Chapter 2581

2581 Lin Siqian (4)

After all, their wives were from that world.

However, they all knew Zhou ruxue's personality. He knew that this woman's character was improper, so he couldn't believe everything she said.

However, Yingluo

So what if he didn't believe it?

They had no way of knowing if she was telling the truth.

"Since you're also from that world, and you're my mother-in-law's sister, why did her clansmen only take my mother-in-law and even brother chiyang away, but not you?"

Hatred once again flashed through Zhou ruxue's eyes. She slightly narrowed her eyes and said, "Because I'm a cripple."

"What do you mean?"

"It means that I don't have the ability to fly like my sister, so they don't like me and don't recognize me as their Clansman. Even when my sister begged them, they didn't take me back."

after saying that, zhou ruxue faintly smiled and said, "but i don't want to go back either." If I, a person without any talent, went to that world, I would only be bullied. So, I thought that it would be better for me to live with Chi Yang. Living here is not necessarily worse than living in that world. It's just that I didn't expect that ze Hao would die one day, hehe."

"Are you sure you're telling the truth?" Nangong Nuannuan asked.

"Of course, I'm telling the truth." Zhou ruxue immediately nodded.

"Do you dare to swear?"

"I swear, if I'm lying, I'll be poor for the rest of my life!"

"Alright," he said.

Nangong Nuannuan nodded with a satisfied look on her face. you said it yourself.

"Yes, I did."

Zhou ruxue nodded heavily. Just as she was about to ask Nangong Nuannuan if she could give her some living expenses, she felt something poking at her head.

Just as he was feeling bewildered, he felt the entire world begin to drift, and then his brain went out of control.

“Now, tell me everything you know from beginning to end. Everything you know about that world and your sister.”

Nangong Nuannuan’s voice pierced through Zhou ruxue’s brain like a demon. Zhou ruxue wanted to resist, but she felt that her brain wasn’t listening to her. She just told everyone the truth, the hatred that she had been hiding in her heart for a long time, as well as the things that even Hiroshi Chi ze didn’t know about.

It was a world where humans could cultivate, but for various reasons, the world’s spiritual energy was rapidly dissipating at a terrifying speed.

in that world, only the large guilds and noble families had the power to speak, and the rules of that world were also set by these guilds and noble families.

In order to ensure that the sects and aristocratic families would not fall, they would pour all their resources into the geniuses.

When these geniuses became stronger, they could fight one against a hundred. This was the only way to ensure the long-term prosperity of these sects and families.

Chi Yang’s mother was called Lin Siqian, and she was the daughter of the Lin family, one of the aristocratic families.

In that world where only the strong were respected, ordinary people lived worse than dogs, but it was a paradise for the strong.

As long as one was strong, not only could a man have three or four wives, a woman could also have many husbands.

In a large family like the Lin family, the head of the family, Lin Baiyi, should be able to have three wives and four concubines. However, on one hand, Lin Baiyi was a lovestruck person. On the other hand, Lin Baiyi’s wife, Bai yunian, was also the daughter of the once glorious leader of the Alliance. These two were considered a strong Alliance.

Chapter 2582

2582 Five Thunderbolts striking the head (1)

the two of them had three sons and one daughter, all of whom were outstanding.

zhou ruxue’s mother was called zhou manqi, and she was only a servant of bai yunian. because lin baiyi was too handsome, too charming, and too infatuated, coupled with the fact that he had the backing of a super-large city, zhou manqi was deeply in love with him. so, taking advantage of the fact that the second young master of the lin family, lin shu ‘an, had died in battle and that the head of the family, lin baiyi, was injured, she drugged lin baiyi.

Originally, Lin Baiyi and Bai yunian had been very assured of Zhou manqi. After all, she was the only daughter of the Lin family’s old housekeeper and had lived in the Lin family since she was young. Lin Baiyi had been married for so many years, and Zhou manqi had always been dutiful and respectful to Lin

Baiyi, but she was even better to Bai yunian, so the couple could be said to have no defenses against her.

Who knew that this woman would lay her hands on Lin Baiyi when the Lin family was hurt and had sex with him?

The next day, when the truth was revealed, Lin Bai was furious and wanted to kill Zhou manqi as a warning. the housekeeper knelt down and begged for mercy, barely managing to save zhou manqi's life.

Zhou manqi had thought that after more than 20 years of suffering, she would be able to rise to the top once she succeeded. Who knew that Lin Baiyi would not care about last night's feelings and want to kill her? she was scared out of her wits on the spot.

In the end, Zhou manqi had no choice but to follow the Butler out of the Lin House.

she had thought that this matter would be over, but who knew that two years later, zhou manqi would come back with a one-year-old baby. This baby was Zhou ruxue.

It turned out that not long after leaving the Lin family, Zhou manqi had found out that she was pregnant, and her already frightened heart had now come back to life.

However, housekeeper Zhou didn't allow his daughter to go to the Lin family and locked her up in a courtyard in the countryside.

Zhou manqi wasn't a cultivator, she was just an ordinary person. She couldn't beat her father at all, and could only be watched all day long, complaining to her incompetent father.

In order to make her father let his guard down, Zhou manqi started to act very well in front of him, constantly promising that she would raise the child on her own and would never return to the Lin family.

At first, Butler Zhou did not believe it. He felt that he had spoiled his daughter too much and that she did not know how high the sky was and how deep the earth was. He consoled his daughter with all his heart. The Lin family was not something she could dream of or scheme against. Even if she had a daughter, Lin Baiyi would definitely be cruel enough to abandon her.

However, Zhou manqi only treated her father as a weak shrimp with no ambition.

After her daughter Zhou ruxue was born, she took her to take a talent test. It turned out that she was a rare grade SSS talent, the same as the Lin family's young master Lin Qiao 'an and the fourth young lady Lin Siqian.

The Butler was also very happy and was prepared to raise Zhou ruxue together with Zhou manqi. When she reached a certain age, she would be sent to the Guild Alliance for training. He believed that the Guild Alliance would definitely welcome Zhou ruxue, a 3S grade talent child, with open arms.

With Zhou ruxue's birth and Zhou manqi's refusal to mention returning to the Lin family, housekeeper Zhou finally trusted his daughter.

Who would have thought that just as he left home to accept a mission, Zhou manqi would bring Zhou ruxue back to the Lin family, causing another family storm?

When housekeeper Zhou received the news and came to the Lin family, he saw his daughter in a daze and his granddaughter crying on the ground. He felt like he had been struck by lightning.

Chapter 2583

2583 Harmed (2)

A 3S level super genius! Just like that, Lin Baiyi had personally severed his spirit root and turned him into a cripple who would never be able to cultivate.

In order to prevent Zhou manqi and Zhou ruxue from returning to the Lin family, Lin Baiyi ordered his men to send the mother and daughter to glory planet.

Zhou ruxue had grown up under Zhou manqi's scolding and beating. After Zhou manqi was sent out, she was trapped in the mountains of Yunzhou by the villagers and never left the mountains.

Because in that remote mountain village, almost all the men in the village couldn't find a wife, so after Zhou manqi was sent out, she was immediately taken.

Zhou ruxue had lived in such a village for over ten years without any freedom. that was until lin siqian appeared.

Lin Siqian wasn't here to look for her. She was here to look for energy. The energy here was the Jade, and the people in that world could use the Jade to absorb energy.

In order to find more power for the Lin family, Lin Siqian had come to planet glory to seek cooperation and had met Zhou ruxue.

She had never heard of Zhou ruxue's story, and after using her special ability to discover that Zhou ruxue was her father's child, she had saved Zhou ruxue and prepared to take her back to ask her father.

In the end, he met his enemy here and was injured. He was then saved by Hiroshi chizawa.

Zhou ruxue had fallen in love with him the moment she saw him, but he only had eyes for Lin Siqian.

Zhou ruxue knew about her family background, so she hated Lin Siqian and wanted her dead.

However, not only was Lin Siqian prettier than her, but she also had a better figure and was more attractive than her. Even Lin Siqian's fighting skills were many times better than hers.

Zhou ruxue was just like her mother, and they were both good at being humble in front of experts. She had been following her sister, Lin Siqian, around, looking for an opportunity to kill her.

She knew that there was an energy transmitter around Lin Siqian's neck. Once it was crushed, energy would be transmitted out, and the surrounding cultivators would know.

lin siqian had kept the necklace ever since she got together with hiroshi chizawa. Once, when Zhou ruxue was cleaning up for her, she accidentally saw this necklace that was said to be able to attract cultivators from that place.

Zhou ruxue also knew that the enemies on earth had been looking for Lin Siqian. However, this was glory planet, and they did not dare to kill or search. They did not have the technology in this area, and with the effective protection of Hiroshi chizawa, the other party would not be able to find her at all.

Before Lin Siqian gave birth, Hiroshi chizawa was doing a drill at the military service department in Yunzhou. Therefore, she was the only one there when Lin Siqian's water broke.

After she sent Lin Siqian downstairs, she said that she had forgotten to bring her things for the baby and asked Lin Siqian to wait for her while she went back to get her things.

she went back to steal the necklace.

When Lin Siqian was sent to the operating room for a C-section, Zhou ruxue smashed the necklace into pieces.

The enemies came faster than expected. They arrived at the hospital in less than 15 minutes.

But unfortunately, Hiroshi chizawa had also arrived at this time and was fighting with these people outside.

In order to show that she was protecting her sister in front of Hiroshi chizawa, she even shouted for help and called for a few reinforcements.

However, she knew that these people were no match for those people.

Although Hiroshi chizawa was powerful, he had not undergone any systematic training. He could still fight one or two people, but he would not be able to fight a few. This caused the two brothers who had come with him to be killed on the spot.

Chapter 2584

2584 sorrow (3)

Just when the odds were against them, the Lin family arrived.

They had killed their enemies and saved Lin Siqian.

Originally, Zhou ruxue was still thinking about what she would do if the matter was exposed. However, the Lin family did not look down on him at all and insisted on chasing Lin Siqian and Chi Yang away.

It was only when Hiroshi Akazawa protected them with his life and his team arrived that those people suddenly burned a talisman and left.

Since Hiroshi Akazawa had never seen such an operation, he didn't know what these people were going to do when they ignited the talismans.

It was only after the group of people, including his wife on bed C, had disappeared that Chi Yang came back to his senses.

However, he had no idea how to get to that world, nor did he have the key to it.

Therefore, after searching for a few months, he could only give up.

in order to give chi yang a complete family and prevent others from saying that his mother was an unknown person, chi yang created a fake identity for zhou ruxue, signed a contract with her, and finally got married.

After all, Zhou ruxue was Lin Siqian's younger sister. In the past year that she had been by Lin Siqian's side, she had been very well-behaved.

Hence, Hiroshi Akazawa gave her the opportunity to become Chi Yang's mother in name.

However, the contract also stated that if she had any improper thoughts, the two of them would divorce.

Therefore, for the next eight years, Zhou ruxue only dared to seduce Hiroshi Chize secretly, never daring to seduce him openly.

Hearing this, Chi Yang clenched his fists tightly. The faint good feelings he had for Zhou ruxue crumbled at this moment, disappearing completely.

Seeing that Zhou ruxue had nothing else to say, Nangong Nuannuan turned to old master Chi and said, "Grandpa, she's said what she has to say."

Old master Chi was shocked by what happened to his son and daughter-in-law, and only recovered from Zhou ruxue's words after a while.

He looked at Nangong Nuannuan and was shocked by the girl's wrist.

"Girl, Qianqian is telling the truth, right?"

Nangong Nuannuan nodded. for people with weak willpower and no strength to resist me, I can insert the needle into a special acupuncture point. That way, she will answer whatever I ask her.

"Then you should have just let her talk! This woman was too disgusting! Chi Yang's mother treated her so well, but she treated her own sister like that. The most hateful thing is that he actually lied to the Chi family for so long and led a good life for so many years."

Nangong Nuan Nuan glanced at the indignant Nangong ze and said, "Although I can make her tell the truth directly, if she does, I don't know how she'll lie and how despicable she is. I don't know what she has been through, I just want to let grandfather and brother chiyang know that this woman is not worthy of their sympathy."

Nangong Nuannuan's words immediately made the Chi family understand her good intentions.

Although the Chi family was powerful, they were kind and soft-hearted. This kind of person was the easiest to be exploited by those who looked weak and easy to bully but had evil intentions.

Take Hiroshi Chi ze for example. The person who caused their family to be unable to reunite was Zhou ruxue. However, to him, Zhou ruxue was just a weak woman. He could easily kill such a person with his eyes closed. He didn't even put her in his heart.

However, it was also because of this mentality that he trusted Zhou ruxue even in death.

This was his sorrow.

Chapter 2585

2585 Explanation (4)

Nangong Nuannuan would never allow such a tragedy to befall her and her brother chiyang.

Therefore, when she encountered such a White Lotus and green tea b * tch, she would strangle them in the cradle directly. She would not keep such a disgusting person by her side like a kitten toying with a mouse and watch her jump around and suppress her again and again.

This kind of disgusting cockroach was already rotten to the core and could not be kept by his side.

Chi Yang clenched his fists tightly. He was so angry that his chest hurt. It was only when Nangong Nuannuan placed her hand on his clenched fist that the frustration in his heart gradually dissipated.

As for Zhou ruxue, he no longer had the slightest bit of compassion.

“Brother chiyang, the PEI family had offended me before, but I didn’t do anything to them on your account. However, from the looks of it, not only was your Half-Blood aunt not accepted by your grandfather, but she also caused your family of three to be unable to be reunited. If big brother and I were to mess with someone like that, you definitely wouldn’t have any objections, right?”

Although Nangong Nuannuan had never given Zhou ruxue any face, she had always been patient with her.

It could be said that in the face of Zhou ruxue’s repeated harassment and disgust, she had been very lenient with her.

And all of this was because she was brother chiyang’s mother.

Now that she was no longer his mother, and even her aunt was his enemy, this was the first time Nangong Nuannuan had expressed her wish to Chi Yang.

Chi Yang was definitely not the Holy Father. Facing the woman who had destroyed his family, he wanted to kill her with his own hands.

so when his wife said she wanted to mess with her, he had no objections at all.

where did you put the fake marriage contract between you and Hiroshi chizawa in Rs bank? ”

Zhou ruxue told him where the contract was stored. Feng shengxuan had already turned on his computer and hacked into it.

After the other bank received the relevant instructions, they asked where the contract would be sent and agreed to send it out today.

After that, Nangong Nuannuan removed the silver needle from Zhou ruxue’s brain.

because he didn’t intentionally make zhou ruxue lose her memory, when the silver needle was pulled out and zhou ruxue was able to control her mind and mouth, her face had already turned deathly pale.

She covered her mouth tightly, unable to believe that she had so easily blurted out the secret that she had been hiding for so many years.

Seeing the hatred and contempt in the eyes of the Chi family and Nangong family, Zhou ruxue knew that she was finished.

He was completely finished!

“it’s not yingluo, it’s not yingluo, it’s not like this! Chi Yang, listen to my explanation!”

After Zhou ruxue came back to her senses, her first reaction was to ask for Chi Yang’s forgiveness.

However, Nangong Nuannuan had kicked him over.

“if you want to talk, then talk. don’t use your dirty hands to touch my big brother chiyang.”

Zhou ruxue hated Nangong Nuannuan, but she had never been able to do anything to her.

she was an obstacle in his relationship with chi yang.

But now, she didn’t even have the slightest bit of relationship with Chi Yang. What was she going to do?

this time, not only would chi yang not allow nangong nuannuan to invest in her, chi yang would probably hate her forever.

“Didn’t you want an explanation? explain! We’re all listening. Why don’t you explain to us why your mother was so cheap and tried to climb into brother chiyang’s grandfather’s bed?”

2586 Explain (1)

“That’s my mother! It wasn’t me! What can she do? is it something I can stop? Wuwuwuwu Xuxu dad, I beg you Xuxu!”

“I’m not your dad. You have nothing to do with our Chi family. Your life and death have nothing to do with our Chi family. It’s not completely unrelated. For the things you did to Chi Yang’s mother, we will definitely seek justice for the Chi family’s true daughter-in-law.”

Even when Zhou ruxue betrayed Hiroshi Chi ze at the mourning hall, old man Chi had only chased her out of the family. All these years, on account of her being Chi Yang’s mother, he had not hit her when she was down.

However, this time, when he found out that his own daughter-in-law had been harmed by this woman, old master Chi hit Zhou ruxue while she was down for the first time.

Zhou ruxue’s body, which had been sitting on the ground, suddenly became listless.

Nangong Nuannuan continued to sneer, “ “Since you can’t explain your mother, then explain what you did to my mother-in-law! Did my mother-in-law do you wrong? If it wasn’t for my mother-in-law, you would have married the silly son of the village chief in a remote mountain village in Yunzhou. How could you have such a good life to come into contact with the outside world? My father-in-law and mother-in-

law are so good to you, but not only Do you not know how to be grateful, but you're also acting like your mother. Why don't you explain why you're so cheap!"

Zhou ruxue shook her head.

At this moment, she was at a loss, helpless, and regretful.

If she had known that she would end up in this state one day, she would not have been with PEI Jitong.

she should have always treated chi yang well and become the chi family's daughter-in-law.

Yes, that's right. At this moment, Zhou ruxue was also thinking about how she could continue to be rich.

"Explain!"

Nangong Nuannuan couldn't care less. She kicked Zhou ruxue's shoulder, causing the weak-looking girl to fall to the ground again.

She just couldn't bear to see Zhou ruxue acting all high and mighty in front of her.

Looking at her White Lotus-like face of a rich lady, she couldn't help but want to step on her until she was dust.

zhou ruxue had never been treated like this before. she was only sent out by the pei family to look for investments. To put it bluntly, she was the legitimate young Madam of the PEI family and the wife of the chairman of the PEI family corporation.

She believed that even if she couldn't get any investment, even if the PEI family wanted to divorce her, she could still get a considerable divorce fee. After all, she had been married to PEI Jitong for many years. No matter what, he should at least give her some of the PEI family's shares, right?

Thinking up to this point, Zhou ruxue felt that she didn't need to put up with Nangong Nuannuan.

"What are you doing? Who asked you to be so rude to your elders? You're really born but raised by your mother!"

At this moment, extreme fear, embarrassment, and her dignity being trampled on caused Zhou ruxue's brain to short-circuit.

she had forgotten that if nangong nuannuan was unhappy with her, it would not be as simple as not investing in her. If Nangong Nuannuan was not happy with her, the entire PEI family would be in trouble.

But at this moment, Zhou ruxue's brain was filled with blood.

At this moment, she didn't have the courage to face the Chi and Nangong families 'questioning, and she didn't want to stay here and be toyed with by Nangong Nuannuan.

She glared at Nangong Nuannuan and felt as if all her strength had returned to her body. Then, she got up from the ground and raised her head to glare at Nangong Nuannuan.

Nangong Nuannuan, don't think that I'm lower than you just because I'm asking you for an investment.

2587 You guys are too much (2)

"I'm still the young Madam of the PEI family. Even if you don't invest, I can still get a large sum of money from the PEI family if they want a divorce. I don't believe that in a society ruled by law, you people can kill me!"

After saying that, Zhou ruxue looked at Chi Yang, whose gaze had returned to normal, and sneered as she provoked him, "Hmph, didn't you want to know why I did this to your mother? Then I'll tell you! If it wasn't for grandma, my mom wouldn't have had such a tragic experience! I'm a 3S level genius. I should have been an existence that could summon the wind and summon the rain in that world. But because of your grandmother's pettiness, in that world where successful men can casually have three or four wives, even my mother can't tolerate it!

If she wasn't so petty and vicious back then, why would my father leave me, his genius daughter, behind? Not only did he ignore me, but he also destroyed my spiritual root, turning me into a disabled person. I was thrown out of that world to a trash planet like glory, where I was humiliated by a disgusting man in the mountains.

I hate them! I hate your grandma the most! That's why I hate your mother! I hate your entire family! We're all geniuses, so why is she so high and mighty? Why do I have to bow and bend my knees? She's lucky that I can't kill her, but Yingluo, that idiot your dad trusted me and even gave me such a good platform.

I admit that without the Chi family's protection, the PEI family will definitely divorce me. But so what? When I get the divorce fees, I'll go far away and live a good life abroad. Even if he couldn't be as extravagant as before, he could still live a rich life. But you? You'll never see your mother again!"

"pa!"

A slap directly landed on Zhou ruxue's face, causing her face to twist.

"nangong nuannuan, this is a society ruled by law! So what if you're rich? Hitting someone is illegal! Do you think I won't sue you?"

Nangong Nuannuan smiled and said, 'you think I'll hit you just because you say so? Who saw it?"

After saying that, Nangong Nuannuan looked at the people around her shamelessly.

However, the people around him were either from the Chi family or the Nangong family. Old man Chi and old man Nangong took the lead and shook their heads like rattle-drums. The remaining people either shook their heads or shrugged their shoulders, infuriating Zhou ruxue.

She knew that in the future, she had completely cut off all contact with the Chi family and Chi Yang. She didn't want to be humiliated anymore and was ready to leave.

However, Nangong Nuannuan clearly wasn't done. She slapped Zhou ruxue again.

The previous slap had already caused Zhou ruxue's face to turn purple and red, and this slap was no exception.

Not only that, but Zhou ruxue also discovered that her teeth had loosened.

Her eyes were not red, and she looked as weak as if she had been bullied by bandits. She cried and said, " "you guys are too much! You're simply disgracing the name of the Marshal and the general! Is this how you guys bully the weak? Do you really think I won't Sue you?"

Zhou ruxue was glad that she had hidden a surveillance camera on her body the last two times she had come in. She had been constantly bullied by Nangong Nuannuan and had been traumatized.

perhaps she could even extort a sum of money from the nangong and chi families after she got out. After all, one of them was the general, and the other was the general. How could they allow Nangong Nuannuan to hit her? if the video were to be leaked, would they still have any face left?

2588 Arresting someone (3)

Therefore, even though her teeth were loose, she didn't feel any fear.

The more miserable she was, the more money Nangong Nuannuan would lose.

She didn't believe that Nangong Nuannuan could ignore the netizens' attacks and defame the Chi family at will.

However, Nangong Nuannuan only treated Zhou ruxue's warning as a fart. She smiled and said, " "I've already said, if you want to Sue, go ahead. However, before you sue me, Yingluo has to bear the consequences."

"Ha!" zhou ruxue sneered, 'you're not going to talk about lin siqian, are you? There's no evidence, not even this person. If you want to Sue, then go ahead."

"Who said I was going to Sue you for this?"

Then, Nangong Nuannuan looked at Selina and asked, " did you call the police I told you to? "

selina put on a devilish smile. " i've already called for them. the police are waiting at the door. do you need me to call them in? "

"Please come in."

Zhou ruxue frowned when she saw that Selina had indeed asked someone to call the police.

She couldn't figure out what Nangong Nuannuan was going to Sue her for.

Could it be that she was going to be sued for impersonating Chi Yang's mother?

She had a contract, and it was Hiroshi Akazawa who had brought her to get a fake marriage certificate.

Zhou ruxue was still wondering what Nangong Nuannuan was going to Sue her for when a group of police officers entered the room.

When they found out that the old Marshal and the old General's family were going to make a public appeal, the police officers were all excited and wanted to show off.

Therefore, the police dispatched this time turned out to be the head of the Shengzhou Police Department.

Elder Chi and elder Nangong often appeared on the news, so the director recognized them as soon as he entered.

old Marshal, old general, nice to meet you. I'm Wang Yuanxi, the inspector of the Shengzhou Police Department. We're here to investigate a case. Sorry for disturbing you.

Old master Chi and old master Nangong both looked at Nangong Nuannuan at the same time, not understanding what Nangong Nuannuan was planning to Sue Zhou ruxue for.

Nangong Nuannuan didn't say anything. The police officers walked up to Zhou ruxue and showed her their police badge. "Ms. Zhou, we have evidence that you put a big kun in the soup that you made for general Chi in an attempt to poison the Commander-in-Chief of the Flying Eagle Special Forces. Now, please come with us!"

zhou ruxue's eyes widened when she heard the word "big kun."

In order to make the chicken soup smell more fragrant, to make the red sun more

It was appetizing. Not only did she add Angelica and milk, but she also added a small amount of big cream.

the big kun could enhance the taste, and when it was put into the soup to boil, the fragrance would be stronger. The person who drank the soup would not feel any discomfort. They would only feel that the taste of this soup was better than other soups.

However, if one drank it more than three times, the person who drank the soup would naturally become addicted. He would want to drink this soup every day and feel that he could not live without it. If he did not drink it every day, he would feel uncomfortable all over. Only after drinking it would he feel refreshed.

Chi Yang's body already had problems, so if he added a small amount of Da Yi, it would definitely be more addictive.

However, Chi Yang's self-control was strong since he was young. He was definitely able to overcome this kind of discomfort. However, during this period of time, he would definitely want to drink the soup she made.

Zhou ruxue's thoughts were simple.

This amount definitely wouldn't cause any harm to Chi Yang's body, so it wasn't a problem for her to put in an appropriate amount.

2589 this isn't the truth (4)

Besides, she had really put very little in the soup. How did Nangong Nuannuan find out?

The moment the cold handcuffs were placed on her hands, Zhou ruxue finally recovered from her shock and started to struggle.

"What are you guys doing? Why do you want to capture me? I didn't do anything wrong!"

"You still think you didn't do anything wrong?"

Wang Yuanxi looked incredulously at Zhou ruxue, who really didn't think she had done anything wrong. He really wanted to slap her in the face regardless of his identity as a police officer.

"Zhou ruxue, you've already violated Kamino's laws by maliciously poisoning someone else's food, and the person you poisoned is the Commander-in-Chief of Kamino's Eagle Special Forces! do you know the weight of commander-in-chief chi in kamino? He's the most important and powerful officer in our country. If Commander-in-Chief Chi is really infected with something he shouldn't because of you, even the death penalty won't be able to atone for the mistake you've made!"

Zhou ruxue shook her head and said, "no! no! It wasn't like this! I didn't poison it! I didn't want to harm him! he's my son, why would i harm him?"

"Son?" Nangong Nuannuan sneered. Mrs. PEI, you've lied to the Chi family for twenty-six years. Now that the DNA test report is out, you still want to say that my husband is your son? " There was a limit to taking advantage of others, especially when it came to me, Nangong Nuannuan. It was not that easy to take advantage of me. anyone who takes advantage of me doesn't have a good end. mrs. pei, you've already taken advantage of me so many times. don't you think i should take it back from you double?"

seeing nangong nuannuan's smile, zhou ruxue was truly afraid.

Zhou ruxue, we're arresting you according to the law. Come with us to the police station!

Zhou ruxue's eyes widened to the size of copper bells.

Originally, she thought that she would post on Weibo after she got out and say that the Chi and Nangong families hated her. If she died one day, it would definitely be related to the Chi and Nangong families.

This way, Nangong Nuannuan would not dare to mess with her for the sake of these two families. Instead, she would try her best to protect her.

Who knew that the ideal was so full, but the reality was so cruel.

She had thought of everything and even recorded the video. In the end, she was going to be arrested by the police before she could even walk out of this Ward?

How could she be caught by the police?

Once she was caught, the video on her would be taken away by Nangong Nuannuan. At that time, he would have nothing to use to threaten Nangong Nuannuan.

Sensing that the police were about to push her out of the room, Zhou ruxue screamed and yelled, "Don't arrest me! Who gave you the right to capture me? do you know who my husband is? My husband is the chairman of the PEI family group, PEI Jitong, and my mother-in-law is LAN Huifang!"

Lieutenant Wang Yuanxi was slightly stunned. He was the Lieutenant of Shengzhou, not dizhou. He only knew about the four first-class rich families in dizhou, plus the two first-class rich groups, Shengyang and Hawkeye.

He had never heard of the PEI family corporation. Who was LAN Huifang?

"I've never heard of it!" no matter who your husband is or who your mother-in-law is, " inspector Wang shook his head. it's a fact that you poisoned the Commander-in-Chief.

"No! It wasn't the truth! She was the one who wanted to frame me! She's already found me an eyesore, so she added something into the soup on purpose!"

"You don't have to quibble anymore, Yingluo."

2590 Waiting for my husband (1)

"Miss Nangong noticed something was wrong on the first day you brought the soup, so we came here yesterday. Ever since you sent the soup over, we have been filming and watching it. After you left, we immediately sent the chicken soup for inspection and found that it was made of Chinese persimmons. Zhou ruxue, I'm telling you one last time, please cooperate and come with us. Otherwise, don't blame us for being impolite!"

Zhou ruxue's eyes widened again as she looked at Nangong Nuannuan in disbelief.

She had not expected Nangong Nuannuan to be even more ruthless than her. She had actually sent someone to check the ingredients of the chicken soup on the first day she had delivered it.

This was simply too abnormal!

If one's mentality wasn't twisted to a certain extent, even an ordinary pervert wouldn't think that a mother would put something in the chicken soup she gave her son in order to please him, right?

zhou ruxue thought that nangong nuannuan was crazy enough to take the chicken soup for testing, but she didn't know that nangong nuannuan thought that since the soup had been boiling for so many hours, she might as well drink it since she was thirsty and hadn't eaten.

However, when he opened the thermos, he smelled a strange smell.

Not only did Nangong Nuannuan have x-ray vision, but she was also a genius pharmacist. Not to mention the smell of Chinese medicine, she could even smell Western medicine. Even for those that she couldn't

smell, she could see the larger crystals in the medicine and speculate the medicinal properties and names of the medicine by their composition.

therefore, zhou ruxue was completely wrong. nangong nuannuan had only opened her thermos and could already smell it. That was why Nangong Nuannuan was so angry.

Which mother would use a large cream in her soup when her son was just out of danger in order to make her son fall in love with her soup?

Was he begging crazily?

Therefore, when Nangong Nuannuan began to doubt Zhou ruxue's mother, she immediately asked Selina to go after her and get her hair done.

Because Nangong Nuannuan had started opening the thermos the moment Zhou ruxue walked out of the door, she could tell that something was wrong in less than half a second. Therefore, when Selina caught up to Zhou ruxue and hit her back with a rock, Zhou ruxue almost fell off, but Selina managed to stop her in time.

In fact, Selina hadn't been holding her hand, but had pulled a strand of her hair.

this was the reason why nangong nuannuan felt that she couldn't forgive zhou ruxue after the dna test was done.

And now, after knowing that it was this woman who had caused her brother chiyang to be unable to see his mother until he was 26 years old, she swore that if she didn't make her life a living hell, she would not be called Nangong Nuannuan.

"why are you looking at me? If you don't believe what the police say, when you go to the JS court, the police will naturally show their video evidence. Now, Mrs. PEI, please go to the police station and wait there!"

After Nangong Nuannuan finished speaking, the police immediately carried Zhou ruxue away. Zhou ruxue didn't know where she got the energy from, but when she saw that she was about to leave, she hugged the table closest to her and refused to leave.

"Wait! i'm going to find my husband. i'm going to ask him to find me the best lawyer! let me go! i have the right to ask my husband to help me find a lawyer."

However, the police officer no longer listened to her. He pried her fingers away from the edge of the table and said coldly,
