#### Chapter 2561

2561 Nuannuan in her wedding dress (4)

How could he not love her? how could he give up?

I won't give up!

At the door, there was some movement. Chi Yang, who had been looking at the other photos on the wall, looked at the door immediately. When he saw the person who appeared at the door, Chi Yang's pupils suddenly shrank.

nangong nuannuan was walking toward him in her white wedding dress.

she wore a crown made of fresh flowers on her head and held an olive branch in her hand. the olive branch was covered in a shape made of fluffy white petals of various shapes. The shape looked a little like a dragon, but also a little like a sheep. Chi Yang couldn't tell what it was. It only flashed by, but everyone's eyes were focused on his girl.

Chi Yang had never liked to let Nuannuan wear formal clothes.

Because no matter what kind of gown she wore, it would make her the most beautiful and dazzling woman in the audience. No matter if it was a man or a woman, they would not be able to take their eyes off her.

The sight of Nuan Nuan in her wedding dress made Chi Yang's gaze even more fixed on her.

At this moment, Nuannuan was not so much a bride as a fairy who had just walked out of a sea of flowers.

When other women wore wedding dresses, the noble ones would lose their lightness, The Lively Ones would lose their gracefulness, the exquisite ones would lose their spirit, and the spirit ones would appear a little thin.

However, the wedding dress that Nuan Nuan was wearing now looked more like a custom-made chiffon dress than a simple wedding dress. The starry flowers on the two translucent shoulder straps were like stars falling on her chest, making her look beautiful, exquisite, dignified, and graceful.

Coupled with Nuan Nuan's already extremely beautiful face, Chi Yang felt that perhaps the beauty of a goddess was just so-so.

Nangong Nuannuan was overjoyed to see her brother chiyang in a daze.

Because she saw the surprise, surprise, joy, and touched in his eyes.

She knew that brother chiyang would like it.

Although she didn't know what brother chiyang was feeling when he gathered the members of the Eagle Special Forces and left immediately after the earthquake, she knew that brother chiyang must have been very reluctant to leave.

The proposal that he had carefully prepared was ruined by an earthquake, and now he was injured to this extent. So, since he didn't propose to her in time, she would do it.

It would be the same if she proposed to him.

In this life, they were deeply in love with each other, so there was no reason for a proposal to be completed by a man.

Brother chiyang could bring her love, warmth, and touch.

She could also bring love, warmth, and emotions to brother chiyang.

Nangong Nuannuan slowly walked to brother chiyang and slowly knelt down. Then, she got down on one knee.

Although she was currently covered by a long white dress and looked like she was squatting on the ground, Chi Yang had a good understanding of the structure and changes of every bone in the human body.

Looking at the girl he loved so much kneeling in front of him, Chi Yang felt as if he had blasphemed against a God.

Most importantly, Yingluo was a little confused!

Wasn't a proposal supposed to be a man proposing to a woman?

Especially for those girls who were slightly more beautiful, didn't you see how much effort those men put in to propose?

His girl is so beautiful Yingluo

she's actually standing in front of me in a wedding dress!

2562 The girl kneeling in front of me (1)

At that time, people even said that he was not sincere enough at his proposal. In order to make the proposal look more sincere and make his girl marry him willingly and happily, he even organized a private jet under the eagle Eye group to perform in the air.

However, his carefully planned proposal had been ruined by an earthquake. Now that he was seriously injured, he hadn't even had the time to think about how to re-propose to his fiancée or how to set up a new venue for the proposal. In the end, his Nuannuan had to do this.

As he looked at the noble and beautiful girl in the Holy Wedding dress kneeling in front of him, Chi Yang seemed to understand why the girls who were proposed to always cried.

Although he didn't like to read those marriage proposals, in places like dizhou, especially high-end places, as long as they didn't ask for a private room, he would often meet those men who proposed in public.

In fact, he felt that those proposals were all very silly, and some could even be said to be eye-stinging. He just couldn't understand why those silly women were crying so hard.

But at this moment, he understood.

Because he wanted to cry too.

After he had screwed up his proposal and almost died from his serious injuries, not only did his girl not despise him or get angry with him, but she even dressed up in the ward in such a dreamy way and knelt in front of him to flirt with him.

He felt that it should be a proposal.

However, he felt that it was a little unrealistic.

therefore, when he saw nuannuan like this, other than being touched, he didn't dare to imagine it.

Chi Yang's thin lips were tightly pursed. His chest, which had been in so much pain with every beat of his heart, instantly felt much more refreshed. Even if his heart suddenly beat faster, it didn't make Chi Yang frown.

"brother chiyang, do you know what is on this flower crown?" Nangong Nuannuan knelt in front of Chi Yang and looked at him as she asked seriously.

"Dragon." Chi Yang had just woken up, and because his lungs had inhaled a lot of dust, his voice was extremely hoarse.

Nangong Nuannuan shook her head and reached for the cold water on the table. She had ordered someone to buy the cup with a straw.

Chi Yang hadn't touched water for a long time. If it wasn't for the fact that he had been receiving fluid transfusions to keep his body hydrated, he probably wouldn't have been able to survive.

With the water that Nangong Nuannuan passed to him, Chi Yang was about to drink it without any hesitation.

"Drink slowly, in small mouthfuls. Don't rush, don't choke."

After all, he had just had surgery on his lungs. If he really choked and coughed, he would probably die from the pain.

Chi Yang had always been very obedient to his wife. Although he was already thirsty to a certain extent, after a large mouthful of water entered his mouth, Chi Yang listened to Nuan Nuan's words and only took small gulps, carefully swallowing.

after chi yang finished the cup of water in small gulps, nangong nuannuan took a cotton swab and dipped it in the water to moisten his slightly dry lips.

Nangong Nuannuan had been doing this for the past two days, so Chi Yang's lips did not crack.

Nangong Nuannuan only said after he had finished the water, " "This is the whizard that I've asked someone to make with dried flowers. The White Marsh was a legendary divine beast and one of the four great beasts. It was said that the White Marsh was a symbol of auspiciousness and could turn misfortune into good fortune. in the future, we'll put this in our bedroom and let bai ze bless you with a life of peace, health, and prosperity. even if you encounter any difficulties, you'll be able to solve them and turn misfortune into good luck, okay?"

#### **Chapter 2563**

2563 Never leave nor abandon (2)

"Alright!" Chi Yang nodded without even thinking. This time, Chi Yang's voice was not as hoarse as before, but it still carried the weakness of a serious illness.

After all, he had hurt his Foundation this time.

"Warm, warm, warm."

"Big brother chiyang!" Without waiting for Chi Yang to speak, Nangong Nuannuan interrupted him and said, " "Even though we haven't been together for long, we've experienced a lot. i'm very happy to have you by my side along the way.

You pampered me, loved me, tolerated me, and trusted me. It was because of you that I understood what love was. i'm very happy to be able to obtain your love, very happy to have this love.

Big brother chiyang, if one day I grow old, become ugly, and not as beautiful as I am now, will you still hold me in your hands like now, and love me like a little princess?"

Nuan Nuan's question made Chi Yang smile.

Nangong Nuannuan had always felt that her brother chiyang's smile was the most beautiful, precious, and pure smile in the world.

Because he didn't like to smile. Not only did he not like to smile, but he always had a serious face. However, when such a person smiled, it was the most precious and the most beautiful. This was because they didn't smile at everything. To them, smiling was a luxury. therefore, when they smiled, it meant that they were happy from the bottom of their hearts.

Her brother chiyang had a handsome face that was as if it was the work of God. When he smiled, it could really make the sun and moon lose their light.

Usually, big brother chiyang was too unyielding, his temperament was upright, and he always had a feeling of iron-blooded toughness. At that moment, he was already in a weak state. His body had just suffered a major injury, and even his breathing was weak. Therefore, he had completely discarded his previous toughness and acted weak and sickly in front of Nangong Nuannuan. Coupled with the smile on his face, Nangong Nuannuan, who was wearing a Holy Wedding dress, couldn't help but want to howl.

Just as Nangong Nuannuan was in a daze, Chi Yang solemnly promised, "No matter when and where, be it when you're young, old, healthy, or sick, you're always more important than my life. I'll love you, protect you, hold you in my palm, and place you in my heart. You're the most precious treasure of my life. As long as you still want me, I'll never leave you. Even if you don't want me anymore, I'll never leave you, until death do us part."

The family and friends at the door were all stunned, their mouths wide open.

Even old master Chi and second uncle Chi, who knew Chi Yang the best, were pleasantly surprised. They had thought that a man like Chi Yang, who didn't like to talk much and didn't know how to say sweet words, would be overjoyed when he heard Nuannuan's proposal. He would only reply with an "I do" or something like that. At most, he would give Nuannuan a look of affection that was different from others.

However, he didn't expect Chi Yang to be so understanding and say so much in one breath. And they were all sweet nothings.

Compared to Chi Yang, Feng Shengxuan immediately paled in comparison.

Chi Zeyao looked at his son in disdain.

She acted like an idiot all day long, but in the end, she didn't even know who she liked. He was very worried. Even if he found out that the person he liked was Bai Liyue, with his character of not being able to speak human words without clicking, his daughter-in-law would also fly away.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 2564**

2564 dense malice (3)

Chi Zeyao did not understand. They were all from the same root, so why was there such a huge difference?

Feng Shengxuan had been watching Nuan Nuan's proposal and listening to Nuan Nuan's confession to another man with all kinds of feelings in his heart. Just as his heart was aching so much, he suddenly felt his father's malicious intent.

Feng Shengxuan asked, "What did Yingluo do?"

Weren't they the ones who forbade him from snatching his wife from Chi Yang?

He had already compromised for the sake of his family and did not fight with Chi Yang for Nuan Nuan. Why was his father still looking at him like this?

Second uncle Chi felt a headache coming on as he looked at the dumbfounded Feng Shengxuan. He then turned his gaze back into the house.

Forget it, out of sight, out of mind.

With Nangong Nuannuan's approval, the reporters had already installed cameras in the house. In any case, there were only a few experienced national media outlets like them. Even if this marriage proposal that could shake the entire Kamino nation were to be published, it would still have to be approved by

the Chi family and the Nangong family in the end. Therefore, the media reporters were arranged to a separate room.

seeing how warm and loving the couple was when they proposed to each other, many female reporters couldn't help but tear up.

Nuan Nuan looked at Chi Yang, and the corners of her lips curled into an extremely brilliant smile. It dazzled Chi Yang's eyes.

He had always thought that his Nuannuan was the most beautiful woman in the world. He had not expected her to break her own record at this moment and smile in the most beautiful and dazzling way.

This smile was imprinted in Chi Yang's mind, and he would never forget it for the rest of his life.

In this world, there was a girl who made him fall in love at first sight. He had never known what love was, but the moment he saw her for the first time, he felt as if he had grown up and was in love with her.

After experiencing his mother's betrayal to his father and accidentally seeing his mother doing those indescribable things with another man, it made him develop an extreme disgust for women.

Ever since he was nine years old, he couldn't help but feel nauseous whenever a woman tried to get on his good side. Those women who took the opportunity to touch him, even if they only hit his hand, not only would he feel disgusted, but his skin would also get inflamed and red pimples would appear all over his body.

only this girl that he had met at the zhong family's banquet, when he first saw her, not only did he not feel disgusted, but he even felt a rush of heart.

This was the first time he experienced what it felt like to be moved.

That was, when he first saw her, he felt a sense of déjà vu.

From the first time he saw her, a strong voice in his heart told him that he must grasp her well and never miss her.

From the first time he saw her, he had an inexplicable urge to protect her and shelter her from the wind and rain for the rest of her life.

He couldn't explain why he had such a feeling. He even wondered if his body had suddenly recovered after seeing such a beautiful girl.

However, when he saw her sister, Zhong Yingying, he knew that he hadn't recovered.

As long as he felt Zhong Yingying's unconcealed fanatical gaze, he couldn't help but feel disgusted. If it wasn't for his strong self-control, he really wanted to vomit all over her face.

That day, he knew what Zhong Kuijun was thinking, but in order to take a few more glances at Nuannuan, he resisted the disgust and didn't leave.

2565 His girl (4)

Who knew that in the end, he had to endure it.

Zhong Yingying was really too disgusting. His illness was acting up.

The splitting headache made him prepare to rest before continuing to attend the banquet and continue to look at Nuan Nuan. After that, he would go back and ask his brothers how he should pursue a girl.

Who knew that the water that the servant brought him to drink his medicine was actually spiked?

normally, these things would be child's play to him. But that day, he really couldn't hold back. Especially the moment he saw Nuannuan enter, he felt as if his nerves had snapped, and there was only one crazy thought in his mind-

He wanted her!

However, he had originally wanted to pursue the girl.

Therefore, after seeing the anger and disgust in the girl's eyes, he felt very regretful, very sad, and even at a loss.

For more than a month, the girl had not given him a good look. Wherever he was, the girl would avoid him.

If it was someone else, he would definitely forget about it.

However, he could not let her go.

once, he didn't know what love at first sight was.

Later on, he understood. After he met this girl.

He knew that if he could not be with this girl in this life, he would never be with anyone else.

So he decided that even if his girl ignored him for the rest of her life, he would still pester her for the rest of her life. Even if she would never love him for the rest of her life, it would be fine as long as she could be with this girl. It was enough that he loved her.

He had already made such a plan, but after a round of imprisonment, the girl suddenly changed.

she had become fond of him.

when he saw her looking at him, those beautiful bright eyes were filled with love and care. he felt that his world had changed from black and white to a dreamy color.

He had always been afraid that this was just a beautiful dream and that one day when he woke up from it, this girl would still look at him with disgust.

However, in the past six months, they had supported each other time and time again. The girl had stood on his side without reservation and helped him through a few difficulties, which made him feel that it was real.

His girl, his Nuannuan, really loved him. She had really become his fiancée.

At this moment, looking at her dazzling smile, Chi Yang was in a daze and felt that it was unreal.

"Yeah, me too," Nangong Nuannuan replied. No matter when, where, young or old, you're always more important than my life. You won't get sick because you have me. I will take good care of your body. You won't be poor either, because I'm rich, so much so that I can't finish spending it in a few lifetimes. Be with me, I will love you forever, be good to you, never leave you, until death do us part. So, are you going to take me as your wife?"

Chi Yang was amused by Nuan Nuan. His usually serious ice-cold face had melted to an extreme soft. Other than the smile in his eyes, there was also unconcealable excitement, touched, and joy.

"It's the greatest honor of my life to be able to marry you. I'll spend my entire life

Before Chi Yang could finish speaking, his mouth was covered by Nuan Nuan. don't talk so much, " he reminded. your heart and lungs are injured and haven't healed yet. It'll hurt if you talk too much. Just tell me, do you want to marry me?"

The family members outside were all amused by Nuannuan's strong confession and proposal.

Even elder Nangong and his uncles, who had been pulling a long face the entire time, started laughing.

#### **Chapter 2566**

2566 What's wrong with me? 1

At first, he thought that the girl from the Nangong family was at a disadvantage. But now, it seemed like she was not at all.

the girls in their family were just different! Even if it was a proposal, it didn't feel like he was in a hurry to get married. The whole process was very heartwarming.

They had accepted the proposal.

Chi Yang's mouth was covered, and the fragrance from her hand lingered in his nose.

The fragrance entered Chi Yang's nostrils and entered his lungs. He felt as if this fragrance could heal his injuries, and the heaviness in his lungs disappeared in an instant.

Chi Yang tried to raise his hand and brought it to his mouth. He held her warm hand and placed it on his heart. His eyes stared at her and he said affectionately and happily, "I want it!"

He had to!

This was the girl that he had fallen in love with at first sight.

In this life, in the next life, and in the life after that, she would always be his girl.

Hearing that big brother chiyang wanted to marry her, Nangong Nuannuan's eyes were so happy that they formed a crescent moon. Her eyes, which seemed to contain the stars in the universe, were shining with joy and happiness.

"Alright, then I'll marry you!"

Nangong Nuannuan then moved closer to her brother chiyang and pressed a " W " on his pale lips.

Then, she moved away slightly and said playfully, " "stamp!"

Chi Yang:

"From now on, you're mine. You can't like any other woman other than me. You can't love any other woman except for me and our daughter. Otherwise, I'll definitely beat that woman up until she doesn't even look like a pig's head."

When he heard the words "create a dragon Horn," Chi Yang couldn't help but laugh. As a result, it affected the huge wound on his internal organs. He was still laughing a moment ago, but in the next moment, his entire face turned pale, and he started coughing.

This cough affected the wound even more, and then sweat instantly poured down like rain.

Chi Yang was secretly shocked. How badly injured had he been? It was actually this weak?

The family members of the Chi family and the Nangong family couldn't help but rush into the ward.

Nangong Nuannuan quickly inserted a few silver needles into the basic acupuncture points on his left chest. With the help of the silver needle, Chi Yang's coughing stopped within two to three seconds.

After he stopped coughing, the intense pain slowly subsided, leaving behind a weak flush on his face.

The redness receded, leaving behind an even paler face.

Nangong Nuannuan's heart ached so much that her brows were knitted together.

Even though Nangong Nuannuan knew that coughing like this would not cause the wound to open, when she saw the wound on her heart and lungs, which had undergone surgery, turn red and blood was about to seep out of the blood vessels, she felt as if her heart was being squeezed.

It was only when Chi Yang's body had completely relaxed and he had recovered from the intense pain that Nangong Nuannuan asked sadly, " "Does it hurt?"

Chi Yang was also surprised by his own situation.

It was as if he had never been so seriously injured before. He had already felt that his breathing was a little heavy. When he coughed just now, he felt that he could only maintain basic breathing for now. It was as if his heart was aching faintly with every beat.

He was startled.

"What's wrong with me?"

Thinking of Nuan Nuan's unusual proposal, Chi Yang's face darkened.

Could it be that he was seriously injured and could not recover, and could only live like this for the rest of his life?

"Nothing much. You're heavily injured and need some time to recover."

## My Sweet Physician Wife Calls The Shots

### Chapter 2567

2567 You're not marrying me anymore?(2)

Chi Yang looked at the girl with a complicated expression and asked seriously, "Is it a complete recovery? Or are you saying that even if you recover, you'll still be a cripple?"

Nuan Nuan's gaze also darkened. Just as Grandpa Chi was about to smooth things over for Chi Yang, Nuan Nuan asked, "What's wrong? If I tell you that even if you recover, you can only lie down like this and I have to take care of you for the rest of your life, are you not going to marry me?"

Chi Yang was stunned.

Just now, he had indeed suddenly had such a thought.

If he was really going to be a useless person like this forever, was he going to waste Nuannuan's life?

Before he could even think about it, Chi Yang was frightened by the look in his wife's eyes.

The strong desire to live made him deny the thought that flashed through his mind just now almost without thinking.

how is this possible?!

His mouth had already answered Nuan Nuan, and his voice had already left his mouth before he gradually regained his senses.

Are you kidding me? He wouldn't stop Nuannuan from going through life and death with him, so how could he just leave the girl he loved and pampered with his life to someone else?

Even if he had to be in a vegetative state for the rest of his life, unable to speak or express himself, he would never want his girl to leave with another man, let alone lie down like this for the rest of her life.

Therefore, he immediately realized how silly his question was.

It was no wonder Nuannuan was so upset with him.

But fortunately, his mouth reacted faster than his brain. Chi Yang was satisfied with his own desire to live and reaction.

Looking at Nuan Nuan's face that had calmed down, Chi Yang, who was pale and had been sweating profusely because of the pain from her cough, added a little more sweat to his previous sweat. He then added, "You can only be mine in this lifetime."

Nuan Nuan's face had only slightly softened, but after hearing brother chiyang's words, she immediately put on a sweet smile.

At this moment, Chi Yang couldn't help but sigh. A woman's temper really changed faster than the flip of a book.

"Yeah, me too. No matter what I become, I'll always be by your side, okay?"

"Alright," he said. Chi Yang readily agreed.

He didn't even dare to ask about his own injuries.

Nuan Nuan's mood brightened, and she replied, "Don't worry, with me here, your body will definitely get better. and i can guarantee that there won't be any side effects. However, he would feel a little uncomfortable during this period of time. After all, his internal organs were severely injured, and his external injuries were also very serious. In addition, you've held on for such a long time that your body is completely exhausted. It'll be fine as long as we endure this period of time."

"Yes." When he heard Nuan Nuan say that he would be fine, Chi Yang's heart was put at ease.

His eyes were full of smiles and gratitude as he said, "I'm not worried with you around."

Nangong Nuannuan's smile bloomed even brighter when she heard this. She asked, "Does it still hurt?"

"It doesn't hurt anymore." Chi Yang replied.

Nangong Nuannuan smiled and replied, 'liar! I know you're in pain right now, but I promise you'll be much better in a week. At that time, you will be able to sit up. After a month, he could get out of bed and walk. Basically, he'll be fully recovered in three months."

If he was an ordinary person, it would take at least a year or so for him to fully recover. However, Nangong Nuannuan believed that with brother chiyang's recovery ability, he would definitely be able to fully recover within three months. Maybe it won't even take three months.

"Alright," he said. Chi Yang agreed without even thinking.

With his wife taking care of him, he didn't feel bored at all.

2568 The gift in the brocade box (3)

On the contrary, he was looking forward to the three-month holiday.

Everyone thought that the smile in Chi Yang's eyes was because he trusted Nuannuan. Only Nuannuan knew what big brother Chi Yang was smiling about. In an instant, their expressions became a little unnatural.

after all, there were so many people here.

she didn't know why, but even though brother chiyang didn't say anything and his expression was the same as before, she could accurately distinguish the meaning in his eyes.

This scoundrel!

When the family members saw that Chi Yang was fine, they also felt relieved.

Chi Yang looked at the people in the room, and his eyes were extremely gentle. He said, "Grandpa, I've made you worry."

grandpa chi reached out and held chi yang's hand. he didn't say anything and just patted it.

The grandfather-grandson duo said everything without a word.

Since they had chosen this profession, they had to accept all the negative effects that this profession would bring to them. When they chose this profession, they had never hesitated. After experiencing life and death, even after being covered in wounds, as long as they could recover, they would not hesitate. Even if they were injured or disabled, that was their choice. They had no regrets.

At this moment, mu Chenxiang walked in with little sun and little Ling 'er. The two babies were accompanied by Buttface. However, after little sun and little Ling entered the ward, the Nangong family refused to let Buttface in.

Buttface was a very good participant. Seeing that his two young masters had gone in but he couldn't, he was so anxious that he howled like A Wolf at the Door.

Little sun was wearing a pair of English backpants and a white shirt with a black bow tie. Little Ling was wearing the same style of dress as Nuan Nuan.

The two children, who were even more beautiful than the ones in the New Year's painting, each held a red brocade box and slowly walked in front of the two of them. They smiled as they looked at Chi Yang, who was lying on the bed, and his aunt, who was already sitting on the edge of his bed, and said in unison, "I wish you to grow old together and be united forever!"

Nangong Nuannuan took the brocade box from little sun's hands with a smile. She placed it beside Chi Yang's pillow and said, "This is yours."

Then, he took the brocade box from little Ling 'er's hands and hugged it in his arms. "This is mine."

"You don't like the ring I gave you?" Chi Yang's eyes darkened.

He had carefully selected them and even asked the world's best carving master to carve the words he wanted to say to Nuannuan in her diamond ring.

As for his ring, even though there was nothing new about it, it was the ring that Nuannuan had personally put on for him when he had been buried under the ground.

That was why he really liked their wedding ring.

He was resentful and didn't want to change.

"I like it, of course I like it," Nangong Nuannuan replied with a smile.

As he spoke, he touched the ring on his ring finger. This was her favorite thing.

Brother chiyang had the other half of the same thing.

Nangong Nuannuan could see the reluctance in her brother chiyang's eyes. She smiled and said, "Don't worry, how can such a big brocade box contain a ring? Besides, we've already put on the ring, so don't take it off."

hearing that it wasn't a ring, chi yang was happy.

“Is this your gift to me?”

“Yes.”

Nuan Nuan smiled as she opened the brocade box in her hand. Then, she turned the brocade box in Chi Yang’s direction.

When he saw what was inside the box, his eyes were slightly stunned, but it was immediately replaced by a great joy.

#### **Chapter 2569**

2569 It’s not a problem

It wasn’t a ring in the box, but the Red Book that they had never gotten.

The three words “marriage certificate” on the Red Book made Chi Yang feel his heart burning.

Chi Yang was touched, and his Adam’s apple moved. He felt a burning sensation in his eyes.

Although their relationship had been established after the combat Services department’s review, they were still very close to each other. Although Chi Yang would always use this excuse to tell himself that Nuannuan was already his wife and no one could take her away from him, he would often dream of some fragments at night. In those scenes, although Nuannuan had married him, she had not loved him. She always tried to escape from him. He was filled with helplessness. When he saw the disgust and impatience in her eyes, he wanted to let her go. However, every time, not long after he let her go, he couldn’t help but chase her back.

He couldn’t bear to lose her. He would rather she be unhappy by his side than to watch her disappear from his life.

That was why he was always suspicious and often felt that the happiness he had now was not real.

That was why he was afraid.

She was afraid that he and Nuannuan would not be able to get married in the end.

She was afraid that his dream was a sign that something bad was going to happen.

At this moment, when Nuannuan took the initiative to place the marriage certificate in front of him, he finally felt that his suspended heart had finally returned to its place.

chi yang stretched out his hand and couldn’t help but want to touch it, but he was stopped by nuan nuan.

“Don’t move. It’s best if you don’t move now, or you’ll get injured. I’ll flip it for you.”

After saying that, Nangong Nuannuan showed the marriage certificate in her hand to Chi Yang.

In the notebook was a photo of Nangong Nuannuan and Chi Yang, but it was not the kind that was taken at the Civil Affairs Bureau. Instead, it was Nangong Nuannuan and Chi Yang sitting side by side. The man was wearing a battle suit and the woman was wearing a white haute couture dress. The two of them

snuggled together. The man was handsome, and the woman was beautiful. They were both looking forward as if they were looking at something, but there was a faint smile in their eyes.

Although he didn't know what they were looking at, he could tell from the photo that the two were very close. One was a man with a powerful aura, and the other was a woman as soft and gentle as a little white rabbit. Looking at this photo, one could associate it with the word "peaceful".

The photo had been photoshopped to a red background. In addition to their clothes, one was in a black combat uniform and the other was in a white dress. The color actually matched the red background.

Coupled with the stunning looks of the man and woman, this photoshopped photo was especially suitable to be placed on the marriage certificate.

Chi Yang remembered this photo. Second uncle had taken this photo for him and Nuannuan when they were at the Nangong family's house. At the time, they had been watching da Bai play with the two children, and they thought that the two children and da Bai were very cute, so they all smiled in unison. And it was at this moment that second uncle recorded the moment for them.

Chi Yang looked at their wedding photo and couldn't help but smile. His eyes were filled with unconcealable joy.

"Second uncle, this photo is really good." Chi Yang couldn't help but say.

"Child, didn't Nuannuan tell you not to speak for the time being?" Second uncle Chi said, his heart aching.

"It's fine," Chi Yang smiled.

Old master Chi was unhappy when he heard this. He huffed and glared at the old man.

2570 What do you mean by it's not a problem (1)

"What do you mean it's fine? Do you know how hard it was for Nuannuan to save you? You brat, don't forget the pain before the scar has healed! Now, Nuannuan is in charge of your health. You don't have the final say. My granddaughter-in-law has the final say. Whatever my granddaughter-in-law says, you just have to do it, do you hear me?"

Old master Chi was overjoyed to be able to call her his granddaughter-in-law.

His grandson's life was saved, and he even married his granddaughter-in-law. not long later, their chi family would have another child.

Just the thought of it made him happy.

Looking at his grandfather's glowing face, even though Chi Yang was being scolded, the smile in his eyes deepened.

He didn't say anything else and merely nodded. Then, he turned to look at Nuannuan, waiting for his wife to do whatever she wanted with him. Nuannuan didn't know whether to laugh or cry.

Nuannuan really wanted to say, "look at your current condition. You're in so much pain that you can even breathe. What can I do?"

Chi Yang reached out to take the box, but Nuannuan quickly opened the brocade box on his bed. She took out the marriage certificate and flipped to the page that belonged to them.

Just like that, Chi Yang continued to look at the two people leaning against each other on the Red Book, as well as that Red Seal. The smile in his eyes could not be diminished.

After Nuan Nuan showed it to him, she was about to put it away. However, just as she was about to take it away, Chi Yang was about to stop her, so Nuan Nuan continued to let him see it.

Just like that, Chi Yang looked at the Red Book for a full five minutes with a smile in his eyes, still looking as if he had not had enough.

Nuannuan felt that if she didn't take it away, this person would probably look at her like this for the entire day. Thus, she diverted his attention and said, "Mr. Chi, please take care of me for the rest of my life."

"I can't really say that I'm giving you advice, but I'll listen to you for the rest of my life. Honey, please give me your guidance."

Although Chi Yang had spoken again, Nangong Nuannuan was extremely touched by his words. Grandpa Chi, who was standing at the side, also felt that his grandson was right. The people from the Nangong family also felt that Chi Yang was quite sensible.

Only Feng shengxuan, who was behind them, was being fed dog food by the two of them. Not only was his mouth full of sweetness, but his heart was also stuffed.

It was clearly the girl he had raised, but Chi Yang had taken her away.

The girl he had raised had suddenly become the Chi family's granddaughter-in-law.

He was clearly the one who had raised the girl, but not only could he not make the decision, but he was also always despised by his father.

Feng shengxuan felt that he was probably the most pathetic man in the world.

As for Bai Liyue, he still didn't think about her.

"Chi Yang? Chi Yang, are you awake?"

"Chi Yang, it's mother. Are you awake?"

After Zhou ruxue was brought to the seventh floor, she went to sit in a room. However, no one called her out even after a long time.

She opened the door and saw that there were guards standing outside, guarding the door. They didn't let her make a loud noise and only made her wait.

She felt like she had been waiting for a long time. When she heard the laughter coming from Chi Yang's ward, she knew that her son must have woken up.

However, the security guard at the door still did not allow her to go out.

Zhou ruxue was afraid that her son didn't know that she had been delivering chicken soup to him for two days straight, so she held the third pot and started shouting at the door.

The happy and harmonious atmosphere in the ward was instantly broken.

The smile on Chi Yang's lips instantly disappeared, and the smile in his eyes also seemed to be instantly sealed by frost. He only tried to reach out.
