#### Chapter 2611

2611 Eating dog food and being abused (2)

However, Nuannuan wouldn't let him speak, so he could only look at his wife with a pitiful expression.

However, it was useless.

"Big brother chiyang, you were buried underground for such a long time. You don't know that your lungs have been blackened by the dust. However, you have an ability, so the damage to your lungs can be repaired through ability cells. However, I found that ability cells are from the inside out, and they can't directly act on your skin. Your skin needs to drink water too. Think about it, your skin is breathing in so much construction waste, dust, and waste gas.

Don't worry, this is a cosmetic product produced by our Angel pharmaceutical. It can definitely quickly replenish water and permeate through the skin."

After saying that, she didn't even look at Chi Yang's expression and directly put a face mask on him.

Chi Yang, who had never done such things before, immediately felt every single blood vessel on his face turn cold the moment the mask was applied to his face.

It was summer now. After a few days of rain, the sun had begun to rise. Because of his injury, his wife did not allow him to use the air conditioner. She only opened the door and windows of the ward to let the air flow. He was actually feeling a little hot right now.

The moment the facial mask was applied to his face, Chi Yang felt as if his temperature had dropped a few degrees.

"Comfortable?"

Nangong Nuannuan smiled as she helped him with the facial mask. Then, she took out some water and poured some on the cotton pad. After she wiped brother chiyang's skin clean, she poured some powdery stuff on it.

"The water just now is a moisturizer. now, i'm applying a very useful baby powder that i've developed."

Chi Yang's eyes were dark. He really wanted to ask, why did a man like him have to put on baby powder?

"You'll have to lie in bed and recuperate during this period of time. The weather is hot, and if you don't breathe properly, you'll get goosebumps easily. After applying this, not only will you not be bitten by mosquitoes, but it will also keep your skin clean and comfortable for 8 hours."

As Chi Yang listened to Nuan Nuan's explanation, he couldn't help but smile.

It felt like there was nothing in this world that their Nuannuan couldn't handle or couldn't get involved in!

If he had not been ordered not to speak, he would have said that it was no wonder disheng could become the third largest group in the global economy. Even the baby mosquito-proof powder was personally developed by the big boss. It felt like no one else could survive in the basic industry to the high-end industry.

Old master Chi and Chi zeyao came in from outside. Nangong Nuannuan glanced at their dark faces and didn't say anything.

Old man Chi felt that he had to make things clear to Chi Yang, so he said, " "Not only did PEI Jitong come, but LAN Huifang also came. They wanted to ask for the Chi family's forgiveness. PEI Jitong said that before he came, he had already asked a lawyer to go to the Civil Affairs Bureau to help him force a divorce. They were here to show us his divorce certificate with Zhou ruxue. He said that he didn't know that Zhou ruxue wasn't your mother, so he allowed her to keep harassing us.

LAN Huifang also said that Zhou ruxue seduced PEI Jitong in the past, and the PEI family allowed Zhou ruxue to marry into their family in order to give the Chi family an explanation. Now that they know Zhou ruxue isn't your mother, they've already filed a lawsuit against her for fraud."

nangong nuannuan could not help but laugh.

2612 Meeting his wife (3)

"Zhou ruxue sure is miserable. She was clearly a scheming woman, but she was raised by the PEI family to be a silly and sweet girl. It wasn't easy for her to stupidly leave society, but she was abandoned by the PEI family."

Seeing that the old man and second uncle's expressions were not good, Nangong Nuannuan consoled them, " "Grandpa, second uncle, don't be angry. The wicked will be punished by the wicked. Zhou ruxue and the PEI family won't have a good ending."

"Father, since the PEI family no longer has anything to do with chiyang, I'll have Shengyang take action," Chi zeyao said, looking at his father.

Nangong Nuannuan added, "di gang has already made his move today." They might come to the hospital to make a scene later."

Old master Chi immediately instructed the guards, " "No one from the PEI family is allowed to enter this place, not even LAN Huifang. If anyone else comes, they must first report."

"Yes."

In the end, not long after the guards received the order, they came to report.

"Reporting to the general, there's a woman outside who claims to be Feng Ji Mian looking for Madam sun."

When they heard the name 'Feng Ji Mian', everyone in the room was shocked. This was especially so for Chi zeyao, who was sitting in a wheelchair. His usually gentle and wise expression, which would never change no matter what happened, suddenly froze.

Then, Chi zeyao turned to look at Feng shengxuan.

Feng shengxuan, who had to work hard to automatically block the waterfall of dog food in the room: .....

"It wasn't me!"

Feng shengxuan was already feeling unwell.

If a world really had a male and female lead, a secondary male lead, and a villain, then he would probably be the world's most tragic secondary male lead and villain.

Not only was the good cabbage he had raised stolen by a pig, but when he planned to get into the pig business, he found out that the pig farmer was his father!

In the end, he, who was originally going to be a pig slaughterer, not only had to bear with the bad pigs stealing his good cabbage every day, but he also had to listen to his father's words and raise pigs!

Ever since Chi Yang was admitted to the hospital, he had not returned home. He had been using Gu Mingcheng's face to deal with company matters in the hospital ward.

Not only did he have to work so hard to deal with the company's Affairs, but he also had to run errands for the young couple.

His life was already sullen enough. Why did his father still blame him when his mother came?

He had already said that he was not the one who told on him. Why did his father still stretch out the electric baton on the wheelchair to shock him?

Looking at the look on his father's face, Feng shengxuan couldn't bring himself to say the curse that he had been holding in for a long time.

"Let her in!" When old man Chi heard Feng Ji Mian's name, he was very excited.

This was the daughter-in-law he had never met before! The woman who still wanted to take revenge on the Chi family even after her son had died 17 years ago.

Although his daughter-in-law wanted him dead, old master Chi liked this daughter-in-law who was close to his son and was loyal to him very much!

When he ordered someone to let Feng Ji Mian in, old man Chi was as happy as a child, pacing around in circles.

"Dad, what's wrong? What are you looking for?"

"Your wife is coming, and I didn't even prepare anything!"

After saying that, he rummaged through his pocket a few times and took off the piece of Jade that he was wearing around his neck.

“Dad, mom left this for you!” Chi zeyao said disapprovingly.

“This was left for my daughter-in-law by your mother!”

chizeyao:

Feng Ji Mian was led by the guards to Chi Yang’s ward. Just as she reached the door, she saw the man in the wheelchair.

2613 You little rascal (4)

Even though she had already seen Chi zeyao’s gif in the news and was almost certain that this man was him, the moment she saw him with her own eyes, Feng jimian’s pupils suddenly shrank.

Chi zeyao had always thought that if he could one day live healthily and meet Feng Ji Mian again, after 17 years of not seeing each other, he would definitely be very calm.

However, when he heard the name ‘Feng Ji Mian’, he felt a sense of fear. her heart started to beat faster.

as he thought about how she was about to appear in front of him, chi zeyao felt his heart beating at an unprecedented rate, like a hotheaded youth.

He had thought that his heart would jump out of his chest when he saw her, but the moment he saw Feng Ji Mian, Chi zeyao felt that his rapidly beating heart had suddenly stopped.

Although he often saw her through the satellite news in Saibo, and paid attention to her almost every day, Chi zeyao did not know what to say when he suddenly saw her.

Feng jimian’s eyes were fixed on Chi zeyao, her burning gaze seemed to burn a hole in his body.

Chi zeyao looked calm on the surface, but there was a huge wave of emotion in the depths of his usually gentle eyes.

Just like that, one stood at the door and the other sat inside. They looked at each other, neither of them saying a word.

Whether it was Feng jimian or Chi zeyao, they both had a lot to say to each other. However, the moment they suddenly saw each other, they were speechless.

Feng jimian was an absolute career woman, but after a full minute of eye contact with Chi zeyao, her eyes turned red.

Chi zeyao looked at the red-eyed Feng jimian and realized that he actually knew why she was crying.

It wasn’t because he had disappeared for 17 years, nor was it because he didn’t contact her even though he was clearly still alive. It was because of Hanhan.

She was sad to see him like this.

Looking at Feng Jimian's Red eyes, Chi Zeyao also felt very uncomfortable.

It was even more unbearable than when he had to bear the pain alone.

This was also why he hadn't contacted Feng Ji Mian all these years.

He was too embarrassed to face his wife like this because of Yingluo.

After all, he was the one who had to shelter her from the wind and rain.

"Ji Mian,"

looking at her red eyes, the barrier that Chi Zeyao had set up for himself all these years crumbled.

Looking at her red eyes, he suddenly wondered if he had done the right thing.

If he had contacted her when he had regained his memory, would she not be so sad at this moment?

This "Ji Mian" made Feng Ji Mian break down. Feng Jimian didn't say anything, nor did she respond. She didn't even walk up to Chi Zeyao to give him a hug that he missed so much after 17 years. Instead, she went straight to Feng Shengxuan, picked up a custom-made bag, and threw it at her son like crazy.

"Why didn't you tell me that your dad was still alive? You know it! If you knew everything, why didn't you tell me? You made me miss him alone over there. You made me miss him all alone for 17 years, but you came here to reunite with him! You little rascal! how did I give birth to such a stupid thing like you?"

The corners of Feng Jimian's bag were hard, and there were nails on it. She hit Feng Shengxuan's head, neck, and shoulders, and the pain made Feng Shengxuan want to fight back!

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 2614**

2614 She doted on her own man (1)

Feeling depressed, Feng Shengxuan could only tell himself in his heart, "This is my mother! This is my mother! This black-hearted woman is my biological mother!

Feng Shengxuan wanted to cry.

What sin had he committed? His father wanted to hit him, and so did his mother.

Although he always had a sense of superiority in front of Chi Yang and felt that they were all the grandchildren of the Chi family, he had a father and a mother while Chi Yang had none. This made his broken heart feel much better.

But other parents loved their children so much, so why did his parents always hit him with a Taser and a bag with nails? Did he think that his head was made of cement?

This child of his, who had a father and a mother, was not even as good as Chi Yang!

How unlucky!

Feng shengxuan was infuriated. He protected his head and shouted, "it's not that i didn't want to tell you, it's my dad who didn't let me tell you. Why did you hit me? You were abandoned by my dad, not by me. If you want to hit someone, go hit my dad! You only know how to be unreasonable to me!???....."

There were still a lot of complaints left, but her waist was electrocuted. Feng shengxuan instinctively reached out to protect his waist, but the bag with spikes fell on his head like rain.

Being attacked by both his parents, Feng shengxuan cried out in pain.

Feng Jiming was infuriated by Feng shengxuan's words.

She was furious!

She was naturally angry!

The person she was most angry with was Chi zeyao!

But what could he do?

Looking at his ordinary appearance that could not be found in a sea of people, looking at him sitting weakly in a wheelchair, she was sad and soft-hearted, and the heart that wanted to hammer him to death disappeared in an instant.

At this moment, all she wanted to do was to punch her son.

But her son's words were so infuriating that Feng Ji Mian roared, "Hit your dad? Your dad's already in this state and you still want me to hit him? You little brat, do you even have a conscience? Do you even have a conscience? I'm asking if you have a conscience."

Feng jimian's bag mercilessly rained down on Feng shengxuan's head, making him scream even louder.

"Don't fight, don't fight? am i even your son? you don't want to meet me, but you want to hit me? what did i do?"

"You still talk back!" Another electric baton was jabbed at Feng shengxuan's thigh.

It was so painful that Feng shengxuan cried out in pain again.

"Why do you keep calling him? Xuanxuan is good enough, but you always despise him. Do you think I won't hit you if you continue to despise him?" Old master Chi, who had originally wanted to pretend that he didn't see anything, was depressed by the unscrupulous couple's actions.

It was the first time he met his daughter-in-law. As her father, he could not say that he was such a good daughter-in-law. Hence, he could only wail at second uncle Chi.

If it wasn't for the fact that he was in poor health and couldn't be hit, old man Chi would have definitely put it on him.

However, he had only said one sentence when Feng jimian acted like a Porcupine that had just plucked out its feathers. She immediately gave up on Feng shengxuan and rushed to the front of old man Chi zeyao to block his view. Like a mother hen protecting her chicks, she spread her arms wide and stood in front of Chi zeyao, speaking to patriarch Chi.

“He’s my man! You!!!”

He wanted to say, “what right do you have to hit him?” However, from Chi Yuancheng’s words, she could tell that his relationship with Chi zeyao was definitely not ordinary.

Chi zeyao had disappeared for 17 years. He had changed completely, as if he was a different person.

#### **Chapter 2615**

##### 2615 Daughter-in-law (2)

For the past 17 years, he should have already found a new life of his own. No matter why he was living with his enemy Chi Yuancheng, from the situation just now, Chi Yuancheng’s relationship with him must be quite close.

So, she originally wanted to say, “this is my man, what right do you have to say anything about him?” but Feng Ji Mian swallowed her words and changed it to-

“Yingluo, if you want to scold, scold me! if you want to fight, then hit me!”

his daughter-in-law’s words successfully shut old master chi up.

Chi zeyao, who was protected behind his wife, could not help but smile.

She was indeed the wife he had raised. The friendship that they had developed since they were young was indeed different from that of other women.

Even though it had been 17 years, it seemed like their relationship had not changed.

And ...

In the past, he had always been the one protecting her. Now, it was suddenly her who was protecting him. This feeling was also very good.

Old man Chi looked at his daughter-in-law who spread her arms to protect his son and naturally loved her very much. He quickly said, “You’re my daughter-in-law, how could I hit you? Ji Mian, right? Although it’s not the first time we’ve met, it’s the first time you’re meeting me as my daughter-in-law. This was what your mother left for her future daughter-in-law before she died. I didn’t have the chance to give it to you before, but now I’m giving it to you. I hope that you and zeyao can live a peaceful life.”

Although it was strange that her husband, Feng Ming, was with the Chi family, when she heard Chi Yuancheng talking to him just now, the topic didn’t seem right. She had already guessed that Feng Ming might not have died in the hands of chizawa Hao in the great battle that year. On the contrary, Chi Zeyu died and Feng Ming lived. Chi Yuancheng saved Feng Ming for some unknown reason, and the two of them had been together for 17 years.

That was why they were so familiar with each other.

Who knew that Chi Yuancheng would actually say that this was something his wife had left for his daughter-in-law!

a daughter-in-law!

In other words, her husband Feng Ming was actually Chi Yuan Cheng's son?

"Wait!"

Looking at the Jade that was extremely green and transparent, and there seemed to be water flowing inside, he was a little confused.

"What do you mean by daughter-in-law? Is he your godson?"

Hearing his wife's question, Chi zeyao was finally sure that his son had not betrayed him. She must have seen the large-scale reports and videos that were flying all over the place when Nuan Nuan proposed to Chi Yang yesterday.

After so many years of getting along, from a loli to the big boss of the nice family today, Chi zeyao felt a sense of accomplishment for this daughter-in-law.

When he was still King, when he went out for missions, no matter how high-tech he used to disguise himself as anyone, even scientific instruments couldn't detect his disguise. However, his wife could always see through him at first glance.

After the war 17 years ago, his appearance had been completely destroyed. For so many years, his image in the outside world was that of a useless man who freeloaded off the Chi family and waited for death.

And after he recovered his memories, although he could have announced his identity, he could at least tell the world that he, Chi zeyao, was not a member of the Chi family who was just sitting around and waiting for death. He could make those who thought that once Chi Yang died, the Chi family would be destroyed give up.

However, the moment he thought of his own health and the fact that she could watch him on TV, he gave up.

He had no confidence in himself.

#### **Chapter 2616**

2616 Call me dad (3)

he was also afraid of seeing her cry, so he had never appeared in public in the years since he recovered his memory. He was afraid of attracting her attention.

However, he did not expect that he had already looked through the moving pictures on the internet. He was almost certain that those few seconds of appearance would not attract her attention.

However, who knew that after 17 years, not only did she still recognize him from the moving picture, but she even came directly to him.

In the face of Feng jimian's question, Chi zeyao helped old man Chi explain, " "He's not my godson, but my biological son. xiaoxuan is his grandson and chi yang's cousin."

Feng Jimian, "hehe???"

Feng Ji Mian's eyes widened. She turned to look at her husband, trying to see something in his eyes.

do you still remember the last time we met 17 years ago?" asked Chizawa Masahiro. I told you that I have a secret to tell you.

Feng Jimian's pupils contracted as she nodded.

"The secret is that I found out that I'm Chi Yuancheng's biological son, and I'm Brother to Hiroshi Chizawa. But I've hated them since I was a child. I really wanted to find out what was going on, so I contacted them one-way. Feng Kun doesn't know about this."

After that, Chi Zeyao told Feng Jimian everything that had happened that year. He also told her that at a critical moment, the two brothers had worked together to deal with Feng Su and tried to kill him in an explosion. In order to protect him, his older brother, Chizeyao, had kicked him away. In the end, his older brother had died, but he had only been injured in the explosion and had not died.

"so, Feng Kun was lying to me from the start. My father wasn't killed by the red origin venomous worm. Not only was he not killed by Chi Yuancheng, but my biological father was also Chi Yuancheng. And my name is not Feng Ming, my name is Chi Zeyao. Ji Mian, call me daddy."

"Dad!"

Although she was surprised and could not accept the fact that Chi Zeyao had survived 17 years ago, he had not come to look for her. But towards Chi Zeyao's words, Feng Jimian had always listened. He subconsciously called out 'dad'.

The enemy of the past had suddenly become her father. This was originally difficult to change and accept. But since Chi Zeyao had already told her to call him 'dad', Feng Ji Mian did the same without hesitation out of her trust in him.

She finally understood why she had always felt that Feng Kun was strange.

Old man Chi had suffered at the hands of Feng Ji Mian a few times. This was because Feng Ji Mian was the head of Saibo's nice family. She was a super strong woman who had made outstanding contributions to Saibo's economy, so she had a very important position in Saibo.

On the other hand, Feng Jimian hated the Chi family and often provoked disputes between Saibo and Kamino, which eventually put the Chi family in a disadvantageous position.

However, he never thought that such a domineering daughter-in-law, while he was still worried about his son, would suddenly turn into an obedient little white rabbit.

After calling out to him, Feng Ji Mian stood there helplessly, waiting for his reply. Other than sighing at his son's good taste, old man Chi also sighed at his son's ability to raise a woman.

After all, this daughter-in-law had been raised by his son since she was young.

Whether it was Feng Jimian or Nangong Nuannuan, old man Chi felt that Chi Zeyao and Feng Shengxuan had played a huge role in slowly raising a little girl to where she was today.

### **Chapter 2617**

2617 For the rest of my life (4)

“Hey, hey!” Old man Chi nodded his head in response, then handed the jade pendant to Feng Ji Mian and said, “Dad didn’t know when you would come, so I didn’t prepare a gift for you. This is a memento from your mother. Take it first, it’s a gift from your father. I’ll give it to you after you go to the Chi family.”

Feng Jimian had no doubt about Chi Zeyao’s identity. Even if the man in front of her no longer had his once peerless appearance, even if his fingerprints and skin were different, Feng Ji Mian was still one hundred percent sure that this was the man she had loved for more than 30 years.

As for the gifts from her husband’s father, who was also her father-in-law, of course Feng Ji Mian would like them.

She extended her hands and solemnly took the jade pendant from old master Chi’s hands. Then, she put it on her neck. Before old master Chi could come back to his senses, she knelt down in front of him and even kowtowed three times.

“Ji mian, this is a kasaya!”

“Dad!”

Old master Chi had wanted to say that there was no need to kowtow, but he was stopped by Chi Zeyao.

Chi Zeyao stood up from his wheelchair, and as Feng Jimian’s eyes lit up, he knelt down with her. Then, he took Feng Jimian’s hand and kowtowed three times to old man Chi.

Old master Chi’s eyes turned red as he looked at the couple.

“Dad, Ji Mian and I owe you this. We got married 30 years ago, but Feng Kun was the one who bore witness to our marriage. You’re the one who gave birth to me and raised me. I got married and found a daughter-in-law for the Chi family. I should bring my wife to kowtow and offer you tea. Although this kowtow is 30 years late, I’m very happy that we can still kowtow to you like this in my lifetime.”

Nangong Nuannuan had been watching with her eyes wide open, but when she saw that second uncle and godmother were about to offer tea, she quickly poured them two cups of tea and gave Feng Shengxuan a look.

Hence, the two of them each brought a cup of tea. Feng Shengxuan passed the tea to Chi Zeyao, while Nangong Nuannuan passed the tea to Feng Jimian.

The two of them received the tea. Chi Zeyao first handed the tea to old master Chi with both hands. Old man Chi said as he accepted the tea, “Quickly get up, quickly get up, don’t be like this. Your legs aren’t good, so don’t kneel.”

Feng Ji Mian’s eyes had brightened, but after hearing old man Chi’s words, they dimmed again, and were filled with heartache.

however, despite the excruciating pain, chi zeyao knelt with his back straight.

“Dad, I’m fine. This is what I should do as a son. Please have some tea!”

old master chi had always been helpless against his son, who looked gentle but was actually extremely stubborn.

He could only take a sip and hand it to Feng shengxuan, then quickly take the tea from Feng jimian.

Although she already knew that Chi zeyao’s legs weren’t good and he couldn’t kneel for too long, Feng Ji Mian could see the stubbornness in his serious eyes, so she didn’t want to be perfunctory and wanted to finish things quickly.”Dad, I’ve done a lot of bad things to the Chi family before because I thought you were the murderer who killed zeyao. i was wrong, please forgive me. in the future, i’ll definitely be filial to you with zeyao. what i didn’t do in the past 30 years, i’ll do it well for the rest of my life. I hope dad can accept me.”

“I accept, I accept, of course I accept! You’re all good children with feelings and loyalty. I’m happy and proud of you.”

#### **Chapter 2618**

2618 are they biological (1)

old master chi couldn’t help but cry.

he didn’t expect that in his old age, the chi family, which was originally extremely withered, would become more and more prosperous.

He felt that all of this was because he had Nuannuan.

Nuan Nuan was the Chi family’s Lucky Star.

nuan nuan, you don’t know that you’re being treated like a koi by old master chi again. however, seeing that second uncle and godmother are so in love, she also feels very happy.

Old man Chi quickly reached out to help Feng Ji Mian up, but Feng Ji Mian reached out to help Chi zeyao.

The old man also quickly held Chi zeyao’s hand and pulled him up.

feng jimian could feel that when chi zeyao got up, his legs were trembling, and his muscles were extremely tight. her heart ached terribly.

After helping him into the wheelchair and seeing that there was nothing wrong with his expression, Feng Ji Mian said to Nangong Nuannuan, ” “Nuannuan, can you help your uncle check if he’s feeling unwell?”

“Alright,” he said.

in fact, nangong nuannuan had already looked at chi zeyao’s knee.

Previously, because he knelt on the ground, his knees had suffered a lot of injuries and had not fully recovered. Today, he knelt on the ground again.

nangong nuannuan took out a silver needle and inserted it into chi zeyao's body. then, she said to feng ji mian, "godmother, second uncle's knee has an old injury. I've been treating his knee recently. Don't worry, he'll be fine.

"That's good!" Only then did Feng Ji Mian nod in relief. "since you're calling him second uncle, you don't have to call me godmother anymore," she said to nangong nuannuan. "just call me second aunt!"

"alright," he said. "Second aunt," Nuan Nuan called out with a smile.

"Hey!" feng ji mian was very happy to be addressed like this, and she immediately took the jade off her neck. Otherwise, it wouldn't be the case if she wore two pieces of jade around her neck.

As his daughter-in-law, she had to wear the family heirloom Jade that old master Chi had given her. So, she didn't need to wear the one on her neck.

"Come, come, come. Although we've known each other for 15 years, this is the first time I'm meeting you as your second aunt. You're the younger generation, and I'm the elder. You must accept this gift, it's my celebration for your marriage with Chi Yang."

"Mother, isn't this the jade pendant from the Phoenix Court? Nuan Nuan is the chairman of Feng Kun Pavilion, and you're giving her something she gave you?" Feng shengxuan couldn't help but comment.

At this moment, Feng Ji Mian had completely forgotten about her son's current depression and had even forgotten why she had come to Kamino after seeing the news.

"This child, are you really my biological child? Just like what you said, Nuan Nuan has everything and doesn't lack anything. She has the best of everything. Does that mean that as her elders, we don't have to celebrate her birthday? we don't need to celebrate nuannuan's wedding? She could afford to buy cakes, diamond rings, and jade pendants anyway! I also know that this Jade is from the Phoenix Court, but this Jade has been with me for so many years and I have developed feelings for it. So, I'm giving it to Nuannuan as a token of my appreciation as an elder. Why don't you like your mother?"

feng ji mian then turned to nangong nuannuan and asked, "Nuannuan, you won't mind this gift that I've given you, right? When we return to SIBO, I'll give you a piece of land that I just bought."

nangong nuannuan held back her laughter. "i won't mind. brother chiyang and i both like it very much. thank you for the gift, second aunt."

#### **Chapter 2619**

##### 2619 not holding hands (2)

Feng Ji Mian was very satisfied with the title "second aunt." She felt that there was no other title in the world that was this nice. She smiled and praised Nuan Nuan for being as sweet as ever, then immediately retorted to Feng shengxuan.

"Look at how good Nuan Nuan is with her words! What a good person! Which part of her looks like you? your mom and dad have such high eq, so why did we give birth to you? With your emotional intelligence, it's no wonder you're single!"

feng shengxuan was speechless.

Nuan Nuan, I've just entered the Chi family. I'll have to ask you and Chi Yang to take care of me in the future!

After scolding her, Feng Ji Mian went to express her goodwill to Nangong Nuannuan and Chi Yang.

Nangong Nuannuan looked at Feng shengxuan's expression and held back her laughter. She nodded and said, "Don't worry, second aunt. Everyone in our family is easy to get along with, right, brother chiyang?"

Chi Yang nodded. After all, his wife had allowed him to speak. After holding back for a long time, Chi Yang finally opened his mouth and said, "Second aunt has been taking care of Nuannuan like this in the past. You're also Nuannuan's godmother. You've long been family to us. You're our elder, we'll definitely respect you and love you. Second aunt, welcome to our family!"

Feng Ji Mian looked at Chi Yang. Even though he was just lying there, and looked extremely weak, the more she looked at him, the more she liked him.

Even though Chi Yang wasn't her biological son, when she thought about how her husband had lived with him for 17 years, and how he had been the one taking care of her husband while she was trying to kill him, Feng Ji Mian felt that Chi Yang was more pleasing to the eye than her own son.

No wonder Nuannuan liked Chi Yang.

If it was her, she would also like Chi Yang!

No, no, the person she would like would always be Chi zeyao.

After exchanging a few pleasantries with Chi Yang, Feng Ji Mian looked at the gentle Chi zeyao and felt sad again.

"Since you've survived, why didn't you come and find me? Why didn't you tell me you were still alive? If little Xuanxuan didn't look for Nuannuan, were you planning to never look for me again? Are we not going to meet again in this life?"

Feng jimian's tears flowed out as she spoke.

She was really upset.

She had always thought that they were a loving couple, and that no matter what happened, Chi zeyao would always be with her.

She didn't expect that he wasn't dead at all. He didn't come to find her for a whole 17 years.

After acknowledging her father-in-law, Feng Ji Mian quickly snapped out of her surprise, and then she felt terrible.

"Ji Mian,"

Seeing Feng Ji Mian cry, Chi zeyao instantly felt a headache.

he was not afraid of anything, but he was afraid that his wife would cry in front of him.

More importantly, he was the one who made her cry.

Chi zeyao reached out and tried to hold Feng jimian's hand, but she angrily flung it away.

"You don't like me anymore. You don't want me anymore. Why should I still hold your hand?"

the more feng ji mian spoke, the angrier she became. she directly said to old patriarch chi,"Dad, come and judge for me! it's not the first day i've married him. he can quit just like that! We were childhood sweethearts for 11 years. It wasn't easy for us to get married. A year after we got married, I gave birth to little Xuanxuan for him. later, when little Xuanxuan was 11 years old, something happened to him and I thought he was dead. I've never forgotten him for so many years!"

2620 Angry (3)

"I've always thought that once we've grown our wings, we'll help him take revenge. When I found out that Xiao Xuan had come to the Chi family, I thought that he was here to kill and felt proud of Xiao Xuan.

But how did he treat us? When Xiao Xuan needed his father the most at the age of 11, he was no longer around. But he's clearly still alive, yet he hasn't come to see us for 17 years. Is our relationship that shallow in your heart? do you think that i won't love you anymore just because you're no longer the same as before and you're still in a wheelchair? feng ming, you've gone too far!"

Feng jimian had a short temper, and now that it had come to her, no matter how much she loved Chi zeyao and could not bear to lose her temper at him, she was now like a little woman who had been wronged, crying and complaining.

Chi zeyao sat in his wheelchair and looked at her seriously.

Only after Feng Ji Mian finished did he speak, " "because i don't remember you."

Feng jimian, hehe!

She did not expect Chi zeyao to say such heartless words to her. She thought that he had another woman in the past 17 years. In an instant, she felt terrible and looked at him in surprise.

Chi zeyao knew that she must have misunderstood.

With Feng Ji Mian's explosive personality, if he didn't hurry and explain properly, he might lose this wife of his, so he quickly continued, " "In that explosion, I was severely injured. 90% of my skin was blown up. His internal organs and head were also severely injured. Especially my head. For a long time, even though I was awake, I couldn't control my body well with the central nervous system. My memories also disappeared along with the explosion."

Feng jimian looked at Chi zeyao, listened to his words, and thought of his past injuries. All the gloominess in her heart instantly disappeared.

"I spent seven years to control my body. In these seven years, I could only speak and think, but I couldn't recall anything that had happened. In order not to become a useless person, I asked my father to send someone to help me register the Shengyang group."

Feng Ji Mian's eyes widened in shock. She had never expected that the Shengyang group was actually her husband's business. She had never expected that the Shengyang group, which had always sought cooperation with the nice family, or had always come to their aid when the nice family needed help, was actually Chi zeyao's business.

So, he hadn't actually forgotten about her. In his heart, she had always been very important!

With this knowledge, Feng Ji Mian's mood instantly calmed down, and she listened to Chi zeyao's words with peace of mind.

"Seven years later, I could get out of bed, sit in a wheelchair, and control my body. I started to make the Shengyang group bigger and stronger. But at that time, my memory still hadn't recovered.

I recovered most of my memories five years ago. At that time, your blurry figure always appeared in front of me. I really wanted to know who you were, but your image was still very blurry. he completely remembered that it was three years ago.

after knowing that i have a wife who loves me, i was very happy. the first thing i wanted to do was to come and find you. However, at that time, my waist felt an inexplicable pain every day, and my body began to swell. I went to the hospital for a full body examination, but the doctor said that all my organs were dying."
