Chapter 2341

2341 Fight!3

He had already been ridiculed by his brothers, but when Nangong Zheng thought about the fact that his vacation might be extended indefinitely, he shamelessly nodded his head, " don't worry, don't worry. I'll definitely give birth to more children and give the Nangong family more children.

"Good luck!"

"good luck!"

"good luck!"

"Good luck!"

"I have faith in you!"

the last sentence was said by his brother, nangong yun.

Nangong Zheng smiled back at his brothers.

But after thinking about it, it didn't seem right.

"Big brother, you already have a wife. Why do you still want me to have another child? If you want, you can ask sister-in-law to give birth to a few more for you!"

Nangong Jin didn't even raise his head. He picked up a piece of vegetable for his dear wife and put it in her bowl before he said unhurriedly, "I can't bear to."

"....."

Nangong Zheng looked at his brother and saw that he didn't seem to be lying. He then looked at his sister-in-law and nodded, " alright, leave it to me.

Elder Nangong had a headache as he looked at his grandchildren who had lost their integrity.

Old master Chi looked at Nangong Zheng with red eyes.

If one of his two grandsons could work so hard for a holiday, he would be so happy that he would wake up from his sleep.

Sigh, different people have different lives!

Old man Chi looked at old man Nangong with a sour expression.

However, he immediately felt relieved.

Now that all the members of the Chi family had gathered, he had two grandsons. His Nuannuan had promised him that she would give him more great-grandchildren in the future. in addition, he would have many great-grandchildren in the future.

Old master Chi felt that there would be at least six of them in his family in the future.

Just like elder Nangong.

Their Chi family would also slowly become prosperous.

Old man Nangong looked at Nangong Zheng and said, "ah Zheng, the Nangong family has never cared about family status, but grandfather also has basic requirements for your other half.

"Grandpa, please tell me."

"First, they must have a good character."

"Of course. I know that even if you don't tell me, Grandpa. don't tell me you don't even trust me on this?"

"Well, that's good." Elder Nangong nodded.

"What's the second?" nangong zheng asked.

"Second!" Old man Nangong blew at his beard and glared at him. "Your wife must be a woman! Third, it has to belong to both of you! Fourth, you're not allowed to provide only one of your items and then find a surrogate!"

ppft! Hahahaha! Nan gongze was the first to burst out laughing.

Nangong Nuannuan laughed as well.

Then, the whole family laughed.

Nangong Zheng:

At two O'clock in the morning, there were basically no pedestrians on the road. Only a few cars were still speeding on the wide road.

About 15 to 16 people got out of the two cabinet-type cars and gathered in the VIP Ward of the orthopedics department on the sixth floor from different directions of the hospital.

gu wanyan, her son huang yuhang, and her daughter huang yuhan were sleeping soundly in the ward. even the bodyguards outside the ward had found a chair nearby to sit down and sleep.

The people who came out of the van were dressed in ordinary clothes, so they didn't attract the attention of other patients, family members, or hospital staff.

The VIP Ward was located at the end of the corridor. After these people entered, they took out handkerchiefs from their pants and covered the sleeping bodyguard's face with them.

Out of the five bodyguards outside the door, four of them were sleeping soundly. Only one of them had noticed. However, before he could do anything, he was stopped by three people who came in and knocked him unconscious with an electric baton.

Chapter 2342

2342 Everything is different (4)

“Hubby, come quickly! Yuhang, Yuhan, and I were beaten up! Our left hands were all broken. Wuwuwu, darling, what should I do? Will I become a cripple? Wuwuwuwu, it’s all because of that bastard! It was all his fault! He must have hired someone to break Yuhang, Yuhan, and I’s arms. How could that bastard be so bad? all these years, i didn’t oppress him because he was a bastard, but he dared to send people to break our arms.

all the bodyguards outside were left behind for less than ten seconds. then, these people rushed into gu wanyan’s ward.

After that, a muffled groan came from inside.

In less than a minute, the people inside came out one after another and then left.

Some people had seen the attack, but the people outside the ward were all ordinary patients. They knew that the people who were admitted to the VIP Ward today were not ordinary people, so no one dared to make a sound when they saw the menacing group of people.

There was even a family member of a patient who went straight into another Ward after seeing these people. After a long time, a tragic scream came from the VIP Ward. The medical staff rushed into the ward, and not long after, the hospital security also rushed into the ward. The witness came out of the ward and returned to his own Ward, pretending that he had not seen anything.

Huang tianyun received Gu Wanyan’s call immediately.

Over the phone, Gu mingyan was bawling her eyes out, completely losing her usual elegance.

“Hubby, come quickly! Yuhang, Yuhan, and I were beaten up! Our left hands were all broken. Wuwuwu, darling, what should I do? will i become a cripple? Wuwuwuwu, it’s all because of that bastard! It was all his fault! He must have hired someone to break Yuhang, Yuhan, and I’s arms. How could that bastard be so bad? All these years, I didn’t oppress him because he was a bastard, but he dared to send people to break our arms. Hubby, you have to stand up for us. This time, I will not let him off!”

Huang tianyun was sleeping soundly. At first, he was unhappy that Gu Wanyan had called him so late at night, but when he heard what she said, he was so scared that he immediately got out of bed.

“What did you just say? Are you worried that your arms were broken?”

“yeah! And all of them were on the left arm. If he wasn’t the one who sent people to beat them up, who else could it be? Ah, it hurts! Don’t you know that my hand is broken? Can’t you be gentler? if you don’t know how to do it, then let your department director of the orthopedics department do it! If you still can’t do it, then get your Dean to come over here!”

Gu mingyan was so angry that she was fuming. She usually pretended to be elegant and gentle, but now, in front of the doctor, she revealed a rare ferocity.

“Madam Huang, we only lifted your arm and didn’t use much strength. If you don’t cooperate with the examination, we may not be able to fully examine your condition, and you will be the one suffering.”

This hospital was not a business under the Huang family, but a business of a second-rate wealthy family with a good relationship with the Huang family.

Now that the Huang family was facing bankruptcy, that family no longer wanted to have any contact with the Huang family, so when the director called to ask for instructions, the higher-ups didn’t say that they should take extra care of them. He said that he would do what he had to.

The doctor did not look happy at Gu Wanyan’s rudeness.

gu wanyan was already in so much pain that she almost fainted. seeing the doctor’s bad attitude, she was instantly furious.

“What are you? You actually dare to speak to me like this! Do you know who I am? I’m going to Sue your Chairman and make you roll up your blanket and get out of here!”

The doctor was not annoyed. He lowered his hand and smiled. then, Madam Huang, do you plan to be examined by me or Sue our director or Chairman? ”

Chapter 2343

2343 I’m crippled just because I said so (5)

Gu Wanyan did not expect that a mere doctor would dare to argue with her.

She nodded at the doctor and cried into the phone, ” “Hubby, did you hear that? Did you hear how bad their attitude was? Sob sob sob sob doesn’t even care about our family now, even a Small Doctor. They’ve gone too far.”

Huang tianyun had always been a person who cared a lot about his face. He knew that the Huang family’s current situation was all because of him marrying Gu Wanyan. The Huang family was completely implicated by the Gu family. However, he was still very angry when he heard that even a small-time Doctor didn’t care about his Huang family. “Wait for me, I’ll be right there,” he said with a dark expression.

by the time huang tianyun arrived at the hospital, gu wanyan and her two sons were already sweating profusely. their clothes were all wet from their sweat. However, the deformed arms hanging listlessly by their sides showed that they had not received treatment at the first moment.

“What’s going on? Why don’t you treat my wife and children?”

“Mr. Huang, it’s their own fault for not accepting the treatment. They said that they would only accept the treatment after I was punished. I can’t do anything about that.”

Huang tianyun squinted his eyes and looked at the doctor Who was not afraid of trouble. His heart sank and he called his old friend.

However, in the middle of the night, no one picked up the phone. After a while, he heard the sound of the phone hanging up.

after that, when huang tianyun called again, it was only the sound of the call being connected.

Huang tianyun's expression became extremely unsightly.

Previously, when the Huang family was still considered an outstanding second-rate wealthy class, this family's ranking was only slightly lower in the middle of the second-rate wealthy class. Back then, the head of this family had been very attentive to him. Although the Huang family didn't have a hospital business, anyone from the Huang family who fell sick and came to this hospital would always enjoy the best treatment.

However, the other party had blacklisted him.

No wonder this doctor was so fearless. He probably already knew what the higher-ups meant, right?

huang tianyun had been in the business world for a long time, and he had stepped on countless corpses to climb up. How could he not understand the situation now?

"My wife's hand was broken and she was angry. She said something she shouldn't have said. I'm really sorry."

"You're too kind, Mr. Huang. So, are you going to do the test or continue to Sue me?"

"How can I Sue you? Why don't you ask the doctor to examine my wife and children first?"

The doctor didn't want to argue with the Huang family, but his hands were more rough than before, which caused Gu Wanyan, Huang Yuhang, and Huang Yuhan to scream and curse.

Finally, the results of the examination were out.

"Mr. Huang, this is the video report. From the X-ray, your wife, son, and daughter's left hands all have comminuted fractures and need immediate surgery. However, even after the surgery, your wife and child won't be able to lift heavy objects with their left hand, and it'll be impossible for them to move their joints."

"What?" Gu Wanyan and her mother shouted in unison.

"You mean I'm going to become a cripple?" Huang Yuhan's voice was filled with extreme anger and fear, and her face was full of disbelief.

Didn't he just get hit a few times? Can't a broken hand be reattached? Why did he say that he wanted to become a cripple in the end?

Chapter 2344

2344 Hubby (1)

Huang tianyun had originally planned to let his wife and child undergo a proper examination here, but he didn't expect to get such a result.

Gu Wanyan was indeed beautiful, very beautiful. Just by looking at Selina's Alluring Vixen-like temperament, one could tell how beautiful her mother, Gu Wanyan, was. Gu Jiayan was the most beautiful woman among the second-rate wealthy ladies, and it was very impressive for Huang tianyun to take her out for business meetings. So how could he accept that Gu Wanyan would become a cripple in the future?

If that was the case, what difference would there be between her and Cang mingya?

After hearing the doctor's words, Gu Wanyan was scared out of her wits. She begged Huang tianyun to take her to the best hospital for treatment.

huang tianyun didn't want his wife and children to be completely disabled, so he immediately transferred them to the most famous orthopedic hospital in dizhou. However, after a re-examination at the Orthopedic Hospital, they were told that the three people had comminuted fractures at their joints. They could only remove the broken bones through surgery and then use artificial bones to weld the joints back together with steel nails. In the future, his arms would either be unable to bend or lift, and he would not be able to withstand gravity. The doctor suggested that the arm should be bent to help the blood circulation.

Huang Yuhan and Huang Yuhang cried and cursed at canglan. Gu youyan didn't curse like a Shrew, but she hated canglan to the core.

That little b * stard, if she didn't kill him, her name Gu Wanyan would be written backwards.

Because their injuries were so serious that they needed immediate surgery, Gu Wanyan and her mother changed into patient garb at the Orthopedic Hospital. Huang tianyun had spent a lot of money to invite three of the best doctors in the Orthopedic Hospital to perform the surgery on the mother and son.

"Hubby!" Gu mingyan cried in an extremely sorrowful and miserable manner.

"All these years, because he knew that Cang LAN star was your son, even if you didn't like his mother, he still had the same blood flowing in his body as you. However, you saw what happened today. On Cang LAN star, he simply wanted to kill me, Yuhang and Yuhan. Hubby, I've had enough. Hubby, this time, let's Sue him, okay? That way, mingya International will be ours."

Originally, Huang tianyun didn't plan to compete for mingya international. He just wanted Cang mingya to give him the dividends that should have belonged to him. It was Gu Wanyan who had asked him to snatch mingya international.

Originally, he still had a little bit of guilt towards Cang LAN star. But now, not only did he not feel any guilt, he even felt that Cang LAN star was indeed a bastard, a cheap bastard. Otherwise, they wouldn't have caused so much chaos in his family.

After Gu Wanyan went in for the operation, Huang tianyun called Cang mingya in anger. He was ready to threaten Cang mingya and make that ugly fat woman paralyzed from anger.

However, Cang mingya's phone was off.

Looking at the time, it was almost 5 am. Huang tianyun's face darkened as he called Cang LAN star, but the phone was still turned off.

Huang tianyun was furious. He directly called the bodyguards and told them to go to the Cang family to teach the mother and son a lesson.

However, after an hour, Huang tianyun did not receive any response from his subordinates, nor did he receive the news that Gu youyan and her mother's surgery had ended. Instead, the police arrived.

"You are Huang tianyun?"

Huang tianyun's brows twitched as he looked at the person in front of him warily.

"Who are you people? Why are you looking for me?"

Chapter 2345

2345 Huang tianyun was captured (2)

Huang tianyun, you are suspected of instigating your men to break into a private house and commit murder. You have been caught red-handed with the evidence. Now, please come with us to the police station.

hearing the police's words, huang tianyun's eyes instantly became extremely ferocious, and his fierce-looking face became extremely twisted.

"It was that unfilial son who called the police?"

"Mr. Huang, the police received a report that the Cang family would be attacked, so we waited at the Cang family in the early morning. As a result, someone violently attacked the Cang family and was caught by the police. These people are all your men, and their phones have the call record of the order you gave them an hour ago."

Huang tianyun stood up in anger and rebuked, "Then do you know that Cang LAN star is my son? His biological son! He hired people to break the hands of my Father, Son, and daughter. As the Father, is it against the law for me to teach him a lesson?"

"Of course!" The police officer replied without hesitation.

"Then why didn't you arrest him? He's the one who started it!"

"Didn't we already catch them yesterday afternoon? Moreover, he captured them right in front of you. However, your son was bailed out and promised to be at court. We, the police, have already dealt with your son. What right do you have to make a move on the Cang family? Moreover, it was a violent smash. mr. huang, you are suspected of trespassing private property, violent smashing, and malicious injury. young master cang has sued you. please come with us. Of course, you can also ask your friend to bail you out and be there at court. But before that, you'll have to come with us to the police station."

Huang tianyun's face instantly paled.

How could he go to jail?

If he was locked up and captured, who would help him escape?

Gu Zhiyan?

He was completely unreliable!

“You guys come with me to the Cang family, I’ll personally tell Cang LAN star. I don’t believe that there’s a son who calls the police to arrest his father in this world.”

However, the next moment, Huang tianyun had only taken one step when he was stopped by the police.

if young master Cang originally wanted you to come to the police station, you can’t go anywhere now. You can only follow us back to the police station.

After saying that, he took Huang tianyun into the car, ignoring his struggle.

After Gu Wanyan and her mother were pushed out of the operating room, they didn’t see Huang tianyun. Instead, they received the bad news that he had been taken away.

Gu Huiyan could no longer maintain the elegance on her face. She shouted angrily with a ferocious look, “It was Cang LAN star who attacked me first, why can’t we fight back? If you want to capture someone, you should capture that b * stard from Cang LAN star, why must you capture Tian Yun?”

The Butler was also speechless. He looked at the person who started it and said, “But the police said that the arms of the three of you were broken yesterday. They also arrested the Cang LAN star yesterday. But I don’t know what kind of powerful friends the Cang LAN star has, so they were released on bail yesterday. Madam, you have to think of a way to get Sir out quickly. If the Huang family doesn’t have Sir, they’ll really collapse.”

Now, the Huang group’s stock price was falling to its limit down every day, even at the opening of the market. It was not easy to release the news that there was a mingya international under the Huang group, and the stock price had only recovered a little. If the news of the head of the family being arrested was exposed, the stock price, which had barely stabilized, would definitely face an inevitable collapse, or even a direct crash.

The Huang group had already lost tens of billions in the stock market. If this continued, it would collapse completely.

Chapter 2346

2346 Useless daughter (3)

Gu Wanyan stared blankly at the ceiling, not understanding how she had suddenly ended up in this situation.

Her daughter was clearly the vice-chairman of Sky Corporation, but she couldn’t even enjoy a tiny bit of that.

Her husband was originally a well-known figure in a second-rate wealthy family, but now he had reached this stage.

All of this was caused by that b * tch Zhong Yunjun, but in the end, the Huang family was the one to take the blame.

The more Gu mingyan thought about it, the angrier she got. She could not figure it out.

Unfortunately, Zhong Yingying was already dead, and there wasn't even a grave or a tombstone. Even if she wanted to dig up Zhong Yingying's grave, there was no way.

"Madam, quickly think of a way! if you don't think of a way, the huang family will really be finished!"

"Stop arguing!" Gu Wanyan suddenly burst out in a sharp rage. how am I supposed to save you in this state? I'll think of a way first."

Gu Wanyan was angry, in pain, and tired, so she fell asleep very quickly.

When she woke up, it was already the next night.

She quickly summoned up her courage and called the madams of the second-rate wealthy families.

These people used to be her friends. However, ever since Nangong Nuannuan was acknowledged as part of the Nangong family, these people had been avoiding them as if they were avoiding the plague.

In fact, the Nangong family had only suppressed the Gu family, which was why the Gu family had gone bankrupt in such a short time. They didn't manage to suppress the Huang family, so the Huang family continued to operate for more than half a year.

However, in order not to offend the Nangong family, those snobby people withdrew their funds, causing them to lose a lot of money. This caused the stock market to fall irretrievably, and the Huang family slowly became the situation they were in today.

Those people would rather lose money than cut off their relationship with the Huang family, so it was impossible for them to fund her. So Gu youyan could only pray that these people would help her bail Huang tianyun out on account of their friendship.

The call went through. Gu Wanyan smiled and said, " "Hello, Mrs. LAN? it's me, Gu Wanyan."

Listening to the toot sound from the other end of the phone, Gu Yu did not give up and called her again.

But this time, the call was hung up directly. When he called again, the phone could never be connected.

Gu Wanyan suppressed the anger in her heart and called another person. But this time, it was even worse. He couldn't get through to her phone.

Gu Wanyan dialed a third number. She did not want to call this woman at first, because she had never liked this woman. She was ugly and often liked to imitate her style of dressing.

But fortunately, the woman's phone was connected.

"Hello, who's ..."

A bright and rough voice came from the other side of the phone.

"Mrs. Wu, Hello, I'm Gu Wanyan." In order to make her voice more understandable, Gu Wanyan smiled so hard that her eyes curved into crescents.

"Oh, it's Madam Huang. It's a pleasure to meet you."

"Yes, yes. Recently, he had been busy at home and hadn't been able to ask Mrs. Wu out for a chat. When we're done, let's have afternoon tea and play mahjong together!"

hehehe, Xuanji, Madam Huang, you're really free. Your family's company is already in such a state, and you still want to come out for tea and Mahjong. Your old Huang is holding his shares in front of others and smiling, while you're being a rich lady behind the scenes. You really have peace of mind!

Gu Wanyan had only wanted to make small talk with the fat woman, but she did not expect the fat woman to ridicule her.

Chapter 2347

2347 Infuriated Gu Wanyan (4)

But in order to get the fat woman's help, Gu Wanyan could only lower her voice and say, "

"Yes, yes, yes, Mrs. Wu, you're right. Aren't I trying to help my old Huang? Mrs. Wu, it's like this, our Huang has an illegitimate child. That bastard child broke the arms of Yuhang, Yuhang, and I today. Our Huang was watching us during our surgery and had no time to teach that unfilial son a lesson, so we sent someone to teach him a lesson. Who knew that damn bastard child would let the police arrest our Huang?

Mrs. Wu, you also know that our Huang family is in a life and death situation right now. Isn't your boss the Deputy Director of the police department? Can you tell your boss to let our old Huang out? After all, our old Huang was just teaching his own child a lesson. Isn't it simply arresting people without any reason?"

Mrs. Wu's sarcastic voice came from the other end of the phone again.

"Mrs. Huang, I don't want to criticize you, but I've always thought that you're living like a fairy. How should I put it? on the bright side, I think you're elegant. On the dark side, I think you're simply living like a silly and sweet person. You said that the noble circle would help each other, and your old Huang's matter is indeed not a big deal. But the problem is, why should I help you? To put it bluntly, the only reason I'm able to answer your call today is because of our sisterhood. However, from the day the Huang family fell, our friendship had already been reduced to zero. Gu mingyan, this person, ah, has to be clear of his own position. With your current position, not to mention that you don't have the right to ask me for help, even a third-rate wealthy family would look down on your family now. So, I advise you not to bring disgrace upon yourself."

After that, before the flustered Gu Wanyan could scold the fat woman back, the fat woman hung up the phone. When she called again, she could not get through.

"Ah!"

Gu mingyan shrieked in anger, scaring Huang Yuhang awake.

Then, because the movement was too big, Gu Wanyan fainted from the pain.

So on the second day after Huang tianyun became the shareholder, because the chairman wasn't around, Canglan star still sat in the Chairman's position and arranged the next work.

It just so happened that the contract of an A-list movie queen was about to expire, so while Huang tianyun was in prison, Canglan star discussed with the movie queen that after the contract expired, the movie queen would directly save her time and go to the studio that had just been set up on Canglan star. At Mingya international, their share was based on the contract they had signed a few years ago. It was four to six, with four for the actors and six for the company. When they went to the studio, the split was still four to six, but the actors would get six, and the company would get four. The other party could still enjoy the resources of Mingya international, but they would earn more.

Over the years, under the precise operation of Mingya international, this Best Actress went from an 18th-tier star to a successful actress. Every step she took was on the center of attention, and she didn't waste any time. Within five years, she went from an unknown actress to the best Actress.

Therefore, she was very grateful to Ming ya international, or to Cang Ming ya and Cang LAN star.

Now that there was more money to split, plus the fact that this movie queen was lazy and unwilling to set up a studio, she was still very willing to sign a private contract with Canglan star.

and if there was one, there would be two.

Mingya International's main business was a film company, and they had been on good terms with their artists over the years.

Chapter 2348

2348 Hypnosis (5)

Huang tianyun had nothing to do with Mingya international. Plus, Canglan star had ordered people to spread rumors that Huang tianyun had offended the Nangong family and that the Nangong family wanted to mess with Huang tianyun. Therefore, Mingya international would collapse sooner or later under his leadership. The celebrities were also afraid of getting themselves into trouble, so while Huang tianyun was being arrested, they all contacted Planet Canglan in private.

That day, Nangong Nuannuan brought Feng Shengxuan to Huang Zichu's house.

Huang Zichu, Huang Ziyu, and Gu Mingcheng were all there.

Chi Yang was supposed to come, but he had to go to the Special Forces early in the morning because of Fei Ying's business.

Feng Shengxuan looked at Huang Ziyu. When he faced this little girl, who was much younger than him, the contempt in his heart had completely disappeared.

He used to think that he was an extraordinary person and that he was already standing at the top of the world. Other than that old geezer Feng Luan and that annoying fellow Chi Yang, there was almost no one in the world that he could be afraid of.

However, this seemingly harmless girl in front of him could hypnotize him directly when he was awake.

"Wouldn't it be easy for someone like you to kill me?"

Huang Ziyu quickly shook his head like an honest student. "i won't kill people for no reason."

"I'm saying if!"

Huang Ziyu looked at Feng shengxuan and saw the danger in his eyes. He shook his head like a rattle. your spiritual power is very strong. If you don't follow my deliberate guidance, I won't be able to hypnotize you. for example, if you don't want to be hypnotized by me, then you won't look at my pocket watch. if you don't follow my rhythm, i can't hypnotize you."

So it was like this.

After hearing Huang Ziyu's words, Feng shengxuan was relieved.

He knew it. He was such a powerful person. How could he be killed by a nobody?

"Then let's start now."

Feng shengxuan nodded. yes.

Huang Ziyu took out another pocket watch. brother Feng, lie here and look at my pocket watch. Just follow its movements and keep looking.

Feng shengxuan looked at his pocket watch obediently, but he was still resisting it in his heart. Although he knew that he should cooperate with the psychiatrist's treatment at this time, he couldn't help but want to see if he could avoid being hypnotized.

Huang Ziyu kept asking him about Baili Yue, and he was getting more and more annoyed. And looking at the watch, he didn't feel like he was hypnotized at all.

He had been talking to Huang Ziyu for five minutes now. Feng shengxuan was secretly glad that Huang Ziyu couldn't hypnotize him, so he was still very good at it.

brother Feng, you can't always resist my hypnosis like this.

I'm not trying to resist," Feng shengxuan replied slowly. it's just that I feel that your method will put me into a state of hypnosis. I can't help but want to see if you can still hypnotize me while I'm on alert.

with a " pa " sound, huang ziyu stopped the pocket watch in his hand and held it in his hand. feng shengxuan looked up and saw bai liyue standing in front of him, cold and indifferent.

Huang Ziyu? " Feng shengxuan's eyes narrowed. you're Huang Ziyu? "

"Who's Huang Ziyu?" Bai Liyue asked in a cold voice.

Feng shengxuan shook his head. Who was Huang Ziyu?

He suddenly couldn't remember.

"what are you doing here?" Feng shengxuan couldn't hide the frustration in his heart.

2349 Be careful, Yue 'er 1

"It's none of your business."

After saying that, Bai Liyue turned around and looked to the other side.

On the other side, a tall man was standing under the field of lavender, holding a large bouquet of bright red roses.

The man turned around. It was none other than that annoying fellow, Xiao shenbin.

"yue 'er." Xiao shenbin smiled at Bai Liyue with a beautiful smile.

Bai Liyue's originally cold face bloomed into a beautiful smile the moment she looked at Xiao shenbin. it was as if a mercury-like moonlight had suddenly sprinkled down on a dark and windy night that was originally covered by dark clouds. At the same time, the originally dry land was suddenly filled with countless gorgeous lavender.

Bai Liyue was wearing a light purple dress, which accentuated her beautiful figure. She was like an elf transformed from the lavender field, so beautiful that Feng shengxuan was mesmerized.

Although Feng shengxuan still felt that he liked Nangong Nuannuan, he felt an inexplicable sense of panic and suffocation in his heart as he watched Bai Liyue walk toward Xiao shenbin.

"Baili Yue, what are you doing?" Feng shengxuan rushed forward unhappily and grabbed Bai Liyue's wrist.

However, the woman who was smiling brightly at another man just a moment ago had become extremely cold to him at this moment.

"feng shengxuan, i've told you. from now on, we'll go our separate ways. i'll never have any feelings for you in this life. i'll never love you again. i'll never pay attention to you again! "

feng shengxuan:

After that, Baili Yue broke free from Feng shengxuan's shackles and turned to Xiao shenbin without hesitation.

Feng shengxuan looked at his hand in a daze. After a long time, he raised his head and looked at the woman who had already walked up to Xiao shenbin.

just as he was hesitating whether to leave or not, he suddenly saw xiao shenbin pull out a knife from his arms.

"be careful!"

just as baili yue was about to take the flower with a smile, xiao shenbin suddenly stabbed a knife directly at her heart.

The knife was fast, ruthless, and accurate. If Feng shengxuan hadn't warned her, Bai Liyue would have been killed.

Fortunately, Bai Liyue dodged, but even so, the knife still stabbed her chest.

bai liyue's pale face looked at xiao shenbin in disbelief, but xiao shenbin mercilessly took out his gun and pointed it at her head.

"Be careful!"

Feng shengxuan pounced over and pushed Baili Yue away. At the same time, he activated his superpower to make Xiao shenbin miss his shot.

from the grass, a lot of armed special forces members suddenly emerged. they raised their guns and began to shoot at baili yue mercilessly.

Feng shengxuan activated his supernatural ability to the maximum in an instant. While overdrawing his spiritual power, he also made the bullets that were flying toward him shift their center of gravity in front of Baili Yue.

however, it was also at this moment that xiao shenbin, who was not far away, suddenly disappeared. feng shengxuan's eyes froze, and he subconsciously moved to bai liyue's side to protect her.

Xiao shenbin's fist collided with Feng shengxuan's, and the two of them took a few steps back.

It was a draw, but Feng shengxuan realized that Xiao shenbin had disappeared again.

"Yue 'er, be careful!"

Feng shengxuan barely managed to stabilize himself, but Xiao shenbin had already stabbed his knife toward Bai Liyue's heart.

Chapter 2350

2350 How did you do it?(2)

After Baili Yue was stabbed, her blood was still flowing rapidly, and her whole face had become pale. Her steps were unsteady.

bai liyue, who clearly had no fighting power and was 100% sure to be killed by xiao shenbin, suddenly pulled out the knife from her chest at lightning speed and stabbed it into xiao shenbin's heart the moment xiao shenbin approached her and stabbed it.

Xiao shenbin had already been on guard, and the move that killed Bai Liyue was just a feint. The moment Bai Liyue pulled out the knife in her body mercilessly and stabbed at Xiao shenbin, Xiao shenbin suddenly disappeared.

When he reappeared, a knife was already stuck in Baili Yue's back.

Even though it wasn't her heart, it had hurt her once again.

The aura on Baili Yue's body suddenly rose, and her eyes turned sharp. She greeted Xiao Shenbin as if she didn't feel pain.

Outside, Nangong Nuannuan watched as Huang Ziyu entered her "domain" and Feng Shengxuan was hypnotized. After they were in position, she focused all her attention on Feng Shengxuan's brain.

Because she wasn't confident before, she didn't tell Huang Ziyu that she could actually help her outside.

Just as Xiao Shenbin was about to stab Baili Yue's heart in the dream, a black thing came out again.

Nangong Nuannuan already had silver needles in her hands. The moment the black thing appeared in his head, Nangong Nuannuan inserted three silver needles into Feng Shengxuan's brain without hesitation. They passed through his skull and entered his brain nerves without any resistance, heading straight for the black mist.

Although this blade could not cause great damage to Bai Liyue, the power of this blade was not to be underestimated.

Bai Liyue, who was supposed to continue fighting with him, suddenly let out a miserable scream.

After that, Huang Ziyu felt a strong force. She was shocked to find that she had been shaken out of the 'domain' that she had created.

Logically speaking, in this domain, as long as he wasn't injured and didn't end it, the domain would always exist. After all, she was the master in the dream world.

Even if Bai Liyue's mirror effect was a resistance, it would be a passive resistance, so her strength should be below hers.

However, the truth was that Bai Liyue's strength was actually above her, and she had broken her domain one-sidedly.

When Nangong Nuannuan saw that the black gas had instantly risen to a certain level when the two of them shook their bodies, she inserted the three silver needles that she had prepared earlier without hesitation.

The next moment, Huang Ziyu opened his eyes. Feng Shengxuan opened his eyes at the same time.

As soon as he opened his eyes, Feng Shengxuan gasped in pain from the sharp pain in his head.

He touched it with his hand and felt that there were several silver needles stuck in his head. His face instantly turned green.

He turned to look at the instigator. "I was hypnotized because you inserted a needle into my head?"

"No way!"

Nangong Nuannuan immediately denied it. She looked at the shocked Huang Ziyu and asked, "Ziyu, are you alright?"

"I'm fine, sister-in-law." Huang Ziyu looked at Nangong Nuannuan, grabbed her hand, and asked, "Sister-in-law, Baili Yue suddenly screamed inside just now. Did you do this? Yingluo, how did you do it?"
