

Physician Wife 2211

Chapter 2211: the damned old woman (2)

in her heart, nothing in the world could compare to her son.

“Yes, I also heard them on the phone today. An ‘er didn’t kill Shi Lingyun. If you want to punish someone, punish Yaxing instead. You can chase her out, or put her in jail to let you vent your anger. However, little an was innocent.

Senior officer, no matter what, an ‘er is the son you’ve raised for 43 years. He won’t acknowledge me anyway, so just pretend that this never happened. In the future, he will still be your son. You picked up a son for nothing. No one else would have thought of such a good thing. Why do you have to take advantage of him and still say “reasonable and unforgiving”? he almost blurted out. Old lady Li bit her head and was glad that she did not say it out loud.

“You old hag, why don’t you just go and die?”

As soon as Xiao Yanan and Xiao Yaxin were caught, they heard the conversation between elder Xiao, their father, and the old woman.

At that moment, Xiao Yanan and Xiao Yaxin still didn’t know what was going on. Why was their father kneeling on the ground? why was there an old woman who looked like she was in her seventies or eighties?

When she heard that her father had sold her out, Xiao Yaxin was already angry enough. However, when she heard that the old woman wanted her grandfather to send her to jail, Xiao Yaxin’s temper flared up. After cursing, she broke free from the guards holding her down and rushed towards old lady Li.

The Butler and the security guard knew what had happened, so they let Xiao Yaxin do as she wished.

Xiao Yaxin rushed in front of old Mrs. Li and started hitting her face. While she was working, she said, “you old hag, who the hell are you? I’m the young lady of the Xiao family. What right do you have to ask my grandfather to send me to jail? I’ll beat you to death, you old hag!”

Old Madam Li was wailing in pain from the sudden appearance of Xiao Yaxin.

Old Madam Li was used to being domineering. With the money that old master Xiao had given her, she was almost like an Empress at home. For so many years, her two daughters’ families had relied on her to make money and support them. Hence, she was the ancestor at home. She could tolerate Zhou Cheng ‘an hitting her. After all, he was her son, her God. However, he could not tolerate his granddaughter hitting him.

To put it bluntly, without a son, her granddaughter was nothing. Now, she was here to save her son and her granddaughter’s father, but Xiao Yaxin didn’t understand her and even came to beat her up.

Old Madam Li was also furious. Although she was afraid of old master Xiao, she wasn’t afraid of Xiao Yaxin. After all, she was the granddaughter of the Zhou family.

Although old lady Li looked old, she was only in her 60s. In this society where only people who were 69 years old could truly enter the senior stage, old lady Li was still very strong.

After receiving a few punches and slaps, old lady Li raised her leg and kicked Xiao Yaxin in the stomach. Xiao Yaxin raised her fist and was about to hit old lady Li's eyes, but she was kicked away by heavenly li and fell to the ground.

There was a table behind her, and Xiao Yaxin's lower back slammed into it before she fell to the ground.

Xiao Yaxin was in so much pain that she couldn't wait for a long time. It was only when Xiao Yanan saw that something was wrong with Xiao Yaxin that she stepped forward and asked, "Yaxin, how is it? Are you hurt anywhere?"

Chapter 2212: Apologizing to a stranger (3)

It took Xiao Yaxin a long time to recover from the pain. She rolled on the ground and screamed, "Capture this old hag! I'm going to kill her! I'm going to kill her!"

After screaming for a long time, she saw that none of the Xiao family's guards moved. Xiao Yaxin was so angry that she screamed, "I told you to arrest her. Are you deaf?"

However, no matter how sharp her voice was, the guard remained unmoved.

Xiao Yanan couldn't stand it anymore and said to elder Xiao, "Grandpa, why did you ask the guards to catch me and my sister? also, this person is full of nonsense. I believe that my sister definitely did not do such a thing. Grandfather, Yaxin and I are your granddaughters. How could you just listen to the one-sided words of others and arrest Yaxin and me? How could you treat us like this?"

"Shut up! You two, shut up!"

Zhou Cheng 'an still wanted to continue being elder Xiao's son. Facing these two incompetent and stupid daughters who were still questioning the old master and courting death, he simply wanted to eat their hearts.

"Dad, why should I shut up?" Xiao Yanan looked at elder Xiao and said with a pained expression, "Grandpa, I know that you value men over women and favor big brother and second brother. Especially since second brother only knows how to sacrifice, you only dote on big brother and never put me and little sister in your heart. But no matter what, my sister and I are your granddaughters. You captured us like criminals without distinguishing right from wrong, and you judged us to be in the wrong just because of a word from someone else. You're biased for making me and my sister kneel on the ground, but I'm your biological son. Why do you have to make me kneel and apologize to a stranger just because of someone else's words?"

Elder Xiao looked at the Zhou family putting on an act in front of him and truly understood what it meant to be a family of two.

"It seems like you two still don't know why Grandpa captured you," Xiao shenbin said with a smile. There's something I must correct you about. What do you mean by 'just because of a sentence from

someone else, you're going to make daddy kneel on the ground and apologize to a stranger'? Don't you know the stranger you're talking about?"

After saying that, Xiao shenbin pulled Wu Lingyun into his arms and said to Xiao Yanan and Xiao Yaxin, "The stranger you're talking about is grandpa's real granddaughter. And the two of you are nothing more than this vicious old woman's misdeed of switching princes with civet cats 43 years ago?"

Everyone knew about the story of the civet cat changing the Crown Prince. Xiao Yanan and Xiao Yaxin could understand Xiao shenbin's words, but why did they not understand when they connected the sentence together?

He glanced at his father, who was kneeling on the ground in fear and helplessness, and then at the old woman who was acting like a yes-man in front of him. An extremely bad feeling rose in his heart. At this moment, Xiao Yanan and Xiao Yaxin suddenly felt a chill rising from the bottom of their feet and spreading through their bodies.

"What do you mean? What did he mean by she was grandfather's real granddaughter? This b * tch, she's a Vixen who seduced Jing Yuan! Our Xiao family will never let such a b * tch in! Grandpa, she's just a b * tch from the countryside who wants to climb up the social ladder. I don't know where she found the Wu family of Haizhou to back her up, but she's been telling everyone that she's the granddaughter of the Wu family."

Chapter 2213: My teeth (4)

"I'm guessing her mother is just like her, a chicken trying to climb up the social ladder. It's just that her mother is better than her. Her mother managed to climb up and even gave birth to her, but she hasn't. Grandpa, she and her mother are both b * tches. You must not agree to her marriage with Jingtian!"

"Pa!" Xiao Yaxin had just finished speaking when Xiao shenbin gave her a tight slap.

"Xiao shenbin, what right do you have to hit me?" Xiao Yaxin shouted in anger.

Her family, her own cousin, had actually hit her in front of that b * tch.

That b * tch should have been the one being stomped on, but she was standing beside her grandfather and looking down at her. Her grandfather, on the other hand, was looking at her with eyes so cold that they could kill.

Xiao Yaxin shuddered, but before she could ask her grandfather why he was looking at her like that, a few slaps landed on her face.

If Xiao shenbin had controlled the strength of the first slap, then he had completely ignored her for the next few slaps.

After a few slaps, Xiao Yaxin was completely dazed.

When she came back to her senses, she coughed violently, but she spat out a bunch of teeth one after another.

“Ah!”

Looking at the dozen teeth on the ground and feeling the four teeth in her mouth that were on the verge of collapse, Xiao Yaxin screamed in fear.

“Teeth! My teeth! Ah, Xiao shenbin, I’m going to kill you!”

Xiao Yaxin growled and tried to get up, but because her back was in too much pain, she fell back to the ground.

Xiao shenbin kicked her on the shoulder after she spoke.

After all, he was a top special Forces soldier from the Eagle Special Forces. Even though he had retired due to serious injuries, he still had his strength.

Xiao Yaxin’s shoulder blade was dislocated and shattered by the kick. Even though she was struggling on the ground, her entire arm did not spin with her body. It just hung limply on the ground.

Looking at Xiao Yaxin’s miserable state and her grandfather’s unconcerned expression, Xiao Yanan swallowed her saliva and wisely chose to shut up.

Xiao shenbin sneered as he stepped on Xiao Yaxin’s body, stomping her firmly on the ground. He asked coldly, “Do you really want to stomp on little Yun like this? In your eyes, Xiaoyun and her mother are b * tches who seduce men, but in our eyes, Xiaoyun and her mother are the most precious treasures in the world! And you, you’re even worse than a b * tch. To us, you’re nothing but lowly scum!

because this vicious old woman returned her son to her grandfather 43 years ago and exchanged her grandfather’s biological daughter with me. That’s why you have the chance to enjoy 20 years of happiness with your father with dirty blood. Your father’s 43 years of good fortune was due to my aunt’s 43 years of abuse and pain. You and your sister’s 20 years of good fortune were due to my sister’s 21 years of abuse and pain.

Xiao Yaxin, Oh, no, your surname is not Xiao. You are the granddaughter of this evil old lady. Your surname is Zhou. Zhou Yaxin, I’ve always felt that you’re very disgusting and I’ve always wanted to hit you. However, you were my younger sister in the past and I couldn’t do anything to you. But now, you’re not. Not only that, you even insulted my sister and trampled on her and my aunt’s dignity.”

Chapter 2214: How do you know I’m not? 5

“Your biological grandmother swapped our child back then, and now, not only do you want to destroy my sister and Jingtian’s marriage, but you also want to kill my sister by hiring a killer? Eh? Do you think you’re so powerful that no one knows you hired a Hitman? It’s a pity that your useless father sold you out at the first opportunity to protect himself. Zhou Yaxin, do you think the court will sentence you to death for hiring someone to kill the Xiao family’s daughter?”

Xiao shenbin’s words were like a demonic sound from hell, causing the two sisters, Zhou Yanan and Zhou Yaxin, to be completely stunned.

After the shock, it was disbelief and horror.

The two of them shook their heads.

Zhou Yaxin couldn't even feel the intense pain in her shoulder because at this moment, her pride and her Halo of being the Xiao family's heiress had been destroyed. She felt as if her entire world was rapidly collapsing. Everything that she had, everything that she had relied on to survive in this world, was rapidly leaving her and going straight to the person she hated the most in her life.

"No, no, no! It wasn't like this! Grandpa, tell me that it's not like this! I'm your granddaughter, I'm your biological granddaughter! I'm not this old hag's granddaughter, she's just a stinky dog shit from the gutter, what right does she have to be my elder?"

"Yes, you're right, she's indeed a stinky dog shit in the gutter. And you, you're her biological granddaughter, so you're also stinky dog shit."

"I'm not! I'm grandpa's granddaughter! I'm grandpa's granddaughter! You shut up! Shut up!" Zhou Yaxin screamed.

"No, you're not my granddaughter! I only have one granddaughter, and that is Xiao Yun! I've already done a DNA test with your father. He's the mother and son of this old lady. He has no blood relationship with me."

Elder Xiao's voice was cold, but when he mentioned Wu Lingyun, he softened his voice. He looked at Wu Lingyun with eyes full of love.

When Zhou Yanan and Zhou Yaxin saw this scene, their eyes almost popped out of their sockets.

Especially Zhou Yaxin. The status that she was so proud of had been swapped with Wu Lingyun's. Wu Lingyun was now not only the daughter of the Wu family, which was Haizhou city's most powerful family, but also the daughter of the Xiao family, which was dizhou city's most powerful family. On the other hand, she had been turned from the daughter of the Xiao family to the granddaughter of this disgusting old woman. Even if she had her mother's family backing her up, how could she accept this? How could he accept this?

Zhou Yaxin cried until her heart ached and she cried hysterically, "No, Grandpa, it's not like that. You must have been deceived by this bitch! You've been tricked by her! She's not your granddaughter! I am! You haven't even done a DNA test with me, how do you know I'm not your granddaughter?"

"Slap his mouth!" Elder Xiao coldly ordered.

After the guard received the order, he walked to Zhou Yaxin's side and gave her face, which was already red and swollen to the point of turning purple, a series of slaps.

The guard was also angry. Their old general had served the country and the people all his life, but he had shed blood and sweat on the front lines. This family had taken advantage of him and hidden his biological daughter, exchanging his own child for someone else's. If you want to change, then so be it. Out of guilt, you should at least treat other people's daughter better, right? They, on the other hand, killed his daughter and abused his granddaughter. If it wasn't for young master Jing Tian, she would have never had any relatives in her life. It was the old General's mercy that he didn't execute this family on the spot for such hatred.

Chapter 2215: You want to retreat in one piece?(6)

Hence, after a round of slaps from the guards, all of Zhou Yaxin's teeth fell out.

Zhou Yaxin looked at the mouthful of white teeth and blood on the ground. She felt that her mouth was empty, and she could only feel her gums. She cried with extreme grief.

In addition, his mouth was in so much pain that he could barely open it, so he finally shut his mouth.

Seeing that she had shut up, elder Xiao then said, " "You have indeed inherited everything from this old woman and your father. Cruel, vicious, but stupid as a pig. I've already told you that I've done a DNA test with your dad. Your dad is no longer my son, so why should I care about you? Whether you're your father's daughter or not, it has nothing to do with me. In short, you're not a child of the Xiao family."

"Grandpa, even if we're not the children of the Xiao family, we've been living under your care for 20 years. You'll have feelings for even a cat or a dog, not to mention that we're living people. Are you going to give up on us and even step on us just because we're not blood-related to you? We also have feelings for each other. From the moment we could understand, you were our grandfather. Can't we continue to be under your care? Was blood relation really that important? Although she's your granddaughter, she's never eaten a grain of rice from the Xiao family, and she hasn't lived with you for even a day. Why can you hold her so high and help her trample us to the ground just because she's blood-related to you?"

"It's because your grandmother was the one who swapped my child. To me, your grandmother is my enemy. She stole my daughter, abused her, killed my daughter, and then abused my granddaughter. While the children of your enemies were enjoying themselves under my feet, my own daughter and granddaughter were suffering from the revenge of hatred. Looking at your high and mighty attitude until now, I think of my daughter, who was so humble that she was like dust and never had a happy day until her death. After the incident, not only did you not have a heart of repentance, you even called my poor granddaughter a bitch. How thick-skinned do you think I can still take you in regardless of the past? I'm not afraid to give you a blow, but even if the Xiao family were to adopt 100 cats or 100 dogs in the future, they would never share their food with you. So don't always use cats and dogs to talk about things. In my heart, your family is not even comparable to livestock!"

Old lady Li:

Zhou Chengan:

Zhou Yanan:

Zhou Yaxin:

Elder Xiao looked at Zhou Yaxin, his eyes dangerously narrowed into a line.

"Bribing li Qiong 'an and Hu Jie, making Hu Jie tell Zhou menglu about Xiaoyun's marriage, and making li Qiong' an, that 40-year-old man, propose marriage to Zhou menglu, then tricking Xiaoyun from dizhou. She had recorded a video of Lai Meiling and her adulterer a month in advance, paid Lai Meiling to find a taxi driver and two truck drivers, and tried to create a major car accident to kill Xiaoyun on her way

home. Zhou Yaxin, you're usually not good at anything, but when it comes to harming people, you've really inherited your grandmother's skills. You're pretty smart!"

Zhou Yaxin looked at elder Xiao in fear and shook her head. "No, Grandpa, it's not like that!"

"You don't need to explain. Leave your explanation to the judge. Anyway, I have irrefutable evidence here. You harmed my granddaughter and you still want to escape unscathed?"

Chapter 2216: Wake up (1)

"Have you been living in the Xiao family for nothing all these years? You should know that although I'm upright, I'm also very protective of the children I really want to protect. I'm not protective of you because I'm not related to you by blood. So, from the beginning, I didn't like your father, and I didn't like you two sisters even more."

Elder Xiao's words could be said to be rather heart-wrenching. The sisters, Zhou Yanan and Zhou Yaxin, were crying so hard that their intestines were about to burst.

They were filled with regret.

If not for the car accident, Shi Lingyun would not have been rescued, and she would not have followed Nangong Nuannuan and chiyang to the Wu family's residence. She would not have found her father, and without her father, her father would not have avenged her. Not only would he have arrested the Zhou family, but he would also have interrogated them at night, and he would not have found out about Shi Lingyun's mother's matter because of suspicion.

If she had known that Shi Lingyun's father was the governor of Haizhou, if she had known that Shi Lingyun's mother was her grandfather's biological daughter, she would not have provoked Shi Lingyun even if she was beaten to death.

That way, even if she and Li Jingrao were in a relationship, they would not be able to get married with the Xiao family's status.

What was she doing? Why did he have to be so calculative with that b * tch Shi Lingyun? Why did he have to expose her true identity?

Zhou Yaxin wanted to kill herself right now.

In the past, when she couldn't have Li Jingchen, she felt like she was going crazy.

However, now that things had come to this, she realized that she could not leave Li Jingchen.

"I don't want li jingrao anymore, Grandpa Yingluo. I won't fight with Shi Lingyun for li jingrao. I was wrong. I know I was wrong! Can you let me be your granddaughter? I'm begging you, Grandpa! I really know I was wrong!" 1

Thinking that she wouldn't even be the Xiao family's young miss in the future and wouldn't even be able to keep her position, Zhou Yaxin was terrified.

"If you don't want me, I'll definitely become the laughingstock of the wealthy families in the Emperor province. I won't be able to establish myself in the Emperor province, and those daughters of the wealthy families will definitely laugh at me. I won't be able to find a good man in the future, and I probably won't even be able to marry into an ordinary rich family. Grandpa, you don't want me to embarrass the Xiao family, do you?"

After Zhou Yaxin came back to her senses, she expressed the same wish as her older sister. However, she had forgotten that her older sister had already begged her earlier on.

Elder Xiao was angry when he saw this family, but this kind of anger made him unable to ignore them. If he couldn't use the most vicious words to hurt them, he felt that his daughter would definitely cry out of grievance.

Therefore, elder Xiao said, "Zhou Yaxin, wake up." After you tried to kill my granddaughter, you're still thinking about marrying into a rich family? Still thinking of competing with the daughters of prestigious families? I can tell you the path you will take in the future. I'll order someone to send you to the police station and keep you under tight watch. After that, I'll hire the best lawyer to make you stay in prison for the longest time. I won't let you die, I'll have people install a TV in the cell and let you do the most heavy work every day. Then I'll watch my granddaughter marry Jing Tian like a princess and live happily together. You can see their beautiful house every day and see my granddaughter's happy smile, but you can only spend the rest of your life in prison. Don't even think about getting married for the rest of your life."

With every word that elder Xiao said, Zhou Yaxin's eyes widened in horror. When elder Xiao finished speaking, Zhou Yaxin directly broke down and let out a sharp scream.

Chapter 2217: You can't do this to me (2)

They had been grandfather and grandson for 20 years. Although he didn't spend much time with Zhou Yaxin, how could elder Xiao not know Zhou Yaxin's weakness?

Therefore, these words were even more painful than dismembering Zhou Yaxin.

Looking at the devastated Zhou Yaxin, elder Xiao's eyes were filled with disgust as he ordered, "Send her to the police station and tell them to watch her carefully. Whoever tries to save her or defend her will be the Xiao family's enemy."

"Yes."

"No... I'm not leaving. I don't want to go. Grandpa, I was wrong! I was wrong, Grandpa-don't do this to me! I'm your granddaughter ... I'm your biological granddaughter! Ah ... Shi Lingyun, you b * tch, you're going to suffer ..."

Zhou Yaxin knew that there was no turning back. In the end, she simply cursed out the most vicious thought in her heart, cursing Wu Lingyun.

Seeing this, the guard picked up her shoes from the ground and stuffed them into her mouth rudely, making her unable to say another word. 1

Zhou Yaxing had already been taken away. Looking at the blood and teeth on the ground, Zhou Yanan wisely chose not to say a word.

She did not find anyone to kill Wu Lingyun, nor did she find someone to exchange for the child of the Xiao family. She had no idea what her bloodline was.

She had wanted to continue being the Xiao family's granddaughter, but it seemed impossible now.

Compared to Zhou Yaxin, at least she still had her mother's side. Although the Hong family wasn't a top-tier wealthy family, with the Xiao family's help over the years, they were at least a third-rate wealthy family. 1

At least she wouldn't be locked up for life.

Hence, Zhou Yanan wisely chose to keep her mouth shut.

After dealing with Zhou Yaxin, elder Xiao turned to look at Zhou Chengan and said, "It's your turn."

Zhou Cheng'an's body trembled. Zhou Yaxin's incident had already given him quite a scare.

On the other hand, after seeing the Xiao family's rudeness and thinking about what her son might have to suffer, old lady Li rushed over like an old hen, trying to hit elder Xiao.

In the end, Xiao shenbin kicked her to the wall and bounced back.

Xiao shenbin controlled his strength, and old lady Li only felt that she was in so much pain that she doubted her life, but her bones were not broken. She rolled back and forth on the ground in pain.

"Who allowed you to hit my dad?"

Old lady Li had hurt elder Xiao for Zhou Cheng'an, and after she was kicked out, she was scolded by Zhou Cheng'an.

Elder Xiao looked at old lady Li and asked, "li defen, let me ask you, how did you steal my daughter back then?" And how did he treat her? How did my daughter die back then? Back then, she clearly met Wu Jingzhong. The Wu family even put up wanted posters everywhere to look for her. Why didn't you let my daughter be with him? What are you thinking?"

Old lady Li glanced at elder Xiao with her turbid eyes, but she closed her lips and did not speak.

arrest Zhou Chengan and send him to the police station. Then, arrange for the death row criminals to live with him.

Seeing that old lady Li didn't say anything, old man Xiao spoke up.

"Dad! You can't do this to me! I've never done anything to let Xiaoyun down. Dad, I was just a newborn baby back then. I didn't know anything and just grew up under the care of you and mom. In my heart, you're my biological father! Even if we're not related by blood, I was brought up by you. Can't you let me continue to be your son on account of our 43 years of father and son relationship?"

Chapter 2218: The only son (3)

“Do you really want to see me die just because I’m not related to you by blood?”

“It’s not that I’m willing to see you die, but your mother wants to see you die. She stole my daughter so that she couldn’t see her father even when she died. Now I want to know about my daughter, but she still won’t tell me the truth. Since you’re dead pigs unafraid of boiling water, then go to jail together. I’ll put the two of you in the same prison. Although men and women won’t be put together, she’ll be able to watch you suffer in prison every day in the future. I’m happy to see her in pain.”

“But I’m also your son! We have more than 40 years of father and son relationship!”

“All our feelings for each other disappeared after I found out that your mother had stolen my daughter. As for you, can you say that you are innocent? You abused your official position for your own benefit and made Guo langming of the fifth Bureau of the judicial Court arrest someone at the Wu family’s banquet. Do you dare to say you’re innocent?”

“But I just want Guo langming to help me investigate the truth of the matter. I just want Guo langming to take them away and be happy to know the truth. Guo langming is from the judicial Court, so he won’t do anything illegal for me. I was just frightened by her words, but I didn’t dare to come out personally, so I sent someone to investigate. I didn’t do anything to them.” Zhou Chengan said the words he had thought of before.

“But I can also say that you asked Guo langming to arrest the Wu family to silence them. Although the Wu family was fine in the end, it was only because of Yuqi and her husband that your plan couldn’t be implemented. Moreover, Guo langming was a member of the judicial Court, and he was responsible for it. It was against the law for him to order Guo langming around and even make him arrest people. Since he had broken the law, he had to go to prison. So, since your mother doesn’t want to say anything, then let her watch you go to jail. It’s just nice to fulfill the 43 years of mother and son relationship that you’ve been missing.”

“Dad!” Zhou Cheng’an cried out in despair, but elder Xiao seemed to have hardened his heart.

He then looked at old lady Li and said, “What did you do to Zhou Hua? Just say it! Are you going to watch me die in prison?”

Old lady Li’s eyes were filled with fear. She wasn’t a fool. She knew what the consequences would be if she said those words. However, Yingluo

She loved her son as much as her life. She couldn’t watch Zhou Chengan go to jail.

That was her son!

Her biological son!

Her only son!

However, when she thought about how Zhou Chengan would only be in jail for a few months, or even less, she was unwilling to say.

“Just say it! Why are you still hesitating? You’re already so old. You stole my father’s daughter back then. Now that you’ve been caught, do you think you can escape after being handed over to the judicial authorities? Would he be able to get out of prison in his lifetime? It was impossible! It’s already

impossible for you! From the moment the Zhou family members were captured, none of you can escape! Especially you, the initiator of this. If you don't say it now, do you really want to see me go to jail with you? Not to mention that it's more than 15 years in prison, but life in prison. You can't expect to be released alive after 15 years, right?"

Zhou Chengan's words were hurtful, but old lady Li knew that he was telling the truth.

At this moment, old lady Li, who already looked old, seemed to have lost all her energy and looked more than ten years older.

Chapter 2219: You've taken advantage 4

Do you regret it?

She regretted it.

If she had known that her son would encounter such a thing after sending him to such a prominent and powerful family, she would not have stolen the child. she would ask for more, and then let the family live better than they were now.

Originally, she had thought that after her son was transferred to such a prominent family, he would become a powerful official in the future. Then, when he became a general who could appear on TV, she would bring her two daughters to find her. This way, their family could live a good life.

However, she had never expected that things would go out of control and develop into this.

He looked at his son, who was so anxious that he wanted to cut off his arm to protect himself.

At the thought that she wouldn't even have someone to look after her in her old age, old lady Li really regretted it.

He was extremely regretful!

But in the end, she still chose to save her son.

Anyway, she didn't have many years left to live. As long as she said it, at least her son could be saved.

that year, your wife suddenly came to my house and said that there were bandits chasing her outside. Her water broke and she was about to give birth. At that time, I had just given birth to an 'er. Unfortunately, an' er was a month early and was weak and sickly. With our family's conditions at that time, I couldn't support an 'er at all. I was in a bad mood and was messing around with my man when your wife came.

I was going to kick her out, but she begged me to take her in. She said that if I took her in, she would give me a lot of money. She said that her husband was rich and was an officer. At that time, I really only wanted your family's money to supplement an 'er's nutrition, so I agreed.

At that time, she was too weak and couldn't take it even before she gave birth. I was afraid that she would die, so I gave her some sugar water to keep her alive. But in the end, she still fainted before the child was completely out.

I was the one who pulled the child out. When I saw that the child was about the same size as my an 'er and was very thin and weak, I thought, they were both thin and weak babies, so why should she have the good conditions to treat her child while my an' er had to suffer? And I was thinking that you're a high-ranking official in the Army, but your wife only gave birth to a little girl. You'll definitely be unhappy if you know about this.

So, I thought that I might as well give my an 'er to you, and I'll help you raise your little girl. This way, my an 'er won't die, and you'll be very happy to see your wife give you a son. So, Yingluo "

Li defen looked at elder Xiao, whose face was getting gloomier and gloomier, and swallowed a mouthful of saliva before saying, " "So I changed your family's child, and then put my an 'er by your wife's side. When she woke up, the first thing she saw was my an 'er and she was extremely happy. Not long after, you also came. You were also very happy to see my an 'er. I think Yingluo will have a happy ending."

Elder Xiao's chest heaved up and down violently from the old hag's words. It took a while for him to calm down and ask, " then why were there only two young girls at your house when I came over? there were no babies.

When he found his wife back then, in order to prevent an ambush, he had specially searched around the family, and there was no sign of a newborn.

"Because I know you're coming to pick her up, and I know you're an official!"

Chapter 2220: -call 5

I know that you officials are all very capable. I was afraid that you would find her, so I put her in the haystack where the cattle are kept.

Elder Xiao was so angry that his fists creaked, wishing he could tear this vile woman into a thousand pieces.

However, he was a general who had fought against the enemy for decades. He had his bottom line.

Thus, no matter how much he hated and how angry he was, he still controlled himself with great difficulty.

"What happened after that? After we left, how did you treat my daughter?"

Li defen's eyes flickered. I, Yingluo, also treat her as my own daughter. I, Yingluo.

"Li defen!" elder xiao gave a serious warning.

At the same time as elder Xiao warned him, Xiao shenbin had already kicked Zhou Cheng 'an in the chest, sending him flying. He landed on the wall with a bang and bounced back.

zhou chengan let out a blood-curdling screech, and then he vomited large mouthfuls of blood.

ah-" old lady Li screamed, " "How can you kick someone? You're using private means, this is illegal! This is a society ruled by law. I'm going to Sue you! I'm going to Sue you!"

“you still know that this is a society ruled by law? Why didn’t you think that this was a society ruled by law when you stole my aunt? Old hag, it’s already very late today. Don’t think that we have a lot of patience, and don’t treat us as fools. We’ve already obtained a lot of information about my aunt through the satellite. So, as long as there’s one thing that you said that doesn’t match with us, he’ll be the one to suffer. even if we cripple him, you won’t be able to reason with him.”

“Yingluo, Yingluo, are you trying to kill me?” Zhou Chengan clutched his chest in pain and spat out two more mouthfuls of blood.

“You won’t say, right?” Xiao shenbin said as he stepped forward, ready to kick him again. “stop fighting! stop fighting!” old mrs. li screamed in fear. I say! i’ll tell you, okay?”

“you’d better not lie to us, because next time, i won’t use my feet.”

With that, Xiao shenbin directly pulled out a gun from his waist.

This time, old lady Li was really scared out of her wits and said everything.

“In the beginning, I was afraid that you would notice something amiss, so I didn’t dare to do anything to her. On the contrary, I still tried my best to save her. after a long time, when I was about three years old, I didn’t see you guys yet. At that time, we moved and left the mountain, so I wasn’t afraid of you. From that moment on, I didn’t really care about Zhou Hua.

However, she had been pretty since she was young, and many of the aunties in the village liked her, so they often gave her food. ” later on, she grew up and became more and more beautiful. many people said that she was so beautiful that she didn’t look like a member of our family. I was afraid that this matter would spread out and you would find out, so I moved again. From the day I moved, I made her wear a veil and locked her up at home, not allowing her to go anywhere. I even threatened her that if she dared to take off her veil, I would break her legs. Once, she took off her veil and I broke her legs. after that, she didn’t dare to take off her veil.”

Elder Xiao closed his eyes and asked, “what happened after that?” How did she meet Wu Jingzhong?”

“She’s been very smart since she was a child, and she’s self-taught when it comes to Chinese herbs, so she often goes into the mountains to pick up herbs. The herbs she picked up can not only cure her family, but also be sold in the town’s pharmacy.”
