

## Physician Wife 2221

### Chapter 2221: Zhou Hua's death (1)

"She didn't return that night. When she came back the next day, I gave her a good beating and asked her where she went, but she didn't say anything. In the end, not long after, the Wu family came and posted notices everywhere. They even proposed a million Yuan bonus.

We wanted to go, but the Wu family was one of the most powerful families in Haizhou at that time. If we let her marry into the Wu family, you might find out immediately. I know that you officials and merchants are in cahoots. That's why I didn't dare to exchange her for that money."

"At that time, my daughter also saw the missing person notice. Did she not think about looking for Wu Jingzhong?"

old lady li glanced at elder xiao guiltily, considering whether to say it or not. xiao shenbin loaded his gun with a "click."

Old lady Li's heart trembled, and she quickly said, "She definitely wanted to go, but she was afraid of me since she was young. She was afraid that I would beat her to death, so she didn't go."

bang! Xiao shenbin shot Zhou Chengan's leg, causing him to scream hysterically in pain.

Old Madam Li was so frightened that her eyes almost rolled back.

"I'll talk! I say! You guys, don't you guys beat him up!"

"Speak!" Elder Xiao said, his face expressionless.

"She wanted Yingluo and wanted to find the Wu family. She Yingluo even wanted to run away in the middle of the night, but I was on guard against her. I didn't sleep for a few nights. Then, I caught her and beat her half to death. I found a chain and tied her up, then I gagged her mouth."

Elder Xiao closed his eyes in pain, his face flushed abnormally red. It was only when Wu Lingyun placed his hand in elder Xiao's palm and held his grandfather's hand that his face slowly returned to normal.

"You're treating her like this, is it because she's discovered something?" elder xiao asked.

"Yes. She had long felt that something was amiss. She knew that she might not be our child, so she was secretly looking for her biological parents. When I hit her, she promised me in all sorts of ways that she wouldn't run around anymore. But how could I trust her? So I tied her up and stuffed her mouth. I was going to kill her. However, my old man was a coward and wouldn't let me kill him. Just like that, we locked her up for three whole months. Three months later, we discovered that her stomach had gotten bigger. She also knew that she was pregnant.

At that time, she was in despair. She begged us to let her go and the child in her stomach. she said that she would never go to her parents. But I don't believe it. I'm afraid. That day, when the old man wasn't around, I was ready to kill her, but she told me that she had a better way to eliminate my future trouble.

I asked her what she was going to do, and she told me that as long as I let go of her child, and after she gave birth to the child, she would let my daughter adopt her child, then she would agree to drink red flowers during labor. It was easy to have a hemorrhage during labor, and drinking red flowers could easily cause massive bleeding. As long as she's dead, I won't have to worry about anyone finding her, and I won't have to worry about her going to find her parents. She also threatened me that if I dared to kill her child, she would turn into a malicious ghost and harass my grandson.

My daughter has a son. Although he's my grandson, he's still my grandson. I was afraid that she would look for my grandson, so after she died, we buried her and gave Shi Lingyun to menglu for adoption."

Chapter 2222: you have a big face?(2)

old lady li finally finished her story. elder xiao's figure was a little shaky. xiao shenbin immediately brought a chair over for his grandfather to sit.

elder xiao sat in his chair, his face dejected and sad.

Although he had never seen his daughter from birth to death, he could deeply feel his daughter's helplessness and despair from old lady Li's narrative.

What kind of despair would make her daughter make the decision to drink a lot of red flowers when she gave birth?

Being locked up like a pig or a dog, even an ordinary person would not be able to stand it, not to mention that she was pregnant.

wu lingyun was already panting from all the crying.

No wonder no one cared about her since she was young. The Zhou family was so mean to her. They clearly hated her, but they wanted her to grow up well.

it turned out that her mother had used her life to protect her.

Her birthday was her mother's death anniversary.

her mother had used her life to protect her.

Wu Jingzhong's heart was also very sad. That woman was unforgettable after one look. She was as beautiful as an ink painting. She should have had the noblest life, but heaven's will made a fool of him and made her wither at her most beautiful time.

and she, in order to protect their child, had chosen to die.

The shock that this choice brought to Wu Jingzhong made him feel as if his entire chest was filled to the brim.

She had saved his life, but he seemed to have been enchanted by her.

The entire atmosphere was extremely heavy. Nangong Nuannuan looked at the vicious old woman and also thought of her mother.

If her mother hadn't found out about it before she died and connected with Rs bank, she definitely wouldn't have lived to grow up.

However, she was still luckier than Wu Lingyun.

They were both people with special abilities, but she was able to train in such a cruel base from the beginning, forging her achievements today. Although it was a little bitter, a little tiring, and she had lost a lot of blood, she was still a strong person. No one could use any means to control her, threaten her, or even touch her life unless she wanted to.

wu lingyun, on the other hand, had grown up in such a family. even if he had a heaven-defying ability, he had no way to make full use of it.

Nangong Nuannuan's eyes flickered. She suddenly felt that she could actually teach Wu Lingyun some tricks. On one hand, it would at least allow her to protect herself. On the other hand, her heaven-defying abilities could really do a lot of things.

Chi Yang could feel the pressure from his wife and reached out to put his arm around Nangong Nuannuan's shoulder.

Feeling the warm and strong support on her shoulders, Wen Nuan's heart was filled with warmth.

although the last life was not satisfactory, this life was perfect.

After elder Xiao caught his breath, he no longer wanted to see the two people in front of him. He waved his hand and said, "hand them over to the police. The prison gave an order. this old woman will treat Zhou Cheng 'an the same way she treated my daughter before. Let her experience the feeling of her own flesh and blood being chained up."

Elder Xiao's words shocked Zhou Chengan and old lady Li.

"Didn't you say that after I told you those things, you would let my an 'er go and let him continue to be your son?" Old lady Li asked sternly.

Elder Xiao's lips curled into a bloodthirsty sneer. why do you think I should treat your son well after what you did to my daughter? "

Chapter 2223: Alright, alright, no!(3)

"If I wasn't afraid of dirtying my own hands, I wouldn't be able to resist personally skinning him and pulling out his tendons. However, I don't feel like I can vent my anger by letting my subordinates skin him alive. I won't let the two of you die so quickly, I'll want you to die so that you can watch your son chained up every day, struggling to survive. I'll let you live in extreme regret every day from now on, until your intestines are torn apart."

Old lady Li stared at elder Xiao in horror, her finger pointing at him trembling with anger. "Yingluo, you didn't keep your word! Hey, how did someone like you become a high-ranking official? You don't even have the basic integrity!"

Elder Xiao was amused and laughed coldly. "You're a murderer who stole and mistreated other people's children. Don't you think it's an insult to the word 'integrity'? You can talk to the judge about my integrity and see if the judge will think that I'm not honest."

"bah! The judge is on your side!"

"Yes, that's right." Elder Xiao nodded. the judge is on my side. We're both on the side of justice. You're the evil side. You're the criminal side. So, first redeem yourself for all your sins, and then come back to talk to me about honesty in your next life!

Also, your daughter and son-in-law tried to sell my granddaughter for a betrothal gift of 200000 Yuan. I'll Sue them for trafficking women and children and put them in Haizhou for the longest time. As for your grandson, he hit my granddaughter with a car. I will Sue him for attempted murder. Maybe you don't know what attempted murder is, but in general, it's the kind that will start from life imprisonment."

With every word that elder Xiao said, old lady Li's eyes widened.

In the end, elder Xiao said, " don't worry. Even if you die, I'll help you 'take care' of your children and grandchildren. I'll make sure they live like my daughter.

Old lady Li's body trembled, and she couldn't say a word.

She regretted it!

He really regretted it!

He regretted treating Zhou Hua so badly!

What she regretted even more was why she had switched the child back then.

she could have gotten a lot of money from the other party to treat an 'er's illness and raise him, so why did she change the child?

If such an outstanding and beautiful girl were to be by her side, and it was obvious that she was not her child, she would have to live in fear all day.

if she did not change the child, her son, daughter, grandson, and granddaughter would be fine. However, it was because of his greed 43 years ago that he made a devastating mistake.

"Great general Xiao, I was wrong! I really know I was wrong! there's no way to make up for the mistake i've made, so just let them shoot me to death! my wife died early, and it wasn't easy for me to bring up my two children and finally have a happy family. yingluo, let them go, and you can do whatever you want to me, okay?"

"Not good!" Elder Xiao's voice was calm and cold.

"letting your family off is considered punishment? Dead? Will my daughter come back to life if I shoot you? Since you can't, then use the lives of your descendants to pay for my daughter's life! I've said it before, even if you die, I'll help you look after your children!"

Seeing that her begging was hopeless, old lady Li's eyes revealed a fierce look. "You evil man! if you dare to treat my son and my grandson like this, I won't let you off even if I die and become a malicious ghost!"

Chapter 2224: Don't call me dad (4)

"I'll make your family restless. I'll make all of you die a terrible death!"

"shut up!" the guard saw that the old lady was almost done talking, so he shouted and directly blocked her mouth. Old lady Li still wanted to curse, but she could only whimper.

When she was no longer able to speak, elder Xiao said, "You might not know this, but not everyone can become a malicious spirit. Otherwise, wouldn't all the people who died unjustly in this world become malicious ghosts to harm people? if there are really malicious ghosts in the world, then my daughter will definitely become a ghost and wander around the human world. she can still watch me avenge her and watch my granddaughter live a happy life. This is a good thing."

However, elder Xiao suddenly changed the topic and said, "But if there really are malicious ghosts, then you'll be in an even worse state. If there are malicious ghosts, after you die, I will ask the best mages to seal you forever. You might not know this, but this kind of thing is often done by people. If you dare to appear in the dreams of any of my descendants, I will find someone to seal you.

However, your words have reminded me that not only can I let you watch your descendants suffer before you die, I can also suppress your soul forever after you die. you'll never be able to reincarnate in this life, and you'll see my descendants live a happy and happy life at this time for all eternity. I'm afraid this is the best ending for you."

old lady Li was an old woman from the countryside. she had always been full of awe and belief in these things about ghosts and gods. That was why Zhou Hua was able to use the words 'transform into a malicious ghost' to make her family restless and die a terrible death [ 1 ]. Even though she wished Wu Lingyun was dead, she did not do anything to her.

now, she was prepared to use the same words to scare elder Xiao, but who knew that not only did elder Xiao not be intimidated by her, but he also directly used his power and influence to suppress her and even seal her.

she had thought that she could seek revenge after she died. even if she couldn't, she could at least be reincarnated into a good family. however, she ended up being suppressed. old lady Li couldn't bear such a shock. her eyes rolled back and she fainted.

Zhou Cheng'an knew his father's temper, so when old lady Li was talking to his father, he was really trying to reduce his presence. He knew that his father had only said those words to old lady Li to vent his anger.

Now that Li Laotian had passed out, he said submissively, "dad, she has already fainted. Can you please let me go?"

Elder Xiao looked at Zhou Cheng'an and was amused by his words.

“Didn’t you hear what I just said? What right do you have to think that I’m just scaring her and plan to let you go?”

Zhou Chengan was a little flustered and quickly said, “Dad, I know you’re very angry now.”

“Don’t call me dad!” Elder Xiao sternly interrupted.

“Wanwan.” Zhou Chengan’s tears instantly fell. He choked, “But Yingluo, I’ve been calling you dad for so many years. In my heart, you’re the sky. No, you’re even higher than the sky. I worship you, I respect you, Yingluo.”

“Get to the main point!” elder xiao didn’t want to hear him cry and complain about all this nonsense anymore. he said, “Zhou Chengan, you should know that my attitude towards you and your mother is the kind of attitude that I can’t wait for you to live in pain forever. I can’t even let you die.

Zhou Cheng ‘an shivered. He suddenly realized that his father’s words might not have been said out of anger.

Chapter 2225: Dad, why are you doing this to me (5)

it was not to scare old lady li.

“Dad, Yingluo, Yingluo, were you serious just now? Yingluo, are you really going to send me to prison? Is Zhenzhen really going to lock me up with iron chains?”

“what’s wrong? if she can do this to my daughter, why can’t i do the same to her son?”

“But Yingluo, she’s the one who broke the law, not me! I was replaced the moment I was born, and I didn’t know that. You can just punish her. I didn’t do anything wrong, why are you so cruel to me? You’re not that kind of person! i don’t believe that you would treat me so cruelly!”

Zhou Chengan’s tears fell. This time, he was really hurt by elder Xiao.

“Dad, in my heart, you’ve always been an upright person who abhorred evil. if a person breaks the law, even if he is your grandson, you will put righteousness before family. However, even if a person was your enemy, if he did not break the law, you would still choose to let him go. Yingluo, I’m still your son, but why are you treating me like this? Even if you no longer acknowledge me as your son and are unwilling to continue our 43 years of father-and-son relationship, Yingluo, I didn’t do anything to Xiaoyun! Dad! Big brother is already gone, so please let me stay by your side to fulfill my filial duty! i’ll definitely treat xiaoyun as my own daughter. can you give me a chance?”

Elder Xiao laughed at Zhou Chengan’s words.

“Zhou Cheng ‘an, you really are the descendant of this evil old woman! No, you’re even worse than this vicious old hag! At the very least, she was someone who liked her son very much. At the very least, she still liked her descendants very much. But you? From the very beginning, in order to protect yourself, you gave up your daughter. Then, you watched as your daughter was taken away, and you didn’t even plead for her. Face your mother. Although she deserves to die and she has never raised you, she is still your mother and the one who brought you into this world. If I hadn’t come in time, you would have

strangled this evil old woman to death. Just now, in order to get yourself out of this matter, you didn't hesitate to make her speak of what she had done before. Originally, she was only sentenced to 15 years in prison for stealing a child. In order to save you, she has become a death row convict for intentional murder. Zhou Chengan, I've always felt that you're a failure as a person. You're a hopeless case, but at least you know what's good for you and never go against me.

But now I know that you're a Wolf with a simple and honest appearance. You're definitely the kind of ungrateful person who would not help your family when they need you the most, and even bite them."

"No, I'm not!" Zhou Chengan immediately cried and denied it, "I have nothing to say about you punishing Yaxin because she has indeed broken the law. I know your character very well. To this vicious old woman, my biological mother, although she was the one who gave birth to me, she never raised me. I have no feelings for her. Not only did she not have any feelings for me, but her existence also destroyed my life and destroyed my world. My daughter also suffered because of her. That's why I hate her! But, I didn't do anything illegal. Dad, why are you doing this to me?"

Seeing Zhou Cheng 'an speak as if it was a matter of course and with a wronged expression, elder Xiao sneered. Zhou Cheng' an, I originally wanted to leave you some face on account of our decades-long father-son relationship.

Chapter 2226: what right do you have to take care of her 6

"I don't want you to be dragged out like a pig waiting to be slaughtered. but since you don't want this cover, i have a video here that you might be interested in watching."

After saying that, he took out the USB flash drive from his bag and handed it to the guard.

The guard inserted the USB into the laptop and enlarged the video so that Zhou Chengan could see it clearly.

In the video, Guo langming and his group had already been caught. Li Heyi, Chi Yang, and Wu Jingzhong were currently interrogating him.

He told everyone that Zhou Chengan had asked him to come and arrest the person. Then, he told everyone that he was only going to arrest the person and bring him back for questioning.

Seeing this, Zhou Chengan still felt a little lucky. He felt that this matter would end here. He had only arrested them to question them.

But the next moment, a look of fear appeared on Zhou Chengan's face.

Because Chi Yang suddenly said,"tell me what Xiao Cheng 'an ordered you to do, without missing a single word."

Guo langming explained the situation again.

so, " Chi Yang asked, " he arranged for you to catch the people first, and then he sent a car to hand them over at 3 o'clock in the afternoon. He asked you to send everyone from the Wu family to the car? "

After Guo langming nodded, Chi Yang immediately asked him to go to the place where they would be taking over.

At three O 'clock in the afternoon, a small bus drove over. Chi Yang and the others arrested all the drivers. Then, he personally tampered with the car, making it a self-driving car. He then used the computer to control the car to drive on the road.

Seeing this, Zhou Chengan clutched his heart and collapsed to the ground in fear.

It's finished!

it was all over!

Not long after, the car controlled by Chi Yang was safely driving on the road. Suddenly, a few trucks attacked from all sides of the intersection and crashed into the not-so-sturdy bus, turning it into a piece of scrap metal.

If there was someone in the car, one could imagine what the consequences would be.

As there were cars following them, the four truck drivers were caught very quickly. after that, a transfer from RS bank appeared in their accounts on the same day. Through hacking, they found the transaction record of Rs bank and the sender.

It was clearly written-Xiao Cheng 'an!

At this moment, Xiao Cheng 'an's face was pale and his eyes were filled with fear.

"How is it? do you have anything else to say? If you have nothing to say, you can follow your mother to the police station for investigation now."

"No, no, no! dad, listen to me! None of this was true! It wasn't true! I didn't do any of this! It was Yaxin! It must be that Yaxing wants to kill Xiaoyun, so she wants to borrow my hand."

As Zhou Chengan spoke, he tried to hug elder Xiao's thigh, but he was stopped by the guard.

Even though his leg had been shot and was bleeding, it was as if he could no longer feel the pain. He tried to pounce on elder Xiao with all his might. As she pounced on him, she begged for mercy,"dad, I know I was wrong!" Please be magnanimous and give me another chance! I don't dare to do it again! please give me another chance to turn over a new leaf since it's my first offense!"

you're not just a first-time offender, but you've already reached this level. If I were to give you another chance, wouldn't you kill my granddaughter and turn her into ashes? "

"No, it won't! I won't!"

"No, you will! you understand me, and i understand you! So, you don't have to say that you're so pitiful, and you don't have to promise me anything. My granddaughter has a father. Why should I let you take care of her?"

Chapter 2227: One less fight 1

"You're not even fit to carry her shoes. Take these two away and tell the police what I said."

"Yes."

"Dad! Dad, I was wrong! Please let me go! Dad! Dad!"

Old lady Li had actually woken up a long time ago. Hearing the conversation between Zhou Cheng 'an and elder Xiao, she didn't dare to open her eyes. She just didn't want to face it.

Regret was no longer enough to describe her feelings at the moment.

It was all his own greed.

They had all been taken away. Other than their own people, there was only Zhou Yanan left in the secret room.

Although she was also a child who had been raised badly, she had not had the opportunity to do anything bad.

So, elder Xiao looked at Zhou Yanan and said, " "You've seen what happened to your sister, your father, and your grandmother. next weekend, the Xiao family will be holding a banquet to formally introduce Xiaoyun to everyone. At that time, the Zhou family will be completely wiped out. You're innocent, so even if you're the enemy's child, I won't touch you. However, when you go back, tell your mom and those insatiable people in the Hong family that they're not allowed to use the Xiao family's name to do anything outside. I'm letting you go now because I want to accumulate some virtue for my granddaughter. But if you don't want it and still try to cross my bottom line again and again in the future, I'll let your Hong family know that the Xiao family can turn an unknown Hong family into a third-rate wealthy family. Similarly, I can also turn you into beggars with nothing. So, I hope you know what to do in the future. After all, the Xiao family and the Hong family were no longer in-laws, but enemies. do you understand?"

Zhou Yanan was already scared out of her wits. Facing her grandfather's question, she could only subconsciously nod her head, not even daring to reply.

"Get lost!"

When she finally heard that word, Zhou Yanan felt as if she had been granted Amnesty. With her fastest speed, her body trembled as she ran out.

As soon as she went out, she ran into Hong Lou, who had returned after hearing the news. Zhou Yanan immediately pounced into Hong Lou's arms and cried out loud. She then told Hong Lou about what had happened today.

Hong Lou was dumbfounded.

Xiao Cheng 'an was fat, short, and useless. The only reason she married him was because he was the second young master of the Xiao family. But now, he was telling her that Xiao Cheng 'an was actually called Zhou Cheng' an, and he was the child of an old woman from a rural area in Haizhou. How could Hong Lou accept this?

She wanted to go in and ask, but the mother and daughter were already locked out of the Xiao family's door.

Hong Lou had no choice but to bring his daughter home.

When the Hong family heard about this matter and elder Xiao's words from Zhou Yanan, they all expressed their disbelief. Old master Hong hurriedly called the Xiao family, but all he received was a stern warning from the Xiao family's guards.

The guard hung up the phone after he finished speaking. Old master Hong called again, but the number had been blocked. Old master Hong didn't give up. He continued to use the phones of the other members of the family to make calls. Very quickly, he discovered that everyone in the Hong family had been blacklisted.

Old master Hong simply used the servant's phone to make a call. The call went through, but after revealing his identity, the guard directly threatened, "The old general said that if you're not afraid of going bankrupt, you can call me. If you receive another harassment call from now on, he will make you lose one of your listed companies. One more call, one less. If you have the ability and the temper, you can keep fighting."

Old master Hong was speechless.

Chapter 2228: Taken away (2)

The Xiao family had sent everyone to where they were supposed to go, and the whole family was finally gathered together.

Nangong Nuannuan felt that she had done something meaningful when she saw the Wu and Xiao families getting along so well.

The rest of the time was for the Xiao and Wu families to gather. Nangong Nuannuan was homesick after wandering around for eight days.

Nangong Nuan Nuan and Chi Yang didn't stay after the Xiao and Wu families urged them to stay.

After all, this place was very close to the Combat Services Department. There was no reason for them to return and stay at the Xiao family's residence!

After Chi Yang and Nangong Nuannuan bade farewell to the Xiao and Wu families, they returned home with the gifts they had bought for the elders.

Because they didn't tell their grandfather and second uncle that they were coming back, the Chi family went to bed early.

When the guards opened the gate and Chi Yang drove into the Chi family's courtyard, the already napping Da Bai was jolted awake. Before he even got out of the car, he immediately pounced onto the car in excitement, his iron-whip-like tail smacking against the car with a metallic clatter.

even though he couldn't see what was going on inside, da bai knew that his little princess was sitting in the passenger seat.

Nuan Nuan opened the car door, and great White immediately pounced on her.

Da Bai was a Liger beast, and he was even taller than a Lion. When he was on all four feet, he was already above her waist, and when he stood on two feet, he could reach a height of 2.2 to 2.3 meters.

Nuan Nuan was used to being pounced on by such a huge creature. When big white pounced on her, she immediately hugged the majestic white Lion firmly.

"Little thing, I've been gone for a few days. Did you miss me?"

even though da bai was a ferocious beast, all he could make at the moment was a series of muffled grunts, a classic example of a coquettish act.

“Hahahahaha!”

Nuan Nuan laughed heartily at Great White's kiss, but Chi Yang walked over with a dark expression. He didn't seem to move, but Great White seemed to be lifted by the back of its neck. Then, it was lifted off the ground by a great force.

“Aooo!”

Great White realized that he was being carried away. Not only was someone holding the back of his neck, but there was also a force pulling his butt. Just like that, he was getting further and further away from his little princess ” ”

da bai wanted to fly into a rage, but after seeing who it was, he realized that it was someone he couldn't afford to offend, and his howl immediately turned into a whimper.

Then, Nuan Nuan saw that her big brother chiyang had placed her big white on the tallest tree in the Chi family.

“Wuwuwuwu!”

Big white hair cried out pitifully, his voice and eyes full of complaints against Chi Yang.

Nuan Nuan looked at Chi Yang and acted coquettishly, "big brother Chi Yang, what are you doing?" Why did he throw da Bai up the tree? how is it going to come down like this?"

Da Bai seemed to understand what he was saying, and he whimpered as he circled around the tree branch, almost falling down with a pitiful expression on his face.

Chi Yang looked at da Bai with a cold expression before pulling Nuan Nuan into his arms. “How many times have I warned you?”

[illegible]

Big white hair let out a dangerous sound. He looked left and right to make sure that there was no one around, especially the little princess, so he directly pounced towards Chi Yang, baring his teeth.

The behemoth was about to arrive, and even though its bloody mouth wouldn't bite Chi Yang's neck off so easily, da Bai still wanted to give it a try since he had been stripped of its power. At the very least, he wanted to leave a deep impression on Chi Yang.

However, Chi Yang didn't even move an inch in response to da Bai's actions. Just as da Bai was about to pounce on him, a powerful force suddenly sent da Bai flying.

Da Bai howled and was sent flying a dozen meters away before falling into the lake.

Even though da Bai was a Liger beast, he didn't inherit a Tiger's ability to swim. Da Bai was a complete landlubber.

after falling into the lake, da bai choked on a lot of water. hearing a strange sound, fatty came out of its nest and saw da bai in the water. it squeaked a few times and a large group of geese fell into the water.

Poor da Bai was about to swim to the shore after choking on a lot of water, but he was blocked by fatty, who was usually bullied. Even though fatty was only a goose, it was the tyrant of the family. It knew that no matter how much da Bai wanted it dead, it would at most get a bunch of feathers off its body. therefore, if he didn't take revenge now, he would be letting down fatty's vengeful character.

the pitiful da bai was like a lion that had fallen into the water and was no better than a chicken. da bai's group of geese stepped on him and poked a few strands of hair off his head. The flock of geese were still sitting on its head, and its eyes were covered.

In the end, da Bai was in a terrible state after he came ashore.

Initially, da Bai really liked the Nangong family and didn't want to go back to the Chi family's residence for 20 days a month. However, ever since that time, he didn't like to go to the Nangong family's residence anymore.

At this moment, da Bai couldn't get hard at all, looking at the person who had caused this.

"let's go," he said.

Chi Yang gently patted Nuan Nuan's shoulder. Nuan Nuan looked at Great White, who couldn't be ruthless and could only act cute, and shrugged. Just as da Bai's beady eyes were about to squeeze together pitifully, he finally said weakly, "He's my husband! i want to listen to him!"

Da Bai lost his balance and finally fell from the tree after hearing the little princess's words.

Chapter 2230: The Furious Feng shengxuan (4)

However, da Bai was still an Overlord-level beast. Even a large tree swayed from its kick, but it did a perfect 720-degree flip in the air before landing gracefully on all four feet.

However, after landing on the ground, da Bai wisely chose to keep a distance from his little princess. He watched helplessly as the little princess and the great Demon King walked into the house together.

There were three great demons in this family, but only the old grandpa and the little princess were the best. Da Bai thought.

As they were about to enter the house, Nuannuan said in a delicate voice, " "Big brother chiyang, you're getting jealous now. Not only do you not differentiate between men and women, you don't even differentiate between different species."

chi yang looked at nuannuan and said seriously and stubbornly,"But when it licked your face, it also licked your lips!"

"But it's da Bai, the pet I've raised since I was young!"

"but it licked your face and lips!"

Yingying is a pet, just like dogs. They always like to express their love for their owner in this way!

"But it's licking your face and lips! this place is mine! I'm the only one who can lick and kiss!"

Nuan Nuan looked at her brother chiyang's serious face and was defeated.

"Alright! Then I won't let it lick my face and lips anymore."

Chi Yang looked at Nuan Nuan, and the corners of his lips curled up in satisfaction. "Be good!"

da bai, who was not too far away, thought,"i can hear you!" he even understood it! Sang Xin!

just as chi yang and nuannuan were about to enter, the sound of glass shattering suddenly came from the third floor. a white shadow suddenly flew out of the window and directly jumped onto a tree five meters away.

It was so fast that only an afterimage was left.

However, regardless of whether it was Chi Yang or Nangong Nuannuan, they both saw who the person was.

Immediately after, the White figure on the tree jumped down from a few meters high.

"Sister Yue."

Nangong Nuannuan quickly stepped forward and saw Baili Yue, whose eyes were already red and the corner of her lips slightly swollen. She asked with concern, " "Are you alright?"

Right at that moment, Feng shengxuan jumped down from the third floor. He looked at Nangong Nuannuan and felt awkward for a moment. There was something shaking in his eyes.

Then, the trace of clarity in the depths of her eyes seemed to be blinded by something the moment she saw Nuannuan.

However, Nangong Nuannuan managed to catch the change in his gaze. However, the change in Feng shengxuan's eyes could no longer be seen.

she looked at his eyes carefully and found that his deep and slightly upturned eyes were no different from usual.

he looked at the tissues and cells in his eyes, but there was no difference.

nangong nuannuan looked at feng shengxuan and baili yue, whose expressions had turned pale, and couldn't help but ask, " "Big brother, what are you two doing?"

Feng shengxuan's anger disappeared in an instant. All that was left was his seductive and gentle gaze when he saw Nangong Nuannuan.

"It's nothing," Feng shengxuan brushed it off and asked,"how's your fun these days?" Are you happy? Did a certain annoying person bully you?"

Nuan Nuan knew that Feng shengxuan was talking about her brother chiyang. She glared at him and said, " "Big brother chiyang is very good to me, he won't bully me. But you, why did you bully sister Yue?"

His anger had been replaced by an evil and lazy look. He looked at Baili Yue, whose eyes were red, and a cold light flashed in his eyes. However, he still answered Nangong Nuannuan's question with a good attitude.
