

Physician Wife 2061

Chapter 2061: Concerned Eyes

Sze Lingyun was not a girl who cried easily. She had learned from a young age that tears meant nothing.

It was said that children cried often and at everything, so people only comforted them when they were in the mood to. Otherwise, they would be left to cry themselves hoarse, or even mute. No one would pay them any mind.

However, the people of the Wu family and her father... especially her father... had so quickly broken down the walls she had been building around her heart her whole life.

"Dad, you haven't slept for many days. Nothing much is going on here right now. You've already arranged for someone to keep an eye on Old Madam Zhou. You should go back and sleep."

Wu Jingzhong had been really sleepy in the Ministry of Justice's interrogation room. However, after emerging and seeing his daughter, he felt like he could not fall asleep ever again.

He really wanted to use today to settle all the grievances his daughter had suffered over the years and send all the bad guys who had ever bullied her to prison one by one.

Wu Jingzhong's hand had remained on Sze Lingyun's shoulder this whole time. He said with a smile, "Daddy isn't sleepy. Daddy can't be sleepy at all after seeing you."

"Even if you're not sleepy, you still have to rest!"

Looking at his daughter's angry and concerned little eyes, Wu Jingzhong felt like his adopted son and his biological daughter were indeed different.

He had never raised his daughter, not even for a day yet, but she could be so heartbroken over him and care for him so much. Meanwhile, he had given his adopted son so much, and all that guy did was fight for 'revenge' and set enemies against the Wu family.

"Dad, get the boss of Rongxing Company over here. I want to ask him why he sent people to kill you while trying to get an ugly old cow like himself to eat young grass like my fine daughter here."

Sze Lingyun, "..."

A lot of things had happened in the past few days. Her world had changed drastically. She forgot that she had almost been killed.

Soon, under Wu Jingzhong's orders, Li Qiongan was brought over.

He still looked very arrogant. He was brought in arguing with the prison guards.

After entering the interrogation room and seeing Sze Lingyun, Li Qiongan was so angry that his neck turned red. He wanted to curse out loud. However, after seeing Chi Yang, Nangong Nuannuan, and Wu Pingting, Li Qiongan, whose mouth was wide open, swallowed the words he wanted to yell.

He did not forget why he was arrested.

Chi Yang was an officer, and Nangong Nuannuan, who was beside him, was someone who could slap half of a person's teeth out of their mouth. The scariest person there was Wu Pingting. She said that she was the daughter of the richest family in Sea District, and she...

As he wondered if Wu Pingting had lied to him, he noticed a man sitting next to Sze Lingyun.

After all, he worked in engineering, so he often dealt with the Construction Department and the Transport Department. He paid a fair amount of attention to any news from the administrative department.

When he saw the man's face clearly, Li Qiongan's eyes bulged.

He often saw this man on the administrative department's channel and on the television news.

This man was the eldest son of the Wu family and the governor of Sea District.

Was Wu Pingting really the daughter of the richest family in Sea District?

Li Qiongan swallowed the dirty words he wanted to say. He instead said to Sze Lingyun...

Chapter 2062: You Set Me Up

"Miss Sze, tell them to let me go! I really didn't hire a murderer to kill you. I just saw you from afar, liked you, and wanted to marry you. Isn't it obvious that I didn't know you already had a fiancé? If you want to blame someone, blame your mother. She was the one who told me that you didn't have a boyfriend and also promised to let me marry you! Think about it this way. I might have my own company and be a boss, but my money didn't grow on trees, did it? If I really wanted to kill you, why would I give your family hundreds of thousands in betrothal gifts in advance? It's not like I have that much money to burn."

Seeing that all people across him remain silent, Li Qiongan continued to explain. "You really wronged me today when you said that I was breaking up the military marriage. I think marriage is a matter of mutual consent. If I knew you had a fiancé, I would never have tried anything, especially as your fiancé is an officer. Don't they say that ignorance means innocence? I really didn't know that you had a fiancé who was an officer!

"As for my company's financial accounts, they suddenly decreased. I asked my son about this, and he only said that he was short of money. You also know that children are difficult to manage these days. You and your mother are both stubborn, right? My son is the same. He's a money-hungry prodigal son! When he's short of money, he comes to me. When he has enough, he ignores me. I really didn't know that he took this money to do something illegal. So, I'm begging you to tell your friends to let me go!"

The prison guard walked over and handed the files given to him by the Investigation Department to Wu Jingzhong.

Wu Jingzhong took the files and looked at them. Then, he ordered, "Bring his son and daughter-in-law here."

"Yes."

Soon, Li Qiongan's son, Li Detian, and his daughter-in-law, Lai Meiling, were brought in.

Because Li Detian and Lai Meiling had been found to be related to the murder, their faces had turned completely ashen. It was a completely different expression from Li Qiongan's.

When the three people's faces were compared, the Wu family knew that Li Qiongan probably really did not know anything.

"Li Detian," Wu Jingzhong called out.

Li Detian looked at Wu Jingzhong, who was speaking, and his expression instantly became even uglier.

Because he had also seen Wu Jingzhong on the television news.

His lips trembled as he said to Wu Jingzhong, "Y-y-you're the governor of Sea District!!!"

Other than having seen Sze Lingyun in a photo before, Lai Meiling did not know anyone sitting across from her. Hearing Li Detian's words, her face was instantly filled with panic.

She did not understand why she was being exposed for attempting to kill an unknown girl from a poor family, especially when she had been so sneaky about it.

Moreover, why was the governor personally interrogating this case?

Wu Jingzhong glanced at Li Detian and said coldly, "Yes, I'm the governor of Sea District, Wu Jingzhong. and the girl you hired to assassinate, Sze Lingyun, is my daughter."

Afraid that the other party did not understand what his daughter meant, Wu Jingzhong, who had just become a father, couldn't help but add proudly...

"My biological daughter!"

Li Detian, "..."

Lai Meiling, "..."

Li Detian then jumped three feet high and punched Lai Meiling in the face with his handcuffed fist.

"B*tch! You b*tch! You set me up! You actually set me up! Didn't you say that Sze Lingyun was a penniless wretch and that even if I killed her, no one would know?"

Chapter 2063: A Corpse and Two Lives Lost

"Didn't you say that no one would seek justice for her? You vicious woman! Has our Li family ever treated you badly? You f*cking eat, wear, and spend every day like a rich lady. I never blamed you even if you lost at mahjong! You hurt our family! B*tch!"

Li Detian was about to kick someone as he cursed, but he was pulled away by the prison guards.

However, he still used the most vicious words he could find to scold Lai Meiling.

From his angry expression, it was clear that Li Detian was not the mastermind. The mastermind was the daughter-in-law of the Li family, Lai Meiling.

Lai Meiling was knocked to the ground. She pretended to be unconscious.

!!

"Governor Wu, she's fainted."

"If she's fainted, splash her with water."

"Yes."

After receiving the order, one of the prison guards found a basin of water and splashed it on Lai Meiling.

After a while...

"Governor, she hasn't woken up yet. Should we get a doctor to take a look at her?"

"No need." Wu Jingzhong's lips curled into a cold smile. "If she can't wake up even after pouring some water on her, we'll use electricity. She'll wake up with a shock. If she can't wake up the first time, then we'll do it a few more times."

The prison guard's mouth twitched. He smiled and said, "Yes."

Just as the prison guard responded, Lai Meiling faintly blinked open her eyes.

After opening her eyes, Lai Meiling had a blank look on her face. She looked like she did not know what was happening.

"W=what happened? Why am I here? Hubby, where is this place?"

Everyone, "..."

Her acting was terrible!

"You can pretend to faint and have amnesia, but the things you've done can't be erased. Your sentence for breaking those laws won't be reduced by two years just because you've lost your memory. Even if you've become a psychopath now and get a professional diagnosis, you committed that crime before you were declared insane, so your sentence will still be the same. If you were sincere, you could at least still defend yourself. But if you aren't, so I could easily hire the best lawyer in the country to sentence you for the most serious crime we can pin on you. Being paid to kill someone is already a murder charge. Do you think it's better to be sentenced to death? Or would you rather delay death?"

Lai Meiling was frightened by Wu Jingzhong's words. Her face was as pale as a ghost.

She could not pretend to be unconscious nor could she pretend to be stupid or to have lost her memory!

She could not continue pretending anymore. Only then did she cry and say, "Governor, please forgive me. I didn't do it on purpose! I really didn't do it on purpose! I was possessed by a ghost! I..."

"You don't have to explain yourself, and you don't have to tell me how pitiful you are. You tried to kill my daughter. Do you think I'll have any compassion for you no matter how pitiful your background is? What you need to do now is to make up for what you've done and redeem yourself. Tell me who instructed you to do this! This is your best option."

Lai Meiling's eyes lit up when she heard the words 'redeem yourself'. "T-then can you acquit me and let me out? I-I'm pregnant. I'm a pregnant woman! I can't go to prison! I can't take care of my baby there! I promise I won't do this kind of thing ever again!"

Wu Jingzhong said coldly, "You don't have the right to discuss conditions with me. Just tell me what you know. Otherwise, even if you're pregnant, you won't be able to escape death!"

Lai Meiling was so frightened that she turned to the side and cried. "I'm a pregnant woman! There's life inside my belly! If you sentence me to death or lock me up in prison and let me miscarry, you'll have a corpse and two lives lost!"

Chapter 2064: Regret Ever Being Born

"Even though I'm guilty, the baby in my stomach isn't. You have no right to imprison me!"

"Lai Meiling, I don't think you understand how the law works. We have no rule against pregnant women not being sentenced in our country. Even if you're pregnant, you'll still receive a sentence. At most, the workload you'll need to take on during your sentence will be lightened a little, but you'll still have to make it up after you give birth.

"If you've committed a capital crime, the court can give you a suspended death sentence because you are pregnant. Do you know what a suspended death sentence is? It just delays things. After you give birth to the child in your belly, you'll be executed immediately. Forget using pregnancy as an excuse. It won't change anything."

Lai Meiling shook her head, her face full of disbelief.

"So, tell me. Why did you try to kill my daughter?"

Lai Meiling shook her head in fear and helplessness. She did not know whether she should tell the truth or not.

If she told the truth, she would definitely not be let off the hook. the governor would definitely kill her.

However, if she did not tell the truth, she would be considered a major criminal, one who had tried to kill the governor's daughter. The governor would definitely not let her off the hook either in that case.

What should she do?

"Tell us!"

Wu Jingzhong's words scared Lai Meiling so much that she shivered. She instinctively said, "I-I heard that my father-in-law was going to take a wife, a female university student. How can a proper female

university student in this society marry an old man before even graduating from university? And my father-in-law is so hideous! His stomach is more than twice as big as his chest!”

Li Qiongan was speechless. He cursed in his heart, but he could not say anything because he already was in prison.

This daughter-in-law who had always praised him to the skies was now calling him an ugly old man. She even said that he was hideous and had a stomach more than twice as big as his chest!

Hehe!

Lai Meiling could not care too much at this moment in time. She knew that she and the Li family were done for. She did not care anymore! “I thought that woman was just after my father-in-law’s money. It wasn’t easy for me to bear my husband’s child. My son should be the future heir of the Li family! It’s said that an emperor always loves his eldest son, while the people love his youngest son. Sze Lingyun is so beautiful, but she’s so greedy that she would rather marry a disgusting man like my father-in-law than marry a good young man. I’m afraid that my son won’t be carried to term, and I’m even more afraid that she will give birth to a son that my father-in-law is more satisfied with. That’s why... That’s why I wanted to kill Shi Lingyun. That way, she wouldn’t be able to compete with my son for family property.”

Lai Meiling looked at Wu Jingzhong and begged for mercy. “Governor, I really know what I did wrong now. Please let me go. If I knew that Sze Lingyun was your biological daughter and that the governor’s daughter was going to marry my father-in-law, I would’ve befriended her so quickly. Please do me a favor! On account that your daughter is still alive, please spare me, a woman who is about to become a mother!”

“Shut up!” Wu Jingzhong looked coldly at Lai Meiling. “It’s still so early in the morning. Do you think we have a lot of time to listen to your nonsense? Lai Meiling, don’t be so shameless. You’re already in prison, and you’re even in Sea District’s prison. Controlling you and making you beg for death is nothing more than a matter of moving my fingers to me.

“I didn’t get to where I am today by simply saying things or making up stories. What I want to hear is the truth! If you dare to keep anything from me, I’ll make you regret ever being born into this world!”

Chapter 2065: Murderer for Hire

Even though Wu Jingzhong was usually a polite man, everyone had their line in the sand. To him, that was his family, especially his father and daughter.

They were much more important to him than his own life was.

Thinking about how this woman had almost killed his daughter, Wu Jingzhong wished that he could do carry out some vigilante justice and cut her into a thousand pieces.

“Lai Meiling, none of what you said just now is right. On the way here, I got someone to investigate. Your father-in-law, Li Qiongan, is a scumbag. He’s already been divorced three times. Other than your husband, Li Detian’s mother, who was his first wife, every wife of his has been a university student ever since he struck it rich. He usually signs a prenuptial agreement with his wife before every marriage, so

what you said just now about being afraid that my daughter would marry your father-in-law and fight for your family property doesn't make any sense! Lai Meiling, I'll give you one last chance to tell the truth. After that, don't blame me for being rude to you! If there's someone behind the scenes who's threatening you, you can rest assured that in prison, I can find the most trusted prison guard to watch over you. I won't allow them to kill you in there. But if you don't tell the truth, you have to understand that this is Sea District's prison!"

Lai Meiling was scared silly and did not have the energy to argue. This had come too suddenly. The preparations she made before were not watertight, and the excuses she had thought of were useless. She did not even have time to react to this sudden change.

!!

The man arguing with her was the governor of Sea District! He was not someone she could contend with at all.

She knew that Wu Jingzhong was not making empty threats and promises. Even if she covered for him, her accomplice would not be able to walk free.

In an instant, she felt as if all the strength had been drained from her body. She could not feel any more regretful.

After a long silence, she cried out, "There's another man."

Li Detian had been furious from the beginning, but now he looked at her in disbelief. He rushed over to hit her, but he was grabbed by the prison guard before he could.

"Lai Meiling, you b*tch! I treated you so well, yet you still f*cking slept around!"

Lai Meiling cried her heart out. "You treat me well, but so what? Your penis is as small as a toothpick! It can't satisfy me at all! And I've been married to you for so long, but we haven't gotten pregnant yet. You keep telling me to take medicine, but the Doctor says that I'm not sick! I'm not the problem! You are!"

Watching the two of them quarreling, Wu Jingzhong smacked the table hard and berated them angrily. "Get to the point!"

Lai Meiling was so frightened that she moved aside. She wiped her tears and said, "Two months ago, when I was with him, someone took a photo of us in bed together. They threatened me with the bedroom photo, saying that they wanted Li Detian to know that..."

"The child in my stomach was his. Of course Li Detian would have a problem with that. But he was rich! I didn't want to leave him. I didn't dare to anger him by telling him I had cheated. So when he threatened me with that picture, I was afraid. I asked them what they wanted to do, and he said that he wanted me to hire a murderer.

"At the time, I didn't want to. Because if I was caught, I would end up in a worse state than if Li Detian found out that I was pregnant with another man's child. But they told me that as long as I followed all instructions, I would be fine."

Chapter 2066: Head Against the Ground

"I asked them why they wanted me to kill someone, especially because I didn't know Sze Lingyun when they showed me her photo. They told me that my father-in-law had taken a fancy to this woman and that he was going to go to this woman's house to ask for her hand in marriage.

"They used me because I was pregnant with a child. If anything happened in the future, I could use the reasoning that I was afraid that Sze Lingyun would give birth to a son and fight with me for family property, so I took action in advance. They promised to give me 30 million yuan. Before I even did anything, they would give me 10 million yuan upfront. After that, they would give me the rest of the money.

"I thought if I had 30 million yuan, I could divorce Li Detian and leave him for my boyfriend. I really love my boyfriend. They told me that as long as everything went to plan, it would just be a normal traffic accident on the highway. Even if the driver got caught, I could just give them some extra benefits and things would be fine. The driver would rather go to jail than escalate this traffic accident into a murder case. And Sze Lingyun was just a poor student whose parents did not love her. As long as her family was settled, her parents would definitely not say anything. Even if the police found something, these people could use their connections to apply for medical parole on the grounds that I was pregnant. They were acting very generous. After I agreed, they gave me 10 million. At the time, I really wanted to leave Li Detian. I wanted my child to be with his real father in the future. I found out was that Sze Lingyun's mother was called Zhou Menglu, her father was called Sze Dafa, and her brother was called Sze Junyan. They were all common people. S-so I took the risk.

"To be extra careful, I told Li Detian about this. Li Detian is a ruthless man. He was also afraid that his father would hand the company over to his own future son one day. Knowing his fears, I asked Li Detian to do this. It was him who went to find the driver that the other party had been keeping an eye on for a long time. It was also him who went to the company's finance department to collect the money and asked a confidant to do this.

"I-I'm just a messenger. T-this has nothing to do with me. Li Detian was the one who paid for the murder! I'm still pregnant! This has nothing to do with me. Please spare me on account that I'm pregnant with a baby! I really won't do it again. I-I'll kowtow to you!"

With that, Lai Meiling crawled to the ground and kowtowed to Wu Jingzhong and Sze Lingyun.

No matter how loudly she kowtowed her head against the ground, it could not stop Wu Jingzhong from trying to kill her.

If his daughter had not been lucky enough to meet Chi Yang and Nangong Nuannuan, if Nangong Nuannuan had not brought them together as father and daughter, her daughter would probably have died silently... just like his wife.

Li Detian and Li Qiongan were stunned by Lai Meiling's words.

Li Qiongan pointed at Li Detian, so angry that he could not say a word.

His son had been spoiled by him ever since he was young. All he knew how to do was waste money.

Even though he was useless, he was still mostly a decent son.

However, not only did he know now that his son would not be able to support him in the future, but he also knew that his son was arrogant. He loved to pick fights, unlike his father who tried to make friends wherever he went.

Chapter 2067: Idiot!

“Y-you idiot! You’re just as stupid as your mother!”

Li Qiongan had divorced his wife precisely because she behaved so idiotically and made him too many enemies. Once he was single, he had the chance to finally experience the joy of getting with younger girls—hence why he was happy to keep remarrying. Otherwise, he would not have gotten divorced in the first place.

After being criticized, Li Detian immediately looked at Lai Meiling with his eyes wide open and roared, “You b*tch! You’re the mastermind! You used me!”

Lai Meiling quibbled. “I only listened to what they had to say and relayed it to you. You were the one who went looking for the murderer, and you were the one who took the money from the company. I didn’t do anything besides be the middleman!”

“Lai Meiling, let me ask you this. Who asked you to kill Lil Yun? Do you have any evidence against them?”

Lai Meiling shook her head while she cried. “I saw how capable and rich they were. When they came looking for me, they came with a few bodyguards. I never dared to try to collect evidence! Every time I met with them, they would use special equipment to check if I had any surveillance or listening devices on me. They would only talk to me after confirming that I was clean.”

“So, when they told you to kill someone, you went to kill them without even knowing who this other party really was?”

“I don’t know... I really don’t know! If I knew, I would have said that I had done a meritorious deed to atone for my crimes.”

“You idiot! You slut! Why don’t you just go to hell? Go to hell!”

After Li Detian discovered the truth, he was incredibly upset. Not only had he turned himself into a murderer by listening to Lai Meiling, but he might also have to pay for this mistake with his life. What he had done had not benefited him at all and had instead paved the way for this cheating b*tch and her husband.

He had screwed himself over and given two scumbags a chance at a life together.

No matter who this happened to, they would certainly find it unbearable.

Wu Jingzhong immediately called his bodyguard and asked, “Have you found out who called Lai Meiling regarding the 10 million yuan in her account?”

“I’m sorry, Governor. They sent the money through RS Bank via a private transfer. It’s untraceable.”

Sze Lingyun heard the voice on the other end of the phone and interjected. "Xiao Yaxin! It must be Xiao Yaxin!"

Wu Jingzhong looked at Sze Lingyun and asked, "Why do you think it's her?"

"Because she fancies Jingyan. She fell in love with him the moment she found out that they weren't real cousins. At first, she didn't know that Jingyan was my boyfriend, but after she found out, she started targeting me everywhere I went. Not only did she pay students in our school to harm me, but she also hired some hooligans to try to rape me!"

As Sze Lingyun spoke, Wu Jingzhong listened silently and clenched his fists tightly.

He felt like this was all his fault.

His daughter was bullied everywhere she went because she did not have a home. She did not have a family to shelter her from all these troubles. Her daughter was so outstanding, but she was always trampled on by others.

Li Qiongan had indeed not broken the law. Li Detian and Lai Meiling were the ones who paid for the murder. After teaching Li Qiongan a small lesson, the Wu family released him.

What awaited Li Detian and Lai Meiling was the heaviest sentence possible.

Wu Jingzhong would find the best lawyer he could and sue these two people who seemed to be willing to do anything for money to hell!

Chapter 2068: Three Realms

If they were not immediately sentenced to death, they would be given a suspended death sentence. In short, they would definitely die of old age in prison. They would definitely pay the highest price for their arrogant and idiotic acts.

Only after everyone left did Wu Jingzhong say, "If RS Bank were to transfer money secretly, they would have listened to the client's request and transferred money from the public funds. This way, they could be sure that it would be untraceable."

"Then we'll start with Xiao Yaxin. Since the money was transferred via RS Bank, someone must've contacted them. We have to check if Xiao Yaxin has had any dealings with RS Bank. If she has, we'll know about it soon."

"Nuannuan, you think that it's Xiao Yaxin too, right?" Sze Lingyun looked at Nangong Nuannuan. If Nuannuan agreed, she would wholeheartedly believe that Xiao Yaxin was indeed the culprit without worrying that she falsely accused someone falsely.

Nangong Nuannuan nodded. "It's highly likely. If we monitor her, we'll soon uncover the identity of this mastermind."

Nangong Nuannuan said that very casually, but when she finished speaking, the Wu family fell silent.

Even though the Wu family was the richest family in Sea District and had supreme glory in the political world, in the country of Camino, the truly wealthy families were all from Emperor District.

This was because only the wealthy families that settled in Emperor truly had connections in the ruling, military, and business realms—and a family needed all three realms to complement each other if they wanted to be truly powerful.

The Xiao family was a hundred-year-old wealthy family, and they had bigshots in the ruling, military, and business realms. The capable people of the Wu family were incomparable to those from the Xiao family.

Spying on Xiao Yaxin...

They were only just starting. Xiao Yaxin had already been spying on them for a while.

“Nuannuan will help you all spy on Xiao Yaxin. If anything of importance comes up, she’ll inform you.”

Before Nangong Nuannuan could react, Chi Yang spoke on her behalf. For a moment, everyone in the Wu family smiled gratefully.

They all knew that Nangong Nuannuan was a hacker, so it was the perfect job for her to spy on Xiao Yaxin. Although Xiao Yaxin was powerful, it was unlikely that her family had provided her with an anti-hacker technician, right?

“Governor, someone came to visit Zhou Menglu and Zhou Mengjing. We sent them away as requested.”

Wu Jingzhong nodded. Just as he was about to speak, Sze Lingyun’s phone rang.

Wu Jingzhong looked at Sze Lingyun and asked, “Is that Old Madam Zhou?”

“Yes.” Sze Lingyun nodded and picked up her phone.

Before she could say anything, Old Madam Zhou’s ear-piercing curses erupted from the other end of the line.

“Sze Lingyun, you damn b*tch! What on earth did you do? Why did your mother and your aunt’s family get arrested? Your mother was kind enough to call you back home to introduce you to a man. Is this how you repay her? How can you be so vicious? Where are you now? I’m coming for you!”

Sze Lingyun’s lips curled into a mocking smile as she asked, “Grandma, this is perfect. Even if you didn’t want to see me, I was going to go looking for you. You don’t have to worry about Zhou Menglu introducing me to a man. Just tell me, am I really my mother’s daughter?”

“You... What do you mean?” At first, Old Madam Zhou was still very sharp and arrogant, but upon hearing Sze Lingyun’s question, she was obviously taken aback.

“What I mean is, I found my father, and he clearly told me that Zhou Menglu isn’t my mother. Grandma, do you know who my father is?”

Chapter 2069: Scams

“W—who is your father?”

“He’s the governor of Sea District, Wu Jingzhong.”

“...Y-you must’ve lost your mind! Who do you think you’re lying to?”

“It’s true! I’m not lying to you. 22 years ago, my father was the one who put up those missing person posters everywhere. He was the eldest young master of the Wu Family and is now the governor of Sea District. When he saw me, he recognized me immediately as his daughter. He asked me to take a paternity test with him. Grandma, you might not know what that is, but it’s a way of testing your genetics. With just a simple blood test, you can definitively determine who you’re related to. Grandma, I’m his biological daughter. I’m not related to Zhou Menglu or Sze Dafa at all. Zhou Menglu has been arrested by the police over of this matter. Now, my father is ready to thoroughly investigate the Zhou family. Zhou Hua, the daughter of the Zhou family who died during childbirth, was the woman he had had relations with. She was my mother. Grandma, why did you lie to me and say that I was Zhou Menglu’s daughter? Why didn’t you tell me about Zhou Hua? Grandma, who exactly is she? I heard that Grandma had another daughter named Zhou Hua, if Zhou Hua is really your daughter and really Zhou Menglu’s biological sister, then why does the blood test say that Zhou Menglu and I are not at all related? Grandmother, where are you now? I’m prepared to ask my father to look for you.”

Once Sze Lingyun stopped speaking, the voice at the other end of the line angrily rebuked her. “What blood test are you talking about? What do you know about those scams? To actually believe in such superstitions at such a young age! Zhou Hua is my daughter! She’s my youngest daughter! As for you, I only asked Menglu to adopt you back then because we pitied you for not having a mother. You ingrate! I’m warning you! Quickly get someone to release your mother and your aunt, or don’t be surprised when I disown you!”

After saying that, Old Madam Zhou hung up.

Looking at his smart daughter, Wu Jingzhong’s face had a doting smile on it.

He patted Sze Lingyun on the shoulder and said, “She probably won’t call you again. I’ll send someone to keep an eye on her.”

“Okay.” Sze Lingyun nodded and said, “Grandpa, Dad, it’s late. Let’s go home.”

“Okay. Let’s head home!” Wu Jingzhong put his arm around Sze Lingyun’s shoulder, and everyone happily went home together.

When they arrived home and started preparing for bed, Elder Wu asked somewhat embarrassedly, “Nuannuan, are you going back tomorrow? What time do you plan to leave? I’ll arrange a helicopter to send you guys back.”

“Ah? Nuannuan, are you going to leave? I-I can’t bear to have you go! Can I come to Emperor District with you? Anyway, after the summer vacation, I’m going to study at the Military Medical Hospital.”

Sze Lingyun also looked at Nangong Nuannuan with a reluctant expression.

Seeing her wife being so missed already by this group of people, Chi Yang, who had his arms around Nuannuan’s waist, “...”

Nangong Nuannuan was about to head back to her and Chi Yang's small villa, but she was mildly stunned by Elder Wu's question.

When had she said that she was leaving?

Elder Wu saw how stunned she was and quickly explained himself. "Previously, you told Lan Weisong that you would only stay in Sea District for three days before you left. That's why you sent Lan Weisong to prison today. Nuannuan, if you and Chi Yang are okay with it, we'd like you to stay in Sea District for a few more days! You've helped our Wu family so much, but you haven't even had a good meal or any fun here yet on our behalf! If you go back just like that, I'll feel very bad!"

Chapter 2070: Family Recognition Ceremony

Nuannuan looked at Chi Yang and blinked her big, round eyes. Chi Yang knew what his wife was trying to ask. He said, "I have half a month of vacation time. Wherever you are, I'll be there too."

"But... There's not much to do here. Would you like to go somewhere else?" Even though she loved being a fly on the wall and had a heart for gossip, she would always prioritize Big Brother Chi Yang's wants.

Chi Yang looked at Nuannuan. "With you by my side, everywhere I go has the most beautiful scenery."

Chi Yang had never been interested in scenery or sightseeing. When he was not working, he enjoyed spending time with his family. Wherever they were, he would try to be there too. Wherever they were, he would definitely have a good time there.

He only needed his Nuannuan to have a good time anywhere.

Nangong Nuannuan was delighted by Chi Yang's words. Her eyes were brimming with happiness as she looked at him. When she turned around to respond to the members of the Wu family, she saw was the whole family looking back at her with mouths slightly agape.

Chi Yang's iron-blooded, cold-blooded, resolute, and unsmiling image had rooted its place in the hearts of these people. Even Elder Wu could barely withstand Chi Yang's intimidating aura whenever he spoke to him. He could not understand how Nuannuan, who was so soft, sweet, and had such a passionate gossip heart, could stare into Chi Yang's eyes so moonily whenever they were together.

Who could have guessed that Lieutenant General Chi behaved completely differently in front of his Nuannuan?

Realizing that he had lost his composure, Elder Wu laughed out loud. "This is great! This is great! There's not much to visit, that's true, but Nuannuan, you and Chi Yang should stay in Sea District for a few more days. Didn't Chi Yang say that our Lil Yun is just like you, a future military wife? Chi Yang is also Li Jingyan's commander. Now that Li Jingyan isn't around, it's wonderful that Chi Yang, his commander, just so happens to be staying behind and will be able to participate in our Lil Yun's family recognition ceremony."

With Big Brother Chi Yang's approval, Nangong Nuannuan could make her own arrangements now. As an experienced fly on the wall, she nodded without even needing to think.

“Okay. Then I’ll have to trouble Elder Wu in the next few days.”

“Nuannuan, how can you say that? You’re being too polite. It makes me sad! You’re our Wu family’s great benefactor. If you can stay, our family will be more than happy to accommodate you! Right, Grandpa?”

“Yes!”

“Right, Uncle?”

“Of course!”

“Right, Dad?”

“Yes, yes, yes! Nuannuan is our family’s benefactor. We’re all very happy that she can stay! From now on, our family’s small house will always be ready to accommodate Nuannuan and her husband. Whenever they’re available, they can come and stay here anytime!”

Knowing that Wu Pingting would ask Wu Jingcheng the same question, Wu Jingmin interjected and spoke her mind.

“Good idea! Third Brother, make the arrangements immediately,” Elder Wu said.

“Yes, Dad!”

“Alright, it’s quite late now. Everyone, go and rest. If you have anything to discuss, we’ll talk tomorrow.”

Upon saying this, Elder Wu looked at Wu Jingzhong.

Wu Jingzhong was the one who most needed rest in this room. However, Elder Wu’s son had suddenly found out he had a daughter and seemed very energetic. Elder Wu was concerned that he would not be able to sleep that night.

As expected, Wu Jingzhong pulled Sze Lingyun to the side and asked expectantly, “Lil Yun, are you sleepy?”

The Wu family members, “...”
