Chapter 2311: The Chi family's plan (3)

However, Yingluo

The Chi family were all very smart. After Chi zeyao's analysis, everything that could not be explained before was cleared up.

But there was a problem-

"Why does he want me to personally deal with Chi Yang?" Feng shengxuan was confused.

"Maybe you and Chi Yang will stop his big plan, and if you and Chi Yang don't die, this big plan can't be achieved."

"If I stop him, then he can just kill me and then kill Chi Yang. Why do you have to go through so much trouble for me to kill Chi Yang?"

Chi zeyao pondered for a moment and gave a definite answer, " " That means he doesn't have any other big plans. His only goal is you or Chi Yang. I'm doing everything just to see you and Chi Yang kill each other. Either you kill Chi Yang, or Chi Yang will kill you. Otherwise, he wouldn't have just let you kill Chi Yang and let him become so powerful."

After that, the entire room fell silent.

"If I don't make this call, I can't withdraw the order I've issued. They should be in dizhou by now. What about you?"

Feng shengxuan scratched his head in frustration.

He felt like he had dug a big hole for himself.

"It's fine. Tell me about your arrangements and then we'll wait for them to come."

"But Yingluo"

"No buts. I'm the King of KE, do I need to be afraid of those little B * stards? When I used my one hand to cover the sky, they were still playing in the mud somewhere."

"But Yingluo"

Feng shengxuan wanted to say something. After all, Chi zeyao's health was not good. If it was in the past, he would not have been worried. However, he was frightened off by Chi zeyao's gaze.

Seeing the worry in Feng shengxuan's eyes, Chi zeyao said nonchalantly, " as long as you believe in my deduction, there will be a mole among your people. If there is a mole, then after they received the assassination mission, their mission was not to kill me and Grandpa, but to let me and Grandpa know that it was you who killed us.

Feng shengxuan and the old man's eyes lit up.

This way, he would be able to find out who the traitor was.

After all, if they were really his subordinates, they would definitely spare no effort to kill him and at the same time, erase all traces of him.

However, if it was a mole, it would be the opposite. They would definitely spare no effort to leave behind clues.

After all, it was a secret base he had set up. He firmly believed that even if there were spies inside, there would not be many. It could even be said to be very few.

“Aiya!”

Chi Yang was shocked, “ what’s wrong? ” This girl was always so noisy that she even scared him.

She didn’t have time to think about it carefully just now. Now, she was so tired that only her brain could move. So, she recalled what happened in the living room that night. The more he thought about it, the more shocked he was.

At this moment, she was looking at her brother chiyang with her big, round eyes. Her gossiping heart was at its peak.

“Brother chiyang, Grandpa said that dad and old King exploded with Feng Kun!”

Chapter 2312: I don’t blame you (4)

now that Feng Kun isn’t dead and is continuing to stir up trouble, is it possible that your father, Wanwan, or old King are still alive? ”

Seeing that Chi Yang was looking at her without saying anything, Nuan Nuan licked her lips and continued, actually, what I wanted to say was, second uncle, my second uncle. I’ve seen his body, and he’s covered in wounds. This kind of large injury can’t be caused by gun or knife wounds. Only a bomb could cause such a powerful injury on his body.

The more Nuan Nuan spoke, the more excited she became. Grandpa said that he didn’t have time to name his youngest son. He only has one nickname, Yiyi, while his second uncle’s name is Chi zeyao. Do you think that second uncle could be Xuanji’s old King?”

After Nuan Nuan finished speaking, Chi Yang looked at her with a smile and didn’t say anything.

Nuan Nuan was a smart person. With just one look from brother chiyang, she already knew the answer. She immediately jumped out of bed.

He watched as his wife, who had been lying down, suddenly knelt down. Now, she jumped up directly. He glanced at her position in front of him, which was only covered by her underwear, and his eyes gradually darkened.

Nuan Nuan saw the lecherous look in her brother chiyang’s eyes and was so scared that she quickly lay back down and covered her body with a thin blanket. She didn’t dare to touch her big brother chiyang,

whose gaze hadn't returned to normal, but her gossipy little eyes were so bright that they seemed to contain all the stars in the Milky Way.

"So, second uncle is really old King? Your second uncle is actually your biological second uncle, right? I knew it! If it weren't for his second uncle and his grandfather's son, how could he have become the chairman of the Shengyang group? So he really was a child of the Chi family! She didn't expect her second uncle to be the old King! Wow, I think Grandpa is so amazing. He actually gave birth to two excellent children, your father and second uncle. So, when your father and second uncle trapped Feng Yao in the middle, your father must have kicked second uncle out at the critical moment, allowing second uncle to survive."

Chi Yang looked at himself and smiled at her, but she had accurately imagined a big play, and the plot was all right. He had to admire his wife for being really smart.

Such a smart wife, she could guess a lot of things just by a little clue.

In that case, could she have guessed that Feng shengxuan was King?

Nangong Nuannuan saw that brother chiyang was looking at her, but his thoughts had drifted away. She pouted and said, "brother chiyang, what are you thinking about? Quickly tell me, am I right?"

Chi Yang retracted his thoughts and looked at the girl with a gentle gaze. He reached out and pinched her tall nose and said in a pampering voice, "Of course you're right. My wife is so smart, what can't you guess?"

Nuan Nuan was pleased to have been praised, but she didn't plan to let go of brother chiyang's dazed behavior just now.

"Then what were you thinking about when I was talking to you just now?"

Chi Yang was startled, and his smile became serious.

"Nuannuan, I've never told you about second uncle. Do you blame me?"

This time, it was Nangong Nuannuan's turn to be stunned.

"Why should I blame you? Everyone has their own secrets and privacy. Even children have the need to protect their own secrets and privacy, let alone adults."

"Flying Eagle and KE are enemies. The Chi family has controlled Flying Eagle for three generations. This is the honor and trust given to the Chi family by the previous presidents. Just like how you, grandfather, and second uncle will protect my privacy and will never let outsiders know of my identity, second uncle's awkward identity can't be revealed in the slightest. So why should I blame you?"

then, Wanwan, you came from KE, so you hate King. But second uncle is King, do you hate him? "

"How could this be? If you ask second uncle now and you say that you're confident that you'll be able to eliminate KE tomorrow, do you think second uncle will stop you or agree with you? The past is in the past. Time moves forward, and our lives move forward. The past is the past. It doesn't represent the

present, and it doesn't represent the future. If it's like what you said, why would you accept me? After all, I used to be the Queen of KE, and you were the commander of Flying Eagles. Why didn't you despise me or catch me?"

Chi Yang couldn't help but lean down and rub her forehead.

"Nuan Nuan, I thank you for your understanding on behalf of Grandpa and second uncle."

"Stop it! We're family, you always have to say this." Nuan Nuan waved her hand unhappily, then turned around and faced him.

Chi Yang's lips curled into a smile as he laid down as well,

"Even though I promised not to say thank you, sometimes, your actions and thoughts really move me. I don't know how to express it. Otherwise, Zhenzhen "

"Why don't I thank you with Yingluo in the future?"

Nuan Nuan, who was in Chi Yang's arms, couldn't help but burst out laughing. She punched his chest with her fist and said, " "You wish! Are you trying to satisfy yourself or me?"

Chi Yang's face was unconcerned, "of course I'm trying to satisfy you." I've already told you, this is definitely the Yingluo you like. I've thought about it. Humans can't be so selfish. We're husband and wife, so we should be equal. That's why I should satisfy you."

"big brother chiyang."

"What?"

do you think that if outsiders knew that you were so honest in private and that you were so frivolous, your public image would fall apart? "

"What's the character setting? I only care if you're happy or not."

.....

Chapter 2313: What's her character setting?(5)

"Flying Eagle and KE are enemies. The Chi family has controlled Flying Eagle for three generations. This is the honor and trust given to the Chi family by the previous presidents. Just like how you, grandfather, and second uncle will protect my privacy and will never let outsiders know of my identity, second uncle's awkward identity can't be revealed in the slightest. So why should I blame you?"

then, Wanwan, you came from KE, so you hate King. But second uncle is King, do you hate him? "

"How could this be? If you ask second uncle now and you say that you're confident that you'll be able to eliminate KE tomorrow, do you think second uncle will stop you or agree with you? The past is in the past. Time moves forward, and our lives move forward. The past is the past. It doesn't represent the present, and it doesn't represent the future. If it's like what you said, why would you accept me? After

all, I used to be the Queen of KE, and you were the commander of Flying Eagles. Why didn't you despise me or catch me?"

Chi Yang couldn't help but lean down and kiss her deeply on the forehead.

"Nuan Nuan, I thank you for your understanding on behalf of Grandpa and second uncle."

"Stop it! We're family, you always have to say this." Nuannuan waved her hand unhappily, then turned around and faced him with her butt.

Chi Yang's lips curled up into a smile as he laid down as well. He reached out his hand and gently touched Nuan Nuan's waist.

He liked this place. Every time he lay on his side, there would be a very nice curve here. It was also very nice to touch. Coupled with the delicate and soft skin around her waist, it was simply a perfect arc that would only appear in an animation.

Nuan Nuan felt ticklish and moved her body. Chi Yang immediately leaned forward and pressed his chest against her, pulling her into his arms. Then, he continued to touch her soft waist and bouncy skin.

Nuan Nuan finally couldn't take it anymore and turned around.

Then, Chi Yang took the opportunity to pull her into his arms.

"Even though I promised not to say thank you, sometimes, your actions and thoughts really move me. I don't know how to express it. Otherwise, Zhenzhen "

Chi Yang's cold breath sprayed on her hair and face, causing a numbing sensation.

"Why don't I thank you with my body in the future? If I want to thank you roughly, I'll let you have a good time. If you want to thank me deeply, I'll let you have fun ten times. I'm sure you'll be satisfied with the positions you like. How about that?"

Nuan Nuan, who was in Chi Yang's arms, couldn't help but burst out laughing. She punched his chest with her fist and said, "You wish! Are you trying to satisfy yourself or me? Ten times? are you going to make me unable to get out of bed for a week? Are you trying to thank me or harm me?"

Chi Yang's face was unconcerned, "of course I'm trying to satisfy you." I told you, it's a position you like, and it makes you feel good every time."

"so you're not happy every time i'm happy?"

"But you were the one who satisfied me before. I've given it some thought. Humans can't be so selfish. We're husband and wife, so we should be equal. That's why I should satisfy you."

"Big brother chiyang."

"What?"

do you think that if outsiders knew that you were so honest in private and that you were so frivolous, your public image would fall apart? "

“What’s the character setting? I only care if you feel good or not. Since you don’t want me to thank you, then give me a chance to repay you with my body.”

Chapter 2314: Disdainful mouth and upright body (1)

After saying that, Chi Yang turned over and got on top of him. 1

Faced with this unexpected driving, Nuannuan didn’t even have the time to jump out of the car.

the next day, when chi yang and nuannuan came downstairs, old man chi, second uncle, and feng shengxuan were already eating in the living room.

yo, you said you don’t want to do the dispel hypnosis, but in the end, you woke up earlier than us. Big brother, you really don’t like your words but your body!

Nangong Nuannuan sat opposite Feng shengxuan with a smile on her face.

When they heard about their grandson, who was always embarrassed by Nuannuan but never got angry at her, a faint smile appeared in the eyes of old master Chi and second uncle.

seeing that feng shengxuan still didn’t want to argue with her, nuan nuan pouted. then, she turned to old man chi and second uncle and asked, “ Grandpa, second uncle, will you be coming with us later? ”

“Yes, let’s go and take a look.” The old man nodded.

“Alright,” he said. Nuan Nuan nodded. Oh, right. Before I went downstairs, I received a call from Huang zichu. He said that Ziyu has woken up. 2

This was also the reason why she was in a good mood early in the morning.

After all, the situation yesterday was indeed frightening. She really didn’t expect that zichu and Ziyu’s mothers had died when they were removing their second uncle’s hypnosis.

When they heard that Huang Ziyu had woken up, the old master and second uncle were very happy. After all, the way Huang Ziyu’s mother had died when she removed Chi zeyao’s hypnosis was simply unacceptable to both of them.

fortunately, ziyu had woken up. otherwise, they would have to feel guilty for the rest of their lives.

After the meal, the group of people went directly from home to the underground parking lot, and then drove away from there.

He didn’t let anyone follow him, because what happened today was a secret that no one could know.

When they arrived at the Huang family, Huang zichu and Huang Ziyu were shocked to see the old master and the second uncle of the Chi family getting out of the car.

“grandpa chi, why are you here?” Huang Ziyu immediately stepped forward with a bright smile and greeted, “ Hello, uncle Chi!”

“Hello!” after all, she was the daughter of his savior, so chi zeyao treated the huang siblings very well.

Ziyu, I heard from Nuan Nuan that you were injured when you were hypnotizing Xiao Xuan yesterday. How are you? are you feeling better? "

"Yes, I'm completely fine now. Don't worry, Grandpa Chi."

After saying that, Huang Ziyu looked at Chi Yang and his group and said, " "Sister-in-law, I have something to tell you."

Nangong Nuannuan nodded and asked Huang Ziyu to take them to the place where they were hypnotized the day before.

after closing the door, nangong nuannuan asked, " "Ziyu, what happened yesterday? How did you get injured?"

huang ziyu rejoiced and said, " "I've always thought that even if a person is hypnotized, as long as I enter his dream, find the crux of the problem, and remove it, the other party's hypnosis will naturally be removed. Who knew?"

Huang Ziyu looked at Feng shengxuan and said, " who knew that the person who hypnotized him was so powerful that he could stack the mirror effect in the hypnosis.

"What is the mirror effect?" Nangong Nuannuan asked.

"A mirror is a reflection, and the mirror effect is the effect of me punching myself. I was originally the most powerful in the dream world, but someone set up a mirror effect in order to prevent their hypnotism from being broken. "Once I find the cause of the patient's illness and prepare to dispel the hypnosis, the mirror effect will appear. The appearance of the mirror effect will directly stimulate the patient's brain to produce a large amount of dopamine."

Chapter 2315: Baili Yue (2)

"This will cause the patient in the dream to suddenly be in a state of extreme mental attack for a moment.

A powerful hypnotist could not only create a dream for the person being hypnotized, but they could also integrate their mental energy into the person's dream and see what he was experiencing, and then transform into anyone in his dream. In the dream world, the hypnotist was free and had absolute control over the hypnotist. This was also the reason why the hypnotist would not guard against the hypnotist.

You could imagine how easy it was for a killer who could move freely to kill a person in a vegetative state lying on a bed. It's precisely because it's so easy that you won't be guarded against this vegetable. However, when you reached out to break his neck, he would suddenly wake up and attack you. Not only that, but the other party was also an assassin who had the same strength as you. Who do you think will have the upper hand at this time?"

The room was silent.

It was obvious that 99.99% of the people would die from this sudden attack if they were to encounter such a situation.

"I was faced with such a situation yesterday. Originally, I had already hypnotized brother Feng and entered his dream. I quickly found the crux of his hypnosis. However, just as I was about to take action, the crux of the problem, which was not according to my plot, suddenly woke up and attacked me. I didn't notice and was hit by the other party. "the other party used the mirror effect. back then, in the dream world, he was as powerful as i was. he even caught me off guard. Sister-in-law, if you didn't give me the acupuncture in time yesterday, I might have died. It was because his opponent's attack yesterday was too powerful. Thank you!"

"I should be the one thanking you. If it wasn't for you, we might not even be able to find the direction. Ziyu, I'm really grateful to you."

Under Nangong Nuan Nuan's boyfriend-like gaze, Huang Ziyu's face turned red.

Seeing this, Gu Mingcheng nervously glanced at the girl he liked, then nervously looked at his boss.

After all, there were many women who liked boss overseas. They were really crazy about him.

Although there weren't many G 'L's in Kamino, he was still afraid! After all, he and Huang Ziyu had not really gotten together yet.

Ziyu, you said you've found Xiao Xuan's problem. What is it? "

Although everyone had already guessed it, they still wanted to know if they were right. Even Feng shengxuan, although he didn't want them to talk about Bai Liyue, being emotionless was one thing, but being rational was another. No one was willing to be kept in the dark by another person.

"Baili Yue."

Huang Ziyu told them everything that had happened in the dream the day before. When they heard that the Bai Liyue lying on the ground was about to be killed in front of Feng shengxuan, and that Feng shengxuan's hypnosis had been broken, and that the Bai Liyue that was created by Huang Ziyu had suddenly opened her eyes and even attacked her, everyone gasped.

No wonder Huang Ziyu had suddenly been injured and vomited blood.

It was no wonder that Huang Ziyu's mother had suddenly screamed when she was removing Chi zeyao's hypnosis and had never woken up after she had passed out.

If it hadn't been for Nangong Nuannuan, Ziyu would have died the day before. No one would have known what the culprit had done to Chi zeyao and Feng shengxuan.

Chapter 2316: I can really do it (3)

The Chi family's people's faces were extremely ugly.

As expected.

Although no one would believe him if he told them, both old man Chi and Feng shengxuan knew that Chi zeyao's analysis last night was correct.

Feng Luan had been planning this carefully since 50 years ago. Her goal was to make Feng shengxuan and Chi Yang turn against each other.

Nangong Nuannuan had some questions in her heart, but she accidentally saw the look in her second uncle's and grandfather's eyes, so she immediately swallowed the question that was stuck in her throat.

"ziyu, can you crack the mirror effect you were talking about?"

"There is only one way to break the mirror effect."

"What?"

"It means that I must go in and defeat that Bai Liyue and kill her. This way, the mirror effect and hypnosis will be broken at the same time."

"That won't do." The old man was the first to object. "As you said, the person in the mirror effect is a reflection of your strength. In the dream, she can have the same strength as you. After you go in, little Xuan will also unconsciously spare no effort to deal with you. Little Xuan's spiritual power is strong to begin with, and it will take a lot of effort for you to deal with him, not to mention you have to deal with Bai Liyue, who is of the same strength as you. This thought was dispelled. Is there no other way to get rid of the mirror effect?"

Huang Ziyu shook his head. hypnosis is considered a type of witchcraft in ancient times. As society developed more and more, there were fewer and fewer hypnotists. Therefore, the hypnotists who know the mirror effect are only recorded in ancient books. I don't know who is so powerful that they can use the mirror effect, but according to the ancient books, the only way to break the mirror effect is to defeat yourself. Grandpa Chi, I can try."

Huang zichu and Gu Mingcheng, who were at the side, became nervous after Huang Ziyu finished speaking.

Although they really wanted Ziyu to help Feng shengxuan, they were not willing to risk his life.

old master chi shook his head. "ziyu, your parents were heroes. as orphans, the country and organization have the responsibility to take care of you. we can't let anything happen to you. Although Xiao Xuan's hypnosis was a headache, it was fortunate that it only hindered his happiness. As long as we can find the hypnotist and kill him, the hypnosis can still be broken, right?"

Although Huang Ziyu looked small and delicate, she was a girl with a straight personality.

"You're right, but if the hypnotist could be found and killed so easily, sister-in-law wouldn't have come to me for help. Grandpa Chi, I really can try to help Brother Feng get rid of the hypnosis.

On one hand, even if Baili Yue is very powerful and I can't defeat her and brother Feng, I can run. As long as I quit the hypnosis, she can't do anything to me. Also, even if I'm injured, isn't sister-in-law here?

You see, I was so seriously injured yesterday, and sister-in-law was able to help me through the crisis through acupuncture. Next time, when I'm already prepared, she can't possibly hurt me so badly, right?

And no matter how injured I was in the dream, it always showed that the nerves in my head were damaged in reality. As long as sister-in-law can guarantee that she can perform acupuncture on time every time and ensure that the nerves in my head won't be damaged, then it doesn't matter at all."

Huang Ziyu then turned to Nangong Nuannuan. sister-in-law, say something!

Chapter 2317: Hypnosis (4)

Feeling everyone's eyes on her, Nangong Nuannuan said, "I do have a way to protect your nerves through acupuncture. But it's inevitable that my help can only be carried out when you're injured. in other words, no matter what, the acupuncture was done on the basis of your injury.

Just like what Grandpa said, although big brother was indeed hypnotized, it was good that he was only hypnotized to his feelings. Although I really want to help my big brother, I don't want to see you get hurt."

Huang Ziyu quickly shook his head,"it's okay!" Sister-in-law, you know how I feel. although i was seriously injured yesterday, i recovered after a day's rest because of you. You know, because of the timely treatment, yesterday's injury didn't cause any substantial harm to me. Since that's the case, why don't you let me help big brother Feng? Feelings are very important to a person. They can make people feel sweet, happy, sad, and bitter. If a person can't even sense these basic feelings, then that person is very pitiful."

Feng shengxuan: " the person I love now is Nuan Nuan. With Nuan Nuan around, I feel very happy and sweet. She wants to be with chiyang no matter what. I feel very sad, very sad, and very depressed. I'm just hypnotized, not that my senses have been taken away. I don't feel any pity for myself."

Everyone was speechless.

"Then let's continue."

All of a sudden, Chi Yang, old man Chi, Chi zeyao, and Nangong Nuannuan spoke at the same time.

Feng shengxuan:

"Alright," Huang Ziyu smiled.

Seeing the serious faces of the Chi family, Huang Ziyu smiled and said, "I'm really fine with sister-in-law around. After all, it's a dream, and I created it. Even if I can't defeat it, can't I just escape? Not to mention, very few hypnotists could escape the mirror effect, because the mirror effect would usually kill the hypnotist in one blow. As long as he could escape the first time, he would not be so miserable if he were to face the mirror effect later on and had his guard up. The mirror could only reflect the hypnotist's mental power, but other than mental power, the hypnotist had some other means that the mirror effect could not reflect. That's why I'm really confident that I can get rid of brother Feng's hypnosis."

Seeing Huang Ziyu's eagerness to try, everyone felt relieved.

"Then let's start today!" Huang Ziyu said.

“Not today. You have to rest for three more days. We’ll come back in three days. If it still didn’t work, he would rest for three more days. We’ll do it step by step.” Nangong Nuannuan said.

“Alright,” he said. Huang Ziyu agreed immediately.

The atmosphere in the large conference room was eerily sinister and awkward.

Cang mingya sat in the Chairman’s seat and looked at the extremely shameless man in front of her. Her face was red.

His already fat body looked as if his high blood pressure was about to break out, making people not dare to look at him directly.

Cang LAN star looked at his mother who was so angry. His handsome face frowned slightly and his expression was cold.

“Huang tianyun, I know you’re a scumbag, but I didn’t expect you to be this scumbag. Mingya international was founded by my father, and my father is the chairman of this Company Group! After my father’s death, I’ve been managing the company all these years.”

Chapter 2318: Shameless scumbag (5)

“After you embezzled the company’s funds back then, I was the one who filled up the huge deficit bit by bit and developed it to this extent today. For the past 18 years, you’ve never managed a single cent of the company, nor have you contributed a single cent to it. What right do you have to take it away now? Back then, when you made a deficit in the company’s funds and couldn’t pay it back, you said that you would use the deficit to offset your shares!”

Facing Cang mingya’s anger, Huang tianyun didn’t care.

“mingya, this is the board of directors meeting. what you said just now is not true. This company doesn’t belong to your Father alone. It was founded by your father and me.”

Cang mingya slammed his hand on the table and roared, “ “You’re talking nonsense!”

Huang tianyun looked as if the other party was being unreasonable. He helplessly pinched the space between his eyebrows and said, if I’m really bullshitting, why would the name of the company’s founder be mine and your father’s? ”

Speaking of this, Cang mingya’s eyes were bloodshot, “ that’s because my father wants you to spend the rest of your life with me. He told me that there was no end to earning money, and that there was no need to be so calculative about some things. So, for my happiness, he put the name of his future son-in-law in his company! Just treat it as our family’s dowry.

But you? how did you repay my dad’s kindness? You said that you would love me forever and that my dad would leave me to you without worry. however, after you got the company, not only did you own 35% of the shares, but you also colluded with the financial manager to maliciously transfer the

company's assets to fund your own independent company and help your own company tide over the difficulties. You've done better than all your brothers in the family competition. You used all kinds of shameless means to finally defeat your brothers and become the head of the Huang family, but you left the mess of mingya international and married the woman you liked, Gu Wanyan, without a care!

It's funny that I treated you as the best man in the world and loved you with all my heart, but you treated me like a fool. You got me pregnant, but in the end, you abandoned me and married your Bai yueguang. You're the high and mighty head of the Huang family, but you look at my father with hatred in his eyes!

Huang tianyun, you're an animal! but i don't blame you. after all, i was blind in the eyes and in the heart, so i deserved it! But Cang LAN star, he is your biological son! You treat Gu Wanyan and her two children so well, but don't forget, canglan star is also your child!

In the past, when your Huang family was running rampant in dizhou, our Lan Xing didn't take any advantage of you. Now, what right do you have to take any advantage from him and give it to that woman and her children?"

Huang tianyun was still unhurried, his face calm and helpless, making it impossible to tell that he was the scumbag that Cang mingya had just called.

"mingya, it's my fault that i chose xinyan over you when it comes to marriage. But let's speak with our conscience. We were still very happy in the two years we were dating, weren't we? It's just that you fell sick and your figure was seriously deformed, Yingluo."

Huang tianyun looked at Cang mingya's body that was as fat as a ball and suppressed the disgust in his eyes.

Chapter 2319: huang tianyun (1)

Huang tianyun calmly and reasonably said, " "mingya, i know i'm being irresponsible, but how many women in this world would dare to say that their first love is their husband? Of course, everything was fine when two people were in love with each other, but when love was gone, wasn't it better to part on good terms? Tell me, back then, when I, the Huang family's third young master, brought back a person whose body had already been severely deformed, would my family agree? Most of the directors here are men. Please ask them if their girlfriends 'figures were seriously deformed before marriage, would they still be in a good mood to marry each other? Men are all visual animals. If I marry you, I'll have to be able to think about it!"

"Huang tianyun!" Cang mingya's body trembled in anger.

"Mingya, I know you've always been angry, but today is the first day I'm appointed as the chairman. I hope we can put aside our past grudges and work well together in the future. I hope you won't say those slanderous words again. It's true that your father founded the company, but I'm also one of the founders. You said that I'm running a deficit in the company's funds, and that I was willing to use my shares to offset those losses. Those are all your baseless claims. I hope you won't say such irresponsible words again. for the past 18 years, i've never managed mingya group, nor did i ask for a single cent from

the group. i've even exercised my 1% right as a shareholder because lanxing is my son after all. The Huang family can't give their shares and benefits to an illegitimate child, but at least I can leave the company to lanxing, to you and your mother.

You should know that although the Huang group wasn't maliciously suppressed by the Nangong family, there are too many people outside who want to suck up to the rich and powerful, and they hit the Huang family when they were down. In order to save the Huang group, I had no choice but to return to the company and take control of the situation. Don't worry, I'm the biggest shareholder of the company now. I definitely want the company to get better and better. In the future, your dividends will definitely not be less. When the Huang family's economy recovers, I will also return the position of the chairman of this company to you. but now, i'm the chairman of mingya international, so i have the final say. If there's anything that you're not happy about or don't want to join the board meeting, you can tell me. It doesn't matter, you can leave directly. In short, I, Huang tianyun, guarantee that your dividends will still be there."

Most of the directors had followed Cang mingya step by step. In the past 18 years, mingya international had been a small and medium-sized entertainment company. After experiencing a huge trauma from the transfer of funds, it had slowly gotten on the right track. In the end, it became a medium-sized and large-scale entertainment company in the country. It even had mingya clothing under its name, which was full of the works of their young master and was very popular.

It could be said that mingya international had not benefited from the Huang group at all.

Because of the Gu group, the Huang group's stock market had fallen sharply. In the past few months, the money that the Huang group had evaporated from the stock market alone had reached 7 billion Yuan.

What kind of concept was this?

Not to mention that the Huang group's cooperation projects were forced to stop, the money that should be collected was difficult to recover, and the various immeasurable losses caused by the forced suspension of the cooperation that was about to be reached.

Chapter 2320: Fat and ugly (2)

Just the amount of money that had evaporated from the stock market and disappeared inexplicably because of the stock's plunge had reached 7 billion.

Although the Huang group still existed, it had long become an empty shell. The Huang family had not declared bankruptcy completely for the sake of their reputation.

Therefore, in order to save the Huang group, or to prevent the Huang family from completely collapsing, Huang tianyun, as the chairman of the Huang group, shamelessly came here after the Huang family ran out of money and secretly robbed his ex-girlfriend's company without saying anything.

the mingya group under cang mingya now had four a-list celebrities, nine b-list celebrities, 13 c-list celebrities, 40 c-list celebrities, and 200 idol trainees.

It was the golden age of the entertainment industry, and the pay of actors was constantly rising. Sometimes, A-list artists could earn tens of millions of dollars from a big-name advertising endorsement. Even if the company took a smaller percentage of the A-list artists' income, it was still a lot.

Although Mingya International had always kept a low profile in the industry, the combined profits of the two companies were at least 3 billion a year. The shareholders were all convinced by the chairman.

However, Huang Tianyun, who was once the head of a second-rate wealthy family, suddenly landed in the company.

Through the various connections of the Huang family, he used underhanded means such as threats to buy some of the company's shares at a low price before he came back, so the shares in his hands changed from 35% to 50%. Back then, Cang Mingya had 55% of the company's shares, but in order to save the company, they had to give up a lot of shares. Now, she only had 43% of the shares left.

The CEO of a shareholding company was determined by the number of shares held.

Huang Tianyun, a person who had nothing to do with the company for a long time, suddenly came back with 50% of the shares, which made the shareholders very angry.

On one hand, he felt that Huang Tianyun was shameless. On the other hand, he felt that Cang Mingya was an idiot. After so many years, he still hadn't been able to buy Huang Tianyun's shares.

In fact, they were more willing to be led by Cang Mingya than by Huang Tianyun, who was despised by the Nangong family.

However, he was helpless. A starving camel was still bigger than a horse. Although Huang Tianyun had no money, he still had some connections. If the small shareholders didn't listen to the chairman, they would probably get a lot less dividends.

Huang Tianyun looked at everyone with a smile. "Alright, now does everyone have any questions to ask? Now, the board meeting shall begin."

Cang Mingya's eyes were filled with resentment as she looked at this scumbag who had taken over her body. Her heart was filled with hatred, and her hands that were hanging by her sides couldn't stop shaking.

Canglan Star looked coldly at her biological father, who was standing in the Chairman's seat, and her hands tightly held her mother's under the table. Her long eyelashes blinked from time to time. Even though he didn't say anything from the beginning, he was always the most eye-catching existence.

That was because he was simply too good-looking.

Everyone in the company liked the future Chairman of Mingya. With his intelligence, honesty, talent, and unpretentious character, everyone could guarantee that the future of Mingya International would be better than the current development.

In fact, everyone used to think that Canglan Star might not be Cang Mingya's biological son. After all, Cang Mingya was so fat and ugly ...
