreover, her son would have a good reputation in the future, and her great future was still ahead of her. She could not let anything happen to her son!

"I don't know what you're talking about." Zhou Menglu took a deep breath and suddenly met Nangong Nuan's gaze, "Yunyun is my biological daughter. She's the daughter I gave birth to and kept in my womb for ten whole months. What right do you have to try to sow discord between my daughter and me?"

After saying that... Zhou Menglu looked at Sze Lingyun and said, "Yunyun, quickly tell the police to let Mom and Dad go! We can't go to jail. Your brother can't go to jail! If he goes to jail, he'll have a criminal record for the rest of his life. No good woman will ever want him. Yunyun, Mom knows she was wrong. Mom won't force you to marry anyone you don't want to. You can marry whoever you want. Even if you don't marry, at the very worst, our family won't lose any houses."

If this had happened in the past, looking into Zhou Menglu's pleading eyes, Sze Lingyun would definitely have agreed. However...

"Mom, I got into the Military Medical Hospital of my own merit, and I'm one of the top students there. Do you think I'm stupid?"

"You... What do you mean?" Zhou Menglu's breathing, which had just calmed down, grew urgent again.

"What I mean is that I'm a smart person. I can tell from your, Dad's, Aunt's, and Uncle's expressions that I am probably not your child. With that in mind, how could I not think for myself? After all, I'm a grown woman. I want to know who I am, who my parents are and why they left me, and why you people raised me but didn't love or even like me.

"If the DNA results come back, and you two really are my parents, I'll pay back the money you spent trying to marry me off to a greasy middle-aged man in his 40s. It will be more than however much your stupid dream house costs. From then on, I'll have nothing to do with you two or this family anymore.

"Of course, if the DNA test comes back and you two aren't my biological parents, we'll figure out what to do then."

Chapter 1999: Ten White Objects

"If I was adopted, I would still give you some face as gratitude for raising me all these years. But if you adopted me for a shameful purpose, that's another story. Now, because you want to break up me and Jingyan, and are interfering with the military marriage, you have to follow the police to the station."

"You little..."

"Okay, we can talk at the police station. Let's go!"

The police officer gave his orders, and everyone in the room was pushed outside.

“Yunyun, how could you do this? We’re your parents! How can you treat us like this?” Mr. Sze cried and begged.

“Yunyun, they’re your parents. How can you send your own parents to the police station? You’re going to be struck by lightning!” Aunt Zhou Mengjing angrily roared.

Hu Han and Hu Yin, who did not understand the situation, thought that they were just going to be lectured at the station. They were not going to jail! Still, they cursed. “Sze Lingyun, it’s just marriage. Even if you’re unhappy, is that an excuse to send your whole family to the police station?”

“Sze Lingyun, you’ll die a horrible death! I hope you and your boyfriend break up! I hope your boyfriend dies on his next mission!”

Sze Lingyun, who had been relatively calm up until now, was suddenly filled with rage when she heard Hu Yin curse Li Jingyan out. She rushed in front of her in two or three steps and started to slap her face.

Slap, slap, slap, slap! The few slaps made Zhou Mengjing and Hu Jie scream.

“Sze Lingyun, I curse you to die a horrible death. What right do you have to hit my daughter? She’s your sister, How could you be so vicious?”

“Vicious?” Sze Lingyun shouted angrily, “Jingyan is a soldier, and he’s a soldier for the Eagle Special Forces! Every time he leaves on a mission, I can never sleep properly. I’ll worry about him all night, afraid that he’ll be injured or even sacrificed. Every mission he goes on is a huge deal. Ordinary soldiers and policemen can’t do what he does. He’s bound to give his life to this country if the country needs it. Even if he hasn’t directly protected you, he’s protected many citizens of this country. What right does she have to speak ill of Jingyan? What right does she have to curse Jingyan to die? She...”

Before Sze Lingyun could finish her words, Nangong Nuannuan pushed her away and gave Hu Yin a slap across the face.

Sze Lingyun’s slap had been an ordinary slap, and Hu Yin had only been stunned by the impact. Both her cheeks were red and had finger marks on them.

However, when Nangong Nuannuan’s slap made contact, Hu Yin let out a muffled sound.

In front of everyone’s stunned gazes, Hu Yin cried out and spat out a large mouthful of blood.

Following that, over ten white things fell from her mouth to the ground.

Hu Yin licked her teeth with her tongue in suspicion, then let out a miserable cry that sounded like a pig being slaughtered.

“My teeth... My teeth...”

Hearing her words, the Sze and Hu families figured out what the white shapes on the ground were. After seeing them clearly, everyone was in a bad mood. They never thought that this military officer’s fiancée could actually be so barbaric! She was actually so powerful!

Sze Junyan was completely dumbfounded by what he saw.

Previously, he wanted to marry Nangong Nuannuan. He thought that most women would fall in love with him on account of the fact that he was about to get five houses with one bedroom and one living room each.

Chapter 2000: Five More Teeth

Who would have thought that the woman who looked like a gentle rabbit could actually knock out more than ten of Sze Junyan’s cousin’s teeth with a single slap? Almost all of the teeth in the left half of her mouth had been knocked out.

Just one slap.

If he married such a woman, he would probably die!

“You... You... How could you be so vicious? She’s only 19 years old! She doesn’t even have a boyfriend yet. How could you knock out all her teeth?”

“Knock out all her teeth? Those are your words!”

As soon as she finished speaking, Nangong Nuannuan gave Hu Yin a slap on the right side of her face. With a retch, Hu Yin spat out another mouthful of blood.

This time, there was less blood than the previous time, but more than ten teeth fell to the floor.

“Ah! Five more teeth... Five more teeth... Sob sob sob...”

The policemen by the side were horrified.

After all, knocking out 28 teeth with two slaps required a lot of skill. They could not do such a thing themselves.

Nangong Nuannuan looked at Hu Yin’s mother, Zhou Mengjing, and smiled. “This is what it truly means to knock out all her teeth.”

Zhou Mengjing looked at the floor full of teeth and felt her head fill with blood. She could not help but feel dizzy.

Nangong Nuannuan looked at Hu Yin and gently lifted her frightened face with her fingers, forcing the other party to look at her.

Hu Yin was so scared that her whole body was trembling. She looked at Nangong Nuannuan with fear in her eyes.

“What did you say just now? Say it again.”

Tears fell from Hu Yin’s eyes. Her eyelashes and eyeliner were smudged black. She kept on shaking her head. “I didn’t say... I didn’t say...”

Nangong Nuannuan scratched her face with her nails and said softly, “Remember, you can eat whatever you want in the future, but you can’t say whatever you want. Look at the ground. This is what you get for speaking nonsense. Don’t ever let me hear such words again. The next time I hear you say something like that... Do you believe that I can make you look even worse than you do now?”

A stinky smell spread throughout the room. Something was drizzling on the floor.

Hu Yin had never encountered anything so terrifying before. In the face of Nangong Nuannuan’s threat, she had peed herself.

Nangong Nuannuan glanced at her in disgust before looking at Hu Han. She put on a smile as bright as the sun, but when it shone onto Hu Han, it was as cold as a poisonous snake. She asked, “What about you? Do you have anything to say to Sze Lingyun or her fiancée?”

Hu Han listened to Hu Yin’s broken cries and shook her head vigorously. “No, I don’t!”

“Officer, aren’t you going to stop her from hurting people? You’re all law enforcement officers! Shouldn’t she be arrested for intentional assault?”

After Hu Yin said those vicious words cursing an officer of the Eagle Special Forces, the leading officer was disgusted with her and her family.

Now that he heard Zhou Mengjing calling him, he sneered and asked his brothers who were standing at the door, “Intentional assault? There was an assault today? Brothers, did you see anything?”

“No!”

Their unanimous answer was almost deafening. Zhou Mengjing and Hu Jie’s expressions instantly became extremely ugly.

“Instead of thinking about how to get me arrested, why don’t you think about how you’re going to make sure you learn what you need to at the police station? Also, think about what you’ll do after the DNA test results are out, since you’ll need to explain things to Sze Lingyun. You shouldn’t still be arguing with us at a time like this. There’s no one in the world who can argue better than me. I’ve made all the people who have tried go mute!”
