Chapter 2301: King was attacked (3)

But how did he know?

At that time, there were only three people. Feng Kun was excluded, and the remaining one was Yingluo.

Could he be Hiroshi chizawa?

However, as soon as this name appeared, his mind immediately rejected this name.

If Hiroshi Akazawa was still alive, then as the commander of the flying Eagles, he would receive the best medical treatment and the highest praise. Even if he couldn't return to Flying Eagle because of his serious injuries, he didn't need to bear the infamy of being "trash" and "sickly ghost" in the Chi family. The old man would definitely not let Hiroshi chizawa suffer such treatment.

However, in the face of all these infamy, the old man would rather be angry than disclose the other party's identity. This was enough to prove that the other party was definitely not Hiroshi chizawa.

The remaining bi an

There was only one person!

His father!

The King of team ke

The person he loved the most-

Feng Ming!

Feng shengxuan's pupils kept constricting, and he looked at Chi zeyao with an unwavering gaze.

The fourth! Yao!

Old master Chi had always said that his youngest son had been stolen when he was one month old. He hadn't even had the time to give him a name. Because he was the youngest, he had always called him Yiyi.

That was why Hiroshi chizawa's younger brother was later called chizeyao!

Chi zeyao was his father!

Although Chi zeyao was a completely different person from before, the aura he gave off, the way he managed his illness, and the way he did it without any room for doubt, was definitely for his own good. Wasn't this how her father had felt when he first met him?

Also, during the time he had been living with the Chi family, he had always cooked for himself, and the food he made was very much to his liking. Every time he ate, he always felt that he was not full, that he was not satisfied. In retrospect, weren't those things his favorite things when he was young?

Even if they hadn't tested his blood, even if he was unrecognizable now, even if he had become a 'useless piece of trash' and a 'sickly ghost' in the eyes of others, Feng shengxuan was one hundred percent sure that the man in front of him was his biological father!

Chi zeyao was his father!

Feng shengxuan wanted to say something a few times, but when he saw his father sitting in a wheelchair, all the hostility he had was gone. Even if he could only sit, he still gave off a feeling like he was bathing in a spring breeze.

He could feel that his father was doing well and very happy.

However, looking at how skinny he was, Feng shengxuan's eyes still slowly turned red.

Seeing Feng shengxuan in this state, Chi zeyao felt a little upset.

She didn't want him to say something too sad, so she spoke first, "this is your biological grandfather, my biological father. It's fine that you had a bad temper in the past, but you have to treat your grandfather better in the future, do you hear me?"

Feng shengxuan, who had been treating old man Chi with disdain, was like a tiger whose tail had been caught when he heard Chi zeyao's order. He obediently agreed.

Seeing that he did not say anything else after that, Chi zeyao could not help but facepalm.

He didn't understand how a person with an off-the-charts IQ like him could give birth to a son with such low emotional intelligence.

Thinking about Chi Yang's pure and innocent heart for Nuan Nuan and the old man, then looking at his Xuxu, he said,

Chi zeyao felt that this silly son of his was simply unbearable to look at. He could not help but say, "What? Aren't you going to greet him?"

Feng shengxuan had always admired his father.

Chapter 2302: Grandfather (4)

Now that he was being forced by his own father, even if he had ten thousand times to struggle, he still used all his strength to call out to old man Chi, "grandfather.

Old man Chi was so happy that tears streamed down his face. He nodded repeatedly, "Hey, be good! Good girl!" 1

After a while, she was sobbing. 1

When he found out that he had a grandson in this world, he only hoped that his grandson would not go against them and live well.

In the past, he had never thought that he would be able to see his grandson with his own eyes and live under the same roof as him.

Now, not only were they living under the same roof, but he had also heard his grandson call him Grandpa.

Old master Chi felt that even if he died now, he would have the face to see his wife in the netherworld.

His grandson had finally returned!

If his ze Hao hadn't died back then, the Chi family would have been reunited.

But unfortunately,

Seeing old master Chi cry so sadly, Chi zeyao's heart ached as well.

He knew what the old man was crying about and what he was missing.

The wheelchair slowly slid to old man Chi's side. Chi zeyao reached out and patted his father on the back.

dad, it's a good thing that Xiao Xuan is back. Don't cry.

Seeing the old man cry so sadly, Feng shengxuan's heart was filled with an indescribable bitterness.

Other than the grief he felt when he found out about his father's death, this was the first time he had felt someone else's sadness, an emotion that he didn't like either.

Seeing the old man's hands trembling, Feng shengxuan felt more and more upset.

He was also a very protective person. Since he already knew that this was his true family, there was no reason for him to be fierce to his grandfather.

She cleared her throat, but the words that she wanted to say were stuck in her throat. She could not say them. 1

Suddenly, he felt a faint gaze on him. Under Chi zeyao's slightly expectant and commanding gaze, Feng shengxuan said, "Grandpa, Zhenzhen, don't cry. I'll listen to you in the future."

Chi zeyao's words of comfort were useless, but Feng shengxuan's words worked immediately.

Seeing how old man Chi treated Feng shengxuan, Chi zeyao was a little jealous.

This was his own father. He couldn't even comfort her, but this foul-mouthed and low-eq brat had consoled her with a single sentence? 1

After they met, Feng shengxuan's attention immediately shifted to his father.

"Dad, how did you become like this? Did Grandpa help you change your appearance?"

Feng shengxuan's question made Chi zeyao's heart surge with hatred. Even though he didn't show any expression on his face, old man Chi and Feng shengxuan could still feel the oppressive aura he was exuding.

Old man Chi could not help but Pat his son on the shoulder, and Chi zeyao's anger immediately dissipated the moment he was comforted.

"I didn't deliberately change my appearance. At that time, I was seriously injured in the explosion, and I couldn't even see my appearance. It was a miracle that your grandfather was able to pull me back from the gates of hell. But I'm King after all, and many of my subordinates know me. I want to start a new life without raising Feng Kun's suspicions, so your grandfather changed my appearance."

"How did you survive? Didn't grandfather say that you asked uncle to take care of me?"

Chapter 2303: Everything has its weakness (5)

Chi zeyao was displeased. uncle is uncle. What uncle Chi? "How many uncles do you have? He saved your father, your biological uncle!"

Feng shengxuan was speechless.

In the past, he hated the Chi family so much and told him so many things about how to kill them, but now, didn't he just add a "Chi" in front of his uncle because of a slip of the tongue? She also had to be said by him.

However,

Feng shengxuan couldn't help but smile. The feeling of being despised by his own father was inexplicably good.

Seeing that his precious grandson had been criticized, the old man immediately turned into a fatuous ruler who did not know right from wrong. He glared at Chi zeyao and said, "Hey, why are you scolding little Xuan? Little Xuan is so obedient, he didn't even do anything to you and you're back, so what's there to dislike? It was just a slip of the tongue, wasn't it? Right, little Xuan?"

Feng shengxuan had just been despised by his own father and was struggling to find a way out of this embarrassing situation. Now, the old man was offering him a way out. What reason did he have to reject it?

Hence, Feng shengxuan nodded to the old man without hesitation.

"Did you see that? little Xuan made a mistake. As a father, you shouldn't be so fierce to your son. If you're still so fierce to your son, it's easy to have no one to take care of you in your old age."

After that, the old man even winked at Feng shengxuan to please him. It was obvious that he was trying to protect Feng shengxuan by cheating.

Feng shengxuan's lips curled up as he looked at his father. In the past, even his extremely brutal mother was submissive to his father. As his son, he was even more of a punching bag. But now, why did he suddenly feel like he had found the right backing?

The veins on Chi zeyao's forehead throbbed when he saw the grandfather and grandson making eyes at each other and pointing the finger at him.

Why did he feel like he was out of control?

Chi zeyao had no choice but to drop the matter. He cleared his throat and continued, "I asked your uncle to take care of you. I didn't expect him to have already guessed my next move when I told him about you.

In fact, ever since I found out that he was my brother, I had never thought of making him my enemy again. I didn't expect that he was always on guard against me. Thus, when I kicked him, I missed. He took advantage of the fact that I missed and sent me flying.

Although the bomb between us exploded the moment I kicked it, my body wasn't stuck to the bomb because of that kick. Big brother also helped me block a part of the bomb at the same time. So even though I was blown away and fell into the sea, I didn't lose my life. It was your uncle who saved me."

After that, he added to Feng shengxuan, "So in the future, don't be so mean to your little brother. If it wasn't for your uncle, you would never have seen me again in this life."

Fine, she was blaming him again. 1

Without a doubt, he was her biological father. The appraisal was complete! 1

Old man Chi couldn't hold it in any longer, and he lightly slapped Chi zeyao's body, but his eyes were filled with a fierce protective look.

"Why are you so mean to Xiao Xuan? Little Xuan was good enough! In the past, he had always targeted Chi Yang because they were on different sides. Now that they were in the same position, why would little Xuan target Chi Yang? Besides, even if they were on different sides, Xiao Xuan was so powerful, and he was King! He could have killed me in a second, but why didn't he do it when he was living in our house?"

Chapter 2304: I won't fight with him (1)

"Zeyao, you have a good son and I have a good grandson. Even though he grew up in such an environment, he still has a kind heart! Don't always look down on him. I'm really going to be angry with you if you continue to dislike me!"

Fine, so he didn't recognize his own son, but his own ancestor! Don't even talk about scolding or beating, he couldn't even despise her! 1

Seeing his wise, mighty, but somewhat headstrong father being defeated, Feng shengxuan sighed to himself. In this world, everything had its weakness!

"Grandpa, don't criticize my dad. He's right. On the account that uncle saved my father, I won't hold a grudge against Chi Yang for snatching Nuannuan away. Although I love Nuannuan, I know that love doesn't necessarily mean possession. I will let go."

The old man and second uncle Chi couldn't help but Twitch their lips after hearing what Feng shengxuan said.

Where did this child's EQ come from?

If he had really been hypnotized to improve his EQ, would it develop again after the hypnosis was lifted?

For the past few months, they had been watching him blindly torment them while they couldn't do anything. That feeling was really anxious!

Now, he could finally persuade her.

Xiao Xuan, what we can be sure of now is that you've been hypnotized. That's why you always think that the person you love is Nuan Nuan. However, we can all see that you care a lot about Yue 'er.

Speaking of Baili Yue, Feng shengxuan felt a strong resistance in his heart.

"Grandpa, are you saying that Nuannuan is not worthy of my love?"

"That's not what grandfather meant. Nuan Nuan is a very good girl, and she deserves the love of the best man in the world."

"Isn't it normal for me to fall in love with Nuannuan? No one was blind, and they all knew that Nuannuan was outstanding. Compared to Nuan Nuan, whether it's in terms of ability or character, Baili Yue can't compare to her. Why do I feel that the person I like is her and not Nuan Nuan? I've already said that even if I'm hypnotized like my dad, I won't be hypnotized in this aspect. What's the point of him hypnotizing me about my feelings?"

"Can't you speak properly?"

Looking at Feng shengxuan's arrogance rising as he spoke, Chi zeyao immediately snuffed it out.

Now that he was home, he had to forget that he was an ancestor outside.

After being yelled at by his father again, Feng shengxuan finally realized that he was no longer the boss of the family.

She took a deep breath and said, "Grandpa, I've already said that I won't fight with Chi Yang for Nuannuan in the future, but it's also my right to like Nuannuan in silence." I really don't like Baili Yue. I can't be with her just because I can't compete with Chi Yang for Nuan Nuan! This is also unfair to her. " 1

"I think Yue 'er is a good girl," old master Chi sighed. Although she wasn't as sweet as Nuan Nuan, her cold temperament was something that no other girl could compare to. Although Yue 'er's personality was not sweet and she would not take the initiative to stick to others like Nuannuan, Yue 'er was also an attentive and kind-hearted girl. She would do everything for the people she cared about. Yue 'er and Nuannuan were two different types of girls. She was warm and passionate, but when she met an enemy or someone she didn't like, she would also become a Glacier that could freeze people, or even an ice arrow that could kill the enemy directly. Yue 'er is as cold as a thousand-year-old piece of ice, but when facing the person she likes, she can show her most passionate feelings."

Chapter 2305: Who is my daughter-in-law?(2)

"One of them is at the freezing point of fire, and the other is at the boiling point of ice. They're all beautiful women. It would be a pity if you missed it. "

“Dad, you’ve stayed in the Chi family for so many years. Why didn’t you send me a letter? It’s been 17 years, so you should be able to contact me by now, right?”

Feng shengxuan didn’t want to talk about Baili Yue to the old man at all. The more he talked, the more frustrated he felt. In case her attitude was not good, he would be scolded again, so he simply changed the topic.

The old man could only sigh when he saw that he had changed the topic so abruptly.

I feel ...

His second grandson’s relationship was going to be ruined!

Chi zeyao had been hypnotized before, so he could understand how Feng shengxuan felt about Bai Liyue.

In a situation where he cared so much about Bai Liyue, as long as they mentioned it, he would still reject Bai Liyue. This was no different from when he clearly knew that Chi Yuancheng was his real father and Chi Zeyu was his real brother. The rejection in his heart was no different.

It wasn’t until he died once and the hypnosis was lifted that he saw his father again. The kinship in his bones gushed out.

Therefore, Chi zeyao could only hope that Feng shengxuan’s hypnosis could be broken soon, otherwise, his daughter-in-law would really run away with someone else.

Chi zeyao sighed, and could only put this question aside for the time being. He replied, ” “Because I was seriously injured, I only woke up two years later. I was in a vegetative state before that. Because he was too seriously injured, the blood clot in his brain pressed down on his nerves, causing him to lose his memory. My memory started to slowly recover seven years ago, and it was only three years ago that I completely recovered. I only remembered you and your mother five years ago, but Feng Kun kept a close eye on you at that time. You couldn’t win against him, so I couldn’t find you. After all, this isn’t a small matter. I need a chance to meet you and tell you about your background. You still have to do another test, which will definitely make Feng Kun suspicious.”

“What about my mom? She loves you so much. Even though she has so many suitors, she’s always been alone. You two are so close, why didn’t you contact my mother even once in the past five years?”

A trace of gloominess flashed across Chi zeyao’s eyes, but he quickly recovered.

“Five years ago, the doctor told me that due to internal injuries, all the organs in my body were gradually failing. He predicted that even if I kept changing my organs, I wouldn’t be able to live for more than six years. How do you want me to find her? To let her see me sitting in a wheelchair, unrecognizable? Or do you want her to accept the fact that she has lost her again?”

Feng shengxuan looked at his father in the wheelchair and felt a dull pain in his heart.

Something that even he found hard to accept, his mother

Forget it!

“But didn’t Nuannuan say that she would definitely make you healthy again? Nuan Nuan said that even if you need an organ transplant, she’ll be the one to say it. She said that she can guarantee that you’ll be able to live a long life after the transplant.”

Chi zeyao’s eyes flickered slightly. He thought of the woman who had been instigating cyber nation to launch all sorts of public opinion and economic attacks on Kamino, especially on the Chi family. He felt both hatred and love for her.

“Xuan, who is my daughter-in-law? Every time I asked him, he wouldn’t tell me. I’m so anxious!” Finally, old man Chi seized the opportunity to ask Feng shengxuan a question.

Feng shengxuan didn’t even look at his father’s meaningful glance and said without thinking, “It’s that representative from Saibo country, Feng jimian.”

Old master Chi was speechless.

Chi zeyao:

Chapter 2306: Second uncle Chi who protects his wife (3)

The corners of the father and son’s lips couldn’t help but Twitch.

Chi zeyao felt guilty towards his father, and at the same time, he felt sorry for his wife, who was running at such a crazy speed that she could not stop.

Old man Chi had never expected that the most influential woman in Saibo country, the one who had once participated in the presidential election and always opposed Kamino’s war service department and the Chi family, would actually be his daughter-in-law.

One must know that back then, Feng Ji Mian had targeted Kamino’s War Department and the Chi family too much. During the presidential election of cyber country, Feng Ji Mian was very popular, and many people were looking forward to seeing her become the president. However, he had to mobilize his connections both inside and outside the country and use many means to stop this person from becoming the president.

So, what was he doing?

“Why didn’t you say so earlier?”

Chi zeyao touched his nose awkwardly, feeling as if he had been tricked to death by his own son.

Old man Chi looked at Chi zeyao with a look of disdain that Feng shengxuan had never seen before.

Old master Chi was speechless at his cowardly son.

This was his Chi family’s daughter-in-law!

My own daughter-in-law!

However, because this coward was afraid of meeting her, he would rather watch his wife bully his father, bully the Chi family, and declare war on the Chi family. He was not willing to stand up and say hello to his wife. At least let his wife be a little gentler when dealing with the Chi family!

But he didn't!

In order to be a coward, this man had actually watched the Chi family being stirred up to the forefront of the storm because of this woman. He watched helplessly as his old father and his wife fought until their heads were bleeding; He would rather the Chi family suffer a loss than to build a good relationship with his wife.

What to do?

She really wanted to beat him to death in front of little Xuan!

Feng shengxuan only realized that something was wrong after he said his mother's name.

The corner of Feng shengxuan's mouth couldn't help but Twitch when he thought about how his mother had used all the resources and power she had to deal the Chi family a direct blow in order to avenge his father.

He knew what his mother had done all these years and how she had lost the presidential election.

His mother had been running around wildly trying to ruin his grandfather's reputation. Her grandfather had never fought with her mother directly, but he had directly ruined her mother's plan to become the president of cyber country. This made her mother want to tear the Chi family into pieces.

All of this was because his father was afraid that his mother would be sad to see him like this.

This is simply ...

He felt that he was crazy enough at times, but compared to his father, he was nothing.

He had always felt that his infatuation and doting on Nuannuan had taken after his father, and it seemed that he was right.

In order not to let his wife see him in such a sad state, he would rather use the Chi family to vent his anger on his wife.

Tsk, tsk. I thought he loved his grandfather very much. At the critical moment, he still became cannon fodder.

there were a few times when my mother was attacked by Congress and was about to be kicked out, but someone suddenly helped her anonymously and helped her overcome her difficulties. You were that person, right? "

Chi zeyao: " Xuanji glared at Feng shengxuan. Can you not bring up a sore spot? " F \* ck!

Old master Chi: Hahaha!

Chapter 2307: I don't hate the Chi family (4)

He was asking why he couldn't get Feng Ji Mian out of the picture even after using so many connections. After all this, it was because there was a traitor by his side! This was simply a scam!

Just like that, the three generations of the Chi family fell into a strange silence.

Feng shengxuan thought about what he was doing and couldn't help but take out his phone to make a call.

Chi zeyao glanced at Feng shengxuan, his intuition telling him that his son was up to something else. He couldn't help but ask, "What are you doing?"

"Ahem, I'm withdrawing an order."

"What order?" Chi zeyao asked.

Feng Luan has urged me to assassinate grandfather several times. I thought it would be difficult to do so since I'm living in the Chi family, so I was planning to use the hypnosis to get my men to assassinate him.

Old master Chi:

Chizeyao:

In the face of such a cruel and unlucky child, what else could they say?

The disaster had been planted in the previous generation, and he couldn't just scold Feng shengxuan, could he?

"If you call them directly like this, do you know that there are many Feng Kun's people in the organization?"

don't worry. The people in that base are all my own people.

Chi zeyao disagreed. Feng Luan has been up to no good since I was young. He has been lurking around us for so many years. We still don't know what he is up to. On the surface, he hated the Kamino Kingdom's Eagle, but in reality, he had always been dealing with the Chi family. There's no doubt that you're under hypnosis. If Huang Ziyu can wake up successfully, we need to find out where the center of his hypnosis is in the shortest time possible. Did he make you hate the Chi family, or did he do something to your emotions?"

"He didn't hypnotize me about the Chi family." Feng shengxuan said with certainty.

"How did you know? If the hypnosis wasn't removed, we wouldn't have known about this at all."

"Because I don't hate the Chi family, and I don't hate you. Is this enough proof?"

Chizeyao:

Old master Chi:

Although they didn't say anything, it was obvious that the old man and Chi zeyao were happy to hear what Feng shengxuan had said.

"You've also said that you were hypnotized because you were still unable to accept grandfather and uncle emotionally even after you found out that they were your family. You still hated them. But I didn't."

In other words, this kid had already accepted them emotionally and loved them?

He was suddenly happy.

But very quickly, Chi zeyao's brows furrowed again.

"If he didn't play any tricks, then things are probably as Nuannuan said. If that's the case, the situation will be even worse, and you can't make this call."

"All these years, Feng Tan has been controlling me more and more. Although he doesn't have any power in his hands, it seems like I'm the only one in charge of KE. However, I can still feel that he's not a person without desires. He's acting like he has no desires other than revenge for you. It makes me feel like he's a time bomb that's going to explode at any time. So, as early as ten years ago, I started to establish my own force, and this force is completely under my control."

"If he didn't hypnotize you, I could still believe you. However, he hypnotizes your emotions, so I can't believe it. There must be a traitor among your people."

Chapter 2308: My condolences? 5

"Why?" Feng shengxuan couldn't accept his father's words. After all, it was a question of his ability.

However, he had absolute faith in his father.

"Have you ever thought about why he fell in love with you?" asked Chi zeyao.

Feng shengxuan frowned.

He really didn't know why the old man would do that. He didn't even know what benefits he would get from doing so.

"You know about it?" Feng shengxuan asked his father.

"I don't know," Chi zeyao shook his head, "but we can deduce from the results. But before I do that, I have to ask you a question."

"Please ask."

"Do you know when I died in the war 17 years ago?"

"I know." Feng shengxuan nodded. after all, he was the one who told me about your death the first thing he did.

Feng shengxuan, Chi zeyao, and old master Chi's pupils contracted when they heard the answer.

Previously, they were too excited about acknowledging their family, but now, they came back to their senses and realized that something was seriously wrong.

"What time do you know?" Chi zeyao asked.

"September 29th. I remember it very clearly. Because you said eleven was going to take me on a big mission."

Old master Chi:

Chizeyao,"please don't be black."

Feng shengxuan looked at his father and asked impatiently, " "Then did something happen to you that day?"

"Yes," Chi zeyao nodded.

Feng shengxuan's aura turned dark as well when he saw the dark aura emanating from old man Chi and Chi zeyao.

The Chi family and Feng Luan did indeed have a huge battle with Feng Luan on September 29th 17 years ago. The result of the battle was ...

Just as the Chi family and Fei Ying were about to be defeated, Chi zeyao and Chi zeyao trapped Feng Luan in the middle and flew to the surface of the sea beside the cliff. After that, the bombs on Chi zeyao and Chi zeyao exploded. Chi zeyao died on the spot, and Chi zeyao, who was kicked away by him, was also seriously injured. His internal injuries were so serious that he did not even have a long reputation.

However, as Feng Su, who was trapped between the two of them, he should be the center of the two explosions. How did Feng Su inform him of this situation at the first moment?

Chi zeyao asked in disbelief, " "How long did you see him after the battle?"

Feng shengxuan was also in disbelief. at the KE headquarters.

"Do you know where our battle is?"

"It's at the border between Kamino and Nabu." "So, uncle's death and your injuries didn't hurt him at all," Feng shengxuan said with difficulty.

Thinking of the old man's poor health, he immediately added, " both of you had bombs on you, and he was stuck between you two. He had to withstand two explosions, but these explosions didn't kill him.

Feng shengxuan suddenly thought of something and asked, " "When did you guys drag him into the explosion?"

"Five o 'clock in the afternoon," Old master Chi remembered the time very clearly.

Because at 5:00 pm on September 29th, he felt that his life had collapsed because he had lost his two sons.

so, after he was blown up by you guys at five in the afternoon, he appeared in front of me at seven in the afternoon and asked me to restrain my grief? "

Chi zeyao and old man Chi did not say anything, but their pupils suddenly contracted again, showing the shock in their eyes.

## Chapter 2309: Purpose 1

In the end, old master Chi said, "The world is so big, and there are all kinds of strange things. Our family of five all have special abilities, so it's not surprising that he has some heaven-defying abilities."

Chi zeyao's face was so dark that it could drip water. If he had known earlier that he wouldn't have been blown to death, he and his big brother wouldn't have used that method of mutual destruction. Who knows, maybe at the last moment, there might be a miracle?

But Chi zeyao still believed the old man's words without a doubt.

Although the monstrous hatred in his heart surged up again, many years of cultivation had made him give up on being impatient and choose not to do things so impulsively.

"Then let's do a backward deduction. Let's say that Feng Kun not only had the ability to teleport, but he also had an indestructible body and knew how to hypnotize. He could even be the hypnotist from 50 years ago!

[ first, if he is the hypnotist, and his goal is to start a war between Saibo and Kamino, then he has not caused any trouble all these years. ] Especially when little Xuan's mother was still Feng Ji Mian, he didn't even try to cause trouble. This was enough to show that even if he was the hypnotist, his goal was not to make the two countries go to war.

[ second assumption: he brainwashed me since I was young, saying that our Father was killed by the Chi family. Since I was young, I have developed a hatred for the Chi family. It was not until 17 years ago that I found out that I was actually a member of the Chi family. ] Then let's assume that he hates the Chi family and wants to destroy them. But the problem was, he was so powerful and he hated the Chi family so much. After my big brother and I died, the Chi family only had Chi Yang and my father left. Since he hated the Chi family so much, when he attacked the Chi family at that time, he would have definitely dealt a blow to them. With his strength, his father had no way of escaping back then. Chi Yang was still young, so it was a piece of cake for him to kill him. But since he hated the Chi family so much, why didn't he do it back then? And to give the Chi family 17 years to let Chi Yang grow up? Let the Chi family become stronger, and then let little Xuan deal with Chi Yang? What's your purpose?"

Both old man Chi and Feng shengxuan fell silent.

"Both hypothetites do not exist. Then what was Feng Kun's purpose? We already know that his target is the Chi family, but father is not his target. Big brother and I are not his targets, so his target can only be Chi Yang. However, Chi Yang was only nine years old at that time. He was an old monster who might have been stirring up trouble 50 years ago. What kind of deep hatred could he have with Chi Yang? Even if there was a deep hatred, he could have killed Chi Yang directly. This was simply an easy thing for him at that time.

If he wanted to take over KE, then after I die, it would be easy for him to kill Xiaoxuan. There was no need to train him.

The reason why he kidnapped me back then was to cultivate my hatred for the Chi family. He hypnotized me to cultivate my hatred for the Chi family. Because of this kind of hatred, I made little

Xuan understand since he was young that our enemy was the Chi family. Little Xuan has also been influenced by me and has always hated the Chi family. Even my death 17 years ago was all to make Xiao Xuan hate the Chi family.

He didn't even attack the Chi family, but he wanted little Xuan to attack the Chi family, and he even urged him so urgently. If little Xuan really attacked the Chi family, would Chi Yang let him off?"

Chapter 2310: Reasoning (2)

"So his main purpose is already very clear. He didn't want to destroy the Chi family, he just wanted little Xuan and Chi Yang to make a move. Including his hypnosis on little Xuan, it was all to make little Xuan and Chi Yang attack."

As soon as Chi zeyao finished speaking, old man Chi fell silent. Feng shengxuan, on the other hand, looked as if he had met a lunatic. if his purpose from the start was to make Chi Yang and I fight, then why did he do so many things before? "

"Laying out the foundation."

Feng shengxuan nodded. yes, I admit that I need to prepare before I do anything. But father, Chi Yang and I weren't even born 50 years ago, were we? " You and uncle aren't even born yet, so what's the point of him laying the foundation? Also, when I kidnapped you, was it also to pave the way for me to fight with Chi Yang? That's impossible! He's not a God, he can't predict the future!"

Chi zeyao's expression remained calm as he asked, " "What if his ability includes the ability to predict the future?"

Old master Chi:

Feng shengxuan:

"If his ability includes the ability to predict the future, then we'll reverse it. Actually, Feng Luan doesn't have any deep enmity with the Chi family or the Kamino Kingdom. What he really wants is for you and Chi Yang to turn against each other. What would he do? You and Chi Yang are cousins, and your father's relationship is also very good. Your family is happy and harmonious, so what can an outsider like him do to make you two brothers turn against each other?

Because he has the ability to predict the future, he knows that you and Baili Yue are a couple, and Chi Yang and Nuannuan are a couple, so he hypnotizes you and makes you think that you've fallen in love with Nuannuan, and that you can't extricate yourself. This way, when Chi Yang and Nuannuan get together, you two will definitely be in a love triangle.

However, this kind of love triangle was very common in ordinary rich families. This was not the best way for two good Brothers to become mortal enemies for a woman.

That's why he could only separate you from the beginning. However, with me, your uncle, and your grandfather around, it won't be easy for him to separate you.

Therefore, he simply hypnotized the head of cyber country and tried to start a war against Kamino. However, he deliberately made a big deal out of it. In the end, the Chi family's appearance put an end to the war that had not yet started.

With this as an excuse, he created KE, and then stole the child from the Chi family. Did you know that I didn't have a father since I was young? Feng Luan kept telling me that my father was a great man and that he was killed by the Chi family. If my father was still alive, I wouldn't have to live such a bitter life.

I've developed hatred, so it's only natural that I'll bring it to little Xuan. That's why when Xiao Xuan was young, I told him how detestable the Chi family was. However, what did the Chi family do to me? I don't know. I'll just hate them and let Xiao Xuan know that I hate the Chi family. In addition to my death, little Xuan hated the Chi family even more. In addition, he had hypnotized little Xuan from the beginning, making little Xuan think that Chi Yang had taken away his true love. With the hatred of his father being killed and his wife being stolen, little Xuan would not be a man if he did not kill Chi Yang. This way, he can achieve his goal."

Old master Chi:

Feng shengxuan:

What did he mean by he wouldn't be a man if he didn't kill Chi Yang?

He didn't even kill Chi Yang before this. Did his father mean that he wasn't a man?
