

Physician Wife 2161

Chapter 2161: The End of the Wicked

"You can't take her insults? When Su Fei scolded my mother and insisted that the police bring my mother in to suffer with her, why didn't she think about how my mother was her aunt? Do unto others what you wouldn't do to yourself, huh? What goes around comes around. Little Sis, let's go. Don't sink to the level of a retard. From now on, we're strangers. They have nothing to do with our family."

"Yes." Carol nodded and got into the car.

The Shipley family left in two luxury cars, leaving Su Zhi and Fang Lanzhi in their dust.

"Su Zhi, do you think our Su Fei can..."

Slap!

A loud slap rang out. Su Zhi slapped Fang Lanzhi across the face.

He was the boss of the War Leopard. He was only been married to this barren idiot for her connections. He knew that Fang Lanzhi's sister, Fang Lanxin, had married into Luntanese nobility and become the daughter-in-law of the Shipley family.

Fang Lanxin's support over the years had secretly gotten him some weapons that were not available in Camino. In addition to that, his sister had married into the Xu family. With this financial support, he had been able to gain a firm foothold within War Leopard and become their boss.

However, the Shipley family had drawn a line between them. His overseas support was gone, and Fang Lanzhi was no longer of any use to him.

He had long disliked this woman. She liked to use his power to act arrogantly, but she was as stupid as a pig, had a deformed figure, and thought of herself as an untouchable goddess.

Therefore, Su Zhi did not hesitate to slap Fang Lanzhi's face when he realized that the Shipley family would no longer work with the Su family.

Fang Lanzhi's face was full of disbelief.

"Y-you actually hit me?"

"So what if I hit you? I want to f*cking shoot you! If you didn't mislead Su Fei and if you hadn't insisted on flying first class, would we have offended Nangong Nuannuan? Was Su Fei really trying to get Chi Yang to fall in love with her? Why would the Grand Marshal's grandson fall in love with someone like her? Not only did she not know her place, but she even dared to kill Nangong Nuannuan. You! As her mother, not only did you not try to persuade her against it, you encouraged it! What the f*ck... Did you think you had the power to hate the young miss of the Nangong Family? She could turn you into dust with just a snap. I've told you so many times to talk to Su Fei, but not only did you not talk to her, you even allowed her to attack Nangong Nuannuan in Luntan. This is great. You've finally put your daughter in prison, and it's a Luntanese prison that we have no power in. Now you can stay in Luntan, hire a

lawyer to try to save your daughter, and continue to fight Nangong Nuannuan. I won't stay with you any longer!"

After saying that, Su Zhi turned around and left.

Fortunately, he had another woman who had given him a child. It was a son.

Even though he felt a little sad that this daughter who had been raised to be an idiot would have to spend the rest of her life in prison, and he was a little reluctant to part with her, he still had a son. He would still have a decent life without the Shipley family.

"Su Zhi! Su Zhi, stop right there! Su Zhi, where are you going? Don't you care about Feifei anymore?"

Fang Lanzhi's throat was about to burst from her screams, but Su Zhi just got into his car and left without looking back.

Chapter 2162: Everything Is Gone

Her sister had disowned her, the Shipley family cut ties with her, Su Fei had been locked up in prison, and now, her husband was leaving her.

Fang Lanzhi could not understand how her life, which had been so wonderful up until today, had suddenly become a dumpster fire.

It was as if a mysterious dark force had pushed her happy life into the abyss with an irresistible force.

Fang Lanzhi watched Su Zhi get into his car and leave in a daze. Then, she turned around to look at the prison that she could not enter. Finally, she looked at Xu Binyi and Su Tong, who were standing at the side. A huge wave of hostility arose from her body.

Fang Lanzhi pounced on Su Tong and started punching and kicking her.

"It's all your fault! It's all your fault, b*tch! If it wasn't for that b*tch Xu Yunyun's dark heart and her insistence on messing with Wu Pingting, how would my Su Fei have gotten involved? You're the one who messed with my Su Fei! You're the one who's ruined my life! I'll fight you to the death!"

"Are you crazy? Get lost!"

Seeing that his wife was being beaten into a pulp and could not retaliate, Xu Binyi pushed Fang Lanzhi away.

Fang Lanzhi was only a woman. Even if she fought with all her might, she could not resist Xu Binyi's shove.

After being pushed to the ground by, Fang Lanzhi could not stand up for a long time. Xu Binyi took advantage of this.

"The Shipley family won't help us anymore. I can only contact a friend I have here in Luntan. It's useless to argue with her. Let's go."

"Okay."

Su Tong nodded. She flipped her hair and stormed off with her husband.

Fang Lanzhi was left alone at the prison entrance in front of a large group of people. She lay there blankly for a long time before her gaze finally landed on the direction Su Zhi had left in.

Her blank eyes gradually gained an expression of shock, then anger, then hatred, and eventually, sadness.

Su Tong was wicked, and she had raised the wicked Xu Yunyun. In the end, she and Su Fei were the unlucky ones.

Su Tong had Su Zhi's support, so even if Xu Binyi was extremely unhappy with Su Tong, he had to be patient and treat Su Tong well.

What about her? Her sister and brother-in-law severed their relationship with her, but luckily Su Zhi had taken a liking to her and dumped his girlfriend for her. Her other sister, Fang Lanxin, had married a noble in Luntan too, so she now had power in Luntan.

She was well aware of this.

Therefore, even she was clearly not as pretty as Su Zhi's girlfriend back then, she could marry him easily because she had a background.

However, her daughter had now ruined her good background.

Without any background, even her daughter was in prison, so she had no way to keep Su Zhi.

Therefore, after Su Zhi reacted to this information, he immediately abandoned her.

Yes, he abandoned her.

She believed that even if she followed Su Zhi back to Sea District now, she would still face the divorce contract.

What Fang Lanzhi did not expect was for everything to leave her at once. She always thought that even if she got divorced, at least she would still have Su Fei. Su Fei was Su Zhi's only daughter. He would definitely do everything he could to keep her daughter. As long as Su Zhi had Su Fei, Fang Lanzhi could stay in his life. Even if her life would be much worse than it used to be, it would still be better than many people's.

Chapter 2163: Exactly the Same

However, Fang Lanxin's mindset changed one day. She walked in on Su Zhi having dinner with his ex-girlfriend. The woman whom she had once trampled under her feet was now sitting elegantly in her dining room, eating daintily. From time to time, Su Zhi would feed the woman and her son food.

When Fang Lanxin looked at the boy, besides having inherited that woman's charm, he looked almost exactly like Su Zhi.

Exactly the same!

Exactly the same!

Su Zhi had a son! His son was born through that slut!

When Fang Lanxin still had her older sister's support, Su Zhi acknowledged her daughter as his daughter. However, now that she did not have her older sister supporting her, she was nothing. Her daughter was nothing, too.

Su Zhi already had a son. Now that his relationship with the Shipley family had been severed, it did not matter to him whether his daughter was in Luntanese state prison or not. If she was there forever, so be it. There would be one less person competing with his son for property.

It is said that a river flows east for thirty years before it flows west for thirty years. It had only been eighteen years. The fates of Fang Lanzhi and the woman she had once threatened and had even kicked twice had completely changed.

She had looked at Fang Lanzhi with a noble smile. She did not hit her nor scold her. She just picked up a piece of food, put it into Su Zhi's bowl, and said, "Hubby, this is delicious." That was worse revenge than being stepped on and kicked twice back.

Her daughter had been spoiled. She had personally ruined Fang Lanzhi's and her sister's relationship, causing her to lose the great backer of the Marquis' mansion of Luntan.

It seemed like Su Zhi had never broken up with the apple of his eye. His son was not a baby, after all.

When the butler and bodyguards threw her luggage everywhere and threw her out of the house, Fang Lanzhi looked up at the sky.

The heavens were watching.

She had not taken good care of her daughter. She was not a good person, which resulted in her suffering such an ending as a middle-aged woman.

If Fang Lanzhi was asked what she regretted most, she would definitely say it was stepping on the plane that Nangong Nuannuan chartered. If she had not stepped on that plane, her life would still be fine.

Her daughter would not have become enemies with Nangong Nuannuan. Even if Su Fei and Wu Pingting had a conflict, Su Fei would not be involved in this incident. Su Fei would not have dragged her sister down with her when she was caught. She would not have lost the support of the Shipley family.

However, that was all wishful thinking.

At the moment, all Fang Lanzhi could think about was how Su Zhi wanted to divorce her.

Nangong Nuannuan and the others left. In the car, Nangong Nuannuan asked in confusion, "Pingting, there's a question I've been wanting to ask you, but I always forget to ask it."

“What is it?”

“Xu Yunyun said she attacked you because of Xu Feiyang. But isn’t Xu Feiyang Xu Yunyun’s brother? Or is Xu Feiyang’s Xu family not the same as Xu Yunyun’s Xu family?”

“Brother Feiyang is a member of the Xu family, but he’s not related to them by blood.”

“Is he a servant of the Xu family?”

Wu Pingting shook her head and said, “It’s said that brother Feiyang was an orphan. It was Xu Jianye, Xu Binren and Xu Bingyi’s father, who adopted him. So Brother Feiyang is called Grandpa Xu, while Xu Binren is Uncle, and Xu Binyi is Second Uncle.”

Chapter 2164: Would Not Exist in Six Years

“Xu Feiyang might seem like Xu Yunyun’s cousin, but he’s not related to her by blood. So it’s not impossible for Xu Yunyun to like Xu Feiyang.”

“How could a family like the Xu family adopt a child?” Nangong Nuannuan asked curiously.

“What’s so strange about that?”

Nangong Nuannuan shook her head. “I’m not saying it’s strange. I just think that it would’ve been possible for your grandfather, your uncle, and your father to adopt a child. They’re the kind of people with good values and who are capable of adopting a child. But the Xu family... I’ve checked their information, and I feel like they all have their eyes on Xu Feiyang. One look, and you can tell that they’re the kind of people who scheme like crazy. For such a person to adopt a child, they must have some ulterior motive for Xu Feiyang, right? How long was Xu Feiyang in their house?”

Wu Pingting blinked her eyes blankly. “I don’t know. For as long as I can remember, Brother Feiyang was always part of the Xu family.”

“Doesn’t he have a history with War Leopard?”

Wu Pingting shook her head. “How could that be possible?! Brother Feiyang used to live a miserable life in the Xu family. Even though he was adopted, his status was similar to that of a servant’s. However, Brother Feiyang had a master who taught him kung fu since he was young. After he graduated from primary school, Brother Feiyang went out to mingle in society. He became the boss of a small gangster group. Later, the gang grew bigger and bigger, and eventually became War Leopard!”

Wu Zongyang also said, “If Brother Feiyang hadn’t learned martial arts and become the boss of War Leopard, we wouldn’t know how miserable he would be in the Xu family right now.”

Nangong Nuannuan looked at Wu Zongyang and said, “Oh, I forgot that you’re also a member of the Wu Family.”

Wu Zongyang, “...”

“You’re older than Pingting. You should know how long ago the Xu family adopted Xu Feiyang, right?”

Wu Zongyang shook his head and said, "I don't. Xu Feiyang has been part of the Xu family ever since I was young. I heard from my father that Xu Feiyang was abandoned by the roadside just after he was born. Xu Jianye felt sorry for him, so he picked him up and brought him home."

"Nuannuan, why did you suddenly think of asking about Xu Feiyang?"

Wu Pingting thought that Nangong Nuannuan's question would be about Xu Yunyun and Xu Feiyang's relationship. What she was asking was odd.

Wu Pingting looked at Nangong Nuannuan, Wu Zongyang looked at Nangong Nuannuan, and even Chi Yang looked at Nangong Nuannuan with a meaningful expression. Nuannuan, "..."

"Ahem..." She glanced back at Big Brother Chi Yang, who had a question written in his eyes. 'Why are you so interested in Xu Feiyang?!!!' Nuannuan explained, "I think there's something fishy about this. Don't you guys think so?"

Wu Pingting and Wu Zongyang looked at each other and shook their heads.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://bom.so/sBJMla>" to support us

They did not think there was anything fishy about this at all.

Nangong Nuannuan looked at her Big Brother Chi Yang and Sze Lingyun.

Chi Yang acted as if it was none of his business. Even if there was something fishy going on, he did not care about it.

Sze Lingyun, on the other hand, was dumbfounded. She did not even know who Xu Feiyang was.

Only Nuannuan knew that the Xu family would not exist in six years. The Xu family should have been wiped out five years ago.

The person who wiped out the entire Xu family was none other than Xu Feiyang.

However, in her previous life, she had not had much interaction with Xu Feiyang. The few times they interacted were because Zhong Qianqian had found War Leopard's men to kill her.

Chapter 2165: I Guessed

However, because Xu Feiyang knew how to handle things, he also knew how to judge people. He knew that Nuannuan was not as harmless as she appeared, so he apologized to her every time, punished his subordinates, and made amends to her.

Those few encounters were not enough for Nangong Nuannuan to investigate his background.

She only knew a bit of superficial information.

The Xu family wanted to harm Xu Feiyang. Xu Feiyang had suffered a great loss and narrowly escaped death a few times. In the end, in a fit of anger, he destroyed the Xu family.

Why had the Xu family adopted Xu Feiyang in the first place?

Nangong Nuannuan did not believe in the Xu family adopting a pitiful baby lying by the roadside.

There were so many abandoned orphans in the orphanage. Why had the Xu family not adopted one or done some charity work instead to gain good karma?

Since the Xu family had never done any charity work, why did they bring Xu Feiyang back home?

Why did they not treat Xu Feiyang well if they had already decided to adopt him?

There had to be something fishy going on.

Combined with the memories from his previous life, Xu Feiyang must have suffered quite a series of blows before he decided to wipe out the Xu family.

In any case, they would still be wiped out. The Xu family had used such despicable and shameless methods to deal with Wu Pingting and Uncle Wu. Regardless of whether it was out of friendship or for Wu Pingting's or Sze Lingyun's sake... Nangong Nuannuan felt that she, as a bystander, should give Xu Feiyang some pointers.

Even though War Leopard was now the largest mafia organization in Camino, War Leopard right now could not be compared to War Leopard in a few years later.

Since she had already saved Xu Feiyang once and saved him again, she was more willing to ask Xu Feiyang for help.

In fact, Nangong Nuannuan had really only helped him to get him to help her. However, she did not know that even if she had not helped him, Xu Feiyang would spare no effort to help her in this lifetime.

That was because the last time she helped him in prison had left a deep impression on Xu Feiyang. She had captured the heart of a pure-hearted man.

Even though Nangong Nuannuan was already taken, and although she never felt like she treated Xu Feiyang any differently from how she treated other people, this did not affect the fact that she would be the white whale in Xu Feiyang's life for the rest of his life.

Nangong Nuannuan took out her phone and fiddled with it for a long time. The car had arrived at the Imperial Palace by the time she finished fiddling with it.

Even though the Wu siblings were very curious, they did not say anything when they saw that Chi Yang was not saying anything. After all, they had with Nangong Nuannuan for a long time now. They knew that if she was fiddling with her phone so seriously, someone was going to be punished through the Internet soon.

After she hacked into all the relevant websites, Nangong Nuannuan realized that the Xu family... No, Xu Jianye, was really shameless to the core!

It wasn't until Nangong Nuannuan's phone changed from a blue screen to an ordinary phone interface that Chi Yang said, "Xu Feiyang is a member of the Xu family."

Nangong Nuannuan looked at Chi Yang and asked in surprise, "You know?"

"I guessed."

Nangong Nuannuan looked at her man with starry eyes and a face full of admiration. "Big Brother Chi Yang, you're so amazing! How did you guess?"

"Because Xu Feiyang looks like a member of the Xu family."

"Right? Right?! When I met Xu Yunyun, I felt like she and Xu Feiyang looked alike. That's why I asked Pingting how Xu Yunyun could like Xu Feiyang."

Chapter 2166: Xu Feiyang's Background

"Then Xu Yunyun must not know that she and Xu Feiyang are related by blood."

Nangong Nuannuan asked with a smile, "Now guess what's the relationship between Xu Feiyang and the Xu family?"

Chi Yang blurted out, "Xu Jianye only has two sons, his eldest, Xu Binren, and his second, Xu Binyi. They're not good to Xu Feiyang. Obviously, Xu Feiyang isn't either of them's illegitimate child. The person who adopted him is Xu Jianye, so I'm guessing that he's Xu Jianye's biological brother or younger brother's child."

Nangong Nuannuan had always admired her Big Brother Chi Yang. There were very few people in this world worthy of her admiration, but her Big Brother Chi Yang was definitely one of them!

He was brave, upright, intelligent, strong, and responsible. All of his qualities were amazing.

For example, when it came to intelligence, even though Big Brother Chi Yang did not speak much and allowed her to take the lead in many matters, he usually figured out everything she did but just stayed silent.

Nangong Nuannuan looked at Chi Yang and asked with a smile, "Okat, now guess why Xu Jianye doesn't like him if Xu Feiyang is a member of the Xu family? Why does he treat him so badly, yet he still wants to support him?"

Chi Yang looked at Nangong Nuannuan's smiling face, and his eyes were filled with a smile that only Nuannuan could read.

"You've already asked this question. It must be because Xu Feiyang is the child of Xu Jianye's older brother or younger brother. However, Xu Jianye killed his older brother or younger brother. However, when he wanted to kill Xu Feiyang, he realized that Xu Feiyang couldn't die. He had no choice but to keep him alive. Therefore, he let Xu Feiyang go and raised him in his own home. However, Xu Feiyang's existence always reminded him of another person. Therefore, the illusion to the public was that Xu Jianye picked Xu Feiyang up on the roadside and acknowledged him as his godgrandson. However, the Xu family treated this godgrandson badly."

"Big Brother Chi Yang, you're so smart!"

The three siblings of the Wu family looked at the two people in front of them, dumbfounded.

They had actually been able to figure out Xu Feiyang's complicated background from a little superficial strangeness.

No wonder Chi Yang had become a lieutenant general at such a young age. His brain was completely different from ordinary people's.

"Nuannuan, then... What you found just now is what Big Brother Chi Yang said, right?" Wu Pingting asked.

"Yes." Nangong Nuannuan nodded. She looked at Wu Pingting and asked, "Do you have Xu Feiyang's contact information?" If she did not, Nuannuan would have to go back to the dark web again.

"Yes."

Wu Pingting hurriedly sent Nangong Nuannuan Xu Feiyang's contact information.

After they returned to the palace, Empress Sophie threw a party for everyone. Nuannuan and the others had just returned, so they had to go back to their rooms to freshen up.

After returning to their rooms, Nuannuan called Xu Feiyang.

Xu Feiyang was currently in the middle of a negotiation that involved the ownership of some entertainment venues of the #1 and #2 gangs in Emperor District.

The venue of the negotiation was an underground casino. This casino used to belong to War Leopard, but recently, the number two gang, Flying Dragon, had been making trouble at this casino. Flying Dragon used to work with War Leopard to sell contraband, but after Xu Feiyang was released from prison, he cleaned up War Leopard's operations.

Chapter 2167: Mysterious Call

Previously, Flying Dragon could only obtain the items they wanted through War Leopard. However, before they had gotten everything they wanted, Xu Feiyang stopped his underlings from making money off him. Flying Dragon suffered as a result.

In trying to force Xu Feiyang's hand, Flying Dragon provoked him again and again. Finally, it attracted negotiation between Xu Feiyang and the boss of the Flying Dragon, Cheng Shitian.

The scene was quite spectacular when the leaders of both sides came face-to-face. Both the members of Flying Dragon and War Leopard were all afraid that something would happen to their leaders.

They had no choice but to negotiate, even though they did not want to fight the other party or lose to them.

If the negotiation went smoothly, War Leopard and Flying Dragon could still coexist peacefully in the future. However, if the negotiation did not go smoothly, they could start a fight tonight. People might get killed.

Both sides agreed that they would not bring guns. When they came in, War Leopard's people would be responsible for inspecting the Flying Dragon's people, and the Flying Dragon's people would be responsible for inspecting War Leopard's people.

Both sides were only allowed 20 people each. In other words, they could not have a huge entourage with them.

If a fight broke out, both sides would only have 20 people, so the fight would not be too big, and the victor would be decided very quickly.

Even though he was in his own territory, and he had brought the same number of people over as the other party, ever since he sat down at the negotiation table, Xu Feiyang had an inexplicably bad feeling in his heart.

He had been living on the edge of a knife for so many years. Today's path was something that he had fought for with his body and his life.

He was still alive because he had a stronger sixth sense than other people.

What was up today?

The people he had brought were people that War Leopard could trust. The other party only had 20 people. This underground club was his. Even if Flying Dragon was here, this underground club consisted of his people. If anyone were to suffer, Flying Dragon would suffer. Why was his heart so uneasy?

"Boss Xu, I asked you to come here today to negotiate because ever since you came back, you banned the trading of prohibited items. This not only greatly reduced War Leopard's, but it's also affected Flying Dragon's economy. You have to know that the other party is only willing to cooperate with you. Without you acting as a middleman, the other party isn't willing to cooperate with us. You're controlling this passageway, and you aren't willing to hand it over. Boss Xu, to put it bluntly, we're all businessmen. If you wanna act like this..."

Cheng Shitian was still talking when Xu Feiyang's phone rang, interrupting his words.

He was Flying Dragon's boss, so Xu Feiyang had to give the other party some face. Seeing that the caller ID was an unknown number, Xu Feiyang hung up the phone.

Flying Dragon saw that Xu Feiyang had hung up the phone and was about to continue talking.

However, a text message suddenly popped up on his phone. The text message was from the same number that called him just now. There were only two words written on it: Nangong Nuannuan.

Cheng Shitian continued. "Your actions have caused Flying Dragon to lose a lot of money. My men are very unhappy."

He had just finished speaking when the same number called again.

Cheng Shitian frowned. "Boss Xu, we're all bosses here. It's understandable that we're busy. But you're at the negotiation table now, and your phone keeps ringing. We're not even..."

“Sorry, Boss Cheng, it’s a call from a girl of mine. Something happened to my cousin in Sea District. She was involved in a kidnapping case. I need to help her. Give me five minutes. We’ll talk again soon.”

Chapter 2168: Did You Know?

After saying this, Xu Feiyang ordered the twenty people behind him, “You guys, wait for me here.”

He opened the door and walked out. When he picked up the phone, Cheng Shitian clearly heard him say, “Nuannuan, what’s the matter?”

Cheng Shitian had been paying attention to Xu Feiyang’s matters. He knew that Xu Feiyang’s sister, Xu Yunyun, had found someone to kidnap a noble girl. She had ordered the rape of the heiress of the Wu family! Who could have guessed that the Wu family had the backing of the Nangong family’s heiress, so the Xu family would suffer miserably?

Hearing Xu Feiyang say the name Nuannuan after he said that the call was related to his younger sister, Cheng Shitian and War Leopard’s people knew that this call was probably from the Nangong family’s heiress.

After Xu Feiyang walked out, he casually pushed a private room door across from him open. He closed it behind him.

Cheng Shitian, War Leopard, and a few others took a look at him before he disappeared. Seeing his calm expression, they waited patiently.

Not only had Xu Feiyang blocked Flying Dragon’s path to wealth, but he had also ruined War Leopard’s and a few other high-ranking officials’ profits too. He had to die!

Even though Xu Feiyang was indeed very powerful, he did not know that the Xu family did not want him anymore. The Xu family had long wanted to get rid of him and replace him.

The negotiation today was just a pretense. They had tricked Xu Feiyang into coming over so they could encircle him and get rid of him. No matter how powerful he was, did he have eyes in the back of his head?

Since his back was exposed, his family was backstabbing him. Today would definitely be the day he died.

There were still so many people from War Leopard sitting here, and there were no windows in the opposite room. He was just gone to make a phone call, and it was Nangong Nuannuan he was calling. Cheng Shitian was still confident.

Xu Feiyang had not been expecting Nangong Nuannuan to call him. Even though he knew that Nangong Nuannuan had a fiancée, he was still very happy to receive her call.

“Nuannuan, why did you call me?”

He decided that no matter what Nangong Nuannuan wanted him to do, he would do it.

“Brother Xu, are you free to talk right now? I have something very important to tell you.”

“Yes, I’m free. Go ahead.”

“Did you know that you’re a member of the Xu Family?”

Xu Feiyang did not know why Nangong Nuannuan was asking this question. He just said, “I know. I was adopted and raised by Old Master Xu. But even though I’m the adopted son of the Xu family, my contribution to the family over the years has long surpassed their kindness in raising me, so if you have any plans, you don’t have to worry about me.”

Nangong Nuannuan knew that he had misunderstood, so she said, “No. I want to tell you that you’re not some child Xu Jianye picked up from the roadside, but a biological member of the Xu family.”

“What?”

Xu Feiyang was surprised. His first reaction was that if that was really the case, then he was probably an illegitimate child.

“Your grandfather is Xu Jianye’s brother. His name is Xu Jiancheng, and your father’s name is Xu Binlei. 40 years ago, your grandfather founded the Xu Corporation, which mainly produces daily-use chemical products. He also founded Sea District’s famous Tianfu Jewelry Store and Liberation Restaurant. At first, Xu Jianye was nothing. He was just an idler who relied on your grandfather to make a living. But later, when your father took over the company, he took Xu Binyi into the company as a vice president out of consideration for their brotherhood. But Xu Binyi was greedy. Not only did he want your family’s company, but he also took a liking to your mother.”

Xu Feiyang, “...!!!”

Chapter 2169: K999

“At that time, your mother had just given birth to you and went home to recover. Xu Bingyi took advantage of your father’s absence and ran to your house. He was in your house for half an hour. Your father had something to do at home, so he went back. When Xu Bingyi came out, he was covered in blood. Xu Jianye and Xu Jiancheng rushed over. Xu Jiancheng carried you out of there. After a few days, Xu Jiancheng encountered a car accident outside. Then, it was said that you were the only surviving member of your family.”

When Xu Feiyang heard Nangong Nuannuan’s words, the anger in his heart instantly soared.

The doubts that had once lingered in his heart found a breakthrough at this moment.

After living under their roof for 27 years, he was fed up with the Xu family’s way of showing gratitude. They had raised him crudely and did not treat him well. However, after he gained possession of War Leopard, they were like gluttons who could not eat enough and always wanted more from him.

Even though he knew that Nangong Nuannuan would definitely not lie to him, Xu Feiyang still asked, “Nuannuan, do you... have any evidence for this?”

“Yes.”

Nuannuan's decisive words made Xu Feiyang decide on the spot to cut off all ties between him and the Xu family.

Heh, actually... just cutting ties?

This required revenge!

A blood feud that involved killing one's parents?

"I don't know why the Xu family didn't get rid of you before and raised you even though you were a threat to them. But now, it seems like they're preparing to get rid of you. You have to be careful of who you keep around you. How many of your people are from the Xu Family? They're looking for an opportunity to kill you."

Xu Feiyang did not say anything after she finished speaking. She asked, "What's wrong?"

After hearing Nangong Nuannuan's words, Xu Feiyang knew that even though he had arranged everything very well, he could not help but feel that danger was approaching.

After hearing Nangong Nuannuan's concern, Xu Feiyang smiled bitterly and said, "If only you had called this number fifteen minutes earlier. I might not be able to leave now."

Among the twenty people he had brought today, twelve of them had been saved by him. They were fine. The remaining eight people were members of the Xu family. Including the twenty people from Flying Dragon, there were nine people on his side and 29 people against him... Even if he could strike first, there was no way he could escape unscathed in this narrow space.

Even if they could rush out, the people guarding outside were definitely members of the Xu family. If he lived past today, it would definitely be thanks to a lucky chance.

"What's wrong? Where are you now?" Nangong Nuannuan asked with a frown.

"I'm in a private room on the second floor of the K18 club in Emperor District. Their people are everywhere outside. My people are in the negotiation room. There are twelve brothers in the room who don't know that there are eight spies among them."

"..." Nangong Nuannuan felt like the main character of a cartoon. Situations appeared wherever she went.

"Tell me which room you're in."

"I don't know what room I was in, but I know that the room directly opposite me was K999."

"Got it."

As soon as Nangong Nuannuan finished speaking, Xu Feiyang heard the sound of her fingers rapidly typing on a keyboard.

"You can look to the fourth ceiling tile on the second row on the upper left. It's movable. You can enter the air vent from there. Hurry up and go in."

Xu Feiyang's beautiful eyebrows slightly twitched. "You can see me?"

“Not only can I see you, but I can also see the others. Hurry up and leave!”

Xu Feiyang did not continue to nag her.

Chapter 2170: He Must Be Very Loyal

Even though his brothers were still inside, he had to ensure his own safety first so he could keep them safe later on. If he was in danger, they would definitely risk their lives to protect him.

Just as Nangong Nuannuan had said, the tile looked no different from the other tiles. However, when he stepped on a stool and used his hand to push up, the tile came loose.

Xu Feiyang put in his Bluetooth headset and put his phone in his pocket. With a leap and a pull of his hands, he easily leaped up into the vent on the roof.

After entering the vent, Xu Feiyang covered the hole again with its original tile.

“To the left. Climb faster! There are fewer people here.

!!

“To the right, continue!”

Even though he was a vent, Xu Feiyang still knew the general direction to get out of the building. If he went to the right, he was walking into a dead end.

However, Xu Feiyang trusted Nangong Nuannuan very much. Without thinking, he moved right as quickly as he could.

“Stop! Go down from here. Open the door. There’s a guard on the left, and he has a gun on him. Go get a gun first.”

Xu Feiyang’s lips curled up. “Okay!”

After replying, Xu Feiyang gently opened the vent, went down, and opened the door.

When the person at the door heard that the door was being opened, he instinctively turned around to look. However, by the time he got a good look at the person behind the door, his carotid artery had already been struck by a powerful force, and he had fainted. Xu Feiyang immediately dragged him into the private room and took the gun from his waistband.

“You don’t have to use the vents anymore. Go straight ahead. There’s someone at the second corner in front. Kill him and take his gun away. Drag him into the private room at the side too.”

Xu Feiyang moved forward smoothly. He was like an unstoppable force. He killed five people and disarmed five more as he went. It all went extremely smoothly.

“Are you controlling them?” Even though he knew that he should not be speaking right now, this was just too much to take in!

“Yeah!” Nangong Nuannuan responded.

Xu Feiyang sighed in his heart. The woman he fancied was so unique. She could actually trick the people to such an extent.

He thought that he knew Nangong Nuannuan very well, but he had just met her too many times in his imagination. She imagined herself to be a sophisticated hacker with five or six computers in front of her, her eyes staring unblinkingly at the screens. He thought about this as he disarmed the people who were running about here and there now. However, in reality, Nuannuan was working with only a laptop. She was using toothpicks to eat the conifer cherries that Chi Yang had given her while she used one hand to open dozens of extremely small video clips.

She took a small bite of one of the cherries and fed the remainder to Chi Yang, who looked a bit like a doofus trying to eat it. She tried to teach him how to move elegantly and seductively.

It soon dawned upon Xu Feiyang that under Nangong Nuannuan's guidance, he had actually defeated all the people surrounding the K999 private room.

"So now..."

"Don't you have a gun? Inside your private room, the person in the lead, the person on the left, and the person on the right behind you have a gun each. In total, the traitors on your side have two guns, and the leader of the other party has one. Speaking of which, the person on the right behind you seems to be the person who asked me how you went to the toilet last time in prison, isn't he?"

Xu Feiyang, "...!!!"

"That guy is so stupid. You actually bring him along everywhere? He must be very loyal, right?"
