Chapter 2481

2481 On what basis (3)

This hotpot restaurant had attracted a lot of customers as soon as it opened because of the good marketing and the good taste, and the seats were often in short supply.

Huang Yuhan had purposely chosen to come here for lunch with her friends during working hours. She thought that she would not need to line up, but the boss told her that there were no more seats.

Huang Yuhan didn't believe him. She wanted to go upstairs to take a look, but the boss told her that the entire second floor was reserved.

Huang Yuhan was furious.

Why couldn't the boss reserve a seat for her even if she called him? She had to wait until she arrived before she could go in and sit or wait for a number, but someone else could book the entire floor?

As a former second-rate rich lady, she couldn't adapt to her current life, so when she heard the boss say that the second floor was fully booked, she angrily rushed up regardless of the obstacles.

When he rushed to the second floor, he saw a table of people talking and laughing. When he saw who was talking, he didn't feel good.

"Cang Lan star, what are you doing here?"

When she saw Nangong Nuan and Selina, Huang Yuhan's imposing manner instantly deflated.

The figure that was originally rushing forward instantly stopped, and even swallowed a mouthful of saliva.

Cang LAN star found it funny, "What does my being here have to do with you, miss Huang?."

"How did you end up with Selina? Selina is my sister! How can you be so shameless? Is she your sister? What right do you have to seduce her?"

Then, Huang Yuhan looked at Selina and said affectionately, "Sister, don't be fooled by this bastard. In order to take over my dad's company, he has no limits now. Look at my hand, it's like this. Don't be fooled by her, he just wants the money in your bag!"

The men and women who followed Huang Yuhan up were also young masters from the rich and powerful families in Dazhou province. No matter how poor they were, they were also nouveau riche. Now that Huang Yuhan's family had fallen, she used to be the leader of this group of people. But now that everyone saw that the Huang family was basically powerless to save them, they no longer feared her and flattered her. Not only would Huang Yuhan yell at those girls, they would also talk back to her. Sometimes, they would even make insinuations to her.

Huang Yuhan had nowhere to vent her pent-up emotions.

Now that she saw Selina, Huang Yuhan's fighting spirit instantly rose.

They all knew what kind of person Selina was. So, even though the Huang family had fallen, these snobs still didn't offend her. Huang Yuhan knew that these plastic sisters were afraid of her sister, Selina.

Ever since Huang Yuhan found out about Selina's identity, she had been trying to get closer to her half-sister. But Selina had beaten her so badly last time that she had lost all her teeth. Now, she had to go to the dentist to get new teeth, and every one of them had been nailed. It was so painful that she could die.

That was why she didn't dare to go to Selina casually.

However, her mother had been trying to build a good relationship with Selina, but before she could do so, the b * stard from canglan star had already built a relationship with her.

When she looked again, the man sitting with his back facing her was her favorite fourth brother, Nangong Zheng.

And on both sides of canglan were Selina and Nangong Nuannuan!

2482 Whimsical (4)

These two people were actually centered around Cang LAN star.

Huang Yuhan's heart was burning with jealousy, so she said those words without thinking.

On the one hand, it was to make Selina hate Cang LAN. On the other hand, it was to make these plastic sisters hear clearly that this was Selina, her sister.

Sure enough, after Huang Yuhan said this, her plastic sisters' eyes all lit up.

They had told Huang Yuhan many times to introduce her sister to everyone, or to ask her sister to hang out, and they could hook up with her.

Who knew that Huang Yuhan would reject him again and again.

He didn't expect Selina to be Huang Yuhan's snobbish and sweet sister.

"So you're the sister Selina that Yuhan always talks about! You're so pretty!"

"Yeah, sister, you're so beautiful! I've seen the movie you acted in, the vampire! your acting in there was simply too good! Your looks can beat all the other vampires!"

"I've also seen you play the role of a vampire, sister. you were really beautiful! Big sister, the seats below are all full. Can we sit at the same table as you?"

The plastic sisters were talking to Selina, but they had already scanned everyone at the table.

As the daughter of a rich family in dizhou, her biggest goal in this life was to marry into a rich family.

Other than the fat middle-aged woman, everyone else at this table was extremely good-looking.

More importantly, Selina wasn't the only one at the table. Her boss, Nangong Nuannuan, and her brother, Nangong Zheng, were also there.

The plastic sisters couldn't even control their tones.

They were simply too excited!

because of Huang Yuhan, they knew that the chairman of Disheng Group and Tian Heng Land was Nangong Nuannuan.

As Nangong Nuannuan's good friend, the Nangong family's heiress had easily given away the vice-chairman positions of two of the world's top corporations.

It wasn't just Selina. It was said that Aiden, Danqi, and especially Danqi, the handsome man who wasn't even 18 years old, had also become the vice-chairman of Disheng and Sky-Heng Group because of his good relationship with Nangong Nuannuan.

They weren't asking for a vice-chairman. They only wanted to build a good relationship with a super big Boss like Nangong Nuannuan. If she could give their family some land, a project, or introduce them to a boyfriend, that would be enough.

When they thought of their boyfriends, everyone could not help but look at Nangong Zheng shyly.

The two brothers, Nangong Yun and Nangong Zheng, were famous people in the financial magazines. As long as one paid a little attention, everyone would know about them.

These two were the most popular single men in the entire Kamino Kingdom.

If I can become their sister-in-law

Even if Selina had the intention to introduce Nangong Zheng to Huang Yuhan, didn't the Nangong family have five unmarried brothers?

Weren't all the vice-chairman of Disheng and Tianheng Entertainment single?

Even if they didn't have a chance, at least there were Di Shi and the other unmarried higher-ups under Tian Heng, right?

Therefore, these plastic sisters looked at each other as if they wanted to eat everyone at the table.

Huang Yuhan was not happy.

Selina was her sister, but not only did the b * star from Canglan Star get the upper hand, but these plastic sisters also wanted to win her sister's favor.

Huang Yuhan rolled her eyes. You guys sure are optimistic. Can't you see that this table is already full? "

"But such a big table can obviously seat four or five people without a problem." Someone immediately retorted.

"There's no problem, but why should my sister let you sit?"

plastic sisters 3:

"you guys sit over there, aren't there seats over there? You guys are close to my sister? Don't act as if I'm really your sister just because you call me sister. it's good enough to have a seat."

Then, she looked at Selina and smiled, thinking that she was very beautiful. She then sat down next to her.

"Sister, I want to sit next to you!"

after sitting down, under everyone's gaze, huang yuhan looked at the dishes on the side and said, " "Did you order the mutton? I want to eat mutton!"

"boss, here's a plate of mutton. i also have your most famous beef tenderloin, top-grade wagyu, and foie gras," he said to the owner.

When the boss saw that she was already sitting with the Nangong family, he was surprised by the girl's identity. He immediately nodded and said, " okay, please wait a moment.

The boss went down to prepare the dishes. The three women and two men at the side saw that there was nothing for them to do and did not know whether to leave or stay.

"Sister, how did you know Cang LAN star? don't you know that he's a bastard? She's Yingluo."

"who are you calling a bastard? You're the bastard! Your whole family is a bunch of bastards!"

cang mingya, who was always smiling and didn't talk much, was provoked again. " pa! " she slammed her chopsticks on the table and scolded angrily, " "Who are you calling a bastard? You're the bastard! your whole family is a bunch of bastards!"

"Sister, why did you guys bring this fat woman along? There's something wrong with this fat woman's brain, be careful she doesn't hurt you!"

then, he even cowered in selina's direction.

Selina, however, ignored Huang Yuhan. She hooked her finger at her five classmates and said, " "you guys, come over and sit."

the five students 'eyes lit up.

However, Huang Yuhan was not happy.

"sis, they're not on good terms with me. why did you ask them to come over?" Huang Yuhan was instantly unhappy.

Although she should be happy that Selina was willing to let them sit with her, Huang Yuhuan felt a little uncomfortable when she thought about the resources they were going to get from Selina.

"You guys are friends of Huang Yuhuan?" Asked Selina.

"That's right, sister. I'm her best friend. i'm qi zixuan."

"Sister, I'm Yingluo."

"Alright, alright, there's no need to say your names. Since you're all Huang Yuhuan's friends, then write down your home address and the name of your family business on the paper."

They didn't expect Huang Yuhuan's sister to be such a nice person.

therefore, everyone immediately asked the waiter to bring a pen and paper, and wrote down their family information and company information in detail.

Huang Yuhuan's eyes turned red.

"Sis, why are you doing this? I've been friends with them for so long, but they've never helped me! And ever since the Huang group was suppressed, they've been mocking me even more."

huang yuhan was on the verge of tears when she thought about the humiliation she had suffered.

"Sister, we didn't bully her."

"Yes, yes, it's Xiaohan who can't think things through sometimes and is in a bad mood."

"we were afraid of affecting her mood, so we counseled her. But she's too sensitive and always thinks we're talking about her. "

"Han, we're really doing this for your own good, please don't mind us! We'll talk to you properly in the future. Pay attention to the way we speak and take your feelings into consideration!"

The plastic sisters and their boyfriends all smiled sweetly and handed the five pieces of paper to Selina.

selina took the papers and flipped through them one by one.

"Sister, thank you so much!"

sister, if you have any requests in the future, you can tell us directly. We will definitely do whatever you want to do for you.

"that's right, sister. although our current ability is not enough, i believe that as long as our family joins forces with di shi and tian-heng, we will definitely soar in the future. From now on, let's stick together and achieve glory together!"

"Let's be glorious together!"

“Let’s be glorious together!”

“Big sister, a toast to you!”

The few children then picked up the tea on the table and replaced the wine with tea.

Selina’s smile was bright and beautiful, just like the beautiful snake Medusa’s. Her smile was filled with the light of death, and anyone who met her would die.

“Why are you guys thanking me? I’ve never thought of helping you.”

Everyone looked at each other-didn’t Yingluo ask them to write the company name to help them?

“yes, yes, yes, i’m not helping, i’m not!” “as long as sister can keep an eye on our companies,” said a quick-witted one.

“Yes, yes, yes!” Everyone nodded in agreement.

selina nodded. I’m telling you, I will never help you. I asked you to leave behind your company’s address and name because I wanted to know if I ever see you and Huang Yuhan in front of me again, I’ll have to ‘take good care’ of your company.”

Everyone was stunned!

Huang Yuhan was speechless.

“Sister!” Huang Yuhan didn’t expect Selina to be so vicious. She didn’t even give her any face in front of her friends. Her face turned pale, and tears began to well up in her eyes. She couldn’t believe it.

Nangong Nuan Nuan had just poured some hot water into Selina’s Cup. Selina didn’t want to waste the tea, so she poured it over Huang Yuhan.

It was summer now, and Huang Yuhan was already wearing thin clothes. When the hot tea splashed on her, she screamed in pain.

Huang Yuhan jumped out of her chair from the heat. She covered her red and swollen chest and kept screaming and jumping around.

The other five people also stood up in shock and looked at Selina in horror. Selina had poured the hot tea on Huang Yuhan without any regard for their sisterhood.

this woman was simply a coward.

It was too terrifying! That was too barbaric!

Everyone wanted to call the police to save their face, but when they thought of her identity that could easily crush their family, they put their thoughts back into their stomachs and stood aside in silence, trying to minimize their presence.

Huang Yuhan jumped on the spot for almost a minute before the heat on her body gradually subsided. However, the pain of her skin being burned continued.

at this moment, huang yuhan finally came back to her senses.

Chapter 2485

2485 Bastard (3)

Selina had poured boiling water on her in front of her friend!

He wasn't afraid of burning her skin!

How could she be so vicious?

"Sister, why are you doing this to me? Boohoo Boohoo, if you don't like me, you can tell me. If I do something wrong, you can tell me. We have the same mother, why are you treating me like this? You can even talk and laugh with an outsider like Cang LAN star, and even eat with him. Why are you so heartless to me, your blood-related sister? Back then, when mother gave birth to you, she broke up with your father. That was between them, and I'm innocent! I can't choose where I was born, and I can't choose my father. If possible, I want to have the same parents as you, but I have no choice! Wuwuwuwu Yingluo has never done anything bad to you. Why do you hate me so much? Why do you always bully me every time you see me?"

"Enough!"

Selina's voice wasn't loud, but it was extremely cold. Huang Yuhan, who was crying, immediately shut her mouth and stopped crying. She didn't even dare to breathe.

she had experienced Selina's terrifying methods before, and she was afraid that the teeth that she had put in place with nails would be knocked out again. The doctor had said that if her teeth were knocked out again, her gums would be completely loose, and she would not be able to get any more teeth transplants in the future.

so, Huang Yuhan didn't dare to cry.

When everyone fell silent, Selina said, "Huang Yuhan, you can't make a scene in front of me, act cute, take the path of family or act wild. I said it last time. In the future, you, your brother, and your mother better take a detour when you see me. Otherwise, I'll beat you up every time I see you. You've only recovered for a short time, have you already forgotten all about it?"

Huang Yuhan shivered at Selina's words. Looking at Selina's cold eyes, she instantly regretted it.

She shouldn't have tried to hit on her. Now that her brother and his mother weren't around, she was going to be beaten up by that bitch Selina.

however, Huang Yuhan only dared to think about it in her heart. she did not dare to say it out loud.

seeing that she didn't dare to speak, Selina continued, "Also, I've already told your family last time that I have no family, no mother, and no sister-in-law. Don't even think about trying to claim kinship with me, and don't even think about using my name, Di Xun's, or Tian-Heng's names to do anything. Otherwise, once I find out, I will let you experience what it is like to have no way out."

"There's more!"

Selina stood up and slowly walked toward Huang Yuhan. Huang Yuhan backed away in fear, her eyes filled with fear.

"Just now, you kept calling me" sister,"so affectionately. But if I understand it correctly, Cang LAN star is also your half-brother from a different mother, right? Why didn't I hear you call him brother? instead, you're calling me a bastard?"

"hehe! " huang yuhan gulped, not knowing how to explain. B * stard child, that was just her catchphrase for Cang LAN star.

But Selina said,"do you know that you're actually slapping me in the face by calling Cang LAN a bastard?" Are you calling me a bastard?"

Huang Yuhan shook her head helplessly, like a little white flower that was about to wither in the wind. I didn't, I didn't scold you!

"why didn't you curse? Cang LAN star's mother didn't marry your father and only left her. My father also didn't marry your mother and gave birth to me. One of us was abandoned by a bad father, the other was abandoned by a cheap mother. What's the difference between our identities? Hmm?"

huang yuhan swallowed and backed away helplessly.

"When you called him a bastard child, were you also scolding me? hmm?"

"No Yingluo, no Yingluo, I don't have Yingluo."

"huang yuhan, no one would dare to scold me like that. people who scold me like that always end up in a miserable state. Did you know?"

"i, yingluo, i was wrong, sister yingluo, i was wrong!"

"pa!"

A loud slap landed on Huang Yuhan's face without mercy. The force was so strong that she didn't even have time to scream before she was hit hard. Immediately after, his entire face turned purple at a speed that was visible to the naked eye.

Huang Yuhan didn't even cry, because she subconsciously stuck her tongue into her teeth and found that her teeth seemed to be a little loose on her numb cheeks.

because her mouth was completely numb, huang yuhan could only try to spit on the ground. her friends, who had been waiting for di mo to join them, kept quiet out of fear.

The reason was that in the blood that he spat out, there were not only many teeth but also steel nails.

Huang Yuhan's eyes widened as she looked at the pile of teeth on the ground.

selina's slap was so strong that it knocked out all her teeth.

" my teeth clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter clatter! "

huang yuhan burst into tears, but she couldn't speak clearly because she had lost the left half of her teeth.

The boy with Huang Yuhan couldn't stand it anymore and said, " "she just wants to acknowledge you as her sister. don't you think you're going too far? you're just a little richer and more powerful than us, what's there to be proud of? It's fine if you don't want to acknowledge your sister, but why did you knock out so many of her teeth? Not to mention the rich, even those who returned to their hometown in glory would think of their fellow villagers after they earned money. But Huang Yuhan is your half-sister, aren't you afraid of being exposed by the reporters for treating her like this? Aren't you afraid that people will say you're evil?"

Selina had been looking down at Huang Yuhan, but when she heard Dao Biao's words, she turned around and slowly walked to the boy.

The three women and one man around the boy all retreated. The boy wanted to retreat, too, but he regretted it the moment he sensed Selina's murderous aura. However, he couldn't take back what he had said.

"what else do you want to say? He wanted to ridicule? Since you're Huang Yuhan's friends, I'll allow you to say it together."

However, as soon as he finished speaking, the entire place fell into a dead silence.

Then, Selina took out her phone and called someone. "I want this five fortune jewelry store. You guys go and do the procedures. yes, it's the five fortune jewelries of dizhou."

The boy's face was filled with horror and disbelief. His voice cracked as he asked, " "What right do you have to buy our five fortune jewelry?"

didn't you say that I'm just a little richer and more powerful than you? what's there to be proud of? "

"I'll show myself and tell you that because I'm richer and more powerful than you, I can destroy your family's business that has been accumulated for several generations with just one word from you. This is what I get to be proud of in front of you. Little brother, do you understand?"

as she spoke, selina poked the man's chest. The strength he used was not small, and the other party staggered.

The boy kept shaking his head. no, no, that's impossible. You must be trying to scare me. No, you can't do it! our family has been operating in dizhou for three generations. although our five fortune jewelry is not a rich family, we are a big brand in the jewelry industry of dizhou. What right do you have to buy it? My dad will definitely not sell it to you, so you should give up!"

“Hehe, the quality of disheng’s jewelry is much better than that of Wufu jewelry. There are two shops in the Phoenix Court, both of which are next to your two largest shops. If your dad doesn’t sell it, I’ll ask the Feng Luan Pavilion to reduce the price. Not only is the quality of my Jade better than yours, but the price is also cheaper than yours, or even the same as yours. Do you think the customers will buy yours or mine?”

boy:

“When your family has no business, your storefronts, employees, goods, and bank loans will all come in. Won’t You Be exhausted to death? By then, even if your dad begs me to buy it, I won’t buy it. this way, you will completely collapse. But now, I just bought your five fortune jewelry and drove you out of dizhou. Little brother, you should thank me for my kindness and also thank me for teaching you a lesson ...

We humans can’t be used as moral representations and place ourselves at the height of morality, judging others with our own standards. For example, you said that I went overboard just now. Do you know what I went through when I was young? you don’t know anything about the cause and effect, but you’re just blindly judging from the side and messing up the rhythm. do you know that people like you are easily beaten to death when you go out? Compared to your life, I’m only taking your family’s business. You should thank me.

In the future, remember not to stand up for others or judge others. Otherwise, you might be beaten to death for no reason one day. Do you understand?”

With that, he turned around and looked at Huang Yuhuan and her friends. Before he could say anything, the girls and boys were already in tears.

“Sister, I didn’t speak up for her. I also think that she deserves it. ”

sister, I’m not friends with her. I also especially hate her snobbish behavior.

“Sister, me too. I also hate her. He’s ugly and likes to stir up trouble, a typical ugly person.”

.....

Everyone expressed their disgust and hatred towards Huang Yuhuan, and Huang Yuhuan, who was crying and aggrieved, felt her liver hurt.

Selina nodded. that’s fine. If you are really close to her, then you are not on good terms with me, di Xun. Be careful, or you might be driven out of di Zhou one day without even knowing.”

“Sister, we understand. We won’t play with her anymore.”

“Yes, I’ll take a detour whenever I see her in the future.”

“I attack whenever I see her! This kind of person should be a street rat.”

Selina smiled. you can do whatever you want to her. It’s none of my business. But from now on, you’d better stay away from me. I feel disgusted just by looking at you. Do you know that?”

“Yes, yes!”

Chapter 2488

2488 domineering (1)

I still have your family information with me, so don't make me feel disgusted!

"No, no, no, I won't! Sister, let's go."

after that, everyone saluted selina and ran off.

As for the boy, everyone couldn't be bothered with him.

The boy's phone suddenly rang. He took it out and saw that it was his father.

On the phone, his father, who had always been good to him, was scolding him indiscriminately. The boy didn't hear what he was scolding, but he heard his father say that he had offended disheng and that the jewelry store that was running well was going to be given away. The hard work of the three generations of the Zhai family was destroyed overnight.

The boy's eyes widened. He couldn't believe that a phone call from the other party could really make their five fortune jewelry disappear from dizhou forever.

The five fortune jewelry had been in business since his great-grandfather's generation, and it was already the third generation in his father's generation. He had been forced to learn the appreciation and selection of all kinds of jewelry and Jade since he was a child. He had to learn so that he could inherit the five fortune jewelry when his father was old.

To him, the five fortune jewelry was his future, his success, and the foundation of his future in this society.

However, the five fortune jewelry, which had been through the continuous efforts of four generations, had been destroyed so easily by a phone call.

The boy couldn't accept it. Shaking his head, he looked at Selina as if she were a monster and mumbled, "How could you do this? how could you do this? I've only said a few words to you. If you think I'm wrong, you can scold me or hit me. Why did you have to destroy the enterprise that my family has worked hard for four generations? How could you?"

Selina was still smiling brightly. "I thought you didn't believe that I could be proud just because I have money and power? I was just showing off my pride to you! After all, you don't believe my words, so I'll use my actions to prove to you that I have the right to be proud. But you didn't.

Little brother, although it's a good thing to love to fight for justice, sometimes you have to know your own limits. Before you stand up for someone, it's best to figure out the ins and outs of the matter. If you really think the other party is too much, then call the police. Don't just stand there and talk nonsense when you have no ability. do you know about the grudge between me and huang yuhan? Do you know how his mother treated me and my father in the past? You don't know anything and you're just judging me from a God's perspective. Little brother, you're not handsome, you're not tall, and your family background isn't as good as mine. What right do you have to act cool in front of me and give me a bad review?"

The boy's lips trembled, and his entire body trembled with anger. Finally, before he breathed his last, he roared out in a low, almost hysterical voice, " "I only helped her to criticize you, and you destroyed my five fortune jewelry. Aren't you too domineering?"

"Tsk, tsk, with your personality, are you going to take over the five fortune jewelry in the future? Then I think you should thank me for buying your five fortune jewelry in advance. Otherwise, if it were to fall into the hands of someone like you, it would definitely be destroyed sooner or later.

Little brother, I'm a good person. Since I've taken over your shop, I'll teach you how to be a good person. Look at the friction between countries, even wars. If it's a war between two countries, under normal circumstances, it won't affect a third country."

as long as it is involved, it must be a third country that went to meddle in other people's business and helped one of the countries, which led to the revenge of the other country. If the country that was being retaliated against was beaten up and still attacked others from a moral high point, what would happen to the country when it was clearly no match for the other party? This is the logic between countries. Don't you think that people should follow the law? Don't you know what kind of person Huang Yuhan is, whether you're friends or not? Her other bad friends all chose to shut up at this time, and you, with your high moral integrity, jumped out. In fact, I think very highly of you. But even if he looked up to her, he still had to bear the consequences. This is my way of dealing with moral values. understand?

I thought you guys weren't familiar with Huang Yuhan, so I decided to punish her for not understanding human language. But now, since you've already helped her bear it, you can take her away now."

you ... the boy glared at Selina resentfully. I'll Sue you!

"As you wish." Selina waved her hand, as if she didn't care.

"I will definitely make you pay for what you have done today."

"I'll be waiting."

"Who do you want to pay the price for?"

Suddenly, a cold voice was heard, and Leng Qirui appeared at the entrance of the corridor.

When Selina saw her cool master, brother Leng, she immediately walked up to him with a smile and held his arm affectionately. what are you doing here? "

Leng Qirui felt the touch on his arm. He hadn't been able to kiss Selina until now, and his love progress was as slow as a snail'S. He couldn't help but blush.

He hated the way he blushed when Selina flirted with him. He wanted to overcome it, but he just couldn't.

every time selina held his arm, he would shiver nervously.

Leng Qirui could only change his direction. He looked at the boy and asked, "who do you want to pay the price for?"

The boy didn't know who this person was, but when he sensed that his killing intent was even stronger than the woman's, he instantly quieted down.

the enemy was too powerful, so powerful that he could not resist a casual move from him.

He regretted it.

He was extremely regretful!

He wasn't close to Huang Yuhan, and they didn't have a good relationship. More importantly, he hated Huang Yuhan as well, but he was the kind of person who prided himself on being righteous. In his circle of friends, he would criticize whoever did something wrong and try to use his own moral values to restrain others' behavior. This way, the weaker party would definitely thank him.

In addition, he came from a good family, so the moment he stood out, the students basically didn't hold it against him. Therefore, he naturally became the judge of the class, the grade, and finally the school. It was as if he represented justice.

So, when he saw Huang Yuhan's teeth knocked out, he couldn't help but speak up, even though he was upset that Huang Yuhan had embarrassed them so much.

He really didn't know about Selina's history with her mother and Huang Yuhan. He was just used to it.

But now, he was so regretful that his intestines were about to turn green.

Actually, after thinking about it, what did this have to do with him?

He didn't even like Huang Yuhan, so why should he answer her?

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2490

Why did he go and attack Selina with such a mean mouth?

He knew that they were the vice-chairman of disheng and Tian Heng, people he couldn't afford to offend, but he still spoke up.

In the end, the students were only warned, and even Huang Yuhan was only beaten up. Only he and his family suffered.

The five fortune jewelry was gone.

Compared to the destruction of his entire family, he would rather have his teeth knocked out. He would rather Huang Yuhan's teeth be knocked out than his own.

So, why did he have to be so mean?

While she was thinking, Nangong Nuannuan had already told Leng Qirui the whole story.

Leng Qirui walked to the other party with a cold face and raised his leg to give him a kick.

Even though Leng Qirui was a good fighter, he was nothing in front of Nangong Nuannuan and Selina.

The other party had only been kicked down by him.

However, Leng Qirui had never thought of kicking the other party until he was seriously injured. He just looked at him coldly and said, "Selina's mother almost had an abortion in order to marry into a rich family. But she had health problems, so she gave birth to Selina in order not to affect her future fertility. However, he abandoned her after she was born."

"Why are you telling him this?" Although Selina didn't mind her childhood stories being told, she didn't think it was necessary to explain it to this kind of person.

However, Leng Qirui continued, "Selina's father took her away and raised her on his own, but he got cancer when she was three. When Selina was five years old, her father brought her to her mother before he passed away. At that time, her mother had already given birth to a son and a daughter with her current husband, and the daughter was Huang Yuhang. She was born into a rich family and clearly had the ability to take care of Selina, but she didn't give her a single cent for child support. She left Selina and her father in the rental house to fend for themselves. Five days after Selina's father's death, his body started to stink, which alerted the neighbors. They then realized that Selina had no food and had to feed herself with cold water every day. Her father was already dead. The police had informed her mother, but her mother had said that Selina had nothing to do with her. So, Selina was sent to an orphanage, and then kidnapped by human traffickers. Selina's name had long since disappeared from her household register, but seeing that Selina was doing well, she and her daughter felt that Selina should provide for them. That was why Selina hated his mother and Huang Yuhang. Can you understand what I'm saying?"

The boy was already stunned by the story.

A five-year-old girl was with her father, who had been dead for five days. She didn't go out, didn't ask for help, and just drank cold water. He didn't dare to imagine such a life. He had actually appeared in Selina's childhood.

At this moment, he knew that he was wrong.

If there was nothing wrong with a person's brain, they would not treat another person so badly for no reason. The way Selina was treating her mother and sister was just revenge for what they had done to her.

So, what was he doing there?

"Selina might have punished you, but I don't think it's enough. After all, that was just her punishment for you. and as her fiancé, i feel that i have the responsibility to stand up for my fiancée. You can get lost."
