

Physician Wife 2141

Chapter 2141: A Bunch of Idiots

Again, Chi Yang only had to slightly move his body away to easily dodge the punch.

his two attacks having missed, the muscular man was very angry now. He launched another fierce attack against Chi Yang. In an instant, he threw nearly ten punches alongside seven more kicks at Chi Yang's face, heart, and waist.

After every one or two punches, he would coordinate a kick.

Nangong Nuannuan could not help but laugh when she saw this routine.

This was a typical martial arts class student technique.

The muscular man's seemingly tyrannical attack was mere child's play to Chi Yang. His fist technique finally came to an end. He was gasping for breath, yet he had not managed to ever lay a single finger on Chi Yang's clothes, let alone him.

The muscular man was filled with depression and disbelief. When the two emotions combined, they morphed into embarrassment and anger.

He angrily asked, "Why aren't you attacking? Are you trying to be an *sshole?"

Chi Yang had maintained a calm demeanor from the very beginning. "I didn't attack because I was afraid of hurting you. After all, you're a nobles."

"I'm not afraid of getting hurt. I beg you, don't look down on me! You're disrespecting me!"

Chi Yang nodded. "Okay, then I'll respect you. Let's go again."

The muscular man mustered up all the strength and hostility he had and rushed towards Chi Yang at an extremely fast pace. He waved his hand and attacked Chi Yang. However, the punch he threw was only a feint. The real move waiting for Chi Yang was his strong kick.

This kick was meant to utilize all the strength the man had, so he was sure that as long as it landed, it would shatter Chi Yang's bones.

If he accidentally kicked Chi Yang's internal organs, then he would be embarrassed. In any case, he had never seriously kicked anyone before, so he did not know if his kicks could cause serious internal injuries.

The muscular man's plan was well thought out, but Chi Yang simply raised his leg to meet the kick.

Even though his kick was now aimed at his opponent's calves rather than his internal organs, the muscular man's eyes still lit up.

He was certain that his kick would break his opponent's calf bone.

If it broke, the goddess would certainly not want a cripple by her side.

There was a dull thud. Even though the people in the sunlight room could not hear the two legs colliding, they could sense the force and the damage caused by the collision.

“Nonsense!”

EmperorSophie was the first to yell, slamming the table and standing up.

Chi Yang was the man that Sunny truly adored. Were these people idiots? Slighting Sunny like this was no different from spitting in her face.

If Chi Yang was really injured, would Sunny let it go?

They were simply a bunch of idiots!

Armand stood up alongside EmperorSophie.

He knew Sunny’s personality well. The moment Chi Yang and the muscular man’s legs collided, he rushed out.

However, when he was halfway there, the two fighters had already separated.

The situation that the crowd had imagined had indeed occurred.

One of them hugged his leg and fell to the ground, wailing in pain.

However, the person who fell to the ground and could not get up was not Chi Yang, but the muscular man.

Everyone was dumbfounded.

When the muscular man collided with Chi Yang, his face twisted violently. Then, his entire body lost its balance and fell to the ground.

Once on the ground, he hugged his calf and began to wail as he rolled around in pain.

Chapter 2142: So Much for a Good Education

Chi Yang’s foot collided with his opponent’s calf, sending the man flying back four feet. He landed hard on the ground.

The opponent lay on the garden’s floor, covered in dirt. However, he still did not have a single wrinkle on his pants.

When Empress Sophie and her husband Armand got outside, they ran to Chi Yang and asked in unison, “Lil Yang, are you okay?”

When he heard the name ‘Lil Yang’, Chi Yang’s face twitched a little, but his expression remained mostly indifferent.

“Aunt, uncle, I’m fine. However, I’m afraid this uncle may not be.”

“Pfft!” Nangong Nuannuan could not help but burst out laughing.

She knew that Big Brother Chi Yang was an honest and polite man, but she did not expect him to still be so 'nice' at a time like this.

A twenty-something-year-old Luntanese man indeed looked a little older than a Caminoan man of the same age. However, Nangong Nuannuan knew this muscular man, so his appearance could not deceive her. He was actually only twenty-five years old, one year younger than Big Brother Chi Yang.

Despite that, Big Brother Chi Yang had still called him uncle.

How much did he dislike this man?

Emperor? Sophie and King Armand were shocked by the way Chi Yang addressed him as 'uncle'. They looked embarrassed.

The muscular man rolled on the ground and cried out in pain. He was sweating profusely.

Austin saw this. He walked over and said, "Lieutenant General Chi Yang, this was supposed to be just an ordinary spar. You injured him so severely. Don't you think you took it a little too seriously?"

"Austin!" King Armand unhappily called out.

"Second Uncle, am I wrong? This was supposed to be just a friendly sparring session, yet he used so much strength and injured Gray's leg. He might have even broken it. Isn't that a little too much? For such a person to be with Sunny... I feel like he might tend towards domestic violence."

Nangong Nuannuan was about to speak, but she was once again stopped by Chi Yang.

Chi Yang looked at Austin, who was slightly shorter than him, and asked coldly, "A friendly spar? I thought nobles like you all received high-class education, but it turns out that you can't even differentiate between provocation and friendliness."

Austin's eyes narrowed slightly. He wanted to refute Chi Yang, but he did not know what to say.

"Even if you didn't receive much education, I believe that the other nobles here did. I was nice to this man, yet he said I was disrespecting him. I agreed to attack after he couldn't even land a single move. We both used the same amount of force, so the force he faced was also what I was up against. I just didn't expect that even though he's so muscular, his leg bones are still so weak."

Chi Yang looked at the muscular man who was still rolling on the ground, waiting for the doctor to arrive, and said, "Since he's so weak, he shouldn't provoke people. Today, I didn't use my full strength because of Nuannuan. Under normal circumstances, if anyone were to call the general of Camino a weakling in front of me, I would make sure they found out what a real weakling looked like... in the mirror."

Mr. Muscular Man, "..."

Austin, "..."

"Aunt!"

Austin looked at Empress Sophie angrily. He wanted to say something but was quickly interrupted by her.

“Alright! Both of you kept escalating the fight. Don’t say any more!” After saying that, she ordered—

Chapter 2143: She Only Had Eyes for Chi Yang

“Take him away and get the doctor to examine him properly. Tell his family not to let him enter the palace again without reason in the future. Otherwise, it will be difficult for us to explain whatever injuries he may run into.”

“Yes.”

Austin, “...”

“And you!” Emperor Sophie looked at Austin.

“I told your father today not to let your sister into the palace again. From now on, unless you have a valid reason, you’re not allowed to enter the palace either.”

Austin asked in disbelief, “Aunt, what did I do wrong? Why won’t you allow me in here again? I didn’t do anything! Aunt, I’m my uncle’s only nephew! Even if you like Sunny and her fiancé, you can’t forbid me from entering the palace just because of what I said!”

The royal husband, Armand, wanted to interject, but he was once again stopped by Emperor Sophie.

She had long disliked Armand’s nephew and niece and wanted to bar them from the palace. However, she could never resist Armand’s affectionate and adoring eyes, so she had relaxed her rules and allowed them to enter. Despite that, she never allowed them to stay overnight in the palace.

For the past six months, this pair of siblings had practically treated the palace as their home and did whatever they wanted in it.

Therefore, no matter what the two of them had done today, Empress Sophie was going to take this opportunity to kick Austin out.

“Austin, don’t think that you’re the only one in the world who can play tricks and that everyone else is a fool. Gray has always listened to you. The only reason he suddenly provoked Lil Yang was because he saw the look in your eyes. Gray is, after all, a member of the marquissdom, and his status is comparable to yours. Now that his leg is severely injured, shouldn’t you take some responsibility?”

Austin instinctively denied it. “I didn’t! I didn’t give him any look.”

“Austin, is there any point in denying it? There are surveillance cameras everywhere. You did indeed give him a look, and it’s something that can be easily proven by reviewing the surveillance footage.”

Austin, “...”

“Today, you tried to use Gray to deal with Lil Yang. Who knows what you’ll try tomorrow? It’s obvious that you don’t like Lil Yang. Gray helped you stand up against him and got hurt in the process, yet the first thing you did wasn’t ask whether he was okay, but instead do your best to distance yourself from this matter. Austin, don’t you think there’s something seriously wrong with you?”

"I hope you can learn from your father how to behave. After all, your second uncle is the King. I hope he'll miss you and that you'll miss him too when you can no longer see each other as much. Anyone who talks about the Walker family will definitely say that the King's niece and nephew are not good people, so they may begin to doubt Armand's character too."

Emperor Sophie loved her husband very much. She had been born into the royal family and was smart and capable, so she did not need a man to survive. She just loved this one because of his respectable character, beautiful appearance, and good figure. As for Armand, he loved her just as much too.

Armand and his brother were both of good character, so who could have guessed that Arthur raised such two crooked children? The Walker family was corrupted by their existence.

Since the Emperor had given the order, Austin could not do anything no matter how upset he was.

Before he left, he looked at Nangong Nuannuan one last time, hoping that she would look back at him.

Unfortunately, Nangong Nuannuan had not spared him a single well-meant glance from the very beginning, and she was continuing this up until the end. She only had eyes for Chi Yang.

Chapter 2144: No Effect on Her at All

Austin was extremely regretful.

When Nangong Nuannuan and Selina were brought back to the palace by Duke Eton, he and his sister, Amisha, strongly opposed it. They had asked their second uncle and aunt to tell the Duke not to accept any illegitimate children being brought in.

However, his aunt doted on her younger brother, and Duke Eton had lost his beloved wife and daughter. He gave almost all of his love to Nangong Nuannuan and Selina, so Austin's aunt also loved them too and was very good to Nangong Nuannuan and Selina.

Even though he and his sister were only children of a marquis, they had an uncle who was the husband of the empress. Therefore, it could be said that amongst the royal children, apart from Antonio and Amos, they were the boldest.

When Nangong Nuannuan and Selina first entered the palace, Amisha thought that these two girls were just poor orphans. She brought Austin along to provoke Nangong Nuannuan and Selina many times. It was only after she was completely abused by Nuannuan that she gave up on this. She realized that both of the girls were really quite formidable.

At that time, Austin wanted to repair his relationship with Nangong Nuannuan and marry her. However, it was too late.

From that time onward, no matter what methods he used, Nangong Nuannuan never looked him in the eye without disdain again.

Now, she had a fiance that she adored, and that man was stronger than him in terms of status, power, and strength.

He really did not have a chance, did he?

Austin was the kind of person who would do anything to achieve his goals. Ever since he was nothing, nothing was off-limits or too much for him. It was only when he was faced with Nangong Nuannuan that he felt a deep sense of powerlessness.

Whether he used affection, money, status, swindling, force, or even getting someone to kidnap her...

It had no effect on her at all.

If he used affection, she did not like him.

If he used money, she already had much more money than him.

If he used status, she was the daughter of a duke, and now, also the daughter of the Nangong family, the most powerful family in Camino.

She would not fall for his lies.

If he used forceful methods, her martial prowess was much better than his.

Even her fiancée was better than him.

He had to come to terms with reality and learn to give up. Austin felt like he had no other choice at this point.

Nangong Nuannuan would forever be his Moby Dick, so close yet so far.

After afternoon tea, because everyone was too full for dinner, dinner was pushed back to suppertime. In the middle of their free time, Nangong Nuannuan called Chi Yang and the Wu siblings to the detention center.

After all, their purpose for coming to Luntan was to avenge Wu Pingting. They would bring the person who hurt her to justice!

Just like before, a long Rolls-royce Phantom and five Land Rovers driven by the bodyguards arrived outside the detention center.

From afar, they saw a group of people cursing and arguing with the police.

The group of people looked in their direction when they noticed the arrival of the convoy.

Nangong Nuannuan realized that these people were none other than Xu Yunyun's father, Xu Binyi; her mother, Su Tong; Su Fei's father, Su Zhi; and her mother Fang Lanzhi.

In the distance, there was the cold and indifferent Kerlow, as well as his and Fang Lanxin's two sons and one daughter.

Chapter 2145: No Woman With a Sane Mind

Seeing the royal convey arrive, Kerlow and his three children immediately bowed to the cars.

The Rolls-Royce's door was opened by the bodyguards, and Nangong Nuannuan, Chi Yang, Wu Zongyang, Sze Lingyun, and Wu Pingting walked out.

The other party was stunned to see who walked out the door. Xu Yunyun's mother, Su Tong, was the first to react. She rushed towards Wu Pingting, her angry face filled with twisted hatred.

"Wu Pingting, you b*tch! b*tch! Our Yunyun has already hidden from you and run away to Luntan. Why won't you let her go? To think that you're her friend! Is this how you plan to frame your own friend? Doesn't your conscience ache?"

Su Tong rushed toward Wu Pingting, but when she got to within seven feet of her, she was stopped by the bodyguards.

Xu Bingyi and Su Tong used to live in Sea District. With Xu Binren around, they could do whatever they wanted in the city. However, ever since he was captured, the Xu family's status had plummeted.

Now, they had to be careful in Sea District. They could no longer do whatever they wanted. However, this was Luntan now.

Su Tong's emotions were on the verge of explosion. Xu Bingyi was also looking at Wu Pingting coldly, like a poisonous snake just waiting to strike.

Unfortunately... no matter how poisonous this snake was, it would not be able to get close to her, so there was no question of her being harmed.

"Chi Yang, Nangong Nuannuan, what do you mean by this? What did our Su Fei ever do to provoke you? Why are you treating her like this? Even if you're friends with Wu Pingting, Su Fei didn't do anything to her. She just accompanied her sister to Luntan to seek refuge. Why did you have them arrested?! My sister is the daughter-in-law of the Shipley family! She doesn't even know that you, Nangong Nuannuan, are Sunny! As the saying goes, ignorance is innocence! Aren't you afraid of being laughed at by the nobles of Luntan?"

The person who spoke up was Fang Lanzhi. She was Su Fei's mother and the sister of Kerlow's wife, Fang Lanxin. At that moment, she was also madly rushing towards Nangong Nuannuan. However, she could only ask the two of them her questions from a safe distance of twelve feet away.

Fang Lanzhi looked at Nangong Nuannuan. She wanted to cut her up into pieces.

However, facing this group of royal bodyguards, who were on average six feet tall or more, she did not dare to rush toward them like Su Tong had. She could only glare at Nangong Nuannuan and wish that she could give her ten thousand tiny cuts.

Faced with Fang Lanzhi's glare, Nangong Nuannuan glanced back at her lightly.

After all, in Nangong Nuannuan's eyes, this woman did not even have the right to talk to her.

She held Chi Yang's arm intimately, not bothering to give Fang Lanzhi another glance.

Any woman with a sane mind would have saved her daughter and her family, by taking them away from the war and back to their own country. Anyone with a sane mind would not have been stupid enough to

insist on getting a first-class seat on a plane showing them mercy. Guns had to be brought out to deal with her.

This kind of woman was used to bullying others. She was shameless. Thus, when she met someone better than her, she was resentful and wanted to fight to the death.

However, in reality, she was all bark and no bite

Even though Fang Lanzhi was so angry, she did not have the courage to charge at Nuannuan's bodyguards.

Thus, Nangong Nuannuan was not willing to give her a second look.

Chapter 2146: A Soldier's Duty?

On the other hand, Wu Pingting was showing off because she knew Chi Yang and Nangong Nuannuan were here to back her up.

After finding out that Xu Yunyun had found someone to kidnap and rape her, as well as getting bullied by the Xu family because of what happened to her uncle, Wu Pingting was pissed. However, they made it impossible for her to capture Xu Yunyun and allowed her to run away unpunished.

Now, it was not just Xu Yunyun being punished. Su Fei had been captured too, and her uncle had been released. The people of the Xu family were losing now. Wu Pingting felt very happy.

Wu Pingting looked at Su Tong, who looked flaming mad, and asked, "Am I a slut? Did I harm my friend Xu Yunyun? Does my conscience hurt? What do you think? Aunt Su, let me tell you, not only does my conscience not hurt, but I'm also overjoyed!

"For so many years, I treated Xu Yunyun like my best friend. I was willing to share all the good things I had with her. Even your Xu family, has taken advantage of my Wu family because of my relationship with Xu Yunyun. You've taken a lot of money from us.

"I was sincere to Xu Yunyun and valued our friendship. But what about her? I treated her as my best friend, yet she had someone kidnap me and rape me. After what she did to me, Aunt Su, you're still asking me if my conscience hurts getting her arrested? I really want to ask... Have you lost your mind?"

After saying that, Wu Pingting looked at Fang Lanzhi, sneered, and said, "As for you, our Nuannuan won't even bother to talk to you, okay? Our Nuannuan is the daughter of the Nangong family and the daughter of the Duke! Who the hell is Su Fei? What right does she have to covet Nuannuan's Big Brother Chi?

"Big Brother Chi saved your family from danger, and Nuannuan was kind enough to fly you out of Naboo. But how did you ungrateful wolves repay Big Brother Chi and Nuannuan?"

Fang Lanzhi roared angrily, "Chi Yang is a soldier. He and his crew went to Naboo to help the people of Camino who were trapped there! Since we were in trouble, it was his duty to help us. That's his duty as a soldier!"

Nangong Nuannuan was so angry that she laughed. Initially, she was too lazy to waste her breath on these people, but she could not bear to listen to this woman talk badly about her Big Brother Chi Yang.

"Yes, a soldier should protect you. Even if you're a horrible and selfish person, as long as you need protection, a soldier will selflessly give his own life to protect yours. But this doesn't give you the right to take a fancy to that soldier's body. Soldiers devote themselves to their country and its citizens.

"And you also don't have the right to degrade a military wife like me, especially one who paid for the plane like myself, and demand a first-class seat from her.

"It's a soldier's duty to protect you, not to allow you to take a private plane and leave the country. You shouldn't covet things that don't belong to you. If you can't get what you want, you try to destroy it.

"I, Nangong Nuannuan, will say this right now. Su Fei hired assassins to kill me and was caught with stolen goods. Anyone who dares to release her will be going against the entire Duke's manor and the royal family. You can try to think up a way to save Su Fei. If you can, I'll happily admit defeat!"

Fang Lanzhi, "..."

Su Zhi, "..."

"As for you!" Nangong Nuannuan looked at Xu Bingyi and Su Tong. "Don't even think about it. Xu Yunyun was the first to cause trouble. She committed such an unforgivable crime against Wu Pingting. When we came to Luntan to capture her, she actually had the nerve to strike first and try to kill all of us."

Chapter 2147: Worthless Pests

"As Wu Pingting's friend, even if she can forgive Xu Yunyun, I can't! So just give up. We came to Luntan to put Xu Yunyun in prison where she belongs. If she wanted to come here so badly, she can stay in prison here too! The prison here welcomes you."

In other words, even if Xu Yunyun wanted to go back to Sea District to go to prison now, that was impossible.

Xu Yunyun was Su Tong's only daughter. After hearing Nangong Nuannuan's words, she went crazy. Even though she was held back by the bodyguards, she kept pouncing in Nangong Nuannuan's direction.

"This black-hearted woman! My daughter has no problem with you. Why are you trying to kill her? Do you think you can bully her just because Wu Pingting is your friend and my daughter isn't? Let my daughter go! Or I'll make sure you die and go to an unmarked grave!"

Nangong Nuannuan sneered. "I'd love to see you try."

"Let's go." Chi Yang did not see the need to argue with these people. He shook Nuannuan's hand, which was in his, and gestured for her to leave.

Even though it was very heartwarming to see his wife stand up for him, he did not want to see her waste her breath on this idiot. All that mattered was that he had gotten another confirmation that his wife loved and cared for him. He did not want his wife to get angry over some useless people's farts.

"Okay."

Nuannuan squeezed Chi Yang's hand. She nodded her head in rage and ignored their words about Chi Yang's shamelessness. She did not care if they thought it was shameful that a woman was defending him. She wanted to drag all of them into the detention center themselves!

Inside the detention center, Xu Yunyun and Su Fei had just met their family members. Everyone was in tears.

Prisons in Luntan were different from prisons in Camino. Prisoners were freely mixed together in Luntan and many violent incidents took place daily. As long as no one was killed, the guards were usually too lazy to bother. Perhaps some guards also secretly collected protection fees, so they turned a blind eye to it.

People like Xu Yunyun and Su Fei who had offended influential people would never be able to get out. The prison guards were afraid of offending these influential people, so they would not accept bribes from those prisoners. They were simply worthless pests to them.

Even though Xu Yunyun and Su Fei had not been convicted yet, they were still in 'prison' by being the detention center, in a sense. In order to conserve manpower and material resources, Luntan's detention center and prison were merged.

Even though they had only been arrested for less than a day, Xu Yunyun and Su Fei's faces and bodies were already tainted.

The two of them had been locked in different rooms before this. Just now, when their parents arrived, it was the first time they had met since last night.

They started to fight when they saw each other, leaving the Xu and Su families dumbfounded.

From the fight, they gathered that Su Fei had wanted Xu Yunyun to act as her scapegoat for the crime.

Su Fei was the one who had a problem with Nangong Nuannuan and wanted her to die. She used Xu Yunyun to hire someone to kill Nangong Nuannuan. Xu Yunyun's mother, Su Tong, immediately broke down. She started to fight with Su Fei's mother, Fang Lanzhi.

Xu Yunyun was also angry. She threw herself at Su Fei.

Chapter 2148: Not in Camino Anymore

Xu Binyi and Su Zhi pulled their wives away from each other. It was not easy. In the end, the prison guards came and chased them out. They said that as visitors, they had broken the rules, so their next prison visit had to be after the verdict was passed. Only the girls' lawyers could see them before the court handed them their sentences.

As a prison guard pulled both sets of parents out, he happened to run into Kerlow, who had come to visit Fang Lanxin with his three children.

That was how this scene at the door was triggered.

When the Xu and Su parents came in, Xu Yunyun and Su Fei both felt that they had a lifeline, so they got their mothers fighting within a minute.

However, the prison guard had now pulled their parents out of the room without any explanation, leaving Xu Yunyun and Su Fei dumbfounded.

“Officer, where are our parents?” Su Fei asked in Y language.

The prison guard glanced at Su Fei and said impatiently, “They were kicked out! How dare they fight in a Luntanese prison! They don’t care about our laws here!”

Su Fei knew her parents were in the wrong. She quickly said, “I’m sorry, Officer. Everyone just got too excited just now. I promise we won’t fight again.”

Then, she glanced at Xu Yunyun. Xu Yunyun quickly nodded.

“Officer, can you please let our parents back in?”

Looking into Su Fei’s eager eyes, the female prison guard who was more than five feet and nine inches tall with a muscular build smiled. The female prison guard who was guarding the reception room next to her also smiled.

This prison guard decided to teach Su Fei and Xu Yunyun a lesson.

They had been working in the prison for a while, which had warped their minds. They were quite twisted, and it just so happened that Su Fei and Xu Yunyun were the perfect victims.

Therefore, in the face of Su Fei’s pleas, the prison guard walked up to her and said condescendingly, “Your parents came in and immediately started fighting. They violated our prison’s rules, so they were blacklisted as visitors. From now on, you can only see your defense lawyers. If you want to see your parents... Hehehe, you can wait for your monthly visits after the court’s judgment.”

Su Fei and Xu Yunyun’s faces instantly turned pale.

Compared to Xu Yunyun, who loved the underhanded, Su Fei’s personality was much more direct.

After being hit by this blow, she exploded.

“How is that possible? What kind of stupid rule is that? I’m a citizen of Camino! What right do you have to detain me without evidence? And you won’t allow my parents to visit me? I want to see my parents! I have to see my parents! Let me tell you, my father is the head of the largest gang in Camino. My uncle is also the son of Marquis Shipley. If you don’t let my parents see me, I’ll sue you!”

Slap!

Su Fei wanted to threaten these guards, but one of them just slapped her and knocked her to the ground.

This was not the end.

Su Fei, who was lying on the ground now, was stunned.

Because War Leopard often had its enemies arrested and imprisoned, she knew a lot about prisons. Camino's prison guards rarely laid a finger on inmates. At most, they would lock them up and deal with them humanely. In short, they would not let anyone get hurt.

However, the prison guard just now had hit her without another word.

She had even slapped her!

Su Fei looked up angrily. She was about to complain when... Bang! A punch! It felt like a sandbag crushing her eye.

Chapter 2149: Miss Sunny Is Coming!

A sharp pain pierced her face, but rather than just not fainting, the blow seemed to give Su Fei some clarity.

The prison guard's fists fell on her like raindrops on the ground, hitting her everywhere that bruises would not be too obvious on.

The prison guard hit her extremely hard. After a few punches, Su Fei could not even scream anymore.

Xu Yunyun screamed at first, but she soon covered her mouth in fear, not daring to make any noise. She was afraid that the prison guard would hear her and come to hit her instead.

She curled up into a ball in the corner, shivering.

Bam, bam, bam!

Suddenly, someone hit the iron door with a baton, and the prison guard who was beating Su Fei up stopped.

"What's the matter?" the prison guard asked unhappily.

"Miss Sunny is here to see these two. How will she be able to see anyone if you beat them up like this?"

A flash of panic crossed the prison guard's eyes, and she anxiously asked, "Why is Miss Sunny here to see them? Didn't they try to kill Miss Sunny?"

"I don't know the details, but I do know that Miss Sunny will be coming in soon. No matter what you have to do, get them ready to receive guests as soon as possible."

"Okay." The prison guard nodded. She immediately walked back up to Su Fei, who was in so much pain that she could not even open her mouth anymore, and lifted her up from the ground like a lioness lifting her cub. She grabbed her by the neck and dragged her into a chair to sit down. Then, she got a glass of cold water and splashed it in her face.

Su Fei, who had just been beaten silly, came back to her senses at this point. She looked at the prison guard with a face full of horror and let out a miserable scream.

“Shut up!”

The prison guard shouted fiercely. Su Fei quickly covered her mouth with her hand. Tears fell down her face.

“Miss Sunny is coming to see you. You have to answer whatever she asks you. If you just stare at her the entire time, I’ll make sure every day for the rest of your life will be like today. You understand?”

Sophie’s eyes were wide. She quickly nodded in horror.

She did not dare to resist this terrifying prison guard.

The guard continued to threaten her. “You have to understand that you’re the one who hired a murderer to kill Miss Sunny, so Miss Sunny will definitely not let you off the hook. In other words, you’ll be my b*tch for the foreseeable future. If you tell Miss Sunny that I hit you, I might be punished, but I’ll make sure you get my punishment tenfold eventually. Even if I’m fired, I still have friends in this prison. They’ll definitely take good care of you. Do you understand?”

Su Fei nodded and kept on nodding. She nodded vigorously, afraid that she would somehow upset the prison guard.

Even Xu Yunyun, who was not hit, was scared to death. This guard was ruthless physically and verbally.

The prison guard looked at Xu Yunyun, who was squatting in the corner, and asked, “Are you going to crouch in the corner to answer Miss Sunny’s questions?”

Xu Yunyun quickly shook her head.

She immediately ran over from the corner and sat back down on her chair. She laid her hands on the table like an obedient student at the beginning of class.

Nangong Nuannuan walked in holding Chi Yang’s hand the moment both girls were seated, led in by another guard.

“Miss Sunny, please have a seat!”

The prison guard didn’t know who anybody else in the room was, so he could only greet Nangong Nuannuan politely.

Nangong Nuannuan glanced at Su Fei, who had been beaten up so badly she looked like a pig’s *ss, and Xu Yunyun, who had a nervous expression and was acting as obedient as a chicken. A trace of a smile flashed across her eyes.

Chapter 2150: Lifetimes Ago

“Who’s the prison guard in charge of them?”

The prison guard who was called upon was startled and immediately stood up. "Miss Sunny, I'm in charge of these two. Do you have anything to say to them?"

Nangong Nuannuan smiled evilly and praised her. "Nothing at all. I feel that you've managed these two very well."

As Nangong Nuannuan spoke, she looked at Su Fei's swollen face.

After the prison guard was praised, she looked in the direction that Nangong Nuannuan was looking at and instantly understood. She smiled and said, "Miss Sunny, you flatter me. It's our duty as prison guards to manage our prisoners. These people disrespect our country's laws, so we have the obligation to make them understand what it means to break the law and punish them accordingly."

!!

Nangong Nuannuan nodded. "That's good. It's important that those blind to the law get educated. But sometimes it's too late for education. After all, these two are already in prison. But who knows, they might still be able to get out in the future. To make sure they'll be good citizens if that's the case, re-education is still very necessary. Even if they're sentenced to life, they can still spread the knowledge to other prisoners who can get out in the future, right?"

The prison guard's smile was especially bright as she nodded and said, "Yes!"

When Su Fei and Xu Yunyun heard that, they knew that they might stay in this terrible place for the rest of their lives. They felt terrible.

At that moment, both Xu Yunyun or Su Fei regretted what they had done to Nangong Nuannuan.

"Miss Sunny, I'll wait for you outside. If there's anything you need, you can call me anytime."

"Okay."

The prison guard had been very good toward Nangong Nuannuan. Su Fei and Xu Yunyun were jealous.

If only this prison guard could treat them that well too. How good would that be? Then they would not have to get beaten up.

The prison guard then left, leaving only Nangong Nuannuan, her friends, Su Fei, and Xu Yunyun.

The three Wu siblings sat next to Nangong Nuannuan. Wu Pingting was about to speak to Xu Yunyun when Xu Yunyun got up from her chair first. She walked around the table and knelt down in front of Wu Pingting.

"Pingting, please spare me! Please spare me! I know I was wrong! I was too fond of Brother Feiyang, but he never paid me any attention. I've liked him so much ever since I was young. I taught myself to become the kind of girl he likes. My wish for as long as I can remember has been to marry him one day.

"So when I realized that Brother Feiyang didn't pay much attention to me, I was very sad. When I found out that he talked to you much more than he talked to me, I was jealous.

“Pingting, you treated me as a friend for so many years, and I treated you as one too. I really hoped you would find a good, good, good man for yourself one day. I just didn’t want Brother Feiyang to be that man.

“At that time, I was so jealous that I went crazy. So, when Wu Zongxu came to me and told me that he liked you but you wouldn’t be with him, I listened to him as he told me about how he hoped I would help him find someone to kidnap you and rape you. Because I was angry at the time, I agreed.”

Even though those events had happened not long ago, they felt like lifetimes ago to Xu Yunyun or Wu Pingting.
