

My Sweet Physician Wife Calls The Shots

Chapter 26: Degrading Family's Principles

"Nuannuan, mom asked Auntie Zhao to make your favorite dish today. I even helped her out! Oh, and to celebrate your release from prison, I went ahead and bought a set of super expensive skincare products yesterday. Come to my room later, I'll hand them to you."

Zhong Qianqian approached them and continued talking. While she was dominating the conversation, she attempted to pull Chi Yang's arm apart from Zhong Nuannuan's hand as she wanted to seize the chance to separate the two.

Even if it was a hypocritical show of affection to win her favor, she was unable to put up with Chi Yang's affection toward Zhong Nuannuan.

Who would have thought that Chi Yang would intentionally exert a slight force to pull Zhong Nuannuan into his arms when Zhong Qianqian was about to pull her sister's hand off him.

He speedily took Zhong Nuannuan's hand that was in his right hand and changed it to his left hand, accomplishing a seamless joint between the two. He then extended his right hand to seize Zhong Nuannuan's waist.

He had the same glare as a tiger that was staring down its' enemy. He looked like he had malicious intentions toward the person in his embrace. It was as if he was a lion protecting his meal.

Zhong Qianqian thought, 'She only wanted to pull Zhong Nuannuan, so why did Big Brother Chi Yang glare at her as if he was looking at his rival in love?'

Zhong Nuannuan was fully embraced by Chi Yang, her back pressed up against his chest.

Feeling Chi Yang's hot temperature, she could faintly hear the strong heartbeat in his chest. The very intimate position reminded her that the man was still alive and strong. Zhong Nuannuan felt relieved. At this moment, she felt that her life was complete.

Zhong Qianqian and whoever else were all automatically screened out to the outside world.

The boiling hot body temperature lingering around her was the source of all the warmth in her life.

Upon seeing Zhong Nuannuan's expression that was hard to make out and Chi Yang's eyes that so clearly showed a blissed emotion, Zhong Qianqian felt like she turned into a f*cking dog that ate all of its food in one go. Her mouth and heart tasted like dog food. She almost threw up from disgust.

3However, the magnetic field between these two people made it feel like they were in another world of their own. Even if she were to stir up a row under these circumstances, they would easily disregard her existence. It made the flame that Zhong Qianqian had tried to restrain earlier soar uncontrollably in just a flash.

"Nuannuan, you're still just a senior in high school. Isn't it bad for you to be hugging a man in public before you even graduate from senior high? You were abducted by a trafficker when you were three years old and spent so many years in the farming area. You barely received a good education, and since your return, mom and dad have pampered you so much because they felt sorry for you. You should know that the Zhong Family's blood is flowing in your veins. Our dad's in the military, and mom is the lady of the Cloud Group. We're aristocrats in Jiang District, and as the young lady of an aristocratic family, you should have the mannerism that properly reflects the daughter of an affluent family. Don't do things that would degrade our family's principles."

1Zhong Qianqian's words snapped Zhong Nuannuan and Chi Yang back into reality.

"Degrading family's principles?" Zhong Nuannuan frowned slightly. "Big sis, you must've forgotten. Chi Yang has already made it clear to all of us earlier. He is my fiance now. Although we have yet to hold our wedding, our marriage has been approved by the military base. It's been acknowledged by the organization.

Right now, I'm embracing my fiance in my own family yard. How is that degrading our family's principles? Could it be that the Zhong Family and Jiang Family have their own set of rules that states unmarried husband and wife aren't allowed to hug? If embracing one another is deemed as a degrading act, how about the time big sis tried to drug Chi Yang? Stripping Chi Yang naked in an attempt to seduce him, what's that called?"

6

Chapter 27: Slap in the Face

"..." Zhong Qianqian was so stunned that she had nothing to say. Her face turned crimson red, but she knew she could not refute back. "I was just making an analogy. The goal was to tell you that you mustn't do things that aren't compatible with your status."

"So, yours was compatible with your status?"

Zhong Qianqian thought, 'Why is this girl's mouth so wretched?'

1"Oh, I get it now. Chi Yang was the one who took the initiative to hug me earlier, but you felt too embarrassed to say that his action was impertinent. That's why you had no other choice but to direct those words to me?"

Zhong Qianqian turned anxious and said, "When did I say that Big Brother Chi Yang's behavior was impudent? Zhong Nuannuan, don't make inappropriate remarks!"

"You don't think his action was improper, but you were talking about both of us. Then were you deliberately making things difficult for Chi Yang? Are you that upset with him?"

Zhong Qianqian was instantly irritated. "Zhong Nuannuan, don't try to sow dissension. I'm clearly directing my words to you. As your big sister, have I lost all rights to educate you?"

2"Educating me by saying I degrade the family's principle? Do you practice what you preach? Big sis, even if film school's acceptance scores are not as high as those of regular universities, I heard that film schools have been paying great attention to cultural achievements in recent years. You're using words so arbitrarily now that I'm feeling sweaty just thinking about your college entrance exam."

Zhong Qianqian sneered in anger. "Your grades are still number one from the bottom. Even if my grades are horrid, a country bumpkin like you couldn't catch up to me even if you used a rocketship!"

Zhong Nuannuan showed her a wicked smile. "It's no wonder big sis's grades are so poor. Your memory's quite horrible. If it wasn't because you asked me not to defeat you back then, would I actually be ranked last?"

"When did I ever asked for you not to defeat me? How could you push the blame to me over your poor grades?" Zhong Qianqian was going insane from anger. She had surely never made that request!

"Big sister is truly an eminent person that has a short-term memory. At that time, I had only returned home for about a month when I had to take the end of semester examination with you. You asked me how my revision was going, and I told you that it was going quite well. Then, you told me that you were not doing very well and was afraid that I would do better than you. You were worried that my mom was going to scold you. I let you defeat me due to sisterly affection. To be honest, I had no idea how sh*tty your grades were, so the only thing I could do was place last in my grades just to help you out. It was such a deep and moving sacrifice in the name of our sisterhood. Have you forgotten about it big sis?"

After much thought, she really did pamper Zhong Qianqian in her past life. She clearly knew that she was using her. Yet when she thought about how the same blood was flowing inside their bodies, she felt that she would willingly let her do anything as long as she did not cross the line.

“Zhong Nuannuan, how can you be so shameless? How could you blame me for your own poor grades!”

“Tsk tsk... I didn’t expect big sis to so speedily abandon me after achieving your goal. You’re not even admitting to it now and you’re even acting hostile toward me. Since you’re having a hard time believing that I was just letting you win the other time, then be prepared to get a slap in the face during our end of term this time.”

Zhong Qianqian snickered and felt like she had turned into a f*cking dog. She had just been threatened by the person ranked last in the grade.

“Slap in the face? Are you sure you can give me a slap on the face?”

“Your face is huge, so how could I miss? Unless you decide to put your face on your ass. If not, how would I not be able to slap your face?”

6Zhong Qianqian felt that her self-esteem and pride had been wholly trampled over by this sharp-tongued b*tch. After mentally preparing herself for the whole afternoon, it was once more declared a failure.

“Zhong Nuannuan, what did you say? Say it one more time if you have the guts to!”

“I thought you only had psychological problems this whole time, but it turns out that you have a hearing problem as well. If you have hearing issues, you should buy a hearing aid. Otherwise, you won’t be able to hear clearly even if I repeat myself.”

2

Chapter 28: Eyes Would Sting

In the eyes of the current Zhong Nuannuan who had given up on all familial affection in this lifetime, Zhong Qianqian meant nothing to her now.

“B*tch!”

Zhong Qianqian rushed up the steps and raised her hand up in an attempt to slap Zhong Nuannuan in the face.

When Chi Yang saw this, he stepped forward immediately.

However, just as he was about to move, he felt a tight squeeze on his hand.

The moment Chi Yang's body halted, Zhong Nuannuan had already grabbed Zhong Qianqian's hand.

Zhong Qianqian was shocked to discover how exceptionally strong Zhong Nuannuan was. The hand that managed to stop her slap couldn't be budged in the slightest. She couldn't strike Zhong Qianqian now and nor was she able to pull her hand back.

1Zhong Kuijun and Jiang Shuwan heard the quarrel between the sisters. They hurriedly walked out to where the sisters were. After catching sight of her parents making their way over, Zhong Qianqian felt that she had been wronged and her eyes immediately turned red.

"Nuannuan, I'm your big sister. How could you treat me this way?"

When Jiang Shuwan came near and saw the situation, she immediately sided with Zhong Qianqian's by saying, "Nuannuan, what are you doing? Qianqian is your big sister. How could you treat your big sister that way?"

1Zhong Nuannuan felt like she was getting lightheaded looking at Zhong Qianqian exerting all her strength wailing golden beans out. (TN: Golden beans are used to describe a rich young lady's tears.)

"Big sis, why are you crying? You're the one trying to hit me. I didn't even lift a single finger on you. If someone were to cry, it should be me instead. Why are you feeling wronged that you couldn't hit me?"

After speaking her thoughts, she looked at Jiang Shuwan. "Mom, I really don't get it. Are you my birth mother or are you Zhong Qianqian's birth mother? You can still see from Zhong Qianqian's hand that she was the one who was about to slap my face, so how could you subconsciously think that I'm the one at fault? Can't you see who's the one that's really suffering here? Or are you saying that our family only allows the big sister to slap the little sister, but doesn't allow the little sister from defending herself from getting slapped?"

4Once her voice quieted down, Zhong Nuannuan let go of Zhong Qianqian's hand. She secretly exerted a little bit of strength to lightly push her.

Zhong Qianqian became unstable from the invisible trick and took a few steps back.

"Be careful!"

Zhong Kuijun rushed forth to catch his daughter, but Zhong Qianqian's feet bent over and she immediately fell down the flight of steps.

The steps were not that high, and it was only about five steps down. However, the impact of falling from behind forced Zhong Qianqian into a perfect 360-degree rollover once she had reached the last step. She was sprawled out on her back after falling to the ground, and even her underwear was exposed.

Under the flaming red short dress, Zhong Qianqian was actually wearing a pair of pantyhose that did not cover her buttocks. Her fair buttocks were exposed, and it was covered in a black lace T-shaped panties thinner than her little finger.

7Keke.

Zhong Nuannuan was utterly speechless at the sight.

What was she planning to do while wearing those obscenely exposing underpants at home?

“Don’t look, your eyes will sting.” Zhong Nuannuan turned her body at once. She stood on her tippy toes and reached out her hand to cover Chi Yang’s eyes.

“Alright.”

1Chi Yang was extremely obedient in front of his wife. When Zhong Nuannuan was covering up his eyes, he simply stood there and did not move an inch.

It was just that when his eyes were blinking, his long eyelashes flicked on her palms from time to time. It gave Zhong Nuannuan a slightly unbearable itch.

Looking at the sight of Zhong Nuannuan covering up Chi Yang’s eyes, Zhong Qianqian felt like she was really out of luck today.

2Whether it was her appearance or reputation, they were all thrown out the window in front of Chi Yang.

As for that initiator of evil who caused her to lose face in the first place, she was currently acting like a proud princess. Embraced in her parents’ love and protection while being with the man who was supposed to be her fiancé. She was standing high up on the steps and flashed a smile that was filled with mockery toward her.

3Zhong Qianqian felt sore from head to toe after the fall. Her black pantyhose was ripped, and blood was seeping out from her knees and elbows.

1

Zhong Qianqian wanted to screech and dash forward to tear apart Zhong Nuannuan’s charming face.

However, Zhong Qianqian dared not make a scene even if she was furious as her mother was incessantly trying to give her a meaningful look, and her father's expression had turned darker than the bottom of a pot.

At this moment, Zhong Nuannuan saw that Zhong Qianqian had covered up her underwear with her skirt. She immediately put her hand down to guard against another attack by a certain someone.

Upon seeing this, Zhong Qianqian promptly gave Zhong Kuijun a lovely yet pathetic look. "Dad, Nuannuan pushed me! It's so painful..."

After saying those words, tears started to roll down her face once more.

Jiang Shuwan rushed forth to help Zhong Qianqian up without any further delay. She said in a displeased manner, "Nuannuan, you..."

Before she was able to finish her sentences, she fixed her gaze onto Zhong Nuannuan's serene and cold eyes.

The moment she looked into her stare, she felt like a viper had wrapped itself around her neck. The blood in her body had frozen solid, and words were stuck in her throat.

Since when did Zhong Nuannuan have such a terrifying look in her eyes?

Jiang Shuwan blinked and looked at her once more. The tremor she felt earlier had disappeared. The person standing in front of her was still that ordinary 17-year-old girl, currently looking at her with a face filled with grievance.

"Mom, dad, you were right in front of us just now. You clearly saw that I didn't push big sister, right? I was always so good to big sis, but big sis hates me so much that she can't even get along with me. I'll make it clear in front of mom and dad. From this day onward, I'll never help her out with anything anymore. I'll never sacrifice myself to do something for her ever again. I'll keep my words. If mom and dad feel that I've wronged her in any way, I can leave this house. I was always just a surplus in this family anyway. As for the matter regarding Zhou Jinhui..."

"Nuannuan!"

Jiang Shuwan yelled in horror and rushed to Zhong Nuannuan's side. She held her in her arms to prevent her from speaking any further.

"It wasn't your fault. Qianqian's the one at wrong here! Mom and dad saw everything, and it's Qianqian's fault! Furthermore, Nuannuan, you're my daughter. The daughter that I painstakingly gave birth to and the one I carried in my womb for ten months! Why would you say that you're a surplus? Back when you were abducted by traffickers, your mom almost cried her eyes out. You don't know how happy we are now that you're

back! For you to say these words toward your mom and dad, you're digging a hole in our hearts!"

4Zhong Nuannuan, "..."

She was hugged in Jiang Shuwan's embrace, and it was a tight hug as well.

However, her hand was still held by Chi Yang. It did not matter how tightly Jiang Shuwan was hugging her as Chi Yang still refused to let go.

She...

Felt like her arms were about to break because of these two people.

"Aunty, you're twisting Nuannuan's arms."

Ultimately, Chi Yang spoke up when Zhong Nuannuan could not bear it anymore.

Jiang Shuwan, '... You knew that her arms were getting twisted, so why didn't you let go instead?'

"Nuannuan, your mother and I were watching earlier. You didn't shove Qianqian at all. Qianqian deliberately toppled down just to frame you. She's been spoiled by us since she was a child and wants to beat others in everything. It's dad's and mom's fault that she lacks discipline. Next time if she causes another nuisance toward you, just let dad know about it. Dad will teach her a lesson for you. You're a good kid, so don't be angry about these trivial matters anymore, okay?"

Zhong Nuannuan knew when to stop herself, so she replied, "Alright, I'm not angry anymore."

"What an obedient child!" Zhong Kuijun and Jiang Shuwan spoke out in unison.

1Zhong Kuijun told Chi Yang and Nuannuan to hurry inside. He said to Chi Yang, "I'm sorry, Chi Yang. You saw another laughing stock of my family. It's my fault for not teaching my own kids to behave."

Chapter 30: Wash Our Hands Together

"It's fine," said Chi Yang to Zhong Kuijun. Chi Yang would be happy as long as he could hold her hand.

Nevertheless, he understood everything he needed to about the family dynamic now. As long as his wife was not willing, no one in this family could bully her anymore.

Jiang Shuwan looked at Zhong Qianqian with pain in her eyes. In the end, she did not entertain her and proceeded to go into the room with Zhong Nuannuan.

When Aunt Zhao saw this, she hurried over and helped the wounded Zhong Qianqian upstairs to change her clothes.

“Nuannuan, please don’t blame your mother. Because of your history, your mom has always thought that she owes something to Qianqian’s mom. Plus, you were kidnapped by human traffickers when you were three. Qianqian has been living with your mother and taking on your role for all this time. That’s why I dote on Qianqian more than you. Even though you’re back now, I can’t adjust my mentality to adapt to how it is now in such a short amount of time. There are times when even I would subconsciously feel that my treatment toward you is unfair.

9But you have to believe me. You are my daughter. How could I not love you? So please don’t say those things to hurt mom and dad, okay?”

1“Mom, I’ve wrongly put the blame on you. It’s only because of how you’ll always side with big sis whenever something bad happens. You force me to let her win all the time, so that’s why I felt like you considered big sis to be your daughter more than me. That’s why I said those words. Mom, I’m sorry. Please don’t be mad at me.”

Jiang Shuwan was sweating in fear after hearing Zhong Nuannuan’s words. She quickly gave her a benevolent smile. She looked at the staircase and after making sure Zhong Qianqian was not coming down, she said, “Nuannuan, for me, Qianqian is the outsider.”

“Really?”

“Of course.”

Jiang Shuwan answered her matter-of-factly. Zhong Kuijun was standing at one side looking at them with a smile on his face.

Chi Yang’s eyes darkened when he saw that Zhong Nuannuan and Jiang Shuwan looked kind of similar.

5Zhong Kuijun changed the subject and said, “Right, Nuannuan. We left at the same time. What did you do during the trip? Why did you arrive so late? Did something happen during your trip?”

“Something minor happened.”

Zhong Kuijun nodded. When he was about to say something out of concern, Zhong Qianqian skipped down the stairs and pretended like nothing ever happened.

“Who said it’s something minor? Dad, I saw that Big Brother Chi Yang even changed his car. Some soldiers of his dropped them off here in a Jeep.”

Zhong Kuijun was alarmed. He looked at Chi Yang. “What happened? Was it serious?”

“No, it’s nothing serious. I wasn’t paying attention to the road, so I ran into a tree.”

“Ah? Ran into a tree? Big Brother Chi Yang, how can you be so careless. Let me tell you, you have to be careful when driving. Sometimes when you’re daydreaming, you’ll bla bla bla...”

Zhong Qianqian ignored Zhong Nuannuan completely and was talking only to Chi Yang. It can’t be certain if she had realized that Chi Yang was not paying any attention to her.

Zhong Nuannuan did not understand how someone’s face could be this thick. In a world where people would throw hands when there is a disagreement, Zhong Qianqian would be killed off right from the start.

3Jiang Shuwan poked her head out from the kitchen and called out to Zhong Nuannuan, “Nuannuan, go wash your hands. You have to wash your hands properly after getting out of the detention center so that you’ll wash away the bad luck.”

1Zhong Nuannuan glanced at her hand that was being held tight by Chi Yang. She felt helpless.

Chi Yang’s internal struggles could be seen in his eyes. In the end, he had no choice but to let go of her hand.

Noticing Chi Yang’s resentment, Zhong Nuannuan’s heart softened. “Why don’t we wash our hands together?”

2

“Alright,” replied Chi Yang to Zhong Nuannuan’s suggestion of washing hands together.

Chi Yang’s face was stern. It was like he had just hastily agreed to her request. However, he stood up before finishing his sentence. That execution...

It did not matter if Zhong Kuijun could see Chi Yang’s metaphorical tail behind him, but it was clearly wagging happily in front of Zhong Nuannuan.

1Chi Yang’s jagged image as a god of death was immediately shattered to pieces in front of Zhong Kuijun.

Zhong Qianqian was still going on and on about the importance of road safety, but Chi Yang had already followed Zhong Nuannuan to wash their hands at the back. He did not pay any attention to her.

Zhong Qianqian looked at her father with resentment. She wanted to seek comfort in him and wished for him to take her side, but the only thing she got was Zhong Kuijun's gaze that served as a warning.

Zhong Qianqian could only take back her resentment. She turned around and smiled brightly. "Nuannuan, I'll wash with you."

Zhong Nuannuan was speechless with Zhong Qianqian's change of attitude.

"Nuannuan, I was wrong. I said the wrong things, I'm sorry. I hope you won't blame me for it." Zhong Qianqian was trying to ruin her relationship with Zhong Nuannuan before in order to make a move on Chi Yang, but now, she was trying to reconcile with Zhong Nuannuan instead.

Looking at how thick-skinned Zhong Qianqian was, Zhong Nuannuan answered indifferently, "Of course not. I'm not petty. As long as you stop trying to steal my man away from me, I will not argue with you."

My man...

Zhong Qianqian's face changed when she heard what Zhong Nuannuan said. Chi Yang, on the other hand, was smiling to himself at the side.

Honestly speaking, he was intrigued by the two sisters' argument. He never wanted to kill Zhong Qianqian like the pesky fly that she was. He loved seeing Zhong Nuannuan getting jealous and protecting him against Zhong Qianqian's taunts.

1"Chi Yang, let's wash together."

"Alright."

Chi Yang happily accepted his wife's invitation.

Initially, Zhong Qianqian wanted to spend some time alone with Chi Yang in the toilet after Zhong Nuannuan was done.

Zhong Qianqian: ...!!!

Zhong Qianqian watched as Chi Yang stood behind Zhong Nuannuan with his arms around her in a hug. Both of them proceeded to wash their hands together with the soap. They even rubbed and helped to wash each other's hands. It was as if a flower could bloom from the way they washed their hands. Zhong Qianqian's mouth felt dry.

3She felt like she was turning into a jar of dog food!

After washing, both of them dried their hands and walked straight out while completely ignoring Zhong Qianqian.

1“...”

Zhong Qianqian quickly rinsed her hands with water before rushing out without even wiping her hands dry.

Zhong Nuannuan brought Chi Yang to the dining table.

There were five people at the dining table that comprised of her father, her mother, her, Chi Yang, and also Zhong Qianqian.

There was a single seat reserved for the master of the house, and there were two seats on each side next to the master's seat.

Her father would always sit on the master's seat, hence Zhong Nuannuan left the first seat on the left empty for Chi Yang. She would be sitting on the second seat herself.

Just as Chi Yang was about to sit down, Zhong Qianqian sat herself down on his seat.

Zhong Nuannuan: ...

Chi Yang: ...

“Nuannuan, both of us didn't talk for so long. Let's sit together today so that we can be closer to each other. I didn't see you for a month, I've missed you so much!”

Knowing that it would be impossible for Chi Yang to sit with her, Zhong Qianqian decided to separate Chi Yang from Zhong Nuannuan.

Zhong Kuijun stood up awkwardly and offered his seat to Chi Yang. He would then be sitting next to his wife, Jiang Shuwan.

“Chi Yang, come. Sit here instead.”

Chapter 32: You Can Stay With Us

“But I didn't see Chi Yang for a month. I miss him too, so I want to sit with him.”

Zhong Qianqian was aggrieved. "Nuannuan, are you still unwilling to forgive me? We were so close before! What's wrong with you? Why are you acting like a stranger with me just because we haven't seen each other in a month?"

"You're overthinking. We're always around each other. But because of Chi Yang's work, I can't see him that often. Sis, please forgive my loneliness after not seeing my boyfriend for one whole month. I'll agree to whatever sitting arrangements with you after Chi Yang's return to the military base."

"This kid is so shameless," Jiang Shuwan said in a doting way to Zhong Nuannuan after coming out of the kitchen.

"Uncle Zhong, you're the master of the house. I can't be sitting here. This is not right." Chi Yang firmly stood his ground. He did not sit down.

Zhong Kuijun was afraid that Chi Yang would get mad, so he chuckled and said, "Alright, Qianqian. Even if you're close with Nuannuan, you still have to consider Chi Yang's feelings now that he's here."

"..."

Zhong Qianqian bit her lips aggrievedly. She did not want to let Zhong Nuannuan sit with Chi Yang. She wanted to say something, but when Zhong Kuijun noticed that she did not want to move, he said to Zhong Nuannuan, "Nuannuan, you and Chi Yang should sit here."

"Alright."

Zhong Nuannuan quickly got up and pulled Chi Yang over to the other side of the table, acting as if Zhong Qianqian was infected with a deadly virus.

Chi Yang held Zhong Nuannuan's hand in his. His face was filled with satisfaction now that he could sit with his wife and eat while holding her hand.

Zhong Qianqian's face that was full of spite was the total opposite of Chi Yang's.

"Come, Chi Yang, taste this. This is the wine that your aunty chose from Château Margaux. I wouldn't even open it if you were not here today."

Zhong Kuijun was about to pour the wine for Chi Yang.

"Uncle Zhong, I have to drive back to the military base later, so I'm afraid I won't be able to drink tonight."

Zhong Kuijun was startled. His face was filled with regret.

After seeing this, Zhong Nuannuan said, "Chi Yang, just have a few glasses with my dad. Both of you are from the same military base. If you really can't drive, you can just stay here and return to the military base with my dad tomorrow."

The whole family agreed with Zhong Nuannuan's suggestion.

Jiang Shuwan agreed with his daughter and said, "Nuannuan is right. Just stay here tonight. We're a family now, so you don't have to be shy."

Zhong Kuijun replied, "My car is in the workshop now. I can follow you to the military base tomorrow."

Zhong Qianqian chimed in, "Yeah, Big Brother Chi Yang. Just stay here. We have plenty of rooms anyway."

Chi Yang was happy just staying here with his wife. It did not matter if they were sleeping on the same bed or not.

"Alright, then I'll drink with Uncle Zhong."

"Hahaha, good to hear! Come, let Uncle Zhong pour some wine for you."

The atmosphere really started to lighten when Chi Yang began to drink with Zhong Kuijun.

Chi Yang did not eat much as all he did was to take food for Zhong Nuannuan.

Everything on the plate was the food that she liked. Zhong Nuannuan felt touched after seeing this and was quickly finishing up her food.

Chi Yang and Zhong Nuannuan had only been engaged for three months. They did not really spend a lot of time together during this period, but Chi Yang knew everything that she liked and was taking really good care of her.

He had been treating Zhong Nuannuan in the same loving way for the past six years they've spent together, but what about her? Zhong Nuannuan had no idea what Chi Yang's favorite food was.

"Chi Yang, you don't have to keep taking food for Nuannuan. You have to eat as well," said Zhong Kuijun. Suddenly, he noticed something. "Eh? You're left-handed?"
