

## Physician Wife 2281

### Chapter 2281: Blind date (3)

It was also because of this small action that Nangong Zheng noticed that this young man's lips were even better looking than those of girls.

It was moist and full, as if a lip-shaped jelly had been placed on her delicate facial features.

The brothers from the Nangong family might look like domineering CEOs, but any one of them would attract a wave of screams from the girls. It was not only because of the Nangong family's good genes and their heaven-defying looks, but also because of their innate superior temperament.

However, these brothers were different at home.

Apart from the eldest Nangong Jin and the third Nangong Yun, who were really cold and aloof CEOs, the second brother was a Fox who specialized in playing with people's thoughts. The fourth brother was a naturally lazy person. He would never stand if he could sit, and he would never sit if he could lie down. Old fifth was a Smiling Tiger, and old sixth was a Joker.

This was also the reason why the Nangong family couldn't solve the problem of having a great-grandson for so many years, but it was easily solved by Nangong Yun. The key was that Nangong Zheng was willing.

Not only was Nangong Zheng lazy, but he also loved to eat snacks.

Jello was one of his favorite snacks.

Nangong Zheng's Adam's apple couldn't help but move as he looked at this young man who was more beautiful than a woman. His mouth moved as he spoke, like a shaking melon-flavored jelly that had its shell peeled off. 1

Her delicate Adam's apple gently moved along with the cartilage at the side. The young man's eyes were fixed on her. He swallowed his saliva and continued, "

"But Qian Duoduo already has her own boyfriend. Her parents did not approve of her being with that man. Although she had agreed to break up on the surface, she had not actually broken up with him. She's the one who asked me to come here today to apologize to you. She said that she knew that your time was precious and that it was her honor for you to come out and meet her. But she can't betray her boyfriend just because you're better off. So, please forgive me. "

In fact, every young master of the Nangong family had many blind dates arranged by their family two years ago. One on one, one on a few, and even filled the entire banquet hall. However, the result was that the young masters of the Nangong family rejected almost all the women who went on blind dates with the excuse that they did not call.

This was the first time Nangong Zheng was rejected by someone.

This feeling was quite novel.

However, it was not a good thing to be rejected. Since he had been rejected, his vacation was gone for now. Nangong Zheng had no reason to stay.

He stood up from his seat and prepared to leave.

Seeing that he was about to leave, planet canglan grabbed Nangong Zheng's hand in a moment of desperation. A pair of clear eyes looked at him, sparkling with tiny Starlight.

"You're leaving?"

Nangong Zheng looked at the hand that was grabbing his arm in displeasure.

When the bodyguards at the side saw that their master was unhappy, they were about to step forward to stop him. However, Nangong Zheng spoke up, "If I don't leave, do I have to continue to wait for her?"

Cang LAN star immediately shook his head. Chairman Nangong, since you're here for a blind date today, it means that you have time. Can you spend a little time to hear me out? "

Seeing that Nangong Zheng was looking at him with an obviously unhappy expression, star Cang LAN hurriedly said, "Just ten minutes!"

.....

"Five minutes!"

.....

"Then three minutes! Just three minutes! Please!"

Chapter 2282: Silly people can't tell the difference between Tiger and mouse (4)

The boy's eyes were filled with anticipation, and Nangong Zheng could roughly guess what he was going to say.

Although he didn't hate the boy in non-human clothes, there were many companies in trouble and poor people in the world. He wasn't a Savior, and he had no obligation to help people in trouble.

"Student Cang, since your mother also runs a business, you should know that the business world is like a battlefield and the law of the jungle is the norm. Perhaps your family is facing difficulties for various reasons, or once your family gets through this difficulty, they will be able to soar. But what does this have to do with me, Yingluo? I'm neither your family nor your friend. I'm not even your blind date. Do you think I have any obligation to help you? What right do you have to beg me?"

Although Nangong Zheng's words were a little unpleasant to hear, they were also reasonable. Cang LAN star simply couldn't find an excuse to continue talking about this.

However, he was not willing to let go of Nangong Zheng, the ultimate boss, and watch as his company was snatched away by others.

His heart was filled with hatred towards the bandits. Seeing that his God of Fortune was about to leave, Cang LAN star said in a hurry, "Then let's go on a blind date!"

Nangong Zheng, who had already taken half a step forward, was stopped in mid-air as he looked at the picturesque youth in front of him in disbelief. The heat in her body suddenly dropped to the freezing point.

"What did you just say?"

Canglan star felt the sudden drop in temperature and shivered. Swallowing a mouthful of saliva, it raised its neck and said, "Then you should treat me as your blind date! If you treat me as your blind date, you'll have a reason to convince yourself to help me, right?"

Nangong Zheng was so angry that he laughed instead. He forcefully pulled his hand back from Cang LAN star's grasp and carefully sized up Cang LAN star, as if he was staring at goods. He sneered and said: "Young man, your values have already been shattered by money, right? My blind date should at least be a woman, right? I'm not interested in men!"

"This has nothing to do with values. This is the view of love!" Cang LAN star corrected.

"I'm also not interested in men in love! I'm ... Straight!"

"I know, I know! I know you're straight, I can tell without saying!" Cang LAN star quickly nodded. After seeing that the other party's expression had improved, he continued, "But even if he's straight now, it doesn't mean he'll be straight in the future! You may like women now, but that doesn't mean you'll like women in the future! You can try dating me!"

Cang LAN star's face had already turned red. It was unknown whether it was due to embarrassment or anxiety, but her originally fair face had turned pink. The fine hair that had originally blended in with her white face had also turned red, like a peach.

She had a pink face, cherry red jelly lips, a high nose, a slender neck, and her sexy collarbones and flat chest. She was a beauty that was hard to distinguish between male and female, a beauty that was hard to distinguish between Tigers and mice.

"Beautiful?"

He was probably really being hit by a ghost, right? He actually felt that this non-human Punk youngster was beautiful!

Nangong Zheng calmed the anger in his heart and said word by word with a cold and sharp gaze, I'm sorry, but no matter if it was before, now, or in the future, I only like women!

Chapter 2283: Black-hearted cotton (5)

"But you're already 26 years old. Haven't you never had a woman before? Perhaps you don't even know that you can actually like someone like me?"

Nangong Zheng was so infuriated by the other party's twisted logic that he had difficulty breathing.

student Cang, instead of taking an unconventional path here, why don't you think about how to use your own strength to restore your family's company? "

After that, she didn't plan to talk to him anymore. She looked at him coldly and turned to leave.

"Chairman Nangong!" Cang LAN star couldn't help but call out again.

Nangong Zheng stopped in his tracks and looked towards Cang LAN star. He didn't know why he had stopped to listen to his nonsense.

His face was still pink, but it was redder than before.

He originally thought that the young man would continue to say more bottomless words, but who knew that the young man would reveal a brilliant smile at him and bow more than 90 degrees to him.

"No matter what, thank you for listening to me. Thank you for shaking my hand. Also, I'm really sorry about Duoduo's matter."

Nangong Zheng looked at the child who was bowing to him, and he couldn't help but feel sorry for him.

He could see that the other party was anxious to ask for his help, even to the extent that in order to get his help, she had even thrown away her integrity. However, even after he had clearly rejected him, he could still show him a kind and bright smile.

This child was quite cute.

.....

What was he thinking?

How could she forgive his shamelessness just because of his smile? It was as if he had not said that he wanted to be her boyfriend!

Nangong Zheng glanced at him. Faced with such a bright smile, Nangong Zheng, who was used to seeing and dealing with all kinds of people, didn't know what to say.

In the end, Nangong Zheng didn't say anything and left the club.

Looking at Nangong Zheng's departing back, the light in Canglan star's eyes instantly dimmed.

This was the most direct and most likely opportunity to save the company. Other than that, there was no other possibility.

Thinking that the company that her mother had managed for 18 years was going to be given away like this, all the unwillingness in Canglan star's heart turned into deep despair.

Nangong Nuannuan, Chi Yang, and Feng shengxuan were having lunch at the Nangong residence when Nangong Zheng returned.

When his second aunt saw him, her eyes almost popped out of their sockets. She stood up and walked over to Nangong Zheng to size him up.

“Didn’t you go on a blind date? Did you quit halfway again? Nangong Zheng, you were the one who said that you wanted to go on a blind date this time. You were the one who said that the 1292-day holiday was more important than getting married and having children. I saw that you were sincerely going on a blind date, so I introduced my girl to you, and now you’re giving me the cold shoulder again!”

Without waiting for Nangong Zheng’s reply, second aunt cried out to her second uncle, ” “Hubby!”

Originally, second uncle Nangong Qin wasn’t unhappy with Nangong Zheng’s return. However, after hearing his second aunt’s words, he immediately slammed his chopsticks on the table and roared at Nangong Zheng.

“Unfilial son! Don’t you know that Qian Duoduo’s mother and your mother are good sisters? If you stand Qian Duoduo up like this, how is your mother going to face her sisters? How do you expect your mother to face her sisters? Other people’s children are all considerate cotton jackets, why are they black-hearted cotton cotton jackets when it comes to you?”

Chapter 2284: You harmed me (1)

“You only know how to trick your own mother! Do you still want to take a break? I’ll ask your brother to transfer half of his work to you!”

Nangong Zheng had rushed back home because he was worried that his Nuan Nuan would be having lunch at home. However, he was stopped by his mother the moment he stepped into the dining room. Before he could say anything, he was scolded. Before he could explain, he was scolded by his father again.

Nangong Zheng felt extremely aggrieved, and he immediately turned to look at Nangong Nuannuan.

Seeing the puppy’s pleading eyes, Nangong Nuannuan rubbed her nose and said to her second aunt, ” “Second aunt, is there a misunderstanding? I think that since fourth brother has already agreed to go on a blind date, and it’s his own choice, he will definitely do it with the ultimate goal of getting married and having children. Right, fourth brother?”

Nangong Zheng had already made his way to Nangong Nuannuan’s side, looking for a seat to sit down. However, Chi Yang was already sitting beside her, and Feng shengxuan’s broom was sitting on her right. There was no place for him, his brother.

Hence, Nangong Zheng could only choose to sit diagonally opposite Nangong Nuannuan. This way, it would be easier for him to speak.

“My Nuannuan is the most understanding and understanding. Mom, do you think I’m the kind of person who would go back on my word?”

“That’s right, my fourth brother is definitely not that kind of person!”

Nuannuan quickly cheered her brother on.

Chi Yang peeled a crayfish and placed it in Nuan Nuan’s bowl. Without hesitation, Nuan Nuan reached out with her chopsticks and picked it up.

"If he's not someone who goes back on his word, then he's going on a blind date? Then tell me, you went out for a blind date and didn't even eat with the girl. What kind of marriage are you dating?"

"Don't even mention it! Mom, you're the one who harmed me this time! Not only did Qian Duoduo stand me up today, but she also found a man. I thought that man was her boyfriend, but it turned out that he was here on Qian Duoduo's behalf to go on a blind date with me."

ppfft-cough cough cough cough cough cough!

The old man, who had been silent all this time, couldn't help but spit out his saliva.

"Aiyo, dad! Please be careful!"

His second uncle quickly went to calm old man Nangong down.

Nangong Nuannuan took a look at her grandfather's organs. After confirming that he was fine, she didn't join in the fun.

Old man Nangong glared at Nangong Zheng, his voice full of emotion. He almost cried as he said, "Ah Zheng, you can't mix with those young hunks outside and turn yourself gay!"

"Pfft-"

Nangong Nuannuan had just eaten another piece of prawn meat, but the moment it entered her mouth, she was so amused by the old man's words that she spat it out onto her own plate.

"Grandpa, you're really keeping up with the times. Not only do you know about young hunks, but you also know about straight curves."

Old man Nangong was so angry that he almost burst into tears. "Little girl, let Grandpa tell him the main point first."

After saying that, she pointed the spearhead at Nangong Zheng and said bitterly, "Ah Zheng, you see, Grandpa has given birth to three sons and one daughter. If each of my four children gave birth to four children for me, our family would have sixteen children. But your fathers only gave the Nangong family seven children in total. But look at your generation! Other than your eldest brother who gave birth to a pair of twins, there has been no news of him. Which one of your grandsons can be free of worry? All of them put on airs and refused to get married or have children. How old do you think you are? Are you trying to end the Nangong family's bloodline?"

Chapter 2285: Dog-shit luck (2)

After saying that, she turned to look at Nangong Nuannuan. All of you have to learn from Nuannuan. Do you know what Nuannuan said to your Grandpa Chi? Nuan Nuan said that she would give birth to many grandsons for Grandpa Chi in the future! Why can't you all learn from Nuannuan?"

Nuan Nuan, Yingluo is in trouble! Do I really have to have a few more in the future?

Nangong Zheng was a little dumbfounded. He stupidly said, "Grandpa, I went on a blind date, didn't I? The other party stood me up, I'm a victim too!"

"I just wanted to say this! Ah Zheng, I didn't even say anything when you guys don't date, get married, and have children. After all, Nuannuan is going to have a few children in the future."

Nangong Nuannuan:

"But what do you mean by going on a blind date with a man? Although there are a lot of people out there playing with young hunks, Grandpa hopes that you're a straight man and not bent by those young hunks who are not simple-minded."

"I didn't get together! I rejected him!" Nangong Zheng really wanted to kneel down.

you rejected him? " elder Nangong was a little surprised.

"He did refuse! If I didn't refuse, how could I have returned so early?"

Elder Nangong was stunned, why didn't you say so earlier? Let's eat! I'll get your mom to find you another blind date."

Nangong Zheng:

Nangong Nuannuan looked at this funny family and felt as if there was a small sun in her heart. She laughed so hard that flowers bloomed.

After the meal, the family was chatting happily when the Butler suddenly walked in.

"Miss, Guye, there are people outside looking for you. She said that Zhenzhen is Guye's mother and she wanted to apologize to miss and Guye."

Nangong Nuannuan looked at Chi Yang with a casual expression.

As for that stupid woman, Zhou ruxue, she didn't care if she wanted to see her or not.

However, Chi Yang was obviously not as good-tempered as Nangong Nuannuan. He coldly said, " I won't see you.

"Yes."

The Butler left, and everyone continued to chat. Nangong Nuannuan shared with her family what had happened in Haizhou and the kingdom of Lun tan.

Even elder Nangong was a little taken aback by the sudden twist in the story. He sighed, "

"No wonder I received elder Xiao's invitation this morning to attend his granddaughter's family recognition Banquet. So there's actually such a matter. This Ling Yun girl is really blessed after surviving a great disaster!"

"Didn't we always talk about Xiao Cheng 'an's affair? To be honest, Xiao Cheng 'an, elder Xiao, and old Madam Xiao didn't inherit anything from the Xiao family, be it their figure, height, looks, methods, or brains. Why didn't they think about doing a paternity test?" Nangong Zheng muttered to himself.

Xiao Cheng 'an was born prematurely, " old man Nangong said. his body's Foundation wasn't good to begin with. When he was three years old, someone wanted to mess with the Xiao family, so they sent someone from the enemy's side to the Xiao family as a nanny. This man almost killed Xiao Cheng 'an.

Although he was saved in the end, he might have overdosed on the medicine. That's why elder Xiao has always felt that it was Xiao Cheng 'an's fault for looking like that."

Nangong Zheng sighed. he's already been hospitalized, yet they still didn't realize that he's not his biological son. This Xiao Cheng 'an sure is lucky. His blood type actually matches either elder Xiao or elder Xiao's wife.

The people from the Nangong family sighed.

Old man Nangong chuckled and said,"no matter what, I should still congratulate elder Xiao." To be able to find his granddaughter in his lifetime."

Chapter 2286: Deep hypnosis (3)

He then glanced at his Nuannuan.

He felt that this soft and cuddly granddaughter was really beautiful and cute no matter how he looked at her. He liked her no matter how he looked at her.

The Butler walked in again and said to Chi Yang, " "Guye, that lady still hasn't left. Not only did she not leave, she even knelt down. She said that if you don't come out to see her, she will kneel until she dies."

When the people of the Nangong family heard this, they were all stunned and looked at Chi Yang.

"Then let her kneel,"

Chi Yang's voice was still cold and emotionless, without a trace of hesitation.

"Yes. Do I still need to go out and tell Yueyue?"

"There's no need to trouble yourself,"

Nangong family:

How much hatred did she have to make her own mother kneel there, to the extent that even the servants found it troublesome to inform her?

Nangong Nuannuan was the only one who knew that her brother chiyang did not hate her.

This was blatant disregard.

At this point, it was probably impossible for Zhou ruxue to win back her brother chiyang's heart.

After everyone chatted for a while in the living room, the old man entered his study. Just as he was about to take a nap after reading a book, Nangong Nuannuan, Chi Yang, and Feng shengxuan entered as well.

Looking at the three people in front of him, the old man took off his glasses and asked, " "Hey, what's up with the three of you?"

Nangong Nuan Nuan told the old man in detail about how Huang Ziyu had hypnotized Feng shengxuan that morning, but ended up getting injured in the 'domain' she had created, causing him to fall into a

deep sleep. She asked, "Grandpa, you're very knowledgeable. Have you ever heard of such a thing? or do you know if there's anyone in this world who can deeply hypnotize others, and with such a powerful method?"

Elder Nangong squinted his eyes with a serious expression. After a long while, he said, "A long, long time ago, there was indeed such a person. This man is the nightmare of the entire world, because he once wanted to rule the world."

Nangong Nuannuan:

Chi Yang:

"Is he retarded?" Feng shengxuan asked.

Old man Nangong chuckled and said, "However, he was indeed very capable. He had deeply hypnotized many people, including many politicians from Kamino and cyber nation. In the end, it was the soldiers of the two countries who joined forces to destroy him. This person's hypnotism technique was very powerful. As long as it was a politician who had come into contact with him, they would be hypnotized by him without exception. In the beginning, everyone thought that these politicians had been brainwashed by him. It was only later that he gained control of the Saibo President and most of his officials. He even wanted to launch a war against Kamino. Kamino's President had sent an Eagle to meet up with the people of Saibo. After realizing that something was wrong, he had acted in secret and killed the other party by surprise.

After this person died, those who were hypnotized recovered without treatment. The president of cyber country secretly called the president of Kamino country and gave a detailed explanation of the matter. The final result was that the two countries did not fight each other. The confrontation between the two countries, which had suddenly become urgent, was resolved in a peaceful way.

No one mentioned what happened back then, and the mysterious hypnotist did not appear again. Hypnosis was also suppressed by various countries for a long time."

Elder Nangong looked at Nangong Nuannuan and said, "What you just said reminded me of this person. Although he's already dead, this person appeared very abruptly and disappeared without leaving any traces, so I don't know if he has any descendants."

Chapter 2287: I like Nuannuan (4)

After that, old man Nangong turned to Feng shengxuan and said, "Xiao Xuan's aura is so strong, so his willpower should be very strong. It's impossible for ordinary people to have the ability to hypnotize Xiao Xuan. If the other party had the ability to hypnotize Xiao Xuan, then he should have the ability to hypnotize the politicians of cyber country as well. However, Saibo and Kamino were now at peace and maintained a good relationship. Thus, Yingying was in a dilemma. Moreover, his hypnosis is also very strange. Why would he tamper with the matter between you and Yue 'er?"

being able to hypnotize me isn't that impressive," Feng shengxuan said. after all, didn't Huang Ziyu, a little girl, hypnotize me as well? "

If Feng shengxuan didn't believe that he was hypnotized before, he now believed that it was true. Huang Ziyu, that weak-looking little girl, had actually hypnotized him while talking to him.

Chi Yang also said from the side, "the other party's hypnosis points are on Nuan Nuan and Baili Yue." You said that you've liked Nuannuan since she was a child and raised her as your wife. It's obvious that from the moment Nuannuan appeared and fell in love with her, or even before that, the other party had already hypnotized you. That's why you've always thought that the person you like is Nuan Nuan and not Baili Yue."

Feng shengxuan's eyes widened. the person I like is Nuan Nuan, not Baili Yue! he said.

Chi Yang immediately turned to Feng shengxuan and stated a fact, " "That's your illusion. You don't need to hypnotize me anymore."

Feng shengxuan didn't give up and insisted, " "The person I like is Nuannuan! Don't think that you're the only one who likes Nuannuan. If one day, Nuannuan encounters the same situation as that woman, Bai Liyue, I'll still be as angry as you. Besides, if anyone dares to hurt Nuannuan, I'll protect her even if I have to risk my life. That's why I love you!"

Feng shengxuan's voice sounded a little angry as he explained. Chi Yang, who had always been calm and collected, was also very angry.

"This is indeed love! But it was the love of brother and sister! Relatives would treat the people they care about like this too. The six brothers-in-law of the Nangong family, for example, had all been furious when Nuan Nuan had been in trouble. Won't stand up? When Nuan Nuan's life is in danger, you won't risk your life?"

"Chi, yang!" Feng shengxuan growled in anger.

"It's no use shouting. I'm telling the truth. I advise you to face the truth. It's obvious that you've been hypnotized. Otherwise, Huang Ziyu wouldn't have been injured today."

even if I'm hypnotized, it might be for something else. What right do you have to say that I'm hypnotized for liking Bai Liyue? " Feng shengxuan argued.

"It's obvious that the person you love and care about is Baili Yue. Even a blind man can see that, but you insist that the person you like is Nuan Nuan. If you weren't hypnotized in this aspect, why would you not admit it? Is it so hard to admit that you care about Baili Yue and love her?"

"I don't love her! I don't love you! I don't love you! I don't love you at all!"

"If you don't love me, then don't love me. I already know that. Why are you so loud? are you afraid that others will say you love me? Don't worry, as long as I know you don't love me, it's fine. Feng shengxuan, let me tell you, I might have been interested in you in the past, but I don't love you anymore. You don't have to act like I love you and you're the victim every time."

Chapter 2288: Make her kneel (5)

“Nuan Nuan, Chi Yang, from now on, don’t tell him that I’m the one he likes and loves. This is an insult to me.”

Nangong Nuannuan:

Chi Yang:

Old man Nangong:

Feng shengxuan’s eyes narrowed as he watched Bai Liyue turn and leave. He snorted in an instant.

Nangong Nuannuan realized that she had once again caught a glimpse of the dark shadow in the depths of his eyes.

“Chi Yang, you can still ask your grandfather about hypnosis. It’s because your grandfather was the one who brought the Eagle to the cyber nation and killed the hypnotist.”

Chi Yang and Feng shengxuan were both stunned.

Nangong Nuannuan and the others returned to the living room after they left the kitchen.

“Boss, brother-in-law!”

“Boss, brother-in-law!”

“Boss, brother-in-law!”

boss, brother-in-law! Feng shengxuan’s face fell instantly.

A bunch of ungrateful things!

Feeling Feng shengxuan’s cold gaze, the three of them then called out in unison, ” “Big brother,”

“Hmph!”

Feng shengxuan’s response to the three of them was a look of disdain and indifference.

The three of them were already used to it, so they ignored him. Anyway, as long as boss was good to them, no matter how much big brother disliked them, he would still be good to them.

Nangong Nuannuan couldn’t help but smile when she saw Aiden, Selina, and dunchi. However, she couldn’t help it when she realized that there was one person missing in the room.

“Where’s sister Yue?”

The three of them glanced at Feng shengxuan at the same time. Selina, who was the most doted on and the one who was the least afraid of Feng shengxuan’s anger, said, ” “I heard that big brother was hypnotized, so sister Yue went up to look for you. In the end, she just went up and left in a Huff. Big brother, why do you always make sister Yue angry every time you see her?”

Feng shengxuan was lying on the sofa in the living room of the Nangong family. He had his feet stretched out on his stylish calfskin feet, not treating himself as an outsider at all. with his hands behind his head, he watched the tv in the living room, as if he hadn’t heard selina’s question at all.

Nangong Nuannuan realized that the person who had been very concerned about Baili Yue seemed to have become more and more indifferent to her after their repeated reminders.

He recalled the time when Feng shengxuan took the initiative to get close to Bai Liyue, cared about her, and was angry because she was with Xiao shenbin. It was as if they didn't care about him, and no one deliberately mentioned Bai Liyue in front of him.

Thinking about the darkness in Feng shengxuan's eyes and mind, Nangong Nuannuan gave Selina a look, telling her not to mention it again.

selina pursed her lips and said, " "Oh right, boss, when we came in, we met Zhou ruxue at the entrance. She kneeled there and said that she was waiting for you and brother-in-law to go out and see her. "

Nangong Nuannuan nodded. yes, " she said. let her kneel there.

When she heard that Zhou ruxue was kneeling outside, she didn't believe it. After all, she was such a selfish woman. How big of a piece of meat did she want to eat from big brother chiyang for her to want to kneel down to her son? So, she used her phone to check the surveillance cameras outside the Nangong family's house.

in the end, that woman was not kneeling.

She clearly saw someone approaching from afar, so she knelt down. When the person was gone, she stood up again. she even kicked her legs and rubbed her knees from time to time.

Chapter 2289: Disappeared (1)

She was wearing a pair of loose chiffon pants in the hot summer, but from the way she rubbed her legs, it could be seen that this woman would not treat herself shabbily at all. She even had thick knee pads on her knees.

When she was watching the video, Chi Yang also stretched his head over to look. When he saw the woman in the video, his face darkened by more than one degree.

At night, after the Nangong family's uncle, aunty, brother, sister-in-law, and the two children returned, everyone had dinner together in a harmonious manner.

As for the topic of Nangong Zheng meeting a man on his blind date today, everyone was obviously treating him as a laughing stock. The kind that could be laughed at for a year.

After the meal, Chi Yang was going to take Nangong Nuannuan home.

just as he was about to get into the car, nangong nuannuan grabbed chi yang's hand.

"What's wrong?" Chi Yang asked with a gentle expression.

she's still outside. Aren't you going to see her? "

Chi Yang's face turned cold,"she can stay for as long as she wants. As long as she doesn't disturb the Nangong family, it has nothing to do with me." i've already instructed the butler and guards to chase her out if she dares to disturb the nangong family and rings the doorbell."

"Let's go and take a look!" Nuan Nuan said coyly.

"What's there to see? Don't you feel vexed seeing this woman?"

"But we'll have to go and see why such a proud person suddenly knelt down in front of you."

Chi Yang sneered,"do you even need to ask?" She could easily guess that the PEI family was afraid of you on one hand, but on the other hand, they wanted to get some benefits from you, so they put pressure on her. She had no choice but to come here and act pitiful. In the future, if she finds you and wants to give in, even if she kowtows until her head breaks, you can ignore her. Do you know that?"

nangong nuannuan did not hesitate to follow her brother chiyang's orders.

Chi Yang's serious expression softened, and he pulled Nangong Nuannuan into the car. He even left in Nangong Jin's car.

This was because Zhou ruxue knew the car that Chi Yang drove here, and Nangong Nuan's car was left behind at the PEI family's house. Nangong Jin's car had been specially modified, so not only was it bulletproof, but the people outside couldn't see the people inside.

So, when Chi Yang left with Nuan Nuan, Zhou ruxue only knelt there and glanced at them before continuing to look inside.

As it was getting late, the two little kids decided to stay on the peninsula, so Nangong Jin and mu Chenxiang also stayed there.

Zhou ruxue was furious as she waited. On one hand, she was complaining that Chi Yang wasn't a good person. He could even be so cruel to her own mother. On the other hand, she was sad that if she didn't handle this matter well today, what would the PEI family think of her?

Zhou ruxue was extremely angry, but she also realized that this time, she could only resolve the hatred with Chi Yang. Otherwise, even if she returned to the PEI family, she wouldn't receive any good treatment.

Didn't she just sleep with another man?

But so what?

hiroshi chizawa was already dead, and she couldn't possibly stay by his side for the rest of her life.

What's more, when Hiroshi chizawa was still alive, she was no different from a living widow. 1

She was a woman, she needed love and someone to pamper her. What did she do wrong to make Chi Yang hate her so much?

zhou ruxue still felt that although the things she had done back then were unreasonable and had brought shame to the chi family, it wasn't enough to make her own son hate her so much. he had even hated her for 17 years.

## Chapter 2290: Good night, your sister (2)

In the end, Zhou ruxue felt that she was about to collapse, so she rang the doorbell.

A few minutes later, the housekeeper's image appeared in front of her. It looked like the housekeeper was about to go to sleep.

"Open the door, I want to see Chi Yang," Zhou ruxue ordered.

The Butler politely nodded at Zhou ruxue. I'm sorry, Madam Zhou. Our son-in-law has already left.

"what did you just say?" Zhou ruxue's voice became extremely sharp, and she had a look of disbelief on her face.

She had been kneeling outside the door from noon to night.

Which mother in the world would do something like this to apologize to her son?

however, that unfilial son of his had left with nangong nuannuan a long time ago. How could she believe this?

The Butler repeated with a good attitude, "I said that our family's young miss and Guye went back very early. madam zhou, you've knelt here for so long. it's useless to kneel whenever you see someone. we're the only family on this mountain, and the only people who knelt before you were my family. If you want to kneel, you can go to a place with a lot of people to kneel, and you have to kneel all the time for it to be useful. you only knelt down when you saw him come, but you got up immediately after he left. this is useless. Good night, Ms. Zhou."

after the butler finished speaking, he immediately turned off the 3D video.

Zhou ruxue's entire body trembled with anger, and her eyes turned red as she looked at the silent Nangong mansion.

In the next moment, Zhou ruxue started to ring the doorbell with all her might.

After a long time, the Butler finally picked up.

When the housekeeper's image appeared at the gate again, there was a foot massage basin at his feet, and he had changed into pajamas.

"Ms. Zhou, you haven't left yet?"

"When did Chi Yang leave?" Zhou ruxue asked through gritted teeth.

"He had dinner and left at around eight o'clock,"

It was already half-past ten, which meant that she had been waiting outside for two and a half hours and had to kneel down in front of people from time to time?

"Why didn't you say anything?" Zhou ruxue asked.

The Butler didn't understand and asked in confusion, "What did he say?"

“All of you clearly know that I am Chi Yang’s mother, that I am here to look for him, and that I am kneeling outside. Why didn’t any of you tell me that he has left?”

“This is a little funny. You didn’t tell me before that after Chi Yang left, I would have to tell you and you wouldn’t kneel anymore. What do you want me to tell you?”

“You’re so silly!”

“Ms. Zhou, I told you before that our miss and son-in-law won’t see you. You only got up after you told them when they would see you. I promise you. But I didn’t promise you that I would inform you when miss and Guye left. It doesn’t make sense for you to blame this on me. Besides, you stood up a few minutes after you said that to me. You said that you would kneel on the ground and know that your son-in-law had appeared. You didn’t keep your word, so how can you blame others for not even agreeing to it?”

Seeing that Zhou ruxue had been angered to the point of anger and that he had done what the young miss had asked him to do, the housekeeper felt much better. He then said to the other end of the video, “ “Ms. Zhou, I’m going to rest. You can go back now. I’ve already muted the doorbell, so it won’t ring even if you press it again. Good night.”

“Good night, your sister!”
