Chapter 2291: King's older brother (3)

Zhou ruxue was so angry that she cursed. Unfortunately, the housekeeper had already cut off the video call, so she didn't hear her last sentence.

After they returned to the Chi family, chiyang Nuannuan told old master Chi and second uncle about Feng shengxuan's hypnosis.

Even though Nangong Nuannuan did not sense any change in their expressions, she could still see through them. Because of an inexplicable feeling, Nuan Nuan used her x-ray vision to look over. They all saw the flames of anger in Grandpa Chi and second uncle's bodies rising.

[f * ck!]

She had always felt that Grandpa Chi and second uncle were too tolerant of her big brother. But looking at it now, they didn't seem to be just tolerant of big brother!

When he was sick, they would be anxious. Now that he heard that he was indeed hypnotized, although the two of them appeared calm on the surface, they were actually raging in secret.

Why did grandfather and second uncle care so much about big brother?

Could it be that big brother was like her, having a hidden background?

She had been sold to KE because someone had done it on purpose. She wanted to use her life to threaten the Nangong family. He might even want her to kill the people of the Nangong family.

Then, what was the situation with big brother?

What was the relationship between big brother and the Chi family?

Grandfather and second uncle cared so much about big brother, they must have known big brother's identity. However, since he knew his big brother's true identity, why didn't he say anything?

It was similar to what he had heard from grandfather Nangong. Fifty years ago, the hypnotist was very powerful. He had controlled many of the higher-ups in cyber country and attempted to attack Kamino.

Later on, with Kamino's chi Yuan Cheng and Nangong Renyi leading the way, and the cooperation of some secret personnel from Saibo, they caught the hypnotist off guard and killed him.

"that hypnotist not only can hypnotize people, but he also has a special ability and is very strong. It wasn't easy to kill him back then."

"Are you sure that person is dead?"

"I'm sure. Because at that time, we trapped him and his entire nest of dangyu in a secret chamber, then detonated that secret chamber, and everyone died on the spot."

"Are you sure it's a secret chamber?" Feng shengxuan asked.

"I'm sure," Grandpa Chi nodded with certainty.

Grandpa, was there anyone else who could rival or be related to the hypnotist after that? "

"there is." The old man nodded.

"Who is it?"

the leader of the team, King.

Feng shengxuan:

"But King was also killed by you. So, you guys are still the most powerful."

When a sentence was said, it was clearly a compliment, but it made people hear a derogatory meaning.

Feeling Nangong Nuannuan's distant gaze, Feng shengxuan said innocently, "It's already powerful. Don't you think that Grandpa Chi and your Grandpa are very powerful?"

Old man Chi didn't mind Feng shengxuan's words at all. He chuckled and continued, "from the start to the end, King wasn't the best player in the team.

Grandpa Chi's words stunned Nangong Nuannuan and Feng shengxuan, who used to be high-ranking officials in KE city.

"What did you say, Grandpa? there's someone better than King in the team?" Nangong Nuannuan was shocked.

She felt that the previous KE was definitely a high-quality imitation.

Otherwise, why was it that in 14 years, she couldn't even grasp such a basic core problem? This didn't make sense!

the most powerful person in KE is King's brother. He's very dangerous. Not only does he have superpowers, but he also knows hypnosis.

feng shengxuan's pupils constricted when he heard what grandpa chi said.

Chapter 2292: The old master's son (4)

Old man Chi continued. Flying Eagle didn't go after King all these years. They didn't do it to destroy the team. After all, there are many other international mercenary organizations like this one. They can't be wiped out completely. Moreover, these organizations are all overseas. The one that Flying Eagle had been trying to destroy all these years had always been old King's brother. Because he hypnotized many people, including old King."

"This is impossible!" feng shengxuan rejected the idea immediately.

In his heart, his father was the most powerful and greatest person in the world. Other than the shameless Flying Eagles, who only knew how to use underhanded tactics to kill his father, his father was definitely an invincible person.

It was a God.

but now chi yuancheng was telling him that his father had also been hypnotized back then. how was this possible?

although feng shengxuan was sure that he had been hypnotized, in his heart, his father had always been more powerful than him. there was no way he would be hypnotized by a man who was half-dead and covered in wounds.

“Why do you think it’s impossible?”

you’ve never asked me anything about KE, ” Feng shengxuan said after a moment of silence. but I know that you’re well aware of Nuan Nuan and my identities.

Old man Chi smiled slightly, but a trace of sadness flashed in his eyes.

“Yes, I know. I’m not the only one who knows. Elder Nangong knows as well. However, since you have already destroyed the proof of your identity, there is no longer the so-called Queen, the eye of the celestial Emperor, the night bat, the gentleman, Medusa, or the intruder in this world.”

Feng shengxuan narrowed his eyes and sneered. “you’ve really investigated us thoroughly. you even know the name of the organization.”

Nangong Nuannuan could not help but rub her nose in embarrassment.

“Yes.” old master chi agreed. ” because my son, my grandson, and i have always been working hard to destroy the team. so, after three generations of hard work, we have a basic understanding of the team.
”

“Then you should know that old King is a very powerful person. He’s also the spiritual leader of the team, and the only idol I have in my life. you said that such a person was hypnotized? Heh, I don’t believe you.”

“He’s not a God. He’s just an ordinary person with an ability. Just like how you can be hypnotized, he can be hypnotized too. because of hypnosis, he lost his family. it was not until the moment of his death that he realized that the person he had been dealing with was the person closest to him.” Chi zeyao calmly stated a fact.

Feng shengxuan’s pupils contracted, and the expression that he was trying to control became twisted when he heard the explosive words. He stared unwaveringly at Chi zeyao, then turned to Chi Yuancheng, his Adam’s apple bobbing up and down, but he could not say a word.

Nangong Nuannuan was also shocked beyond words.

“Second uncle, second uncle, you said that old King only realized that the people he was dealing with were his family when he died. What do you mean? Nangong Nuannuan looked at old man Chi in disbelief. is old King grandpa’s darling? ” she thought.

“He’s my son.”

As he said this, a deep pain flashed across old master Chi’s eyes.

However, Feng shengxuan's pupils contracted again.

"Your grandmother and I had two sons."

Chapter 2293: Old King5

"The eldest son, Hiroshi Chizawa, and the youngest son, who had yet to have a name, was stolen when he was just one month old. When he was stolen, he only had a nickname. Because he was the youngest, he called him Yiyi.

We don't know who stole 11, but we've never stopped looking for him. Later on, Ze Hao grew up and became the commander of the Eagle gang. The two brothers met each other in their repeated confrontations with KE.

Ze Hao looks more like me, but Yiyi looks exactly like his mother. Previously, Yiyi had always been wearing a mask, so Ze Hao had never seen his true face. However, during one of the duels, Ze Hao broke little one's mask and revealed a face that looked very similar to my wife's. Yao Yi took advantage of Ze Hao's shock and dazed state to severely injure him.

Originally, Ze Hao was facing certain death after being seriously injured, but 11 let him go at the critical moment. Yiyi asked him why he didn't take advantage of the upper hand just now to defeat him in one go. However, Ze Hao took out a group photo of the four of them from his arms with red eyes.

That was the only photo we had together as a family of four. Ze Hao was two years old and 11 was one month old. I was holding Ze Hao and my wife was holding 11. And my wife looks exactly the same as 11 when she grew up.

11 was also shocked. He let Ze Hao go and took his hair. At that time, Kamino could not do a paternity test yet, so he had sent Ze Hao's hair to Cyber Country for a test secretly. The test results showed that the DNA similarity between the two of them was 94%. Although the two of them did not look alike, from a biological point of view, they were 100% sure to be brothers. After that, 11 secretly contacted Ze Hao and asked him to get my hair.

After the test, 11 told us that although he was from the Chi family, he hated them to the core. He knew that his big brother knew hypnosis, so he told us that he suspected that he had been hypnotized by his big brother.

In the last brutal battle, on the surface, it was Ze Hao who led the Flying Eagles to destroy KE, but in reality, he and 11 were working together to capture his big brother. But Yingluo "

Every time Old Master Chi thought of that battle, he couldn't help but shed tears.

"I also participated in that battle, and most of my injuries were caused by that battle. Me, Ze Hao, 11, we all have superpowers. With the top special forces of the Flying Eagle Special Forces, as well as the cooperation from the inside and the outside, we thought we would win. Who knew that the big brother 11 was so strong that even the three of us combined were not his match.

Bullets were like toys to him, they couldn't hurt him. At that time, I thought that the three of us were going to die, but who knew that zehao and 11 were of one heart and mind. Without any discussion, at the most critical moment, they pounced on 11's big brother at the same time.

The explosive force of the bomb was so strong that the two brothers hugged each other tightly at the last moment. They held the older brother tightly and jumped off the cliff.

At that time, the headquarters of the team was on an island and the two brothers were standing on the edge of the cliff. The bomb exploded when they were halfway down the cliff and my son died with the enemy."

Nangong Nuannuan and Feng shengxuan both looked at old man Chi in shock. Because they didn't look at each other, Nangong Nuannuan didn't know that Feng shengxuan's face was even more shocked than his.

Chapter 2294: He knows everything (1)

because he was not only shocked and sad, but also angry.

Indescribable anger.

Old King's brother?

Old King's brother!

Wasn't that the detestable old man in the castle?

He thought of the Fox-like man in the castle. He had always known that his strength was unfathomable, but he did not expect that he was the one who killed his father.

His father!

The man that he, Feng shengxuan, admired the most in his life. He was such an indomitable man that even a super strong woman like his mother was willing to bow down to his charm.

He had the same ability as his father, so his father had taught him personally since he was young. He was able to become the King he was today and stand at the top of the world all because he had a good father.

The reason he hated the Chi family so much, the reason why he had never stopped thinking about going against Fei Ying, the reason why he had ordered people to abduct Nuannuan's mother, then kidnapped Nuannuan and brought her to KE to receive assassin training, was all for revenge.

To take revenge on the Chi family!

Take revenge on the Nangong family!

But now, he was actually telling him that old master Chi of the Chi family could very well be his biological grandfather!

Furthermore, Nuannuan would never forgive him for what he had done to Nuannuan and her mother.

If Chi Yuancheng really was his grandfather, then what had he done?

Although he didn't acknowledge the thief as his father, he had been ordered by that old thief to kill old man Chi and Chi Yang so many times.

Feng shengxuan seemed to have thought of something. He raised his head and looked at old man Chi with wide eyes.

If what Yingying said was true ...

If Yingluo's father had really joined forces with the Chi family before he died ...

Then, how could Xuanji's grandfather not know his true identity?

the moment feng shengxuan's eyes met with old man chi's, the old man's eyes also turned to him.

Although the old man did not say anything and turned his gaze to Nangong Nuannuan, the profound look in his eyes earlier had explained everything.

He knew!

He knew everything!

She knew that he was not only a top-tier mercenary known as the "eye of the Emperor" in KE, he was also King.

The real King.

And he didn't say anything from the start because of Xuxu and Nuannuan?

He was afraid that Nuannuan wouldn't be able to accept it if she found out about his identity.

He was also afraid that the Nangong family wouldn't be able to accept Yingying after knowing his identity.

Nangong Nuannuan, on the other hand, had always been pure and innocent in front of the people she loved the most. Because he believed in her, he didn't put up any defenses.

This was also why in her previous life, she clearly knew that Jiang zhiwan was more biased toward Zhong Yingying, but she didn't guard against her.

At that moment, Feng shengxuan and old man Chi's eyes had already met countless times. Nangong Nuannuan didn't even turn to look at Feng shengxuan. She missed all the shock, sadness, and anger that she couldn't understand, but if she did, she would probably be enlightened.

Nangong Nuannuan only watched as Grandpa Chi cried. She was also very sad, and her eyes turned red.

Chi Yang reached out his hand and held his innocent wife's hand, giving her warmth.

Her grandfather had been especially, especially, especially good to Nuannuan from the very beginning. Whether it was in her previous life or in this life, a large part of the reason was that he had known about Nuannuan's identity from the beginning.

In her previous life, Nuan Nuan's relationship with Chi Yang wasn't good, and it could even be said that she had let Chi Yang down.

Chapter 2295: Covering up (2)

However, her overprotective grandfather had never blamed her for ignoring chiyang.

Because he knew that it was the Chi family who had let her down.

It was his grandson who had treated her like a machine and trained her to be a top-class assassin. His grandson! Both the back of his hand and the palm of his hand were made of flesh. He could only do everything he could to treat his granddaughter-in-law well.

Of course, Nangong Nuannuan did not know this.

This life was different from the beginning.

It was because Nuannuan had brought his other grandson home!

Feng shengxuan was still trying to digest what the old man had just said. He was petrified.

Nangong Nuannuan didn't know how to comfort her poor grandfather, so she only said, "Grandfather, although you've lost two sons, don't you still have second uncle? I will cure second uncle's illness and return you a healthy second uncle. You still have me and brother chiyang, ah, and my big brother! He had already eaten so much food at the Chi family, so he couldn't eat it for nothing! In the future, my big brother will also support you with me!"

Nangong Nuannuan didn't know how to comfort the old man, so she dragged Feng shengxuan to her side without hesitation.

The old man looked at Feng shengxuan, and even though he had tried to hold back his emotions, tears still welled up in his eyes. He nodded vigorously. "Hehe, Grandpa Yingluo is still healthy. Didn't you want Grandpa to live for a few more decades to take care of my great-grandson's son? You can take care of me when that time comes!"

"Yup yup yup!" Nuan Nuan nodded her head like a little chick.

She felt that Grandpa Chi was too pitiful. He had always thought that the only one who died in the war was Hiroshi chizawa, but he did not expect to lose two sons at the same time.

After she returned, she found out that her daughter-in-law was having an affair with her younger sister's son at her son's funeral. This was a triple blow.

Therefore, Nuannuan decided that she had to treat her grandfather better, even better!

Old man Chi glanced at Feng shengxuan, then changed the topic. "That's why I'll go with you to see that girl, Ziyu, tomorrow. This was because the mothers of Ziyu and zichu were also a hypnotist and a Special Forces soldier of the Eagle Special Forces. Their mother died in order to remove the hypnosis from 11."

"What?" Everyone was shocked.

Even Chi Yang, who knew everything, was shocked.

Previously, he only knew that Huang zichu and Huang Ziyu's parents were members of the Eagle Special Forces. However, they were already dead. He didn't know that their parents had died to save his second uncle.

"Ziyu has inherited her mother's spiritual power. So, if Yingluo was hypnotized by that person, then Ziyu can't take any more risks."

"I know. I've neglected this matter. I'll go with you tomorrow."

The old man nodded at Chi Yang, then turned to Nangong Nuannuan and asked, "Is that girl, Ziyu, alright?"

"I'm fine," Nangong Nuannuan nodded.

"If it wasn't for your acupuncture, would she be fine?" Old man Chi continued to ask.

Nangong Nuannuan thought about it. At that time, Huang Ziyu's brain seemed to have been injured suddenly, and all the blood in his body had rushed to his brain. If she had not reacted quickly and used a silver needle to help Huang Ziyu smooth out the surging blood and distribute it, if all the blood had rushed to his brain, she would have died a horrible death, let alone die.

Hence, Nuannuan nodded.

Chapter 2296: Is it him?(3)

"I will. If I don't give her acupuncture in time, she will die."

"How will he die?" 1

"Her head might explode."

Chi Yang's calm face suddenly tightened.

"It's that serious? Why didn't you tell me?"

Nuan Nuan rubbed her nose. I thought that with me around, Ziyu would definitely be fine. Besides, the facts have proven that after I gave her the acupuncture in time, she was indeed fine. She only needed to sleep and she would recover a lot. That's why I didn't say it to scare you."

Chi Yang:

Old master Chi:

Chi zeyao's eyes also flickered.

Their granddaughter-in-law was indeed impressive. The danger of her head exploding was not a big deal in her eyes.

Grandpa, did Ziyu's mother die from a headshot? "

Old man Chi nodded his head heavily.

At first, he thought that Ziyu's mother was the best hypnotist, so he asked her to take a look at his son and see why he had accepted the truth but still inexplicably hated them. It was Ziyu's mother who had seen through him.

His youngest son was a very smart and self-restrained person. His rationality could be greater than his emotions. So, even though he hated him and his brother, his rationality still made him choose to let Ziyu's mother treat him.

It was a pity that they had originally thought that it would only be a treatment to remove the hypnosis. At worst, it would fail. But they did not expect that in front of them, in front of Ziyu's father, her mother would suddenly let out a scream, then vomit blood and pass out.

At first, she thought it was a mental injury. Who knew that when the doctor came in and pushed her to the examination room for examination, her head suddenly became red, and then a large amount of blood burst out of her eyes, and she died on the spot.

Nangong Nuannuan looked at Feng shengxuan and said, "then, the person who hypnotized you should be the one who hypnotized old King back then.

Feng shengxuan didn't hear what Nangong Nuan Nuan and old man Chi were talking about. He only felt that his mind was in a complete mess, and there were even ringing sounds in his ears.

The Chi family that he had always wanted to kill was actually his closest family in this world?

Other than his mother, his closest kin!

Then wouldn't he and Chi Yang be bi Jue?

Feng shengxuan felt as if he had lived 28 years in vain.

He had schemed against so many people's lives, but in the end, he found out that he was also the one being schemed against.

"Big brother, you've been in KE for much longer than I have. Do you know who old King's big brother is? In other words, who is a hypnotist in KE?"

Nangong Nuannuan continued to ask.

Feng shengxuan's confused mind was pulled back to reality by Nangong Nuannuan's question. He looked at the girl in front of him blankly and mumbled, "I think I've seen him before."

"Wait, I have something to show you."

After that, Nangong Nuannuan took out her phone and pulled out a photo from a confidential file. She placed it in front of Feng shengxuan and asked, "Is it him?"

Feng shengxuan was shocked. where did you get this photo? when did this happen? "

"So you know him? Who is he?"

"I saw him when I was very young. At that time, I was with old King and he called him big brother."

Nangong Nuannuan narrowed her eyes and sneered.

Chapter 2297: Family photo (4)

Feng shengxuan held Nangong Nuannuan's phone in his hand. His eyes, which were already unreadable to begin with, were now even more profound. No one could tell what he was thinking.

big brother, why didn't you mention this person to me when we were wiping out the team at ke? "

Nangong Nuannuan looked at Feng shengxuan. Although her gaze was gentle, it felt like a knife to Feng shengxuan.

"I didn't mention it because I only met him a few times, and Yingluo is good at hiding. Even if you have his picture, you still won't be able to find him."

Nangong Nuannuan nodded. indeed. But in the future, we should focus on finding and killing this person."

"Sure, no problem." This was probably what Feng shengxuan wanted to do the most right now. Therefore, he agreed to Nangong Nuannuan's suggestion without hesitation. He didn't even realize that he had already subconsciously believed old master Chi's words before he even had the chance to do a paternity test with the Chi family.

Seeing that Feng shengxuan had managed to get away with it, old man Chi quickly helped his grandson to divert his granddaughter-in-law's attention.

"It's already very late, let's all rest. This is not only your goal, but also the Eagle's. The future is long."

Nangong Nuannuan felt that the old man was right.

She couldn't deal with that kind of person by staying up one or two nights.

All these years, he had been able to control old King and the venomous snake. He had made Grandpa Chi, brother chiyang's father and uncle suffer so much. He had even helped the venomous snake change its body. This was enough to show how strong he was.

Nangong Nuannuan nodded. After telling Grandpa Chi and second uncle to go to bed early, she returned to her room with Chi Yang.

The door to old master Chi's bedroom wasn't closed. This was the first time Feng shengxuan had entered old master Chi's bedroom.

Even though he had come here with the intention of killing old man Chi or Chi Yang, he had not done so because of Nangong Nuannuan.

It wasn't that he didn't hate her, nor that he didn't want to take revenge. It was just that he couldn't bring himself to do it when he thought about how Nangong Nuannuan would hate him after he killed these two people by surprise.

A few days ago, he had even received a call from Feng Kun, asking him when he was going to take action. At that time, he had even said that he would find an opportunity to strike after Nangong Nuannuan and Chi Yang returned.

This time, he had already planned everything and was ready to carry out the operation.

He had even assigned the mission to the people from KE last night.

But now, he was standing in Chi Yuancheng's room, and the other party was looking at him so kindly, as if he had been waiting for him for a long time.

After Feng shengxuan entered the room, he closed the door behind him and walked over to old man Chi.

Old master Chi was sitting on a chair with a pocket watch in his hand. When he faced him, the corners of his lips were always raised and he was always smiling.

He had always hated Chi Yuancheng. He felt that this damned old man was always acting profoundly in front of him for no reason.

However, if this person was really his father's biological father, Yingluo, then he would be dead.

"You should know that things like blood relations can be found out after a simple check. As long as I hold you!"

Feng shengxuan said with an expressionless face. However, before he could finish his sentence, old man Chi opened his pocket watch.

There was a photo in the pocket watch. It was a family photo of a man and a woman carrying two children. It wasn't hard to tell that this family portrait was the one that old master Chi had told Nuannuan about when the youngest son of the Chi family was a month old. It was a family portrait of four.

It was also the only family portrait of the Chi family. Chapter 2298: Why didn't you look for me (5)

Feng shengxuan stopped in the middle of his sentence, and his pupils contracted.

Although he already knew his background, he was still stunned when he saw the woman holding a one-month-old baby.

This woman had the same Phoenix eyes as him and his father.

His long and narrow Phoenix eyes slightly raised. Even if he wasn't smiling, he still had his own charm and charm.

However, she was smiling like a flower in the photo. Even though the photo was black and white, he could see the brightest stars in her eyes.

He had always thought that no one in the world was better looking than his father, but he had to admit that this woman was as good looking as his father.

Old man Chi saw the shock in Feng shengxuan's eyes. He pulled out a few strands of white hair from his head, then threw them into a small bag on the table. He sealed it and pushed it to a place very close to Feng shengxuan.

"The person in the photo is your grandmother. Does she look like your father?"

Like?

More than just similar?

Feng shengxuan could only say that this gene was simply too magical and powerful.

although his father looked like a baby in the photo, that didn't affect feng shengxuan's judgment.

This was because his father's image in his heart was almost deeply rooted. Even though he had been dead for 17 years, his voice and appearance would forever be engraved in his heart.

This woman looked exactly like his father!

although he had only inherited his father's eyes, he was more similar to his mother in other aspects.

But even so, huhu

Feng shengxuan looked at old man Chi. you knew who I was from the first time you saw me? "

Although it was a question, it was a statement.

Old master Chi wasn't the least bit displeased with his grandson's aloofness, indifference, and arrogance.

after all, he was his grandson!

The old man's eyes were filled with kindness and love."Do you think your father won't tell me about you?"

Feng shengxuan's eyes narrowed. so you knew of my existence from the very beginning! or should i say, you knew my identity from the moment i stepped into your house?"

"I've always said that Nuannuan is our family's Lucky Star. Because of Nuan Nuan, Chi Yang obtained love. My grandson, who was like a block of ice, seemed to have his life filled with warmth. Because of Nuannuan, I managed to escape a meticulously planned assassination. It was also because of Nuan Nuan that zeyao's body could recover so quickly. however, what makes me feel the happiest is that i, who can't get close to you no matter what, now have the opportunity to live under the same roof as you and eat in the same pot because of nuannuan. it gives us, who are clearly enemies, a chance to meet again."

Although the old man didn't answer Feng shengxuan's question directly, what he said was already very clear.

"Since you like me so much, why didn't you come to me after my dad died? why did you keep killing the people around me?"

"Do you think that a person of my status can go to the club? do you think feng tan will let me get close to you? I can tell you with certainty that even if you and Chi Yang are very powerful now, even if you work together, you're still not Feng Luan's match."

although feng shengxuan didn't show any emotion on his face, his pupils contracted.

(It seems like I'll be able to comment after today. remember, there's a building activity in the "young man on a blind date 5" photo posted on the 3rd! 40 spots, first come, first served! I wish everyone a

Happy Dragon Boat Festival! I wish all my third-year high school readers good results! “Go go go go go!!!”

Chapter 2299: Reason (1)

In fact, this was also the reason why he had been holding back all these years and did not go against Feng Luan directly.

Although he had never met the old man before, and although he knew that the old man was covered in wounds and would spit blood from time to time, as if he was about to die, Feng shengxuan knew that the old man was very strong.

So, unless it was absolutely necessary, he would not touch that damn old man.

On the one hand, it was risky to touch him. On the other hand, it was because his father used to respect him.

Now, it seemed that he had made the right decision to secretly cultivate his own forces all these years.

That damn old man was indeed extraordinary.

“Feng Kun is a very powerful person,” old man Chi continued. “If my guess is correct, he has a lot to do with the hypnotist from 50 years ago. What’s more, he might be the hypnotist, but for some reason, he still didn’t age.”

I’ve been studying him for more than ten years, but I haven’t made any progress. With such a dangerous person by your side, what do you think Feng Kun will think if I try to get close to you? Even if I knew that I had a grandson who was wandering outside, even if I really, really, really wanted to see him. However, compared to his life, I would rather he hate me and even try to send people to kill me. I don’t want his life to be in danger.”

Feng shengxuan was skeptical. Although he believed most of it, he still couldn’t help but snort, “Do you think I’ll believe you? If you’re really my grandfather, Feng Kun would definitely know. Since he knows, will he let me come back and get close to you? Isn’t he afraid that you’ll recognize me and I’ll turn around to deal with him?”

“He won’t.” Old master Chi shook his head.

“The reason.”

“The reason is that in the battle 17 years ago, your uncle and your father suddenly used their abilities and their bodies to control Feng Su when they knew that they had no hope of killing him. While Feng Luan was struggling, the three of them rose into the air and flew down the cliff.

The bomb was about to go off, and your father told your uncle that he had another son, Feng shengxuan. He said that he forgot to tell me, so he asked your uncle to take care of you for him. After he finished speaking, he gave your uncle a kick. He tried to kick your uncle away and died with Feng Kun.

As soon as he finished speaking, the bomb exploded, and neither of the brothers could escape. I thought that the death of my two sons would finally bring KE to an end, but I didn't expect Feng Su to be alive. Not only did he not die, he was actually still alive and well all these years. However, Feng Kun heard the conversation between the two brothers at that time, so he didn't know that I already knew about your existence. This is also the reason why I didn't show any special concern for you after you returned to the Chi family. Besides, you and your father only look alike in the eyes. You don't look alike in any other way."

Feng shengxuan's eyes turned cold, but old man Chi chuckled and said, " "but you're better looking than him."

"my dad is the best looking one!"

After saying that, Feng shengxuan felt that he was being too childish.

However, old man Chi didn't mind at all. He chuckled and said, " "good, good, good, your dad is the best looking! Both of you are good-looking!"

feng shengxuan:

So what was he talking about with this old man?

Chapter 2300: Feng shengxuan's father (2)

Feng shengxuan regained his composure and continued to sneer, " "Don't joke around, I'm not that easy to fool. since you've already said so ..."

"Do you think I'm an idiot?" Feng shengxuan shouted coldly. hiroshi chizawa and my dad trapped feng luan in the middle and tried to take her down with them. they were very far away from you, and the two of them used their abilities to fly out of the cliff, and below them was the sea. Feng Su heard what they said. Although Feng Su didn't die, he couldn't have told you what my father told Hiroshi chizawa. How did you know that I existed in this world? Not only do you know, but you also know it so clearly. My Dear Grandpa, are you not going to explain this to me?"

at first, feng shengxuan had believed most of it, and he even felt that he was related to old man chi by blood. but now, even though he believed that old man chi was his grandfather, he started to suspect that there was more to the old man's intentions.

As a King, he hated being used, and he would never accept being used (except for Nuannuan). So, the gaze he had been looking at old man Chi with a little emotion a moment ago had completely turned cold.

It was as if he had never liked Feng Kun, that old thing. Even though he didn't know that he had nothing to do with his father at that time and treated him as his own uncle, he had always been on guard against him because of Feng Kun's ambition. He was always ready to list Feng Kun as one of his biggest enemies.

Therefore, after sensing the contradiction in the old man's words, Feng shengxuan immediately put the old man on his guard.

Feng shengxuan looked at old man Chi coldly. If he couldn't give him a good answer today, then all the so-called indifference he had shown to him would be worth nothing more than a salted duck egg.

However, at this moment, old master Chi's lips were tightly shut as he pondered whether he should tell his grandson.

After spending so much time with him, he realized that although his grandson was the King of KE, he was not as good as his younger brother in terms of keeping his emotions in check.

So he needed to consider.

This was because once he said it out loud and Xiaoxuan revealed his feelings, he was afraid that he would not be able to hide it from Feng Kun.

It was enough for him to experience the tragedy 17 years ago once. He definitely could not bear it a second time and put his two grandsons in danger.

However, even though the old man had yet to come to a decision, Chi zeyao had no qualms about it.

He slowly slid to the door in his wheelchair, opened the door, went in, and then closed the door.

Feng shengxuan frowned slightly when he saw Chi zeyao, because he hadn't finished what he wanted to say.

Just as he was about to ask Chi zeyao to leave, Chi zeyao said, "I did."

"What?" Feng shengxuan didn't understand what he was saying.

It took him 0.1 seconds to realize what Chi zeyao was talking about, but Feng shengxuan still couldn't understand how Chi zeyao knew about it.

All of a sudden, a light flashed across his mind. He saw Chi zeyao, who was in a wheelchair. He was in poor health, and it was said that he had been seriously injured in the past, so all his major organs were rapidly deteriorating. If he hadn't met Nuan Nuan, he would probably have gone on the path of frantically replacing his internal organs. Feng shengxuan's pupils suddenly shrank.

He said it!

He said it!

He was the one who told Chi Yuancheng that he existed in this world!
