

Physician Wife 2261

Chapter 2261: Be a good family (3)

if your mother was living in an ordinary family and her husband died, as her son and future daughter-in-law, would she feel gratified that she had found a new love? ”

Seeing that Nangong Nuan Nuan was silent, PEI Jitong thought that she was thinking about what he had said and continued to speak in a gentle and refined manner, ” “You’re constantly growing and becoming stronger, but your parents are slowly aging. If one day your mother is too old to walk, won’t she be a burden to you? But now that she has me, I’ll help you take care of her, care for her, and love her. At the same time, I’ve been teaching my three children that their big brother Chi is unable to take care of his mother due to being in the combat Department all year round. Hence, the three of them have always treated your mother as their own.

Nuan Nuan, you’ve been together with Chi Yang for a long time, so you should have some understanding of his temper. He admired elder Chi and his father, so he couldn’t tolerate and accept his mother being with another man. However, Nuannuan, you’re not a soldier. You should understand the logic behind this. In fact, this was a very common phenomenon. As for me, as your stepdad, I truly wish the best for you and hope that we can become a truly big family.

Nuannuan, this is also the reason why I moved my house to the peninsula. Because this place is closer to you, and it’s more convenient for your mother to take care of you. You guys don’t know, but every time I see her spend a few hours to cook a pot of soup, but she can’t let Chi Yang and you enjoy it, I feel very sad. It’s my fault for not being a good stepfather, that’s why you guys have children to this extent. Can Yingluo and I be a good family?”

PEI Jitong’s attitude could be said to be very good, and his expression was also very sincere.

Especially Zhou ruxue, whose eyes turned red after hearing PEI Jitong’s words.

She didn’t know if she was touched by PEI Jitong’s words and love or if she was blaming Chi Yang and the Chi family for giving her so much sadness and grievances over the years.

In short, the tone at this moment was that PEI Jitong was really a modest gentleman and should also be a kind and kind stepfather.

Even the young men in charge of the property management felt that the conflict was started by Nangong Nuannuan after hearing PEI Jitong’s words. The reason she started the conflict was to vent her fiancé’s anger. The Nangong family was on Nangong Nuannuan’s side, so Nangong Nuannuan was at fault in this matter.

Nangong Renyi’s face started to turn red again after being provoked by the PEI family’s shamelessness. Just as he was about to scold PEI Jitong for being shameless, Feng shengxuan, who was surrounded by the Nangong family’s bodyguards, couldn’t stand it anymore.

Although he hated the Chi family and wanted to kill Chi Yuancheng and Chi Yang, that was only because he and the Chi family were on different sides.

However, other than the fact that his father was the one who caused Hiroshi Chizawa's death, he still admired Hiroshi Chizawa from the bottom of his heart. After all, he had the ability to force his omnipotent father into such a situation and finally die a tragic death. Hiroshi Chizawa was also very powerful.

For someone like this, especially Nuan Nuan's future father-in-law, from the bottom of his heart, he didn't want this kind of person to have anything to do with a villain like PEI Jitong.

Chapter 2262: Shut up (4)

Feng Shengxuan slowly walked out from behind the bodyguards. With his tall body, lazy temperament, upturned eyes, and devilish aura, even people who didn't know him would be shocked by the casual yet extremely intimidating aura of this man.

PEI Xiyu, who was initially indignant at the sight of Nangong Nuannuan's car and the fact that her piano and guzheng might have been ruined for nothing, had her eyes lit up the moment she saw Feng Shengxuan.

Originally, the person she liked was Chi Yang. From the start, she wanted Zhou Ruxue to introduce Chi Yang to her. However, her cousin Shi Yalin had taken a fancy to Chi Yang, and the Shi family had approached her grandmother. With her grandmother's personality, she naturally put her interests aside. That was why Zhou Ruxue had warned Nangong Nuannuan and used ten million to dismiss her.

She couldn't be compared to Shi Yalin in terms of appearance or status. Moreover, with Shi Yalin's shrewdness, if she knew that Shi Yalin also had feelings for Chi Yang, wouldn't she die a miserable death?

Therefore, even if she was unwilling, she had to give up this opportunity to enjoy the benefits of being in a favorable position.

Later, when she had found out that Nangong Nuannuan was the chairman of Disheng Group and that the International Movie King, Feng Shengxuan, was merely the vice-chairman, her thoughts had started to race. She went around telling her friends that her sister-in-law was Disheng's Chairman and that the person who was paired with Feng Shengxuan was actually her brother. She also said that she liked Best Actor Feng and that if she wanted to be with him in the future, it would only take a word from her sister-in-law.

Her friends were very envious of her.

PEI Xiyu also told Zhou Ruxue about her thoughts. Although she looked down on this stepmother, she still maintained a warm appearance under her father's influence. At this moment, this useless stepmother was finally useful. How could PEI Xiyu miss the chance to make use of Zhou Ruxue? 1

So, after telling Zhou Ruxue about this and getting the approval of the whole family, Zhou Ruxue promised her that she would tell Nangong Nuannuan about this and get her to agree to her marriage with Feng Shengxuan. 1

However, the moment Feng shengxuan spoke, his usual arrogant, unreasonable, condescending, and ant-like temperament was released without any restraint.

“Well said, Chairman PEI! After what you’ve said, as a passerby, I’m afraid you’re going to accuse Chi Yang and Nuannuan of being unfilial to their mother and their kind and kind stepfather.”

Feng shengxuan’s appearance had also stunned the PEI family. Just as he was about to establish a relationship with Feng shengxuan, the words he said made him feel ashamed.

“Some time ago, I was investigating your PEI family. I wanted to understand why the Chi family was so disgusting to the PEI family, and why you said that you wouldn’t have any contact with them. After the investigation, we found out that when Hiroshi chizawa died, the Chi family set up a mourning hall for him.”

“You shut up!” Zhou ruxue shouted in a trembling voice, afraid that the management would hear her.

“What’s wrong? How dare you roll around in bed with this man in front of you in your ex-husband’s funeral Hall, yet you don’t dare to let anyone know how dirty you are? Hehe! I, Feng shengxuan, have seen countless b * tches, but a b * tch like you is rare. Your husband died for the country, and your father-in-law and son are sad, but you actually rolled on the bed in his mourning hall. You’re so wild, and it’s rare that this old woman is willing to accept you after the matter.”

Chapter 2263: He is your subordinate (5)

The property manager was dumbfounded.

They had never thought that the Chi family would encounter such a thing.

Even an ordinary family would not tolerate such a daughter-in-law, not to mention a reputable family like the Chi family, whose son was a great hero who sacrificed his life for the country!

Therefore, the property management staff who thought Chi Yang and Nangong Nuannuan had gone a little too far, as well as the neighbors on the peninsula who had come to watch because of the loud noise, were all speechless and looked at PEI Jitong and Zhou ruxue in disbelief. Calling them scumbags and sluts was an insult to the word!

Feng shengxuan continued, “ “May I ask, Chairman PEI and this naturally flirtatious and cheap Madam Zhou, what right do you have to try to make our Nuannuan treat you as her parents and be filial to you when the Chi family has already severed all ties with you and we’ve even agreed to not see each other for the rest of our lives? Are you guys thinking too much?”

“Yingluo, you’re too much! I’m chi Yang’s mother! Her biological mother!”

What Zhou ruxue was most afraid of was someone talking about this kind of thing. However, only the Chi family knew about this. The old master was so proud that he would never announce this to the public. As her son, Chi Yang would definitely not spread this family scandal.

That was why she had been living in peace for so many years. It was because she didn't have to worry about her past being exposed. Therefore, whenever someone said that she gave up her position as the Chi family's daughter-in-law and went to the PEI family instead, she could still put on an aggrieved look.

But today, Feng shengxuan had revealed the truth to her without any mercy, and even called her a slut without mercy.

PEI Jitong's expression changed, and Zhou ruxue felt that her image had been destroyed by Feng shengxuan.

However, the mocking smile on Feng shengxuan's face didn't fade in the face of her criticism.

"That's right, you're Chi Yang's biological mother, not mine. I'm just stating a fact, what right do you have to say that I'm going overboard? Don't you think that compared to my honest nature, a woman like you who has an affair with a man in her husband's funeral Hall is more excessive?"

Zhou ruxue's chest heaved up and down in anger as she roared, " Ji Tong and I had always been friends! It's just that when something happened to zehao, I was too sad. He comforted me, but I was too sad, so I fell into his arms. There was no such thing as rolling around in the sheets in the mourning hall."

"Oh, I see. But what could he do? When I was investigating you, I got a video of you. I have a video of you rolling around naked with this man. Do you want me to put it on the internet and let the netizens evaluate whether your so-called "stop with courtesy when you're in love" or "you're only sincere when you take off all your clothes and roll with me?"

Feng shengxuan, the world-class best Actor, had always been sharp-tongued and high-profile. He had offended countless people around the world, but in the end, none of those who sought revenge from him had a good ending.

Therefore, even though the PEI family was extremely angry at this moment, they still didn't dare to say anything to this Best Actor Feng.

"Nuannuan, this man is your subordinate. Are you just going to watch him ruin mom's innocence in front of so many people?" After Zhou ruxue had been angered to death, she suddenly remembered that Nangong Nuannuan was the chairman of disheng and the superior of Feng shengxuan. Hence, she resisted the pressure from Feng shengxuan and ordered Nangong Nuannuan, " Nuannuan, shouldn't you take care of your subordinates?"

Chapter 2264: More overboard than you?(1)

Nangong Nuannuan was amused and said, " Madam Zhou, what are you thinking about? This is my big brother! If it weren't for my big brother, di mo wouldn't be who he is today. You want me to teach him a lesson? Do you think that you're sick or do you think that everyone else is sick in the head like you?"

Zhou ruxue glared at Nangong Nuannuan. She didn't expect Nangong Nuannuan to not give her any face in public. Just as she was about to throw a tantrum, PEI Xiyu quickly reached out and pulled on Zhou ruxue's arm, indicating for her to stop talking.

Thinking about how the eldest young miss PEI Xiyu was in love with Feng shengxuan, Zhou ruxue also wanted to help her daughter achieve this. Although she felt disgusted to let someone like Feng shengxuan be her son-in-law, PEI Jitong really doted on PEI Xiyu.

Thus, Zhou ruxue could only shut her mouth.

“Brother Feng, I’m sorry. My father and aunt Zhou don’t have any ill intentions. They just want brother Chi and sister-in-law to stop being angry at them. After all, brother Chi is Auntie Zhou’s biological son. How can there be overnight grudges between mother and son?”

Feng shengxuan laughed coldly as he looked at Zhou ruxue and then at PEI Xiyu. He continued with his venomous tongue, “Who are you, big sister? You keep calling me brother Feng. Do you think I look older than you? Do I know you? why are you calling me that? Don’t try to befriend me. I have no relationship with a woman like you who is ugly, has a bad figure, and has no family background.”

PEI Xiyu looked at Feng shengxuan in disbelief. She didn’t think that such vicious words would come from Feng shengxuan. Tears welled up in her eyes and finally fell down in large droplets.

“Yingluo, you’re too much!”

She was speaking up for him, but he was mocking her like that.

As the daughter of a second-rate wealthy family, she was usually sought after wherever she went. But now, she was being scolded by Feng shengxuan. PEI Xiyu couldn’t accept it at all.

But no matter how harsh the words were, she couldn’t say them.

This was because all the other young masters from the rich and powerful families treated her like a princess and pampered her. However, Feng Sheng Xuan’s venomous tongue had aroused PEI Xiyu’s desire to conquer her.

However, Feng shengxuan and Nangong Nuannuan didn’t think that there was anything wrong with what they had said. Therefore, when Feng shengxuan continued to call her a sharp-tongued person, Nangong Nuannuan didn’t say anything.

“Too much? Is it as much as you? in order to transport some junk down, you blocked the road of the community. We honked the horn, and you rushed out with that disgusting face. I’ve never seen a lady from a rich family more disgusting than you! He was so ugly and had such a bad temper. Today, if it wasn’t for my Nuannuan, I would have beaten you so badly that you would want to be remade, you know that?”

“Were you the one in the car just now?” PEI Xiyu’s eyes widened in disbelief.

“That’s right, I’m that wild man!” Feng shengxuan replied.

He felt that after all the farts Zhou ruxue had said, this was the only sentence she had said that was human.

“What’s going on?” PEI Jitong looked at PEI Xiyu and the Butler angrily.

It was obvious that they had offended both Nangong Nuannuan and Feng shengxuan today.

The PEI family still wanted to cooperate with disheng group, but they had offended the chairman and the Executive Chairman to this extent. PEI Jitong felt that the PEI family had been going against the tide these years.

Chapter 2265: Let's just let it go 2

PEI Xiyu was also very aggrieved. She wiped her tears and said, "I don't know either! I didn't do it on purpose. When I came out, I saw that my piano and guzheng were both broken. I thought that you bought me these limited edition instruments, so I asked the Butler to help me argue with them, but the Butler directly ordered people to smash the car."

How would the Butler dare to take such a huge blame? However, he had no choice but to take the blame. After all, this matter was indeed caused by him, and Miss sun's appearance had only escalated the situation.

The Butler's face was covered with tears.

"Young master, I, Yingluo, didn't mean it. I didn't know that the people in the car were miss Nuan Nuan and Chairman Feng. I thought that we could finish moving the things immediately, so I wanted them to give us two minutes. However, Yueyue was the one who caused the workers to be in a fluster and directly broke eldest miss's things. We won't be able to move the car anymore."

"You're lying through your teeth. You don't even need to blink! Are you not moving away because you broke something? I'm still here and you dare to talk nonsense. Chairman PEI, it seems that your dog needs to be tied up and trained before it can be let out for a walk!"

PEI Jitong's face turned green and white. Thinking that he couldn't offend di mo no matter what, he could only wipe his face and put it in his bag. "Nuan Nuan, I didn't know about this earlier, so I offended you and your brother. Uncle apologizes to you for this matter."

Then, he turned to elder Nangong, who had gathered so many people, and bowed. "Old general Nangong, I'm really sorry for today. This matter was caused by our poor upbringing and education of our children, which led to such a conflict. I apologize to Nuannuan, to Chairman Feng, and to you. No matter what happened in the middle, we were in the wrong. It was our car that occupied the road in the neighborhood, so Nuan Nuan's car couldn't get there, which led to the subsequent incident. After I come down, I will definitely deal with the Butler and my daughter, Xi Yu, seriously. Please let this matter pass on my account. What do you think?"

As he spoke, PEI Jitong glanced at his own courtyard.

The famous sculpture that he had spent a huge sum of money to build was smashed just like that. Not only could he not find anyone to compensate him, but he also had to apologize to them. PEI Jitong also felt drunk.

Because Nangong Renyi had directly called an excavator to destroy the PEI family's front yard, he didn't feel depressed anymore.

So after PEI Jitong finished speaking, Nangong Renyi just snorted and looked at Nangong Nuannuan. "The people you've offended are Nuan Nuan and Xiao Xuan, not me. Nuan Nuan and Xiao Xuan have the final say on whether or not to forgive you. I don't."

The corners of PEI Jitong's lips couldn't help but Twitch. Then, he looked at Nangong Nuannuan and Feng shengxuan in a very friendly manner and said, "Nuan Nuan, Xiao Xuan, I'm really sorry. This matter was caused by my insubordinate's incapability. After I come down, I will deal with the Butler seriously and give you an explanation. Nuannuan, for your mother's sake, can you not be so calculative with uncle? Uncle really hopes to see you and Chi Yang get along with your mother in peace."

Nangong Nuannuan's lips curled up, is this just because your Majesty is incompetent? Then why did your family's young miss order people to smash my car? Also, when old Madam PEI came out with you two just now, why did you order the bodyguards to attack my brother and me?"

Chapter 2266: You're not my mother (3)

not only did you block the road, but you also smashed my car and hit us. Do you think you can get away with all this just by comparing your white teeth? "

PEI Jitong was embarrassed by Nangong Nuannuan's words.

Seeing her husband being scolded and angered, Zhou ruxue felt like she was floating. PEI Jitong saw her face turn red and didn't have time to stop her. Zhou ruxue said with her mother's authority, "Nangong Nuannuan, don't you think you're going too far? Your Grandpa just used an excavator to smash the truck into the garden that we've spent a huge sum of money to build. It destroyed the statue that we hired a famous artist to make, and it almost hit grandma. Now that your father has apologized to you in a humble manner, you still refuse to let it go. What do you want? Don't forget, I'm chi Yang's mother! His biological mother! You haven't even entered the door and you're already giving me such a face, do you think you're Di Shi's Xuanji?"

"Enough!"

PEI Jitong didn't want to yell at Zhou ruxue, but seeing that she didn't have any intention of seducing Nangong Nuannuan, and that Nangong Nuannuan didn't want to give them face, she still had to act like a mother, PEI Jitong felt very angry.

Zhou ruxue looked at PEI Jitong in shock. This was the first time he had yelled at her in all the years they had been married.

Looking at Zhou ruxue's extremely wronged expression, PEI Jitong could only sigh slightly, his voice obviously much gentler.

"Ruxue, this is Nuan Nuan! Didn't you want to make up with Chi Yang that much?"

After hearing PEI Jitong's words, Zhou ruxue finally calmed down from her anger and remembered that they had more important things to do.

He took a deep breath and said to Nangong Nuannuan, "I'm sorry, Nuan Nuan. I'm Yingluo." 1

"You don't have to apologize to her because you have nothing to do with her. The door she was about to enter was the Chi family's door, not your PEI family's door. The Chi family has already severed all ties with you 17 years ago. I also severed all ties with you 17 years ago. Our letter of severance has been notarized by a notary, and it is legally effective. So, even though you're my biological mother, I have nothing to do with you now. My wife has nothing to do with you. Madam Zhou, Mr. PEI, and old Madam PEI, some words may sound very unpleasant, but don't ever think of building any relationship with the Chi family or even Nuan Nuan. After old Madam PEI allowed your son to hook up with this woman named Zhou ruxue, our Chi family no longer had any relations with her. The Chi family and the PEI family would no longer have any relationship. So, don't even think about getting any benefits from Nuannuan."

Nangong Nuan Nuan's eyes lit up when she saw Chi Yang.

"Big brother chiyang!"

Chi Yang rubbed Nangong Nuannuan's head, then stretched out his arm to pull her into his embrace. He said to Zhou ruxue, you're not my mother, so there's no need for Nuannuan to treat you as one. Of course, the PEI family is nothing in my and Nuannuan's eyes.

Then, he ignored the pale-faced Zhou ruxue and patted Nangong Nuannuan's back. "Let's go," he said.

Nangong Nuannuan nodded and left with Chi Yang.

She had already taken a few steps when she suddenly stopped and turned around. The moment the PEI family's eyes lit up, she said,

Chapter 2267: What's wrong 4

"Although my car isn't completely broken, it's still heavily injured from the way you smashed it. This car belongs to the combat Department, not the Chi family's private property, so remember to repair it. "It seems like the annual review is coming up next month. If the combat Services Department asks about it, you might not be able to answer to them. Seeing that Ms. Zhou is brother chiyang's biological mother, I'll tell you this news in case you're late in repairing and the combat Department may have an interview with you. "After all, this car was built by the combat Services Department using special materials. Just the cost of reinstallation alone is 10 million. The materials are hard to find. It will be about time after you guys have fixed it. When it's repaired, just send it to the combat Services Department."

PEI family:

That Land Rover was actually a heavy tank? 10 million Yuan for the heavy load?

So they had just smashed a car that was worth more than 10 million?

Seeing the Nangong family protecting Nangong Nuannuan in the middle, seeing how Chi Yang protected his wife, and seeing the house that had been destroyed on the first day she moved in, old lady PEI felt her blood rush up. She had a headache and fainted on the ground.

"Mom!" PEI Jitong was the first to react and went forward to help the old lady.

Immediately after, Zhou ruxue also reacted and hurriedly went forward to support her. However, she was pushed away by PEI Xiyu and fell to the ground.

“Why are you scolding me? Did I say anything wrong? Dad, wake up. This woman has been abandoned by the Chi family and her own son. She’s been drawing empty promises in front of you and the entire PEI family, and then she’s tied a rod in front of us. We wanted to eat pancakes, so we were led by the nose by her! But think about it, it’s been 17 years. Back then, the Chi family and Chi Yang didn’t help our PEI family at all because of her, and they won’t do so now. Dad, what’s wrong with you and grandma? why do you always think that she can help us? Can’t you see Nangong Nuannuan’s attitude towards the PEI family today? A daughter-in-law who had not even married into the family yet was mocking her in public without any psychological pressure or burden, embarrassing her and the PEI family! Do you still expect Nangong Nuannuan to help the PEI family on her account?”

“Get lost!” PEI Xiyu glared at Zhou ruxue with a face full of anger and disdain as she rebuked, “You jinx, what’s the point of my dad marrying you? It’s been so many years, when have you fulfilled any of the benefits you promised to bring to the PEI family?”

“PEI Xiyu!” PEI Jitong roared unhappily, “is this the time to talk about this? Hurry up and help me!”

“Why are you scolding me? Did I say anything wrong? Dad, wake up. This woman has been abandoned by the Chi family and her own son. She’s been drawing empty promises in front of you and the entire PEI family, and then she’s tied a rod in front of us. We wanted to eat pancakes, so we were led by the nose by her! But think about it, it’s been 17 years. Back then, the Chi family and Chi Yang didn’t help our PEI family at all because of her, and they won’t do so now. Dad, what’s wrong with you and grandma? why do you always think that she can help us? Can’t you see Nangong Nuannuan’s attitude towards the PEI family today? A daughter-in-law who had not even married into the family yet was mocking her in public without any psychological pressure or burden, embarrassing her and the PEI family! Do you still expect Nangong Nuannuan to help the PEI family on her account? You must be dreaming!” 1

Zhou ruxue’s face turned pale from PEI Xiyu’s words.

PEI Xiyu’s words were undoubtedly the heaviest blow to her.

In fact, she vaguely knew why Pei Jitong had seduced her at that time. That was because old master Chi couldn’t stand old lady PEI using his name to gain benefits for his family. In the end, he couldn’t take it anymore and decided to sever all ties.

At that time, the Chi family and the PEI family had already severed all ties. It was just that old master Chi had not announced this news to the outside world. And PEI Jitong started to seduce her at that time.

After Hiroshi chizawa’s death, he was even more eager to have sex with her that night. 1

And before this, they were really in love but not in courtesy.

After being caught by old master Chi, she had begged him to let the PEI family off, and she had been living with them ever since.

Chapter 2268: Freeloading (5)

As for PEI Jitong, she had nothing to hate him for, because she felt that it was normal for men and women to be in love. They were both adults, and what Chi Zeyu could not give her, PEI Jitong could. Therefore, after trying out PEI Jitong, she followed him wholeheartedly. 1

All these years, PEI Jitong had been very good to her. He protected her like a little princess. Even if she didn't do what she promised, PEI Jitong would tolerate her again and again.

So much so that all these years, she had forgotten that PEI Jitong had come to seduce her in order to continue to obtain the Chi family's support.

After old master Chi found out, she was also chased out of the PEI family. What PEI Jitong was waiting for was for old master Chi to die, for Chi Yang to control the entire Chi family, and for the PEI family to continue to prosper.

At this moment, when PEI Xiyu said these words, Zhou ruxue finally realized the reason why the PEI family chased out her eldest daughter-in-law and made her the young Madam of the PEI family.

PEI Jitong was so good to her not only because he loved her, but also because he had such thoughts.

"" PEI Xiyu, you've gone too far!"

At this moment, PEI Jitong's back was facing Zhou ruxue. Only PEI Xiyu could see PEI Jitong's terrifying appearance.

PEI Jitong had never been a gentleman. He was just a Wolf in a gentleman's coat.

Zhou ruxue didn't know, but PEI Xiyu did.

Otherwise, PEI Jitong wouldn't have divorced his first wife and the woman who had given birth to three children for Zhou ruxue, who had nothing.

PEI Xiyu was frightened by PEI Jitong's gaze and didn't dare to say anything.

Seeing that PEI Xiyu was no longer speaking, PEI Jitong looked at the ashen-faced Butler. The Butler thought that the PEI family would still use him, but who knew that after PEI Jitong thought of the origin of today's incident, he angrily shouted at the bodyguard who was eating melon at the side, "What are you guys doing? Did the PEI family raise you to eat? Hurry up and carry her to the car!"

The bodyguards immediately took action. They carried old Madam PEI into the car and sent her to the hospital.

PEI Jitong immediately called his younger sister PEI Jicheng and younger brother PEI Jicheng and sent the old lady to PEI Jicheng's place. 1

Along the way, Zhou ruxue kept looking at PEI Jitong. However, PEI Jitong, who would usually take care of her emotions, was paying attention to old lady PEI's condition today. Five minutes had passed, but he still did not look at her.

Zhou ruxue's tears instantly flowed out, and her eyes were filled with grievance.

However, PEI Jitong's gaze still did not fall on her.

Zhou ruxue fiercely sniffled a few times, letting everyone in the van know that she was crying.

Of course, PEI Jitong, who was sitting next to her, heard it. However, he didn't turn around to comfort Zhou ruxue this time.

Zhou ruxue only felt her heart turn cold.

Was Yingying giving up on her rhythm?

A wave of panic spread from the bottom of her heart.

After another five minutes, seeing that PEI Jitong was still ignoring her, Zhou ruxue was completely flustered. She grabbed PEI Jitong's arm and asked sadly, "Ji Tong, Yingluo, are you angry with me?"

Hearing Zhou ruxue cry the moment they got on the car, PEI Xiyu felt all sorts of annoyance and disgust.

She had occupied her mother's position for 17 years, but she was the type who didn't sh * t in the toilet. Every time something happened, she could not help the PEI family.

Chapter 2269: Critical point (1)

"Qi! How could he not be angry! If you were my dad, would you not be angry? My dad has worked so hard for this family and the PEI family corporation. He's out earning money to support the family, and you've been at home as beautiful as a flower for 17 years. Which part of our PEI family has let you down in the past 17 years? But you? How did you repay our PEI family? You said that you would repair your relationship with big brother Chi Yang, have you done so? Every time he saw big brother Chi Yang, he would put on that high and mighty expression, as if big brother Chi Yang owed him, and he should be the one flattering him.

She had given birth to the title of 'chiyang's mother' for nothing, and she couldn't do anything. Old d * ck, pretending to be weak and pitiful. it was simply disgusting.

in fact, she was quite distressed that her father had to use medicine every time he faced this woman. This kind of woman, not to mention his father, even ordinary rich families would not like her, right?

Although she was indeed beautiful, Kamino was a densely populated country and had no lack of beautiful women. Not only could his father find a textbook-like beauty like her, but he could also find someone with a family background ten thousand times better than hers.

Without the support of her mother's clan, she was just a White Lotus jumping around from young to old, and she was still the same. This was something that PEI Xiyu could not bear.

Therefore, before PEI Jitong could speak, PEI Xiyu couldn't help but open her mouth.

"Qi! How could he not be angry! If you were my dad, would you not be angry? My dad has worked so hard for this family and the PEI family corporation. He's out earning money to support the family, and you've been at home as beautiful as a flower for 17 years. Which part of our PEI family has let you down in the past 17 years? But you? How did you repay our PEI family? You said that you would repair your relationship with big brother Chi Yang, have you done so? Every time he saw big brother Chi Yang, he

would put on that high and mighty expression, as if big brother Chi Yang owed him, and he should be the one flattering him. Every time, they would part on bad terms. You promised grandma that you would build a good relationship with Nangong Nuannuan, but look, whether it's during Shi Yalin's banquet or this time, have you ever built a good relationship with Nangong Nuannuan?"

PEI Jitong's face was still facing old lady PEI, who was lying in the car, and he did not even turn around. He felt that his tolerance had reached a critical point. If he couldn't adjust his mentality, he was afraid that this woman would be scared away and divorce him after he revealed his ugly side.

After all, this woman was Chi Yang's biological mother. Once they divorced, Chi Yang would most likely accept her. In addition to his father's many years of experience, PEI Jitong knew that Zhou ruxue was a woman who looked weak on the outside but was extremely vengeful. If he provoked her before the matter was resolved, and Chi Yang helped her to take revenge on him and the PEI family, wouldn't it be more of a loss than gain?

therefore, he could not reveal his true colors. at this moment, he could only feel a little better when he heard his daughter scold her.

Seeing that PEI Jitong had no intention of paying attention to her or berating PEI Xiyu, Zhou ruxue was so angry that her heart hurt.

The tears that were originally shed to gain sympathy were now really falling.

She had her own son, but she had never really taken care of him for a day. However, ever since she married PEI Jitong, she had treated his son and daughter as her own and took care of them for 17 years.
1

However, when she saw the contempt and ridicule in PEI Xiyu's eyes, Zhou ruxue felt that all her efforts over the years had gone to waste.

He was also angry in his heart, but he still pitifully used his usual means to deal with it.

Zhou ruxue cried even harder. She always knew that PEI Jitong cared about her tears. She cried as she said to PEI Xiyu, "

"Xiyu, how can you say that about me? Back then, if it wasn't for mother who asked me to send Nangong Nuannuan away and insisted on shifting Shi Yalin's position, would I have offended Nangong Nuannuan? You all know that she's the chairman of disheng group and Tian Heng di. Doesn't she have any pride?"

Chapter 2270: Who cares 2

"I've already offended her, how can it be so easy to repair our relationship? At the banquet last time, before we could repair our relationship, your grandmother insisted on dragging me to talk to Nangong Nuannuan. I told her it wouldn't work, but I couldn't change her mind. In the end, he failed to hit on her and was instead mocked.

PEI Xiyu sneered,"that's right, I'm impulsive." Then what do you do? I'm my father's daughter, and I'm still young. It's normal for me to be impulsive. Who asked her to honk the horn without any manners

and cause the worker to break my violin in shock? but since you're already out as a stepmother, why don't you repair your relationship with nangong nuannuan and talk to her nicely? What's your attitude towards her? It was as if she and Chi Yang both owed him. You're the one who abandoned your husband and son to come to our PEI family. You've already let down your son, and our PEI family has suffered a lot for you. No matter who says it, it's your and my father's fault. Since you want to get chiyang and Nangong Nuannuan back, you should at least show some respect. But you? aren't you too well-protected by my dad?

This time, it has even less to do with me. It was clearly you and the Butler who ignored the cars behind you and occupied the road. You asked the bodyguard to smash the car and angered her. She's already so angry and venting her anger on you guys, so it's only human nature to be angry! Xiyu, it's not that I want to criticize you, but you're not young anymore. You should change your impulsive personality. There are more powerful people in the Emperor province than us, you can't always regret after offending them!"

In the end, Zhou ruxue started to teach her a lesson.

PEI Xiyu sneered, "that's right, I'm impulsive." then what do you do? I'm my father's daughter, and I'm still young. It's normal for me to be impulsive. Who asked her to honk the horn without any manners and cause the worker to break my violin in shock? But since you're already out as a stepmother, why don't you repair your relationship with Nangong Nuannuan and talk to her nicely? What's your attitude towards her? it was as if she and chi yang both owed him. you're the one who abandoned your husband and son to come to our pei family. you've already let down your son, and our pei family has suffered a lot for you. No matter who says it, it's your and my father's fault. Since you want to get chiyang and Nangong Nuannuan back, you should at least show some respect. But you? Aren't you too well-protected by my dad? Do you think that the whole world owes you? How dare you order Nangong Nuannuan around. Zhou ruxue, is there something wrong with your brain?"

"Yingluo, what did you just call me?" zhou ruxue trembled from pei xi's words.

She wasn't even that angry when she was chased out of the family by old master Chi.

but now, she was so angry.

Perhaps it was because she had truly treated everyone in the family with all her heart and soul all these years.

She was angry because she cared.

"Alright! Your grandma is already unconscious, and you're still making noise here!"

PEI Jitong saw that it was about time and shouted at PEI Xiyu. He then turned to look at old lady PEI and still did not look at Zhou ruxue.

"ji tong, do you also think so? Do you also think that I'm a freeloader in the PEI family? I've been married to you for 17 years, but we never had a child of our own. I'm taking care of your son and daughter as if they're my own. I'm taking care of your mother as if she's my own. Isn't this enough?"

PEI Xiyu, who had shut up, spoke again, "of course not!" Who needs your care? We're not children without a mother. Do you think we need you to take care of us? What can you do? Did you cook for us, do the laundry, pay our tuition, or help us complete our marriage? you didn't do anything, you just

moved your mouth to show your concern, what's the hard work? My dad is the one who's suffering! in order to be with you, he had to bear the chi family's anger and pressure on the pei family. he chased my mother away. all these years, he raised you to be fair and tender, but what did you give her?"
