Chapter 2351

2351 Hypnosis failed (3)

facing huang ziyu's bright eyes, nangong nuannuan awkwardly removed the silver needle from feng shengxuan's head and said, " I didn't tell you about this before because I didn't know if it would work. But now it seems to be very useful? "

Huang Ziyu quickly nodded,"it's useful, it's useful, it's really useful!" Sister-in-law, do you know? I thought I would die in the field I created today."

"why?" " what? " nangong nuannuan was shocked. " didn't you say that you'll be fine as long as you're on guard against him? "

"I thought so too, but after you injured him today, I realized that his ability is much higher than mine. After you injured him, he actually forced me out of my domain alive. You should know that I was the one who created the territory. There can't be anyone more powerful than me in the territory. Unless my spiritual power is damaged or I cancel the territory, no one can force me to leave once I enter the territory. However, he actually forced me out of the domain."

Oh? " Nangong Nuannuan's eyes lit up. in other words, my attack has hurt him a lot? "

"It's not just big. It was simply destructive. Sister-in-law, why don't we take advantage of this opportunity to kill him while I hypnotize brother Feng again?"

Nangong Nuannuan had the same thought, so she turned to look at Feng shengxuan.

feng shengxuan couldn't remember anything at first, but he felt a little tired and uncomfortable. especially when he thought of baili yue, he felt inexplicably irritated. However, he also knew that this was where his problem lay.

although he didn't think it was a bad thing to hate baili yue more and more, he was definitely not a person who liked to be controlled by others, so this hypnosis must be removed no matter what.

feng shengxuan nodded without hesitation.

big brother, you should put in more effort in the dream. Don't be Ziyu's stumbling block every time.

Feng shengxuan:

"sister-in-law, brother feng has no other choice. At that time, he was already hypnotized and he had no consciousness at all. It was as if he would not have any memories after he woke up, so there was no way to help him."

"Alright, let's start."

"Alright," he said.

Huang Ziyu couldn't help but chuckle as he watched Nangong Nuan Nuan and Feng shengxuan get along.

The two of them were so powerful, but the feeling of being together was childish and warm.

Huang Ziyu could clearly feel that no matter how much Feng shengxuan claimed to like his sister-in-law, the way he got along with her was no different from how a big brother got along with his own little sister.

the pocket watch started to move again, and feng shengxuan was once again hypnotized by huang ziyu.

Although he still felt a little conflicted, when he heard that Huang Ziyu and Nuannuan had joined forces to hurt Baili Yue in his dream, he began to look forward to seeing her.

It could be said that this time, he was more cooperative than ever.

However, this was also the first time he was most cooperative. Five minutes passed, ten minutes passed, fifteen minutes passed, and Feng shengxuan found himself still awake.

After a quarter of an hour, Huang Ziyu's face darkened. The hypnosis had failed.

"How did it fail?" nangong nuan nuan glanced at huang ziyu, then turned to feng shengxuan and asked,

2352 I can try it next time (4)

brother, Ziyu is helping you. If you don't accept her help sincerely, she won't be able to enter your dream.

After all, for top mercenaries like them, the same trick might be useful the first time, but it wouldn't be so effective the second time. If it was the third time, it would be completely useless. At least, that was what she thought.

Therefore, Nangong Nuannuan subconsciously felt that Feng shengxuan was subconsciously rejecting Huang Ziyu.

However, removing the hypnosis was imminent. If he wanted to break the enmity between big brother and big brother chiyang, he had to get rid of his hypnosis.

What Nangong Nuannuan didn't know was that after he found out that Chi zeyao was his father, who had passed away many years ago, and whom he admired, he no longer hated anyone.

She didn't hate her grandfather, she didn't hate Chi Yang, and she didn't hate Chi Yang for snatching Nangong Nuannuan away.

Feng shengxuan also thought that Nuan Nuan's words made sense, but he didn't know what to do. He looked at Nangong Nuannuan with a confused expression.

nangong nuannuan was also an absolute layman in this aspect, so she could only look at huang ziyu.

Ziyu, my big brother is very powerful and his mental power is also very strong. He might not be resisting on purpose, so what should Zhenzhen do to make him completely relax? "

Huang Ziyu kept looking at Feng shengxuan for a long time before he said, "I feel that I might have underestimated the enemy from the start."

"what do you mean?" nangong nuannuan frowned.

huang ziyu looked at nangong nuan nuan, then at feng shengxuan. "i said before that the person knew how to create the mirror effect, but today he shook me out of my own domain. I can't hypnotize brother Feng now. He must have other tricks up his sleeve. it's just that people who know how to hypnotize people are as rare as phoenix feathers and qilin horns, so i don't know what method he used."

"you mean that you can't hypnotize my big brother and this has nothing to do with his subconscious?"

"Yes, that's what I think,"

"then what do we do?" nangong nuannuan pondered for a moment before asking, "by the way, i have a way to make me fall asleep. you can hypnotize him before he falls asleep. will you be able to enter his domain?"

huang ziyu's eyes lit up. "we can try this."

Hence, Feng shengxuan felt like a lab rat, being treated by Nuan Nuan while facing Huang Ziyu.

This time, Feng shengxuan was really tired.

looking at the pocket watch in huang ziyu's hand waving in front of him, feng shengxuan felt that his will was quickly crumbling.

however, even after feng shengxuan had fallen asleep, huang ziyu was still unable to enter his domain.

Now, they were 100% sure that the person who hypnotized Feng shengxuan must have used some other method that Huang Ziyu didn't know about to block her path to enter the domain.

After waking Feng shengxuan up, Huang Ziyu said, "sister-in-law, although i didn't manage to let brother feng enter the dream again, your method just now was very effective. Give me two days to set up this room. I'm confident that I'll be able to enter it next time."

"Alright," he said. nangong nuannuan's mood instantly brightened up when she heard that there was a way.

After all, they had gained a lot today. Most importantly, Nangong Nuannuan knew that her acupuncture would cause great harm to that thing. This way, she did not have to be afraid of that thing at all.

2353 Danger (5)

However, his originally good mood was instantly destroyed when he was about to return to the Chi family.

A deafening explosion suddenly erupted in the center of the Emperor province.

although there would often be small conflicts between kamino and other countries, the imperial state was still an important 3s-class city in kamino. for such a big explosion to happen in such a city, it was definitely enough to cause the greatest panic.

Nangong Nuannuan and Feng shengxuan's eyes froze. Nangong Nuannuan immediately used her x-ray vision to look a few kilometers away.

The location of the explosion was about six kilometers away from where they were now.

Although Nangong Nuannuan's x-ray vision was not powerful enough to see through buildings and streets six kilometers away, it was enough for her to see the location of the explosion.

It was a Cemetery, where the tombstones and cenotaphs of important people were buried.

The Cenotaph of brother chiyang's father, Hiroshi chizawa, was in that direction.

When they left the house this morning, Grandpa and second uncle said that they would go to the cemetery to visit their father.

Nangong Nuannuan felt as if her brain had exploded with a boom.

Nangong Nuannuan turned to look at Feng shengxuan almost immediately.

However, what surprised her was that her brother, who was usually indifferent, uninterested, and always did things his own way, had a change in expression at this time.

At that moment, Feng shengxuan's face turned red, and his eyes seemed to be filled with blood.

Nangong Nuannuan only took a quick glance before she floored the accelerator and sped in the direction of the explosion at her fastest speed.

At the cemetery, the old man and Chi zeyao went to see Chi Zeyu.

In fact, ever since Feng shengxuan had come to their house, they had been following this pattern.

After all, if he stayed at home all the time, it would be difficult for the other party to make a move. After all, the guards protecting the Chi family were all from the general Administration of warfare. These guards were all retired Special Forces from Flying Eagle. They didn't want these people to get hurt.

Therefore, for the past six months, they would go to the cemetery on the first and fifteenth of every month, completely to give the other party a chance to make a move.

But in the past, they wanted to see if Feng shengxuan would do anything to them. Now, it was time to see which of Feng shengxuan's men were Feng SU's.

Of course, Hiroshi Akazawa's Cenotaph was not here.

The Cenotaph here had been secretly built by someone they had found on the most remote side of the cemetery. There was only one Cenotaph in this area.

Therefore, when those people made their move, old master Chi and Chi zeyao had nothing to worry about.

This time, the people who were dispatched included Stephen, who was in charge of all the mercenary leaders under Feng shengxuan's influence. He was one of the core forces of KE.

There were a total of five people in this force.

In order to complete the task given to him by Feng shengxuan as soon as possible, Stephen found three other top-tier mercenaries under him.

A total of eight people were dispatched.

Wayne, who had been in charge of controlling all the surveillance cameras in the car and whose hacking skills were almost comparable to danqi's, looked at the two cars that had been dispatched. Other than Chi Yuancheng and Chi zeyao, there were only eight bodyguards in total. He felt that Stephen was making a mountain out of a molehill this time.

Stephen, look at their lineup. There are only eight bodyguards. Even if they are all top Special Forces soldiers, how can the weapons in their hands compare to yours and mine? "

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2354

2354 Shut up (1)

"Aren't you making a mountain out of a molehill by calling all of us here?"

The other three people also laughed bloodthirsty.

In their eyes, they felt that they could kill all 10 of them by themselves.

"An old man and a cripple. Is there a need to make such a big scene?"

But Stephen's expression was very serious.

"Many people want to kill Chi Yuancheng, but Is He Dead? He did not. not only did he not die, he even raised chi yang all by himself, making him such an outstanding person. This is enough to prove that even if Chi Yuancheng is our enemy, he should still receive our greatest respect. since he had to kill them, he had to do it according to the highest standards. We have more people and powerful weapons, while they have less people. So I request that we kill Chi Yuancheng and Chi Zeyu as soon as possible, then retreat. if they were still fighting after five minutes, they were not allowed to linger and had to retreat. Did you hear me?"

"Yes!"

Although he was usually carefree, when King wasn't around, Stephen had the final say. So, although everyone could joke with him normally, once Stephen gave an order, everyone had to obey. This was a special privilege King had given to Stephen.

Their appearances, voices, fingerprints, and even pupils, facial features, and hand bone armors had all been changed before they came to Kamino, so they did not have to worry at all.

Old man Chi and Chi zeyao, one standing with a walking stick and the other in a wheelchair, were standing in front of the Cenotaph of Chi zeyang. It was unknown if they were talking or not.

A bouquet of flowers was placed in front of the Cenotaph, and the two of them carried everyone.

Behind them were eight bodyguards in camouflage.

He could be considered a bodyguard.

This was because two of the bodyguards were women. He was probably the family doctor sent by the hospital.

he should be able to withstand one of their moves.

Behind the two female doctors were six men, all of whom were over 185 cm. These six people were the real opponents Stephen was going to face this time.

Whether or not they could successfully kill Chi Yuancheng and Chi zeyao would depend on whether or not they could kill these six people in the first instance.

For Stephen's group of eight, killing these six people was as easy as turning their hands.

Thus, when the eight of them surrounded Chi Yuancheng and Chi zeyao from different directions, they felt that they had already succeeded halfway.

Without a word, Stephen took out the small rocket launcher he had prepared and fired a shell in the direction of the tombstone.

"BOOM!"

Although the Cannonball was small, it was powerful.

With a loud boom, everything seemed to have just begun, but it also meant the end.

No one could survive the huge explosion.

Before the six bodyguards could react, Stephen had already finished his task.

The seven people on the side were a little dumbfounded. No one had thought that Steven would shoot a Cannonball directly at them without discussing with them.

So, it's over?

Stephen, you took care of everything by yourself. Why did you call us here? " The vice-captain, Rennes, said with some displeasure.

Stephen gave him a sidelong glance. why? do I need you to comment on what I do? "

Ryan's face turned red after hearing Stephen's words.

"but K"

"Shut up!"

Before Rennes could finish his sentence, Stephen ruthlessly interrupted him.

2355 Who is the saber insect?(2)

Then, she gestured to him to be quiet.

Suddenly, there was the sound of footsteps in the surroundings, followed by a series of shots.

The eight of them dodged quickly and turned around to attack at the same time. It could be said that their movements were at ease.

“Retreat!”

Rennes called out to everyone.

However, the remaining seven people clearly had a 100% chance of retreating. However, no one took a step back.

This was because their goal was to kill Chi Yuancheng and Chi zeyao. The other order was that if the assassination failed, they could only retreat after a full five minutes.

Although Chi Yuancheng and Chi zeyao were most likely dead, if they were alive, he wanted to see their bodies. This was what everyone was thinking at the moment.

Ryan called out, and seeing that no one had any intention of retreating, he stayed to share the hardships with everyone.

Soon, Stephen’s ammunition was exhausted, but the other side’s firepower did not stop.

On the other side, as the explosion gradually dissipated, Stephen looked toward the explosion.

With one look, his heart turned cold.

Where was the person inside?

Other than the Cenotaph that had been blown beyond recognition, there was nothing on the ground other than a large pit.

Stephen’s heart sank. He knew that this assassination mission had failed. Chi Yuancheng was indeed the ancestor of the fox. He had actually guessed their assassination and had made preparations long ago.

This was not the most terrifying thing.

The scariest thing was that this sly old fox had accepted King Living in his house from the start. Could it be that he had known King’s identity all along?

His death was not a big deal, but how was he supposed to inform King and get him to leave immediately?

In an instant, Stephen’s mind was full of thoughts.

Compared to killing Chi Yuancheng, informing King and ensuring his safety seemed to be more important.

The whistle in his mouth sounded, signaling for everyone to retreat.

Everyone couldn't help but be surprised that Steven had asked them to retreat after just one encounter.

However, when King was not around, all of them had to follow Stephen's orders unconditionally.

So when Stephen's strange whistle fell, everyone began to retreat in groups of two in all directions.

Stephen and Ryan were in one team, responsible for covering their men.

However, the Cannonball was fired by Stephen, and the retreat order was also issued by Stephen. The people of the Chi family knew that these two must be important people.

As long as they caught the two of them, or rather, Stephen, they would be able to find out about King.

therefore, the bodyguards of the chi family surrounded stephen and ryan almost at the same time.

Soon, Ryan felt that something was wrong.

It was two of the six bodyguards who had been standing behind master Chi, and the other two were the two female doctors.

Rennes, who originally didn't take these people to heart, felt a huge pressure when he was fighting with these four people.

This was because these four people's fighting style was completely different from those special combat soldiers.

Their fighting style was casual, and each move was vicious and fatal. Their moves were almost exactly the same as his.

Ryan and Stephen were shocked.

Stephen had become King's most trusted person and was able to manage King's core team. On one hand, it showed King's trust in Him. On the other hand, it also proved that Stephen's ability was definitely not ordinary.

"Baili Yue, Aiden, Selena, dunchi!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2356

2356 Escape (3)

After fighting for a while, Stephen found the answer from the hands of the four bodyguards in disguise.

These four people weren't the Chi family's bodyguards. They were clearly the ones who had followed Nangong Nuannuan to destroy the KE family's headquarters.

"Stephen."

Bai Liyue also recognized the man in front of her at the first moment and called out his name.

Aiden, Selina, and Danchi were all shocked.

It was because of Stephen. He was the one who had died when they had wiped out the team at the end of the road. This man was King's right-hand man. As long as they caught him, they would know where King was.

So the next moment, the four of them besieged him together and aimed directly at Stephen.

Ryan took the opportunity to throw a grenade at the four people and retreated immediately while they dodged.

It didn't matter to the four of them whether Ryan left or not, because as long as they could capture Stephen alive, they could get what they wanted.

Stephen had taught Baili Yue, Aiden, Selena, Danqi, and even Nangong Nuannuan their martial arts. Therefore, other than the genius Nangong Nuannuan, Stephen was not afraid of any of them.

Although Bai Liyue had a special ability similar to Qinggong, he knew that Bai Liyue would definitely let him go.

Sure enough, Bai Liyue, who had never revealed her ability before, did not reveal it this time either.

Because of the close combat between Bai Liyue and the other three, the bodyguards on the outside did not shoot in his direction.

Stephen found a 0.01-second gap and released a large amount of the knockout powder that was newly developed by KE.

Although he was no match for the four of them now, the knockout powder was colorless and odorless. It could make the central nervous system of the enemies within a five-meter radius rapidly thicken for five seconds after it was released.

Once the central nervous system became thick, it would no longer be able to accurately control a person's limbs.

Therefore, after calculating the time, almost five seconds had passed, Stephen stopped attacking the four people and turned to the bodyguards outside, as well as Chi Yuan Cheng, who was protected at the outermost edge, and fired another Cannonball.

Although the bodyguards on the outside had been paying attention to the battle, no one expected Stephen, who was gradually at a disadvantage, to suddenly attack them.

However, no one dodged. This was because they knew that behind them, there was an even more powerful person who would protect them.

With another "boom", Stephen broke out of the encirclement in the direction of the explosion without looking back.

Due to the relatively large area of the explosion and the fact that he had broken out from the direction of the weak explosion, he did not see that at the moment of the explosion, a liquid crystal-like object had suddenly appeared out of thin air to block the power of the explosion.

He didn't even see the man in the wheelchair or the amazing changes that had happened to his wheelchair.

In short, the result was that Stephen escaped in the chaos.

Old master Chi and Chi zeyao were not hurt at all.

Stephen didn't know if he had completed his mission, but regardless, he had to retreat.

Perhaps Nangong Nuannuan had been suspicious of King for a long time, which was why she had asked Baili Yue and the others to stay by Chi Yuan Cheng's side to protect him.

If that was the case, then his appearance today was no different from beating the grass and alarming the snake.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2357

2357 King is exposed (4)

his only hope was that nangong nuannuan would not suspect King.

Otherwise, everything King had done for her would have been in vain.

Stephen was still worried about King, but very quickly, his expression changed.

He was already very fast, and the escape route Wayne had given him was very secretive. This was the National Park, with lush vegetation and someone to pick him up, so Stephen was 100% sure that he could escape.

however, yingluo

Behind

a person who was much faster than him, perhaps even twice as fast, was chasing after him from behind.

The other party didn't hesitate to capture him, and Stephen even felt as if he had been locked on by a missile.

With such speed, it was obvious that this person must be Queen.

she was the only one who could have such speed.

When Stephen felt that the other party was getting closer to her, he gave up on escaping and turned around to fight with Nangong Nuannuan.

Nangong Nuannuan was King's love.

King would rather give up on the headquarters of the team, rather than let her get hurt at all. Stephen knew this.

Firstly, he might not be able to defeat Nangong Nuannuan now. Secondly, even if he could win, he could not.

So, the moment he felt Nangong Nuannuan approaching him, Stephen activated the knockout powder again, trying to knock Nangong Nuannuan out so that he could still have a chance to escape. Otherwise, he would have to commit suicide at the first moment.

But Stephen also knew that the possibility of this was very small.

This was because Nangong Nuannuan was the most talented person he had ever met. If she had seen the scene of Aiden and the others being knocked out by the drug, she might not have been fooled.

As expected, Nangong Nuannuan attacked as quickly as she could.

Stephen turned around to stop him.

However, he was shocked to find out that Nangong Nuannuan's strength had not deteriorated even though they had not seen each other for half a year. In fact, she had become even faster.

Stephen was most afraid of going up against Nangong Nuannuan, because in the world of martial arts, only speed could not be broken.

Even though Nangong Nuannuan's strength was not as strong as his, he had only made two moves, and Nangong Nuannuan had already made six moves. His two moves had been blocked, and he had managed to Dodge three of the other four moves. There was still one move that was lifted at his waist.

A sharp pain came.

Stephen was extremely shocked.

Even when KE was destroyed, even when Nangong Nuannuan was known as the Queen, she was at most on par with him.

however, in just half a year, under his strict training every day, the gap between them had suddenly become so big?

How did she do it?

At this moment, Nangong Nuannuan was completely enraged.

Fortunately, she had a premonition and had hired a few of her friends to protect her grandfather and second uncle.

Today, if it wasn't for the help of these little friends, her grandfather and second uncle would probably be in deep trouble.

Nangong Nuannuan, who did not see Chi zeyao's defensive power, was filled with anger.

She didn't want to believe that this had nothing to do with Feng shengxuan. She didn't want to believe that after living with the Chi family for such a long time and receiving such meticulous care from her grandfather and second uncle, Feng shengxuan still wanted to kill them. But looking at Stephen, Nangong Nuannuan had no choice but to believe it.

Stephen was no longer a match for Nangong Nuannuan.

My Sweet Physician Wife Calls The Shots

Chapter 2358

2358 Liar, you liar!5

While Nangong Nuannuan was completely enraged, Stephen was completely on the defensive after a dozen rounds.

however,

He could still commit suicide.

Even though his jaw had been dislocated by Nangong Nuannuan during the fight, the neurotoxin in his hand had already been activated. As long as he clenched his fist tightly, the neurotoxin would flow into his body through the needle on his wrist.

however, just as stephen was about to commit suicide, feng shengxuan arrived.

In an instant, the emperor's eye was activated, and the gravity within a ten-meter radius suddenly increased.

Even Nangong Nuannuan couldn't avoid the sudden Eye of Heaven while she was fighting with Stephen.

His speed, which had been so fast that he was like a shadow, was blocked by an invisible force. Nangong Nuannuan's hand, which was already reaching for Stephen's wrist, suddenly stopped.

Stephen's hand, which was clenched into a suicidal fist, also stopped.

feng shengxuan, on the other hand, rushed to stephen's side and twisted his hand.

"Crack."

His hand was broken.

Stephen was dumbfounded. He looked at King, who had saved his life in front of Nangong Nuannuan.

Nangong Nuannuan had been fighting Stephen with all her might, but the moment Feng shengxuan appeared, she gave up on Stephen and turned to attack Feng shengxuan instead.

"Nuannuan!"

Feng shengxuan called out. At that moment, he felt his heart turn cold.

"Don't call me! You're a liar!"

Hearing the word 'liar', Feng shengxuan's heart turned even colder.

Facing Nangong Nuannuan's beast-like attack, Feng shengxuan stood there and did not fight back.

Nangong Nuannuan rushed forward, and after a blur of afterimages, Feng shengxuan, who didn't even fight back or defend himself, was sent flying.

However, Nangong Nuannuan did not stop.

The moment Feng shengxuan was sent flying, Nangong Nuannuan's body turned into a blur. With a light step, she jumped almost three meters into the air and knelt down.

After that, Nangong Nuannuan and Feng shengxuan fell to the ground like a cannonball that had been fused together.

Stephen subconsciously wanted to shout " King ", but when he was about to do so, he held back.

Feng shengxuan, who had been mercilessly beaten countless times, fell from the sky. Blood was spurting out of his mouth, nose, and ears because he had overexerted himself.

Seeing him like this, Nangong Nuannuan casually pulled out the dagger from her waist. She had initially wanted to stab him in the heart with hatred, but the moment it fell, it was stuck in the grass beside him.

tears burst out of her eyes as she angrily roared, " "You liar! Liar! Why you? Why is it you? Don't grandfather and second uncle treat you well? Why did he want to kill them? Why did you kill them?"

Feng shengxuan looked at Nuan Nuan, who was on the verge of a mental breakdown. He opened his mouth, but he didn't know how to explain.

Today's incident had been secretly planned by him, his grandfather, and his father to find the traitor in KE.

Even though they had planned this from the start, it was an undeniable fact that he was King.

Her father was the one who ordered the kidnapping of her mother, Nangong Yu.

He was also the one who ordered her to be kidnapped when she was three years old.

They knew that the women from the Nangong family had x-ray vision, so they wanted to use their ability to make money and create wealth for KE. At the same time, it was also for revenge.

Chapter 2359

2359 Disappointed (1)

Although he had treated her very well later on, he could not get rid of the blame for hurting her and her mother no matter what.

Originally, he had not thought that he would expose himself so soon. He had thought that his father would come up with a good idea to make Nuannuan less angry.

However, Yingying had messed up everything.

Nuan Nuan knew!

Nuannuan knew that he was King!

If Nuannuan found out, they would never be able to go back to how they were before!

She would no longer worship and like him as if he was her own big brother!

She would no longer rely on him as if he was her closest kin!

From now on, they might become the most familiar strangers in the world.

At that thought, Feng shengxuan felt that he might as well have been killed by Nuannuan.

So, he didn't use his power, and he didn't put up any protection for his body. He just let Nuannuan's fists and feet land on him.

He would rather die than see Nuannuan hate him so much.

However, after years of raising and accompanying him, Nangong Nuannuan couldn't do anything to him.

She only felt that her heart was in pain.

"From the moment I found out about Viper, I knew King wasn't dead. Not only that, the King I knew before might not even be the real King. At that time, I suspected that you were the one.

however, you've been so good to me. although i've always suspected you, i've never been willing to admit that you're him from the bottom of my heart.

Feng shengxuan, I can forgive you for kidnapping me and selling me to KE when you were three. I can also forgive you for separating me from my family for 14 years. After all, you've been very good to me all these years. You've been very caring and even meticulous.

I thought that even if you were King, as long as I brought you to grandpa's side, as long as you could become one of us, you would be able to let go of the knife. But why did you send people to kill grandfather? Why? why? why?"

Nangong Nuannuan was on the verge of a mental breakdown. Every time she asked a question, she would slap Feng shengxuan across the face. After three slaps, Feng shengxuan's handsome face was now swollen.

Feng shengxuan was also staring at Nangong Nuannuan in a daze.

He had never seen Nuannuan so angry before.

He had never seen her talk to him with such a disappointed look.

At that moment, Feng shengxuan was dumbfounded.

Because ...

He was afraid.

Although Nuan Nuan already had Chi Yang and he had worked hard for so many years, this girl had still fallen into someone else's arms. However, when he thought about how they might not even be siblings in the future, Feng shengxuan felt as if the sky had collapsed.

He merely looked at Nangong Nuannuan in a daze, his devilishly charming eyes extremely clear. Anyone who looked at him could only see the fear and uneasiness in his eyes.

At this moment, Feng shengxuan was like a child who had done something wrong, waiting for his parents and teacher to judge him. He was at a loss.

Even Nangong Nuannuan, who was strangling him, could feel his body temperature slowly decreasing.

“Nuannuan,”

Under the protection of Baili Yue and the others, old man Chi and Chi zeyao arrived at Nangong Nuannuan’s side.

Hearing Nangong Nuannuan’s angry roar, all three of her friends, except Baili Yue, were dumbfounded.

They had heard from their boss that their boss might be King.

They had even heard from their boss that Bai Liyue might have been working for King from the very beginning.

Chapter 2360

However, suspicion was completely different from hearing and seeing it with one’s own eyes.

At this moment, they looked at their big brother who was being strangled by their boss and lying on the ground without fighting back. Other than being shocked, they really didn’t know what to do.

After all, other than Aiden, Selina and dunchi were both abducted and sold to the KE group. they had received brutal training since they were young. they had barely escaped death from a pile of dead bodies. although they had achieved a different life today, their past in the ko group had become a scar in their hearts that could not be erased.

Even though Nuan Nuan had her suspicions and had asked them to stay by old master Chi’s side to protect him, they had never thought that big brother would do anything.

After all, even if their big brother was King, based on their understanding of him, he wouldn’t do anything to him.

Because once he did, it would also mean the end of their relationship.

So, at this moment, looking at their big brother, Aiden, Selina, and dunchi didn’t know what to say.

“Nuannuan,”

Chi zeyao, who was in the wheelchair, suddenly spoke.

however, nangong nuannuan’s heart was only filled with anger at feng shengxuan’s attempt to kill her grandfather and second uncle. although she had heard her second uncle calling her, she was too smart to think straight.

Nangong Nuannuan still glared at Feng shengxuan with hatred. Her eyes were red and tears kept falling.

“Nuannuan,”

Chi zeyao called out again, and Nangong Nuannuan finally came back to her senses.

When she heard someone calling her, she turned around and saw her second uncle’s pleading gaze.

“Nuan Nuan, I was the one who told Xiao Xuan to do this.”

What Chi zeyao said surprised Selina, Aiden, and dunchi. He didn't understand why Feng shengxuan had to be exposed just because uncle Chi asked him to.

After all, he had lived with them for 14 years and had never exposed his identity as King.

Only Nangong Nuannuan's eyes slowly widened after she regained her senses.

She remembered that brother Chi Yang had told her that Chi zeyao was his second uncle. Second uncle!

Chi zeyao was the old King!

Feng shengxuan was stunned.

Her big brother Wanwan

It was second uncle's Kasaya.

His biological son!

So, brother Wanwan didn't want to kill Grandpa and second uncle?

Nangong Nuannuan's heart, which had already been crushed into a ball, instantly came back to life. She turned to look at her grandfather.

At this moment, old master Chi had already slowly walked up to Nangong Nuannuan. He extended his wrinkled hand and placed it on Nangong Nuannuan's hand. He said slowly, " "Little girl, I'm sorry. We wanted to tell you that day. but xiao xuan and xiao yang are afraid that you'll hate them after you find out. grandpa and second uncle are also afraid that you won't be willing to treat us as family after you find out. That's why we want to let you know about these things slowly in the future. I didn't expect that you guys would come back in time when they suddenly attacked today."

Nuan Nuan:

A few helicopters suddenly appeared in the air, and the sound of tanks could be heard.

Soon, the place was surrounded by Eagle's men.

The helicopter hovered in the air. Suddenly, one by one, the tall special combat soldiers descended from the air with soft ropes in their hands. The one in the lead was the tallest and the straightest.

He walked from a distance against the light, and the sun shone on him, making him look like a god with light, noble, cold, and all living beings.

the moment old man chi and chi zeyao saw chi yang, they both heaved a sigh of relief.

Seeing that the battle here had ended, Chi Yang asked everyone to wait outside while he entered the inner area alone.
