Chapter 2321: Disagreeing (3)

But Cang LAN star was so beautiful, so handsome, so androgynous.

Only today did she find out that their Chairman used to be a beauty, but she became fat because of illness.

However, Huang tianyun interrupted him.

If mingya international had been taken over by the Huang family before, the small shareholders would have been more than happy. But now, the entire country knew that the Huang family was being targeted by the Nangong family because of the Gu family. as long as the nangong family didn't let them off and didn't take the initiative to extend an olive branch to the huang family, the huang family would only end up dead. Mingya international was taken over by Huang tianyun. In the beginning, people might continue to cooperate with mingya international without knowing that Huang tianyun had become the chairman. Once they knew, there was no need to think about the consequences.

Therefore, the shareholders didn't dare to say anything in front of the new chairman.

Until ...

"now, i'm going to make a small adjustment to the division of labor in the company," huang tianyun said after clearing his throat.

Cang LAN star clearly felt her mother's hand tighten.

"Because the operations, human resources, and finance departments are all important departments. Perhaps they did a good job in the past, allowing mingya international to have such rapid development, but the heads of these three departments should all be under the management of the former chairman. In order to avoid unnecessary trouble and reduce future friction, I propose to change the heads of these three departments. These are the candidates for the three departments. Please take a look."

Huang tianyun had people distribute the personnel transfer materials to the shareholders.

When Cang mingya saw that the director of the finance department turned out to be yang mingkun, who had betrayed the company and colluded with Huang tianyun to misappropriate the company's finances and cause huge losses to mingya international, she couldn't help it anymore. She slammed her chubby hands on the table with a " bang " and the 180-pound body trembled because of this action.

"Huang tianyun, don't you go too far! Yang mingkun made Ming ya International's finance company suffer a deficit and made my father bedridden. I was the one who drove him out of Ming ya international. What right do you have to get this traitor back to continue being the director of Ming ya international?"

What?

everyone looked at cang mingya and then at huang tianyun. Finally, someone couldn't help it.

“Chairman Huang, although I’m only a small shareholder with 2% of the shares, the company’s wrong decision is likely to cause me losses. Since we’re the Board of Directors, I think we still have the right to speak, right?”

“yeah, although you’re the chairman, we should have the right to speak, right?” The shareholders at the side started to argue and finally stood on the same side as Cang mingya.

Huang tianyun seemed to be easy to talk to.”Of course, of course, you can say whatever you want to say.”

just now, Chairman Cang said that yang mingkun was the person who made a loss in the finance department. It was because of him that mingya international suffered a heavy blow. If you bring such a person back to be a Finance Director, aren’t you slapping Chairman Cang’s face?”

“Besides, this person has a criminal record. I will never agree to let such a person manage the finances.”

“I also disagree!”

“I don’t agree!”

“Right! Although we don’t have many shares, the profits of mingya international are closely related to our interests. We can’t use such a person.”

Chapter 2322: Scumbag (4)

Huang tianyun stopped everyone and said, ” “You may not know this, but yang mingkun has been the financial director of the Huang group for 18 years. And in these 18 years, he has done very well.”

Everyone was speechless.

“If you don’t believe me, you can go online and search for it. The Huang group was such a large Financial Group, and the director was also on the list. If Huang mingkun could become the director of such a big Huang group, how could he not be able to take over a mere mingya international? Moreover, the rumors about director yang are just slander. Chairman Cang doesn’t like this person. He thinks that this person used to be from mingya international but ended up with me, so he slandered him.”

“Huang tianyun, you know very well whether I slandered him or not!”

Huang tianyun laughed, ” mingya, yang mingkun isn’t me. I can give in to you for the sake of lanxing. However, you can’t slander others. You said that director yang made a deficit in the company’s finances, then why didn’t you arrest him back then? now you’re accusing him, but what evidence do you have? You’re not young anymore, so I hope that you’ll have some basic sense of propriety in the future. It’s not advisable to keep acting like this with me. ”

Cang mingya gritted her teeth and looked at the scumbag in front of her. She hated herself for being too useless when she was young. At the same time, she hated herself for not being able to detect Huang tianyun’s bottom line.

“Mom, don’t say anymore.”

Cang LAN star finally opened its mouth and said to Huang tianyun, "Chairman Huang, regarding all the personnel changes and department content adjustments, you can directly write a business plan and send it to everyone. after all, you're the one with the most shares. even if we raise objections, you won't listen. Since they won't listen, I don't think there's a need for us to continue listening.

However, my mom also said that she doesn't trust yang mingkun. So, you don't need to transfer the current Financial Director. Just let him be demoted to the Deputy Director of the financial department. This Deputy Director of the finance department had been working in mingya international for 18 years, and everyone trusted him. Therefore, if you let someone you trust and someone you think is capable work for the finance department together, you believe that they will do a good job. As for the operation department and the Human Resources Department, we'll do the same."

Huang tianyun's eyes narrowed, and he looked displeased.

however, he had used such a method to control mingya international. he knew that there were very few people in the company who were willing to listen to him. Although Huang tianyun was very unhappy that his decision was being questioned, he didn't do anything in the end.

After all, he didn't plan to stay in the company for too long.

Now that the Huang family didn't have much money left, they would definitely be finished. Even a large corporation like the Huang group was done for. He didn't believe that mingya international could go far in his hands. Therefore, he returned to mingya international with the intention of taking away their money.

He had wanted to take things one step at a time, but seeing the company in such a state, Huang tianyun decided to take action as soon as possible and take the money and his family abroad.

Over the years, mingya international had at least five billion Yuan in assets in circulation. Five billion Yuan was enough for them to live abroad for the rest of their lives.

Huang tianyun looked at Cang LAN star for a long time.

He had to admit that he had been blind before, putting all his love on Huang Yuhang and completely ignoring Cang LAN star. All these years, she had not even seen him once.

Chapter 2323: Beating someone up (5)

However, seeing it today, he was greatly surprised and amazed.

With his looks, not to mention his talent, even if he was in the entertainment industry, he would definitely be able to make a lot of money.

Thinking about this, Huang tianyun's eyes brightened as he looked at Cang LAN star. His original displeasure turned into joy as he said, "Alright, since Lan Xing has said so, we'll do as you say."

He still had many ways to transfer his assets.

Cang mingya's mood became better because of Huang tianyun's concession, but the light in Cang LAN star's eyes deepened.

He felt like he had seen something in Huang tianyun's eyes that he hated.

after the meeting was over, huang tianyun walked to cang lan star and smiled, "I didn't expect my son to be so good-looking when he grew up."

This kind of good looks was the kind of androgynous handsomeness that was popular in the entertainment industry in recent years. At the same time, this kind of appearance and figure was also what many big bosses in the entertainment industry liked.

"Chairman Huang, my surname is Cang." Canglan star peeled a lollipop and stuffed it into his mouth. His face was full of cynicism, and his cold eyes seemed to not care about anything, but there was an inexplicable aura of superiority. Even when he was standing next to Huang tianyun, he didn't feel short of breath.

Huang tianyun knew that he was telling him that he wouldn't recognize him as his father, just like how he didn't recognize him as his son in the past.

However, Yingluo

does it matter?

No matter what, Cang LAN star was still his son.

therefore, huang tianyun was still smiling and said, " "come, let's go to dad's office."

Canglan star looked at the "chairman's office," and then at Huang tianyun, who was standing there and not leaving. A bad feeling flashed in their hearts.

Cang mingya also reacted and immediately rushed in.

Inside, Gu Wanyan and her two children, Huang Yuhang and Huang Yuhan, were sitting like the master, making tea.

The office that used to belong to her had been replaced with Huang tianyun's things. As for her things, they were thrown into a few large boxes in a brutal manner, lying in a mess.

There were all kinds of mementos in the bag, including the company's honor over the years and gifts from others.

Cang mingya was already angry, but when she walked in, she saw the family photo her father took with her and Xingxing before he died. She had originally put it in a frame on her desk, but now the frame was gone. The photo was thrown on the ground and was broken, with a few footprints on it.

"Who did this?"

the originally distant and indifferent look on cang lan star, at this moment, the flame in his eyes suddenly exploded, and he looked coldly at the people in the room.

Gu Wanyan was sitting elegantly on the sofa, holding a small teacup in her hand and savoring it. She had no intention of talking to Canglan star.

Huang Yuhan and Huang Yuhang were learning from their mother, as if Cang LAN star didn't exist.

After all, planet Canglan was wearing a light-colored punk outfit and had a lollipop in her mouth. It was really unpresentable.

However, the next moment, the cup on the table with a Dragon carved on its handle was smashed into Gu Wanyan's stomach with a loud bang.

It wasn't on the face or the bones in the arm. If hit in those places, the wound would be deeper, so a huge cup directly smashed into the boneless stomach.

(Canglan star is Nangong Nuannuan's Xuanji, cough, cough. It's a secret.)

2324 taking action (1)

"Ah!"

Gu mingyan, who was originally incomparably elegant, did not expect the other party to make a move. It was too late for her to Dodge and she could only let out a blood-curdling scream after taking the blow.

Huang Yuhan, who was at the side, was already a firecracker. She had wanted to act like a noble lady, but when she saw Gu Wanyan getting beaten up, she could not hold it in.

"Cang LAN star, you bastard, you actually dared to hit my mother!"

"Who are you calling a bastard?"

This was the word that Cang mingya hated the most.

Her child, the child she doted on and loved more than her own life. If anyone dared to call him a bastard, she would fight them to the death.

"Shouldn't you be the one who knows best who the bastard is? In order to make my dad stay, how many unpresentable things have you done? Cang mingya, my mother is a rich young lady, so she doesn't like to argue with you. she feels that arguing with you and talking to you is defiling her. But I'm not! Cang mingya, back then, you used underhanded means to get pregnant with my dad's child. In order to keep my dad, you slandered him for transferring the company's assets. I've really never seen a woman more despicable than you.

My dad pitied you and your mother, so he let you enjoy the power of managing the company for 18 years. Now that my dad wants to take back what belongs to him, what right do you have to refuse?"

Huang Yuhan looked at Cang mingya contemptuously, sizing up her body that was almost the same size as her body, and laughed, " "But you should be glad that with your looks, you were able to give birth to a bastard child, and it's my father's child. This is your fortune. If you give birth to a child with the lowest of men out there, I'm sure they'll vomit!"

“Bang!”

“Ah!”

As soon as Huang Yuhang finished speaking, Canglan star kicked her, sending her flying from where she was standing to Gu Wanyan.

Gu Wanyan’s face was still blue and purple from the pain of being hit in the stomach by the teacup. Before she could recover from the pain, Huang Yuhang was kicked and sent flying to her. Gu Wanyan screamed in pain again. Then, the mother and daughter fell on the sofa, holding their stomachs and unable to stand up at all.

“Cang LAN star, you bastard, this is my dad’s office, why are you acting so fierce? Do you think I’m dead?”

After that, Huang Yuhang mimicked Cang LAN star and kicked him.

Cang LAN star was 172 cm tall, which was considered short among the boys. Huang Yuhang was 180 cm tall. Just in terms of height, he was already above Cang LAN star.

Huang Yuhang had learned how to fight freely, so he swung his leg.

However, Canglan star was still chewing on the lollipop. They looked calm and did not seem to care about Huang Yuhang’s flying kick.

He nimbly turned his body to the side, and Huang Yuhang’s kick missed.

Huang Yuhang saw that his first kick had missed and was ready to kick again after the first one. Who knew that with a muffled bang, Cang LAN star’s foot had landed on Huang Yuhang’s stomach.

Then, he ended up like Huang Yuhang. He was sent flying backward and crashed into Gu Wanyan.

In the end, Gu Ming wanted to curse. After all, she could not care about being reserved anymore. However, she realized that when she wanted to curse, she was in so much pain that she could not do it.

“Men!”

Huang tianyun was furious and wanted to slap Cang LAN star.

2325 Child support (2)

however, seeing how strong he was, he had already charged forward and then stopped. he was afraid that Canglan star would not treat him as a father and kick him away.

Hence, he shouted at Cang mingya, ” “Look at you, is this how you raise your child? Look at what you’ve taught him! Vulgar, barbaric, Savage, and uneducated! He even dared to attack his own brothers and elders, does that mean he can kill anyone who says anything to him next time?”

Huang tianyun looked at Cang mingya with disgust.

"If you keep talking about my mom, do you think I'll beat you up?" The Canglan star asked in a hooligan-like manner.

"Y-y-y-you! You're a bastard! Is this what a son would say to his father?"

Huang tianyun's eyes widened. He didn't think that Cang LAN star would say such disgraceful words to him.

After all, Huang Yuhang and Huang Yuhan had never spoken to him in such a manner. They had always treated him with respect. Even if the Huang family was at the end of their rope, they still respected him.

At this moment, Huang tianyun had forgotten that the reason why the Huang family was in this state today was all because of the Gu family. His precious daughter Huang Yuhan and Zhong Yingying had colluded to bring the Huang family to their deaths.

If it weren't for his wife and daughter, the Huang family would never have fallen into such a desperate situation.

In the past, he didn't even care about Ming ya international and he didn't want to compete with Cang Ming ya. It was Gu Wanyan and her mother who made him do such a shameless thing as snatching his ex-girlfriend's father's company.

"Pa!"

A slap landed on Huang tianyun's face without mercy.

he felt a burning pain.

The entire chairman's office instantly fell silent. Even a pin drop could be heard.

Gu Wanyan and her two sons looked at Cang LAN star in surprise. They didn't expect this bastard to be so bold. He really smoked.

you unfilial son, you dare to hit me?!

Cang LAN star was still that kind of calm and collected ruffian, he sneered, "Have I eaten a mouthful of food or drank a mouthful of water from your Huang family? 'You just casually picked someone to say that he's your son and you take it for granted that you're my father. If you tell others about this, they'll definitely beat you up.' I'll let you off lightly."

"You dare to say you're not my son? Do you dare to say that the blood in your body is not mine?"

Oh, I have your blood in me, so I'm your son. What about the 18 years of child support I've received since I was born? "

"Didn't I give you the child support every year? I hold 35% of the shares of mingya international, and I haven't asked for a single cent all these years. Since you don't want to be my son, then give me all the 35% dividends for the past 18 years. That way, you don't have to be my son anymore."

Canglan star sneered,"Huang tianyun, the heavens are watching." Do you know why the Huang family has fallen to such a state today? It's because you and your Madam Huang have done too many

disgusting things that even the heavens can't stand it. There's only a few of us here, so why do you have to act like you're so great?

That year, you almost emptied out all the company's liquid funds. My mom brought evidence to you to ask for money, but you said that you would use 35% of the shares to pay back. My mom said that you didn't marry her and asked you to return the shares to her. After all, those are my mom's dowry. You didn't even marry my mom, so why do you want my grandfather's dowry? But what did you say? You said that after you took over the royal family, you would return all the money and 35% of the shares to my mother."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2326

2326 A useless mother (3)

"But throughout all these years, have you ever paid a single cent back to our client?

All these years, my mom has been asking you to return the shares every year, but you told her that you would only return them to me when I'm 18 years old. Because you're afraid I'll ask you to split the assets. My mom was forced to sign the contract with you in private because of your Huang family's influence, but you sent someone to my house to steal the contract and the evidence that my mom used to send you to the police station."

Cang LAN star laughed coldly, "a shameless person like you wants to be my father?" Huang tianyun, do you think that you can sit firmly on the position of Chairman just because you have mingya group? I'm telling you, I'm not my mother. I'm not as soft-hearted as her. If you dare, don't do anything to mingya international. If you dare, I have the ability to make you consigned to eternal damnation!"

After he finished speaking, he bit off the lollipop in his mouth with a "crack." Hearing this, Huang tianyun, Gu Wanyan, and their mother's hearts tightened.

"Mom, let's go. There are plenty of offices in mingya international. They can stay here if they want to."

after saying that, cang lan star ordered the people outside, "bring out all the boxes."

"Yes."

Canglan star found a new office for Cang mingya. After entering the new office, Cang mingya's originally proud and arrogant attitude instantly withered.

"Xingxing, I'm sorry. It's mom's fault for not being able to get Huang tianyun to hand over the shares all these years. they had even lost such an important contract and pushed mingya international to the brink of death again. you've worked so hard, you're so outstanding, but in the end, all your efforts went to waste because of me. Xingxing, I'm really sorry."

although the chairman of mingya international was canglan star, because of her health, it had been three years ago that canglan star made the real decision. In order to not let the shareholders of the Company have any opinions, Cang LAN star only dealt with business in private.

Looking at Cang mingya's Haggard face, star canglan patted her mother's back, feeling her body getting fatter and fatter. Thinking about what the doctor said to her, that her mother would continue to grow

fat until her intelligence and internal organs were affected, and it would only end after she died, star canglan's heart was extremely sad.

"Mom, don't mind it. Really, don't mind it. Over the years, he's been avoiding the issue of the shares time and time again. In fact, I've already guessed what might happen. Although we were a step too slow after the Huang group's problem occurred, and he got more shares, Yingluo!"

cang lan star smiled slightly, and in that mischievous smile, a few bits of starlight flashed.

"But what?" cang mingya raised her head in confusion.

"mom, don't worry. i have a backup plan. i won't let them mess around behind mingya international. you're not in good health, so don't waste your breath on them in the future. people like them are not worth your time. Anyway, don't worry, I'll definitely protect what Grandpa left for us for you."

cang mingya felt sorry for her child. looking at her handsome appearance, her eyes turned red and she nodded."yes, mommy believes you!"

Cang mingya had always been confident in her child. cang lan star had the ability, forcing herself to have the ability to make her happy.

"Their family is definitely going to turn the company upside down today. Come home with me first. I want to eat the hot and sour fish you cook, the kind with dough balls."

"Okay, let's go. I'll cook for you when we get back."

Cang mingya's heart was filled with her child. She felt that Cang LAN star was the biggest gift from God.

Planet canglan held onto Cang mingya's hand as they walked out of the company building. At this moment, the driver had already parked the car. Cang LAN star was about to get into the car with Cang mingya when three police cars drove over.

This building belonged to mingya international. Although it was rented, the entire building was filled with employees of mingya international. Hence, Cang LAN star and Cang mingya both stopped in their tracks, wanting to see what was going on.

The police came down from the police car, took a look at Cang LAN star, and walked directly to him.

are you from the cangshao canglan star of mingya international? "

Cang LAN star looked at the police in front of them, his eyes cold, " yes.

young master Cang, the wife of the chairman of mingya international, Ms. Gu Huiyan, has accused you of assault. Please come with us to the police station to cooperate with the investigation.

after hearing the reason why the police were looking for him, the temperature in cang lan star's eyes turned cold. "what did she sue me for?" he asked sarcastically.

she said that you broke her and her son's arms, so she wants to Sue you.

"Nonsense!" "My son didn't even touch their arms, how could he break their arms?" Cang mingya shouted.

the police said, " we will investigate whether the other party's arm was broken or not. at present, ms. gu wanyan and her son and daughter are being treated in the hospital. the injury report will be sent to the police station later, so please don't make things difficult for us, mr. cang. " come with us!"

"Impossible!" Cang mingya was like a hen, she stretched out her arm and protected canglan star behind her. She looked at the police with vigilance and said, " "We hurt people just because she said so? if she says that we killed someone, are you going to take my son to the police station first before you start the case?"

"MA 'am, we must have evidence to arrest someone. On one hand, Madam Gu and her two sons would have a doctor's certificate. On the other hand, I heard that you're the son of Chairman Huang's ex-girlfriend and the Huang family's illegitimate son. You don't have a good relationship with Gu Wanyan and her mother. third, there are witnesses in the company who saw you beating up Gu Wanyan and her mother. If you think that this evidence is not enough, you can show us proof that is beneficial to you after you return to the police station with us."

"You guys, Zhenzhen, you guys have gone too far!" Cang mingya was so anxious that she spoke without thinking.

"lady cang, please be careful with your words. we're just following the law. we've already said that if you have evidence, you can leave immediately. We don't have any deep grudges with your son, so there's no need to deliberately target him."

cang mingya still wanted to say something, but her hand was grabbed by cang lan star.

"Mom, don't say anymore."

then, he whispered into cang mingya's ear, " "Go to Guo Song and tell him about this. he'll come and help me resolve this matter. It's just a matter of losing money, so don't worry. However, you must take good care of the company during my absence. I've already made arrangements in the company. When the time comes, my people will naturally come to find you. I can't guarantee anything else, but a few people will definitely be able to use it. "

"But Yingluo"

"Young master Cang, let's go."

Cang mingya still wanted to say something, but the police clearly didn't have much patience and urged her again.

Cang LAN star's eyes darkened, and they could only follow.

Before he got into the car, he looked at Cang mingya with a deep worry in his eyes.

He kicked the three of them in the stomach, afraid that they would shamelessly run to check their injuries. And he could guarantee that the places he kicked would only make them feel pain and not hurt. However, they didn't expect the three of them to be so shameless. While they were tidying up the office, not only did they go to the hospital to get fake certificates, but they also called the police.

Cang LAN star laughed coldly. Did he think that no one would protect him after he was caught?

over the years, his mother's brain had begun to deteriorate due to her illness. it was not without reason that he was able to keep mingya international and manage it well at a young age. no artistes and other entertainment companies dared to suppress it.

If Huang tianyun thought that mingya international could do whatever they wanted without him, then he was very wrong.

After Cang LAN star was taken away, Cang mingya stood there in a daze for two minutes before she suddenly started to spin around on the spot as if she had gone crazy. as he turned around, he grabbed the arms of the surrounding employees and shouted in horror, " "star! Stars! They took Xingxing! What to do? They took Xingxing! Hurry up and help me save Xingxing! Quickly help me save Xingxing!"

Although canglan star was only 18 years old, because she often attended various meetings with Cang mingya, and she was also the founder of mingya clothing, the company's employees still valued this young master of mingya international. Just now, when they saw canglan star being taken away, everyone's heart rang with alarm. They were afraid that there would be a great turmoil in mingya international. Now that their Chairman, no, it should be the vice-chairman, had suddenly gone crazy, they were all frightened.

"security, what are you doing here? hurry up and catch her, in case she hurts anyone!"

At this time, Huang tianyun suddenly walked out. Seeing this, he shouted at the security.

The security guards looked at each other. After all, Cang mingya was the chairman of mingya international. She had been managing mingya international for so many years and was usually very good to the security guards. Although the chairman had changed, Cang mingya was still the vice-chairman with the most shares. How could they arrest the vice-chairman?

Just then, Cang mingya went to grab a female supervisor, but the female supervisor suddenly retracted her hand. Cang mingya's nails accidentally scratched her hand, and a bloody mark appeared.

the female supervisor was so scared that her face turned pale and she screamed. When everyone saw this, they all took a few steps back, afraid that they would be injured by the madman.

"did you hear me? I'm the chairman of this Company Group. I can't let a madman run wild in front of the company. Arrest him!"

With this order, the security guards had no choice but to listen to Huang tianyun's words and arrest Cang mingya.

cang mingya saw that these people not only didn't help save cang lan star, but also came to capture her. her mind was even more confused. she tried to clear her mind, but the security guards were too strong,

making her unable to break free. Seeing that she was already being controlled and was about to be captured, there was no way to save Xingxing. Cang mingya anxiously shouted-

"You guys let me go! Huang tianyun, you're going to die a horrible death. You framed your own son. I hate you! let me go! I'm going to kill you!"

(See some treasure saying they don't know who is who. Huang tianyun was the head of the Huang family. His wife, Gu Wanyan, was Selina's mother and Gu Mingzhe's aunt. His children were Selina's half-siblings. As for Yingying's identity, it will be revealed soon.)

Chapter 2329

2329 none of your business (1)

Huang tianyun said to the surrounding employees, " "Did you guys see that? I already thought that she was mentally unstable, and now it seems that I'm right. The vice-chairman of mingya international is actually talking about murder."

Then, he instructed the bodyguard beside him, " "Send her to the mental hospital immediately. Such an aggressive mental patient is not qualified to be the Deputy Chairman of mingya group. I can't allow my own son to have such a lunatic by his side."

The employees in the company who couldn't figure out the relationship between the Cang and Huang families also completely understood at this time.

It turned out that Huang tianyun was the biological father of Cang LAN star.

This way, everyone in Yingying would feel more at ease. After all, he was the biological father of canglan star. With him around, mingya international should not collapse, right?

With this relationship, the security guard was relieved and prepared to hand Cang mingya over to Huang tianyun's bodyguards.

"Wait a moment."

suddenly, a voice came from behind huang tianyun.

Huang tianyun turned around and saw a tall man with a superior temperament walking towards him.

Huang tianyun's eyes narrowed slightly. He was instinctively displeased with this person who had appeared out of nowhere. He asked unhappily, " "Who are you?"

However, that person didn't have any intention of paying attention to Huang tianyun. He walked straight to Cang mingya's side and whispered in her ear, " "Don't worry, our family's young master has already followed them to the police station. They will be released from Cang LAN star soon."

The anxious and angry Cang mingya heard that Cang LAN star was fine and that she would be able to come out soon, and her blood red eyes that were filled with confusion gradually became clear.

Suddenly, she thought of what Xingxing had said to her before she left. She looked at the man in front of her and asked, " "Really?"

"it's true." The man nodded. if you don't believe me, you can come with me to the police station to pick up young master Cang.

"But Yingluo, you're not Guo Song." only then did cang mingya remember what she had told her before she left cang lan star. she should be looking for guo song.

although I'm not Guo Song, our young master is young master Cang's friend. As long as our young master takes action, young master Cang will be fine.

"Who is your young master? This gentleman, with all due respect, this is my Huang family's matter. It doesn't seem to have anything to do with you, right?"

The newcomer looked at Huang tianyun with a mocking expression.

"Who our young master is doesn't seem to have anything to do with Chairman Huang. Since Chairman Huang had so much time, he might as well think about how to save the Huang group from the crisis. As the chairman of a shell company, I don't know how you have the face to ask others this question. At first, I thought that Chairman Huang was just blind to marry a prodigal woman. Now, it seems that you're not only blind, but also a scumbag who even framed his own son."

Then, the man looked up at the logo of the giant company standing outside mingya group and suddenly realized something. Chairman Huang, are you here to ruin someone else's company after your woman ruined the entire company? "

"Chairman Cang, are you still in charge of the company?" he asked.

Cang mingya's expression instantly became extremely angry as she looked at Huang tianyun and said through gritted teeth,"The chairman of the company has already been snatched away by Huang tianyun. you're right, he's a scumbag. My father gave him 35% of the shares as my dowry, but he took my dowry and married someone else."

"I've been looking for him for 18 years, asking him to return the dowry to me, but he said that Xingxing was his son. To prevent others from saying that he didn't give his son an inheritance, he said that he would return the shares in his hands to me on Xingxing's 18th birthday. But now that the Huang group is about to be finished, he shamelessly got fed up with the shares of the other shareholders and came here to act like a tyrant!"

"Cang mingya, if you continue to slander me like this, I'll take legal action! i know you hate me for not marrying you back then, but i can forgive you no matter what you say in private. after all, we did have a happy experience back then. But I was the one who founded mingya company. In order to make your dad happy and win the beauty, I gave your dad a big share as a betrothal gift for marrying you.

in the end, you became fat. i also knew that you became fat because you were sick. although i couldn't marry you, i still gave the company to your father. and for the past 18 years, i've never received a single cent of dividends from mingya. cang mingya, i've done my best for you and cang lan star. now that the

huang group is in trouble, i'm the largest shareholder. i'm only exercising my own power, what right do you have to insult and slander me?

You can't talk about it for the rest of your life just because I didn't marry you. why don't you take a look at what you've grown up to look like? not to mention that i have a wife and children now, even if i didn't, i wouldn't marry someone like you. no man would ever marry someone like you! Ask any man here who can still move after seeing your body."

Cang mingya stared at Huang tianyun with hatred. She clenched her teeth and trembled, but she couldn't say a word.

The man at the side said to Cang mingya, " "Chairman Cang, since you know he's a scumbag, don't bother with him. Aren't you worried about young master Cang? I'll bring you to young master Cang."

"Alright," he said. Cang mingya nodded.

Just as the two were about to leave, they were stopped by Huang tianyun. He glared at this meddlesome man and asked in a deep voice,"Who are you? Who is your young master?"

The man smiled,"you don't need to know who I am." you don't have the right to know who our young master is. i've already said that if chairman huang has the time to meddle in other people's business, why don't you think about how to manage it so that all the businesses under your name don't go bankrupt?"

The veins on Huang tianyun's temples twitched in anger, but he still pretended to be calm and said, " "you don't have to worry about the huang group. However, everyone saw that there was something wrong with Cang mingya's brain, and she could attack at any time. "Now that planet canglan has been arrested for assault, as the Father of planet canglan and the chairman of mingya group, I have the responsibility and obligation to send her to the mental hospital. That's why you can't take her away."

The man laughed, and before Cang mingya could get angry, he calmly said, " "Responsibility? May I ask if Chairman Huang is Chairman Cang's husband? Was he her immediate family member? Was he her Guardian? Since you're nothing and a vicious competitor, what right do you think you have to send a person with full civil capacity to a mental hospital?"

she's mentally ill. Everyone in the company knows that. huang tianyun said angrily.

"She's mentally ill just because you say so?"
