Chapter 2371

2371 Take good care of my Nuannuan (3)

“At that time, I had already guessed that you might be that child. It’s just that your father didn’t tell me, so I didn’t ask.”

Chi zeyao’s eyes darkened.

Uncle Nangong took care of his father and accompanied him when he was down. However, she took away uncle Nangong’s most beloved daughter and even became the indirect murderer that killed her.

No matter what, Chi zeyao could not forgive himself for what he had done back then.

Old man Nangong could tell what Chi zeyao was thinking and continued, “Ah Yu’s death will forever be the pain of our Nangong family. I believe that if Feng Kun didn’t tell you that the women of the Nangong family have special abilities and didn’t ask you to capture ah Yu, you wouldn’t have thought of using women to deal with the Nangong family.”

“I’m Yingying!”

Chi zeyao wanted to say something, but old man Nangong beat him to it.

“you don’t have to blame all the mistakes on yourself. It’s been 17 years since you returned to the Chi family. Although you lost your memory for 14 years, a person’s nature will not change even if they lose their memories. After 17 years of living together, I believe that not only me, but everyone in the Nangong family knows what kind of person you are.

It’s not your fault that ah ‘Yu was taken away. It’s just that we were in different positions back then. And I believe that even if you were the one who ordered ah Yu to be taken away, the one who made the suggestion must have been Feng Luan. Not only that, you must have opposed it before, but I guess your objection was invalid.”

Old man Nangong was also observing Chi zeyao’s expression as he spoke. Seeing the touched look in Chi zeyao’s eyes, old man Nangong’s tightly clenched heart finally relaxed.

As expected, although the order was given by King, no matter if it was the old King or the current King, he was just a chess piece used by Feng Su to deal with the Chi and Nangong families.

However, the men of the Chi family were still good.

Even in that kind of environment, he still didn’t take the initiative to use a woman to speak.

As long as ah-Yu was not captured by Chi zeyao, he could directly transfer all the blame to Feng Luan.

Meanwhile, Feng Luan, who was far away in cyber country, sneezed for no reason.

not only ah Yu, but also your brother, ze Hao, and those who died under the KE gun. Their enemy was Feng Kun.

Chi zeyao looked at elder Nangong in shock. After all, he was the most important and direct person to Nangong Yu's death. Was elder Nangong going to let him off just like that?

"If you must atone for your sins, although our Nuannuan isn't married yet, she's already considered a member of the Chi family. From now on, she still had to stay in the Chi family for a long time and continue the family line. Nuan Nuan is a pitiful child who doesn't have in-laws, so as her uncle, you have to take on the responsibility of being her in-law and take good care of our Nuan Nuan and her child."

Chi zexiao gritted his teeth, and his eyes started to mist.

He didn't expect elder Nangong to forgive him so easily.

If he hadn't ordered Nangong Yu to be taken away, Nangong Yu wouldn't have died. She originally thought that their relationship was a dead end, but she didn't expect elder Nangong to just let it go.

While Chi zeyao was still in shock, old man Nangong had already turned around and was walking toward Feng shengxuan.

He pulled him up from the ground and said, "All of you, don't kneel anymore, and don't kneel anymore in the future. Don't blame yourself, and don't blame this on you."

Chapter 2372

2372 We're a family from now on (4)

"If you really think that way, or if I really blame you for these things and treat you as enemies, then we'll really be falling into Feng Luan's trap.

He kidnapped zeyao more than 40 years ago. Wasn't his purpose to make our Nangong family and the Chi family kill each other? Since he's our enemy, since this is his goal, and since we're back to square one, shouldn't we work together to get rid of Feng Luan?"

Then, he patted Feng shengxuan's shoulder and said, "Besides, you've taken good care of Nuan Nuan. Our family Pamper our girl too much and treasures her very much, just like Nuannuan's mother. She clearly has such heaven-defying abilities, but she's protected by us in a cage. This caused her to be too innocent when she went out. She was deceived and died a tragic death. Nuan Nuan would never be in such a situation."

Feng shengxuan had been repenting just a moment ago, but when he heard about Nuan Nuan, he immediately said proudly, "Yes, Nuan Nuan will only be a burden to others if she goes out."

Nangong Nuannuan:

Nangong family, Yingluo.

Feeling his father looking at him like he was an idiot, Feng shengxuan immediately said, "Actually, it's Nuannuan who's good at it. I didn't really care about her."

Old man Nangong was well aware of his brother's shamelessness.

He nodded his head in relief.

"It's a good thing that you're able to find your own origins and your family. I'm even more grateful that we can be friends and family. If there's anything in the future, our two families can discuss it. I believe that through our hard work, everything will get better."

Before Chi zeyao could say anything, Feng shengxuan said happily, " grandfather Nangong, thank you for forgiving my father and me.

Chizeyao:

This low EQ brat, you're still so high profile even after being forgiven, can't you be a little more humble?

It was obvious that Feng shengxuan, a fatherless child who was raised by his mother, had no idea what modesty was. He walked over to Nangong Nuannuan happily and said, " nuannuan, your grandfather has forgiven me. We'll really be a family in the future!"

Nangong Nuannuan wasn't someone who liked to be conflicted. To her, her mother was killed by Zhong Kuijun and Jiang zhiwan. After all, if it weren't for those two people, her mother would still be alive and well in this world. This matter had nothing to do with her second uncle.

As for Feng shengxuan, she had never blamed him. She was only afraid that Feng shengxuan would go crazy and kill her and Grandpa Chi, even if he didn't care about their relationship.

Now, even he had become big brother chiyang's cousin. To her, this was a happy occasion.

"Yes." Nangong Nuannuan smiled. Then, she thought of something and said, " I can let it go, but don't you need to apologize to Aiden, Selena, and dunchi? "

Feng shengxuan looked at the few people who had been dumbfounded after knowing his identity and said, " "Aiden came to the club of his own accord, he wasn't conned by me.

Selina had been abandoned by her mother and sent to an orphanage, but because of her beauty, she had ended up in the hands of a pervert. Coincidentally, this pervert was the person that KE wanted to kill. When I brought my men to kill this pervert, I happened to see that he was about to do something bad to Selina. So, I saved Selina."

2373 Can't stuff it into your mouth?(5)

"You can ask Selina if you don't believe me. She was the one who wanted to leave with me. I even specifically told her that if she wanted to leave with me, she would have to live a life of blood and danger. I only brought her along after she agreed."

Nangong Nuannuan looked at Selina and saw her nod. She then turned to danqi and said, " "Where's little danqi? You must have tricked little danqi into coming here."

"Hehe." Feng shengxuan sneered. you ask yourself. Did I trick this little brat into coming here? or did he come here to trick me? "

"What do you mean?"

"This little brat was born into a poor family. His mother died, his father remarried, and his two brothers and stepmother always bullied him. His mother did not allow him to go to school and did not allow him to interact with people. When he had nothing to do, he would use the computer at home. He was only five years old but he had already hacked into the network of a branch of KE. at that time, I happened to be dealing with a tribe's Affairs at the branch. In the end, my computer was hacked every two or three days. After that, I got a hacker to help me find him. I saw that he became a hacker at the age of five and had a bright future, so I asked him if he was willing to follow me. He said yes and I took him away."

After that, Feng shengxuan said seriously, " "Nuan Nuan, after all, KE is a large organization. Many foreigners are proud of their children for being able to enter KE and become powerful mercenaries. To be able to stay by my side, other than you, no one else is abducted."

Nangong Nuannuan:

After the matter from decades ago was explained, the Nangong family and the Chi family sat down and ate together.

Stephen was also among them.

Even though he was a subordinate of KE, Feng shengxuan had always relied on him. In addition, at the critical moment, Stephen would rather die than betray him. Feng shengxuan could see Stephen's loyalty. That was why he had asked him to eat with Aiden and the others.

Stephen used to be an instructor for Eden and the others, so he didn't feel that there was anything wrong with eating with them. however, yingluo

This was the first time he sat at the same table as old King and King.

The key was that besides them, there were also their former greatest enemies, Chi Yuancheng and Nangong Renyi.

This made him feel a little reserved.

At the table, Grandpa Chi saw that Stephen was a little reserved, so he kept putting food into his bowl, which made Stephen even more embarrassed.

Finally, it was Selina who said with a smile, " Stephen, why didn't I realize that you were such a shy little brother before? "

Stephen blushed and was about to say something when dunchi asked nosily, " "What, you're going to change your tune to X Stephen?"

Selina's eyes widened. I'm my little brother Leng's fiancée! Stephen's true love is big brother!"

Feng shengxuan's eyes widened. my true love is clearly Nuan Nuan!

Nangong Nuan Nuan's eyes widened, and she was about to say something when Chi Yang placed a piece of Cod into her mouth.

"Is the pan-fried codfish delicious?"

“Yes.” Nuan Nuan’s attention was immediately drawn away by Chi Yang, leaving Feng shengxuan to stare at her.

Chi zeyao threw a piece of fish and pickled vegetables into his bowl. you can’t even stuff your mouth with this much food? ”

Feng shengxuan:

Stephen:

A table full of big shots, and he, a small fry, should just eat his meal and stop talking!

Thus, the fearsome King of Mercenaries Stephen began his life as a little transparent Saint in the Chi family.

He finally knew why the ferocious da Bai had become a cat in the Chi family.

Chapter 2374

2374 How was I exposed (1)

Everyone in the room was a big Shot, and even King was having a hard time. What right did he have to jump around?

after dinner, nangong nuannuan immediately performed acupuncture on second uncle.

In fact, she had wanted to perform acupuncture on second uncle just now, but she could feel that even though Grandpa said so, he was still sad. If she went to perform acupuncture on second uncle, although Grandpa would not say anything, he would definitely mind.

After all, she was a daughter of the Nangong family. They didn’t know that she had experienced another life, and her feelings for the Chi family were even deeper than those of the Nangong family. To her grandfather, uncle, and brothers, they were already being very generous by allowing her to stay with their in-laws ‘house before marriage.

That was why she waited until after dinner before pushing second uncle to the study upstairs for acupuncture.

“Nuannuan, is there a big problem with my dad’s leg?” Feng shengxuan looked at Nangong Nuannuan nervously.

As Nangong Nuannuan performed acupuncture on her second uncle, she said, ” “It’s not a big problem. Don’t worry, I’m here. I’ll definitely help second uncle recover. Second uncle, when do you plan to have the surgery?”

Nuan Nuan asked Chi zeyao as she performed acupuncture, hoping to ease his pain.

The purpose of the acupuncture was to repair the bone marrow, which was completely different from the usual painless acupuncture. It was very painful to insert this kind of needle.

Chi zeyao's forehead was sweating profusely, but his face was calm. He smiled and asked, "When can I do it?"

"This is up to you, second uncle. My cooking skills are already pretty good now."

If she didn't need a diploma to get into Flying Eagle, she wouldn't even bother to study.

Nangong Nuannuan decided that once she entered the medical department University, she would directly take her master's degree, then her master's degree and Ph.D. Degree, and skip a grade.

Hearing this, Chi zeyao laughed happily and said, "If that's the case, then I'll leave it to you, doctor Nuan Nuan."

"I should. Second uncle, when do you plan to have the surgery?"

"Let's wait for this period of time to pass." After all, there was still something big to do in a few days.

Nangong Nuannuan didn't know that something big was going to happen in a few days. She only thought that her second uncle was thinking that Feng shengxuan still needed to be removed from the hypnosis and that he had to feign civility with Feng Luan.

alright, " he said, nodding. let me know before you go for the surgery. You should go to Angel hospital for the surgery.

"alright," he said.

Chi zeyao had absolute confidence in Nangong Nuannuan.

Nangong Nuannuan then turned to Feng shengxuan and asked, "Feng Kun will definitely contact you after such a big incident. Are you going to leave?"

"Why should I leave?" This was his home.

"After all, you've already been exposed, haven't you? You've already been exposed, what reason do you have to stay in the Chi family?"

"Where did I get exposed? Who saw that I was exposed?" Feng shengxuan went back on his word and said, "The only one who knows I'm exposed is Stephen. Even if they know I'm here, I can tell them that I killed Stephen. I killed Stephen with my own hands.

The spy exposed me again, but I didn't know. The Chi family knows that I'm King, but Feng Kun would never have imagined that my father is old King. My grandfather has long known of my existence, so he must be in a good mood now, thinking that I've been remembered by the Chi family. This way, I can stay in the Feng family until I kill him."

Nangong Nuannuan was speechless. so you don't plan to return to KE? " Big brother, don't forget that you're King!"

Chapter 2375

2375 Flying Eagle (2)

it's fine. There's someone in charge of the matters at KE.

Ever since he found his family, Feng shengxuan didn't want to care about KE anymore. Just like Nangong Nuannuan, he was also a boss who did nothing to manage disheng. The only reason he managed disheng was because he loved Nangong Nuannuan and was willing to do anything for her. But he really didn't want to care about KE yunhua.

Chi zeyao glanced at his son and, for the first time, did not say anything.

after all, he only had one father back then, let alone a father, a grandfather, and a younger cousin. he treated his father like a precious treasure. In fact, he had already remembered his vague identity, but he would rather build another Shengyang group than go back to KE city.

The Chi family's men were all good men who loved their family.

Chi Yang went back home, and after having lunch, he returned to Eagle.

He had been on vacation for the past few days, but he had been so busy that Nangong Nuannuan couldn't ask him what he was doing. She could only stay at home and play with Selina and the others.

because feng shengxuan was at home, bai liyue left after dinner.

Feng shengxuan only glanced at her and didn't call her.

Nuan Nuan didn't tell Bai Liyue about Feng shengxuan's hypnosis. She felt that it was best to find the person who had caused the trouble. Everything should wait until Feng shengxuan was no longer under hypnosis.

However, Baili Yue's identity had indeed shocked Nangong Nuannuan.

She was asking why Chi Yang and her grandfather never asked her about the many things she had done in her previous life, and even helped cover for her at times.

In the end, Chi Yang and her grandfather had already known her identity.

He had never thought that Bai Liyue was actually one of Flying Eagle's men.

"Second uncle, when did sister Yue join Flying Eagle?" Nangong Nuannuan could not help but ask.

"Five years ago."

Feng shengxuan:

Seeing that Feng shengxuan had no intention of asking, Nangong Nuannuan continued, " "But isn't she a member of the KE team? How did you convince her to join Eagle?"

"Yue 'er is a young lady from the Baili family, a hidden family. Back then, the Baili family had their eyes on the resources in KE, so they sold her to me. I raised Yue 'er and she only listens to me. After I recovered some of my memories, I remembered little Xuan and Yue 'er. Because I was afraid that Feng Luan would monitor little Xuan, I could only contact Yue' er in advance. That way, we can get to know more about the situation at KE."

"When Viper died, a Special Agent called shadow sent a message to brother chiyang. Is this person sister Yue?"

"Not bad."

Feng shengxuan:

He had always thought that even if everyone in the world betrayed him, Bai Liyue would never betray him. However, he didn't expect that Bai Liyue's loyal person was not him, but his father.

This feeling made him very uncomfortable.

"Young Madam."

Suddenly, the old Butler called out to Nangong Nuannuan from outside the study.

He opened the door and asked the Butler, "what's the matter?"

"Young Madam, Zhou ruxue is here. She's outside the door and wants to see you. Old master's meaning was that he didn't want to see her, saying that he didn't need to care about her at all because she was no longer a member of the Chi family. However, the old master still asked me to come up and ask for your opinion. If you don't want to see her, I can drive her out."

"Yes, drive her out. I have nothing to say to her. Grandfather Butler, when you chase her out, remember to tell her to repair the Land Rover. The Land Rover's annual review is coming up soon."

"Yes."

The steward slightly nodded. After receiving the order, he informed the guards of the combat Department outside the door.

2376 Visiting parents (3)

The housekeeper didn't even need to do anything, and the guards already drove Zhou ruxue away.

Originally, Zhou ruxue couldn't enter this neighborhood because she had been blacklisted by old master Chi a long time ago. It wasn't easy for her to meet the daughter-in-law of old lady PEI's friend, and she managed to sneak in.

In the end, he was chased out again before he could even see her.

Zhou ruxue was furious and anxious.

Today, old lady PEI had returned from the hospital. She had thought that this matter would be over just like that.

Who knew that the first thing old lady PEI did when she came back was to ask PEI Jitong to drive her out. No matter what she said, it was useless. She even tried to commit suicide, but it was useless.

Old lady PEI had only given her three choices-first, for Chi Yang to forgive her. Even if he didn't forgive her, at least he couldn't resist her. second, get nangong nuannuan to agree to help the pei family corporation. third, introduce feng shengxuan to pei xiyu and guarantee success.

These three choices were all very difficult for her. However, Zhou ruxue felt that as long as she was willing to go all out, it wasn't completely impossible.

However, she had to at least see Nangong Nuannuan first!

at that moment, zhou ruxue hated old lady pei to the core.

If she had not asked her to send Nangong Nuannuan away so that Shi Yalin and Chi Yang could be together, she would not have offended her daughter-in-law.

If she had been on good terms with Nangong Nuannuan from the start, on one hand, Nangong Nuannuan would not have hated her. On the other hand, Chi Yang liked Nangong Nuannuan so much. Perhaps he could have eased their relationship on Nangong Nuannuan's account.

After Zhou ruxue was kicked out of the compound, she still didn't give up.

She had to see Nangong Nuannuan today. If she didn't see him, she wouldn't be able to go home.

Back at the Chi family, after Nangong Nuannuan had performed acupuncture on her second uncle, she went downstairs with Feng shengxuan. However, she saw her elder brother, Nangong Jin, preparing to leave in an angry manner.

"Big brother, where are you going?"

"The school."

Nangong Nuannuan was taken aback. is it little sun's school or little Ling 'er's school? "

"Little Ling 'er is so well-behaved, and the teacher has never called her parents. Only that brat's parents are often called."

"do we have to invite our parents over for the summer break?" After all, she had already finished her college entrance examination.

"They just finished their exams three days ago. The Butler was supposed to attend Today's Parent-teacher meeting, but the principal insisted on meeting their parents."

Nangong Nuannuan thought about the factory that little sun had set up in school last time, and she broke out in a cold sweat for this good man. She wondered what kind of trouble he had come up with this time.

After all, her big brother did not dote on children at all.

If her big brother caught his little tail, he would probably be a lizard with a broken tail today.

Seeing that Nangong Jin was about to leave with a sullen face, Nangong Nuannuan couldn't help but worry. She hurriedly said, " "Big brother, why don't I go with you?"

Nangong Jin looked at her and knew that she was going to support that brat. He refused, " "No need,"

"You should let me go with you. During this period of time, sister-in-law can't accompany you to various variety activities. When children look for their parents, it's usually the woman who will communicate with the teacher. It'll be more difficult to communicate with someone like you who's so rigid. How about it, just let me go."

Nangong Jin thought for a moment and nodded in agreement.

Nangong Nuannuan greeted her two grandfathers and followed her brother to little sun's school.

2377 Kneeling (4)

As soon as the car left the entrance, it was spotted by Zhou ruxue, who was wandering around.

In order to return to the PEI family, Zhou ruxue rushed to Nangong Jin's car and blocked Nangong Nuannuan's way with her arms.

Nangong Jin furrowed his brows. you stay in the car. I'll go down and check on her.

When Nangong Nuannuan saw Zhou ruxue, her expression also turned cold. "No need, I'll just go down and say a few words to her."

After saying that, Nangong Nuannuan was the first to open the car door and get out.

Seeing Nangong Nuannuan get out of the car, Zhou ruxue's eyes lit up. She quickly ran to Nangong Nuannuan and tried to hold her arm.

However, Nangong Nuannuan had no intention of letting Zhou ruxue touch her. When Zhou ruxue reached out her hand, Nangong Nuannuan pulled it away.

"Ms. Zhou, don't use your hands. Just say what you want to say. I don't think our relationship is so deep that we can hold hands."

Nangong Nuannuan's words could be said to be very impolite. If it was in the past, Zhou ruxue would definitely have jumped up in anger.

However, in order to return to the PEI family and complete her mission, she couldn't care less.

"Nuannuan, I've let you down for what happened before. actually, i really like you as my daughter-in-law, but you also know that mom and your uncle pei got married halfway. it has been really difficult for mom to get through these 17 years. the old lady of the pei family is a very strong person. at that time, she asked me to drive you away and give the position of the chi family's granddaughter-in-law to shi yalin. i had no choice but to offend you. Nuannuan, I've always liked you. You're more beautiful than Shi Yalin, your status is more important than Shi Yalin's, and you're more sensible than her. To me, you're really much better than Shi Yalin. Mommy, Yingluo "

"Ms. Zhou, I'll give you a warning. I'll only give you three minutes. Three minutes, finish what you have to say and don't come looking for me or brother chiyang anymore. When you speak, don't f * ck me. Brother chiyang has already cut off all ties with you. If you continue to take advantage of me, you won't

even have three minutes left. So, you'd better be careful when you speak. I don't have the patience to correct you."

After hearing Nangong Nuannuan's words, Zhou ruxue started crying.

"I know, I know. It's all my fault. I messed everything up. I shouldn't have betrayed Chi Yang's father, but I'm just a weak woman, I also want a warm embrace ah "

nangong nuannuan stood rooted to the ground as she watched zhou ruxue cry. After a few cries, she reminded him, " "Two more minutes."

When Zhou ruxue heard this, she knew that Nangong Nuannuan had really calculated the time for her. He cursed in his heart, how could he finish in two minutes? But in terms of action, he had to say what he wanted to say quickly.

Zhou ruxue knew Nangong Nuannuan's temper to some extent. She felt that this daughter-in-law wouldn't listen to her as a mother-in-law.

Therefore, in the next moment, Zhou ruxue knelt down in front of Nangong Nuannuan.

"Nuannuan, please help me! For Chi Yang's sake, please help me. "

"For the sake of big brother chiyang, I won't hit him when he's down. It's impossible for me to help him. So, just tell me what you want. It's not too much, and I might consider it. "

After all, she was also brother chiyang's mother. Although she really hated this woman, she didn't want to bring too much trouble to brother chiyang.

"I've been chased out of the PEI family. My mother-in-law said that if I can't convince you, then I'll never be able to enter the PEI family again."

"Convince me?" Nangong Nuannuan was confused, 'what are you trying to convince me about? You want brother chiyang to acknowledge your PEI family? Stop dreaming!"

"No! No!" Zhou ruxue immediately shook her head and said, "she gave me three choices. one was to let chi yang ease our relationship, one was to ask you to help our pei family overcome this crisis, and the other was to ask yingluo to introduce your subordinate, feng shengxuan, to xiyu. As long as I accomplish anything, I can return to the PEI family."

Nangong Nuannuan looked at Zhou ruxue with interest. She really couldn't understand how a woman like her could catch the eye of a man like Kaho Chize, and how she could give birth to a man like brother chiyang who was so righteous.

"nuan nuan, i know you're unhappy that i gave you ten million to leave chiyang, but yingluo, i'm begging you, please help me on account that i'm chiyang's mother. You can either discuss with Chi Yang when you'll come to the PEI family for a meal and build a good relationship with old lady PEI, or you can take

out seven or eight billion to help the PEI family, or you can bid for the land in Chengnan and give it to the PEI family group, or you can let Feng shengxuan marry Xiyu. these three things aren't difficult for you. as long as you help me, my position will be stable."

"are you done?"

Zhou ruxue nodded and said,"I'm done." Just these. Nuannuan, which one are you going to choose? I don't think you'll lose anything in the second and third places. Disheng group is one of the top three companies on glory planet. Your company's liquid capital is more than 200 billion (D) saibojin. Taking out seven to eight billion kaminojin is just a drop in the ocean for you. Or if you think it's too much, you can introduce Feng shengxuan to Xiyu. This way, you won't have to lose money, and you won't have to persuade Chi Yang. Chi Yang has a stubborn temper, I'm afraid it'll be difficult for him to admit Ji Tong."

Nangong Nuannuan looked at the time and said, " "Three minutes are up."

"Then make a choice."

Seeing that Nangong Nuannuan was about to walk around her, Zhou ruxue quickly stopped her.

Nangong Nuannuan smiled. Madam Zhou, " she said, " there's something that I'm very confused about.

"What?"

"If PEI Jitong seduced you because you were Chi Yang's mother and he wanted to build a relationship with the Chi family through you, then I'm very curious. How did brother Chi Yang's father like you? Don't tell me you shamelessly drugged his father and maliciously raped him. After that, you got pregnant with brother chiyang, and you married my father-in-law because of your son? otherwise, i really can't understand how a flower vase like you, who has a low eq and iq, could catch my father-in-law's eye back then."

Nangong Nuannuan's words made Zhou ruxue's expression turn ugly.

"Brother Hao and I are in love!" zhou ruxue angrily said.

"So you're thinking of hooking up with another man in her mourning hall right after he died? Then you guys really do agree! If I didn't know better, I would have thought that you two were just in love. Otherwise, how could you be so charming when you see some random man?"

2379 I'll do it (1)

Zhou ruxue's face turned the color of a pig's liver from Nangong Nuannuan's words, and she was unable to contain her anger.

As for Nangong Nuannuan, she took the opportunity to walk around her and leave.

"you're not allowed to leave!"

zhou ruxue came back to her senses. she didn't think that nangong nuannuan, as a daughter-in-law, would try to leave after shamelessly lecturing her mother-in-law. she had embarrassed zhou ruxue and failed to achieve her goal.

Why?

Hence, she quickly ran in front of Nangong Nuannuan.

Nangong Nuannuan looked at her and raised her brows.

"You're not allowed to leave? What right do you think you have to use the word 'not allowed' on me?"

Zhou ruxue choked, and her attitude immediately softened.

"Nuannuan, no matter what, you're my daughter-in-law. If I'm not doing well, you'll have to take care of me when I'm old. if that's the case, why don't you create a good living environment for me? that way, my life will be better and i won't trouble you and chi yang too much, don't you think so?"

Nangong Nuannuan smiled. I remember that both brother chiyang and grandfather told me in front of you that you and brother chiyang are no longer mother and son in the law. You have nothing to do with the Chi family anymore, right? " Do you know what it means to legally break off the mother-son relationship? What he meant was, even if you died and your corpse was found on the streets, brother chiyang would not have the obligation to collect your corpse, let alone take care of you in your old age. Even brother chiyang doesn't have such an obligation. Madam Zhou, Who Do You Think You Are to bring up these three conditions with me?"

Zhou ruxue's face was completely red, and her beautiful eyes were filled with disbelief and shock.

"But I'm chi Yang's mother, this is unquestionable! I was the one who gave birth to Chi Yang, so why can't he take care of me when I'm old? You have so much money and such a big company, why can't you help me? Don't you know how other people's mother-in-law make things difficult for their daughter-in-law? I only made things difficult for you back then, why are you so angry? No matter how rich you are, I'm still your mother-in-law and your elder. You have the obligation to take care of me when I'm old."

"Ms. Zhou, this should be the last time I'm talking so much to you. Please check the laws and regulations before you say these things in the future to see if I have any obligations. There are too many pitiful people in the world. I'm not doing charity, and I shouldn't help just because someone is pitiful. You can go back and tell old lady PEI and PEI Jitong that they were wrong when PEI Jitong seduced you back then. The PEI family took advantage of the Chi family's painful experience to hit them when they were down. It was their greatest kindness that the Chi family did not hit them when they were down. If you come and bother me again, I'll let the PEI family know that, as your so-called daughter-in-law, not only will I not help you, but I'll also spare no effort to attack the PEI family. This was their punishment for being annoying flies. Get lost!"

Nangong Nuannuan didn't waste any more time talking to Zhou ruxue and got into the car.

However, how could Zhou ruxue let Nangong Nuannuan leave just like that? She had finally found Nangong Nuannuan.

Therefore, Zhou ruxue immediately stepped forward and stopped Nangong Jin's car.

Just as Nangong Jin was about to start the car, he saw Zhou ruxue blocking the front of the car. Just as he was about to get out of the car, Nangong Nuannuan stopped him.

“I’ll drive.”

Nangong Jin frowned. Nuan Nuan.

“Big brother, you let me win.”

Chapter 2380

2380 she also has to be able to sow discord (2)

Nangong Nuannuan was thoroughly disgusted by Zhou ruxue. She didn’t want to waste any more time talking to her. This kind of woman was suitable to use violence against violence.

Nangong Jin and Nangong Nuannuan passed by each other easily, and Nangong Nuannuan sat in the driver’s seat.

Zhou ruxue saw them switch positions, but she still spread her arms in front of the car.

She didn’t believe that Nangong Nuannuan would dare to bump into her again.

Who knew that the next moment, Nangong Nuannuan would reverse the car at a high speed.

Seeing this, Zhou ruxue was afraid that mo tiange would drive the car away in the other direction, so she immediately rushed forward.

Nangong Nuannuan’s speed of retreat was definitely faster than Zhou ruxue’s, but Zhou ruxue’s reaction speed was also very fast.

She had thought that Nangong Nuannuan was going to escape in the other direction, but instead, Nangong Nuannuan stepped on the gas pedal in her direction.

The car that was originally retreating quickly rushed towards her. Seeing that it was about to crash into her, it didn’t have any intention of slowing down. Zhou ruxue was scared out of her wits. She screamed and her legs went soft as she fell to the ground.

“Nuannuan,” Nangong Jin also called out. He thought that the car was about to crash into Zhou ruxue.

However, the speeding car suddenly stopped one centimeter away from Zhou ruxue.

zhou ruxue’s face was deathly pale, and her legs went soft.

After making sure that Zhou ruxue couldn’t cause any more trouble, Nangong Nuannuan reversed the car and drove off in another direction.

Zhou ruxue fell to the ground, her legs trembling in fear. She couldn’t stand up at all.

The security guard at the entrance of the community saw this and did not have any intention of helping her.

After all, this was a woman who had already been blacklisted by the old Marshal Chi, so he was determined not to let her get in. They had even gone to greet The General's Daughter-in-law, who had secretly brought this woman in. In the future, they would check the people in the car when their family entered and left.

When the general heard this, he asked them to apologize to old Marshal Chi and then gave his daughter-in-law a good scolding.

thus, when the guards saw Zhou Ruxue's miserable appearance, they felt that she deserved it.

Aren't you afraid that she'll try to sow discord between you and her husband after she gets on good terms with Chiyang? " Nangong Jin asked with a smile. However, as the older brother, Nangong Jin was very much in favor of his sister's temper.

"She has to be able to successfully sow discord. Brother Chiyang and grandfather don't even acknowledge her, what position does she have to provoke me? Even if I were to suppress the PEI family after a while, she would have no choice but to cry, throw a tantrum, and hang herself, let alone treat her like this."

Nangong Jin's eyes were filled with smiles.

If Zhou Ruxue met someone like his little sister, the only thing she could do was cry herself to death.

Soon, Nangong Nuannuan accompanied her brother to Little Sun's school.

Because she had accompanied Little Sun to an event last time, Nangong Nuannuan had a high opinion of the teachers and principal of this school.

The homeroom teacher was not afraid of power. Even in the face of threats and resignation, he always stood on the side of reason.

The principal was the only person who knew Little Sun's identity. However, even though he clearly knew Little Sun's identity, the principal could still speak bluntly in the face of Little Sun's factory. Those who needed to find their parents found their parents, and those who needed to find their own problems found their own problems.
