Chapter 2471

2471 transfer (1)

After saying that, he turned to the financial director, yang mingkun, who had betrayed Cang mingya and transferred the money to Huang tianyun's account, and said, "Director yang, transfer the money to the fund after the meeting. Do you know that?"

"Yes, I know." since huang tianyun had given the order, he naturally wouldn't object.

However, Gu Wanyan's beautiful eyes could not help but twist.

She didn't even need to think to know that Nangong Zheng was trying to drive a wedge between her and her husband.

She really didn't expect that this bastard child, who she had looked down on before and couldn't be bothered to care about, would grow to such a state now.

On the way from the guard office to mingya international, Huang tianyun's subordinates had already reported to him that several artists of the company had been signed to another studio on canglan star.

Originally, he was going to take care of canglan star today, but now that Nangong Zheng was here, he couldn't say anything. Moreover, he felt that as long as canglan star was willing to help him and let the Huang family get back on the right track, he could let go of mingya international.

Therefore, he swallowed the words that were on the tip of his tongue.

Xingxing, other than dad, you're the biggest shareholder of the company now. Do you have anything else to discuss? "

When Huang tianyun kept talking about his father and the Huang group, she knew what he was planning.

However, would she let him have his way?

back then, she had wanted the uncle to back her up because she wanted huang tianyun to be wary of her. Now that she had achieved her goal, she was too embarrassed to keep letting Nangong Zheng, this super big Shot, sit here.

Cang LAN star threw the pen in his hand on the table like a master and said, " "No, that's all. Let's end the meeting."

Then, he stood up without waiting for the Chairman's instructions.

Nangong Zheng naturally stood up after the meeting was over.

Seeing that Cang LAN star was about to leave with Nangong Zheng, Gu Yu did not want to be compared to him, nor did he want Huang tianyun to hate her and abandon her. He immediately smiled and asked, " Chairman Nangong, how's my daughter Selena doing? "

After all, Selina was Nangong Nuannuan's best friend. She thought that the Nangong family must have spared the Huang family because of Selina.

Selina was stubborn and didn't acknowledge her as her mother, but there was no doubt that she was.

This was also the reason why Huang Tianyun didn't divorce her even after the Huang family was affected.

Because Huang Tianyun also knew of this relationship.

If Nangong Zheng could answer her, she would gain more points in Huang Tianyun's heart. Huang Tianyun might have pretended not to have heard Nangong Zheng's words just now.

However, Nangong Zheng was not a fool. After specially investigating the family situation on planet Canglan, he understood her situation. Since he came here to support this young man, why would he bother with Gu Wanyan?

If Gu Jiayan and Selina were on good terms, no matter how much he hated her, he would still give her some face for Selina's sake. But both Selina and planet Canglan were sacrifices of this family.

The man had abandoned his girlfriend and son for Gu Wanyan, and the woman had abandoned her boyfriend and daughter for Huang Tianyun. Moreover, their attitudes towards their illegitimate children were extremely abominable.

Chapter 2472

2472 I'm Selina's mother (2)

This really confirmed the saying-a-tch and-dog will last forever.

Therefore, when Gu Huiyan walked to Nangong Zheng's side and blocked his way just to beg him to speak to her, Nangong Zheng put his hand on Canglan Star's shoulder in a feigned intimacy.

Nangong Zheng's two bodyguards also knew what to do. They immediately pushed Gu Wanyan away, separating her from their young master.

Gu Wanyan staggered from the merciless push. Finally, she lost her balance and screamed in pain before falling down.

Fortunately, this was a meeting room and there were chairs everywhere. Coincidentally, that chair belonged to Gu Wanyan. When she stood up just now, she turned the chair around and fell directly on it. The force even made the chair move back a lot. It hit the table with a "bang" and bounced back a little before it stabilized.

Gu Wanyan was so scared that her face turned pale.

"The hotpot there is very good. I've already asked the boss to book the entire second floor. It's said that his family's beef tenderloin, pork throat, foie gras, fried crisp meat, and Shuai Bing are all top-notch."

As Nangong Zheng was speaking, he could feel a sweet fragrance entering his nose.

The sweet taste was a little like a strawberry lollipop, but it was not that sweet.

That sweet smell seemed to come from the body of Cang LAN star, giving his entire body a light sweetness.

Not only that, he also discovered that Cang LAN star was not only small, but his body was also especially soft.

It felt small and thin.

This young man always made him want to protect him.

Nangong Zheng realized that his heart had skipped a beat. He was a sensitive person, so he had a thought when he missed this beat, be it in regards to his business or his own feelings.

complete request!

Could he have turned gay?

Thinking of this, he suddenly felt a rush of blood and subconsciously wanted him to move his hand away from Cang LAN star's shoulder.

However, he thought that he was here today to be Cang LAN star's backer. Of course, he had to be a good backer. What did he mean by turning back halfway?

Thus, Nangong Zheng could only suppress his shock and smell the sweet fragrance from Cang LAN star. He could feel her soft little body causing his heart to skip a beat and speed up. He was puzzled about his entire life.

Missing a shot was real, becoming faster was also real, so it was also real that Qianqian turned gay?

All of a sudden, Nangong Zheng felt that he had let down his grandfather, who had taught him how to be a good person, his parents, and himself.

The promised few years of leave after marriage and having children would not only be ruined, but if he really turned gay, Grandpa might break his legs.

Nangong Zheng's mood instantly turned extremely irritable.

"What are you guys doing? I'm Selina's mother. Do you know who Selina is? Selina was Nangong Nuannuan's best friend. Do you have any manners when you push me like this?"

Nangong Zheng had no intention of paying attention to Gu Wanyan at all. He only put his arm around Cang LAN star's shoulder like a close brother and talked about eating hot pot.

But at this moment, he was feeling frustrated and could not find a place to vent his emotions. After hearing Gu Wanyan's words, he directly took her as a punching bag.

" you keep calling yourself selina's mother. do you think she acknowledges you? "

Gu Yuyan:

"If she had acknowledged you, would Huang tianyun have been so miserable?"

Gu Yuyan:

Chapter2473 You shut up (3)

" they don't even acknowledge you as their mother, so you don't need to make yourself known in front of me. i didn't want to deal with the huang family, but now i'm helping selina deal with the huang family. by the way, chairman huang, your huang group's resort in dizhou's suburbs doesn't seem to be selling well! Have you ever thought of selling it at a low price?"

Gu Yuyan:

Hearing this, Huang tianyun's face turned pale. "No, no, no," he quickly shook his head. I've never thought of selling it at a low price."

With that, she rushed to Gu Wanyan's side, raised her hand, and slapped the face of this incompetent woman in front of all the directors of mingya international. Gu Wanyan's mouth was crooked.

Gu Wanyan's well-done hair was also messed up by the slap, and a lot of her hair was pulled to the front.

After Gu Wanyan let out a scream, her eyes were filled with tears, but she did not dare to make a sound. She looked like she was begging for mercy.

Cang LAN star looked on from the side and said to Nangong Zheng, " uncle, you can't urge Chairman Huang to teach her a lesson like this!

"Why?"

"Because I'm afraid that when you go downstairs later, the police will say that you broke her hand. you don't know how ruthless this woman is. I didn't break her and her son and daughter's arms at all. She insisted that I did it. In order to frame me and put me in jail, she simply broke all her son and daughter's arms. You can't afford to offend this kind of person?"

"Cang LAN star!"

"You shut up! Wasn't this your doing? If you didn't humiliate Xingxing and her mother, would he hit you?"

Huang tianyun was afraid that Gu Wanyan would say something she shouldn't have said in a moment of anger, so he immediately retorted. But he didn't clear Cang LAN star's name. It was because his son had gone too far.

He had actually been sent to the guard post for so many days.

Fortunately, the Huang group hadn't gone bankrupt yet. If it did, he might really fail in an easy task.

In the past, no matter what happened, Gu youyan would always stand aside and watch the mother and son make fun of each other. However, ever since Nangong Zheng appeared, she had a feeling that this feeling would be broken.

A sense of panic hit him.

Nangong Zheng smiled when he heard their words, "if she's so capable, she can poke her own eyes. Maybe the police will really take me away.

Gu Yuyan:

Huang tianyun:

"let's go and eat hotpot."

"Alright," he said.

Cang LAN star smiled slightly, his originally bewitching peach blossom eyes turned into a curved shape, making this originally extremely handsome young man instantly have a touch of clear purity in his roguish air.

Canglan star had just stepped out of the conference room when Huang tianyun gave Gu Wanyan a tight slap.

"Dad, why did you hit mom? It's all that bastard's fault. Didn't you realize that that bastard specifically asked Nangong Zheng to come and disgust us? He's simply evil. He just wants to see you and your mother turn against each other and take revenge for his fat pig mother. Dad, don't fall into his trap-ah!"

Before Huang Yuhang could finish his sentence, Huang tianyun slapped him across the face.

"bastard, bastard, you call me bastard every time you speak, are you used to it? he's your brother! I don't care if he's here to sow discord or not, but he can bring benefits to the Huang group. What about you?"

Chapter 2474

2474 what are you looking at 4

"Ah? All of them only knew how to drag the Huang group down! If it wasn't for your mother and your sister, would the Huang group have fallen to such a state? You don't know how to reflect on yourself, yet you still act like you're invincible. Is your brain covered in pig shit? What an idiot! I'm so stupid!"

Huang tianyun recalled what Nangong Zheng had just said. Nangong Zheng was the son of Kamino's number one wealthy family and the vice-chairman of the Imperial Group. How could he know about his villa in the suburbs and even want to buy Yingluo at a low price?

Huang tianyun didn't even dare to think about this.

The reason why the Huang group hadn't gone completely bankrupt yet was that there was still a project worth tens of billions that had been filed and priced by the real estate Department after the incident.

After the incident, they could only wait for the construction to be completed and sell it directly.

Although it was affected by the Nangong family, none of the wealthy families who knew about the grudges between the Nangong family and the Huang family would buy the houses here. However, in such a big country, not only the wealthy families in dizhou state would buy the houses here. some of the

coal bosses from shazhou had bought a few sets, or they had agreed to buy together with a few brothers.

Therefore, his funds were still slowly coming back.

Now, he was 10 units away from paying off the bank loan. The rest of the money would be his own.

He could at least recover 7 billion from the remaining 35 houses.

7 billion was already the number one clan in other S-Class state cities. He could still start all over again in the city on his back.

However, if Nangong Zheng really wanted to sell it, he would probably never be able to sell it again.

The bank's loan was about to be paid up, and if he couldn't pay it back, he would keep using his house as collateral.

If this continued, he would definitely be exhausted to death, let alone the wealthy class.

Thinking of this, Huang tianyun became more and more afraid. He looked angrily at Gu mingyan, who was curled up in front of the conference table and crying while covering her swollen face. He roared, "Why are you crying? Do you think I won't beat you to death if you keep crying?"

Gu youyan was so frightened by this sudden shout that she cowered and looked at Huang tianyun in horror. from the corner of her eye, she saw so many senior executives of mingya international looking at her and instantly felt a huge sense of humiliation.

"Gu mingyan, I've already tolerated you when you tried to sow discord between Xingxing and her son in the past. But look, in order to anger Xingxing and his mother, you've gotten Nangong Zheng involved in such a small matter. For you, I even entered the prison! I'm telling you, my patience for you and you has reached its limit. You have two choices now. You can either pray that Nangong Zheng doesn't attack my villa, or you can go to your daughter, Selina, and ask her to help me solve this problem. Otherwise, you can just wait for the divorce! I'm telling you, if we get a divorce, you won't get a single cent!"

After saying that, Huang tianyun left in a hurry and chased after them, leaving Gu youyan and her mother awkwardly in the meeting room for the directors to admire.

"What are you looking at? What was there to see? Did you have nothing better to do? Do you want to double your workload?"

The board members looked at each other, one of them had a good relationship with Cang LAN star, he was the descendant of Grandpa Cang's generation of colleagues, he sneered and said,"Madam Huang, we're the Board of Directors of mingya international and one of the bosses. You might not be able to double our workload. I think the most rational thing to do is to think about how to deal with the current situation and protect your marriage."

Chapter 2475

2475 Why don't we go together (1)

“You’re so silly!”

gu wanyan was so angry that she could not even breathe properly. she could only watch as these completely disobedient directors walked away arrogantly.

The irresponsible directors of mingya international had already sold their shares to the Huang family, and the remaining people were those who followed old Mr. Cang, Cang mingya, and canglan star to conquer the world. Even though these people knew that mingya international couldn’t gain any benefits, they still wanted to stand with Cang mingya and canglan star. This was enough to show that these people wouldn’t listen to her at all.

Hence, Gu youyan could only watch these infuriating old things leave.

“Xingxing, wait! The stars are shining.”

After Huang tianyun came down from another elevator, he sprinted out of the hall. At this moment, planet canglan had already opened the door of Nangong Zheng’s white Ferrari. Just as she was about to get in, Huang tianyun anxiously shouted and finally stopped her before planet canglan left.

Chairman Huang, if the meeting isn’t over, you can send someone to call me. You’re so fat, and you’re running for your life in a 100-meter sprint. If you die from a heart attack, it won’t be worth it.

Cang LAN star’s venomous tongue had always been the main reason why Huang tianyun hated her and could not tolerate her. Because of Cang mingya, Cang LAN star never gave Huang tianyun a good face. Of course, Huang tianyun also never gave his “son” a good face.

But now that he was rebuked, Huang tianyun only laughed. His face, which had rapidly aged because of his worry about money, was filled with the smile of an old father.

“You child, are you worried about your father? Don’t worry, father’s health is still very good.”

Cang LAN star wanted to puke. His face darkened and he said, “Chairman Huang, please don’t claim to be a relative. I’ve already said that I don’t have a father! Don’t you understand human language?”

“You child! I know you’re angry with your father, but we’re father and son, how could there be such a deep hatred between us?” After saying that, he was afraid that star Cang LAN would scold him in front of Nangong Zheng, so he said, “are you going to eat hotpot with chairman nangong? Which hotpot? Daddy also loves to eat hotpot. Why don’t we eat together? How about I treat you and Chairman Nangong to hot pot?”

“Hehe.” Cang LAN star was completely disgusted by Huang tianyun’s shamelessness. He laughed at Huang tianyun, opened the car door, got in, and closed the door.

Huang tianyun was about to smile and ask Nangong Zheng for permission, but Nangong Zheng suddenly stepped on the gas. The loud sound of the engine made Huang tianyun’s heart tremble. Immediately after, his face was covered in exhaust.

It was summer and the air conditioner in the car was very good. The heat from the air conditioner and the exhaust of the car made a roar that made people’s hearts beat faster. It was a wonderful feeling.

Huang tianyun almost couldn't hold it in and cursed Cang LAN star to death, but after thinking about it, he endured it.

Standing alone at the entrance of mingya international, Huang tianyun suddenly felt a little regretful.

Why didn't he keep Cang LAN star by his side?

although cang mingya had gotten fat during her pregnancy, which made him feel disgusted and unacceptable. But Cang LAN star was his own son!

At that time, the Huang family was developing well. Even his father asked him to bring the children from outside back to the Huang family to raise. But why didn't he agree at the beginning?

If he had brought the Huang family back then, then Cang LAN star would definitely be on the same side as him now. Why would he need to worry about the Huang family collapsing?

Chapter 2476

2476 Eating too much sugar will make you grow rotten teeth (2)

It's all that bitch Gu Wanyan's fault!

If it wasn't for her desire to monopolize the Huang family and let Huang Yuhang monopolize the Huang family's resources in the future, why would he let her provoke his relationship with Cang LAN star to become more and more incompatible?

regret!

He really regretted it so much that his intestines turned green.

Cang LAN star sat in a luxurious Ferrari and looked at Nangong Zheng, who was driving seriously. He thanked him sincerely."Uncle, thank you for helping me. I'm already super grateful to you for coming to the police station to save me last time, and you've helped me so much today. I really don't know how to thank you."

When Cang LAN star spoke, her jelly-like pink lips moved. The sweetness in his mouth sprayed on his face and drifted into his nostrils, making him feel as if the entire car had turned sweet.

"Cang LAN star, you haven't brushed your teeth, right?"

"Yingluo?"

Cang LAN star didn't expect that her thanks would only get the uncle to say that she had bad breath.

This was a little embarrassing!

Cang LAN star's face turned slightly red, and she quickly covered her mouth with both hands. Then, she secretly blew on her palms and sniffed.

it doesn't smell, yingluo.

She glanced at Nangong Zheng, who was driving seriously. He didn't seem to be joking, so she immediately took out the mirror and looked at her neatly arranged white teeth.

It was very clean!

Canglan star heaved a sigh of relief, her face was puffed up as she said to Nangong Zheng, "I just brushed my teeth! I brushed my teeth in the morning, and after breakfast, I immediately rinsed my mouth with mouthwash. If you don't believe me, you can see that my teeth are clean."

After saying that, she was afraid that the uncle would despise her, so she immediately showed her neatly arranged teeth.

While Nangong Zheng was driving, he took the opportunity to take a look at the teeth of planet Cang LAN.

It was not a big deal when he looked at it, but he almost fell into a trance.

It was only when the car behind them started to honk that Nangong Zheng quickly turned the steering wheel and snapped out of his daze. But he couldn't help but curse her in his heart!

How are these teeth that a boy should have?

Even if a boy's teeth were pretty, they shouldn't look like this, right?

Putting aside the fact that the teeth were neatly arranged and clean, why were the kid's teeth as small as pearls?

they were like the teeth of a girl.

Wasn't she a little too cute?

Seeing that Nangong Zheng did not bother with her, star Cang LAN explained, really, uncle, I really did rinse my mouth. Did you smell something else? "

"It's the taste in your mouth," Nangong Zheng insisted.

Canglan star, Wufu is depressed.

"Strawberry flavor."

"Zhenzhen, huh?" Cang LAN star was stunned.

"You smell like strawberry ... Even when you talk to me. Cang LAN star, how old are you?"

"18 years old!"

"you're already an 18-year-old boy, yet you still put a bunch of candy in your pocket every day. are you still a child?"

"....."

"Don't you know that if you eat too much sugar, you'll grow fangs?"

“But you’re already so old, aren’t you still eating candy?” This uncle was really ... Why did he only talk about her and not herself?

She was still a girl, but this uncle was a boy! Ah, no, it was a man! A mature man!

Nangong Zheng was choked by Canglan star’s words and immediately retorted, “Do I eat as much as you? to tell you the truth, i only eat a few candies a day, and i love milk candies.”

2477 Sweet all over (3)

“I’m not like you. You always eat fruit-flavored candies, and most of them are strawberries. Don’t you know that only girls eat this kind of candy? You’re about to become a man, but you eat strawberry candy every day and your whole body is covered in the smell of strawberries. Are you very proud?”

Cang LAN star’s mouth was wide open as she looked at Nangong Zheng, who was lecturing her non-stop. She suddenly felt that he was like a mother.

Because her mother used to tell her not to eat so much candy, because too much candy would make her teeth rot.

But she just liked candy, and she only liked fruit-flavored candy. She especially loved strawberries.

So, huhu

Cang LAN star blew on his palm again and sniffed a few times in confusion.

Could it be that she had eaten too many strawberries, so there was a strawberry smell on her body?

However, he couldn’t smell it after a long time.

“I don’t smell it.”

After saying that, he reached out his hand and sniffed under his armpit, saying, “I still can’t smell it.”

Nangong Zheng:

Nangong Zheng couldn’t hold it in any longer and reached out to ruffle his hair.

This kid, why was he so funny?

“Whose body fragrance is under the armpits?” nangong zheng couldn’t help but ask.

Cang LAN star was stunned, his eyes lit up and then he laughed, “So uncle, you think I smell good! Then I can rest assured! I thought you thought I was stinky!”

Nangong Zheng:

Did he say that he thought he was stinky?

He could clearly smell the sweet scent on his body from the moment they got close!

“where does your mom live?”

“What?” Cang LAN star was stunned by this sudden turn of events.

“When I saw your mother that day, she felt a little off, be it in terms of her figure or the way she spoke. My sister is very good at acupuncture and can be said to be an expert in regulating endocrine. In terms of acupuncture and Pharmacology, if she is second, I’m afraid no one would dare to claim to be first.

I told her about your mother’s condition the other day. She said that if it’s about endocrine, she can definitely cure it. if it was an incurable endocrine disease, it must be something else. I invited my sister out for a meal today and suddenly thought of you. But I didn’t have your number, so I came to your company. Oh right, Yingluo ”

Nangong Zheng passed his phone to Cang LAN star and said,”Enter your phone number into my phone. You can also give me a call. If your mother has any problems, she can look for me at any time.”

Cang LAN star looked at Nangong Zheng in a daze. Actually, when she asked Nangong Zheng for help, the company was just a cover. To her, nothing was more important than her mother.

She had been amazed by Nangong Nuannuan’s medical skills on TV. At that time, she had wondered if her mother’s endocrine problems would be cured if Nangong Nuannuan was so powerful that she could even cure that kind of poison.

It didn’t matter even if her mother was still fat, as long as she didn’t step in like an idiot.

But now, Nangong Zheng had actually suggested to help her ask his sister out. cang lan star’s heart was filled with excitement.

If it wasn’t for the fact that she knew Nangong Zheng wouldn’t be interested in her since he was so well-off, she would have been willing to marry him.

After all, he was a tall, rich, and handsome man. He was also a cute uncle who loved to eat candy and had a childlike heart. He was also kind and willing to help others.

Only a fool would not be moved by such a man, right?

No, even a fool would be tempted.

“Why are you looking at me?”

Chapter 2478

2478 Uncle, thank you (4)

“Uncle, thank you!” Cang LAN star said very, very, very seriously: “Vacuum, thank you very much! Actually, Yingluo, I didn’t come to you just to ask for your help. I also wanted to get to know your sister through you after we became friends.

It doesn’t matter if I don’t own mingya international. I have a way to protect mingya international. I also have a way to support myself and my mother. But I only have one relative, so compared to mingya international, I’d rather get to know your sister, miss Nangong. No matter how much she wants me to pay, I’m willing to do it. ”

Looking at Cang Lan Xing's emotional speech, his eyes already starting to sparkle, Nangong Zheng was afraid that he would cry, so he quickly said, "Hold back your horse piss! You're a man! You must always remember that you are a man! Don't cry so easily! I introduced my sister to you. It's as easy as lifting a finger for me. Since I've already recognized you as my friend, I won't be stingy if I can help you. Why are you crying?"

Cang LAN star's face turned red again. She didn't cry often. After all, no one would feel sorry for her and her mother even if she cried.

she was just too excited just now.

The car had already taken a detour, but neither of them minded the small detour.

When Nangong Zheng and Cang mingya arrived at the hotpot restaurant, Nangong Nuannuan and Selena were already waiting for them.

Let me introduce you. This is my sister, Nangong Nuannuan, and this is her friend, Selina.

Nangong Nuannuan was even more beautiful in person than on television. She was so beautiful that people could not take their eyes off her.

Selina, on the other hand, was stunned.

The moment they saw Selina, canglan star was still dazed.

She had seen Selina on TV, in movies, in entertainment news, and on business channels.

He really couldn't believe that such an outstanding girl was actually Gu Wanyan's biological daughter.

Although Selina was obviously of mixed blood, her physical appearance was quite similar to Gu Wanyan's, except that she was more three-dimensional, more beautiful, and more elegant than Gu Wanyan.

Thinking of his and Selina's identities, he felt a little awkward.

She was Huang tianyun's daughter with another woman before he got married, and Selina was Gu Wanyan's daughter with another man before she got married.

They were both the ones who had been abandoned.

hello, miss nangong and miss selina! "

Nangong Nuannuan glanced at the boy her brother had mentioned who wanted to go on a blind date with her. Even without using her x-ray vision, she could tell that something was wrong.

How could a boy be so good-looking without surgery? She was obviously a girl!

Nangong Nuan looked at the well-made fake Adam's apple and secretly used her x-ray vision to look at her flat chest. She warmly greeted her future sister-in-law, star canglan, and said, "Hello, young master Cang!"

Seeing that planet canglan was in the same state as Nangong Nuannuan, Selina was stunned.

After all, she specialized in all kinds of disguises, and even Feng Kun, who could distinguish people from their auras, couldn't detect her disguising skills.

Therefore, when facing a professional player like Selina, the disguise on Canglan was nothing.

Selina knew that Huang Tianyun and another woman had a son on Canglan. In an ordinary family, they would still be living together.

Chapter 2479

2479 Where is Leng Qirui (1)

But how did the younger brother become the younger sister?

Although Selina was extremely disgusted with Gu Ming, she didn't have any ill feelings towards Cang LAN star. In fact, she even felt like she was in the same boat as Gu Ming.

"Hi!" Selina greeted Canglan star and winked at him.

Although Cang LAN star was a girl, but she had never been so unrestrainedly flirted with by another girl before, her face instantly turned red.

Not only was her face red, but even her ears had turned a faint pink.

Canglan star's eyes were wide open, a pair of clear Starry Eyes full of surprise and shyness after being teased.

Nangong Zheng:

What should I do when I suddenly feel a little uncomfortable?

Could he really be gay?

No, no, no! Impossible!

He must have had a special impression of this kid because he smelled sweet and reminded him of his favorite snacks. After all, who would resist and dislike the food they liked?

In addition, this kid's eyes were very good-looking, just as good-looking as his Nuan Nuan's eyes. That was why he was willing to be friends with him and help him more.

That was definitely the case.

"This is the Canglan star of Ming ya international, and this is his mother, Madam Cang," Nangong Zheng introduced.

Nangong Nuan Nuan and Selina greeted Cang Mingya and Cang Lan.

When Cang Mingya wasn't provoked, she was quite normal. She immediately smiled and greeted the two.

Nangong Nuannuan activated her x-ray vision and looked into Cang Mingya's body. When she saw that almost all the cells in her body were wrapped in a black substance, she understood.

Nangong Nuan Nuan and Selena could tell that Nangong Zheng's attitude toward Canglan was different, but they didn't point it out. They warmly invited Canglan to take a seat.

Nangong Nuannuan sat on the left side of Canglan. Selina was supposed to sit with Nangong Nuannuan, but she sat on the right side of Canglan before Nangong Si. His mouth was not idle either, "little brother, can I sit with you?" Has anyone ever told you that you're super good looking?"

Canglan star:

Nangong Zheng:

The beauty of the Canglan star couldn't be compared to the especially bright girls like Nangong Nuannuan and Selena, but the Canglan star had its own unique charm. Even if she was a girl again, she would still be the kind of boyfriend who was bursting with power. Although she was beautiful, her facial features were more neutral. That was why her androgynous aura had never made anyone doubt her gender.

Even though Nangong Nuannuan could also show such a strong boyfriend side, she was still a very feminine person. This could be seen from her interactions with Chi Yang and her family.

"Why didn't Leng Qirui come today?" Nangong Zheng asked this question before he even sat down.

Blinking her charming eyes, Selina said after a long time, " "Because Nuan Nuan told me today that a pretty boy was coming! You know that I'm a superficial person, and I have no resistance to good-looking men like him."

After he finished speaking, he ignored Nangong Zheng, whose face had already darkened, and said to Canglan star, "Little brother, you're really very good-looking. In the past, I thought that my Nuannuan was the most handsome when she was in her boy form. I didn't expect you to be on par with my big Nuannuan!"

Planet Canglan immediately understood the meaning behind Selina's words.

Chapter 2480

2480 little brother, are you shy (2)

She was about to explain that she was actually a girl, but Selina winked at her playfully, and Canglan star wisely chose to shut up.

"Nuannuan, can't you do something about Selina?"

Nuan Nuan chuckled as she put her favorite food into the pot and asked, " "Care about what?"

Xingxing is my friend. Whenever she sees Xingxing, she seduces her. Xingxing will be shy.

"Little brother, are you shy?"

Even though he knew that Selina was just teasing Nangong Zheng, she was still flirting with him.

Canglan star's ears couldn't help but turn red.

Seeing that her ears had turned from light pink to dark pink, Nangong Zheng decided that when he went out to play on planet Canglan in the future, he must not let Nuan Nuan bring Selina along.

“Nuan Nuan, Xingxing’s mother is the one I told you about last time. She couldn’t slim down because her endocrine system was disrupted during her pregnancy. How do you think we should treat her mother’s illness?”

Although Nangong Nuannuan was determined to mess with her brother and would never take the initiative to tell her brother that Cang LAN planet was a girl, Nangong Nuannuan was still very attentive to the mother of the girl her brother liked.

Auntie, could you please stretch out your hand? I’ll take your pulse.

“Oh, okay, thank you!” Cang mingya already knew that something was wrong with her, so she didn’t like to talk much under normal circumstances.

She realized that she couldn’t understand why many people were laughing when they were together. Sometimes, she tried very hard to understand things, but she felt that others were speaking too fast. By the time she reacted, they had already finished.

In addition, sometimes when she was angry, she couldn’t control her emotions. Cang mingya knew that there might be something wrong with her brain.

So, even though you don’t know that Nangong Nuannuan can cure illnesses, as long as it’s her daughter’s arrangement, she’ll listen and believe it.

“You’re welcome.” Nangong Nuannuan smiled.

In fact, taking her pulse was just a cover to allow Nangong Nuannuan to carefully observe Cang mingya’s physical condition.

After she was done with her observation, Nangong Nuannuan removed her hand from Cang mingya’s.

“Miss Nangong, how’s my mother?”

Nangong Nuannuan smiled. you don’t have to be so distant. Since you’re my fourth brother’s friend, you’re my friend as well. Just call me Nuannuan from now on. Don’t worry, I can definitely cure your mother’s illness. Let’s eat first, and then we’ll talk about the treatment plan.”

The main point was that if she were to reveal it now, she would definitely not be able to eat properly on Cang LAN star. Thus, Nangong Nuannuan decided to talk about it after dinner.

Hearing that it could be cured, Cang LAN star’s eyes lit up, ” really? really? Thank you, miss Nangong, for your warm and fuzzy feelings!”

here, fresh crab meat. It’s ready to eat after being scalded.

Selina picked up one of her favorite dishes and put it in Canglan’s bowl. Nangong Zheng’s face darkened when he saw what it was.

Then, he quietly put down his chopsticks and sent Leng Qirui a message and location.

After a while, he heard the shopkeeper say, " there are no more seats. The area above us has been fully booked. There are really no seats.

Nangong Zheng thought that Leng Qirui had arrived so quickly and immediately looked towards the shop owner. However, he saw a familiar face rushing towards him arrogantly.

The person was none other than the half-mother of canglan star and Selena, Huang Yuhua.
