

chi zeyao smiled, and used his finger to scratch the tears on her face. "Have you forgotten that I still have Nuannuan by my side? Or don't you know that Nuannuan is actually an amazing doctor?"

feng ji mian was stunned. she looked at the smiling nangong nuannuan and said, " "but i thought nuannuan only has x-ray vision? although she was good at pharmacology and could perform acupuncture, she didn't know how to perform surgery! Didn't you say that the doctor told you that your organs are failing?"

"Then your understanding of Nuannuan is only from half a year ago. after nuan nuan and chi yang had gotten together, she had been determined to become a military doctor. thus, she had been studying medicine for the past six months. Nuannuan was an impressive child with a photographic memory. She had been studying in the hospital for half a year and had even performed a heart transplant for Count Latin of Renton. Count Latin was recovering very well. Nuannuan is now performing acupuncture on me frequently so that I can perform the surgery in my best condition. nuannuan said that she'll personally perform the surgery for me and will also personally nurse me back to health after the surgery. she said that she can guarantee that i only need to change my organs once. Even if I need to change several organs at once, she can guarantee that the organ I change will last for the rest of my life.

The surgery was scheduled for October. The weather would be cool then, which would be beneficial for recovery. So, it's not that I don't want to see you, but I was planning to see you after I recovered."

feng ji mian turned to nangong nuannuan and asked, " "Nuannuan, is what you said true? Can you really cure your second uncle's illness?"

don't worry, second aunt. I've checked second uncle's body. His organs are so damaged because of the explosion.

2622 I'll take care of you in the future (1)

"The explosion caused severe damage to his internal organs, which is why he showed signs of organ failure. Her second uncle did not have any blood or organ-related diseases. It was only because the lifespan of his organs had come to an end.

Right now, I'm already preparing to take the organs he collected to cultivate. After the experiment, the organs are 100% compatible, and I'll perform the operation on second uncle. The blood vessels were also repaired. This way, his organs and blood vessels will be new. In addition, his previous body was very good, and I guarantee that he can use it for a hundred years!"

Feng Ji Mian was a little dumbfounded by Nangong Nuannuan's words, but she could still understand that the organs had to be cultivated first to ensure a 100% compatibility.

She had experienced Nangong Nuannuan's x-ray vision before. As long as she could guarantee that the compatibility was this high, Feng Ji Mian believed that she could do it.

"great, ming yu, ming zeyao! Then I won't be angry with you! However, no matter what you have to face in the future, we will face it together. I don't want to be by your side only when you're doing well. I've already been absent from your life for 17 years, and I'll never be absent again."

Feng jimian and Chi zeyao hugged each other again.

This time, Feng Jimian wasn't crying in sadness, but in joy, excitement, happiness, and joy!

She had been going through the most painful experience of her life. There was no man in her life whom she loved with her life. Even if she became the richest woman in the world, without him to share her life with, every day was torture to her.

However, she could not die yet. She could not leave with him because she still had her son who had not avenged her.

Therefore, she lived like a walking corpse every day. Other than wanting to become the richest woman in the world, so that she could control many things, have a lot of power, and bring down her enemies, she wanted to become the richest woman in the world.

Yesterday, she was still sad because of their Memorial Day and was so upset that she vomited many times. Today, she had miraculously met the person she had been thinking about day and night, but was separated by yin and yang.

Feng Jimian felt that the heavens were too kind to her. The story took a turn, and she actually saw her husband who had been dead for 17 years.

even if he no longer had a peerless beauty, even if he no longer had a strong body, even if he was just an ordinary person sitting in a wheelchair, as long as he was alive, it was the perfect gift from heaven to her.

Chi Zeyao had originally wanted to find his wife when Nangong Nuan's medical skills were about to be fully mastered. After all, they were once so in love!

However, he didn't expect that his wife, who could recognize him better than a machine, would come to him and say these words in front of the children. What reason did he have to refuse?

"Alright. No matter what we encounter in the future, we'll face it together. I'll let you accompany me in the future. I took care of you in the past, so it'll be your turn to take care of me in the future."

"En!" Feng Ji Mian quickly nodded. "in the past, you were the one who raised me, taught me strength, taught me knowledge, and helped me teach those who had ulterior motives. I'll take care of you in the future. Zeyao, I'm already the richest woman in the world. Even though Nuannuan might surpass me in the future, even if she does, I'll still be the second richest woman in the world. I'll take care of you in the future, okay?"

2623 Don't come anymore (2)

Chi Zeyao's eyes were full of smiles. alright, I'll be relying on you to support me from now on. I'm living off a woman at home."

"You're not living off a woman! You're not only my husband, you're also the one who brought me out of this quagmire! Not only did you teach me knowledge and Kung Fu, but you also brought me to the peak of my life. without you, i'm nothing. i can't even survive in that rainforest. It's you. Not only did you give

me the courage to survive, but you also taught me how to survive, how to survive to make myself better, and how to stand on the top of the strong.

And my husband is the most powerful man in the world! Even if your brain couldn't control your body back then, you still managed to build such a large company with your own will. Shengyang group was very famous in both Kamino and Saibo. look at you, you're lying in bed and you can't even use your body properly, but you've already set up such a big company. how is that living off a woman? what's mine is yours, and what's yours is also yours. You're the richest man in the world. I'll kill whoever dares to say you live off a woman!"

"ahem, ahem, ahem, ahem." seeing that feng ji mian was about to continue, chi zeyao's female boss character was already obvious. he coughed twice and glanced at his righteous and positive father.

Feng Ji Mian's voice clearly paused for a moment, then immediately turned to another direction."You're not in good health now, so it's my turn to take care of you. although i can't perform the surgery on you by myself like nuannuan, i can take care of you well. i don't need someone else to do it!"

Old master Chi was so happy that his eyes narrowed into slits when he saw how loving the two of them were. Old master Chi loved this capable daughter-in-law of his a hundred times!

Nangong Nuan Nuan and Chi Yang, who were standing at the side, also smiled.

Only Feng shengxuan, not only did he lose the love of his life, but he also had to endure being fed dog food every day. He clearly had a father and a mother, but his status was completely incomparable to Chi Yang's.

However, seeing how loving his parents were, Feng shengxuan was still very happy even though he had been mistreated.

After all, his father was the person he respected the most in his life. now that he saw that he was happy, it didn't matter if he was sad and aggrieved.

Who asked this man to be the one who gave birth to him and raised him?

Chi zeyao's eyes were filled with happiness as he listened to Feng jimian.

Actually, Yueyue really missed his wife.

However,

"I think it's better if you don't come when I have surgery in October."

"Why?" feng ji mian's face was filled with dissatisfaction, her eyes filled with rejection.

"Feng Kun has always been monitoring you and Xiao Xuan. Even when Xiao Xuan killed me and his grandfather, it was all for him to see. Ji Mian, I know you're worried about me, you're nice to me, and you want to take care of me. I also want our family to live together in peace. However, as long as Feng Kun is still alive, our family can't live happily ever after."

After that, Chi zeyao told Feng jimian in detail about Feng Su and the planet that was connected to glory planet.

Feng Ji Mian felt like she was listening to a heavenly book, and it took her a long time to find her voice.

“Since he’s an alien, why did he make little Xuan and Chi Yang kill each other? Xiao Xuan and Chi Yang are your and big brother’s sons, they have nothing to do with him. Why did he start plotting against Xiao Xuan and Chi Yang decades ago?”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2624

2624 The relocated households (3)

“At that time, I hadn’t even given birth to Xiao Xuan! If he really wanted to scheme against little Xuan and Chi Yang, then wouldn’t they be in great danger?”

It was unbelievable, but Feng Jimian and Feng Shengxuan were the same. They both trusted Chi Zeyao unconditionally.

Hearing Chi Zeyao’s words, Feng Jimian believed him without a doubt. One was her husband, one was her son, and one was her nephew, her blood-related nephew! Moreover, her nephew’s father had sacrificed his life to save her husband. Feng Ji Mian would do her best to protect these three people.

“According to what Dad said, he could’ve killed the Chi family when he was extremely powerful, but he didn’t. Instead, he used such a roundabout way, which is enough to show that he had no choice but to not kill Xiaoxuan and Chi Yang. But you’re different. You’re Xiao Xuan’s mother, Chi Yang’s second aunt. If your identity is exposed, he’ll most likely make a move on you.”

“If his target really is little Xuan and Chi Yang, then it’s useless even if he kills us,” Feng Jimian sneered.

Chi Zeyao looked at Feng Ji Mian. He did not refute her, but he also did not agree with her. He knew what Feng Jimian meant, but since Feng Su couldn’t do anything to Xiao Xuan and Chi Yang, it was very likely that in order to achieve his goal, he would shift his target to their family and friends.

If such a situation really happened, it would be extremely disadvantageous for them, Xiaoxuan, and Chi Yang.

So, it was better to take advantage of the situation and let him think that little Xuan had already made a move on Chi Yang’s family. He would think that the Chi family and Chi Yang might want to fight back against little Xuan.

When the Chi family and Chi Yang didn’t make a move on Xiao Xuan, and when he felt like he was adding fuel to the fire, he would think of a way to take down the Shi family and Feng Luan at the same time.

Feng Luan wasn’t a kind person, and with the help of the Shi family and the poisonous snake hiding in the Shi family, the Chi family didn’t have many chances to kill her in one blow. Therefore, every step had to be on point.

Although Chi Zeyao didn’t say anything, Feng Jimian was very familiar with what he wanted to say, as well as his usual fighting style.

So, without Chi Zeyao saying anything, Feng Jimian had already reacted and agreed with his idea.

however, the result of her approval was that even though Feng Jimian had officially become the Chi family's daughter-in-law, she still couldn't acknowledge the Chi family.

For this reason, Feng Jimian decided that she had to find a way to trick Feng Luan a few times.

After meeting with Chi Zeyao, Feng Jimian had sent someone to spread false news to the Lai En family.

When the Ryan family received the false news, they immediately launched a plan for an area that was about to appreciate in value.

Feng Luan sat in the gloomy Castle. When she thought about Feng Jimian causing trouble for Nangong Nuan Nuan, Feng Shengxuan, and Chi Yang, her eyes were filled with pride. He didn't feel proud for long before he received news that the Ryan family was going to tear down this area and use it to build a large commercial city and residential community.

What kind of large shopping mall and residential community was this?!

He actually wanted him to be a relocated household!

he was Feng Kun!

This castle was the place where he had lived for decades, and now they were asking him to demolish it!

However, Saibo's President had given the order to demolish the buildings, as it had been approved by the Congress.

Feng Kun had the ability to hypnotize one person, but he could not hypnotize everyone.

so when he found out that Cyber Nation was really going to tear down his castle, he was completely enraged by these ignorant humans.

Chapter 2625

2625 hurry and save me (4)

However, this was a story for the future.

There were witnesses, evidence, and videos of Zhou Ruxue's actions. Drugging Kamino's youngest, most important, and most promising general was an unforgivable crime. Therefore, he was transferred from the police station to the guardhouse within an hour.

When Old Lady PEI and PEI Jitong arrived at the police station in an aggressive manner, they could not find him.

After knowing that these people were Zhou Ruxue's family, the police deliberately didn't tell them that Zhou Ruxue had already been taken to the prison.

Old Lady PEI had wanted to apologize to Old Master Chi and ease their relationship. She had wanted to ask for his forgiveness, but the other party had ordered her not to harass them in the future. Otherwise, they would let the PEI family know what the real consequences of angering someone were.

After all, old lady PEI and old master Chi had once been like siblings. Even when they had severed their ties back then, old master Chi had not taken such a harsh path and said such hurtful words.

But today, old master Chi had said something very determined and hurtful, which made old lady PEI extremely angry.

She no longer had anything in her hands that could restrain old master Chi and make him help her. It wasn't easy for him to kidnap Zhou ruxue. He was just waiting for her to be able to hold Chi Yang back after old master Chi passed away.

However, they did not expect that the woman they had raised for 17 years, the woman they had intended to use on the knife's edge, not only failed to help them when the PEI family was in trouble, but she had also become the last straw that broke the camel's back.

This woman was not Chi Yang's mother?

The PEI family didn't know the reason for this, because the Chi family didn't say much. Thus, they only wanted to find that b * tch Zhou ruxue and ask her.

In the end, he ran to the police station in anger, but he was not there.

the pei family's people were even more furious, almost bursting out of their heads.

this place had been hit by an earthquake and was considered a disaster area. There was a traffic jam everywhere, and the main roads were under the control of the War Department. If they wanted to go from the police station to the guard post, they would have to be stuck in traffic for at least an hour.

But he had no choice.

The PEI family didn't know about the situation at all, so they had to wait until they went to the detention center and asked that stupid woman Zhou ruxue to find out the details.

Zhou ruxue had already spent the entire night in the guardhouse, and she didn't feel good.

When he heard that the PEI family was here, even if he knew that they would no longer treat her well, at least she was still PEI Jitong's wife. Even if it was for the PEI family's face, he could not leave her alone. Thus, Zhou ruxue was quite happy.

"Ji Tong, it's great that you're here. Hurry up and save me! This is not a place for humans. I can't stay here for another minute!"

After Zhou ruxue saw PEI Jitong, her eyes lit up and she directly pounced on him.

She wanted to give PEI Jitong a hug, but before she could do so, old lady PEI walked up from behind and slapped Zhou ruxue four times, smacking away her excitement.

at this moment, zhou ruxue saw that not only pei jitong had come, but even old lady pei, aunt pei jiyun, and uncle pei jicheng had come.

Old lady PEI's gaze was so terrifying that it was as if she was the enemy of the PEI family who had killed her father. It felt as if the old lady's eyes were about to pop out of their sockets.

Chapter 2626

2626 You're so disgusting (1)

Zhou ruxue was so scared that she immediately took two steps back.

"Ji Tong,"

hearing zhou ruxue's weak and delicate appearance, old lady pei wanted to skin her alive and pull out her tendons.

"You're still screaming! You actually still have the face to call my son that! Do you know that our PEI family is going to be killed by you, you bitch? What did you do to Chi Yang? Are you Chi Yang's mother or not? You shameless liar! Do you know how much our PEI family has lost to accept you? What did you do? You tell me! Tell me!"

Old lady PEI's eyes were red with anger, and she grabbed Zhou ruxue's neck and strangled her until her eyes started to roll back. The prison guards then came forward to separate old lady PEI and Zhou ruxue.

"If you want to talk, then talk properly. Don't touch me! If I see you fight again, this meeting will end immediately."

After all, Zhou ruxue was a felon, and they definitely couldn't let her off easily. If she died at the hands of her family, they wouldn't be able to explain themselves.

Old lady PEI glared at him and shouted, "Who Do You Think You Are? Do you know who I am? I'm the younger sister of Grand Marshal Chi Yuan Cheng! I'll f * ck you!"

"The old Marshal had specifically informed us that if someone were to claim to be his sister, that person must be a liar. Do you want us to send you to the police station?"

Old Madam PEI:

"Ji Tong, I want to speak to you in private, can I?" Zhou ruxue begged.

She was more than half sure that as long as old lady PEI was not around, even if PEI Jitong insisted on divorcing her, she would still be able to get a considerable amount of property.

However, her husband, who had always been gentle and elegant in front of her, who would always think for her first, had a different attitude in front of her at this moment.

"Zhou ruxue, do you know how disgusting that face of yours is?"

Zhou ruxue's eyes widened as she looked at PEI Jitong. He was clearly the one talking, but after staring at him for a while, she turned her head to the side to see if it was someone else who said that or if Yingluo was hallucinating.

She turned her head and looked at her side. Only old lady PEI, PEI Jiyun, and PEI Jicheng were there. It couldn't be anyone else. Only then did Zhou ruxue turn her gaze to PEI Jitong, who had a cold expression on his face, or rather, he made a disgusting face. She looked at him in disbelief.

Was this Wanwan really the man who loved her, pampered her, and treated her like a treasure? even if he was real, he was still the man who had true feelings for her?

“Ji Tong, you Wan Wan”

“In order to be with you, in order for you to help us get through the Chi family and build a relationship with Chi Yang, I didn’t hesitate to spend a huge sum of money to divorce PEI Xiyu’s mother. Do you know how much money I spent to marry you?”

Zhou ruxue looked at PEI Jitong in shock and subconsciously asked with a hurt expression, “You’re not with me because you love me? You’re not good to me because you love me? Didn’t you love me and couldn’t help but have sex with me at zehao’s funeral?”

“You’re so disgusting!” PEI Jitong sneered.

Zhou ruxue:

“You’re just a silly girl that even Hiroshi chizawa doesn’t like. What makes you think that I’m with you because I’m in love with you? Not only was Xiyu’s mother a third-rate noble lady, she was also a Virgin when she followed me. What about you?”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2627

2627 Low-level, silly, and sweet (2)

pei jitong sneered, “yeah.” I do think I’m here to be funny. The woman I seduced with all my might, in order to be with you, in order to get Chi Yang’s help, I gave you a whole 17 years of marriage and let you be the PEI family’s young mistress for 17 years. But in the end, the Chi family told me that you weren’t Chi Yang’s mother. hahahahahahaha, zhou ruxue, i always thought you were a low-level silly girl, but i didn’t expect that i was the one who was a complete fool! i was actually fooled by a scheming woman like you for so long! How on earth did you manage to act like you’re still a high and mighty sand sculpture even though you’re not Chi Yang’s mother? You’ve kept our PEI family and Chi family in the dark for such a long time! Now, tell me, whose child is Chi Yang? why are you with chi yang? And how did she get married to Hiroshi chizawa?

Zhou ruxue didn’t expect PEI Jitong to talk to her about this and roared, “But you’re the one who seduced me! Didn’t you know that I was a married woman when you seduced me? Don’t you know that I’m chi Yang’s mother? You knew everything, but you still seduced me. Now, you’re telling me that you don’t love me because I’m no longer a Virgin. Yingluo, how could you do this? Are you here to joke with me?”

PEI Jitong sneered, “yeah.” I do think I’m here to be funny. The woman I seduced with all my might, in order to be with you, in order to get Chi Yang’s help, I gave you a whole 17 years of marriage and let you be the PEI family’s young mistress for 17 years. But in the end, the Chi family told me that you weren’t Chi Yang’s mother. Hahahahahahaha, Zhou ruxue, I always thought you were a low-level silly girl, but I didn’t expect that I was the one who was a complete fool! I was actually fooled by a scheming woman like you for so long! How on earth did you manage to act like you’re still a high and mighty sand sculpture even though you’re not Chi Yang’s mother? You’ve kept our PEI family and Chi family in the

dark for such a long time! Now, tell me, whose child is Chi Yang? Why are you with Chi Yang? And how did she get married to Hiroshi Chizawa? There was more! Tell me, How can I find Chi Yang's biological mother?"

PEI Jitong was almost angered to death by Zhou Ruxue.

They didn't expect that the ultimate weapon they had kept for use was actually a fake in the end!

On the way here, PEI Jitong couldn't think of a way out. Although the PEI family still had Pei Ji Yun to support them, the Shi family's wealth was at the bottom of the four big families. In addition, in order to develop their medical business, they had been paying for things. This was why they were able to advance in their position as a first-class wealthy family.

However, the Shi family was almost empty, and he didn't have much money left. Some time ago, the medical Association even asked the PEI family for money.

Therefore, not long ago, when they found out that not only was Nangong Nuannuan the chairman of Disheng group, but Chi Yang was also likely to be the real helmsman of Eagle Eye group, the PEI family had been prepared to dig a piece of meat out of the Chi family.

In the past, he had felt that it didn't matter even if he offended the Chi family. In any case, Chi Yuancheng didn't have many years left to live. As long as he could control Chi Yang, at least the PEI family could remain strong forever and obtain a lot of resources.

However, when they found out that Chi Yang and Nangong Nuannuan were hidden tycoons, and that the Chi family was so rich that even the Nangong family couldn't compare, the PEI family couldn't hold back their thoughts.

However, Zhou Ruxue was no longer Chi Yang's mother. PEI Jitong felt that he had to find Chi Yang's mother before the Chi family found their real daughter-in-law. Only then could he atone for his crimes.

However, after Zhou Ruxue heard PEI Jitong's words and saw his current face, how could she continue to live in her silly and sweet dream?

His heart ached and felt extremely cold. However, she knew that if she continued to be weak, not only would she not get any pity from this man, but she would also lose what she should have.

That was why he would talk about feelings when he could, and interests when he couldn't.

"Then, are you going to divorce me now?" Zhou Ruxue didn't answer.

PEI Jitong's eyes flickered slightly and he said, "Ruxue, you have to know that you have offended the Chi family. The entire Chi family!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2628

2628 Mental battle (3)

"In the past, you could only be considered to have offended the old master, but Chi Yang had always thought that he was your biological son, so you have never suffered any revenge. Because old master

Chi would take Chi Yang into consideration and let you go no matter how angry he was. But your status is different now. Chi Yang is no longer your son. Not only will the old man not let you off for Chi Yang's sake, but Chi Yang will also not let you off. So, the problem you're facing now is not a divorce, but you might spend the rest of your life in prison until you die of old age. Do you understand? Unless you tell me the secret of your sister's location and let me find her before they do. otherwise, you will face a dead end. Do you understand?"

At first, Zhou ruxue didn't think too much about it. She just wanted the PEI family to release her from prison. Then, even if they got a divorce, she would still get a large sum of money. Who knew that PEI Jitong would tell her that she would be in prison for a lifetime.

Thinking of the suffering he had suffered when he was young, wasn't going to jail even worse than when he was young?

zhou ruxue was instantly scared silly.

"No! I don't want to go to jail! Ji Tong, I don't want to go to jail! for the sake of our 17 years as husband and wife, please help me! There's someone in the cell who wants to bully me. Can you ask my mother-in-law to use her connections to let me out first? Isn't she a major General?"

"No one will listen to her now. After all, you've offended the old master."

"Even if I could help, I wouldn't! You b * tch, do you know how much you've caused our PEI family to suffer?" Old lady PEI did not expect this woman to still be dreaming. She was furious. He interrupted.

"If you don't let me out, I won't tell you where my sister is and what's going on between us!" Zhou ruxue's eyes widened, and she was also enraged.

bitch, you're the one! old lady PEI was about to hit Zhou ruxue but was stopped by PEI Jitong.

"ruxue, if you don't tell us, we won't be able to find her. If we can't find him, we can't make up for it. If you want to do this, you're the one who committed this crime, not us. After all, we've been married for 17 years. Can you bear to see our PEI family be dragged down by you?"

Heh, Zhou ruxue finally understood the PEI family.

This family was full of bitches.

Some of them wanted to be the good cop, some of them wanted to be the bad cop. In short, they wanted her to say what they wanted to say. However, Zhou ruxue knew that if she really told them, no matter what the result was, they wouldn't bother with her anymore.

Moreover, since the Chi family had revealed her relationship with Chi Yang's mother, they didn't say what she had done to her mother. This meant that they didn't know anything about Chi Yang's mother.

Thus, Zhou ruxue directly lied to these people and said, "So what if you've been married for 17 years? Our relationship as husband and wife is only built on the relationship of using each other. If I don't use my connections, I'm nothing. So why should I tell you?"

"If you don't tell me, then you can continue to stay in prison."

Zhou ruxue had also suffered a lot when she was young, but she had been pampered. Now that she was angry, she also shouted at old lady PEI, "I'll wait. At most, I'll just suffer a little in here. I'd like to see if your PEI family will get worse day by day until you go bankrupt without my guidance."

"You're so silly!"

"Mom!" PEI Jitong quickly stopped his mother and looked at Zhou ruxue in surprise. "Then what do you want?"

Chapter 2629

2629 Using (4)

"Get me out of prison and give me a billion, and I'll tell you where my sister is."

"Zhou ruxue, are you crazy? Our PEI family doesn't even have 1 billion in liquid capital, and you're asking for 1 billion. Why don't you just Rob someone?" Old lady PEI was furious, but she could not do anything to this woman who no longer cared about her.

"I don't care. Is finding my sister more important or 1 billion more important, you guys can choose for yourself!" Zhou ruxue said like a dead pig that wasn't afraid of boiling water.

"Alright. As long as you can help me find your sister, I'll give you 1 billion."

"That's impossible!" Zhou ruxue denied, "I don't have a good relationship with my sister. If you guys found her, would you still think of me? You can get me out now and give me a billion, and I'll tell you where my sister is. Either we drop this matter. Even if I, Zhou ruxue, have to stay in prison for the rest of my life, your PEI family's downfall will accompany me."

"But what if you've already killed your sister and she's only a corpse when you find her? After all, your sister is a living person who gave birth to such a precious and outstanding child, but she has never come to look for him for so many years. It is very likely that she is no longer in this world. What if you tricked us to get you out and give you 1 billion, but you run away with the money, and we get nothing?"

Zhou ruxue:

He didn't expect PEI Jitong to be so smart. Even if he didn't know the existence of another world, he thought of the possibility that Lin Siqian was already dead.

"If that's really the case, can't you give me a better life for the sake of our 17 years of marriage? PEI Jitong, we've been married for 17 years and I've raised your child for 17 years. even if there's no credit, there's still hard work."

"Zhou ruxue!" PEI Jitong interrupted her with an ugly expression, "Everything we have is built on your lies. During those 17 years, I've already let you live very well. You've been lying to me and you owe me. You don't have the right to bargain with me. Seeing that we were once husband and wife, when I really find your sister, I'll get you out regardless of whether she has a grudge against you or not. However, if you're still lying to us and using us, then there's nothing more to say between us."

Originally, PEI Jitong thought that if he could find the Chi family's real daughter-in-law before they found her, it would be best to seduce her. This would be the best ending for the PEI family.

Although doing so would be letting the Chi family down and would incur their hatred, it was also the most convenient way for him to quickly recover the PEI family's decline.

Who would have thought that Zhou ruxue would actually say those words?

After living with Zhou ruxue for so long, PEI Jitong knew her very well even though she didn't understand him.

When he heard Zhou ruxue say "if that's the case," he knew that Chi Yang's mother had most likely been killed by her. otherwise, with nangong nuannuan's methods, how could she have directly sent her to the detention center and not ask about her?

Thus, PEI Jitong's attitude became bad again. "Zhou ruxue, it's impossible for you to leave on your own,"

"You should know that no one will help you now. The PEI family is your only hope. If you miss today, we'll never come again. As you said, without the Chi family's help, the PEI family's future will be very difficult. But don't forget, no matter how bad the PEI family is, they're still a second-rate family. No matter how bad they are, they still have the Shi family behind them. I'll give you one minute. If you don't tell me in one minute, we'll part ways here and live our lives separately."

With that, PEI Jitong no longer spoke and only raised his wrist to time.

zhou ruxue finally came to her senses and felt extremely regretful. But she also knew that she could no longer threaten or use him in this matter.

She could also tell that PEI Jitong really had no feelings for her and their 17-year marriage. He was a wolf in sheep's clothing. He had only wanted to use her from the beginning!

Zhou ruxue's expression also turned cold. She coldly snorted and threatened, "If you want to go, then go. There's no need to wait a minute. if you don't let me out, i naturally have a way to get out. Just don't regret it when the time comes."

Then, under the dumbfounded gazes of the PEI family, Zhou ruxue actually turned around and left.

Although Zhou ruxue was afraid that the PEI family would really turn around and leave, this was the time to attack. Whoever gave in would be the loser.

Although Zhou ruxue didn't understand the real PEI Jitong, she knew that he understood her. Therefore, even though she was very scared and even felt frightened, her whole body was covered in cold sweat, and even her hands were trembling uncontrollably, she still changed from her usual short breath to being arrogant for once.

Sure enough, when PEI Jitong heard Zhou ruxue's domineering words and saw her turn around and leave, he immediately called out to her.

"Ruxue," When her name changed from Zhou ruxue to ruxue, Zhou ruxue knew that she had won and instantly let out a sigh of relief.

However, the older the ginger, the spicier it was.

When Zhou ruxue sighed, PEI Jitong noticed it and squinted his eyes.

However, he still smiled and said, "what other trump cards do you have? you can show them to me." Since we're all helping each other, as long as we can see each other's sincerity, it's not impossible to get you out first and then give you a sum of money. But you have to let me know what other trump cards you have, right?"

"I was hit by nangong nuannuan," Zhou ruxue said. At that time, she was very fierce and looked very ferocious. And I recorded her ferocious look. With this, I can send it to any family. Even if I use it to threaten Nangong Nuannuan, they will let me out and give me money. After all, Nangong Nuannuan had always had a high and mighty image in the eyes of the public. If everyone knew that she actually treated Chi Yang's aunt like this, wouldn't her image be destroyed? The Chi family had been helping Nangong Nuannuan throughout the entire process, and no one had questioned her actions. I don't believe that they won't come to buy it if I play this video."

PEI Jitong's eyes also lit up.

Compared to finding Zhou ruxue's sister, having this video in his hands seemed to be more useful.

PEI Jitong gave a look to the people behind him. They understood what he meant and directly walked in front of Zhou ruxue to hold her.

Zhou ruxue was stunned for a moment before she reacted. Her eyes suddenly widened as she furiously roared, "PEI Jitong, what are you doing? Let me go!"
