Chapter 2551

2551 Accept the chicken soup (2)

“You’ll need to get Nuannuan’s approval,” said Grandpa Shen. Nuan Nuan is already Chi Yang’s wife, so Nuan Nuan will be fully in charge of Chi Yang’s matters.”

Zhou ruxue was taken aback. She didn’t expect Nangong Nuannuan to have married Chi Yang without saying anything.

He glanced at the ring on Nangong Nuannuan’s left ring finger, then at Chi Yang’s. Zhou ruxue swallowed with difficulty.

“Nuan Nuan, look at Yingluo.”

“I’m not the one looking, you’re the one looking. Brother chiyang hasn’t woken up yet, how can I drink your soup? Besides, I’ve already asked Disheng’s Seven Star Chief executive Chef to make soup. Every day, after the soup is made, it will be air-flown over from Dishou. Do you think your soup is better than the chief executive Chef of a seven-star hotel? So, Mrs. PEI, you’d better take your soup back for your husband to drink. Big brother chiyang doesn’t need your soup.”

Zhou ruxue had an embarrassed expression.

Just as he was at a loss, he ran into a few major generals from the northern war department who had come to visit Chi Yang after delivering the supplies.

When they entered the room, they happened to hear Nangong Nuannuan’s words and were slightly surprised at Nangong Nuannuan’s domineering attitude. In their hearts, they were very dissatisfied with this daughter-in-law who was so harsh to her husband and mother. After all, they had accepted the three values of justice since they were young. They really couldn’t bear to have a daughter-in-law who couldn’t even be filial, let alone be loyal.

However, no one dared to say anything. After all, she was the young miss of the Nangong family.

Zhou ruxue’s beautiful eyes drooped, but she could read these people’s minds. In order to gain their sympathy and to make Nangong Nuannuan give her the green light so that she wouldn’t lose points, Zhou ruxue appeared even more pitiful and vulnerable.

“Nuannuan, I know that you don’t like me, but I also know that the reason you don’t like me is because I have neglected Chi Yang before. I admit that I didn’t do well enough in the past. For the sake of my current husband, I lacked the company of my child.

but you’re married now. soon, you’ll have a child of the Chi family, and you’ll become a mother. When you become a mother, you should know what a mother is thinking.

Although I had indeed overlooked Chi Yang, he was still my son. Even a vicious Tiger would not eat its cubs. Between me and Chi Yang, he did have some misunderstandings about me. However, my feelings for him have never changed. Nuannuan, I know you’re rich. you’re Disheng’s chairman and one of the

top three richest people in the world. you have all the people you want. But Yingluo, this is a token of my love for Chi Yang. Even if Yingluo doesn't let Chi Yang drink my soup, can you take this soup on account that I woke up early in the morning for two consecutive days to make soup? This way, at least Chi Yang can see the soup I made for him when he wakes up."

Nangong Nuannuan looked at Zhou ruxue with a smile.

This was very interesting.

her illegitimate mother-in-law always acted all high and mighty when she saw her. her iq was seriously out of line.

Now, he could actually say such a great reason.

She thought that she was going to pretend to be innocent and act pitiful in front of others to show how pitiful she was and to criticize her viciousness.

In the end, she just kept acting pitiful in front of her in an attempt to gain her sympathy points.

As expected, people needed to be forced! If she wasn't forced to a dead end by PEI Jitong, Zhou ruxue's EQ would definitely not come online!

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2552

2552 Chicken soup and investment (3)

But so what if his EQ was online? Was she, Nangong Nuannuan, the kind of person who would care about others 'opinions?

She had never been one!

She only cared about the opinions of the people she cared about. As for the others, she didn't care if they died!

"Yo, Mrs. PEI, you couldn't stay in the PEI family anymore and were driven out, so you came to look for your son to take care of you? but it's a pity that you can only receive support after you've raised him. a woman like you, who would even abandon her own son for another man, can't just think about having a son just because you're down and out."

zhou ruxue's face had turned red from nangong nuannuan's disrespectful words. although she felt that nangong nuannuan didn't know how to appreciate favors and had caused her to lose face in public, what could she do? The PEI family was determined this time. If she could not benefit from Nangong Nuannuan, her life would be over.

zhou ruxue felt wronged, and tears instantly fell from her eyes. she was about to say something, but nangong nuannuan beat her to it.

Although she wasn't someone who cared about reputation, she cared about the reputation of brother Chi Yang and the Chi family. What right did such a vicious woman have to occupy the moral high ground?

Therefore, Nangong Nuannuan beat Zhou ruxue to it and said, "In my heart, mother should be very great and Noble. even if it was a dog, when there was only one bone, it would give the bone to its puppy to eat. All animals were like this, but it seemed that Mrs. PEI was not even as good as an animal!

When there was the PEI family, you could give up on your 9-year-old son who had just lost his father and was in a state of mental trauma. now that the pei family has driven you out and wants you to get five to six billion yuan from disheng before you can enter the family, you're already giving us chicken soup.

i would like to ask, in all his life, have you ever made chicken soup for brother chiyang? Let's not talk about other things. When brother chiyang was young, before you married into the PEI family, did you ever make chicken soup for him?

You didn't make soup when I needed it, and now that brother chiyang doesn't need it anymore, you're bringing it over. Mrs. PEI, do you think that you can take away seven to eight billion Yuan from my investment with just a pot of chicken soup?"

Nangong Nuannuan's words were still very unpleasant and didn't give Zhou ruxue any face at all, causing her face to turn red and unable to cry anymore. However, her words caused the expressions of the few generals from the combat Department to change. Their faces were filled with disbelief.

Back then, the Chi family had left some face for the PEI family and Zhou ruxue. Or rather, old master Chi had lost his son in his old age and was filled with grief, so he simply didn't have the mood to care about Zhou ruxue.

In addition, the old man was kind and kind, and he had a forgiving heart. Therefore, many people only knew that the daughter-in-law of the Chi family had married PEI Jitong of the PEI family after the death of Hiroshi chizawa, but they did not know the details.

Old master Chi didn't want to be a villain, but Nangong Nuannuan wasn't afraid of that.

Since the PEI family and Zhou ruxue weren't afraid of becoming the target of public criticism and weren't afraid of being retaliated against, provoking her, and annoying her again and again ... She had to teach Zhou ruxue a lesson.

She had been avoiding her, not because she was afraid of her, but because she was too lazy to pay attention to this woman.

However, since she had come up to him again and again to make her presence known, she was not afraid of being called a face-smacking demon.

"Mrs. PEI, this chicken of yours is probably less than 1000 Yuan, right?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2553

2553 how could you do this?(4)

Nangong Nuannuan had no idea about the market price of chicken. However, she knew that it would definitely not exceed 1000 Yuan.

you're just making a soup that costs a few hundred Yuan and you want to take seven or eight billion from me? do you think you're a smart person and everyone else is a fool? "

Zhou ruxue's face was so red from the humiliation that it almost turned purple. "I didn't!" She shook her head hard. i just wanted to give chi yang a bowl of soup. Nuannuan, I know that you've misunderstood me in the past, so I can understand that you don't like me. However, I really just want to ease the tension between us."

"Oh, so you're saying that you only want to be Chi Yang's mother?"

Zhou ruxue's eyes instantly lit up. "Right! I know that I owe Chi Yang a lot. Now that he's injured, I just want to do what I can to help him. Nuan Nuan, I'm not asking you to let chiyang drink this bowl of soup, but please take into account the fact that I've been cooking soup all night. At least let Chi Yang know that I was here to show him concern, okay?"

Nangong Nuannuan nodded and replied readily, " "Alright," he said.

Zhou ruxue didn't expect that the difficult Nangong Nuannuan would suddenly agree to it. She instantly felt alive.

This time, the PEI family could accept her again.

Not only that, but the PEI family also treated her as a great hero and provided for her.

In the future, when she had two powerful children, chiyang and Nangong Nuannuan, would she still be afraid of the PEI family making things difficult for her?

At this moment, Zhou ruxue realized that only if her family became stronger would she not be ignored by her husband's family.

At this moment, she couldn't help but regret her recklessness in the past. She didn't leave herself a way out and pushed such a good relationship with Chi Yang to the side.

In the future, she would definitely not be so foolish again.

Only by building a good relationship with Chi Yang and Nangong Nuannuan would her marriage with PEI Jitong be stable.

However, just as Zhou ruxue was about to put down the bowl of soup, Nangong Nuannuan spoke again.

"Since Mrs. PEI said that you only want to fulfill your responsibility as a mother and have no other bad intentions, then you might as well take advantage of the fact that so many of my elders are present and make a written agreement with me. Just say that you gave me the chicken soup out of your responsibility as a mother and not because you wanted to get a single cent from me. You also didn't want me to introduce the first vice-chairman of disheng group and the International Best Actor, Feng shengxuan, to your PEI Xiyu. As long as you dare to sign this contract, I will not only let you keep your soup, I will also let brother chiyang drink it. How about it?"

Zhou ruxue's face, which had been flushed red, turned pale after hearing what Nangong Nuannuan said.

"Yingluo, how can you do this?"

Zhou ruxue had a look of disbelief on her face.

she couldn't understand why nangong nuannuan didn't leave herself a way out.

"Why can't I do that?" Nangong Nuannuan found it funny. you went to make a pot of chicken soup and wanted me to take out a few billion Yuan. Or, you wanted me to lend my brother, Feng shengxuan, to you. If I didn't sign the contract with you in advance, wouldn't you threaten the world with chicken soup in the future, saying that when my brother chiyang was in critical condition, you, as a mother, traveled hundreds of miles to the disaster area to give your son chicken soup, but in the end, I couldn't even bear to give you dihuang? Or am I not even willing to help the PEI family with an investment of only tens of billions?

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2554

2554 Getting stabbed even while lying down (1)

Mrs. PEI, although I don't know how your brain circuits, your own brain circuits are abnormal. Please don't force others to have the same brain circuits as you. this chicken soup, either you take it away the way you brought it, or you sign an agreement with me that you only have a pure mother-and-son relationship with chi yang. in the future, you will never ask me to invest in you, and you will never be a toad lusting after a swan's meat, trying to make me introduce my big brother, the real controller of disheng, to your pei family's daughter."

Zhou ruxue's entire body felt uncomfortable, and she immediately said, "How is this a Toad lusting after swan meat? Xiyu is Ji Tong's only daughter, the Pearl in the PEI family's palm. She grew up with a golden spoon in her mouth. Not to mention that she's proficient in zither, chess, calligraphy, and painting, but she's got Grade 10 in piano and guqin!"

Nangong Nuan smiled warmly, 'Oh, So You Think that I, the third-ranked Executive Chairman of disheng in the world, can find a woman who has passed the tenth grade in piano and guqin? Wouldn't my big brother have to marry tens of millions of wives then?"

Zhou ruxue blushed and said, "Xiyu is the PEI family's second miss!" Can she be the same as others?"

"Cyber country's economy is much richer than Camino country's. Any second-rate wealthy family in cyber country can easily crush the PEI family, right? Moreover, disheng was a global financial Group with branches all over the world. Which country's second-rate rich young lady doesn't want to marry my big brother? Why did it sound like PEI Xiyu was someone who could be put on the stage when Madam PEI said it? It's as if my big brother married her, or that my big brother took advantage of her?"

Zhou ruxue's face turned red with anger. She really couldn't do anything about this sharp-tongued Nangong Nuannuan.

She couldn't win in scolding, she couldn't win in fighting, she wasn't as rich and powerful as her, and most importantly, she couldn't deter her.

The crowd was speechless.

Especially Feng shengxuan.

This f * cking Yingying could really take a knife even while lying down!

If he wasn't in Gu Mingcheng's appearance right now, he would have gone up and twisted Zhou ruxue's collar so that she would have to repeat what she said.

The PEI family, which he had forgotten about, was once again on his blacklist.

The last time the PEI family had been unreasonable to him and Nuannuan on the peninsula, he had originally planned to punish them. In the end, he had been so excited by the hypnosis and the fact that he had found his family that he had completely forgotten about it.

And now, Zhou ruxue had come to him to make her presence known. The key was that the PEI family had really disgusted him this time.

She actually wanted him to marry that silly, sweet, and ugly ghost of his?

The PEI family probably didn't know about Feng shengxuan's reputation in Saibo country.

in cyber country, other than the top-tier gangster families, which family would risk their lives to approach him if they had a strong and dark background?

I can't kill them!

Nangong Nuan Nuan was all smiles as she looked at Feng shengxuan, who was wearing a human-skin mask, but still had a dark expression on his face. She asked Zhou ruxue, " "So, are you going to sign or not?"

Zhou ruxue was stunned, and her face turned green and red.

How was it possible to sign an agreement?

Once the contract was signed, she would not be able to get anything from Nangong Nuannuan in the future. Even if she asked her for it, she could take the contract and refuse to give it to her.

But it's impossible for Wanwan not to sign the agreement!

She was using Chi Yang's mother's name to deliver chicken soup to Chi Yang!

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2555

2555 I'll sign 2

If she didn't sign this agreement, it would mean that she didn't really care about Chi Yang and that she was only giving him chicken soup to get Nangong Nuannuan to invest in him.

However, she had been entrusted by the PEI family to complete this task. Otherwise, she would not be able to go back. There were so many people watching her. If she really did not sign it, these people would know that she was an incompetent mother in the future.

As an incompetent mother, it must be more difficult for her to get support from her daughter-in-law, right?

Zhou ruxue didn't expect Nangong Nuannuan to turn her soft approach, which was supposed to be a sure win, around so aggressively.

Not only that, but Nangong Nuannuan had also put her in such a difficult position.

What should she choose?

Zhou ruxue was furious, speechless, and even more scared.

She realized that she was not on the same level as Nangong Nuannuan.

No wonder she was able to expand her business to such a large extent at such a young age. Compared to Nangong Nuannuan, Zhou ruxue felt that she was still too inexperienced.

"How is it, Madam PEI? hurry up and make your choice!"

Nangong Nuannuan was still smiling, but in Zhou ruxue's eyes, she felt that her beautiful eyes were filled with a cold and sharp sword. Any one of them could make her feel like she was doomed for all eternity.

Zhou ruxue shivered in fear and couldn't help but take two steps back.

"Nuannuan, why are you doing this? I'm chi Yang's mother!"

"Mrs. PEI, don't try to kidnap me with morality, and don't try to kidnap me with other people's eyes. This won't work for me. If you're really brother chiyang's mother, I'll let you put down the chicken soup for the sake of the 20 years you owe him. From now on, you'll be a good mother and don't get involved with our assets. But if you want to get disheng's investment just because you're giving them Chicken Soup for the Soul, and even want to set up my big brother, then I can only tell you that your plan will not work. It's up to you what you want. My request wouldn't be too much for anyone to hear, right?"

the few generals from the combat services department had already seen through zhou ruxue.

In the beginning, they had thought that Nangong Nuannuan, as a daughter-in-law, did not even have the basic filial piety. However, now they felt that Nangong Nuannuan was too gentle.

This Zhou ruxue didn't seem to be here to deliver chicken soup to Chi Yang. this woman was just using the excuse of giving her chicken soup to benefit from nangong nuannuan.

More importantly, this woman wanted to use them.

One of the generals, who was straightforward, honest, and filial, couldn't stand it anymore. He said, "Mrs. PEI, have you made your decision? We don't have much time. If you've made up your mind, then please hurry up, or you'll waste our time."

Zhou ruxue:

In the end, Zhou ruxue had no choice but to nod and say, "Alright, I'll sign it then, Yueyue."

nangong nuannuan smiled and took out a piece of paper and a pen. on it, she wrote that the reason zhou ruxue gave chiyang the chicken soup was to make up for him and to give him motherly love. it was not to make di gang invest in pei ji. Disheng would not give the PEI family any investment. Then, he asked Zhou ruxue to sign it.

zhou ruxue's heart was bleeding, and her hand that was holding the pen seemed to be trembling.

Chapter 2556

2556 Give me some face (3)

However, she knew that she had to sign it.

If she didn't sign it, she would never have another chance.

if she signed it, at least she would be able to leave the chicken soup today.

Tomorrow, she could continue to deliver chicken soup.

The day after tomorrow, she would do the same.

Chi Yang was seriously injured. As long as she continued to give him chicken soup every day, with Chi Yang's upright character, he would definitely soften his heart.

According to her observations, she could not count on Nangong Nuannuan as her daughter-in-law. She could only count on her son.

She believed that in this world, everything had its weakness. If she couldn't subdue Nangong Nuannuan, she would subdue the sun.

when she had chi yang in her hands and acknowledged her as her mother again, chi yang would then ask nangong nuannuan to invest in her.

Even if Nangong Nuannuan didn't want to, the PEI family had given her three choices. Getting Nangong Nuan Nuan to invest seven to eight billion was one of the options. Getting Feng shengxuan to marry PEI Xiyu was another. The other option was to get her and Chi Yang to reconcile and acknowledge her as his mother.

Thus, when the first and second options were completely blocked, Zhou ruxue could only choose the first option.

After signing, Zhou ruxue placed the soup on the table and reached out, wanting to touch Chi Yang's face.

Before his dirty hands could touch Chi Yang, Nangong Nuannuan slapped him so hard that he retracted his hands in pain.

"I allowed you to put the soup here, but I didn't allow you to touch him."

Zhou ruxue wasn't satisfied with this. Nuannuan, I'm chi Yang's mother, can't you leave me a little face in front of others? "

"face is earned by oneself, not given by others. You're the one who doesn't want face, so why should I give you face? Who Do You Think You Are?"

zhou ruxue:

She didn't know why Chi Yang had taken a fancy to Nangong Nuannuan. Other than being rich and beautiful, she was simply a Shrew who didn't listen to anything!

" alright, i've already told you to put down the things. don't push your luck. take care. "

Zhou ruxue originally wanted to stay here and wait until Chi Yang woke up. She was the first person he would see. But now, Nangong Nuannuan had asked him to leave.

Zhou ruxue looked at old master Chi with a soft and weak expression. She hoped that old master Chi would let her stay on account of him giving birth to Chi Yang.

However, old master Chi had no intention of speaking up for her.

Zhou ruxue had no choice but to say, "dad, I'm chi Yang's mother, so I'm definitely more careful and considerate when it comes to taking care of people than young people." Please let me stay and take care of Chi Yang!"

Zhou ruxue's casual words caused her to make another mistake.

It was because she had belittled Nuannuan for her own benefit.

Old master Chi didn't want to argue with her. He felt that everything would be fine as long as Nuannuan said it. However, he did not expect her to slander his granddaughter-in-law.

One had to know that Nangong Nuannuan was already a super koi fish in old master Chi's heart. How could he allow Zhou ruxue to slander him like this?

Old man Chi didn't give him any face and said directly, " "You're more appropriate than Nuannuan? Chi Yang was saved by Nuannuan's surgery. Without Nuannuan, Chi Yang would have died yesterday. Do you think you're more appropriate than Nuannuan?"

After asking, he looked at the guard and said, " "Hurry up and take her out. Don't let her stay here and cause trouble for Nuannuan."

"Yes."

Although the guards at the door were the Nangong family's guards, they had to obey old master Chi's orders.

Chapter 2557

2557 Zhou ruxue is scammed (4)

Thus, the two guards walked in and said to Zhou ruxue, " "madam, please."

zhou ruxue knew that she had said the wrong thing again. she was annoyed, but there was nothing she could do. In order to save some face for herself, she could only say to Nangong Nuannuan, " "then, zhenzhen, i'll come back tomorrow to deliver the chicken soup to chiyang."

Nangong Nuannuan didn't say anything, but Zhou ruxue was overjoyed. She thought that Chi Yang would wake up eventually and see the chicken soup she had given him.

but she didn't expect that chi yang would see the chicken soup she gave him. but so what if he saw it?

After Zhou ruxue left, she thought that rather than begging Nangong Nuannuan, who didn't even care about her, she might as well wait for her son to wake up.

This was the top floor, the doctor's office. Because of the earthquake, even doctors were afraid of being in a tall building, let alone the injured.

fortunately, the private hospital was large, and the highest floor was only seven stories. it was usually used for meetings, so even if they knew there was space on the upper floor of the hospital, the people who were injured in the earthquake were not willing to stay there. The few strong aftershocks had already frightened them.

As such, after Zhou ruxue left, the entire floor fell silent.

the elevator was no longer in use, so zhou ruxue could only walk down.

However, halfway through, he suddenly felt weak in his knees and fell down.

fortunately, selina came out of the room and quickly grabbed zhou ruxue when she saw her fall.

after zhou ruxue steadied herself, a look of shock appeared on her face.

"Mrs. PEI, you have to be careful. If you break your leg, you won't be able to deliver soup to my brother-in-law."

Although Zhou ruxue felt like Selina was mocking her, Selina had pulled her back just now, so she still showed the etiquette of a rich lady and proudly nodded at her.

After all, her daughter-in-law was disheng's Chairman, so Selina obviously wasn't worth much in Zhou ruxue's eyes.

However, Zhou ruxue didn't notice the small stone beside her. It was placed in a flower pot in the ward, and it was now at her feet.

Zhou ruxue didn't suspect him and went downstairs.

Holding Zhou ruxue's hair in her hand, Selina sneered and turned around.

When they returned to the ward, the generals had just finished chatting with old man Chi and old man Nangong. Because Chi Yang had not woken up yet, the two of them did not want to disturb him any longer, so they left.

After everyone in the ward was her, Nangong Nuannuan said, "Grandpa, I have an idea."

"What idea?" The two old men said in unison.

Nangong Nuannuan smiled and told the two elders her thoughts. Elder Chi looked happy and was laughing out loud, but elder Nangong's expression was a little hard to explain.

Nangong Nuannuan stuck her tongue out at her grandfather when she saw his exasperated expression.

the two uncles from the nangong family and the three brothers who came to visit her when they were free also looked like they wanted to beat their chests and stamp their feet.

Only old master Chi and Chi zeyao were chuckling. One look at the two distinct faces and one could see that this group of people who had become a family were actually from two different families.

The next morning, Zhou ruxue came with a pot of chicken soup.

Chi Yang was still unconscious. Although he still hadn't woken up, Zhou ruxue saw that his complexion was much better, so he should be able to wake up soon.

Chapter 2558

2558 She really knows how to give birth (1)

As such, when she came to deliver the chicken soup the next day, Zhou ruxue was unwilling to leave.

"Nuan Nuan, I'm begging you, please let me stay here with chiyang. He's my son, I'm worried about him! I won't do anything, I won't touch him. I'll just sit here and watch over him, okay?"

As Chi Yang's injuries got better, Nangong Nuannuan's complexion also improved. Her mood also became much better, and she treated Zhou ruxue with a rare good temper.

"How am I supposed to talk to my friend here?"

"You guys go ahead, I won't interrupt."

"But I don't want you to hear what we're going to talk about."

Zhou ruxue:

"Yingluo, I'll go outside. Since there's no one else on this floor, I'll go to another room and wait for him to wake up. Is that okay?"

"Big brother chiyang will only wake up tomorrow, are you sure you want to wait here?"

When she heard that Chi Yang would only wake up tomorrow, Zhou ruxue immediately lost her mood to wait.

Although she couldn't return to the PEI family, she had rented a luxurious suite on the first floor. The conditions here were much better than here, and she didn't have to look at Nangong Nuannuan's face.

Zhou ruxue took a look at the thermos she'd brought over yesterday. It was still in the same position as yesterday, and it hadn't been touched at all.

Thinking of this, Zhou ruxue placed the thermal container next to the one from yesterday and said to Nangong Nuannuan with a fawning smile, "Since it's not convenient for you, then I won't stay here to annoy you. I'll come back tomorrow to deliver soup to chi yang?"

Seeing that Nangong Nuannuan didn't say anything, Zhou ruxue took it as her silent consent and left happily.

She could guarantee that whether she was present or not, when Chi Yang woke up tomorrow and saw the three thermal containers here, he would definitely be touched by her action of coming all the way here to make soup for him.

when her relationship with chi yang was restored, she would definitely be able to get seven or eight billion in sponsorships for the pei family.

Zhou ruxue left happily. When she went downstairs, she ran into Selina, who was coming upstairs.

Seeing Zhou ruxue, Selina smiled. "Mrs. PEI, you're here to deliver soup to my brother-in-law again?"

Zhou ruxue also smiled and greeted Selina. "Yup, I know. But my son hasn't woken up yet. Nuannuan said that he'll only wake up tomorrow. I'd better go back and make him some soup again. I hope he'll be able to drink the soup I made for him when he wakes up tomorrow."

"Oh, really? That's good! I wish you success!"

Selina was still smiling, but Zhou ruxue felt that this devilish woman's smile was a little strange.

Zhou ruxue gave Selina a cold smile and said, "Thank you. I believe that will definitely happen. After all, I'm chi Yang's biological mother, and I'm the one who gave him life."

Selina was all smiles. you're amazing. You actually gave birth to such an excellent man like brother-in-law.

Zhou ruxue faintly smiled,"our Chi Yang inherited my looks, that's why he's so good looking." &Nbsp;

Selina said,"the excellence she's talking about is a noble belief, okay?" Even she, a 3s-level mercenary, felt that he was very positive and admired him. What does it have to do with looks, you idiot!

Selina looked at her teasingly before turning around to leave.

Zhou ruxue didn't really like Selina. She felt that this seductive woman was even more annoying than Nangong Nuannuan.

Chapter 2559

2559 Interesting, right? 2

At least Nangong Nuannuan was straightforward, but this demonic woman hid daggers in her smile.

Zhou ruxue didn't know that Nangong Nuannuan was also a woman who hid daggers behind her smile. However, she was too lazy to hide daggers behind her smile.

When Selina returned to the ward, Nangong Nuan's warm eyes immediately fell on her.

"How is it?"

Selina handed a document to Nangong Nuannuan.

Nangong Nuannuan opened the document. When she saw the contents, her face darkened.

"Boss, interesting, right?"

Nangong Nuannuan glanced at Selina and smiled, but her eyes were cold.

After that, Nangong Nuannuan gave the Chi family a call.

The phone call went on for a long time. Other than Feng shengxuan, Selina, and ning Wenhao, no one knew what had happened.

On the third day, Zhou ruxue brought over a new thermal flask as usual.

However, just as they passed the sixth floor and were about to go up the stairs to the seventh floor, they were stopped by the guards.

“Why are you stopping me? I’m chi Yang’s mother, I’m here to bring him some soup.”

“Unauthorized people can’t get close.”

Zhou ruxue was instantly dumbfounded.

“I’m an idle person? I’ve already said that I’m chi Yang’s mother, his biological mother. I’ve been bringing him soup every day, why should I be an idle person?”

Zhou ruxue’s voice was very loud, and even Chi Yang, who was in the ward, could vaguely hear her.

The voice made him frown, showing signs of waking up.

“Madam PEI.”

Suddenly, someone called out to Zhou ruxue. She looked behind the stairs and saw that it was Selina.

“You came at the right time. Let me ask you, why didn’t they let me in and said that I was an idle person. It’s your Chairman who agreed to let me deliver soup every day. What right do they have to stop me?”

Selina chuckled and said, “you can come up, but you can’t make a sound.” There’s an important ceremony going on up there.”

Zhou ruxue was suspicious. She didn’t know what kind of ceremony it was, but she still nodded in order to go up.

Chi Yang felt as if all the muscles in his body were being torn apart, and his heart ached with every breath he took. His entire chest felt as if it had been stabbed countless times by a knife, and it was so oppressive that it made it hard for him to breathe.

The extreme pain made him frown even more. His originally chaotic consciousness quickly returned to him in this intense pain.

Memories slowly came back to her.

His heart had been injured by the steel bar that had pierced through it. He could feel his blood and life rapidly draining away.

He remembered the fear in Nuannuan’s eyes. Nuannuan had told him to hold his breath and said that she would be by his side no matter where he was.

However, he was so tired that he lost consciousness.

As he thought of this, Chi Yang suddenly opened his eyes.

Although he had just woken up from a coma, Chi Yang's eyes didn't look like someone who had suffered an extremely serious injury, who had just woken up from a coma for two days.

He had promised Nuannuan something, but he had failed to do so.

Where's Nuannuan?

When she opened her eyes, she didn't see any warmth. Chi Yang's eyes instantly became extremely sharp. His already cold face was now so frosty that he could almost freeze himself.

The temperature of the entire Ward dropped by several degrees.

However, the next moment, when he saw the layout of the ward, his cold eyes gradually dispersed. After taking a clear look at the layout of the room, the original coldness no longer existed. In its place was a kind of gentleness that could not be hidden.

Chapter 2560

2560 Proposal (3)

The ward was huge, and the entire room was wrapped in flowers.

The fresh flowers were all white petals. Chi Yang, who was usually unromantic, couldn't tell what kind of flower the petals were.

He could only feel that he didn't hate the smell.

Although the petals covered the entire room, the fragrance did not suffocate him. These petals only exuded a faint fragrance, which was similar to the smell of Nuan Nuan's body, giving people a warm feeling.

On the wall made of flower petals, there were pictures hanging.

These photos were carefully selected by him for a long time, and then he made the nano-phase.

That day, these photos had been floating around the Eagle Special Forces. He had used them to attract Nuannuan so that she could see their happy experiences from the time they met to their marriage.

At this moment, some of the photos of them smiling brightly together were selected and hung on the wall. He didn't need to guess to know that this must have been done by his heart-warming wife.

his heart had been injured, and he could feel his life rapidly fading away, and he was losing a large amount of blood. At that time, he had felt extremely regretful, because he had been afraid that if he died, he would not be able to propose to Nuannuan again. If he died, Nuannuan would most likely die with him.

He didn't want her to die, he wanted her to live. Live well. Because he felt that he could not bear the pain of watching her die.

However, he was also unwilling to see the woman he loved with his life end up being someone else's wife. Even if he wanted her to be happy and to have a perfect marriage. However, if this marriage was not given by him, although he would give his blessings, he would also be sad. I'm very, very sad, Yingluo.

so the best result was that he lived well, gave her a marriage, and let her get the happiness he gave her. that was the only thing he could accept.

Looking at the photos on the wall, they were all selfies of her shouting when they were together, or couple photos taken by her second uncle who liked to take photos of them. In the photos, she smiled like a flower, as if the dustless snow covering the peak of the mountain in the clouds was illuminated by the first ray of sunshine, or as if it was the first ray of sunshine in the spring morning.

Just seeing her smile made him feel at ease.

The moment he saw this bright smile, Chi Yang felt that the injuries on his body didn't hurt as much anymore. Even his breathing became much smoother.

Suddenly, music started playing in the room.

It was not sung by those celebrities.

Chi Yang listened carefully. Wasn't he the one who sang it?

These songs were all sung by him when she was angry and asked him to sing to coax her to sleep when he was ruthless to her.

He didn't expect this little girl to have recorded all his songs.

These were all military songs filled with positive energy. The rhythm was originally very fast, but in order to coax her to sleep, he had no choice but to slow down.

The song that was originally sung acapella was now accompanied by gentle music.

Chi Yang's voice was a little hard, but his voice was very good. When matched with the music, it was unusually pleasant to listen to.

Although he didn't see Nuan Nuan, Chi Yang wasn't in a hurry at all.

He believed that everything he saw when he woke up was arranged by Nuannuan. It was a surprise that his little girl had given him.

His little girl had not only saved his life once again, but she had also woken him up in such a romantic atmosphere.
