Chapter 2361

2361 Let's go back 3

She glanced at her grandfather and second uncle, then at Feng shengxuan, whose nose, mouth, and ears were bleeding from Nuannuan's beating. She felt a little happy.

"Nuannuan," Chi Yang came to Nuan Nuan's side, who was at a loss, and called out to her softly.

"Big brother chiyang."

Hearing his gentle voice, Nuan Nuan seemed to suddenly have a pillar of support. Her mouth pouted and she burrowed into Chi Yang's arms, her hands wrapping around his neck.

Chi Yang was originally standing, but in order to comfort her, he bent down. In order to cooperate with her and put her arms around his neck, he immediately squatted down.

"Nuannuan, I'm sorry."

Nuan Nuan's voice was a little muffled as she nestled against his neck.

"Why do you have to apologize to me? This has nothing to do with you."

Chi Yang held Nuan Nuan in his arms. After all, there were other bodyguards here, so Chi Yang was silent for a long time before he said, "Let's go back, okay?"

"Alright," he said. Nuan Nuan, who was nestled in Chi Yang's arms, nodded.

Chi Yang patted her on the back as if to comfort her. Only then did Nuan Nuan get out of Chi Yang's arms.

She then turned to look at Feng shengxuan, who was still staring at her.

He thought of the time when she was sick when she was a child. At that time, he was only a teenager. For her, he stayed by her side almost without wearing anything until she completely recovered.

After she grew up and told him that she wanted to be the richest person in the world, he would immediately take her to other countries to gamble on stones, buy mines, buy river beds, build Tianheng land with her, and then help her build disheng group. After that, she did nothing but run the company while he helped her manage the company without complaint.

When she grew up, she would be ready to destroy the team. Selina, Aiden, and dunchi all had the same idea, but they were afraid that they would fail. He was the only one who had stood up for her at the first moment.

Hence, in her previous life, she had never thought that King would be her big brother.

So in this life, when she found out that King wasn't dead, she subconsciously felt that Viper had harmed her and brother chiyang all because of King's decision.

However, after finding out that Feng shengxuan was King, that her second uncle was old King, and that Feng shengxuan was her second uncle's biological son, many things that she had not been able to figure out in her previous life suddenly became clear to her.

The person who wanted her and brother chiyang dead had never been Feng shengxuan, but the venomous snake who was using Feng shengxuan's name.

It went without saying that Viper was not working for Feng shengxuan, but Feng Kun the hypnotist.

she had wanted to kill King all this time and had even suspected that her brother, feng shengxuan, might be King. she had been very upset and had hoped that it wasn't true. Even if it was true, she still hoped that King would never appear again. She hoped that he could feel the warmth of the Chi family. Although he couldn't lay down the butcher's knife and become a Buddha immediately, at least he wouldn't have that kind of killing in his heart.

She didn't want to end up in a life-and-death situation with her big brother one day.

But now, King had become grandfather's grandson, second uncle's son, brother chiyang's cousin, and a member of the Chi family.

What right did she have to blame him?

feng shengxuan continued to look at nangong nuannuan with his eyes wide open. it was as if he would lose his life if he didn't get her forgiveness.

At this moment, he was covered in blood and his internal organs had been injured by her, but he was not angry at all because she hit him. He just looked at her with eager eyes.

Chapter 2362

2362 Emotional intelligence-250 (4)

She was like a helpless child who was about to be abandoned, waiting for the adults to make a decision.

Just now, second uncle had already said that they were the ones who made him do this.

So, he wasn't to be blamed for this.

nangong nuannuan suddenly felt that she had gone too far. After all, she really treated the man in front of her as her own brother.

However, she had actually hit him in a fit of anger.

"Does your Xuanji hurt?"

Feng shengxuan's eyes, which had been filled with despair, were suddenly filled with hope. His dull eyes were like stars that filled the entire universe, shining brightly.

Feng shengxuan nodded subconsciously as he looked at Nangong Nuannuan.

Nangong Nuannuan's expression darkened when she heard that. She felt sorry for what she had done.

Just as she was about to show Feng shengxuan sadness, Feng shengxuan shook his head again.

As long as Nuannuan could forgive him, this little injury was nothing to him.

Nangong Nuannuan glanced at Feng shengxuan. Although he shook his head, she still carefully examined his body.

"There's a bit of bleeding in the stomach. It's because the wound hasn't fully healed after the operation. After we go back, you can only eat liquid food for this period of time. I'll give you acupuncture to recuperate, so you can only rely on it to slowly heal by itself."

"I'm fine!" Feng shengxuan didn't feel any pain in his stomach. Instead, he looked at Nangong Nuannuan and asked, "Are you still angry with me?"

Nuan Nuan had stood up when brother chiyang had stood up, but now she had squatted down again. I was angry with you just now," she said, looking at Feng shengxuan. I thought you were going to kill grandfather and second uncle. The result is ..."

Feng shengxuan's peach-shaped eyes slowly curved into a beautiful arc as he said, "that's my dad and grandpa."

Feng shengxuan's words were clear.

those were his father and grandfather, how could he harm them?

What Nangong Nuannuan was most afraid of was not enemies. Instead, he was afraid that the enemy was one of his own.

But now that she knew Feng shengxuan's true identity, she didn't have to worry about him harming her grandfather and second uncle anymore.

Behind them, Aiden, Selina, dunchi, and Stephen, whose jaw had not been stuck, were all dumbfounded.

Feng shengxuan was King!

So King was from the Chi family!

This was simply too much!

"Big brother, get up."

Looking at his little girl's outstretched hand, Feng shengxuan suppressed the urge to burst into laughter. He reached out and held Nuan Nuan's hand.

Unexpectedly, the moment his hand held Nuan Nuan's hand, a large hand cut straight in from the cross-section and shook his hand.

The next moment, Feng shengxuan was pulled up from the ground by a strong force.

Feng shengxuan's face turned green as he looked at Chi Yang, who was shaking his hand.

He wanted to touch Nuan Nuan's little hand!

He wanted to touch her soft and warm hands!

What did this annoying fellow mean by extending his hand to him?

Feng shengxuan glared at Chi Yang and pulled his hand back.

Chi Yang actually didn't want to hold his hand. He only pulled him because he didn't want him to touch Nuan Nuan's hand.

Seeing that his son, who had an EQ of -250, was so unfriendly to his younger brother, Chi zeyao pressed the button on his wheelchair.

A stick suddenly stuck out from a hole in the wheelchair and stabbed Feng shengxuan's thigh.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2363

2363 Bai Liye's identity (5)

The stick still carried a little bit of electricity, which shocked Feng shengxuan, who was not prepared for it at all. He turned around and looked at Chi zeyao with a confused look.

"Why did you hit little Xuan? Little Xuan is so obedient!" Old man Chi couldn't bear to see his son educating little Xuan.

Xiao Xuan was so powerful. If not for his filial piety and the fact that he was a good child, he did not believe that Chi zeyao would be able to touch a single hair on Xiao Xuan's head with his current body.

Chi zeyao was stunned by the old man's roar.

after all, before feng shengxuan returned to the chi family, his father had never yelled at him. he had always been gentle and kind to him.

However, ever since this little rascal had joined the family, his status in the family had been plummeting.

"I didn't hit him. I just poked him to make him have a better attitude."

Seeing this, Feng shengxuan moved to old man Chi's side and put an arm around his shoulder. He said to old man Chi pitifully, "Grandpa, there's electricity on my dad's stick."

Grandpa Chi's eyes almost popped out of their sockets when he heard that. He pointed at Chi zeyao in exasperation, his hands shaking. How could you use electricity on Xiaoxuan? When you get back, make ten dishes for little Xuan. If you can't do it well, you won't be able to eat!"

Aiyaya, I'm really so angry!

She felt that apart from Nuan Nuan, there was no one in this house who was free from worry.

Chi Yang who was inexplicably attacked:

Chi zeyao, who was depressed to a certain extent:

Only Feng shengxuan was looking at his father with a smug look on his face.

Although this person was his idol, Yingluo's father was really evil. When he was young, he was disobedient and almost beat him to death several times.

But now, he had a grandfather.

It was better to have a grandfather than a mother.

After all, his mother was a slave to her husband. She never objected to anything his father said. At most, she would help him apply medicine after he was beaten.

Feng shengxuan decided to cling to his grandfather's golden thigh from now on.

The Chi family's interaction made everyone's eyes pop out.

No one would have thought that it would be such a heartwarming and funny scene when these cold and aloof men got together.

I have forgiven you, but Sister Moon, Selena, Aiden, and dunchi haven't.

feng shengxuan turned around and looked at bai liyue. he had sold her out without any hesitation.

"she's one of my people. she knew i was King from the start. she just didn't tell you guys."

bai liyue, who had been completely betrayed for no reason, said, ".....

What to do? He could not hold back the desolation in his heart. She really wanted to beat him to death!

Bai Liyue was so angry that her face turned red. She was about to explain to her surprised friends when Chi zeyao said, "Yue 'er is one of my people."

chi yang also added, "She has been Eagle's spy from the beginning to the end."

Chi zeyao glanced at his stupid son out of the corner of his eye and nodded, "That's right."

His friends:

Feng shengxuan was speechless.

Nangong Nuannuan was happy to see Feng shengxuan get slapped in the face. She walked over to Baili Yue and held her hand affectionately, her eyes full of stars.

"Sister Yue, when did you become a spy? Aren't you too good a spy? I've always thought that big brother was the one who hid the deepest, but compared to you, he's nothing."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2364

2364 Stephen's death (1)

Selina also said with Starry Eyes, "Sister Luna, your spy's level is comparable to a spy movie!"

"sister Luna's level is even better than those in spy movies. After all, she had kept us in the dark. Furthermore, she has so many identities, yet she's acting like one." Darchi couldn't help but ask.

“who said it wasn’t?” Even Aiden could not help but exclaim, “Luna, how did you do it? It was as if he was acting like an identity. When you’re with big brother, you’re like his assistant. When you were with us, you were our most trusted partner. And you’re actually one of Eagle’s men!”

Although this kind of person was very scary, they didn’t blame Bai Liyue at all. They even felt that they were very close to her.

They were sure that if they became enemies with each other, with Bai Liyue’s character, she would never attack them.

Feng Shengxuan, who had been completely betrayed, looked at the few of them talking and laughing.
.....

But what could he say?

After all, Bai Liyue was following his father’s orders.

Even if he had ten thousand dissatisfactions, he would have to hold them in at this moment.

He suddenly felt that he was a little useless as a King!

“Wuwuwuwuwuwuwu”

Stephen, who was beside him, was not happy.

His chin had been dislocated by Nangong Nuannuan, and his wrist had been broken by his master. At this moment, he was being held down by someone. These people kept talking to each other, as if they couldn’t see him.

“big brother, how should we deal with this person?”

Only then did Feng Shengxuan come back to his senses. He still had a subordinate who had been detained.

Feng Shengxuan walked up to Stephen and said to Danqi, “help him untie the thing on his hand.”

Dunku knew what it was just by looking at the thing in Stephen’s hand.

There was medicine in the bracelet. Once it pierced the skin, it would immediately cause kidney failure and death. If it was removed normally, the terminal computer connected to the bracelet would not display anything.

Only after the bangle was blacked out and the bomb inside exploded would the terminal display the death of the person wearing the bangle.

Although it was difficult to make, it wasn’t difficult for Dunku.

Although it took three minutes, which was a long time for Dunku, it was a good thing that he solved it.

Feng Shengxuan took the bangle and threw it a few dozen meters away.

A loud explosion was heard.

In a car in the city center a few kilometers away, seven people, including Winnie, had been waiting for Stephen's return.

After all, other than the boss, Feng shengxuan, Stephen was the best in the whole of KE. Before the appearance of Nangong Nuannuan, that crazy person, Stephen had always been the strongest.

Even though they knew that Aiden and Selena were there when they fled, and that their escape wouldn't be smooth this time, they were still worried. However, as long as Queen and King didn't appear, they believed that Stephen would come back alive and bring them back to KE.

After all, Stephen's ability was on par with Queen's. Many of the mercenaries in this generation of KE were Stephen's favorite students.

Therefore, when Stephen brought up the rear, they were originally very at ease.

After all, if they were the rearguard, they might be able to resist the water when they encountered Baili Yue. However, with the three freaks Aiden, Selena, and dunchi working together, they would be the one to suffer today.

However, after waiting for the helicopter in the sky and the arrival of the Flying Eagle Special Forces, Stephen still didn't appear.

Chapter 2365

2365 Sweet-mouthed (2)

The network was completely paralyzed the moment denci appeared on the battlefield. Even if Wayne tried to repair it, denci was a wonder in the hacker world, and almost no one could defeat him at his age. Wayne could only continuously destroy the firewall that dunchi had set up to block him.

Without Danchi's continued control, Wayne was confident that he could break through the firewall of this area, but it would take time.

As Stephen's return to the team was slowly delayed, the hearts of everyone in the car began to turn cold.

"Alright, I'm done!"

Finally, Wayne broke through the firewall that dunchi had set up.

everyone's eyes instantly lit up.

Breaking through the firewall meant that they could guide Stephen's escape route, contact him, and find out what kind of trouble he was facing at the moment.

however-

Just as Wayne said "done" and everyone's eyes lit up, suddenly, a long "beeping" sound was heard, and Wayne's screen lit up.

as soon as the fire appeared, the screen exploded, and the entire screen was replaced by a long red line.

After that, the screen continued to move backward, and what appeared was still a red line.

The appearance of the red line meant that the person they were examining had completely disappeared.

Disappear

Stephen was dead!

The car instantly fell into a dead silence.

After a long time, Rennes made the decision to let everyone leave first. They would find a way to contact King when they returned to the base.

Without Stephen, it was naturally Ryan who had the final say. Although Stephen's death was hard to accept, as mercenaries, death was not that hard to accept.

As for the Chi family, Chi Yang had sealed off the news.

the president called to ask, but chi yang only said that it was the people from KE who had sent people to kill his grandfather. however, the chi family had already made preparations, so they moved the location of the cenotaph to another place.

All these years, the team from the team, KE, would often send people to assassinate Chi Yuancheng. This was the hatred that had been formed between the Kamino Kingdom and the team.

The president felt very helpless about this and could only comfort Chi Yang with a few words. He also asked about the old Marshal's health.

In the car, Stephen, who had already "died", sat upright and still. With a serious expression, he glanced at King, Queen, Chi Yang, Chi Yuancheng, and Chi zeyao, no, it should be said that he was old King, trying to minimize his presence.

He couldn't understand how old King had become the second master of the Chi family, Chi zeyao. Why did King become a descendant of the Chi family? Why did King, who had previously ordered them to monitor the Chi family's every move and didn't even warn them before they took action, now want him to quietly be a dead person?

Not long after, the car drove into the Chi family's compound.

After getting out of the car, Stephen was brought back to the Chi family.

Looking at the warm sunroom and great White, who used to be insufferably arrogant in the manor but was now as obedient as a cat, Stephen felt like he was in a fantasy.

When they returned to the Chi family and everyone else had left, Feng shengxuan finally introduced them to the old man, "Grandpa, this is Stephen."

Then, he looked at Stephen and asked him to move.

Stephen:

What should he do now?

Stephen hesitated for 0.1 seconds, and his mouth cracked open, revealing a big smile. Hello, Grandpa!

Hearing that, Feng shengxuan gave him a kick and said unhappily, " "This is my grandfather, not your grandfather!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2366

2366 Dumbfounded (3)

"Hello, old man. I'm Stephen, and I'm K-Qing, Mr. Feng's friend." Stephen was shocked and immediately changed his address.

Hearing that, Feng shengxuan kicked him again.

Stephen was about to cry.

He had already performed very well, so why did King still despise him?

It was not easy for him to be a subordinate, alright?

he didn't even know what he had done wrong, and he had been beaten up again.

"This is my grandfather, my biological grandfather! if you have something to say, just say it. why are you hemming and hawing?"

In order to impress his grandfather and find someone who could back him up, Feng shengxuan, who had always disregarded his integrity, wanted nothing more than to step on his subordinates 'heads and suck up to the old man.

"Yes!" Stephen continued to speak to old man Chi with a good attitude, " "hello, old man. i'm stephen, a subordinate of King. I'm the leader of the mercenaries in charge of the KE mercenary group."

the old man looked at stephen, who was introducing himself, and finally felt embarrassed.

It was only then that he came back to his senses. In this room, other than him and Chi Yang, his son Chi zeyao, his grandson Feng shengxuan, his granddaughter-in-law Nangong Nuannuan, and her friends were all from the team of Kings.

Chi zeyao saw through the old man's thoughts and said, " "Stephen, you were already dead the moment the bracelet exploded. from that moment on, you're no longer a member of the team. you're just like me and xiaoxuan. of course, the force that little Xuan and I built still belongs to us. However, this force is not the one that belongs to team ke. It used to belong to me, and now, it belongs to little Xuan. you understand?"

Stephen had been shocked by the fact that this ordinary-looking man with a strong aura was his mentor, old King. Earlier, he didn't dare to admit it. But now that old King had spoken, Stephen asked in shock, " "Y-y-y-y-y-y-y-y-y-y-y-y-y-y-y-y-you're really him?"

Chi zeyao sat in his wheelchair, as gentle as ever, but the words he spoke were not as natural as his appearance.

Chi zeyao's attitude towards his subordinates and family members was obviously different.

"If I wasn't him, you would have already succeeded today. Stephen, I haven't seen you for 17 years, and you've become more ruthless."

Stephen knew that old King was referring to how he had spat out the bomb without saying a word. His old face turned red with embarrassment, and he could only quickly nod his head and place his fist on his heart to show his loyalty. You were the one who started up Weidao's KE. When you first started it, you told me that this isn't KE, or rather, not all of it is KE. The people in Weidao must obey King's orders unconditionally. The only one we obey is King. He's the leader of the team, and we're from the team. Even if one day he's no longer the leader of the team, we'll still be his people. I've always remembered your teachings, and I've never dared to overstep my boundaries, much less disobey your wishes."

Chi zeyao was very satisfied with Stephen's loyalty.

Seeing that old King wasn't going to pursue the matter of him killing them, he couldn't help but ask, "King, since the old man is your grandfather and old King is your father, why didn't you stop us?"

There's a mole in the base. I need to find all the moles.

Stephen was Feng Shengxuan's most trusted man, so he could understand everything Feng Shengxuan was saying.

There was a mole in the team, and the mole was definitely not one of Eagle's men. That meant that the mole was someone on Feng Kun's side.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2367

2367 A traitor (4)

"You mean that Feng Kun knows where our base is and that he has people in it?"

"Not bad."

Stephen frowned.

After all, he had carefully selected the people in the base and they had all received King's kindness. He was someone they could trust.

If Feng Luan could even infiltrate this, then this old thing that wouldn't die was too powerful.

"You mean, even among the five of us, there are his people?"

"This was just my guess before, but after today's incident, it's very clear who the traitor is."

Stephen thought for a moment, and his heart also understood a little, his eyes dark.

"But I don't understand. Why did he do that? Since old King is a member of the Chi family and has returned, why did he ask you to come to the Chi family to kill? Could it be that he's the one who has a grudge against the Chi family?"

"He was the one who kidnapped my father and brought him to KE. So, what do you think?"

Stephen:

Therefore, old King wasn't old King. He was from the Chi family. However, he had kidnapped her to the ko group and was forced to become the Chi family's enemy.

After old King died, he incited King to avenge his father and tried to kill his own grandfather?

Shamelessness and treachery were not enough to describe this man's evilness.

"Then I'll run!"

you'll stay here for the time being. Once we contact Wayne, we'll start clearing out Yui Island.

"Yes."

not long after Stephen settled down, old man Nangong arrived with his three uncles and six brothers.

They knew about the explosion that day. First, they were worried about old master Chi's safety. Second, old master Chi had asked him to bring his family along.

Old man Nangong didn't know what had happened, so he immediately gathered his family at the Chi family.

At this moment, Stephen had already settled down at the Chi family's residence. Seeing the Nangong family, he instinctively felt a little embarrassed.

After all, these people used to be their enemies, the kind that wouldn't stop until one of them died. Now that they met in such a way, although he had rationally turned this corner, he still felt a little strange emotionally.

"Elder Chi, zeyao, are you alright?"

The moment elder Nangong entered the room, he looked nervously at old man Chi and Chi zeyao. After all, these two really lived up to the saying 'old, weak, sick, and disabled'.

"We're fine." Old man Chi looked at his old friend and changed his usual joking attitude. He said to old man Nangong and the others, "Have a seat."

Old man Nangong furrowed his brows. He knew that elder Chi had something important to tell him, so he gestured for everyone to sit down.

"Nuannuan, are you guys alright?" Old man Nangong looked at Nangong Nuannuan worriedly. He only relaxed when Nangong Nuannuan said that they were fine.

As long as his family and friends were in good health, nothing could be considered a bad thing for him.

after they sat down, elder Nangong looked at elder Chi and was about to ask him what was wrong. Why did he have such a serious attitude?

They saw old man Chi standing up straight in front of the Nangong family, and Chi zeyao, who had been sitting in his wheelchair, stood up.

Under Nangong Nuannuan's care, the deformed joints in Chi zeyao's body had basically been restored. However, due to Nuannuan's request, he had been sitting in a wheelchair so that he could recover faster.

Chi zeyao stood up from his wheelchair and slowly walked to the front of the Nangong family. He slowly bent his knees and directly knelt on the ground, his knees landing on the hard tiles.

2368 Chi zeyao kneels (5)

"second uncle!" Seeing this, Nangong Nuannuan already knew what Chi zeyao and the old man were going to do, and she called out sadly.

But old man Chi and Chi zeyao ignored Nangong Nuannuan's shouts.

Elder Nangong and the other members of the Nangong family were also extremely shocked. Apart from old man Nangong, the three uncles and six elder brothers of the Nangong family all stood up.

They couldn't stand Chi zeyao's kneeling, so they simply stood up.

"Chi Lao, you're a bi an!"

Elder Nangong looked at elder Chi and saw that the latter had a solemn expression on his face as he bowed at him.

This time, even elder Nangong couldn't take it anymore and stood up.

"old man chi, what are you doing?" Elder Nangong wasn't happy.

After all, this man had been his friend for more than 50 years. the two of them had supported each other through all kinds of hardships, and he didn't think that he would be able to accept such a big gift from old master chi.

"Uncle Nangong, I'm sorry. I was the one who killed ah-Yu and Qianqian."

without waiting for the old man to speak again, chi zeyao revealed a fact that no one in the nangong family could accept.

"No, second uncle, you didn't kill my mother. My mother was killed by my father and Jiang zhiwan. I've investigated it thoroughly, and it has nothing to do with you."

Old man Nangong furrowed his brows and said, "Nuannuan is right. We've already investigated how Yu died. Zeyao, your leg isn't well, get up and talk."

Feng shengxuan felt extremely guilty for what had happened to Nuannuan and her mother when he saw his father kneeling down. He walked over to his father and knelt down as well.

Old man Nangong looked at Feng shengxuan, then at Chi zeyao. After a moment of silence, he raised his head and looked at old man Chi in shock.

"Zeyao, he's Yingluo, he's Yingluo."

He didn't finish old King's words.

Back then, the King and Hiroshi Chizawa of the KE family had fallen at the same time. From then on, the KE family and the Chi family would never rest until one of them died.

Nuan Nuan had come from KE, and everyone in the Nangong family knew that she was a Queen.

It wasn't just Nuan Nuan, even her friends were once from the team.

Nuannuan had been searching for the real King but to no avail. If Nuannuan and her friends couldn't find King, it meant that he was among them. This was something that Elder Nangong had suspected for a long time.

And his biggest suspect was Feng Shengxuan.

Now that Feng Shengxuan was on his knees, Elder Nangong could guess who he was almost immediately.

But if Feng Shengxuan was the King, why did Chi Zeyao apologize to him?

Elder Nangong immediately thought of King.

After all, he had his own people in Eagle, so he had heard that the previous King seemed to be very close to Hiroshi Chizawa before he died.

Chi Zeyao was the adopted son of Old Master Chi. Back then, he was covered in injuries. It was said that he had been injured by a bomb.

His current appearance had also been restored by a cosmetic surgery hospital, and it was not his original appearance.

Looking at Chi Zeyao and Feng Shengxuan, two completely unrelated people, kneeling in front of him, old man Nangong made a shocking assumption almost immediately.

He looked at old man Chi in shock, his face full of shock and astonishment.

"Zeyao is my son. My biological son."

Old man Nangong:

Nangong family, Yingluo.

Chapter 2369

2369 I'm the one who caused Nuannuan (1)

After that, Old Master Chi allowed Chi Zeyao to kneel on the hard ground as he slowly recounted what had happened that year. From Chi Zeyao's birth to his theft, to the sudden provocation of KE organization, to the deaths of both Chi Zeyao and Chi Zeyao, and then to Feng Shengxuan continuing his father's will to fight against Fei Ying and the Chi family.

During this period, when he was still the old King, Chi zeyao had found out that the girl from the Nangong family had the ability to see through objects. Hence, he had attempted to abduct Nangong Yu and train her to become a member of the base, earning money for the base.

However, Nangong Yu's head was seriously injured in the middle of her escape, and her ability disappeared. Ke didn't keep idle people, so they gave up on Nangong Yu.

nangong yu had lost her memory, and KE didn't send her back to the nangong family. this caused nangong yu to end up with zhong kuijun, that scumbag, by accident.

After that, Chi zeyao found his identity and worked together with Chi zechao to deal with Feng Luan. Chi zechao died and Chi zeyao was severely injured. Feng shengxuan found out that his father wanted to take Nangong Yu away before he died, so he made a move on Nangong Nuannuan.

A few years ago, Chi zeyao had been seriously injured and could not remember anything. It was only in recent years, when the blood clot in his brain had almost been absorbed, that he slowly remembered.

But old master Chi didn't dare to tell anyone that Chi zeyao was old King. the entire chi family was loyal. if people found out that his son, who had been taken away since he was young, was the King of KE, then the chi family would be destroyed.

After old man Chi finished telling him about the grievances between the KE family, the Chi family, and the Nangong family, Chi zeyao said in regret, " "Uncle Nangong, I'm sorry. I was the one who ordered my subordinates to abduct ah-Yu. At that time, I thought that you and my father were my father's murderer and were incited by evil people, which was why I sent people to abduct ah-Yu. If it wasn't for me, ah-Yu wouldn't have been taken away, and she wouldn't have been seriously injured while trying to escape, and she wouldn't have been killed by Zhong Kui's Army. I'm the one who harmed Yu and Nuannuan."

Feng shengxuan immediately said, "you didn't do this to Nuan Nuan." I'm the one who caused Nuannuan's death. I was the one who ordered my men to look for Nuan Nuan in Jiang Prefecture! My people bribed Jiang zhiwan and gave her a sum of money to sell Nuan Nuan to me. I'm the one who caused Nuan Nuan to be separated from grandfather Nangong for such a long time. it's all my fault."

Feng shengxuan kept looking at Chi zeyao's knees as he spoke.

After all, it had been a little distorted not long ago and had just returned to normal. Nuannuan had said that she couldn't touch anything hard during this time.

However, he only looked at them because he knew that the father and son had done a lot of things in the past 30 years. Now that their identities had changed, everything was different. Elder Nangong could even take their lives, let alone kneel down.

After hearing old man Chi, Chi zeyao, and Feng shengxuan's words, all the men from the Nangong family fell into a solemn silence.

No one from the Nangong family said anything, and neither did old man Chi. Chi zeyao simply knelt on the ground, a sharp pain coming from his knee, causing beads of sweat to roll down his face from time to time.

Finally, after a quarter of an hour of silence, when Chi zeyao's body was on the verge of collapsing, old man Nangong stood up and walked to Chi zeyao's side, trying to help him up.

Nangong Nuannuan knew that her second uncle probably couldn't stand up right now, so she quickly went forward to help him.

Chapter 2370

2370 No more ke2 in the world

chi zeyao could no longer keep his balance, so with nangong nuannuan's strong support, he quickly returned to his wheelchair. his whole body looked as if it had been soaked in water, and large beads of sweat kept dripping down his clothes and pants.

However, his eyes were burning as he looked at elder Nangong with remorse and sincerity. If it wasn't for his reaction at the moment, which showed that he was in great pain, one wouldn't be able to tell from his eyes that the bones in his knee, which had just recovered after much difficulty, had cracked again. After the nerves were suppressed, it caused his veins to be severely crooked. Although he had only knelt for fifteen minutes, his legs were completely swollen.

Nangong Yu was the pain in the heart of old man Nangong and everyone in the Nangong family.

the nangong family could not live under the same sky as the people from KE and King.

However, now that both the king and the King were no longer the same, how could the Nangong family hate them?

Looking at Chi zeyao's body, which was riddled with holes and his sincere and remorseful eyes, old man Nangong sighed.

"How can you and little Xuan be blamed for this? He could only say that Luan Luan and fengluan were too bad, and ah Yu's life was not good either. Aiyayaya!"

Old man Nangong let out a long sigh at the thought of his daughter who had passed away. He didn't expect the two kings who had been at odds with the Nangong and Chi families for so long to be elder Chi's son and grandson.

"uncle nangong, i caused all of this. i know that i've sinned so much that i won't be able to atone for it even if i use my entire life. Originally, my father wanted us to wait until we've killed Feng Luan before coming to you, the Nangong family, and everyone who died from KE. However, in order to get rid of Feng Su and eliminate the KE division that I established 30 years ago, I had no choice but to use this plan with Xiao Xuan. We're trying to find out who the KE spy is today."

Chi zeyao looked at elder Nangong and told him everything that had been suppressed in his heart all these years. Not only did he not feel afraid, but he also felt a sense of relief.

"regardless of whether uncle nangong forgives us or not, please give us some time and let us destroy feng luan. From now on, there will no longer be a KE in this world."

Although Chi zeyao didn't say anything else, seeing the relief in his eyes and the sorrow in old man Chi's eyes, old man Nangong patted the back of Chi zeyao's hand and took his hand in his own.

"when you were born, i even held you. Even though it's just a small ball, your eyes are especially bright, dark, and very lively. At that time, I told your father that when you grow up, you'll definitely be an incredible Big Shot."

Chi zeyao looked at old man Nangong, not understanding why he was saying all this. Chi zeyao didn't know what to say, so he could only look at old man Nangong.

Old man Nangong sighed and said, "I just didn't expect that in less than a month, you would be taken away. The Chi family has a small population. When you were born, your mother's health was already bad, and she can't give birth anymore. At that time, I was with your father almost all day long, helping him to find your whereabouts. No matter how many years have passed, your father has never given up on looking for you. It wasn't until you came to the Chi family 17 years ago that your father's attention shifted.

Actually, Yingluo "
