Chapter 2331

2331 Nangong Zheng (3)

“Where’s the proof of mental illness from the hospital? you slandered chairman cang as a mental patient without any evidence. it seems that you are not only the chairman of the huang group, but also god! Whatever you say.”

After saying that, he ignored Huang tianyun and made a “please” gesture to Cang mingya before getting into the car with her.

huang tianyun immediately gave a look to the bodyguard behind him. after all, if he could take advantage of the absence of cang lan star to send cang mingya to the mental hospital, that would be the best.

Unfortunately, when the Huang family’s bodyguards stepped forward and were about to use force, many bodyguards in casual clothes suddenly appeared around them.

These people stood tall and straight, and their eyes were filled with iron-blooded coldness. At a glance, it was obvious that the Huang family’s bodyguards could not beat them.

seeing this, huang tianyun had a bad feeling.

Because he really hated, or rather, because he felt disgusted by Cang mingya, he also felt disgusted by this son of his. He felt that having a child with a woman like Cang mingya was an extremely shameful thing. hence, for the past 18 years, he had never paid any attention to cang lan star. Other than seeing him twice on Cang LAN star when he was three and seven years old, the other times was when the Huang group was about to collapse and he was preparing to gather the remaining liquid funds in his hands to settle the Ming ya group, then he saw him again.

However, it was just to monitor him. The goal was to sneak into the Cang family to steal the contract.

He had no idea what kind of friends Cang LAN star had.

Now, as he watched the convoy leave, Huang tianyun became a little anxious.

He was determined to get mingya group, how could he stop because of canglan star?

“Go and find out who that bastard’s friend is.”

“Yes.”

Three people were standing in an unnoticeable corner of mingya group.

“Brother Guo, what should we do now?”

Guo Song looked at Huang tianyun with deep contempt.

“You, from now on, monitor the financial system 24 hours a day. As long as you keep an eye on the financial system, Huang tianyun won’t be able to cause any trouble. You, send someone to keep an eye

on Gu Wanyan and her mother 24 hours a day. I'll go to the police station to check out the situation. If the other party wants to Sue Young master Cang, then we'll make the matter of losing an arm a reality. Let's see if they plan to let young master Cang go or would rather really cut off an arm to tell others."

The two men's eyes lit up, and they lowered their heads to accept the order."Yes."

After Cang LAN star was taken to the police station, other than being worried that Cang mingya would be worried about him, he wasn't worried about anything else.

After entering the police station, other than refusing to admit that they had hurt Gu Wenyan and her two other children and saying that their diagnosis was fake, canglan star did not say anything else.

However, he didn't have the chance to say it.

it had only been 15 minutes since he entered the police station, but the police officer who had arrested him had already unlocked his handcuffs and said to him meaningfully, " "Young master Cang, someone has bailed you out. however, if madam huang doesn't drop the charges for your case, we'll have to summon you again. You can leave first."

canglan star:

How could Guo Song be so fast?

He was fished out in 15 minutes?

How did he do it?

However, when Cang LAN star walked out of the police station, the person they saw was ...

nangong zheng!

he leaned against the luxurious but low-key limited-edition maybach. the long sleeves of his white shirt were rolled up because of the hot weather, revealing a part of his arm.

Chapter 2332

2332 Thank you (4)

His suit pants were ironed and spread out, not a single hair out of place.

His handsome face had a powerful aura that kept strangers away. Sensing that he was approaching, he raised his eyes and looked at him as if he wanted to see through him.

Cang LAN star looked at the elegant man in front of them in shock.

"Chairman Nangong, Nan Zhi Zhi?"

The other party's long and thick eyelashes fluttered slightly, indicating that she had acknowledged his surprise.

"Why did you save me?" cang lan star's eyes were bright and his face was filled with surprise.

"I happened to pass by your company and saw you being taken into the police car."

Nangong Zheng didn't say much because he was afraid that this young man would run over and say that he wanted to be his boyfriend again.

Cang Lan star smiled as she walked to Nangong Zheng's side. She gave him a 90-degree bow and said, "Thank you for saving me!"

"You're welcome,"

Planet Canglan's Nangong Zheng smiled and said, "Chairman Nangong, my mother is still at the entrance of the company. She's Yingluo and she's sick. I'm afraid something might happen to her, so I have to go back to see her first. I'll remember your kindness, and I'll definitely return it if I have the chance in the future."

Seeing that Cang LAN star was about to leave, Nangong Zheng said, "she'll be here soon."

"How did you know?"

"My people are already on the way to bring her here."

When Cang LAN star heard this, their nervous expressions instantly relaxed. Realizing that her and her mother's troubles were all settled by this high and mighty man in front of her, Cang LAN star felt that they had a lot of face.

He thought so, so he just said it.

Then, he bowed to Nangong Zheng.

"Chairman Nangong, thank you for saving me and helping my mother. Otherwise, if I were to be taken away, she would definitely be very worried. You've really done me a great favor! Thank you!"

As they spoke, Cang LAN star did not know how to express their gratitude and could only bow continuously.

After all, Nangong Zheng was the vice-chairman of the Imperial Group. He didn't lack money at all. Didn't the arrogant Huang family back off just because the Nangong family sneezed?

Now that such a character was standing in front of him again, Cang LAN star felt that their luck was simply too good.

It was a pity that Huang Tianyun didn't see this.

Nangong Zheng furrowed his brows as he looked at the boy who kept bowing to him like a lucky cat.

"Do you like to bow to people like this?"

If bowing once was considered etiquette, then bowing so many times was enough to be called a slave's charm. At first, he had thought that this boy was a stubborn and bright child, but his actions had once again broken his three views.

Yesterday, it was because he had shamelessly asked to be her boyfriend. Today, she kept bowing to him.

Seeing him like this, Nangong Zheng wanted to turn around, get into his car, and leave.

"You're my benefactor, how can this be called subservience?" Cang Lan Star disagreed, "you helped me, I really want to thank you." But you have everything, you don't lack anything. I can't give you money to thank you. I asked to be your boyfriend, but you didn't want to, so I can only bow a few more times to you."

Nangong Zheng:

As he watched the young man's jello-like lips move, Nangong Zheng felt as if he could smell the flavor of cherries and strawberries.

Suddenly, she wanted to eat these two fruits.

Canglan star was depressed by Huang Tianyun. He took out a lollipop from his bag.

Chapter 2333

2333 Who said overbearing CEOs can't eat lollipops (5)

After removing the wrapper, a round, cherry-red lollipop was revealed. A sweet and fragrant smell immediately rushed into Nangong Zheng's nose.

It tasted exactly the same as he had imagined.

Planet Cang LAN was about to stuff the lollipop into her mouth, but she accidentally saw Nangong Zheng's Adam's apple move.

Canglan star:

He must have been wrong.

Nangong Zheng was a tall and domineering president who was made of diamond. He probably wouldn't be interested in the food he was eating, right?

But Canglan star secretly moved the lollipop in his hand. He was shocked to find that the tall and domineering president's eyes also followed the position of his lollipop.

Although his gaze returned immediately, Cang LAN star felt that they had discovered something extraordinary.

"Take it!"

Because Cang LAN star had given it so casually, Nangong Zheng didn't even have time to react and subconsciously took it.

Canglan star took out another stick from her bag and opened the packaging. It was still strawberry flavored.

Only then did Nangong Zheng react. This fellow actually gave him a lollipop!

"Swish!"

Canglan star stuffed the newly unwrapped lollipop into his mouth and took a deep breath of the fragrance, dispelling the depression in his heart.

Nangong Zheng looked at the red lollipop, then at his lips, which were almost the same color as the lollipop. He actually put the lollipop in his mouth.

A strong fruity fragrance and a sweet taste instantly spread in his mouth, and saliva suddenly secreted in his mouth.

He took a sip, but the fragrance didn't satisfy him. As soon as it came out of his mouth, he stuffed it back into his mouth.

"Crack!"

With a crisp sound, he bit off half of the lollipop.

The rich fragrance lingered in his mouth for a long time, stimulating his nerves and senses, as if he had become much more awake.

I didn't expect such a high and mighty CEO like you to eat a lollipop in such a down-to-earth manner. Canglan star laughed, her big eyes were curved at this moment, and in them, there were tiny bits of starlight.

To be honest, this was the first time Nangong Zheng had seen such a clean and good-looking boy in his life.

There was a large entertainment company under the Palace Group, and there were many young hunks in the company. Every time he came to inspect the company, those young hunks would try their best to make their presence known in front of him. However, he realized that those young hunks, whether they were mothers, mothers, or wolves, none of them were as clean and clear as Cang LAN star, like the sun in the early spring.

cang lan star saw that nangong zheng kept staring at her, and his gaze was not wrong. she was a little embarrassed by his gaze, and her ears turned a light pink.

her earlobes, as white as jade, were almost glowing under the sun. they were a little pink, like a pink flower with dewdrops under the morning sun.

Suddenly, Nangong Zheng quivered.

What was he doing just now?

What was he thinking?

How could he, Yingluo, have such thoughts about a boy who had just come of age?

At this moment, Nangong Zheng felt extremely embarrassed.

He felt that he was the kind of weird uncle who was coveting pretty boys!

“Kacha!” In order to hide the shock in his heart, Nangong Zheng took another bite of the lollipop. He said to Cang LAN star in a disguised manner, “Who said a bossy President can’t eat lollipops? I like lollipops!”

Canglan star didn’t expect that the cold uncle who was a man of few words would tell him this. The lollipop in his mouth almost fell out of shock.

Chapter 2334

2334 Just like this?(1)

Looking at Canglan star’s mouth open in surprise, toot red lips stained with sugar crystals slightly lustrous under the sun, he couldn’t help but subconsciously add, “I also like to eat jellies.”

Canglan star: “I feel like I’ve met a fake overbearing President!

But what could he do?

She suddenly felt that this cold and overbearing President was so cute!

“Really? What a coincidence, I like jellies too! I thought that only people like me would like to eat this kind of little thing! After all, every time those big shots saw me eating the lollipop, they would think that I was an unpresentable person. i just want to talk back at them. what does it have to do with eating lollipops? Look, even you, uncle, and Chairman Nangong, like to eat it.”

Looking at the young man’s smug expression, Nangong Zheng felt that he must have gone crazy.

Why on earth did he have to meddle in this young man and his mother’s Affairs?

So what if he did? why did he want to eat the youngster’s lollipop? He was really drunk!

Nangong Zheng felt that he was extremely stupid when he saw the young man acting so carefully and cautiously in front of him, but in the blink of an eye, he was already calling him uncle and acting so proud of him for eating lollipops.

“I really didn’t expect Huang tianyun to be your father.”

Nangong Zheng didn’t want to talk about the lollipops and jellies anymore, so he changed the topic. He also forgot that he could have left after he had nothing to say. After all, he had already helped the youngster.

However, he didn’t leave and found another topic.

Hearing Huang tianyun’s name, Cang LAN star’s bright smile instantly sank, and then it was replaced with a frivolous, roguish, and uncaring look.

“What father? he merely provided a ... That’s all. From the moment I was born until now, he has never raised me for a day or given me a single cent of child support. Isn’t this kind of person the same as looking for something in a warehouse to get pregnant?”

so, you came to me for help yesterday because you wanted me to help you buy his shares. You want to kick him out completely? ”

Cang LAN star shook his head. mingya international is on the rise, and it takes a lot of money to buy the shares. You and I are not related, so how can I make such a request? ”

“Then what do you want to do with me?”

Planet canglan looked at Nangong Zheng in a daze. Could it be that this overbearing President was planning to stoop so low?

Although they felt that they had already troubled Nangong Zheng a lot, but thinking about the help that Nangong Zheng might bring to mingya international, star canglan immediately said without thinking, “i’m just thinking that when miss nangong suppressed the gu family and the huang family, that’s why the huang family has become like this. huang tianyun must be very afraid of your nangong family now. If you pretend to be my friend, Huang tianyun will be very afraid. Even if he wants to take over mingya international, it won’t be fast.”

Nangong Zheng looked at Cang LAN star. Looking at his clear eyes, he felt that there was something that he could not understand in this young man’s eyes.

“just like this?”

Cang LAN star nodded, “ that’s it!

” but you said it yourself. doing so will only slow down the speed at which he’s taking over mingya international. it’ll just make him look less ugly. however, his goal of taking over mingya international will not change. ”

“I won’t let him take over mingya international. He definitely won’t have the chance to take over mingya international.”

2335 Uncle (2)

Looking at the young man who looked like a Wolf Cub, Nangong Zheng raised his brows and retorted, “With all due respect, if I hadn’t happened to pass by mingya international today, you would have become the defendant and would have to bear criminal responsibility. Your mother Yingluo seems to be unable to take the shock. if you’re locked up in the detention center and your mother can’t control the company for some reason ... Even if someone were to bail you out later on, Huang tianyun would have probably transferred most of the company’s assets.”

“Chairman Nangong, don’t underestimate me!”

"Don't keep calling me Chairman Nangong. It's awkward." This form of address was originally quite high and mighty, but being called by Cang LAN star, it sounded awkward.

"Then I'll call you uncle!" Cang LAN star also felt that calling him Chairman Nangong was quite awkward.

Nangong Zheng's eyes narrowed unhappily. I look so old that you can call me uncle? "

"No, no, no!" Cang LAN star quickly waved his hand, " only those who are handsome are called uncle. After all, you are many years older than me. This is an honorific! If you're not handsome, then you're my master. Uncle sounds so friendly. It's better than calling you brother Nangong or brother Zheng!"

nangong zheng thought for a moment. indeed, this title did sound good.

Nangong Zheng decided not to dwell on how he should address her and asked, " "You told me not to look down on you. Then tell me, if I don't protect you, what are you going to do?"

"My subordinates will bail me out."

"Just like this? What if they don't drop the lawsuit?" This was also the question that Nangong Zheng wanted to ask the most. he also needed to think about whether he should continue to help.

"Not dropping the lawsuit? hehe, he won't let me be unjust! Uncle, do you really think that I'm so weak that I'll be hung up and beaten by him?"

A smile appeared on Nangong Zheng's face. Just as he was about to get to the bottom of the matter and see what this young man was up to, a car suddenly stopped in front of them.

The car door was opened and Cang Ming rushed over like a gust of wind.

"Star! Stars! Are you alright? Did they treat you badly? Did he hit you? Are you hurt anywhere? Do you feel uncomfortable anywhere?"

cang mingya looked at her child, her eyes filled with worry.

"Mom, Don't worry, I'm fine! But you, did you get bullied by them?"

Cang mingya didn't even reply to Cang LAN star's words and was directly hugged by her.

Hugging Cang LAN star, Cang mingya cried, " Xingxing, don't leave mommy! Don't leave mommy! I only have you left! Don't leave mommy! Mommy's scared of Yingluo wuwuwuwu Yingluo "

Cang LAN star reached out and patted her mother's back, consoling her, " "Mom, don't worry. I won't leave you, never!" She said.

Nangong Zheng's eyes darkened when he saw the young man hugging his mother and comforting her.

Although Huang tianyun was indeed disgusting, he was right about one thing. The current Cang mingya didn't seem like a normal person.

Nangong Zheng felt that it would be inconvenient for him to stay any longer, so he turned around and left.

Cang LAN star had been consoling his frightened mother the entire time. It was only when Nangong Zheng's car had already left that he realized that he had forgotten to say goodbye to the uncle.

she wanted to send a message to nangong zheng to inform him, but she realized that she did not have his phone number.

Xingxing, let's not take mingya international anymore!

2336 A girl (3)

"Don't! Huang tianyun isn't a human. He won't let us go just because you're his child. as long as we give up on mingya international, he will not target us anymore. We have money, and as long as we save a little, we can live the life we want. You should stop pretending to be a boy! It's all mom's fault. Mom shouldn't have made you dress up as a boy so that you can get the inheritance you deserve. I don't want anything else. Nothing is more important than my daughter's life! Boohoo, stars, we don't want mingya international anymore. Let's leave this place, okay?"

"Mom, don't cry. don't worry, huang tianyun can't even save himself now. he's not as scary as we think. He's nothing but a clay Buddha now. He can't even protect himself. He can't deal with me. Mom, mingya international is grandpa's hard work. It's your hard work and mine. I don't care what happens to the Huang group. I didn't even think about it before, but now it has become an empty shell. However, mingya international is our own company. I will not let anyone covet it or occupy it. He entered my company in such a high-profile manner, and in the future, I will take it back from him in such a high-profile manner. Mom, trust me, don't be afraid. We're no longer the mother and daughter who can be bullied by anyone."

but he has been in the business world for so many years, and he's a scumbag to begin with. You won't be able to win against him if he uses his underhanded methods. He'll use even more underhanded methods to mess with you next time. the more cang mingya thought about it, the more terrified she felt. thinking about how huang tianyun might send her daughter to the police station again, she couldn't help but tremble.

"Mom, don't worry. I have plenty of ways to deal with his underhanded means. if you don't believe me, let's go to the hospital to see gu mingyan tonight and see if i can satisfy you. If you're satisfied, we'll continue to protect mingya international, okay?"

Cang mingya's face was filled with disbelief.

"You really have a way?"

"Yes, I am. I really have a way. Besides, I won't let him have an easy time at the company. The Nangong family had already turned the Huang family into an empty shell. Even if he was a camel now, he was a dying camel. I'm a healthy and strong horse, I'm not afraid of him."

Cang LAN star finally coaxed Cang mingya and the mother and daughter left.

No matter if it was planet Cang LAN or Nangong Zheng, they didn't know that on the other side of the road, in a low-key black Maybach, a man and a woman were each holding a telescope and looking in their direction. The other driver was also taking photos of them.

The man with the telescope was lip-reading the woman's lips as he watched.

The woman's brows were already tightly furrowed, but after hearing the final translation, she suddenly stood up from her seat in shock.

"What?"

bang! the woman's head hit the top of the car. Fortunately, the interior of the car was super luxurious, so there was no problem.

Even so, the other two men were frightened.

"Madam, are you alright?"

"I'm fine, I'm fine!" Xiao Jingxian rubbed her head and asked the bodyguard who was lip-reading for her, "Are you sure she's a girl?"

"that's what her mother said," the bodyguard nodded. It seems that the reason why Cang LAN star was disguised as a man was because of the Huang family's inheritance."

Chapter 2337

2337 She was scared to death (4)

her mother told her to give up mingya international, but she didn't want to. She wanted her mother to watch a good show. If her mother was satisfied, they would continue to stay at mingya international and work against Huang Tian.

Xiao Jingxian patted her chest, looking as if she had just survived a disaster.

She was scared to death! She was scared to death!

Today, she went to the company to visit her husband and son. On the way back, she happened to see her youngest son, Nangong Zheng's car. Just as she was about to give him a call, she saw Nangong Zheng's car stop. she also stopped the car and prepared to catch this kid. she wanted to see what he was up to, not willing to go to work all day and not getting a girlfriend.

Just as she was about to get out of the car, she saw the scene at the entrance of mingya international.

After that, she saw Nangong Zheng leave in the direction that he was taken away from Cang LAN star, so she also wanted to follow him to see the gossip. Who knew that after Nangong Zheng fished out Cang LAN star from the police station, he was shocked to see a different kind of emotion in his son's eyes.

Xiao Jingxian staggered in fright.

she could feel her heart trembling.

Although her love did not matter whether she was rich or poor, nationality, male or female, or age, if the old man knew that one of his grandsons was gay, he would definitely break ah Zheng's legs!

Plus, they only had two sons. The eldest, Nangong Yun, obviously didn't put much effort into getting married and having children, so they had to rely on the second. If the second son got together with another man, what would the second branch do?

In an instant, Xiao Jingxian had already thought of all kinds of endings. For example, if her son insisted on being together with this very good-looking little boy from Cang LAN star, then she would let Nangong Zheng be a child outside. At least ran ran had given the old man an explanation, right?

But it was all good now.

They were all alive!

When the bodyguards saw that their Madam was so happy, their worried hearts also relaxed.

"Madam, the second young master still doesn't know that Cang LAN star is a girl. This subordinate can go and remind him, this will be more beneficial to their relationship."

"Don't!" xiao jingxian quickly waved her hands and said, 'how can you let someone else have a relationship? If we go and say it, he and Cang LAN star will eventually be together. if we don't say it, he will find out that his love for cang lan star is beyond gender. how is that the same?"

The bodyguard's mouth twitched when he heard his wife's words.

Only a real mother would say such words.

He was really worried for his impatient young master.

If the young master gave up halfway, Madam would be so angry that she would beat her chest and stomp her feet.

"Go, find someone to follow Cang LAN star and ensure her safety. At the same time, help me see how she smacked my face."

The bodyguard was conflicted, " but Madam, if young master really cares about Cang LAN star, he would definitely send people to follow them. If we go again, we'll be easily exposed."

"Then why don't you find someone of a higher rank to go? even if they want to protect cang lan star, they don't need to use s-class bodyguards, right?"

Bodyguard:

So you know about it too?

Since you already know, why do you still need me to send people to protect you?

to put it bluntly, you just want to see the gossip between your son and daughter-in-law, right? Right?

at night, the entire nangong family went to the chi family for a free meal.

Although they didn't know why old master Chi had suddenly invited so many people over for a meal, they seemed to be very happy to see him.

However, no one could understand what he was happy about.

2338 Fighting to peel crayfish (5)

Even elder Nangong, who was on good terms with elder Chi, was confused.

But who cared? as long as the old man was happy, everyone would be happy too.

that night, nangong zheng specifically found a seat that was closest to nangong nuannuan. After all, Chi Yang's position was on Nangong Nuannuan's left, while Feng shengxuan's position was on her right. Therefore, as the real brother, he could only sit beside the two of them or diagonally opposite Nuan Nuan.

Seeing Nangong Zheng's hesitant expression, Nangong Nuannuan could not help but ask in front of everyone, " "Fourth brother, you've already glanced at me a few times, is there something wrong?"

Nangong Zheng was a little embarrassed to be called out in public. He had wanted to ask while the elders were talking. At this moment, there were more than 20 people at the huge table looking at him. Nangong Zheng instantly felt as if he had been caught doing something shameful.

"Um, Nuannuan, I have something to ask you."

Seeing that he was so embarrassed to speak, Nuannuan said, " "What is it? If it's not convenient to talk about it, we can talk about it in the study after dinner."

Inconvenient?

Thinking that Cang LAN star was clearly a man, what was there to be inconvenienced about?

"there's nothing inconvenient about it. it's just that my friend's mother seems to have some mental problems. However, his mother was still the Chairman of the Board, so this problem had only appeared recently. i was thinking that since you're so good at acupuncture, is there any way you can help my friend's mother?"

Nangong Nuannuan had thought that it was some confidential gossip, but when she heard that it was just treating someone's illness, the light in her excited little eyes instantly faded.

"I can only be sure after seeing the patient, but as you said, she's still the Chairman of the Board. Her brain has just gone haywire, which means she's still in the early stages. there won't be any problems as long as we can intervene in time."

but his mother only showed that there was something wrong with her brain just now, " Nangong Zheng said seriously. she got sick 18 years ago.

"What illness? you've been suffering from it for 18 years. why didn't you get treatment earlier?"

“It should be related to endocrine. His mother used to be very beautiful and had a good figure, but after she was pregnant with him, she began to put on weight. She was originally 168 cm tall, but before she got pregnant, she was only 90 pounds. In the end, she gained weight to 150 pounds in less than three months of pregnancy. His mother had been working hard to lose weight and had been cooperating with various treatments in the hospital. But even so, for eighteen years, her weight had always been around 180 to 200 pounds. A year after he was born, the doctor concluded that she would continue to be fat until she became a fool, until her internal organs could not bear the burden and she died. Therefore, his mother had been trying very hard to lose weight all these years, but to little effect. Some time ago, he had even been in a situation where he was not clear-headed. Nuannuan, do you know what kind of situation this is?”

Nangong Nuan Nuan was eating the crayfish that big brother Chiyang had given her. When she heard Nangong Zheng’s words, the crayfish that was about to enter her mouth fell from her chopsticks onto the plate.

When Chi Yang saw this, he used his gloved hand to pick up the crayfish from the plate and brought it to her mouth. It wasn’t until Nuan Nuan opened her mouth and ate it that Chi Yang peeled another one for her, feeling satisfied.

Although Feng Shengxuan knew that he had been hypnotized, he couldn’t help but admit that he really liked Nuan Nuan. So, he started to fight with Chi Yang over the crayfish.

Chapter 2339

2339 pest (1)

However, he had been staying in cyber country all year round, and it was not popular to eat such things.

In cyber country, crayfish were pests. Not only did they pollute the environment, but they were also like locusts. These pests often appeared in the southern part of cyber nation, and in serious cases, they would even send out an Army to exterminate them.

He really couldn’t understand why his little girl would like to eat this kind of broken stuff.

This taste was simply too strong!

Feng Shengxuan held back his disgust, put on his gloves, and picked up a prawn. He peeled the Taotie’s shell gently, but it was too hard to peel. He forcefully peeled it off and it exploded.

After taking a look at Chi Yang’s proficiency and speed, Feng Shengxuan mimicked him and pinched the head and both sides of the crayfish, then peeled it again, Breaking the Spine.

Seeing that Chi Yang had already peeled three for Nuan Nuan, but he hadn’t managed to peel a single one, Feng Shengxuan felt depressed.

The key was that in the end, the shell of the crayfish even pierced his finger, and a drop of bright red blood came out.

With his injuries, he finally peeled a broken crayfish and placed it in a warm bowl. After all, he was also a man who liked to feed his own girl.

However, just as the crayfish was placed on the plate, a pair of chopsticks reached over.

Chi Yang picked up the crayfish without hesitation, put it in his mouth, and ate it.

Feng shengxuan:

when chi yang placed the next piece of crayfish on nuan nuan's plate and nuan nuan reached out with her chopsticks, feng shengxuan put the piece of crayfish into his mouth with lightning speed.

Even if it was disgusting, he would eat it!

However, after chewing for a while, Feng shengxuan was surprised to find that the meat of the beetle was so delicious!

Looking at Feng shengxuan, who was eating with great relish, Chi Yang said, ".....

Old master Chi looked at his two grandsons and said, ".....

Only second uncle Chi's eyes remained calm.

nuan nuan, who was sandwiched between the two childish ghosts, coughed awkwardly and said to nangong zheng, " "There's nothing that Endocrinology can't adjust. If she had discovered her endocrine disorder from the beginning and started to recuperate, she would definitely have been able to recover. even if it was a stubborn endocrine disorder, it could at least be controlled within a certain range of outbreak through drug intervention. so, I'm guessing that it's not just an endocrine disorder. There's also a problem with the nerves in her pituitary gland. He would talk about the details when he met the other party. I'm busy tomorrow morning, so I'll be fine in the afternoon." She was going to take Feng shengxuan to Huang Ziyu's place the next morning.

The fewer people who knew about Feng shengxuan's hypnosis, the better. that was why nangong nuannuan did not tell anyone in the nangong family about this.

"There's no hurry. I haven't told my friend yet. i'll ask you out after i've told my friend."

"Alright," he said. Nuannuan nodded in agreement.

"Which friend's mother would have such a problem? How come I didn't know about it?" nangong yun was sitting opposite nangong zheng with a dumbfounded look on his face.

after all, he was his younger brother. as his older brother, he knew all the friends he had.

From what she could remember, Nangong Zheng had never had a friend's mother in such a situation.

This was the problem that Nangong Zheng was most afraid of.

What could he say?

However, since Nangong Yun had already asked, he had no choice but to answer, " "You don't know him. You've only known him for a short time. Alright, alright, let's eat. We're not really good friends. I just felt that his mother was quite pitiful, so I wanted to help ask Nuannuan."

Nangong Yun didn't think about it and continued to eat.

However, the eyes of the gossip expert Nuan Nuan suddenly lit up. She giggled and said in an immoral manner in front of everyone, "I know who it is."

"Who is it?" The brothers of the Nangong family said in unison.

After all, if even Nuannuan knew about it, they should know about it too!

"It's the young man who went on a blind date with fourth brother yesterday and wanted fourth brother to be his boyfriend! Didn't fourth brother say that the little brother's mother became fat when she was pregnant with him 18 years ago? the little brother seems to be 18 years old."

"What?" When elder Nangong heard this, he was so angry that his beard almost blew up. "A guy wants you to be his boyfriend? And you agreed?"

nangong zheng was already sweating from nuan nuan's scamming. he was so scared that he quickly waved his hands and explained to his grandfather and everyone about the blind date and the encounter on cang lan star.

"Grandpa, I just felt that the young man was pitiful and wanted to help him out of humanitarian concerns. She definitely didn't have any intention of fooling around with him. Grandpa, I'm straight. I'll definitely bring you a beautiful and obedient granddaughter-in-law. I'll also give you a cute great-grandson."

"two."

nangong yun wasn't interested in the fact that his brother was being pursued by a boy, but when it came to having children, he had a request. after all, he had to take his share into account.

"On what basis? Didn't you say that as long as you get married, you'll extend your leave by one year, and as long as you give birth, you'll extend it by two years? You didn't even tell me that you wanted to have two at that time, and now you're just randomly adding more and not doing it!" Nangong Zheng's dumbass character was fully displayed in front of his own brother.

Nangong Yun glanced at him and said, "If we have a second child, we can extend it by two years. Third child, continue."

Nangong Zheng's eyes lit up as he spoke of two years. After Nangong Yun's words, he patted his chest and promised, "Brother, don't worry. When the time comes, I'll definitely find a girl who has a good family background and big boobs to marry. I'll take two, you take two."

He then looked at Nangong li, Nangong Yi, and Nangong ze who did not have a girlfriend and said, "Do you need children?"

"Fourth uncle, you can give birth to any child you want. If we have more children, I can form a football team. i can even form a cheerleading team." Little sun was listening at the side with great interest.

"Xu 'er!" Mu Chenxiang shot her son a look.

Little sun stuck out her tongue.

Nangong Jin, who didn't say much, picked up a piece of his son's favorite cabbage and put it in little sun's bowl. He said, " "Little sun is right. The more the better, we have plenty of rooms in our house, just give birth to as many as you want. Ah Zheng, you can have as many as you want. If you can't bring them over, we brothers will take care of them."

Mu Chenxiang poked her husband's waist. Not only did this not scare Nangong Jin, but it also made his eyes darken.

Seeing his deep gaze, mu Chenxiang subconsciously wanted to pull her hand back.

but it was too late.

nangong jin's face was still cold and stern, but he put down one hand and grabbed mu chenxiang's hand. then, he held one of her fingers in his hand.

Mu Chenxiang felt the image in her hand and her face turned red.

Pervert!

She really wanted to ask old man Nangong and his brothers if Nangong Jin would show such a perverted side in front of them.
